PROXY STATEMENT

ANNUAL GENERAL MEETING OF SHAREHOLDERS TO BE HELD ON OCTOBER 10, 2001

The enclosed proxy accompanying this Proxy Statement is solicited by and on behalf of the Board of Directors of Peak International Limited (the "Company")

Edgar Filing: PEAK INTERNATIONAL LTD - Form DEF 14A

for use at the 2001 Annual General Meeting of Shareholders to be held on October 10, 2001, 10:00 a.m. local time, at the offices of the Company, 44091 Nobel Drive, Fremont, CA 94538, or any adjournment thereof. This Proxy Statement and accompanying form of proxy were first mailed on or about September 13, 2001 to shareholders of record (the "Shareholders" or, individually, a "Shareholder") as of August 30, 2001 (the "Record Date"). Pursuant to Bye-law 45 of the Company's Bye-laws, the Board of Directors has also set August 30, 2001 (5:00 p.m. E.S.T.) as the Record Date for the meeting. Only Shareholders whose names and addresses appear in the Register of Members on that date will be entitled to receive notice of and attend and vote at the meeting.

The only outstanding class of voting securities of the Company is its common stock, par value \$0.01 per share (the "Shares"). There were 12,885,329 Shares outstanding as of the close of business on September 6, 2001. On a show of hands, every Shareholder present in person or by proxy shall be entitled to one vote and on a poll, every Shareholder present or by proxy shall be entitled to one vote per fully paid share. The resolutions below shall be decided on a show of hands unless a poll is demanded.

A Shareholder who gives a proxy may revoke it at any time prior to its exercise by filing with the President of the Company a written revocation or a duly executed proxy bearing a later date. The proxy may also be revoked if the Shareholder attends the meeting and elects to vote in person. Proxies that are signed but unmarked will be voted as recommended by the Board of Directors. A Shareholder who is the holder of two or more Shares may appoint more than one proxy to represent him/her and vote on his/her behalf at the meeting.

Two (2) Shareholders entitled to vote and present in person or by proxy representing not less than one-third in nominal value of the total issued voting Shares in the Company will constitute a quorum for the transaction of business at the meeting. The resolutions must be passed by a simple majority of votes cast by Shareholders attending and voting (in person or by proxy) at the meeting. Abstentions and broker "non-votes" are counted for purposes of establishing a quorum. A broker "non-vote" occurs when a nominee (such as a broker) holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power for that particular matter and has not received instructions from the beneficial owner. Abstentions and broker "non-votes" will not affect the voting results, although they will have the practical effect of reducing the number of affirmative votes required to achieve a majority by reducing the total number of shares from which the majority is calculated.

The Company will pay all expenses in connection with this Proxy Statement.

Audited Financial Statements.

Under the Company's Bye-laws and Bermuda law, audited financial statements must be presented to Shareholders at an annual general meeting of Shareholders. To fulfill this requirement, we will present at the annual meeting audited consolidated financial statements for the financial year ended March 31, 2001. Copies of those financial statements are included in our Annual Report on Form 10-K, which is being mailed to Shareholders together with this Proxy Statement. Representatives of Deloitte Touche Tohmatsu are not expected to be present at the meeting.

PROPOSAL NO. 1--Election of Directors

The Company's Board of Directors currently has five (5) members. At each annual general meeting, one-third of the directors for the time being (or, if

Edgar Filing: PEAK INTERNATIONAL LTD - Form DEF 14A

their number is not a multiple of three, the number nearest to but not greater than one-third) must retire from office by rotation. The Chairman of the Board is not, while holding such office, subject to retirement by rotation or taken into account in determining the number of directors to retire each year. A retiring director is eligible for re-election. The directors to retire by rotation include (so far as necessary to ascertain the number of directors to retire by rotation) any director who wishes to retire and not to offer himself for re-election. Any further directors to retire are those subject to retirement by rotation who have been longest in office since their last re-election or appointment. As between persons who became or were last re-elected directors on the same day, those to retire will (unless they otherwise agree among themselves) be determined by lot.

T.L. Li has announced his desire to retire from the Board of Directors immediately prior to the Annual General Meeting. The Board of Directors has nominated and recommends the election of Calvin Reed, who is being re-nominated for election to another term as director and nominated as Chairman of the Board. The Board of Directors has also nominated and recommends the election of Jack Menache, the Company's Vice President of Administration, Secretary and General Counsel, to be a member of the Board of Directors. Mr. Reed's and Mr. Menache's ages, business background and tenure as directors and/or officers of the Company are set forth under "Directors and Executive Officers" below. They will be elected to serve until their respective successors are elected and qualified. If, at the time of the meeting, either of them should be unable to or decline to serve, the discretionary authority provided in the proxy will be exercised to vote for a substitute chosen by the Board of Directors. Mr. Reed and Mr. Menache have consented to serve, if elected, and the Company has no reason to believe that any substitute nominees will be required.

Adoption of this proposal requires the affirmative vote of a majority of the votes cast at the meeting by the Shareholders entitled to vote thereon.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR THE RE-ELECTION OF CALVIN REED AND THE ELECTION OF JACK MENACHE AS DIRECTORS.

PROPOSAL NO. 2--Remuneration of Directors

The Board of Directors also seeks Shareholder approval to authorize the Board of Directors to fix the remuneration for the directors with respect to their service to the Company as directors.

