What items will be voted on at the Annual Meeting?

You are being asked to vote on the following items at the Annual Meeting:

1. To elect the five nominees named in the Proxy Statement, each to serve for a three-year term and until their respective successors are duly elected and qualified;
2. To ratify the appointment of KPMG LLP as the Company's independent registered public accounting firm for the year ending December 31, 2015;

Edgar Filing: BROOKLINE BANCORP INC - Form DEF 14A

Each share of the Company's stock has one vote on each matter. As of March 12, 2015 (the "Record Date") there were 70,039,176 shares of the Company's common stock issued and outstanding. Only those stockholders of record as of the close of business on the Record Date are entitled to receive notice of and vote at the Annual Meeting.

Table of Contents

What Constitutes a Quorum?

The presence, in person or by proxy, of holders of a majority of all of the shares of common stock entitled to vote at the Annual Meeting constitute a quorum for the transaction of business at the Annual Meeting. Each share of common stock entitled to vote on the Record Date is entitled to one vote on each matter properly submitted at the Annual Meeting and, with respect to the election of directors, one vote for each director to be elected. Abstentions and "broker non-votes" (i.e., shares represented at the meeting held by brokers, as to which instructions have not been received from the beneficial owners or persons entitled to vote such shares and with respect to which, on one or more but not all matters, the broker does not have discretionary voting power to vote such shares) will be counted for purposes of determining whether a quorum is present for the transaction of business at the Annual Meeting.

What is the voting requirement to approve each proposal?

For Proposal 1, a nominee for director in an uncontested election must receive a majority of the votes cast as to such nominee in order to be elected as director. Any incumbent director who does not receive the required vote for reelection will promptly offer to resign from the Board. Within 90 days after the date of certification of the election results, the Board of Directors will determine whether to accept or reject such director's offer to resign.

Approval of Proposals 2 and 3 require the affirmative vote of a majority of the votes cast at the Annual Meeting.

How are abstentions treated?

Abstentions and broker non-votes are counted for purposes of determining whether a quorum is present. Only "FOR" and "AGAINST" votes are counted for purposes of determining the votes received in connection with each proposal. If you "abstain" from voting for Proposals 1, 2, or 3, it will have the same effect as if your vote was not cast with respect to each such proposal, and this will have no effect on the outcome. A broker non-vote will have no effect on the outcome of Proposals 1, 2, or 3.

How do I vote?

Voting in Person at the Meeting. If you are a stockholder of record and attend the Annual Meeting, you may vote in person at the meeting. If your shares of common stock are held in street name and you wish to vote in person at the meeting, you will need to obtain a legal proxy from the broker, bank or other nominee that holds your shares of common stock of record.

Voting by Proxy for Shares Registered Directly in the Name of the Stockholder. If you hold your shares of common stock in your own name as a holder of record with our transfer agent, American Stock Transfer & Trust Company, you may instruct the proxy holders named in the proxy card how to vote your shares of common stock in one of the following ways:

Vote by Internet. You may vote via the Internet by following the instructions on your proxy card. The website for Internet voting is printed on your proxy card. Please have your proxy card in hand. Internet voting is available 24 hours per day until 11:59 p.m., Eastern Time, on May 5, 2015. You will receive a series of instructions that will allow you to vote your shares of common stock. You will also be given the opportunity to confirm that your instructions have been properly recorded. If you vote via the Internet, you do not need to return your proxy card.

Vote by Telephone. You may vote by telephone by calling the toll-free number listed on your proxy card. Telephone voting is available 24 hours per day until 11:59 p.m., Eastern Time, on May 5, 2015. When you call, please have your proxy card in hand. You will receive a series of voice instructions that will allow you to vote your shares of common stock. You will also be given the opportunity to

Table of Contents

confirm that your instructions have been properly recorded. If you vote by telephone, you do not need to return your proxy card.

Vote by Mail. If you would like to vote by mail, upon receipt of the proxy card, please mark, sign and date your proxy card and return it promptly to our transfer agent, American Stock Transfer & Trust Company, in the postage-paid envelope provided.

Voting by Proxy for Shares Registered in Street Name. If your shares of common stock are held in street name, you will receive instructions from your broker, bank or other nominee that you must follow in order to have your shares of common stock voted.

How are proxies voted?

All valid proxies received prior to the Annual Meeting will be voted. All shares represented by a proxy will be voted and, where a stockholder specifies by means of the proxy a choice with respect to any matter to be acted upon, the shares will be voted by the proxyholders in accordance with the stockholder's instructions.

Will other matters be voted on at the Annual Meeting?

We are not currently aware of any other matters to be presented at the Annual Meeting other than those described in this proxy statement. If any other matters not described in the proxy statement are properly presented at the meeting, any proxies received by us will be voted in the discretion of the proxy holders.

What happens if I do not give specific voting instructions?

If you are a stockholder of record and you indicate when voting on the Internet or by telephone that you wish to vote as recommended by the Board, or sign and return a proxy card without giving specific voting instructions, then the proxy holders will vote your shares in the manner recommended by the Board on all matters presented in this Proxy Statement and as the proxy holders may determine in their discretion with respect to any other matters properly presented for a vote at the Annual Meeting.

May I revoke my proxy instructions?

You may revoke your proxy at any time before it has been exercised by:

filing a written revocation with the Corporate Secretary of Brookline Bancorp, Inc., 131 Clarendon Street, Boston, Massachusetts 02116;

submitting a new proxy by telephone, or by the Internet, or by submitting a new proxy card after the time and date of the previously submitted proxy card; or

appearing in person and voting by ballot at the Annual Meeting.

If you are a stockholder of record as of the Record Date attending the Annual Meeting, you may vote in person whether or not a proxy has been previously given, but your presence (without further action) at the Annual Meeting will not constitute revocation of a previously given proxy.

