Dated: April 17, 2002

By Order of
the Board
of
Directors

John D.
Hellmann,
Secretary

STOCKHOLDERS ARE REQUESTED TO MARK, DATE, SIGN AND RETURN THE ENCLOSED PROXY AS PROMPTLY AS POSSIBLE.

SHOE PAVILION, INC.

PROXY STATEMENT

The enclosed proxy is solicited by the Board of Directors of Shoe Pavilion, Inc. (the Company) to be used at the Annual Meeting of Stockholders on May 17, 2002, and at any adjournment thereof for the purposes set forth in the foregoing notice. This proxy statement and the enclosed form of proxy were first sent to stockholders on or about April 17, 2002.

If the enclosed form of proxy is properly signed and returned, the shares represented thereby will be voted at the Annual Meeting in accordance with the instructions specified thereon. If the proxy does not specify how the shares represented thereby are to be voted, the proxy will be voted as recommended by the Board of Directors. The Company's Board of Directors does not know of, and does not presently intend to bring, any business before the Annual Meeting other than that referred to in this Proxy Statement and specified in the Notice of Annual Meeting. As to any other business that may properly come before the Annual Meeting, including any motion made for adjournment of the Annual Meeting (including for purposes of soliciting additional votes for election of directors and/or for any other proposal), the proxy will confer discretionary authority on the proxy holders to vote all shares covered by the proxy cards in their discretion. Any stockholder signing a proxy in the form accompanying this Proxy Statement has the power to revoke it prior to or at the Annual Meeting. A proxy may be revoked by a writing delivered to the Secretary of the Company stating that the proxy is revoked, by a subsequent proxy signed by the person who signed the earlier proxy, or by attendance at the Annual Meeting and voting in person.

VOTING SECURITIES

Only stockholders of record on the books of the Company as of 5:00 P.M., April 11, 2002, will be entitled to vote at the Annual Meeting.

As of the close of business on March 29, 2002, there were 6,800,000 shares of common stock outstanding. Each of the Company's stockholders is entitled to one vote for each share of common stock held as of the record date. The holders of a majority of the outstanding shares of the stock, present in person or by proxy, will constitute a quorum for the transaction of business at the Annual Meeting or any adjournment thereof.

Votes cast by proxy or in person at the Annual Meeting will be tabulated by the election inspectors appointed for the meeting and will determine whether or not a quorum is present. With regard to the election of directors, votes may be cast For or Withhold Authority for each nominee; votes that are withheld will be excluded entirely from the vote and will have no effect. Director elections are determined by a plurality of shares of common stock represented in person or by proxy and voting at the Annual Meeting. The ratification of the selection of Deloitte & Touche LLP as independent auditors for the Company requires the affirmative vote of the holders of the majority of the shares present or represented by proxy at the Annual Meeting. If an executed proxy is returned and the stockholder has specifically abstained from voting on any matter, the shares represented by such proxy will be considered present at the Annual Meeting for purposes of determining a quorum and for purposes of calculating the vote, but will not be considered to have been voted in favor of such matter. If an executed proxy is returned by a broker holding shares in street name that indicates that the broker does not have discretionary authority as to certain shares to vote on one or more matters, such shares will be considered present at the Annual Meeting for purposes of determining a quorum on all matters, but will not be considered to be represented at the Annual Meeting for purposes of calculating the votes cast with respect to such matter. Thus, while abstentions and broker non-votes will have no effect on the outcome of the election of directors, abstentions and broker non-votes will have the same effect as negative votes on the proposal to ratify the selection of Deloitte & Touche LLP as independent auditors for the year ending December 28, 2002.

Under the rules of the Securities and Exchange Commission (the SEC), if a stockholder proposal which is not submitted to the Company prior to March 19, 2002, is presented at the Annual Meeting, the enclosed proxy will confer authority on the proxy holders to vote the shares on the proposal in accordance with their best judgment and discretion. As of the date hereof, no stockholder proposal has been submitted to the Company, and management is not aware of any other matters to be presented for action at the Annual Meeting. If any other matters properly come before the Annual Meeting, however, the proxies solicited hereby will be voted by the proxy holders in accordance with the recommendations of the Board of Directors.