Adoption of this proposal requires the affirmative vote of a majority of the votes cast at the meeting by the Shareholders entitled to vote thereon.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR THE PROPOSAL TO AUTHORIZE THE BOARD OF DIRECTORS TO FIX THE REMUNERATION FOR THE DIRECTORS.

PROPOSAL NO. 3--Financial Statements for Fiscal 2001

The Board of Directors requests the Shareholders to receive and approve the financial statements and the reports of the directors and the independent auditors of the Company for the financial year ended March 31, 2001.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR THE PROPOSAL TO RECEIVE THE FINANCIAL STATEMENTS AND REPORTS OF THE DIRECTORS AND INDEPENDENT AUDITORS OF THE COMPANY.

PROPOSAL NO. 4--Appointment of Independent Auditors

Edgar Filing: PEAK INTERNATIONAL LTD - Form DEF 14A

The Board of Directors has recommended the appointment of the firm of Arthur Andersen & Co. as independent auditors for the Company for the financial year ending March 31, 2002. The Company has been advised by such firm that they will be independent auditors with respect to the Company within the meaning of the Securities Act administered by the Securities and Exchange Commission and the requirements of the Independence Standards Board. Deloitte Touche Tohmatsu were the independent auditors for the Company for the financial year ended March 31, 2001.

Adoption of this proposal requires the affirmative vote of a majority of the votes cast at the meeting by the Shareholders entitled to vote thereon.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR THE APPOINTMENT OF THE FIRM OF ARTHUR ANDERSEN & CO. AS THE COMPANY'S INDEPENDENT AUDITORS.

PROPOSAL NO. 5--Remuneration of Auditors

The Board of Directors also seeks Shareholder approval to authorize the Board of Directors to fix the remuneration for the Company's independent auditors with respect to their service to the Company for the financial year ending March 31, 2002.

Adoption of this proposal requires the affirmative vote of a majority of the votes cast at the meeting by the Shareholders entitled to vote thereon.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR THE PROPOSAL TO AUTHORIZE THE BOARD OF DIRECTORS TO FIX THE REMUNERATION FOR THE COMPANY'S INDEPENDENT AUDITORS FOR FISCAL 2002.

PROPOSAL NO. 6--Increase in the Number of Shares Reserved for Issuance Under the 1998 Share Option Plan

The Board of Directors approved an increase in the number of Shares reserved for issuance under the Company's 1998 Share Option Plan from 2,200,000 to 2,450,000. The Board of Directors believes that the increase is in the best interests of the Company because it will increase the Company's ability to attract and retain employees by providing them with appropriate equity incentives. This plan plays an important role in the Company's efforts to attract and retain employees of outstanding ability. The following is a summary of the principal features of the plan.

Shares Available for Awards and Administration of the Plan.

Subject to certain adjustments, if approved, the number of Shares with respect to which awards may be granted under the 1998 Share Option Plan (referred to in this Proposal No. 6 as the "Plan") shall be 2,450,000. No participant may receive awards under the Plan in any calendar year that relate to more than 200,000 Shares. The Plan shall be administered by the Compensation and Stock Option Committee, which shall be authorized to interpret the Plan, to establish, amend and rescind any rules and regulations relating to the Plan, and to make any other determinations that it deems necessary or desirable for the administration of the Plan. Subject to applicable law, the Compensation and Stock Option Committee shall be permitted to delegate its duties and powers under the Plan to designated individuals.

Adjustment.

In the event that the Compensation and Stock Option Committee determines that any dividend or other distribution (whether in the form of cash, Shares, other securities, or other property) or any alteration in the

capital structure of the Company, including but not limited to any recapitalization, stock split, subdivision, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, or exchange of Shares or other securities of the Company, issuance of warrants or other rights to subscribe for or acquire Shares or other securities of the Company, or other similar corporate transaction or event affects the Shares such that an adjustment is determined by the Compensation and Stock Option Committee to be appropriate in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan, then the Compensation and Stock Option Committee shall, in such manner as it may deem equitable, adjust any or all of (i) the number of Shares or other securities of the Company (or number and kind of other securities or property) with respect to which awards may be granted, (ii) the number of Shares or other securities of the Company which are the subject of outstanding awards, and (iii) the grant or exercise price with respect to any award, or, if deemed appropriate by the Compensation and Stock Option Committee, make provision for a cash payment to the holder of an outstanding award; provided that, no adjustment to the grant or exercise price of an award shall be made which would result in an exercise or grant price of less than the par value of a Share.

Eligibility.

Any director and employee shall be eligible to participate. As of August 31, 2001, the Company had approximately five directors and 150 employees who were eligible under the 1998 Share Option Plan.

Share Options.

Subject to the provisions of the Plan, the Compensation and Stock Option Committee shall have sole, absolute and complete authority to determine the directors or the employees to whom options shall be granted, the number of Shares to which each option relates and the conditions and limitations applicable to the exercise of any option. The Compensation and Stock Option Committee shall have the authority to grant Incentive Stock Options, or to grant Non-Qualified Stock Options, or to grant both types of options. In the case of Incentive Stock Options, the terms and conditions of such grants shall be subject to and comply with such rules as may be prescribed by Section 422 of the Code, as from time to time amended, and any regulations implementing such statute.

