PROXY STATEMENT

The Board of Directors (the "Board") of Bank of Hawaii Corporation is soliciting the enclosed proxy for the Company's 2006 annual meeting. Bank of Hawaii Corporation, together with its subsidiaries, including its banking subsidiary, Bank of Hawaii (the "Bank"), are collectively referred to herein as "Bank of Hawaii" or the "Company". The proxy statement, proxy card, and the Company's Annual Report to Shareholders and Annual Report on Form 10-K are being distributed to the Company's shareholders on or about March 17, 2006.

QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS AND THE ANNUAL MEETING

Q:
What am I voting on?

A:
The election of directors, an amendment to the Bank of Hawaii Corporation 2004 Stock and Incentive Compensation Plan and ratification of the selection of an independent registered public accounting firm.

Q:
Who can vote at the annual meeting?

A:
Holders of Bank of Hawaii's common stock, par value \$0.01 per share, as of the close of business on February 28, 2006 (the "Record Date") can attend and vote at the annual meeting. Each share of common stock is entitled to one vote. On the Record Date, there were 51,189,789 shares of common stock issued and outstanding.

Q:
How many votes do we need to hold the annual meeting?

A:
The holders of at least one-third of the outstanding common stock on the Record Date entitled to vote at the annual meeting must be present to conduct business. That amount is called a *quorum*. Shares are counted as present at the meeting if a shareholder entitled to vote is present and votes at the meeting, has submitted a properly signed proxy, or has properly voted by telephone or via the Internet. We also count abstentions and broker non-votes for purposes of determining a quorum. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received voting instructions from the beneficial owner.

Q:
What shares can I vote?

A:
You may vote all shares you own on the Record Date. The enclosed proxy card shows the number of shares you may vote.

Q:
How can I vote my shares in person at the annual meeting?

A:
If you are a shareholder of record, you can attend the annual meeting and vote in person the shares you hold directly in your name as the shareholder of record. If you choose to do that, please bring the enclosed proxy card and proof of identification. If you hold your shares as a beneficial owner, you must vote your shares through your broker or other nominee.

Even if you plan to attend the annual meeting, we recommend you also submit your proxy so your vote will be counted if you later decide not to attend the annual meeting.

Q:

How can I vote my shares without attending the annual meeting?

A:

You may direct your vote without attending the annual meeting. You can do that via the Internet, by telephone, or by mail. If your shares are held by a broker or other nominee, you will receive instructions that you must follow to have your shares voted. If you hold your shares as the shareholder of record, you may instruct the proxies how to vote your shares, using the toll free telephone number

Edgar Filing: BANK OF HAWAII CORP - Form DEF 14A

or the Internet voting site listed on the proxy card, or by signing, dating, and mailing the proxy card in the prepaid and addressed envelope we have provided you. Please refer to the summary instructions below and those on your proxy card, or, for shares held in street name, the voting instruction card sent by your broker or nominee.

Mail. You may mail your proxy by signing your proxy card or, for shares held in street name, the voting instruction card included by your broker or nominee, and mailing it in the enclosed, postage prepaid and addressed envelope. If you provide specific voting instructions, your shares will be voted as you instruct. If you sign and return a proxy card without giving specific voting instructions, your shares will be voted as recommended by the Board.

Internet. If you have Internet access, you may submit your proxy from anywhere, following the "Vote by Internet" instruction on your proxy card.

Telephone. If you live in the United States, you may submit your proxy by following the "Vote by Phone" instructions on the proxy card.

Q:

May I change my vote?

A:

Yes. You may change your proxy instructions any time before the vote at the annual meeting. For shares you hold as shareholder of record, you may change your vote by granting a new proxy or by attending the annual meeting and voting in person. Attendance at the annual meeting will not cause your previously granted proxy to be revoked unless you vote at the meeting. For shares you hold as beneficial owner, you may change your vote by submitting new voting instructions to your broker or nominee.

Q:

Where can I find the voting results of the annual meeting?

A:

We will announce voting results at the annual meeting. We also will publish those results in our quarterly report on Form 10-Q for the second quarter of fiscal year 2006.

Q:

Who will count the votes?

A:

Georgeson Shareholder Communications, Inc. will count and tabulate the votes.

Q:

What are the voting procedures?

A:

Directors are elected by a plurality of votes cast. Nominees who receive the most votes will be elected. All other proposals require the affirmative vote of a majority of shares present in person or by proxy and entitled to vote at the meeting. For all proposals other than the election of directors, broker non-votes will be treated as not entitled to vote and so will not affect the outcome, although abstentions will have the same effect as negative votes.

Q:

Is my vote confidential?

A:

Yes. Proxy instructions, ballots, and voting tabulations that identify the individual shareholders are handled to protect your privacy. Your vote will not be disclosed within Bank of Hawaii or to third parties except (i) as necessary to meet applicable legal requirements, (ii) to allow for the tabulation of votes and certification of the vote, and (iii) to facilitate a successful proxy solicitation by our Board. Occasionally, shareholders write comments on their proxy cards, which are forwarded to Bank of Hawaii management.

Q:

Who will bear the cost of soliciting proxies?

A:

We will pay the cost of this proxy solicitation. In addition to soliciting proxies by mail, we expect that a number of our employees will on behalf of the Board solicit proxies from shareholders, personally, and by telephone, the Internet, facsimile, or other means. None of

those employees will receive any additional or special compensation for doing that task. We have retained Georgeson Shareholder

Edgar Filing: BANK OF HAWAII CORP - Form DEF 14A

Communications, Inc., 17 State Street, New York, New York 10004 to assist in the solicitation of proxies for an estimated fee of \$10,000, plus reasonable out-of-pocket costs and expenses. We will, upon request, reimburse brokers or other nominees for their reasonable out-of-pocket expenses in forwarding proxy materials to their customers who are beneficial owners and obtaining their voting instructions.

Q:

What does it mean if I get more than one proxy card?

A:

It means your shares are registered differently and are in more than one account. Sign and return all proxy cards or vote each proxy card by telephone or Internet, to ensure all your shares are voted. To provide better shareholder services, we encourage you to have all accounts registered in the same name and address. You may do that by contacting our transfer agent, Continental Stock Transfer & Trust Company (1-800-509-5586).

Q:

May I propose actions for consideration at next year's annual meeting of shareholders?

A:

Yes. You may submit proposals for consideration at the 2007 shareholder meeting by presenting your proposal in writing to the Corporate Secretary at 130 Merchant Street, Honolulu, Hawaii 96813 and in accordance with the following schedule and requirements.

Proposals To Be Included In The Proxy Statement and Voted On At The Meeting. Proposals that shareholders wish to have included in the proxy statement for the 2007 annual meeting of shareholders must be made in accordance with U. S. Securities and Exchange Commission ("SEC") Rule 14a-8. Proposals must be received by the Company's Corporate Secretary on or before November 17, 2006 at the above address.

Proposals To Be Voted On At The Meeting Only. Under our By-Laws, for a shareholder to bring a proposal before the 2007 annual meeting, Bank of Hawaii must receive the written proposal no later than 80 days nor earlier than 90 days before the first anniversary of the 2006 annual meeting; in other words, no later than February 8, 2007 and no earlier than January 29, 2007. (Please refer to Section 1.12 of Bank of Hawaii's By-Laws.) The proposal also must contain the information required in the By-Laws. If you wish to make one or more nominations for election to the Board, the required information includes, among other things, the written consent of such individual to serve as director and (i) the name, age, business address and, if known, residence address of each nominee proposed in person, (ii) the principal occupation or employment of each nominee, and (iii) the number of shares of Bank of Hawaii stock each nominee beneficially owns. These advance notice provisions are separate from the requirements a shareholder must meet to have a proposal included in the proxy statement under SEC rules. By complying with these provisions, a shareholder may present a proposal in person at the meeting, but will not be entitled to have the proposal included in the Company's proxy statement. In addition, persons holding proxies may exercise discretionary authority to vote against such proposals.

Q:

Where can I find out more information about the Company before the annual meeting?

A:

You can find more information about the Company on-line at: www.boh.com.

The committee charters are posted on the Investor Relations page of the Company's website www.boh.com.

Ms. Bitterman has served as the Lead Independent Director since 1999, and is Vice Chairman of the Executive Committee and Chair of the Nominating & Corporate Governance Committee. The Lead Independent Director's duties are set forth in the Governance Guidelines and include presiding over regularly scheduled executive sessions of the non-management directors and serving as a liaison between the non-management directors and executive management and assisting the Board and executive management to ensure compliance with the Governance Guidelines. The non-management directors meet in executive session without management in attendance for regularly scheduled meetings which are usually held five times a year. The non-management directors may also meet in executive session each time the full Board convenes for a meeting. In 2005, the non-management directors met in executive session seven times.

Board Independence

The Board has a majority of independent directors as defined by the listing standards of the New York Stock Exchange ("NYSE") and the Governance Guidelines. In considering all of the relevant facts and the categorical standards with respect to each director and nominee, the Board has affirmatively determined that all directors and nominees other than Messrs. Landon, Stein and Takaki are independent within the meaning of the NYSE listing standards and the Board's categorical standards for determining independence. The following eight directors and nominees have been affirmatively determined by the Board to be independent: Messrs. Chun, Churchill, Heenan, Huret and Wo, and Mmes. Apoliona, Bitterman and Tanabe. All of the committees, with the exception of the Executive Committee, are composed entirely of independent directors. The Board has adopted the following categorical standards for determining whether a director is independent.

- a) In no event shall a director be considered independent if the director is an employee, or the director's immediate family member is an executive officer of the Company until three years after the end of such employment relationship. Employment as an interim Chairman or Chief

Edgar Filing: BANK OF HAWAII CORP - Form DEF 14A

Executive Officer ("CEO") shall not disqualify a director from being considered independent following that employment.

- b) In no event shall a director be considered independent if the director receives, or their immediate family member receives, more than \$100,000 per year in direct compensation from the Company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service) and is not independent until three years after ceasing to receive such compensation.
- c) In no event shall a director be considered independent if the director is affiliated with or employed by, or whose immediate family member is affiliated with or employed in a professional capacity by, a present or former internal or external auditor of the Company until three years after the end of the affiliation or the employment or auditing relationship.
- d) In no event shall a director be considered independent if the director is employed, or the director's immediate family member is employed, as an executive officer of another company where any of the Company's present executives serves on that company's compensation committee until three years after the end of such service or employment relationship.
- e) In no event shall a director be considered independent if the director is an executive officer or employee, or an immediate family member of the director is an executive officer, of a company that makes payments to, or receives payments from, the Company for property or services in an amount which, in any single fiscal year, exceeds the greater of \$1 million, or 2% of such other company's consolidated gross revenues for such year, until three years after falling below such threshold.
- f) A director will not fail to be deemed independent solely as a result of the director's and the director's immediate family members', or a director's affiliated entity's, banking relationship with the Company if such relationship does not violate paragraphs (a) through (e) above and is made in the ordinary course of business on substantially the same terms as those prevailing at the time for comparable transactions with persons not affiliated with the Company and, with respect to extensions of credit, is made in compliance with applicable law, including Regulation O of the Board of Governors of the Federal Reserve System, and do not involve more than the normal risk of collectability or present other unfavorable features.
- g) Audit Committee members may not receive directly or indirectly any consulting, advisory or other compensatory fee from the Company and shall otherwise meet the independence criteria of Section 10A-3 of the Securities Exchange Act of 1934, as amended. Audit Committee members may receive director's fees and other in-kind consideration ordinarily available to directors, as well as regular benefits that other directors receive (including any additional such fees or consideration paid to directors with respect to service on committees of the Board).
- h) If a particular commercial, industrial, banking, consulting, legal, accounting, charitable or familial relationship or transaction that is not addressed by the above standards exists between a director and the Company, the Board will determine, after taking into account all relevant facts and circumstances, whether such relationship or transaction is in the Board's judgment material, and therefore whether the affected director is independent.

For purposes of these independence standards, an "immediate family member" includes the director's spouse, parents, children, siblings, mothers and fathers-in-law, sons and daughters-in-law, brothers and sisters-in-law, and anyone (other than domestic employees) who shares the director's home.

Code of Business Conduct & Ethics

The Company has earned its reputation as a respected leader in the communities it serves and in the financial services industry by conducting business in an ethical, responsible and professional manner. The

Company is proud of the high standards of quality and service that have been our hallmark through the years. These qualities represent fundamental business practices and apply to all directors, officers and employees. All directors owe a duty of loyalty to the Company. This duty mandates that, in the course of carrying out the duties and responsibilities of that position, the best interest of the Company and its shareholders take precedence over any personal interests of the director.

The Company and Board have adopted a Code of Business Conduct and Ethics for Directors, Officers and Employees (the "Code of Conduct and Ethics"), which is posted on the Investor Relations page of the Company's website www.boh.com. The Code of Conduct and Ethics addresses the professional, honest and candid conduct of each director, officer and employee; conflicts of interest, disclosure process and compliance with laws, rules and regulations, (including insider trading laws); corporate opportunities, confidentiality, fair dealing, protection and proper use of Company assets; and encourages the reporting of any illegal or unethical behavior. The Company will disclose any amendments to, or waivers, of the Code of Conduct and Ethics for directors or executive officers on the Company's website. Shareholders may obtain a printed copy by contacting the Corporate Secretary at the address previously provided.

Board Compensation

Directors' fees are paid only to directors who are not employees of the Company. In 2005, each such director was paid an annual retainer of \$20,000, plus \$750 for each Board meeting attended. The Lead Independent Director is paid an additional annual retainer fee of \$10,000. Directors are reimbursed for board-related travel expenses, and directors who are non-Hawaii residents receive an additional \$5,000 to compensate them for travel time. The Company does not have a retirement plan for directors who are not employed by the Company or its subsidiaries.

Directors who are not employed by the Company and who serve as members of the Compensation Committee or the Executive Committee receive \$750 for each meeting attended. The fee is \$1,500 per meeting for members of the Audit Committee and \$2,000 per meeting for the Chairman of the Audit Committee. The chairs of the Compensation and Audit Committees, and the vice chair of the Executive Committee, also receive an annual retainer of \$5,000.