**PROPOSAL 1
ELECTION OF DIRECTORS**

The persons named below are nominees for director to serve until the next Annual Meeting of Stockholders and until their successors shall have been elected. The nominees constitute the present Board of Directors. In the absence of instructions to the contrary, shares represented by the proxy will be voted and the proxies will vote for the election of all such nominees to the Board of Directors. If any of such person is unable or unwilling to be a candidate for the office of director at the date of the Annual Meeting, or any adjournment thereof, the proxy holders will vote for such substitute nominee as shall be designated by the proxies. Compensation Committee Interlocks and Insider Participation

During 2001, no executive officer of the Company served as a director, or as a member of any compensation committee, of any other for-profit entity.

Transactions with the Company

From August 1988 to February 1998, the Company was treated for federal income tax purposes as a corporation subject to taxation under Subchapter S of the Code, and comparable state tax laws. As a result, the Company's earnings through the day preceding February 23, 1998 (the Termination Date), were taxed, with certain exceptions, for federal and certain state income tax purposes directly to Mr. Beinus. The Company has previously made distributions to Mr. Beinus to provide him with funds to assist in paying federal and state income taxes on the undistributed earnings of the Company. In connection with its initial public offering, the Company made an additional S corporation distribution of \$7.8 million to Mr. Beinus, which approximately equaled the estimated earned and previously undistributed taxable S corporation income of the Company through the day preceding the Termination Date.

The Company and Mr. Beinus have entered into an agreement (the Tax Indemnification Agreement) providing that Mr. Beinus will indemnify the Company with respect to any federal, state or local corporate income taxes the Company is required to pay as a result of the Company's failure to qualify as an S corporation with respect to tax returns in which the Company reported its income as an S corporation. The Tax Indemnification Agreement further provides that the Company will indemnify Mr. Beinus on an after-tax basis with respect to any federal, state or local income taxes (plus interest and penalties) paid or required to be paid by him, and he will pay to the Company any refunds of federal, state or local income taxes (including interest received thereon) received by (or credited to) him, as a result of a subsequent adjustment in income of the Company with respect to any tax return in which the Company reported its income as an S corporation.

In 1998, Mr. Beinus was a guarantor of the Company's credit facility with U.S. Bank. Under the Company's new credit facility with Wells Fargo Bank, Mr. Beinus is no longer a guarantor.

REPORT OF THE COMPENSATION COMMITTEE

The Audit and Compensation Committee of the Board of Directors, in its capacity as a compensation committee (as such, the Compensation Committee) is responsible for establishing and administering the Company's policies and practices relating to compensation matters. In this regard, it is primarily responsible for overseeing the compensation for executive officers and certain other senior management. All members of the Compensation Committee are outside directors who are not eligible to participate in any of the compensation programs that the Compensation Committee oversees.

Overall Objectives and Programs

The objective of the Company's executive compensation program is to provide compensation that will attract and retain executives, to provide incentives to enhance the profitability and growth of the Company, to motivate each executive toward the achievement of the Company's short and long-term financial and other goals, and to recognize the contributions of individuals as well as overall business results.

In order to achieve this objective, the primary focus of the Compensation Committee has been on the competitiveness of each of the key elements of executive compensation—base salary, annual bonus plan and stock option grants—and the compensation package as a whole. Overall executive compensation is dependent not only upon quantitative factors directly related to the Company's short-term financial performance, but also qualitative factors that strengthen the Company's ability to enhance profitable growth over the long term, such as demonstrated leadership ability, management development, and anticipating and responding to changing market and economic conditions.

Base Salary

The Compensation Committee reviews base salary levels of executive officers, normally at the beginning of the fiscal year. Target levels are based on the level of responsibility, scope and complexity of the executive's position relative to other senior management positions internally, and the need to provide, when combined with the annual bonus, overall direct compensation at or above the average rates paid by comparably sized-companies. Salary increases are based upon periodic reevaluations of these factors and the performance of the executive in meeting individually assigned objectives.