The Compensation and Stock Option Committee in its sole and absolute discretion will establish the exercise price at the time each option is granted which in any event shall not be less than the par value of a Share and provided that no option which is intended to be an Incentive Stock Option may have an exercise price that is less than the fair market value of the underlying Shares on the date of grant of such option. As of August 31, 2001, the closing price of the Company's Common Stock, as reported on the NASDAQ National Market was \$6.35 per Share. Each option shall be exercisable at such times and subject to such terms and conditions as the Compensation and Stock Option Committee may, in its sole and absolute discretion, specify in the applicable award agreement or thereafter. The Committee may impose such conditions with respect to the exercise of options, including without limitation, any relating to the application of United States federal or state securities laws, as it may deem necessary or advisable.

Termination or Suspension of Employment.

Edgar Filing: PEAK INTERNATIONAL LTD - Form DEF 14A

Unless the Compensation and Stock Option Committee shall have provided otherwise, if the participant's employment with the Company or its affiliates or his appointment as a director is terminated for any reason other than death or permanent and total disability, the participant shall have the right to exercise any option following such termination of employment or appointment and prior to the date which falls 90 days after the date of such termination of employment or appointment to the extent such option was exercisable at the date of such termination of employment or appointment and shall not have been exercised. But in no event shall such option be exercisable later than the expiration date for such option set forth in the award agreement. Unless the Compensation and Stock Option Committee shall have provided otherwise, if the participant's employment with the Company or its affiliates or the participant's appointment as a director is terminated by reason of death or permanent and total disability, the unvested portion of any options shall terminate and expire on the date of such termination of employment and the participant's successor, in the case of the participant's death, or otherwise the

4

participant shall have the right to exercise any option following such termination of employment or appointment to the extent it was exercisable at the date of such termination of employment or appointment and shall not have been exercised, but in no event shall such option be exercisable later than the expiration date for the option set forth in the applicable award agreement.

Amendment and Termination.

Subject to certain restrictions in the Plan, the Board may amend, alter, suspend, discontinue, or terminate the Plan or any portion thereof at any time. The Compensation and Stock Option Committee may also waive any conditions or rights under, amend any terms of, or alter, suspend, discontinue, cancel or terminate, any award provided that if such waiver, amendment, alteration, suspension, discontinuance, cancellation or termination would adversely affect the number of Shares of any award or the amount payable by a participant upon exercise of any granted option, it shall not be effective without the consent of the affected participant. The Compensation and Stock Option Committee may cause any award granted to be cancelled in consideration of a cash payment or alternative award made to the holder of such cancelled award equal in value to the fair market value as at the original date of grant of the cancelled award.

Nontransferability.

No award or option granted under the Plan may be assigned, alienated, pledged, attached, sold or otherwise transferred or encumbered by a participant, in whole or in part, except pursuant to a validly made will of the participant or the laws of inheritance of property.

Taxes and Withholding.

Generally, all taxes (including income tax) arising from the exercise of any option granted to any participant under the Plan will be borne by that participant. A participant may be required to pay to the Company (or an affiliate) and the Company (or an affiliate) may withhold from any award or from any compensation or other amount owing to a participant the amount of any applicable withholding taxes.

No Right to Employment.

The grant of an award shall not be construed as giving a participant the

Edgar Filing: PEAK INTERNATIONAL LTD - Form DEF 14A

right to be retained in the employ of the Company or one of its affiliates. The Company or an affiliate may at any time dismiss a participant from employment, free from any liability or any claim under the Plan or any award and options granted thereunder. The terms of employment of a participant shall not be affected by his participation in the Plan.

No Rights as Shareholder.

Subject to the provisions of the applicable award, no participant or holder or beneficiary of any award shall have any rights as a shareholder with respect to any Shares to be distributed under the Plan until he or she has become the registered holder of such Shares. Shares allotted and issued on exercise of an option shall be subject to all provisions of the memorandum of association and bye-laws of the Company, and shall rank in full for all entitlements, including dividends or other distributions declared or recommended in respect of the then existing Shares.

Term of the Plan.

The Plan has been effective since July 27, 1998. No award may be granted under the Plan after July 27, 2008.

Summary of U.S. Federal Income Tax Consequences.

The following summary is intended only as a general guide as to the U.S. federal income tax consequences under current law and does not attempt to describe all possible federal or other tax consequences of such participation or tax consequences based on particular circumstances.

5

Incentive Stock Options.

A participant recognizes no taxable income for regular income tax purposes as a result of the grant or exercise of an incentive stock option qualifying under Section 422 of the Code. Participants who neither dispose of their Shares within two years following the date the option was granted nor within one year following the exercise of the option will normally recognize a capital gain or loss equal to the difference, if any, between the sale price and the purchase price of the Shares. If a participant satisfies such holding periods upon a sale of the Shares, the Company will not be entitled to any deduction for federal income tax purposes. If a participant disposes of Shares within two years after the date of grant or within one year after the date of exercise (a "disqualifying disposition"), the difference between the fair market value of the Shares on the determination date (see discussion under "Nonstatutory Stock Options" below) and the option exercise price (not to exceed the gain realized on the sale if the disposition is a transaction with respect to which a loss, if sustained, would be recognized) will be taxed as ordinary income at the time of disposition. Any gain in excess of that amount will be a capital gain. If a loss is recognized, there will be no ordinary income, and such loss will be a capital loss. Any ordinary income recognized by the participant upon the disqualifying disposition of the Shares generally should be deductible by the Company for federal income tax purposes, except to the extent such deduction is limited by applicable provisions of the Code.