Directors Deferred Compensation Plan

The Company maintains a Directors Deferred Compensation Plan under which each director may elect to defer either all of his or her annual retainer and meeting fees, or all of his or her annual retainer. Distribution of the deferred amounts will begin as of the first day of the first month after the participating director ceases to be a director of the Company. Distribution will be made in a lump sum or in approximately equal annual installments over such period of years (not exceeding 10 years) as the director elects at the time of deferral. Under such Plan, deferred amounts are not credited with interest, but they are valued based on corresponding investments in Pacific Capital Funds or Bank of Hawaii stock, as selected by the participants. In January 2006, the Director's Deferred Compensation Plan was amended to bring it into compliance with certain requirements of Section 409A of the Internal Revenue Code, which was enacted under the American Jobs Creation Act of 2004. In general, the requirements of Section 409A impose certain new rules for non-qualified deferred compensation plans, primarily relating to the timing of elections and distributions.

Director Stock Program

In April 2005, the shareholders approved the Bank of Hawaii Corporation Amended and Restated Director Stock Compensation Plan ("Amended Director Stock Plan"). The purpose of the Amended Director Stock Plan is to advance the interest of the Company by encouraging and enabling eligible members of the Board to acquire and retain throughout each member's tenure as director a proprietary interest in the Company by ownership of shares of Bank of Hawaii common stock. The Amended Director Stock Plan allows for the granting of stock options, restricted stock, and restricted stock units. Under the

Amended Director Stock Plan, the Board has the flexibility to set the form and terms of awards. In 2005, the Company issued 555 shares of restricted common stock ("Restricted Shares") and an option for 2,057 common shares to each non-employee director. The exercise price of the options was based on the closing market price of \$47.35 on the date that the options were granted. Each option expires ten years from the date of grant and vests in one-third annual increments. The Amended Director Stock Plan will terminate on April 28, 2015, unless the Board terminates the plan at an earlier time.

Under the previous Director Stock Program, the Company annually granted 200 shares of restricted common stock and an option for 3,000 common shares to each non-employee director. The exercise price of the options was based on the closing market price of the shares on the date that the options were granted. Each option expires ten years from the date of grant and is generally not transferable. If an optionee ceases to serve as a director for any reason other than death or disability, any unexercised options terminate. Upon the exercise of options, the shares received ("Option Shares") are nontransferable during the term of the director. If an optionee ceases to serve as a director prior to the end of his or her term, for any reason other than death or disability, the Option Shares will be redeemed by the Company at a price equal to the exercise price. The Restricted Shares are also nontransferable during the term of the director. If an optionee ceases to serve as a director prior to the end of his or her term, for any reason other than death, disability, removal without cause, or change of control, the Restricted Shares are forfeited.

Director Qualifications and Nomination Process

The Nominating & Corporate Governance Committee is responsible for identifying and assessing all director candidates and recommending nominees to the Board. Potential nominees will be evaluated based on their independence, within the meaning of the Governance Guidelines and the rules of the NYSE. Candidates to be nominated as a director, including those submitted by shareholders, are selected based on, among other criteria, their integrity, informed judgment, financial literacy, high performance standards, accomplishments and reputation in the community, experience, skill sets, and ability to commit adequate time to Board and committee matters and to act on behalf of shareholders.

The criteria also include a determination of the needs of the Board and of the individuals' personal qualities and characteristics with those of the other directors and potential directors in building a Board that is effective, collegial and responsive to the needs of the Company and its shareholders. The Board should encompass a broad range of skills, expertise, industry knowledge, diversity of viewpoints, background, and business and community contacts relevant to the Company's business. Mr. Lucien has been identified and nominated as a director for inclusion in this year's proxy statement by members of the Nominating & Corporate Governance Committee to fill a vacancy created by the retirement of Peter D. Baldwin effective November 18, 2005.

A shareholder may submit a candidate for consideration by the Board to be included in the Board's slate of director nominees. Candidates proposed by shareholders will be evaluated by the Nominating & Corporate Governance Committee under the same criteria that are applied to other candidates. The criteria are set forth above and in the Company's By-Laws and Governance Guidelines. Candidates to be considered for nomination by the Nominating & Corporate Governance Committee at the 2007 Annual Meeting of Shareholders must be presented in writing to the Corporate Secretary on or before November 17, 2006 at 130 Merchant Street, Honolulu, Hawaii 96813 to be included in the Company's proxy statement for 2007.

Communication with Directors

Shareholders may communicate with the Board, Non-Management Directors or Lead Independent Director by sending correspondence c/o the Company's Corporate Secretary, 130 Merchant Street, Honolulu, Hawaii 96813. All communications received will be forwarded to the Board, Non-Management Directors or Lead Independent Director as addressed.

BOARD COMMITTEES AND MEETINGS

The following information provides an overview of the primary responsibilities of the Board's standing committees and committee membership. The Board has affirmatively determined that all of the members of the Audit, Compensation and Nominating & Corporate Governance Committees ("Board Committees") meet the standards of the NYSE and the Company's Governance Guidelines for independence. The Board Committees' charters require that each committee perform an annual evaluation of its performance and assess the adequacy of its charter. Each Committee has the authority to retain consultants and advisors to assist it in its duties, including the sole authority for the retention, termination and negotiation of the terms and conditions of the assignment.

Copies of the Board Committee charters and governance guidelines can be viewed on the Investor Relations page of the Company's website at www.boh.com. The Board has determined that the Audit Committee has one audit committee financial expert, Robert Huret, within the meaning of SEC regulations adopted under the Sarbanes-Oxley Act of 2002, and that all Audit Committee members are financially literate and have accounting or related financial management expertise. None of the Audit Committee members currently serve on the audit committee of another publicly traded company.

The Audit Committee has also discussed with management and the independent registered public accounting firm the matters required to be discussed by Statement on Accounting Standards No. 61 (*Communication with Audit Committees*), as amended. These discussions include the quality, not just the acceptability, of the accounting principles applied. **EXECUTIVE COMPENSATION
REPORT OF THE COMPENSATION COMMITTEE**

The Compensation Committee, composed entirely of independent directors in accordance with the applicable laws, regulations, NYSE listing requirements and the Governance Guidelines, sets and administers policies that govern the Company's executive compensation programs, and various incentive and stock programs. The Compensation Committee reviews compensation levels of members of executive management, evaluates the performance of executive management, and considers executive management succession and related matters. All decisions relating to compensation of the named executive officers are shared with the full Board.

The policies and underlying philosophy governing the Company's executive compensation program, as endorsed by the Compensation Committee and the Board, are designed to accomplish the following:

Maintain a compensation program that is equitable in a competitive marketplace.

Provide opportunities that integrate pay with the Company's annual and long-term performance goals.

Encourage achievement of strategic objectives and creation of shareholder value.

Recognize and reward individual initiative and achievements.

Maintain an appropriate balance between base salary and short and long-term incentive opportunity.

Allow the Company to compete for, retain, and motivate talented executives critical to its success.

The Compensation Committee seeks to establish executive compensation at levels that the Compensation Committee believes to be consistent with others in the banking industry. Executive officers' compensation is weighted toward programs contingent upon the Company's level of annual and long-term performance. In general, for executive management positions of the Company (including the Company's named executive officers) and its subsidiaries, the Company will pay base salaries that, on average, are at the 50th percentile of other banks and financial service companies of Bank of Hawaii's asset size and complexity and that have similar products and markets. A significant portion of each executive's compensation is dependent on achieving business and financial goals, attaining other individual performance objectives and upon stock price appreciation. Goals for specific components include base salaries for executives which are generally targeted at the 50th percentile and the Executive Incentive Plan which provides above 50th percentile awards if annual goals are exceeded.

The Compensation Committee retains the services of nationally recognized consulting firms to assist in performing its various duties. These duties include the evaluation of competitive compensation levels and recommendations for the compensation of the CEO. Those firms advise the Compensation Committee on compensation programs for the named executive officers and executive management of the Company. The Company also obtains extensive compensation studies every 2-3 years. The most recent compensation study focusing on executive officers was conducted in 2004-2005. These studies provide an external competitive analysis of compensation for incumbents in the Company's Operating Committee, which includes the named executive officers and other executives, using data that focuses primarily on the Company's major talent and business competitors, including banking and diversified financial organizations. The organizations reflected in the data are also generally comparable in terms of overall size, business mix, and geographic scope. Many of the organizations in the S&P Bank index are represented in the study. For the 2004-2005 study, the consultants provided base salary levels and other pay data to derive market-based compensation levels that were appropriate for the Company's executive positions. The results of the study found that the Company's overall pay levels were at the median levels of peer companies.

2005 Compensation Elements

Compensation earned by the named executive officers in 2005, as reflected in the Summary Compensation Table, Long-Term Incentive Plans Awards In Last Fiscal Year table and Stock Options Granted in Last Fiscal Year table, consisted of base salary, bonus (Executive Incentive Plan), retirement contributions, stock options, and restricted stock.

Base Salaries

Base salaries for named executive officers are determined by evaluating the responsibilities of the positions held, the experience of the individual, the competitive marketplace, and the individual's performance of his or her responsibilities. The greatest emphasis is on individual performance and the competitive marketplace. Adjustments to salary also reflect new responsibilities assigned or assumed by the individual. Also taken into account are key differences in responsibilities between the executives of Bank of Hawaii and of other banks, and the overall economic environment. No specific weighting is given to the foregoing factors.

Executive Incentive Plan

The objectives of the Executive Incentive Plan are to optimize profitability and growth of the Company, provide an incentive for excellence in individual performance, advance the corporate and cultural imperatives and promote corporate initiatives. The Company's corporate and cultural imperatives include acting accountably, communicating openly and honestly, being results driven, working effectively in teams and embracing change. The corporate initiatives are to accelerate growth in our markets, better integrate our business segments, continue to develop our management team, improve our operating efficiency, and maintain our culture of dependable risk and capital management, in order to achieve our governing objective of maximizing shareholder value over time.

At the Compensation Committee's discretion, each participant is granted a contingent award expressed as dollars or a percentage of salary for the fiscal year and is contingent on both individual and corporate performance criteria. At the end of the fiscal year, the Compensation Committee assesses the performance and makes a determination of the final award amount that may be greater or smaller than the contingent award. The 2005 limit for total awards for participants under the Executive Incentive Plan was two percent of the Company's total net income before taxes. During 2005, the Compensation Committee granted awards to the named executive officers that participated in the Executive Incentive Plan for their 2005 performance. The amounts of these awards are described in the Summary Compensation Table.

To qualify certain awards as performance-based compensation exempt from the \$1 million compensation deduction limitation under Section 162(m) of the Internal Revenue Code of 1986 (the "Code"), a contingent award to a named executive officer is limited to a percentage of an incentive pool determined for the fiscal year (the "incentive pool percentage"). The incentive pool is expressed as a percentage of the Company's net income for the fiscal year, and the total of the contingent awards for named executive officers for a fiscal year may not exceed 100 percent of the incentive pool. After assessing the satisfaction of the applicable performance criteria for the fiscal year, the final award amount for a named executive officer may be lesser, but not greater, than the officer's stated incentive pool percentage. The incentive pool percentages do not constitute "targets," but instead constitute the stated upper limit on final award amounts to give the Compensation Committee flexibility in determining final awards in compliance with the performance-based exemption under Section 162(m). In addition, as an overriding limitation, the maximum aggregate payout for contingent awards granted in any one fiscal year to any one participant is \$2,000,000.

In December 2005, the Executive Incentive Plan was amended to bring it into compliance with certain requirements of Section 409A of the Internal Revenue Code, which was enacted under the American Jobs

Creation Act of 2004. In general, these requirements of Section 409A impose certain new rules for non-qualified deferred compensation plans, primarily relating to the timing of elections and distributions.

2004 Stock and Incentive Compensation Plan

The Compensation Committee considers stock options, restricted stock and restricted stock unit grants under the 2004 Stock and Incentive Compensation Plan (the "2004 Plan") for employees of the Company. Awards under the 2004 Plan are granted by the Compensation Committee to those employees whose responsibilities place them in a position to make substantial contributions to the financial success of the Company. The Compensation Committee, which administers the 2004 Plan, determines whether the options are incentive stock options or nonqualified stock options. All stock options granted in 2005 had an exercise price equal to the market price of the Company's common stock on the date of grant.

The Compensation Committee believes stock options provide a strong incentive to increase shareholder value, because these awards have value only if the stock price increases over time. The Compensation Committee also believes that restricted stock and restricted stock units, when used as an integral part of incentive compensation programs, provide an incentive to increase shareholder value. The Compensation Committee believes such equity awards to its named executive officers and other employees help to align the interests of management with those of shareholders and to focus the attention of management on the long-term success of the Company.

In 2005, the size of the stock options and restricted stock grants under the 2004 Plan were based primarily on the individual's responsibilities, performance and position. Individual awards were also affected by the Compensation Committee's subjective evaluation of other factors it deemed appropriate, such as assumption of additional responsibilities, competitive factors, and achievements that in the Compensation Committee's view were not fully reflected by other compensation elements. The Compensation Committee's decisions concerning individual grants generally are not affected by the number of options previously exercised, or the number of unexercised options held.

In 2005, the Compensation Committee granted a total of 255,499 options and 109,500 shares of restricted stock to twenty-seven employees that are subject to certain time and performance-based vesting criteria. The amounts of individual awards in 2005 were based on individual positions, responsibilities, performance and leadership. Additional information regarding the stock grants issued to named executive officers is provided in the Long-Term Incentive Plans Awards in Last Fiscal Year table. Additional information regarding stock options issued to named executive officers is provided in the Stock Options Granted in Last Fiscal Year table.

Retirement and Other Compensation

Executive officers are eligible to participate in health and insurance plans, retirement plans, profit sharing and other benefits generally available to all full time employees. The Compensation Committee believes that such benefits should be competitive in our markets and consistent with its belief in offering employees basic health, welfare and retirement benefits. Additional information with respect to the type and amount of benefits appears in the column entitled All Other Compensation in the Summary Compensation Table and in footnote number seven to the Summary Compensation Table.

Stock Ownership Guidelines

The Compensation Committee believes that it is important for executive management to support an ownership culture for the Company's employees and shareholders, and in 2001, implemented stock ownership guidelines which require the named executive officers to own a minimum amount of the Company's stock within three years. The Chairman and CEO is required to own at least five times his base salary and the other named executive officers are required to own at least 2.5 times their salary in market value of Company stock. Stock ownership includes net after-tax value of vested stock options, vested grants

of performance-based restricted stock and stock or stock units from qualified plans. All of the named executive officers currently employed by the Company, have met or exceeded the stock ownership requirements.