During Fiscal 2001, the Compensation Committee reviewed the base salaries of certain executive officers and adjusted those salaries based on an informal assessment of the competitive marketplace, the job performance of the respective individual and any changes in the scope of the duties and responsibilities assigned to each particular position. Although no specific formula was utilized in determining base salary levels, continued turnover of executive officers in the retail industry generally provides the Compensation Committee with a clear barometer of the competitive marketplace. The salary levels of new executive officers generally can be determined by the realities of this marketplace. As new senior management is hired, the Compensation Committee believes that the salary levels of other executive officers should be adjusted to reflect the scope and complexity of the existing executive's position relative to that of new senior management.

Annual Bonus

The Compensation Committee believes that a portion of the total annual compensation of the Chief Executive Officer and other executive officers should be contingent on the performance of the Company. The objective of a bonus plan is to attract, retain, motivate and reward employees by directly linking the amount of any cash bonus to purely objective short-term financial performance of the Company. For fiscal year 2001, certain executives (excluding the Chief Executive Officer) were eligible under a bonus plan. For fiscal year 2002, the Compensation Committee has implemented a separate bonus annual non-discretionary incentive bonus plan that provides the Chief Executive Officer with the opportunity to earn an annual bonus for fiscal year 2002.

Employee Equity Ownership

The Compensation Committee believes that the third key element of executive compensation – employee equity ownership – is highly motivating and provides a major incentive to employees in building stockholder value. Accordingly, stock options are granted to executive officers to provide long-term incentives for the achievement of the Company’s strategic business plan, mission and values and to align the interests of executive officers with those of the stockholders. The Compensation Committee determines the size of any stock option to be granted on a basis consistent with the overall objectives and criteria outlined above, taking into consideration the particular executive’s performance and level of responsibility within the Company, and the value to the Company of providing such executive with additional motivation toward achieving the Company’s short and long-term financial and other goals. The Compensation Committee also considers previous grants of stock options and restricted stock and compares the number of options previously granted with those granted to other executive officers, taking into account each individual’s level of responsibility, the expected future value of such individual to the organization, and the relationship between the additional incentive and the likelihood of the attainment of individual objectives. The Compensation Committee granted options to employees to acquire 25,000 shares in fiscal 2001. No options were granted to any officer in 2001.

Deductibility of Executive Compensation

Section 162(m) of the Code denies a deduction to any publicly held corporation for certain compensation paid to certain executive employees in a taxable year to the extent that the compensation exceeds \$1,000,000. However, certain performance-based compensation is not included in calculating the \$1,000,000 threshold. Stock options may qualify for this exclusion if the plan under which they are granted meets certain conditions. The Stock Plan currently contains limitations on the number of shares underlying options that may be granted to an optionee within any fiscal year, and, to the extent appropriate, the Company intends to take the necessary steps to conform its compensation practices to comply with the \$1,000,000 compensation deduction limit under Section 162(m) of the Code. The Compensation Committee does not believe that other components of the Company’s compensation are likely to exceed \$1,000,000 annually for any executive officer in the foreseeable future and, therefore, has concluded that no further action with respect to qualifying such compensation for deductibility is necessary at this time. In the future, the Compensation Committee will reconsider this decision in the event that the individual compensation of any of the Company’s executive officers approaches the \$1,000,000 level.

REPORT OF THE AUDIT COMMITTEE

The Audit and Compensation Committee of the Board of Directors, in its capacity as an audit committee (as such, the Audit Committee), is comprised of Peter G. Hanelt, David H. Folkman and Denise Ellwood. The Audit Committee of the Board of Directors is responsible for monitoring the integrity of the Company's consolidated financial statements, its system of internal controls and the independence and performance of its independent auditors. It also recommends to the Board of Directors, subject to shareholder ratification, the selection of the Company's independent auditors. The Committee is composed of three non-employee directors and operators under a written charter adopted and approved by the Board of Directors. Each Committee member is independent as defined by National Association of Securities Dealers, Inc. listing standards. A copy of the Audit Committee Charter is attached to this Proxy Statement.

