ITEM 1.01. ENTRY INTO A MATERIAL DEFINITIVE AGREEMENT.

Share Purchase Agreement

On July 2, 2014, KVH Media Group Limited (“KMG UK”), an indirectly wholly owned subsidiary of KVH Industries, Inc. (the “Company”), entered into a Share Purchase Agreement with Nigel Cleave to acquire all of the issued share capital of Super Dragon Limited (“SDL”) and Videotel Marine Asia Limited (“VMA”, together with SDL referred to as “Videotel”), for an aggregate purchase price of approximately \$49 million. Videotel is a maritime training services company based in London that produces and distributes training films and eLearning computer-based training courses to commercial customers in the maritime market. The acquisition was consummated on the same day. The purchase price was determined through arm’s-length negotiation and is subject to a potential post-closing adjustment based on the value of the net assets delivered at the closing.

The Share Purchase Agreement contains certain representations, warranties, covenants and indemnification provisions. The Share Purchase Agreement provides that 10% of the purchase price shall be held in escrow for a period of approximately 21 months after the closing in order to satisfy valid indemnification claims that KMG UK may assert for specified breaches of representations, warranties and covenants.

In the Share Purchase Agreement, the Seller agreed to comply with certain confidentiality, non-competition and non-solicitation covenants with respect to the business of Videotel for a period of 18 months after the closing.

Credit Agreement and Notes

On July 1, 2014, the Company entered into (i) a five-year senior credit facility agreement (the “Credit Agreement”) with Bank of America, N.A., as Administrative Agent, and the lenders named from time to time as parties thereto (the “Lenders”), for an aggregate amount of up to \$80,000,000, including a revolving credit facility (the “Revolver”) of up to \$15,000,000 and a term loan (“Term Loan”) of \$65,000,000 to be used for general corporate purposes, including both (A) the refinancing of the Company’s current \$30,000,000 outstanding indebtedness under its existing credit facility and (B) permitted acquisitions, and (ii) revolving credit notes (together, the “Revolving Credit Note”) to evidence the Revolver, (iii) term notes (together, the “Term Note,” and together with the Revolving Credit Note, the “Notes”) to evidence the Term Loan, (iv) a Security Agreement (the “Security Agreement”) required by the Lenders with respect to the grant by the Company of a security interest in substantially all of the assets of the Company in order to secure the obligations of the Company under the Credit Agreement and the Notes, and (v) Pledge Agreements (the “Pledge Agreements”) required by the Lenders with respect to the grant by the Company of a security interest in 65% of the capital stock of each of KVH Industries A/S and KVH Industries U.K. Limited held by the Company in order to secure the obligations of the Company under the Credit Agreement and the Notes. Merrill Lynch, Pierce, Fenner & Smith Incorporated, was the sole lead arranger and sole book runner.

The \$65 million Term Note was executed in connection with the acquisition of all of the outstanding shares of Videotel pursuant to the Share Purchase Agreement, on July 1, 2014. The proceeds of \$35 million were applied toward the payment of a portion of the purchase price for the acquired shares of Videotel, and approximately \$30 million was applied toward the refinancing of the outstanding balance of the Company’s existing credit facility. The Company must make principal repayments on the Term Loan in the amount of approximately \$1,219,000 at the end of each of the first eight three-month periods following the closing; thereafter, the Company must make principal repayments in the amount of \$1,625,000 for each succeeding three-month period until the maturity of the loan on July 1, 2019. On the maturity date, the entire remaining principal balance of the loan, including any future loans under the Revolver, is due and payable, together with all accrued and unpaid interest, penalties and other amounts due and payable under the Credit Agreement. The Credit Agreement contains provisions requiring the mandatory prepayment of amounts outstanding under the Term Loan and the Revolver under specified circumstances, including (i) 100% of the net cash proceeds from certain dispositions to the extent not reinvested in the Company’s business within a stated period, (ii) 50% of the net cash proceeds from stated equity issuances and (iii) 100% of the net cash proceeds from certain receipts of more than \$250,000 outside the ordinary course of business. The prepayments are first applied to the Term Loan, in inverse order of maturity, and then to the Revolver. In the discretion of the Administrative Agent, certain mandatory prepayments made on the Revolver can permanently reduce the amount of credit available under the Revolver.

Loans under the Credit Agreement bear interest at varying rates determined in accordance with the Credit Agreement. Each LIBOR Rate Loan, as defined in the Credit Agreement, bears interest on the outstanding principal amount thereof for each interest period from the applicable borrowing date at a rate per annum equal to the LIBOR Daily Floating Rate or LIBOR Monthly Floating Rate, each as defined in the Credit Agreement, as applicable, plus the Applicable Rate, as defined in the Credit Agreement, and each Base Rate Loan, as defined in the Credit Agreement, bears interest on the outstanding principal amount thereof from the applicable borrowing date at a rate per annum equal to the Base Rate, as defined in the Credit Agreement, plus the Applicable Rate. The Applicable Rate ranges from 1.50% to 2.25%, depending on the Company's Consolidated Leverage Ratio, as defined in the Credit Agreement. The highest Applicable Rate applies when the Consolidated Leverage Ratio exceeds 2.00:1.00. Based on rates in effect on the date hereof, the Company currently expects to make monthly interest payments of approximately \$100,000 with respect to the Term Loan, which interest payments will be subject to adjustment in accordance with the terms of the Credit Agreement. Upon certain defaults, including failure to make payments when due, interest becomes payable at a higher default rate.

Borrowings under the Revolver are subject to the satisfaction of numerous conditions precedent at the time of each borrowing, including the continued accuracy of the Company's representations and warranties and the absence of any default under the Credit Agreement.

The Credit Agreement contains two financial covenants, a Maximum Consolidated Leverage Ratio and a Minimum Consolidated Fixed Charge Coverage Ratio, each as defined in the Credit Agreement. The Maximum Consolidated Leverage Ratio is initially 2.25:1.00 and declines to 1.50:1.00 on December 31, 2014 and to 1.00:1.00 on September 30, 2015. The Minimum Consolidated Fixed Charge Coverage Ratio may not be less than 1.25:1.00 at any time after December 31, 2014. The Credit Agreement imposes certain other affirmative and negative covenants, including without limitation covenants with respect to the payment of taxes and other obligations, compliance with laws, entry into material contracts, creation of liens, incurrence of indebtedness, investments, dispositions, fundamental changes, restricted payments, changes in the nature of the Company's business, transactions with affiliates, corporate and accounting changes, and sale and leaseback arrangements.

The Company's obligation to repay loans under the Credit Agreement could be accelerated upon a default or event of default under the terms of the Credit Agreement, including certain failures to pay principal or interest when due, certain breaches of representations and warranties, the failure to comply with the Company's affirmative and negative covenants under the Credit Agreement, a change of control of the Company, certain defaults in payment relating to other indebtedness, the acceleration of payment of certain other indebtedness, certain events relating to the liquidation, dissolution, bankruptcy, insolvency or receivership of the Company, the entry of certain judgments against the Company, certain events relating to the impairment of collateral or the Lender's security interest therein, and any other material adverse change with respect to the Company.