Executive Deferred Compensation Program

During December 2005, the Compensation Committee adopted the Bank of Hawaii Corporation Executive Deferred Compensation Program, and as a component of that program, a new Bank of Hawaii Corporation Executive Base Salary Deferral Plan (collectively, the "Deferred Compensation Plan"). The Deferred Compensation Plan provides senior management and highly compensated employees of the Company and its subsidiaries, including the named executive officers, with the ability to defer up to 80% of base salary and 100% of bonus amounts. The Deferred Compensation Plan was effective January 1, 2006.

The amounts deferred by the participant will be distributed, as more specifically described in the plan, at the time and form elected by the participant. With respect to the timing, this may be (i) any specific date, (ii) six months from the date the participant separates from service with the Company or its subsidiaries, or (iii) an anniversary (up to five years) of the date the participant separates from service. In addition, the participant may receive his or her deferred compensation balance sooner as a result of disability, death, or unforeseeable emergency.

All deferral elections for a given plan year are irrevocable and cannot be changed. In addition, once the participant elects a distribution date, he or she may change it to a later date but not an earlier date. The participant must make such a change in distribution date at least 12 months before the original distribution date, and the new distribution date may be no earlier than five years after the original distribution date. Upon making the deferral election, the participant must choose between two distribution options: (i) single lump-sum cash payment or (ii) substantially equal annual installment payments over a period up to five years. However, distributions as a result of disability, death, or unforeseeable emergency will always be made as a single lump-sum cash payment.

CEO Compensation

Mr. Landon was appointed to the position of Chairman and CEO effective September 1, 2004. Mr. Landon also retained the position of President. In determining Mr. Landon's annual compensation as CEO, the Compensation Committee has sought to provide levels that are competitive among comparable banks and financial services corporations. The Compensation Committee's objectives with regard to Mr. Landon's compensation are to attract, motivate and retain a CEO with the experience and capabilities needed to maximize shareholder value, provide outstanding leadership to employees, and deliver products and services to the Company's customers. Mr. Landon's compensation reflects the Compensation Committee's continuing strategy of balancing short and long-term incentives in structuring executive officer compensation and aligning the interest of the CEO with those of shareholders.

In determining Mr. Landon's 2005 compensation for the position of Chairman and CEO, the Compensation Committee considered, among other factors, the Company's financial performance during 2005. The Company's stock price increased to \$51.54 per share and was in the second quartile of the S & P Bank Super Composite Index. The Company's diluted earnings per share finished 2005 up 11 percent and net income for 2005 was up 5 percent from the prior year. Return on average assets was 1.81 percent, up from 1.78 percent in 2004, and the return on average equity was 24.83 percent, up from 22.78 percent in 2004. The Company's efficiency ratio was 53.2 percent, a significant improvement from 56.1 percent for 2004. In 2006, the Compensation Committee awarded Mr. Landon a bonus of \$750,000 under the Executive Incentive Plan in recognition of the Company's 2005 performance. Mr. Landon did not receive any stock options or stock grants in 2005. Mr. Landon received his final payment under the Company's Retention Program as further described in footnote number six of the Summary Compensation Table.

Revenue Reconciliation Act of 1993

In general, Bank of Hawaii intends to maintain deductibility for all compensation paid to covered employees, and it will comply with the required terms of the specified exemptions under Section 162(m) of the Code as enacted by the Revenue Reconciliation Act of 1993, except where that compliance unduly would interfere with the goals of Bank of Hawaii's executive compensation program or the loss of deductibility would not be materially adverse to Bank of Hawaii's overall financial position.

(1) In September 2004, Mr. Landon's base salary was increased to \$750,000 upon his appointment as Chairman and Chief Executive Officer.

(2) All amounts reported under this column relate to bonuses under the Executive Incentive Plan. The Compensation Committee considers compensation for service on outside for-profit boards in determining the total annual compensation for executives. As such, in 2005, Ms. Tanoue's bonus was reduced to reflect such compensation. In 2003, Messrs. Landon and Thomas, and Ms. Tanoue elected to reduce their bonus under the Executive Incentive Plan and this reduction was considered in determining the amount of equity compensation granted.

(3) This column includes perquisites and other personal benefits ("perquisites") if they exceeded the lesser of \$50,000 or 10% of the total annual salary and bonus for any named executive officer for any year reported.

(4) In December 2005, Messrs. Thomas and Ho, and Ms. Tanoue received grants of restricted stock in recognition of their performance and leadership. The amounts in this column reflect the value of the service-based shares and are based on the fair market value of the stock on the date of the grants which was \$50.72 per share. The grants of restricted shares were made under the 2004 Plan. Mr. Thomas received 40,000 performance-based restricted shares which are further described in the Long-Term Incentive Plans Awards in Last Fiscal Year table. Mr. Ho received grants totaling 26,500 restricted shares, of which 11,250 are performance-based shares and 15,250 are service-based shares. Of the 15,250 service-based shares, 2,000 shares will vest in December 2006, 3,875 shares will vest in December 2007, 5,625 shares will vest in December 2008 and 3,750 shares will vest in December 2009. Ms. Tanoue received grants totaling 6,000 restricted shares, of which 1,500 are performance-based and 4,500 are service-based restricted shares. Of the service-based shares, 1,500 shares will vest in December 2006, 2,250 shares will vest in December 2007, and 750 shares will vest in December 2008. The performance-based restricted shares for Mr. Ho and Ms. Tanoue are further described in the Long-Term Incentive Plans Awards in Last Fiscal Year table. Quarterly dividends are paid on the restricted stock.

Edgar Filing: BANK OF HAWAII CORP - Form DEF 14A

In

May 2004, Mr. Landon received 75,000 restricted shares in recognition of his appointment as Chief Operating Officer. The fair market value of the stock on the date of the May 2004 grant was \$41.70 per share. Of the 75,000 restricted shares, 35,000 are service-based restricted shares, with 8,750 vesting each year beginning March 31, 2005. The amount in this column reflects the value of the 35,000 service-based restricted shares as of the date of grant. In December 2003, Mr. Landon received 75,000 restricted shares in recognition of his appointment as President. Of the 75,000 restricted shares, 40,000 are service-based with 10,000 shares vesting each year beginning March 31, 2005 and 35,000 are performance-based. The amount in this column reflects the value of the 40,000 service-based restricted shares which was \$41.42 per share as of the date of the grant. Both grants of performance-based shares have a five year vesting period to be vested upon meeting certain efficiency ratio targets and top quartile for shareholder return or achieving NIACC (net income after capital charge) budget. If the efficiency ratio target is met, 20 percent of the original performance-based shares vest each year. If the top quartile performance or annual NIACC budget is met, 30 percent of the original grant vests each year. A maximum of 50 percent of the original grant can vest in one year. If performance-based shares are not earned by December 31, 2008, they are forfeited. The grants of the restricted shares were made under the 2004 Plan and the 1994 Stock Option Plan. Quarterly dividends are paid on the restricted stock.

(5)

All stock option awards were granted with an exercise price equal to the fair market value of Bank of Hawaii's common stock on the date of grant.

(6)

This column includes payouts of performance-based restricted shares granted to Mr. Landon as further described in footnote number four. Fifty percent of the 40,000 restricted shares granted in May 2004 and fifty percent of the 35,000 restricted shares granted in December 2003 were vested upon successful completion of the performance targets on March 31, 2005. The fair market value of the Company's stock was \$45.26 per share on March 31, 2005. Quarterly dividends are paid on the restricted stock.

This

column also includes payouts and dividend equivalents on restricted stock units and other cash payouts under long-term incentive plans. All members of the Company's Managing Committee as comprised in 2003, including the named executive officers, participated in the Managing Committee 2003 Stock Compensation and Retention Program. As part of this program and under the 1994 Stock Option Plan, all participants were awarded restricted stock units ("RSUs") in October 2003 including grants to the named executive officers as follows: Mr. Landon (30,000), Mr. Kuioka (30,000), Mr. Thomas (30,000), Mr. Ho (20,000) and Ms. Tanoue (20,000). Each grant was based on the recipient's individual position, responsibilities, performance and leadership impact. Dividend equivalents were paid on the restricted stock units and the participant was entitled to a cash payment based on the fair market value of the Company's stock upon vesting. Fifty percent of the RSUs awarded to each of the named executive officers vested on April 30, 2004 and the remaining fifty percent vested on March 31, 2005 based on the successful completion of certain performance objectives. The fair market value of the Company's stock was \$43.72 per share on April 30, 2004 and \$45.26 per share on March 31, 2005. As part of the October 2003 award, Messrs. Kuioka and Thomas received a supplemental payout of \$579,825 because their respective employment continued beyond the end of the vesting period and their achievement of specific performance objectives. The amount of the supplemental payment was equal to the cash equivalent value of 50 percent of the participant's original RSU, based on the fair market value of the Company's stock on the last trading day of the month immediately preceding the payment of the supplemental payment, multiplied by a fraction, the numerator of which is the number of full months of additional employment, and the denominator of which is twelve.

(7)

Under a retention agreement entered into with Mr. Kuioka on May 3, 2004 and amended on December 16, 2005, Mr. Kuioka received in January 2006 a retention payment of \$750,000 which was equal to 24 months of his base monthly salary as of December 31, 2005. Mr. Ho's compensation for 2003 includes a one-time payout of \$29,964 for accumulated vacation in excess of 80 hours. This column includes the amount of insurance premiums paid in 2004 on behalf of the named executive officers for term life insurance pursuant to a group plan available to employees of the Company.

If an employee terminates their employment prior to July 1, 2006, the employee has two business days to exercise the shares. The non-transferability limitation does not apply with respect to shares acquired due to exercise of the option on or after July 1, 2006.

Retirement Plan

The Employees' Retirement Plan of Bank of Hawaii (the "Retirement Plan") provides retirement benefits for eligible employees based on the employee's years of service and average annual salary during the 60 consecutive months resulting in the highest average (excluding overtime, incentive plan payouts, and discretionary bonuses). The normal retirement benefit in the above table assumes payment in the form of a single life annuity commencing at age 65 and not subject to any deduction for Social Security or other offset amounts. The Internal Revenue Code generally limits the maximum annual benefit that can be paid under the Retirement Plan. If at retirement the annual benefit of any participant should exceed this limit, the excess amount will be paid to the participant out of general assets from the Bank of Hawaii Excess Benefit Plan, an unfunded excess benefit plan designed for this purpose, at the time the participant receives a distribution on his Retirement Plan benefits.

The Retirement Plan was frozen as of December 31, 1995, except that for the five-year period commencing January 1, 1996, benefits for certain eligible participants, including Mr. Kuioka, were increased in proportion to the increase in the participant's average annual salary. The credited years of service and compensation covered by the plan as of the 1995 freeze date are as follows: Mr. Kuioka, 26 years and \$226,257. The other named executive officers are not participants in the Retirement Plan.

As of December 31, 2000, the benefits under the Plan were completely frozen and not subject to increase for any additional years of service or increase in average annual salary. From the 1995 freeze date through 2000, the retirement benefit determined under the table for Mr. Kuioka was increased by 8.54% due to an increase in his average annual salary. The frozen retirement monthly annuity amount for Mr. Kuioka is approximately \$13,096.

Change-In-Control, Retention and Other Arrangements

Bank of Hawaii's Key Executive Severance Plan (the "Severance Plan") provides participants, following a change in control of the Company, with severance benefits under circumstances and in amounts set forth in the Severance Plan and in individual severance agreements with each participant. All of the named executive officers participate in the Severance Plan. Each of the severance agreements with these named executive officers provides that a "change in control" will be deemed to have occurred if any person or group becomes the beneficial owner of 25% or more of the total number of voting securities of the Company, or the persons who were directors of the Company before a cash tender or exchange offer, merger or other business combination, sale of assets, or contested election cease to constitute a majority of the Board of Directors of the Company or any successor to the Company.

Severance benefits are payable if their employment is terminated voluntarily or involuntarily within two years of a change in control. Key features include:

The payment of a lump sum amount equal to three years of compensation, consisting of salary, bonuses, and certain other incentive compensation, calculated by applying a multiplier of three to the highest salary, bonus, and incentive compensation amounts paid in the preceding three years.

Special supplemental retirement payments equal to the retirement benefits the participant would have received had his or her employment continued for three years following his or her termination of employment (or until his or her normal retirement date, if earlier).

The continuation of all other benefits he or she would have received had employment continued for three years following the termination of employment (or until his or her normal retirement date, if earlier), such as medical and group life insurance.

The lump sum payment would also include a payment equal to any difference between the actual payout under the Executive Incentive Plan (as earlier described) for the year of termination and the

Edgar Filing: BANK OF HAWAII CORP - Form DEF 14A

maximum amount that would be payable if employment continued to the end of the period and all performance goals were achieved.

The agreements provide that amounts payable will be grossed up for the amount necessary to pay any golden parachute excise tax due.

Stock options held by named executive officers will become immediately exercisable upon a change in control. A change in control also will cause the lapse of restrictions on restricted stock issued under the Director Stock Program, the 1994 Stock Option Plan and 2004 Stock and Incentive Compensation Plan. The incentive period for the Executive Incentive Plan will end, and awards will be paid upon a dissolution, liquidation, or change in control (as defined under the Severance Plan) of the Company. In those circumstances, payments will be calculated by multiplying contingent awards by two and by adjusting awards in proportion to the number of months of the original incentive period that elapsed before the triggering event.

Certain of the Company's existing and former executive officers, including Messrs. Kuioka and Thomas, are parties to retention agreements with the Company. Under these agreements, a participant is generally entitled to receive payments equal to up to twenty-four months of the participant's salary in a lump sum or as salary continuation upon the participant's departure, if and only if that departure occurs on or after an agreed upon date. These agreements were amended in December 2005 to bring them into compliance with certain requirements of Section 409A of the Internal Revenue Code, which was enacted under the American Jobs Creation Act of 2004. In general, these requirements of Section 409A impose certain new rules for non-qualified deferred compensation plans, primarily relating to the timing of elections and distributions.