Management is responsible for the financial reporting process, including the system of internal controls, and for the preparation of consolidated financial statements in accordance with accounting principles generally accepted in the United States of America. The Company's independent auditors are responsible for auditing those financial statements. The Audit Committee's responsibility is to monitor and review these processes. The Audit Committee, however, is not professionally engaged in the practice of accounting or auditing and is not expert in the fields of accounting or auditing, including with respect to auditor independence. The Audit Committee relies, without independent verification, on the information provided to it and on the representations made by management and the independent auditors.

The Audit Committee held six meetings during fiscal 2001. The meetings were designed, among other things, to facilitate and encourage communication among the Committee, management, and the Company's independent auditors, Deloitte & Touche LLP. The Audit Committee discussed with the Company's independent auditors the overall scope and plans for their audit. It met with the independent auditors, with and without management present, to discuss the results of their examination and their evaluation of the Company's internal controls.

The Audit committee reviewed and discussed the audited consolidated financial statements for the fiscal year ended December 29, 2001 with management and Deloitte & Touche. It also discussed with the independent auditors matters required to be discussed with audit committees under auditing standards generally accepted in the United States of America, including, among other things, matters related to the conduct of the audit of the Company's consolidated financial statements and the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (Communication with Audit Committees).

The Company's independent auditors also provided the Audit Committee with the written disclosures and the letter required by Independence Standards Board Standards No. 1 (Independence Discussions with Audit Committees), and discussed with the independent auditors their independence from the Company. When considering Deloitte & Touche's independence, it considered whether their provision of services to the Company beyond those rendered in connection with their audit and review of the Company's consolidated financial statements was compatible with maintaining their independence. The Audit Committee also reviewed, among other things, the amount of fees paid to Deloitte & Touche for audit and non-audit services.

Based on its review and these meetings, discussions and reports, and subject to the limitations on its role and responsibilities referred to above and in the Audit Committee Charter, the Audit Committee recommended to the Board of Directors that the Company's audited consolidated financial statements for the fiscal year ended December 29, 2001 be included in the Company's Annual Report on Form 10-K. It has also recommended the selection of the Company's independent auditors, and, based on its recommendation, the Board has selected Deloitte & Touche as the Company's independent auditors for the fiscal year ended December 28, 2002, subject to shareholder ratification.

- **Audit Fees**

The aggregate fees billed by Deloitte & Touche LLP, the member firms of Deloitte & Touche Tohmatsu, and their respective affiliates (collectively, "Deloitte") for professional services rendered for the audit of the Company's annual financial statements for the year ended December 29, 2001 and for the reviews of the financial statements included in the Company's Quarterly Reports on Form 10-Q for that year were \$110,000.

- **Financial Information Systems Design and Implementation Fees**

There were no fees paid to Deloitte & Touche for professional services rendered for information technology services relating to financial information systems design and implementation for the fiscal year ended December 29, 2001.

- **All Other Fees**

The aggregate fees billed by Deloitte & Touche for services rendered to the Company, other than services described above under "Audit Fees" and "Financial Information Systems Design and Implementation Fees", for the fiscal year ended December 29, 2001 were \$60,960.

Officers, directors and greater than ten-percent shareholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file.

Based solely on its review of the copies of such forms received by it, or written representations from certain reporting persons that no Forms 5 were required for those persons, the Company believes that, during the period from December 31, 2000 to December 29, 2001 all applicable filing requirements were complied with for its officers, directors, and greater than ten-percent beneficial owners.

AUDIT COMMITTEE CHARTER

Mission Statement

The audit committee of the board of directors assists the board in fulfilling its responsibility for oversight to the quality and integrity of the accounting, auditing and reporting practices of the corporation and such other duties as directed by the board.