The difference between the option exercise price and the fair market value of the Shares on the determination date of an incentive stock option (see discussion under "Nonstatutory Stock Options" below) is treated as an adjustment in computing the participant's alternative minimum taxable income and may be subject to an alternative minimum tax which is paid if such tax

Edgar Filing: PEAK INTERNATIONAL LTD - Form DEF 14A

exceeds the regular tax for the year. Special rules may apply with respect to certain subsequent sales of the Shares in a disqualifying disposition, certain basis adjustments for purposes of computing the alternative minimum taxable income on a subsequent sale of the Shares and certain tax credits which may arise with respect to participants subject to the alternative minimum tax.

Nonstatutory Stock Options.

Options not designated or qualifying as incentive stock options will be nonstatutory stock options having no special tax status. A participant generally recognizes no taxable income as the result of the grant of such an option. Upon exercise of a nonstatutory stock option, the participant normally recognizes ordinary income in the amount of the difference between the option exercise price and the fair market value of the Shares on the determination date (as defined below). If the participant is an employee, such ordinary income generally is subject to withholding of income and employment taxes. The "determination date" is the date on which the option is exercised unless the Shares are subject to a substantial risk of forfeiture (as in the case where a participant is permitted to exercise an unvested option and receive unvested Shares which, until they vest, are subject to the Company's right to repurchase them at the original exercise price upon the participant's termination of service) and are not transferable, in which case the determination date is the earlier of (i) the date on which the Shares become transferable or (ii) the date on which the Shares are no longer subject to a substantial risk of forfeiture. If the determination date is after the exercise date, the participant may elect, pursuant to Section 83(b) of the Code, to have the exercise date be the determination date by filing an election with the Internal Revenue Service no later than 30 days after the date the option is exercised. Upon the sale of stock acquired by the exercise of a nonstatutory stock option, any gain or loss, based on the difference between the sale price and the fair market value on the determination date, will be taxed as capital gain or loss. No tax deduction is available to the Company with respect to the grant of a nonstatutory stock option or the sale of the stock acquired pursuant to such grant. The Company generally should be entitled to a deduction equal to the amount of ordinary income recognized by the participant as a result of the exercise of a nonstatutory stock option, except to the extent such deduction is limited by applicable provisions of the Code.

Adoption of this proposal requires the affirmative vote of a majority of the votes cast at the meeting by the Shareholders entitled to vote thereon.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR THE PROPOSAL TO INCREASE THE NUMBER OF SHARES RESERVED FOR ISSUANCE UNDER THE COMPANY'S 1998 SHARE OPTION PLAN FROM 2,200,000 TO 2,450,000.

6

PROPOSAL NO. 7--Increase in the Number of Shares Reserved for Issuance Under the 2000 Employee Stock Purchase Plan

The Board of Directors approved an increase in the number of Shares reserved for issuance under the Company's 2000 Employee Stock Purchase Plan from 200,000 to 400,000. The following is a summary of the principal features of the plan.

Shares Subject to and Administration of the Plan.

If approved, the total number of Shares which may be issued under the 2000 Employee Stock Purchase Plan (referred to in this Proposal No. 7 as the "Plan") will be 400,000 Shares, which may consist, in whole or in part, of unissued Shares, treasury Shares or Shares purchased on the open market. The Plan shall

Edgar Filing: PEAK INTERNATIONAL LTD - Form DEF 14A

be administered by the Compensation and Stock Option Committee, which shall be authorized to interpret the Plan, to establish, amend and rescind any rules and regulations relating to the Plan, and to make any other determinations that it deems necessary or desirable for the administration of the Plan. Subject to applicable law, the Compensation and Stock Option Committee shall be permitted to delegate its duties and powers under the Plan to designated individuals.

Offering Periods.

Offering periods shall be three months long and commence on a quarterly basis. The first offering period under the Plan commenced on January 1, 2001 and ended on March 31, 2001. The final offering period is to commence on September 1, 2010 and end on December 31, 2010. The Compensation and Stock Option Committee may, however, change the duration of any offering period.

Eligibility.

Any individual who is an employee of the Company or of a participating subsidiary or of its parent is eligible to participate in the Plan, except those employees: (i) whose customary employment is twenty (20) hours or less per week; (ii) whose customary employment is for not more than five (5) months in any calendar year; (iii) who, if granted an option would immediately thereafter own Shares possessing five percent (5%) or more of the total combined voting power or value of all classes of stock of the employer corporation or of its parent or subsidiary; and (iv) who have been employed less than three months. As of August 31, 2001, the Company and its affiliates had approximately 150 employees who were eligible under the 2000 Employee Stock Purchase Plan.

Participation in the Plan.

The Compensation and Stock Option Committee shall set forth procedures pursuant to which participants may elect to participate in a given offering period under the Plan. Once a participant elects to participate in an offering period, such employee shall automatically participate in all subsequent offering periods, unless the employee makes a new election or withdraws from an offering period or from the Plan.

Grant of Option on Enrollment.