Pursuant to his retention agreement, Mr. Kuioka received a payment of \$750,000 in a single lump sum on January 20, 2006. In accordance with his retention agreement, Mr. William C. Nelson, the Company's former Chief Risk Officer, was entitled to receive a payment totaling \$630,000, \$157,500 of which was paid during 2005, and the remaining \$472,500 was paid in a single lump sum on January 24, 2006.

In December 2005, the Company entered into a retention agreement with Mr. Thomas in connection with his promotion to Chief Operating Officer of the Company. Pursuant to his retention agreement, the Company will employ Mr. Thomas as its Chief Operating Officer until February 29, 2008 (the "Separation Date"), although the Company may advance the Separation Date to any date before February 29, 2008, or may extend the Separation Date to any date within three months after February 29, 2008. If Mr. Thomas performs his duties to the Company's satisfaction through February 29, 2008 and in accordance with the terms of the Retention Agreement, he will receive a payment equal to 24 months of his base monthly salary as of February 29, 2008. The payment will be made to Mr. Thomas in 36 monthly payments, as more particularly specified in his retention agreement, commencing on the first day of the seventh month after the Separation Date. In addition, Mr. Thomas will be entitled to certain continued health insurance coverage with the same percentage of shared premiums as prior to the Separation Date.

Effective January 2006, Mr. Kuioka was named Vice Chairman of the Board of Directors of the Bank and assumed additional responsibilities on behalf of the Bank Board to provide advisory services supporting client relationships. In consideration of Mr. Kuioka's advisory and client relationship services, he will receive annual compensation of approximately \$66,000 and reimbursement of business related expenses, in addition to director retainer and meeting fees.

Certain Transactions with Management and Others

Certain transactions involving loans, deposits and certificates of deposit, and money market instruments, and certain other banking transactions occurred during fiscal year 2005 between the Bank and its subsidiaries, and one or more of the Company's directors, nominees for director and executive officers, members of their immediate families, corporations and organizations of which one or more of them was a beneficial owner of 10% or more of a class of equity securities, certain of their associates and affiliates, and certain trusts and estates of which one or more of them was a trustee or substantial beneficiary, on the other hand. All such transactions were made in the ordinary course of business on substantially the same terms, including interest rates and collateral that prevailed at the time for comparable transactions with

other persons and did not involve more than the normal risk of collectibility or present other unfavorable features.

Section 16(a) Beneficial Ownership Reporting Compliance

The rules of the SEC require Bank of Hawaii to disclose late filings of reports of ownership (and changes in stock ownership) of Bank of Hawaii common stock by its directors and certain officers. To our knowledge, based on review of the copies of such reports received by Bank of Hawaii and the written representations of its directors and officers, the Company believes that all of its directors and officers complied timely with those filing requirements for 2005, with the exception of one report which was not filed timely by Ms. Tanoue in connection with her acquisition of 27 Bank of Hawaii shares on July 31, 2003 as custodian for her daughter. Upon discovery of the omission, the transaction was reported. On February 9, 2005 a Form 4 was filed to reflect the exercise of options and acquisition of 7,373 shares held by Mr. Kuioka. Due to an administrative error, the transaction was incorrectly reported as an acquisition rather than a disposition of 7,373 options on Table II of such Form. Upon discovery of the administrative error on February 21, 2006, an amendment to such Form was immediately filed.

**PROPOSAL 2: AMENDMENT OF BANK OF HAWAII CORPORATION
2004 STOCK AND INCENTIVE COMPENSATION PLAN TO INCREASE AVAILABLE SHARES**

The Board of Directors has approved and recommended for submission to the shareholders for approval, an amendment increasing the total number of shares that may be granted under the Bank of Hawaii Corporation Stock and Incentive Compensation Plan of 2004 (the "Stock Plan"), and increasing the limit on the number of shares which may be issued pursuant to incentive stock options ("ISOs") and non-qualified stock options (NQSOs). The proposed amendment to the Stock Plan would increase the shares of common stock that may be issued under the Plan by 1,000,000 to 1,700,000, and would increase the limit on the number of shares which may be issued pursuant to ISOs and NQSOs, in each case by 1,000,000, to 1,700,000. The original number of shares of Common Stock reserved and available for awards under the Stock Plan was 700,000; the limit on the number of shares which may be issued as ISOs and NQSOs was, in each case, 700,000. As of December 31, 2005 there were 233,695 shares available for grant or award under the Stock Plan.

The purpose of the Stock Plan is to promote the success and enhance the value of the Company by linking the interests of participants to those of the Company's shareholders and by providing participants with incentive for outstanding performance. The Stock Plan is further intended to provide flexibility to the Company in its ability to motivate, attract, and retain the services of participants upon whose judgment, interest, and special effort the successful conduct of its operations largely is dependent. The Board of Directors believes that the additional shares are consistent with the Stock Plan's purpose, and is desirable in order to service the needs of the Plan.

Subject to the discretion of the Compensation Committee, the Stock Plan provides for the award of incentive stock options, nonqualified stock options, stock appreciation rights ("SARs"), restricted stock, restricted stock units, performance shares, performance units, cash-based awards, and stock-based awards. In addition, dividend equivalents may be paid in respect of any such awards. The Company's management intends to recommend that the Compensation Committee adopt a policy providing that equity grants made after shareholder approval of the proposed amendment to the Stock Plan will result in a prospective gross three-year average "burn rate" through 2008 not exceeding 2.46% of common shares outstanding.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE FOREGOING PROPOSAL.

Description of the Stock Plan. The following is a brief summary of the principal provisions of the Stock Plan, as amended. The proposed amendment will not affect any existing provisions of the Stock Plan except the number of shares that may be granted, and the limit on the number of shares which may be issued pursuant to ISOs and NQSOs. Reference should be made to the full text of the Stock Plan for a complete description of its terms and conditions and the summary below, which is general in nature, is qualified entirely by the provisions of the Stock Plan. A complete copy of the Stock Plan, including the proposed Amendment No. 2006-1 is included in Appendix A.

Previous Amendment. This is the first proposed amendment to the Stock Plan since having been approved by the shareholders in 2004.

Duration of the Stock Plan. Unless terminated sooner by the Compensation Committee or Board, the Stock Plan shall terminate on April 30, 2014. After the Stock Plan is terminated, no future awards may be granted but awards previously granted shall remain outstanding in accordance with their applicable terms and conditions and the Stock Plan's terms and conditions.

Authorized Shares. Upon approval by the shareholders of the proposed amendment, the maximum number of shares of Common Stock reserved and available for awards under the Stock Plan will be 1,700,000. If any award under the Stock Plan is exercised or cashed out, or terminates or expires or is forfeited, without payment made in the form of Common Stock, the shares subject to such award will again be available for grant under the Stock Plan. Further, if the option price or tax withholding requirements

with respect to an award are satisfied by tendering shares, or if a SAR is exercised, only the number of shares issued will be taken into account in determining the maximum number of shares available for awards under the Stock Plan. The number of shares reserved and available for awards is subject to equitable adjustment at the discretion of the Compensation Committee in connection with any transaction or event that affects the Company's Common Stock (including, but not limited to, a merger, consolidation, reorganization, recapitalization, separation, stock dividend, stock split, split up, spin-off, combination of shares, exchange of shares, or other like change in capital structure) which may be required in order to prevent dilution or enlargement of rights. Further, the plan is the successor to the Pacific Century Financial Corporation Stock Option Plan of 1994 (the "Predecessor Plan"), and any shares of Common Stock as to which awards under the Predecessor Plan lapse, terminate, expire or be cancelled, are settled in cash in lieu of Common Stock, or are tendered to pay an exercise price or to satisfy any tax withholding requirement, will also be deemed to be available for issuance or reissuance under the Stock Plan.

Administration. The Stock Plan is administered by the Compensation Committee. The Compensation Committee maintains the discretionary authority to interpret the terms and conditions of the Stock Plan, determine the employees and independent contractors, to whom awards may be granted, determine the terms and conditions of any award, including the performance goals, if any, applicable to an award, and adopt rules, regulations, and guidelines relating to the administration of the Stock Plan. Except with respect to awards to certain officers, the Compensation Committee may by resolution authorize one or more officers of the Company to designate the participants to whom awards are granted and to determine the size (subject to the aggregate number as the Compensation Committee may authorize) and terms and conditions of the awards. All decisions made by the Compensation Committee pursuant to the provisions of the Stock Plan are final and binding on persons, including the Company and participants.

The Company's management intends to recommend that the Compensation Committee adopt a policy providing that equity grants made after shareholder approval of the proposed amendment to the Stock Plan will result in a prospective gross three-year average "burn rate" through 2008 not exceeding 2.46% of common shares outstanding.

Eligibility. The Compensation Committee may grant awards under the Stock Plan to any employee, including officers and other key employees, or independent contractors of the Company or any of its subsidiaries or affiliates. A director of the Company or any of its subsidiaries or affiliates, who is not otherwise employed by such an organization, is not eligible to participate in awards under the Stock Plan.

Limits on Awards. Annual grant limitations under the Stock Plan apply to awards that are intended to qualify for exemption from Section 162(m) of the Code. Section 162(m) precludes a publicly held corporation from claiming a deduction for compensation in excess of \$1 million paid to its chief executive officer or to any of its four other most highly compensated executive officers. Compensation is exempt from this limitation if it satisfies requirements for "qualified performance-based compensation." In order to comply with the exemption from Section 162(m), awards that are intended to qualify as performance based compensation to covered employees are subject to the following annual limits: (a) the maximum aggregate number of shares for options granted in any one calendar year to any one covered employee is 2,500,000 shares; (b) the maximum aggregate number of shares for SARs granted in any one calendar year to any one covered employee is 2,500,000 shares; (c) the maximum aggregate number of shares for restricted stock and restricted stock units granted in any one calendar year to any one covered employee is 500,000 shares; (d) the maximum aggregate number of shares for performance shares and performance units granted in any one calendar year to any one covered employee is 500,000 shares; (e) the maximum aggregate value for cash-based awards paid in any one calendar year to any one covered employee is \$10,000,000; and (f) the maximum aggregate number of shares for any other stock-based awards granted in any one calendar year to any one covered employee is 500,000 shares. In each case, the foregoing annual individual limit is increased by the amount the preceding fiscal year's applicable individual limit was not used. These annual limits, the above description of the individuals eligible to participate in the Stock Plan,

and the below description of performance measures upon which awards may be conditioned are material terms of the Stock Plan required to be disclosed and approved by shareholders for purposes of meeting the requirements for performance-based compensation under Section 162(m) of the Code. The foregoing individual limits which are denominated in shares are subject to equitable adjustment at the discretion of the Compensation Committee in the same manner as the total number of shares reserved for issuance as discussed above under the heading "Authorized Shares."

Stock Options. Options granted under the Stock Plan may be either an option intended to be an ISO within the meaning of Section 422 of the Code or an NQSO. Upon exercise of an option, the participant is entitled to purchase option shares at a specified exercise price. The Compensation Committee at its discretion determines the number of option shares, duration of the option (but no later than the tenth anniversary of the date of grant), exercise price (e.g., equal to, greater than fair market value, or indexed), vesting, rights to dividend equivalents, and other terms and conditions not inconsistent with the Stock Plan. The Stock Plan, as amended, provides that (i) 1,700,000 shares of Common Stock may be issued under awards in the form of ISOs, and (ii) 1,700,000 shares of Common Stock may be issued under awards in the form of NQSOs. If a participant's employment or service with the Company or any of its subsidiaries or affiliates terminates, the participant's options are exercisable in the manner determined by the Compensation Committee and provided under the award agreement. However, for purposes of complying with tax qualification requirements, ISOs may be granted only to employees of the Company (or of any parent corporation or subsidiary corporation, as defined in Section 424 of the Code, in respect of the Company), may not be granted following the tenth anniversary of the Effective Date, must have a term of ten years or less, and shall be subject to an exercise price no less than fair market value of Common Stock as of the date of grant. Further, following a participant's termination of employment (other than due to death or disability) ISOs are generally exercisable only within three months after such termination, and the aggregate fair market value (determined at the time of grant) of Common Stock, with respect to which ISOs are exercisable for the first time by a participant during any calendar year, may not exceed \$100,000. Upon exercise of an option, the exercise price is payable in cash, by tendering shares having a fair market value equal to the exercise price, or by any other method as determined by the Compensation Committee and provided under the award agreement. The Compensation Committee may also permit certain forms of "cashless exercise" of an option, including an arrangement under which the participant instructs a registered securities broker to sell a sufficient number of shares to cover the costs and expenses associated with the exercise of the option. As soon as practicable following payment of the exercise price, the option shares are delivered to the participant and, as may be determined by the Compensation Committee and provided under the award agreement, the option shares acquired may comprise restricted stock as described below.

SARs. SARs are granted either by themselves ("freestanding") or in connection with options ("tandem SARs"). Upon exercise of an SAR, the participant is entitled to receive an amount based upon the appreciation in the Common Stock over the grant price. The Compensation Committee, at its discretion, determines the number of SARs, duration of the SARs (but generally not later than the tenth anniversary of the date of grant), grant price (e.g., equal to, greater than fair market value, or indexed), vesting, form of payment (in cash or equivalent value in shares), rights to dividend equivalents, and other terms and conditions not inconsistent with the Stock Plan. If a participant's employment or service with the Company or any of its subsidiaries or affiliates terminates, the participant's SARs are exercisable in the manner determined by the Compensation Committee and provided under the award agreement. However, the grant price of tandem SARs is equal to the exercise price of the related option, and tandem SARs granted in connection with ISOs are subject generally to the terms and conditions relating to the underlying ISOs. The Compensation Committee may, at its discretion, substitute SARs for outstanding options granted to a participant, provided that the substituted SARs are at least equivalent to the terms and economic benefit of the options.