Structure and Organization

1. The membership of the committee shall consist of at least three independent members of the board of directors who are generally knowledgeable in financial and auditing matters, including at least one member with accounting or related financial management expertise. The committee and its chair shall be designated by and serve at the pleasure of the board of directors.
2. Each member shall be free of any relationship that, in the opinion of the board, would interfere with their individual exercise of independent judgment.
3. The committee shall meet at least four times per year or more frequently as circumstances require. The committee may ask members of management or others to attend the meeting and provide pertinent information as necessary. Meetings may be by telephone.
4. The committee is expected to maintain free and open communication with the independent accountants, the internal auditors (if employed), management of the corporation and any external experts that the Company engages to audit or review the policies and procedures of the Company.

General Responsibilities

The audit committee's general responsibilities include:

1. Meet periodically with the independent auditors, the internal auditors (if employed) and management in separate sessions to discuss any matters that the committee or these groups believe should be discussed privately with the committee. Provide sufficient opportunity for the independent auditors and the internal auditors (if employed) to meet without members of management present. The independent auditor is accountable to the board and the audit committee.
2. The committee is empowered to investigate any matter brought to its attention, with full power to retain outside counsel or other experts for this purpose if, in its judgment, that is appropriate.
3. Submit the minutes of all audit committee meetings to, or discuss the deliberations thereat, currently with the board of directors.
4. Review and reassess this Charter annually.
5. The committee will do whatever else the law, the Company's charter or bylaws of the board of directors require.

Responsibilities for Engaging Independent Auditors and Appointing the Chief Internal Auditor

1. The audit committee recommends for approval by the board of directors and ratification by the shareholders the selection and retention of the independent accountant who audits the financial statements of the corporation. In so doing, the committee will discuss and consider the auditors written affirmation that the auditor is in fact independent, will discuss the nature and rigor of the audit process, receive and review all

reports and will provide to the independent accountant full access to the committee (and the board) to report on any and all matters appropriate. In considering the independence of the independent auditors the committee will review the nature and related fees for all services provided to the company and such other inquiries as may be appropriate.

2. Arrange for the independent auditors to be available to the full board of directors at least annually to help provide a basis for the board's approval of the independent auditors' appointment.
3. Provision of guidance and oversight to the internal audit function of the corporation including review of the organization, plans and results of such activity and the coordination of such with the independent auditor. The audit committee shall assure the objectivity of the internal auditors and review and concur in the appointment, reassignment or dismissal of the company's chief internal auditor.

Responsibilities for oversight to the quality and integrity of the accounting, auditing and reporting practices of the corporation

1. Consider, in consultation with the independent auditor and management, the audit scope and plan of the independent auditor.
2. Review of financial statements (including timely review of quarterly earnings releases) with management and the independent auditor. It is anticipated that these discussions will include items subject to estimate, review of reserves and accruals, consideration of the suitability of accounting principles, review of highly judgmental areas, audit adjustments whether or not recorded, the clarity, consistency and completeness of the company's financial disclosures and the quality, not just acceptability of the resultant financial statements and such other inquiries as may be appropriate.
3. Discussion with management and the auditors the contents of any management letters issued by the auditors and of the quality and adequacy of the Company's internal controls, including computerized information system controls and security.
4. It is expected that management, the independent accountant and the internal auditor will voluntarily bring to the committee's attention any and all matters appropriate including (but not limited to) such items as:
 - Any significant changes in audit plans from those previously approved.
 - Any proposed change in accounting principles.
 - Any serious difficulties or disputes encountered with management during the course of the audit.
 - Other matters related to the conduct of the audit, which are to be communicated to the committee under generally accepted auditing standards.
5. Discussion with management of the status of pending litigation, taxation matters, monitoring compliance with laws and regulations, the code of business conduct and other areas of oversight to the legal and compliance area as may be appropriate.
6. Issuance annually of a summary report (including appropriate oversight conclusions) suitable for submission to the shareholders.
7. Review policies and procedures with respect to executive officers' expense accounts and perquisites, including their use of corporate assets, and consider the results of any review of these areas by the independent or internal auditors.
8. Review the results of review of monitoring compliance with the Company's code of conduct by the independent or internal auditors.