Each participant who elects to participate in a given offering period shall be granted an option to purchase a number of Shares equal to the lesser of: (i) the maximum number of Shares that a participant may purchase on any given purchase date as determined by the Compensation and Stock Option Committee, or (ii) the number determined by dividing the amount accumulated in such employee's payroll deduction account during such offering period by the purchase price. The purchase price at which a Share will be sold for a given offering period shall be eighty-five percent (85%) of the lesser of the fair market value of a Share on the offering date; or the fair market value of a Share on the purchase date. As of August 31, 2001, the closing price of the Company's Common Stock, as reported on the NASDAQ National Market was \$6.35 per Share.

Payment of Purchase Price; Changes in Payroll Deductions; Issuance of Shares.

Subject to certain limitations, payroll deductions shall be made on each day that participants are paid during an offering period with respect to all participants who elect to participate in such offering period. The deductions

Edgar Filing: PEAK INTERNATIONAL LTD - Form DEF 14A

shall be made as a percentage of the participant's compensation in one percent (1%) increments, from one percent (1%) to twenty percent (20%) of such participant's compensation, as elected by the participant; provided, however, that no participant shall be permitted to purchase Shares under the Plan with an aggregate fair market value in excess of \$25,000 for anyone calendar year. For a given offering period, payroll deductions commence on the offering date and end on the related purchase date unless sooner altered or terminated as provided in the Plan.

A participant shall not change the rate of payroll deductions once an offering period has commenced. The Compensation and Stock Option Committee shall specify procedures by which a participant may increase or decrease the rate of payroll deductions for subsequent offering periods.

All payroll deductions made with respect to a participant shall be credited to his or her payroll deduction account under the Plan and shall be deposited with the general funds of the Company, and no interest shall accrue on the amounts credited to such payroll deduction accounts. All payroll deductions received or held by the Company may be used by the Company for any corporate purpose, and the Company shall not be obligated to segregate such payroll deductions. A participant may not make any separate cash payment into his or her payroll deduction account, and payment for Shares purchased under the Plan may not be made in any form other than by payroll deduction.

On each purchase date, the Company shall exercise all options granted hereunder by applying all funds then in the participant's payroll deduction account to purchase Shares (in whole and/or fractional Shares, as the case may be) pursuant to the option granted on the offering date. In the event that the number of Shares to be purchased by all participants in one offering period exceeds the number of Shares then available for issuance under the Plan, the Company shall make a pro rata allocation of the remaining Shares in as uniform a manner as shall be practicable and as the Compensation and Stock Option Committee shall determine to be equitable and all funds not used to purchase Shares on the purchase date shall be returned, without interest, to the participant.

As soon as practicable following the end of each offering period, the number of Shares purchased by each participant shall be deposited into an account established in the participant's name with a stock brokerage or other financial services firm designated by the Compensation and Stock Option Committee. Unless otherwise permitted by the Compensation and Stock Option Committee, dividends that are declared on the Shares held in such account shall be reinvested in whole or fractional Shares.

The applicable holding period for U.S. residents is currently set forth in the Internal Revenue Code of 1986, as amended (the "Code") as two years after the date of the option grant and one year after the receipt of Shares into the designated brokerage account. Non-U.S. residents may not be subject to the Code, but are subject to any applicable local laws, rules, or regulations. Once the applicable holding period has been satisfied with respect to a participant's Shares, the participant may: (i) transfer his or her Shares to another brokerage account of his or her choosing or (ii) request in writing that a stock certificate be issued to him or her with respect to the whole Shares in his or her designated brokerage account and that any fractional Shares remaining in such account be paid in cash to him or her. The Compensation and Stock Option Committee may require that the participant bear the cost of transferring such Shares or issuing certificates for such Shares. The participant shall have no interest or voting right in the Shares covered by his or her option until the participant's Shares shall have been deposited in the participant's account with the designated brokerage firm.

Withdrawal.

Each participant may withdraw from an offering period or from the Plan under certain terms and conditions. Upon a participant's withdrawal from an offering period or from the Plan, all accumulated payroll deductions in the payroll deduction account shall be returned, without interest, to such participant, and he or she shall not be

8

entitled to any Shares on the purchase date or thereafter with respect to the offering period in effect at the time of such withdrawal. Such participant shall be permitted to participate in subsequent offering periods pursuant to such terms and conditions established by the Compensation and Stock Option Committee.

Termination of Employment.

A participant shall cease to participate in the Plan upon his or her termination of employment for any reason (including, but not limited to, retirement, death or disability). In such event, all payroll deductions credited to the participant's payroll deduction account shall be returned, without interest, to such participant or to his or her designated beneficiary, as the case may be, and such participant or beneficiary shall have no future rights in any unexercised options under the Plan.

Adjustments Upon Certain Events.

In the event of any change in the outstanding Shares by reason of any Share dividend or split, reorganization, recapitalization, merger, consolidation, spin-off, combination or exchange of Shares or other corporate exchange, or any distribution to Shareholders of Shares other than regular cash dividends, the Compensation and Stock Option Committee in its sole discretion and without liability to any person may make such substitution or adjustment, if any, as it deems to be equitable, as to the number or kind of Shares or other securities issued or reserved for issuance pursuant to the Plan, the purchase price and/or any other affected terms of such options. In the event of a change in control, the Compensation and Stock Option Committee in its sole discretion and without liability to any person may take such actions, if any, as it deems necessary or desirable with respect to any option as of the date of the consummation of the change in control.

Nontransferability.