Restricted Stock and Restricted Stock Units. Restricted stock is a stock grant to participants that generally remain nontransferable and subject to forfeiture until the satisfaction of specified conditions. Restricted stock units are similar to restricted stock except that restricted stock units represent defined units of value and not shares of Common Stock. The Compensation Committee, at its discretion, determines the number of restricted stock or restricted stock units, term of the restriction period, applicable restrictions (e.g., vesting conditioned on service or attainment of performance goals, and holding requirements or sale restrictions upon vesting), any applicable purchase price, voting rights during the restriction period (although voting rights do not apply to restricted stock units), rights to dividends (or dividend equivalents in the case of restricted stock units) during the restriction period, form of payment, custody of restricted stock certificates during the restriction period, and other terms and conditions not inconsistent with the Stock Plan. If a participant's employment or service with the Company or any of its subsidiaries or affiliates terminates, the participant is entitled to the restricted stock or restricted stock units in manner determined by the Compensation Committee and provided under the award agreement. Upon satisfaction or lapse of applicable conditions, restricted stock generally becomes freely transferable and nonforfeitable in favor of the participant, and restricted stock units become payable in cash, shares, or a combination of cash and shares as may be determined by the Compensation Committee and provided under the award agreement.

Performance Shares and Performance Units. A performance share is a hypothetical share unit with an initial value equal to the fair market value of a share of Common Stock as of the date of grant, and a performance unit is a unit of value with an initial value as of the date of grant as may be established by the Compensation Committee and provided under the award agreement. The Compensation Committee, at its discretion, determines the number of performance shares or performance units granted to a participant, term of the performance period, applicable performance goals, any applicable purchase price, rights to dividend equivalents during the performance period, form of payment, and other terms and conditions not inconsistent with the Stock Plan. If a participant's employment or service with the Company or any of its subsidiaries or affiliates terminates, the participant is entitled to the performance share or performance units in the manner determined by the Compensation Committee and provided under the award agreement. Upon satisfaction of the performance goals, the performance shares and the performance units become payable in cash, shares, or a combination of cash and shares as may be determined by the Compensation Committee and provided under the award agreement.

Cash-Based Awards and Stock-Based Awards. The Compensation Committee maintains the flexibility to provide for cash-based awards and stock-based awards in the amount and manner that it may determine at its discretion. Such awards may be valued and conditioned upon performance periods and goals, and may be payable in cash, shares, or a combination of cash and shares as may be determined by the Compensation Committee. If a participant's employment or service with the Company or any of its subsidiaries or affiliates terminates, the participant shall be entitled to payment of cash-based awards and stock-based awards in the manner determined by the Compensation Committee and provided under the award agreement. Cash-based awards and stock-based awards may serve as the basis for formulating short-term or long-term performance-based bonus arrangements.

Performance Goals. As determined at the discretion of the Compensation Committee, the terms and conditions of awards under the Stock Plan (e.g., relating to amount, measurement, vesting, and payment) may be conditioned upon the attainment of certain performance goals. In the case of awards that are intended to comprise qualified performance-based compensation to covered employees under Section 162(m) of the Code, the performance goals are limited to being based on one or more, separately or in combination, of the following: (a) earnings per share (actual or targeted growth); (b) net income after capital charge; (c) net income (before or after taxes); (d) return measures (including, but not limited to, return on average assets, risk-adjusted return on capital, or return on average equity); (e) efficiency ratio; (f) full-time equivalency control; (g) stock price (including, but not limited to, growth measures and total shareholder return); (h) noninterest income compared to net interest income ratio; (i) expense targets;

(j) margins; (k) operating efficiency; (l) EVA®; (economic value added) and (m) customer satisfaction. The performance goals may apply to the Company as a whole or any subsidiary, affiliate, or business unit of the Company, or as compared to the performance of a group of comparable companies, or published or special index that the Compensation Committee deems appropriate, or as compared to various stock market indices. In an award, the Compensation Committee may include or exclude any of the following events that occurs during a performance period: (a) asset-write downs, (b) litigation or claim judgments or settlements, (c) the effect of changes in tax laws, accounting principles, or other laws or provisions regarding financial reporting, (d) reorganizations or restructurings, (e) certain extraordinary or nonrecurring items, (f) acquisitions or divestitures, or (g) foreign exchange gains or losses. Any performance based awards may not be adjusted upwards, but may be adjusted downwards.

Change in Control. In the event of a "change in control" of the Company within the meaning of the Stock Plan, unless prohibited by law or otherwise determined by the Compensation Committee and provided under the award agreement: (a) options and SARs are immediately vested and, if the participant is terminated without "cause" (within the meaning of the Stock Plan) from employment or service within one year of the change in control, such options and SARs are exercisable within one year of such termination (or, if lesser, the remaining term of the options and SARs); (b) restricted stock and restricted stock units are immediately vested; and (c) performance shares and performance units, and other awards conditioned upon performance goals or restrictions, become payable based on the assumed achievement or satisfaction of applicable performance goals or restrictions and based on a proration in accordance with completion of the applicable performance periods.

Nontransferability. Except as may be provided under an award agreement, any award granted is not transferable other than will or by the laws of descent and distribution and, further, the rights to the award apply to and may be exercised by, during the participant's lifetime, only by the participant.

Amendment and Termination. The Compensation Committee or the Board may amend or terminate the Stock Plan in whole or in part at any time. However, no amendment can be made without shareholder approval as may be required by law, regulation, or stock exchange rule. Further, options may not be repriced, replaced, or regranted through cancellation without prior shareholder approval. An amendment may not adversely affect in a material way any outstanding award without the written consent of the participant. Unless terminated sooner by action of the Compensation Committee or Bank, the Stock Plan will terminate ten years following the Effective Date.

Tax Withholding. The Company shall have the power and right to deduct, withhold, or require the participant to remit to the Company, an amount necessary to satisfy all applicable tax withholding requirements in connection with an award. The Company may require, or a participant may elect if permitted by the Compensation Committee, to satisfy, in whole or in part, any tax withholding obligation by withholding shares of Common Stock from shares otherwise issuable to the participant.

Summary of Certain Federal Income Tax Considerations. The following discussion briefly summarizes certain United States federal income tax aspects of awards granted pursuant to the Plan. State, local and foreign tax consequences may differ.

ISOs. A participant will not recognize income on the grant or exercise of an incentive stock option. However, the difference between the exercise price and the fair market value of the stock on the date of exercise is an adjustment item for purposes of the alternative minimum tax. If a participant does not exercise an incentive stock option within certain specified periods after termination of employment, the participant will recognize ordinary income on the exercise of an incentive stock option in the same manner as on the exercise of a nonqualified stock option, as described below. The general rule is that gain or loss from the sale or exchange of shares acquired on the exercise of an incentive stock option will be treated as capital gain or loss. If certain holding period requirements are not satisfied, however, the participant generally will recognize ordinary income at the time of the disposition. Gain recognized on the disposition

in excess of the ordinary income resulting there from will be capital gain, and any loss recognized will be a capital loss.

NQSOs, SARs, Restricted Stock Units, Performance Shares, Performance Units, Cash-Based Awards, Stock-Based Awards and Dividend Equivalents. A participant generally is not required to recognize income on the grant of a nonqualified stock option, a stock appreciation right, restricted stock units, performance shares, a performance unit, a cash-based award, a stock based award, or dividend equivalents. Instead, ordinary income generally is required to be recognized on the date the nonqualified stock option or stock appreciation right is exercised, or in the case of restricted stock units, performance shares, performance units, cash-based awards, stock-based awards and dividend equivalents, upon the issuance of shares and/or the payment of cash pursuant to the terms of the award. In general, the amount of ordinary income required to be recognized, (a) in the case of a nonqualified stock option, is an amount equal to the excess, if any, of the fair market value of the shares on the exercise date over the exercise price, (b) in the case of a stock appreciation right, the amount of cash and/or the fair market value of any shares received upon exercise plus the amount of taxes withheld from such amounts, minus the amount, if any, paid for the award, and (c) in the case of restricted stock units, performance shares, performance units, cash-based awards, stock-based awards and dividend equivalents, the amount of cash and/or the fair market value of any shares received in respect thereof, plus the amount of taxes withheld from such amounts, minus the amount, if any, paid for the award.

Restricted Stock. Unless a participant who receives an award of restricted stock makes an election under Section 83(b) of the Code as described below, the participant generally is not required to recognize ordinary income on the award of restricted stock. Instead, on the date the shares vest (i.e. become transferable or no longer subject to forfeiture), the participant will be required to recognize ordinary income in an amount equal to the excess, if any, of the fair market value of the shares on such date over the amount, if any, paid for such shares. If a participant makes a Section 83(b) election to recognize ordinary income on the date the shares are awarded, the amount of ordinary income required to be recognized is an amount equal to the excess, if any, of the fair market value of the shares on the date of award over the amount, if any, paid for such shares. In such case, the participant will not be required to recognize additional ordinary income when the shares vest.

Gain or Loss on Sale or Exchange of Shares. In general, gain or loss from the sale or exchange of shares granted or awarded under the Stock Plan will be treated as capital gain or loss, provided that the shares are held as capital assets at the time of the sale or exchange. However, if certain holding period requirements are not satisfied at the time of a sale or exchange of shares acquired upon exercise of an incentive stock option (a "disqualifying disposition"), a participant generally will be required to recognize ordinary income upon such disposition.

Deductibility by Company. The Company generally is not allowed a deduction in connection with the grant or exercise of an incentive stock option. However, if a participant is required to recognize income as a result of a disqualifying disposition, the Company will be entitled to a deduction equal to the amount of ordinary income so recognized. In general, in the case of a nonqualified stock option (including an incentive stock option that is treated as a nonqualified stock option, as described above), a stock appreciation right, restricted stock, restricted stock units, performance shares, performance units, cash-based awards, stock-based awards and dividend equivalents, the Company will be allowed a deduction in an amount equal to the amount of ordinary income recognized by a participant, provided that certain income tax reporting requirements are satisfied.

Performance-Based Compensation. Subject to certain exceptions, Section 162(m) of the Code disallows federal income tax deductions for compensation paid by a publicly-held corporation to certain executives to the extent the amount paid to an executive exceeds \$1 million for the taxable year. The Stock Plan has been designed to allow the grant of awards that qualify under an exception to the deduction limit of Section 162(m) for "performance-based compensation."

Parachute Payments. Where payments to a person that are contingent on a change in control exceed limits specified in the Code, the person generally is liable for a 20 percent excise tax on, and the corporation or other entity making the payment generally is not entitled to any deduction for, a specified portion of such payments. The Compensation Committee may make awards under the Stock Plan as to which the vesting of such awards is accelerated by a change of control. Such accelerated vesting would be relevant in determining whether the excise tax and deduction disallowance rules would be triggered with respect to certain participants.

New Tax Rules Affecting Nonqualified Deferred Compensation Plan. New federal income tax rules that apply to "nonqualified deferred compensation plans" were enacted under Section 409A of the Code as part of the American Jobs Creation Act of 2004, and which became effective on January 1, 2005. If an award for any reason failed to comply with, or to qualify for an exemption from, the new rules, such failure could result in significant adverse tax results to the award recipient. Such adverse tax results include immediate taxation of the award upon vesting (and possibly immediate taxation upon vesting of the participant's awards under certain other plans), an additional income tax of 20 percent of the amount of income so recognized, plus a special interest payment.

Bank of Hawaii Corporation
2004 Stock and Incentive Compensation Plan

Article 1. Establishment, Purpose, and Duration

1.1 Establishment of the Plan. Bank of Hawaii Corporation, a Delaware corporation (hereinafter referred to as the "Company"), establishes an incentive compensation plan to be known as the Bank of Hawaii Corporation 2004 Stock and Incentive Compensation Plan (hereinafter referred to as the "Plan"), as set forth in this document.

The Plan permits the grant of Nonqualified Stock Options, Incentive Stock Options, Stock Appreciation Rights ("SARs"), Restricted Stock, Restricted Stock Units, Performance Shares, Performance Units, Cash-Based Awards, and Stock-Based Awards.

The Plan shall become effective upon shareholder approval of the Plan (the "Effective Date") and shall remain in effect as provided in Section 1.3 hereof.

1.2 Purpose of the Plan. The purpose of the Plan is to promote the success and enhance the value of the Company by linking the personal interests of the Participants to those of the Company's shareholders, and by providing Participants with an incentive for outstanding performance.

The Plan is further intended to provide flexibility to the Company in its ability to motivate, attract, and retain the services of Participants upon whose judgment, interest, and special effort the successful conduct of its operation largely is dependent.

1.3 Duration of the Plan. Unless sooner terminated as provided herein, the Plan shall terminate ten (10) years from the Effective Date. After the Plan is terminated, no future Awards may be granted but Awards previously granted shall remain outstanding in accordance with their applicable terms and conditions and the Plan's terms and conditions. Notwithstanding the foregoing, no Incentive Stock Options may be granted more than ten (10) years after the earlier of (a) the adoption of the Plan by the Board, and (b) the Effective Date.

1.4 Successor Plan. This Plan shall serve as the successor to the Pacific Century Financial Corporation Stock Option Plan of 1994 (the "Predecessor Plan"), and no further grants can be made under the Predecessor Plan on or after January 1, 2004. All outstanding Awards under the Predecessor Plan immediately prior to the Effective Date of this Plan are hereby incorporated into this Plan and shall accordingly be treated as Awards under this Plan. However, each such Award shall continue to be governed solely by the terms and conditions of the instrument evidencing such grant or issuance and, except as otherwise expressly provided herein, no provision of this Plan shall affect or otherwise modify the rights or obligations of holders of such incorporated Awards. Any Shares of common stock reserved for issuance under the Predecessor Plan in excess of the number of Shares as to which Awards have been awarded as of January 1, 2004 thereunder shall be deemed available for grant under Section 4.1 of the Plan. Any Shares as to which Awards granted or issued under the Predecessor Plan that may lapse, expire, terminate, or be cancelled, are settled in cash in lieu of common stock, are tendered (either by actual delivery or attestation) to pay the Option Price, or satisfy any tax withholding requirements also shall be deemed available for issuance or reissuance under Section 4.1 of the Plan.

Article 2. Definitions

Whenever used in the Plan, the following terms shall have the meaning set forth below, and when the meaning is intended, the initial letter of the word shall be capitalized.

2.1

"**Affiliate**" shall have the meaning ascribed to such term in Rule 12b-2 of the General Rules and Regulations of the Exchange Act.

2.2

"**Award**" means, individually or collectively, a grant under this Plan of NQSOs, ISOs, SARs, Restricted Stock, Restricted Stock Units, Performance Shares, Performance Units, Cash-Based Awards, or Stock-Based Awards.

