Item 8.01. Other Events.

During the second quarter of fiscal 2014, Tyson Foods, Inc. ("Company"), began reporting its International operation as a separate reportable segment as a result of changes to its internal financial reporting to align with previously announced executive leadership changes. The International segment, which was previously included in our Chicken segment, includes the Company's foreign operations primarily related to raising and processing live chickens into fresh, frozen and value-added chicken products in Brazil, China, India and Mexico.

The Company is filing this Current Report on Form 8-K (this "Current Report") to update previously filed historical unaudited financial statements to reflect the change in reported segments. Accordingly, this Current Report contains restated historical Unaudited Financial Statements and Management's Discussion and Analysis of Financial Condition and Results of Operations for the fiscal quarter ended December 28, 2013. Such information relates to Items 1 and 2 of Part I of the Company's Quarterly Report on Form 10-Q for the fiscal quarter ended December 28, 2013. The Company's net income for each of the fiscal quarters in the period ended December 28, 2013 (the "2014 Q'1 10-Q") was not impacted by the change in reported segments.

The Company has not otherwise updated its financial information or business discussion for activities or events occurring after the date this information was presented in its Quarterly Report on Form 10-Q for the fiscal quarter ended December 28, 2013. The outlook, which is included in Part I, Item 2, has not been updated and does not account for the change in reportable segments. You should read this Current Report on Form 8-K in conjunction with the portions of the Company's 2014 Q'1 10-Q that are not specifically revised in Exhibit 99.1, the most recent Quarterly Report on Form 10-Q for the fiscal quarter ended March 29, 2014, any amendments thereto for updated information and for an updated outlook.