No options granted under the Plan shall be transferable or assignable by the participant otherwise than by will or by the laws of descent and distribution, and options shall only be exercisable, during the participant's lifetime, by the participant.

No Right to Employment.

The granting of an option under the Plan shall impose no obligation on the Company or any subsidiary to continue the employment of a participant and shall not lessen or affect the Company's or any subsidiary's right to terminate the employment of such participant.

Section 423 of the Code.

The Plan is intended to qualify as an "employee stock purchase plan" within the meaning of Section 423 of the Code, or any successor section thereto. Accordingly, all participants shall have the same rights and privileges under

Edgar Filing: PEAK INTERNATIONAL LTD - Form DEF 14A

the Plan, subject to any permitted exceptions.

Amendment or Termination of the Plan.

The Plan shall continue until the earliest to occur of: (i) termination of the Plan by the Board of Directors, (ii) issuance of all of the Shares reserved for issuance under the Plan and (iii) December 31, 2010. The Board of Directors may amend, alter or discontinue the Plan, but no amendment, alteration or discontinuation shall be made which: (i) without the approval of the Shareholders of the Company, would increase the total number of Shares reserved for the purposes of the Plan (except as described under "Adjustments Upon Certain Events" above), or (ii) without the consent of a participant, would impair any of the rights or obligations under any option theretofore granted to such participant under the Plan; provided, however, that the Compensation and Stock Option Committee may amend the Plan as necessary to permit the granting of options meeting the requirements of the Code or other applicable laws.

9

Tax Withholding.

A participant's employer may withhold from such participant such withholding taxes as may be required by federal, state, local or other law, or to otherwise require the participant to pay such withholding taxes. Unless the Compensation and Stock Option Committee specifies otherwise, a participant may elect to pay a portion or all of such withholding taxes by delivery of Shares or having Shares withheld by the Company from the Shares otherwise to be received. The Shares so delivered or withheld shall have an aggregate fair market value equal to the amount of such withholding taxes.

Summary of U.S. Federal Income Tax Consequences.

The following is intended only as a general guide as to the U.S. federal income tax consequences under current law and does not attempt to describe all possible federal and other tax consequences of such participation or tax consequences based on particular circumstances.

The 2000 Employee Stock Purchase Plan is intended to qualify as an "employee stock purchase plan" within the meaning of Section 423 of the Internal Revenue Code.

Tax Treatment of the Participating Employee. Participating employees will not recognize income for federal income tax purposes either upon enrollment in the Plan or upon the purchase of Shares. All tax consequences are deferred until a participating employee sells the Shares, disposes of the Shares by gift or dies.

If Shares are held for more than one year after the date of purchase and more than two years from the beginning of the applicable offering period, or if the participating employee dies while owning the Shares, the participating employee will realize ordinary income on a sale, or a disposition by way of gift or upon death, to the extent of the lesser of: (1) 15% of the fair market value of the Shares at the beginning of the offering period; or (2) the actual gain (the amount by which the market value of the Shares on the date of sale, gift or death exceeds the purchase price). All additional gain upon the sale of Shares will be treated as long-term capital gain. If the Shares are sold and the sale price is less than the purchase price, there will be no ordinary income and the participating employee will have a long-term capital loss for the difference between the sale price and the purchase price.

Edgar Filing: PEAK INTERNATIONAL LTD - Form DEF 14A

If the Shares are sold or are otherwise disposed of including by way of gift, but not death, bequest or inheritance, within either the one-year or the two-year holding periods described above, which is referred to as a disqualifying disposition, the participating employee will realize ordinary income at the time of sale or other disposition, taxable to the extent that the fair market value of the Shares at the date of purchase is greater than the purchase price. This excess will constitute ordinary income (not currently subject to withholding) in the year of the sale or other disposition even if no gain is realized on the sale or if a gratuitous transfer is made. The difference, if any, between the proceeds of sale and the aggregate fair market value of the Shares at the date of purchase will be a capital gain or loss. Capital gains may be offset by capital losses, and up to \$3,000 of capital losses may be used annually against ordinary income.

Tax Treatment of the Company. The Company will be entitled to a deduction in connection with the disposition of Shares acquired under the Plan only to the extent that the participating employee recognizes ordinary income on a disqualifying disposition of the Shares. The Company will treat any transfer of record ownership of Shares as a disposition, unless the Company is notified to the contrary. In order to enable the Company to learn of disqualifying dispositions and ascertain the amount of the deductions to which the Company is entitled, participating employees will be required to notify the Company in writing of the date and terms of any disposition of Shares purchased under the Plan.

Adoption of this proposal requires the affirmative vote of a majority of the votes cast at the meeting by the Shareholders entitled to vote thereon.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR THE PROPOSAL TO INCREASE THE NUMBER OF SHARES RESERVED FOR ISSUANCE UNDER THE COMPANY'S 2000 EMPLOYEE STOCK PURCHASE PLAN FROM 200,000 TO 400,000.

with the applicable stock option plan. The chairpersons of the Compensation and Stock Option Committee and Audit Committee are granted an additional 2,000 Share options. Chairman T.L. Li and directors who are also employees of the Company or its affiliates receive no remuneration for serving as directors. Employment Contracts, Termination of Employment and Change-in-Control Arrangements.