Article 3. Administration

3.1 General. The Committee shall be responsible for administering the Plan. The Committee may employ attorneys, consultants, accountants, and other persons, and the Committee, the Company, and its officers and Directors shall be entitled to rely upon the advice, opinions, or valuations of any such persons. Such authority shall include, but not be limited to, selecting Award recipients, establishing all Award terms and conditions and, subject to Article 16, adopting modifications and amendments, or subplans to the Plan or any Award Agreement, including without limitation, any that are necessary to comply with the laws of the countries in which the Company, its Affiliates, and/or its Subsidiaries operate.

Subject to adjustment as provided in Section 4.2 herein, the number of Shares hereby reserved for issuance to Participants under the Plan (the "Share Authorization") shall be seven hundred thousand (700,000) Shares. Any Shares related to Awards which terminate by expiration, forfeiture, cancellation, or otherwise without the issuance of such Shares, are settled in cash in lieu of Shares, or are exchanged with the Committee's permission for Awards not involving Shares, shall be available again for grant under the

Plan. Moreover, if the Option Price of any Option granted under the Plan or the tax withholding requirements with respect to any Award granted under the Plan are satisfied by tendering Shares to the Company (by either actual delivery or by attestation), or if an SAR is exercised, only the number of Shares issued, net of the Shares tendered, if any, will be deemed delivered for purposes of determining the maximum number of Shares available for delivery under the Plan. The maximum number of Shares available for issuance under the Plan shall not be reduced to reflect any dividends or dividend equivalents that are reinvested into additional Shares or credited as additional Restricted Stock, Restricted Stock Units, Performance Shares, or Stock-Based Awards. The Shares available for issuance under the Plan may be authorized and unissued Shares or treasury Shares.

Unless and until the Committee determines that an Award to a Covered Employee shall not be designed to qualify as Performance-Based Compensation, the following limits (each an "Annual Award Limit," and collectively, "Annual Award Limits") shall apply to grants of such Awards under the Plan:

- (a) **Options:** The maximum aggregate number of Shares that may be granted in the form of Options, pursuant to any Award granted in any one Fiscal Year to any one Participant shall be two and one-half million (2,500,000) Shares, plus the amount of the Participant's unused applicable Annual Award Limit as of the close of the previous Fiscal Year.
- (b) **SARs:** The maximum aggregate number of Shares that may be granted in the form of Stock Appreciation Rights, pursuant to any Award granted in any one Fiscal Year to any one Participant shall be two and one-half million (2,500,000) Shares, plus the amount of the Participant's unused applicable Annual Award Limit as of the close of the previous Fiscal Year.
- (c) **Restricted Stock/Restricted Stock Units:** The maximum aggregate grant with respect to Awards of Restricted Stock/Restricted Stock Units granted in any one Fiscal Year to any one Participant shall be five hundred thousand (500,000) Shares, plus the amount of the Participant's unused applicable Annual Award Limit as of the close of the previous Fiscal Year.

- (f) **Stock Awards.** The maximum aggregate grant with respect to Awards of Stock-Based Awards in any one Fiscal Year to any one Participant shall be five-hundred thousand (500,000) Shares, plus the amount of the Participant's unused applicable Annual Award Limit as of the close of the previous Fiscal Year.

4.2 Adjustments in Authorized Shares. In the event of any corporate event or transaction (including, but not limited to, a change in the Shares of the Company or the capitalization of the Company) such as a merger, consolidation, reorganization, recapitalization, separation, Stock dividend, Stock split, reverse Stock split, split up, spin-off, or other distribution of Stock or property of the Company, combination of securities, exchange of securities, dividend in kind, or other like change in capital structure or distribution (other than normal cash dividends) to shareholders of the Company, or any similar corporate event or transaction, the Committee, in its sole discretion, in order to prevent dilution or enlargement of Participants' rights under the Plan, shall substitute or adjust, in an equitable manner, as applicable, the number and kind of Shares that may be issued under the Plan, the number and kind of Shares subject to

outstanding Awards, the Option Price or Grant Price applicable to outstanding Awards, the Award Limits, and other value determinations applicable to outstanding Awards.

Appropriate adjustments may also be made by the Committee in the terms of any Awards under the Plan to reflect such changes or distributions and to modify any other terms of outstanding Awards on an equitable basis, including modifications of performance goals and changes in the length of Performance Periods. The determination of the Committee as to the foregoing adjustments, if any, shall be conclusive and binding on Participants under the Plan.

Subject to the provisions of Article 15 and any applicable law or regulatory requirement, without affecting the number of Shares reserved or available hereunder, the Committee may authorize the issuance, assumption, substitution, or conversion of Awards under this Plan in connection with any merger, consolidation, acquisition of property or Stock, or reorganization, upon such terms and conditions as it may deem appropriate. Additionally, the Committee may amend the Plan, or adopt supplements to the Plan, in such manner as it deems appropriate to provide for such issuance, assumption, substitution, or conversion, all without further action by the Company's shareholders.

Article 5. Eligibility and Participation

5.1 Eligibility. Individuals eligible to participate in the Plan include all Employees and Independent Contractors.

5.2 Actual Participation. Subject to the provisions of the Plan, the Committee may from time to time, select from all eligible Employees and Independent Contractors, those to whom Awards shall be granted and shall determine the nature and amount of each Award.

Article 6. Stock Options

6.1 Grant of Options. Subject to the terms and provisions of the Plan, Options may be granted to Participants in such number, and upon such terms, and at any time and from time to time as shall be determined by the Committee, provided that ISOs shall not be granted to Independent Contractors.

6.2 Award Agreement. Each Option grant shall be evidenced by an Award Agreement that shall specify the Option Price, the duration of the Option, the number of Shares to which the Option pertains, the conditions upon which an Option shall become vested and exercisable, and such other provisions as the Committee shall determine which are not inconsistent with the terms of the Plan. The Award Agreement also shall specify whether the Option is intended to be an ISO or a NQSO.

6.3 Option Price. The Option Price for each grant of an Option under this Plan shall be determined by the Committee and shall be specified in the Award Agreement. The Option Price may include (but not be limited to) an Option Price based on one hundred percent (100%) of the FMV of the Shares on the date of grant, an Option Price that is set at a premium to the FMV of the Shares on the date of grant, or is indexed to the FMV of the Shares on the date of grant, with the index determined by the Committee, in its discretion, however, if the Option is an ISO the Option Price must be at least equal to one hundred percent (100%) of the FMV of the Shares on the date of grant.

6.4 Duration of Options. Each Option granted to a Participant shall expire at such time as the Committee shall determine at the time of grant; provided, however, no Option shall be exercisable later than the tenth (10th) anniversary date of its grant. Notwithstanding the foregoing, for Options granted to Participants outside the United States, the Committee has the authority to grant Options that have a term greater than ten (10) years.

6.5 Exercise of Options. Options granted under this Article 6 shall be exercisable at such times and be subject to such restrictions and conditions as the Committee shall in each instance approve, which need not be the same for each grant or for each Participant.

6.6 Payment. Options granted under this Article 6 shall be exercised by the delivery of a written notice of exercise to the Company, setting forth the number of Shares with respect to which the Option is to be exercised, accompanied by full payment for the Shares.

The Option Price upon exercise of any Option shall be payable to the Company in full either: (a) in cash or its equivalent; (b) by tendering (either by actual delivery or attestation) previously acquired Shares having an aggregate FMV at the time of exercise equal to the total Option Price (provided, if required to maintain favorable accounting treatment for the Options granted, the Shares that are tendered must have been held by the Participant for at least six (6) months prior to their tender to satisfy the Option Price or have been purchased on the open market); (c) by a combination of (a) and (b); or (d) any other method approved by the Committee in its sole discretion at the time of grant and as set forth in the Award Agreement.

The Committee also may allow cashless exercise as permitted under the Federal Reserve Board's Regulation T, subject to applicable securities law restrictions, or by any other means which the Committee determines to be consistent with the Plan's purpose and applicable law.

Subject to Section 6.7 and any governing rules or regulations, as soon as practicable after receipt of a written notification of exercise and full payment, the Company shall deliver to the Participant, Share certificates or evidence of book entry Shares, in an appropriate amount based upon the number of Shares purchased under the Option(s).

Unless otherwise determined by the Committee, all payments under all of the methods indicated above shall be paid in United States dollars.

6.7 Restrictions on Share Transferability. The Committee may impose such restrictions on any Shares acquired pursuant to the exercise of an Option granted under this Article 6 as it may deem advisable, including, without limitation, requiring the Participant to hold the Shares acquired pursuant to exercise for a specified period of time, restrictions under applicable federal securities laws, under the requirements of any stock exchange or market upon which such Shares are then listed and/or traded, and under any blue sky or state securities laws applicable to such Shares.

6.8 Termination of Employment. Each Participant's Award Agreement shall set forth the extent to which the Participant shall have the right to exercise the Option following termination of the Participant's employment with the Company, its Affiliates, and/or its Subsidiaries. Such provisions shall be determined in the sole discretion of the Committee, shall be included in the Award Agreement entered into with each Participant, need not be uniform among all Options issued pursuant to this Article 6, and may reflect distinctions based on the reasons for termination.

6.9 Transferability of Options.

(a)

Incentive Stock Options. No ISO granted under the Plan may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution. Further, all ISOs granted to a Participant under this Article 6 shall be exercisable during his or her lifetime only by such Participant.

(b)

Nonqualified Stock Options. Except as otherwise provided in a Participant's Award Agreement or otherwise at any time by the Committee, no NQSO granted under this Article 6 may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution; provided that the Board or Committee may permit further transferability, on a general or a specific basis, and may impose conditions and limitations on any permitted transferability. Further, except as otherwise provided in a Participant's Award Agreement or otherwise at any time by the Committee, or unless the Board or the Committee decides to permit further transferability, all NQSOs granted to a Participant under this Article 6 shall be exercisable during his or her lifetime only by such Participant.

6.10 Notification of Disqualifying Disposition. The Participant will notify the Company upon the disposition of Shares issued pursuant to the exercise of an ISO. The Company will use such information to determine whether a disqualifying disposition as described in Section 421(b) of the Code has occurred.

6.11 Dividend Equivalents. At the discretion of the Committee, Participants holding Options may be entitled to receive dividend equivalents with respect to dividends declared with respect to the Shares. Such dividend equivalents may be in the form of cash, Shares, Restricted Stock, or Restricted Stock Units, and may be subject to accrual, forfeiture, or payout restrictions as determined by the Committee in its sole discretion.

Article 7. Stock Appreciation Rights

7.1 Grant of SARs. Subject to the terms and conditions of the Plan, SARs may be granted to Participants at any time and from time to time as shall be determined by the Committee. The Committee may grant Freestanding SARs, Tandem SARs, or any combination of these forms of SARs.

Subject to the terms and conditions of the Plan, the Committee shall have complete discretion in determining the number of SARs granted to each Participant and, consistent with the provisions of the Plan, in determining the terms and conditions pertaining to such SARs.

The SAR Grant Price for each grant of a Freestanding SAR shall be determined by the Committee and shall be specified in the Award Agreement. The SAR Grant Price may include (but not be limited to) a Grant Price based on one hundred percent (100%) of the FMV of the Shares on the date of grant, a Grant Price that is set at a premium to the FMV of the Shares on the date of grant, or is indexed to the FMV of the Shares on the date of grant, with the index determined by the Committee, in its discretion. The Grant Price of Tandem SARs shall be equal to the Option Price of the related Option.

7.2 SAR Agreement. Each SAR Award shall be evidenced by an Award Agreement that shall specify the Grant Price, the term of the SAR, and such other provisions as the Committee shall determine.

7.3 Term of SAR. The term of an SAR granted under the Plan shall be determined by the Committee, in its sole discretion, and except as determined otherwise by the Committee and specified in the SAR Award Agreement, no SAR shall be exercisable later than the tenth (10th) anniversary date of its grant. Notwithstanding the foregoing, for SARs granted to Participants outside the United States, the Committee has the authority to grant SARs that have a term greater than ten (10) years.

7.4 Exercise of Freestanding SARs. Freestanding SARs may be exercised upon whatever terms and conditions the Committee, in its sole discretion, imposes upon them.

7.5. Exercise of Tandem SARs. Tandem SARs may be exercised for all or part of the Shares subject to the related Option upon the surrender of the right to exercise the equivalent portion of the related Option. A Tandem SAR may be exercised only with respect to the Shares for which its related Option is then exercisable.

Notwithstanding any other provision of this Plan to the contrary, with respect to a Tandem SAR granted in connection with an ISO: (a) the Tandem SAR will expire no later than the expiration of the underlying ISO; (b) the value of the payout with respect to the Tandem SAR may be for no more than one hundred percent (100%) of the difference between the Option Price of the underlying ISO and the FMV of the Shares subject to the underlying ISO at the time the Tandem SAR is exercised; and (c) the Tandem SAR may be exercised only when the FMV of the Shares subject to the ISO exceeds the Option Price of the ISO.

7.6 Payment of SAR Amount. Upon the exercise of an SAR, a Participant shall be entitled to receive payment from the Company in an amount determined by multiplying:

- (a) The difference between the FMV of a Share on the date of exercise over the Grant Price; by

(b)

The number of Shares with respect to which the SAR is exercised.

At the discretion of the Committee, the payment upon SAR exercise may be in cash, in Shares of equivalent value, in some combination thereof, or in any other manner approved by the Committee at its sole discretion. The Committee's determination regarding the form of SAR payout shall be set forth or reserved for later determination in the Award Agreement pertaining to the grant of the SAR.

7.7 Termination of Employment. Each Award Agreement shall set forth the extent to which the Participant shall have the right to exercise the SAR following termination of the Participant's employment with the Company, its Affiliates, and/or its Subsidiaries. Such provisions shall be determined in the sole discretion of the Committee, shall be included in the Award Agreement entered into with Participants, need not be uniform among all SARs issued pursuant to the Plan, and may reflect distinctions based on the reasons for termination.

7.8 Nontransferability of SARs. Except as otherwise provided in a Participant's Award Agreement, no SAR granted under the Plan may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution; provided that the Board or Committee may permit further transferability, on a general or a specific basis, and may impose conditions and limitations on any permitted transferability. Further, except as otherwise provided in a Participant's Award Agreement or otherwise unless the Board or the Committee decides to permit further transferability, all SARs granted to a Participant under this Article 7 shall be exercisable during his or her lifetime only by such Participant.