Calvin R. Reed. Effective April 22, 1999, the Company entered into an employment agreement with Mr. Reed, providing that beginning on that date, he would serve as President and Chief Executive Officer of the Company for an initial term of three years, to be automatically extended by one year on an annual basis unless one party notifies the other of termination. The agreement contains standard provisions relating to benefits, intellectual property, confidentiality, and restrictions on competitive activities and solicitation of Company employees and customers. Pursuant to this agreement, Mr. Reed is entitled to an annual base salary of \$360,000 per year, which may be increased as determined by the Board of Directors, with a yearly bonus in the amount of \$45,000. Mr. Reed has been granted three options to purchase shares of common stock of the Company. The first option is for the purchase of 150,000 shares of common stock at a per share exercise price of \$3 21/32, the second option is for the purchase of 150,000 shares of common stock at a per share exercise price of \$7.00, and the third option is for the purchase of 100,000 shares of common stock at a per share exercise price of \$10.00. The options vest over ten years from the date of grant in twelve equal, quarterly installments, provided that no options will vest within the first two years of the agreement. After the second anniversary of the agreement, in all cases of termination except those occurring within two years of a change in control, Mr. Reed's options shall remain exercisable for a period of one year. Should Mr. Reed be terminated without cause or resign (as a result a reduction in pay or title, the Company's material breach of the employment contract, a relocation of Mr. Reed's offices outside of Southern California), within two years of a change of control or liquidation of the Company, all of Mr. Reed's options shall vest immediately and remain exercisable for a period of one year and he shall receive a severance payment equal to two times his current base salary if termination occurs in the first year of the contract, and three times his current base salary if termination happens thereafter. Mr. Reed is also entitled to a severance payment of three times his current base salary if he is terminated by the Company without cause.

Jack Menache, Jerry Mo, C.Y. Ng, Melvern Slates and John Pylant. Effective October 1, 2000, the Company entered into identical three year employment agreements with Mr. Menache, Mr. Mo, Mr. Ng, Mr. Slates, and Mr. Pylant. These agreements contain standard provisions relating to confidentiality and restrictions on competitive activities and solicitation of Company employees and customers. Each agreement also calls for a lump-sum severance payment in an amount equal to 12 months base salary and unused vacation pay, and the vesting of all stock options which would have vested within 18 months of the date of termination with such options remaining exercisable for one year should the employee be terminated without cause or resign because of a reduction in base salary or material adverse change in employment duties. If termination without cause or resignation (resulting from a reduction in base salary or a materially adverse change in employment duties) occurs in anticipation of or within two years following a change in control or liquidation of the Company, then all stock options shall immediately vest in full and remain exercisable for a period of one year.

The Audit Committee operates under a written charter adopted by the Board of Directors.

Edgar Filing: PEAK INTERNATIONAL LTD - Form DEF 14A

The Audit Committee recommends to the Board of Directors, subject to shareholder appointment, the selection of an accounting firm to be engaged as the Company's independent accountants. The independent accountants are responsible for performing an independent audit of the Company's financial statements in accordance with generally accepted auditing standards and to issue a report thereon. Management is responsible for our internal controls and the financial reporting process. The Audit Committee is responsible for monitoring and overseeing these processes.

The Audit Committee has reviewed and discussed the Company's audited financial statements with management and with the Company's independent auditors. In addition, the Audit Committee has received the written disclosures and letter from the Company's independent auditors in accordance with the Independence Standards Board Standard No. 1, and has discussed with the Company's independent auditors their independence. Based on these reviews and discussions, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the financial year ended March 31, 2001.

Compensation and Stock Option Committee Report.

The Compensation and Stock Option Committee of the Board of Directors of the Company is comprised of non-employee directors Douglas Broyles and William Snyder. The Compensation and Stock Option Committee reviews and makes recommendations concerning base salaries and incentive compensation for all officers of the Company and authorizes the grant of stock options.

The Company's executive compensation program is generally designed to align the interests of executives with the interests of shareholders and to reward executives for achieving corporate objectives. The executive compensation program is also designed to attract and retain the services of qualified executives. Executive compensation currently consists of a base salary, bonuses, stock options, and other compensation and benefit programs generally available to other employees.

Base salary levels for the Chief Executive Officer ("CEO") and other executive officers are intended to compensate executives competitively. Base salaries are determined on an individual basis by evaluating each executive's scope of responsibility, past performance, prior experience and compensation levels in relevant markets for comparable talent. Base salaries for executives are reviewed from time to time by the Committee. The Executive Compensation Plan provided for bonuses to the executive officers based on revenue and earnings per share growth in excess of certain minimums. For financial year ended March 31, 2001, the Chief Executive Officer's target bonus was 4% of the Company's pretax profits in excess of \$1.09 per share, payable quarterly based on forecasted results. The Plan also provided for 6% of pretax profits in excess of \$1.09 per share to be paid to the remaining executive officers on the same terms. An additional 5% of such pretax profits was allocated to other officers and employees of the Company. On June 7, 2000, the CEO's salary was set at \$450,000 per year. Effective September 1, 2001, the salaries of Messrs. Reed, Menache and Mo have been reduced by 15% subject to payment in the form of bonuses if the Company meets certain revenue and profitability goals in

Edgar Filing: PEAK INTERNATIONAL LTD - Form DEF 14A

financial year 2002. On June 7, 2000, Mr. Reed was granted a stock option for 98,000 shares and an aggregate of 306,000 shares were granted to all other executive officers. The options were granted at fair market value on the date of grant, vest quarterly over three years and have a term of four years. In addition, one executive officer was granted an option for 70,000 shares based on achievement.