7.9 Other Restrictions. The Committee shall impose such other conditions and/or restrictions on any Shares received upon exercise of a SAR granted pursuant to the Plan as it may deem advisable. This includes, but is not limited to, requiring the Participant to hold the Shares received upon exercise of an SAR for a specified period of time.

7.10 Substituting SARs. In the event the Company no longer uses APB Opinion 25 to account for equity compensation and is required to or elects to expense the cost of Options pursuant to FAS 123 (or a successor standard), the Committee shall have the ability to substitute, without receiving Participant permission, SARs paid only in Stock (or SARs paid in Stock or cash at the Committee's discretion) for outstanding Options; provided, the terms of the substituted Stock SARs are the same as the terms for the Options and the difference between the Fair Market Value of the underlying Shares and the Grant Price of the SARs is equivalent to the difference between the Fair Market Value of the underlying Shares and the Option Price of the Options. If, in the opinion of the Company's auditors, this provision creates adverse accounting consequences for the Company, it shall be considered null and void.

7.11 Dividend Equivalents. At the discretion of the Committee, Participants holding SARs may be entitled to receive dividend equivalents with respect to dividends declared with respect to the Shares. Such dividend equivalents may be in the form of cash, Shares, Restricted Stock, or Restricted Stock Units, and may be subject to accrual, forfeiture, or payout restrictions as determined by the Committee in its sole discretion.

Article 8. Restricted Stock and Restricted Stock Units

8.1 Grant of Restricted Stock or Restricted Stock Units. Subject to the terms and provisions of the Plan, the Committee, at any time and from time to time, may grant Shares of Restricted Stock and/or Restricted Stock Units to Participants in such amounts, as the Committee shall determine. Restricted Stock Units shall be similar to Restricted Stock except that no Shares are actually awarded to the Participant on the date of grant.

8.2 Restricted Stock or Restricted Stock Unit Agreement. Each Restricted Stock and/or Restricted Stock Unit grant shall be evidenced by an Award Agreement that shall specify the Period(s) of Restriction,

the number of Shares of Restricted Stock or the number of Restricted Stock Units granted, and such other provisions as the Committee shall determine.

8.3 Transferability. Except as provided in this Article 8, the Shares of Restricted Stock and/or Restricted Stock Units granted herein may not be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated until the end of the applicable Period of Restriction established by the Committee and specified in the Award Agreement (and in the case of Restricted Stock Units until the date of delivery or other payment), or upon earlier satisfaction of any other conditions, as specified by the Committee, in its sole discretion, and set forth in the Award Agreement. All rights with respect to the Restricted Stock and/or Restricted Stock Units granted to a Participant under the Plan shall be available during his or her lifetime only to such Participant.

8.4 Other Restrictions. The Committee shall impose such other conditions and/or restrictions on any Shares of Restricted Stock or Restricted Stock Units granted pursuant to the Plan as it may deem advisable including, without limitation, a requirement that Participants pay a stipulated purchase price for each Share of Restricted Stock or each Restricted Stock Unit, restrictions based upon the achievement of specific performance goals, time-based restrictions on vesting following the attainment of the performance goals, time-based restrictions, restrictions under applicable federal or state securities laws, or any holding requirements or sale restrictions placed on the Shares by the Company upon vesting of such Restricted Stock or Restricted Stock Units.

To the extent deemed appropriate by the Committee, the Company may retain the certificates representing Shares of Restricted Stock in the Company's possession until such time as all conditions and/or restrictions applicable to such Shares have been satisfied or lapse.

Except as otherwise provided in this Article 8, Shares of Restricted Stock covered by each Restricted Stock Award shall become freely transferable by the Participant after all conditions and restrictions applicable to such Shares have been satisfied or lapse, and Restricted Stock Units shall be paid in cash, Shares, or a combination of cash and Shares as the Committee, in its sole discretion shall determine.

8.5 Certificate Legend. In addition to any legends placed on certificates pursuant to Section 8.4 herein, each certificate representing Shares of Restricted Stock granted pursuant to the Plan may bear a legend such as the following:

The sale or other transfer of the Shares of Stock represented by this certificate, whether voluntary, involuntary, or by operation of law, is subject to certain restrictions on transfer as set forth in the Bank of Hawaii Corporation's 2004 Equity and Incentive Compensation Plan, and in the associated Restricted Stock Award Agreement. A copy of the Plan and such Restricted Stock Award Agreement may be obtained from the Bank of Hawaii.

8.6 Voting Rights. To the extent permitted or required by law, as determined by the Committee, Participants holding Shares of Restricted Stock granted hereunder may be granted the right to exercise full voting rights with respect to those Shares during the Period of Restriction. A Participant shall have no voting rights with respect to any Restricted Stock Units granted hereunder.

8.7 Dividends and Dividend Equivalents. During the Period of Restriction, Participants holding Shares of Restricted Stock or Restricted Stock Units granted hereunder may, if the Committee so determines, be credited with dividends paid with respect to Restricted Stock or dividend equivalents with respect to Restricted Stock Units while they are so held in a manner determined by the Committee in its sole discretion. The Committee may apply any restrictions to the dividends or dividend equivalents that the Committee deems appropriate. The Committee, in its sole discretion, may determine the form of payment of dividends or dividend equivalents, including cash, Shares, Restricted Stock, or Restricted Stock Units and such dividends or dividend equivalents may be subject to accrual, forfeiture, or payout restrictions as determined by the Committee.

8.8 Termination of Employment. Each Award Agreement shall set forth the extent to which the Participant shall have the right to retain Restricted Stock and/or Restricted Stock Units following termination of the Participant's employment with the Company, its Affiliates, and/or its Subsidiaries. Such provisions shall be determined in the sole discretion of the Committee, shall be included in the Award Agreement entered into with each Participant, need not be uniform among all Shares of Restricted Stock or Restricted Stock Units issued pursuant to the Plan, and may reflect distinctions based on the reasons for termination.

8.9 Section 83(b) Election. The Committee may provide in an Award Agreement that the Award of Restricted Stock is conditioned upon the Participant making or refraining from making an election with respect to the Award under Section 83(b) of the Code. If a Participant makes an election pursuant to Section 83(b) of the Code concerning a Restricted Stock Award, the Participant shall be required to file promptly a copy of such election with the Company.

Article 9. Performance Shares and Performance Units

9.1 Grant of Performance Shares and Performance Units. Subject to the terms of the Plan, Performance Shares and/or Performance Units may be granted to Participants in such amounts and upon such terms, and at any time and from time to time, as shall be determined by the Committee.

9.2 Value of Performance Shares and Performance Units. Each Performance Share shall have an initial value equal to the FMV of a Share on the date of grant. Each Performance Unit shall have an initial value that is established by the Committee at the time of grant. The Committee shall set performance goals in its discretion which, depending on the extent to which they are met, will determine the value and/or number of Performance Shares/Performance Units that will be paid out to the Participant.

9.3 Earning of Performance Shares and Performance Units. Subject to the terms of this Plan, after the applicable Performance Period has ended, the holder of Performance Shares/Performance Units shall be entitled to receive payout on the value and number of Performance Shares/Performance Units earned by the Participant over the Performance Period, to be determined as a function of the extent to which the corresponding performance goals have been achieved. Notwithstanding the foregoing, the Company has the ability to require the Participant to hold the Shares received pursuant to such Award for a specified period of time.

9.4 Form and Timing of Payment of Performance Shares and Performance Units. Payment of earned Performance Shares/Performance Units shall be as determined by the Committee and as evidenced in the Award Agreement. Subject to the terms of the Plan, the Committee, in its sole discretion, may pay earned Performance Shares/Performance Units in the form of cash or in Shares (or in a combination thereof) equal to the value of the earned Performance Shares/Performance Units as soon as practicable after the end of the applicable Performance Period. Any Shares may be granted subject to any restrictions deemed appropriate by the Committee. The determination of the Committee with respect to the form of payout of such Awards shall be set forth in the Award Agreement pertaining to the grant of the Award.

9.5 Dividend Equivalents. At the discretion of the Committee, Participants holding Performance Shares may be entitled to receive dividend equivalents with respect to dividends declared with respect to the Shares. Such dividends may be subject to accrual, forfeiture, or payout restrictions as determined by the Committee in its sole discretion.

9.6 Termination of Employment. Each Award Agreement shall set forth the extent to which the Participant shall have the right to retain Performance Shares and/or Performance Units following termination of the Participant's employment with the Company, its Affiliates, and/or its Subsidiaries. Such provisions shall be determined in the sole discretion of the Committee, shall be included in the Award Agreement entered into with each Participant, need not be uniform among all Awards of Performance

Shares or Performance Units issued pursuant to the Plan, and may reflect distinctions based on the reasons for termination.

9.7 Nontransferability. Except as otherwise provided in a Participant's Award Agreement, Performance Shares/Performance Units may not be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution. Further, except as otherwise provided in a Participant's Award Agreement, a Participant's rights under the Plan shall be exercisable during his or her lifetime only by such Participant.

Article 10. Cash-Based Awards and Stock-Based Awards

10.1 Grant of Cash-Based Awards. Subject to the terms of the Plan, Cash-Based Awards may be granted to Participants in such amounts and upon such terms, and at any time and from time to time, as shall be determined by the Committee.

10.2 Stock-Based Awards. The Committee may grant other types of equity-based or equity-related Awards (including the grant or offer for sale of unrestricted Shares) in such amounts and subject to such terms and conditions, as the Committee shall determine. Such Awards may entail the transfer of actual Shares to Participants, or payment in cash or otherwise of amounts based on the value of Shares and may include, without limitation, Awards designed to comply with or take advantage of the applicable local laws of jurisdictions other than the United States.

10.3 Value of Cash-Based and Stock-Based Awards. Each Cash-Based Award shall have a value as may be determined by the Committee. Each Stock-Based Award shall have a value based on the value of a Share, as determined by the Committee. The Committee may establish performance goals in its discretion. If the Committee exercises its discretion to establish performance goals, the number and/or value of Cash-Based and Stock-Based Awards that will be paid out to the Participant will depend on the extent to which the performance goals are met.

10.4 Earning of Cash-Based and Stock-Based Awards. Subject to the terms of this Plan, the holder of Cash-Based and Stock-Based Awards shall be entitled to receive payout on the number and value of Cash-Based Awards and Stock-Based Awards earned by the Participant, to be determined as a function of the extent to which applicable performance goals, if any, have been achieved.

10.5 Form and Timing of Payment of Cash-Based and Stock-Based Awards. Payment of earned Cash-Based and Stock-Based Awards shall be as determined by the Committee and as evidenced in the Award Agreement. Subject to the terms of the Plan, the Committee, in its sole discretion, may pay earned Cash-Based Awards or earned Stock-Based Awards in the form of cash or in Shares (or in a combination thereof) that have an aggregate FMV equal to the value of the earned Cash-Based Awards or to the value of the earned Stock-Based Awards. Such Shares may be granted subject to any restrictions deemed appropriate by the Committee. The determination of the Committee with respect to the form of payout of such Awards shall be set forth in the Award Agreement pertaining to the grant of the Award.

10.6 Termination of Employment. Each Award Agreement shall set forth the extent to which the Participant shall have the right to receive Cash-Based Awards and Stock-Based Awards following termination of the Participant's employment with the Company, its Affiliates, and/or its Subsidiaries. Such provisions shall be determined in the sole discretion of the Committee, shall be included in the Award Agreement entered into with each Participant, need not be uniform among all Awards of Cash-Based Awards and Stock-Based Awards issued pursuant to the Plan, and may reflect distinctions based on the reasons for termination.

10.7 Nontransferability. Except as otherwise provided in a Participant's Award Agreement, Cash-Based Awards and Stock-Based Awards may not be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution. Further, except as

otherwise provided in a Participant's Award Agreement, a Participant's rights under the Plan shall be exercisable during the Participant's lifetime only by the Participant.

10.8 Dividend Equivalents At the discretion of the Committee, Participants holding Stock-Based Awards may be entitled to receive dividend equivalents with respect to dividends declared with respect to the Shares. Such dividends may be subject to accrual, forfeiture, or payout restrictions as determined by the Committee in its sole discretion.

Article 11. Performance Measures

Unless and until the Committee proposes for shareholder vote and the shareholders approve a change in the general Performance Measures set forth in this Article 11, the performance goals upon which the payment or vesting of an Award to a Covered Employee that is intended to qualify as Performance-Based Compensation shall be limited to the following Performance Measures:

- (a) Earnings per share (actual or targeted growth);
- (b) Net income after capital costs;
- (c) Net income (before or after taxes);
- (d) Return measures (including, but not limited to, return on average assets, risk-adjusted return on capital, or return on average equity);
- (e) Efficiency ratio;
- (f) Full-time equivalency control;
- (g) Stock price (including, but not limited to, growth measures and total shareholder return);
- (h) Noninterest income compared to net interest income ratio;
- (i) Expense targets;
- (j) Margins;
- (k) Operating efficiency;
- (l) EVA®; and
- (m) Customer satisfaction.

Any Performance Measure(s) may be used to measure the performance of the Company as a whole or any business unit of the Company or any combination thereof, as the Committee may deem appropriate, or any of the above Performance Measures as compared to the performance of a group of comparator companies, or published or special index that the Committee, in its sole discretion, deems appropriate, or the Company

Edgar Filing: BANK OF HAWAII CORP - Form DEF 14A

may select Performance Measure (h) above as compared to various stock market indices. The Committee also has the authority to provide for accelerated vesting of any Award based on the achievement of performance goals pursuant to the Performance Measures specified in this Article 11.

The Committee may provide in any such Award that any evaluation of performance may include or exclude any of the following events that occurs during a Performance Period: (a) asset write-downs; (b) litigation or claim judgments or settlements; (c) the effect of changes in tax laws, accounting principles, or other laws or provisions affecting reported results; (d) reorganization or restructuring programs; (e) extraordinary or nonrecurring items as described in Accounting Principles Board Opinion No. 30 and/or in management's discussion and analysis of financial condition and results of operations appearing in the Company's annual report to shareholders for the applicable year; (f) acquisitions or divestitures; and (g) foreign exchange gains and losses. To the extent such inclusions or exclusions affect Awards to Covered

Employees, they shall be prescribed in a form that meets the requirements of Code Section 162(m) for deductibility.