The Company provides long-term equity incentives to its executive officers and to other employees through the grant of stock options under its stock option plans. The purpose of granting stock options is to create a direct link between compensation and the long-term performance of the Company. Stock options are generally granted at an exercise price equal to 100% of the fair market value on the date of grant, have a four-year term and generally vest in quarterly installments over thirty-six months. Because the receipt of value by an executive officer under a stock option is dependent upon an increase in the price of the Company's common stock, this portion of the executives' compensation is directly aligned with an increase in shareholder value. The primary stock options granted to executive officers are generally in conjunction with the executive officer's acceptance of employment with the Company. When determining the number of stock options to be awarded to an executive officer, the Committee considers the executive's current contribution to the Company's performance, the executive officer's anticipated contribution in meeting the Company's long-term goals and by comparisons to formal and informal surveys of stock option grants made by other companies. The Committee also reviews stock option levels for executive officers each financial year in light of long-term objectives and each executive's current and anticipated contributions to the Company's future performance.

The Committee has considered the potential impact of Section 162(m) of the Internal Revenue Code on the compensation paid to the Company's executive officers. Section 162(m) limits the tax deductibility by a corporation of compensation in excess of \$1 million paid to its CEO and any other of its four most highly compensated executive officers. However, compensation which qualifies as "performance based" is excluded from the \$1 million limit if, among other requirements, the compensation is payable only upon attainment of pre-established, objective performance goals under a plan approved by the corporation's shareholders. In general, it is the Committee's policy to qualify, to the maximum extent possible, its executives' compensation for deductibility under applicable tax laws.

19

The Committee does not presently expect total cash compensation to exceed the \$1 million limit for any individual executive officer of the Company. After consideration of the requirements of Section 162(m), the Compensation and Stock Option Committee believes that stock option grants to date meet the requirement that such grants be "performance based."

Mr. T.L. Li, our Chairman of the Board of Directors, through his beneficial ownership of all of the outstanding shares of Luckygold, is the single largest shareholder of the Company. Mr. Li owns approximately 40% of the outstanding shares of QPL Holdings, a company incorporated under Bermuda law and listed on The Hong Kong Stock Exchange. QPL Holdings is a holding company of a group of semiconductor companies which includes QPL, QPL (U.S.) Inc. (f.k.a. Worltek International Limited) and Talent Focus Industries Limited and formerly included ASAT and Newport Wafer-Fab Limited. This group provides a wide range of outsourcing services, including leadframe manufacturing, IC assembly and testing and silicon wafer fabrication. In the leadframe manufacturing area, QPL Holdings manufactures both etched leadframes through QPL as well as stamped leadframes through Talent Focus Industries Limited, both based in Hong Kong. In the IC assembly and test area, QPL Holdings acquired ASAT in Hong Kong in 1989 and ASAT S.A. in France in 1993, and founded ASAT (U.K.) Ltd. in the United Kingdom in 1993. In July 1999, the QPL group sold ASAT (U.K.) Ltd. to its management team and in October 1999, the QPL group sold 50% of ASAT. QPL (U.S.) Inc., a United States subsidiary of QPL Holdings, acts as sales agent for both QPL and ASAT, and provides IC testing services. In the wafer foundry area, QPL Holdings acquired Newport Wafer-Fab Limited in the United Kingdom through a two-step acquisition in 1992 and 1995. The QPL group sold Newport Wafer-Fab Limited to its management team in August 1999. Up until May 30, 1999, Mr. Li also owned 100% of the outstanding shares of EEMS Italia S.p.A. ("EEMS"), which acted as our sales agent in Europe until December 1998. Mr. Li has since sold his entire interest in EEMS.

A portion of our sales have been made to companies controlled by Mr. T.L. Li, which include QPL and other subsidiaries of QPL Holdings and formerly included ASAT. Our product sales to the subsidiaries of QPL Holdings totaled approximately \$2.7 million in the year ended March 31, 2001, which represented approximately 3.1% of our net sales. QPL and ASAT are our customers and may, from time to time, engage in transactions with us that are material to our results of operations.

In the United States, during the year ended March 31, 1999, we purchased used trays and reels collected by The SemiCycle Foundation, a Texas non-profit corporation which is a publicly supported organization exempt from federal income tax, as part of its recycling program. At the same time, we leased office space and provided certain administrative and accounting services to The SemiCycle Foundation and, in the past advanced loans to such foundation to help meet its cash requirements. In August 1999, we terminated our relationship with the SemiCycle Foundation.

Mr. Steve R. Deszo, our former Vice President responsible for United States operations, serves as a director of The SemiCycle Foundation.

We review related party transactions on an ongoing basis and utilize the Audit Committee to review potential conflicts of interest where appropriate. Our policy is to conduct transactions with our affiliates, including the companies in QPL Holdings, on an arms-length basis.

The comparative performance of the Company's shares against the indexes as depicted in this graph is dependent on the price of stock at a particular measurement point in time. Since individual stocks are more volatile than broader stock indexes, the perceived comparative performance of the Company's shares may vary based on the strength or weakness of the Share price at the new measurement point used in each future proxy statement graph. For this reason, the Company does not believe that this graph should be considered as the sole indicator of the Company's performance.