Awards that are designed to qualify as Performance-Based Compensation, and that are held by Covered Employees, may not be adjusted upward. The Committee shall retain the discretion to adjust such Awards downward.

In the event that applicable tax and/or securities laws change to permit Committee discretion to alter the governing Performance Measures without obtaining shareholder approval of such changes, the Committee shall have sole discretion to make such changes without obtaining shareholder approval. In addition, in the event that the Committee determines that it is advisable to grant Awards that shall not qualify as Performance-Based Compensation, the Committee may make such grants without satisfying the requirements of Code Section 162(m).

Article 12. Beneficiary Designation

A Participant's "beneficiary" is the person or persons entitled to receive payments or other benefits or exercise rights that are available under the Plan in the event of the Participant's death. A Participant may designate a beneficiary or change a previous beneficiary designation at any time by using forms and following procedures approved by the Committee for that purpose. If no beneficiary designated by the Participant is eligible to receive payments or other benefits or exercise rights that are available under the Plan at the Participant's death the beneficiary shall be the Participant's estate.

Notwithstanding the provisions above, the Committee may in its discretion, after notifying the affected Participants, modify the foregoing requirements, institute additional requirements for beneficiary designations, or suspend the existing beneficiary designations of living Participants or the process of determining beneficiaries under this Article 12, or both. If the Committee suspends the process of designating beneficiaries on forms and in accordance with procedures it has approved pursuant to this Article 12, the determination of who is a Participant's beneficiary shall be made under the Participant's will and applicable state law.

Article 13. Deferrals and Share Settlements

Notwithstanding any other provision under the Plan, the Committee may permit or require a Participant to defer such Participant's receipt of the payment of cash or the delivery of Shares that would otherwise be due to such Participant by virtue of the exercise of an Option or SAR, or with respect to the lapse or waiver of restrictions with respect to Restricted Stock or Restricted Stock Units or the satisfaction of any requirements or performance goals with respect to Performance Shares, Performance Units, Cash-Based Awards, or Stock-Based Awards. If any such deferral election is required or permitted, the Committee shall, in its sole discretion, establish rules and procedures for such payment deferrals.

Article 14. Rights of Employees and Independent Contractors

14.1 Employment. Nothing in the Plan or an Award Agreement shall interfere with or limit in any way the right of the Company, its Affiliates, and/or its Subsidiaries to terminate any Participant's employment or other service relationship at any time, nor confer upon any Participant any right to continue in the capacity in which he or she is employed or otherwise serves the Company, its Affiliates, and/or its Subsidiaries.

Neither an Award nor any benefits arising under this Plan shall constitute part of an employment contract with the Company, its Affiliates, and/or its Subsidiaries and, accordingly, subject to Articles 3 and 16, this Plan and the benefits hereunder may be terminated at any time in the sole and exclusive discretion of the Committee without giving rise to liability on the part of the Company, its Affiliates, and/or its Subsidiaries for severance payments.

For purposes of the Plan, transfer of employment of a Participant between the Company, its Affiliates, and/or its Subsidiaries shall not be deemed a termination of employment. Additionally, the Committee shall have the ability to stipulate in a Participant's Award Agreement that a transfer to a company that is spun-off from the Company shall not be deemed a termination of employment with the Company for purposes of the Plan until the Participant's employment is terminated with the spun-off company.

14.2 Participation. No Employee or Independent Contractor shall have the right to be selected to receive an Award under this Plan, or, having been so selected, to be selected to receive a future Award.

14.3 Rights as a Shareholder. A Participant shall have none of the rights of a shareholder with respect to Shares covered by any Award until the Participant becomes the record holder of such Shares.

Article 15. Change in Control

Upon the occurrence of a Change in Control, unless otherwise specifically prohibited under applicable laws, or by the rules and regulations of any governing governmental agencies or national securities exchanges, or unless the Committee shall determine otherwise in the Award Agreement:

- (a) Any and all Options and SARs granted hereunder shall become immediately exercisable; additionally, if a Participant's employment is terminated for any other reason except Cause within twelve (12) months of such Change in Control, the Participant shall have until the earlier of: (i) twelve (12) months following such termination date; or (ii) the expiration of the Option or SAR term, to exercise any such Option or SAR;
- (b) Any Period of Restriction for Restricted Stock and Restricted Stock Units granted hereunder that have not previously vested shall end, and such Restricted Stock and Restricted Stock Units shall become fully vested;
- (c) The target payout opportunities attainable under all outstanding Awards under the Plan which are subject to achievement of any of the Performance Measures specified in Article 11, or any other performance conditions or restrictions that the Committee has made the Award contingent upon, shall be deemed to have been fully earned as of the effective date of the Change in Control.
 - (i) The vesting of all Awards denominated in Shares shall be accelerated as of the effective date of the Change in Control, and there shall be paid out to Participants a pro rata number of Shares based upon an assumed achievement of all relevant targeted performance goals and upon the length of time within the Performance Period, if any, that has elapsed prior to the Change in Control. The Committee has the authority to pay all or any portion of the value of the Shares in cash.
 - (ii) Awards denominated in cash shall be paid pro rata to Participants with the proration determined as a function of the length of time within the Performance Period, if any, that has elapsed prior to the Change in Control, and based on an assumed achievement of all relevant targeted performance goals.
- (d) Subject to Article 16, herein, the Committee shall have the authority to make any modifications to the Awards as determined by the Committee to be appropriate before the effective date of the Change in Control.

Article 16. Amendment, Modification, Suspension, and Termination

16.1 Amendment, Modification, Suspension, and Termination. The Committee or Board may, at any time and from time to time, alter, amend, modify, suspend, or terminate the Plan in whole or in part. Notwithstanding anything herein to the contrary, without the prior approval of the Company's shareholders, Options issued under the Plan will not be repriced, replaced, or regranted through cancellation, or by

lowering the exercise price of a previously granted Option. No amendment of the Plan shall be made without shareholder approval if shareholder approval is required by law, regulation, or stock exchange rule.

16.2 Adjustment of Awards Upon the Occurrence of Certain Unusual or Nonrecurring Events. The Committee may make adjustments in the terms and conditions of, and the criteria included in, Awards in recognition of unusual or nonrecurring events (including, without limitation, the events described in Section 4.2 hereof) affecting the Company or the financial statements of the Company or of changes in applicable laws, regulations, or accounting principles, whenever the Committee determines that such adjustments are appropriate in order to prevent unintended dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan. The determination of the Committee as to the foregoing adjustments, if any, shall be conclusive and binding on Participants under the Plan.

16.3 Awards Previously Granted. Notwithstanding any other provision of the Plan to the contrary, no termination, amendment, suspension, or modification of the Plan shall adversely affect in any material way any Award previously granted under the Plan, without the written consent of the Participant holding such Award.

Article 17. Withholding

17.1 Tax Withholding. The Company shall have the power and the right to deduct or withhold, or require a Participant to remit to the Company, an amount sufficient to satisfy federal, state, and local taxes, domestic or foreign (including the Participant's FICA obligation), required by law or regulation to be withheld with respect to any taxable event arising or as a result of this Plan.

17.2 Share Withholding. With respect to withholding required upon the exercise of Options or SARs, upon the lapse of restrictions on Restricted Stock or Restricted Stock Units, or upon the achievement of performance goals related to Performance Shares, or any other taxable event arising as a result of Awards granted hereunder, the Company may require or Participants may elect, subject to the approval of the Committee, to satisfy the withholding requirement, in whole or in part, by having the Company withhold Shares having a FMV of a Share on the date the tax is to be determined equal to the tax that could be imposed on the transaction, provided that if required by the accounting rules and regulations to maintain favorable accounting treatment for the Awards, the tax is to be determined equal to the minimum statutory total tax that could be imposed on the transaction. All elections shall be irrevocable, made in writing, and signed by the Participant, and shall be subject to any restrictions or limitations that the Committee, in its sole discretion, deems appropriate.

Article 18. Successors

All obligations of the Company under the Plan with respect to Awards granted hereunder, shall be binding on any successor to the Company, whether the existence of such successor is the result of a direct or indirect purchase, merger, consolidation, or otherwise, of all or substantially all of the business and/or assets of the Company.

Article 19. General Provisions

19.1 Forfeiture Events. The Committee may specify in an Award Agreement that the Participant's rights, payments, and benefits with respect to an Award shall be subject to reduction, cancellation, forfeiture, or recoupment upon the occurrence of certain specified events, in addition to any otherwise applicable vesting or performance conditions of an Award. Such events shall include, but shall not be limited to, termination of employment for Cause, violation of material Company, Affiliate, and/or Subsidiary policies, breach of noncompetition, confidentiality, or other restrictive covenants that may apply to the Participant, or other conduct by the Participant that is detrimental to the business or reputation of the Company, its Affiliates, and/or its Subsidiaries.

Edgar Filing: BANK OF HAWAII CORP - Form DEF 14A

19.2 Legend. The certificates for Shares may include any legend that the Committee deems appropriate to reflect any restrictions on transfer of such Shares.

19.3 Delivery of Title. The Company shall have no obligation to issue or deliver evidence of title for Shares issued under the Plan prior to:

- (a) Obtaining any approvals from governmental agencies that the Company determines are necessary or advisable; and
- (b) Completion of any registration or other qualification of the Shares under any applicable national or foreign law or ruling of any governmental body that the Company determines to be necessary or advisable.

19.4 Investment Representations. The Committee may require each Participant receiving Shares pursuant to an Award under this Plan to represent and warrant in writing that the Participant is acquiring the Shares for investment and without any present intention to sell or distribute such Shares.

19.5 Employees Based Outside of the United States. Notwithstanding any provision of the Plan to the contrary, in order to comply with the laws in other countries in which the Company, its Affiliates, and/or its Subsidiaries operate or have Employees or Independent Contractors, the Committee, in its sole discretion, shall have the power and authority to:

- (a) Determine which Affiliates and Subsidiaries shall be covered by the Plan;
- (b) Determine which Employees and Independent Contractors outside the United States are eligible to participate in the Plan;
- (c) Modify the terms and conditions of any Award granted to Employees or Independent Contractors outside the United States to comply with applicable foreign laws;
- (d) Establish subplans and modify exercise procedures and other terms and procedures, to the extent such actions may be necessary or advisable. Any subplans and modifications to Plan terms and procedures established under this Section 19.5 by the Committee shall be attached to this Plan document as appendices; and
- (e) Take any action, before or after an Award is made that it deems advisable to obtain approval or comply with any necessary local government regulatory exemptions or approvals.

Notwithstanding the above, the Committee may not take any actions hereunder, and no Awards shall be granted, that would violate the Exchange Act, the Code, any securities law, or governing statute or any other applicable law.

19.6 Uncertificated Shares. To the extent that the Plan provides for issuance of certificates to reflect the transfer of Shares, the transfer of such Shares may be effected on a noncertificated basis, to the extent not prohibited by applicable law or the rules of any stock exchange.

19.7 Unfunded Plan. Participants shall have no right, title, or interest whatsoever in or to any investments that the Company, its Affiliates, and/or its Subsidiaries may make to aid it in meeting its obligations under the Plan. Nothing contained in the Plan, and no action taken pursuant to its provisions, shall create or be construed to create a trust of any kind, or a fiduciary relationship between the Company, its Affiliates, and/or its Subsidiaries and any Participant, beneficiary, legal representative, or any other person. To the extent that any person acquires a right to receive payments from the Company, its Affiliates, and/or its Subsidiaries under the Plan, such right shall be no greater than the right of an unsecured general creditor of the Company. All payments to be made hereunder shall be paid from the general funds of the Company and no special or separate fund shall be established and no segregation of assets shall be made to assure payment of such amounts except as expressly set forth in the Plan. The Plan is not intended to be subject to ERISA.

19.8 No Fractional Shares. No fractional Shares shall be issued or delivered pursuant to the Plan or any Award. The Committee shall determine whether cash, Awards, or other property shall be issued or paid in lieu of fractional Shares or whether such fractional Shares or any rights thereto shall be forfeited or otherwise eliminated.

19.9 Retirement and Welfare Plans. The Awards under this Plans will not be included as "compensation" for purposes of computing benefits payable to any Participant under the Company's retirement plans (both qualified and nonqualified) or welfare benefit plans unless such other plan expressly provides that such compensation shall be taken into account in computing a Participant's benefit.

Article 20. Legal Construction

20.1 Gender and Number. Except where otherwise indicated by the context, any masculine term used herein also shall include the feminine, the plural shall include the singular, and the singular shall include the plural.

20.2 Severability. In the event any provision of the Plan shall be held illegal or invalid for any reason, the illegality or invalidity shall not affect the remaining parts of the Plan, and the Plan shall be construed and enforced as if the illegal or invalid provision had not been included.

20.3 Requirements of Law. The granting of Awards and the issuance of Shares under the Plan shall be subject to all applicable laws, rules, and regulations, and to such approvals by any governmental agencies or national securities exchanges as may be required. The Company shall receive the consideration required by law for the issuance of Awards under the Plan.

The inability of the Company to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, shall relieve the Company of any liability in respect of the failure to issue or sell such Shares as to which such requisite authority shall not have been obtained.

20.4 Securities Law Compliance. The Company may use reasonable endeavors to register Shares allotted pursuant to the exercise of an Award with the United States Securities and Exchange Commission or to effect compliance with the registration, qualification, and listing requirements of any national or foreign securities laws, stock exchange, or automated quotation system. With respect to Insiders, transactions under this Plan are intended to comply with all applicable conditions of Rule 16b-3 or its successors under the Exchange Act. To the extent any provision of the Plan or action by the Committee fails to so comply, it shall be deemed null and void, to the extent permitted by law and deemed advisable by the Committee.

20.5 Governing Law. The Plan and each Award Agreement shall be governed by the laws of the State of Hawaii, excluding any conflicts or choice of law rule or principle that might otherwise refer construction or interpretation of the Plan to the substantive law of another jurisdiction. Unless otherwise provided in the Award Agreement, recipients of an Award under the Plan are deemed to submit to the exclusive jurisdiction and venue of the federal or state courts of Hawaii, to resolve any and all issues that may arise out of or relate to the Plan or any related Award Agreement.