What is householding?

If you and other residents at your mailing address own shares of common stock in street name, your broker, bank or other nominee may have sent you a notice that your household will receive only one Notice of Annual Meeting. This procedure, known as "householding," is intended to reduce the volume of duplicate information stockholders receive and also reduce our printing and postage costs. Under applicable law, if you consented or were deemed to have consented, your broker, bank or other nominee may send one copy of our Notice of Annual Meeting to your address for all residents that own shares of common

Table of Contents

stock in street name. If you wish to revoke your consent to householding, you must contact your broker, bank or other nominee. If you are receiving multiple copies of our Notice of Annual Meeting, you may be able to request householding by contacting your broker, bank or other nominee.

Is my vote confidential?

Proxy instructions, ballots, and voting tabulations that identify individual stockholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within the Company or to third parties except as necessary to meet applicable legal requirements, to allow for the tabulations and certification of votes, and to facilitate a successful proxy solicitation.

Occasionally, stockholders provide written comments on their proxy cards, which may be forwarded to management and the Board.

Where can I find voting results of the Annual Meeting?

The preliminary voting results will be announced at the Annual Meeting. The final voting results will be tallied by a representative from American Stock Transfer & Trust Company, who will serve as inspector of elections, and published and filed with the Securities Exchange Commission ("SEC") on a Form 8-K within four business days following the completion of the Annual Meeting.

How can I view the Company's proxy materials for the Annual Meeting on the Internet?

The Company's proxy materials are available on the Company's website at www.brooklinebancorp.com. Additional information regarding the Company and its subsidiaries, Brookline Bank, Bank Rhode Island, and First Ipswich Bank, can be found at the following websites: www.brooklinebank.com, www.bankri.com, www.firstipswich.com.

The Board works closely with senior management to ensure effective decision-making, compliance with Company policy and regulations, and strong leadership.

Board Leadership Structure

Mr. Slotnik serves as the Company's Chairman of the Board of Directors. Mr. Perrault serves as the Company's President and Chief Executive Officer. The Chairman and the President and Chief Executive Officer work closely to ensure that the strategic goals of the Company's management team are in line with the risk and governance oversight objectives of the Board of Directors.

The Board of Directors encourages strong communication among all of its independent directors and the Chairman of the Board. The Board of Directors also believes that it is able to effectively provide independent oversight of the Company's business and affairs, including risks facing the Company, through the composition of its Board of Directors, the role of the independent Chairman, the strong leadership of the independent directors and the independent committees of the Board of Directors, and the other corporate governance structures and processes already in place. Twelve of the thirteen members of the Board of Directors are non-management directors, and ten of these twelve are independent under the rules of The NASDAQ Stock Market LLC, which we refer to as the "NASDAQ rules." All of the directors are free to suggest the inclusion of items on the agenda for meetings of the Board of Directors or raise subjects that are not on the agenda for that meeting. In addition, the Board of Directors and each committee has complete and open access to any member of management and the authority to retain independent legal, financial and other advisors as they deem appropriate without consulting or obtaining the approval of any member of management. The Board of Directors also holds regularly scheduled executive sessions of non-management directors in order to promote discussion among the non-management directors and assure independent oversight of management. Moreover, the Audit Committee and the Compensation Committee, each of which are comprised entirely of independent directors, also perform oversight functions independent of management.

Risk Oversight

The Board of Directors plays an important role in the risk oversight of the Company. Although the Board recognizes that it is not possible to identify all risks that may affect the Company and its subsidiaries or to develop processes and controls to completely eliminate or mitigate their occurrence or effects, the Board is involved in risk oversight through its direct decision-making authority with respect to significant matters and the oversight of management by the Board of Directors and its committees.

In particular, the Board of Directors administers its risk oversight function through (i) the review and discussion of regular periodic reports to the Board of Directors and its committees on topics relating to compliance and risks that the Company faces, including, among others, compliance risk, market risk, credit risk, regulatory risk, operations risk, and various other matters relating to the Company's business, (ii) the required approval by the Board of Directors (or a committee thereof) of significant transactions and other decisions, including, among others, new hires and promotions to the Company's executive management positions, (iii) oversight of the Company's enterprise risk management by the Company's Risk Committee;

Table of Contents

(iv) the direct oversight of specific areas of the Company's business by the Audit Committee, (v) regular periodic reports from the Company's internal and external auditors and other outside consultants regarding various areas of potential risk, including, among others, those relating to the Company's internal control over financial reporting. The Board of Directors also relies on management to bring significant matters impacting the Company and its subsidiaries to the Board's attention.

The Audit Committee is specifically responsible for reviewing and discussing with management and the Company's external and internal auditors matters and activities relating to financial reporting and the internal controls of the Company, and the guidelines and policies that govern the process by which the Company's exposure to risk is assessed and managed by senior management.

The Credit Committee is specifically responsible for the review and approval of loan transactions of a certain value, the oversight of the Company's credit risk, and the governance of the Company's credit management.

The Risk Committee is specifically responsible for monitoring and reviewing the Company's enterprise risk management framework and processes, emerging risks, and the adequacy of risk management functions within the Company.

Board Committees

During 2014, the Board met ten times. Each director attended at least 75% of the combined total number of meetings of the Board and board committees of which he or she was a member. Consistent with the Company's policy, the independent directors meet at least twice during the year in executive session. In addition, the Company strongly encourages all directors and nominees to attend the Annual Meeting. All of the directors attended the 2014 Annual Meeting, and the Company anticipates that all of the directors will attend the 2015 Annual Meeting.

The Board has six standing committees: the Executive Committee, the Audit Committee, the Compensation Committee, the Nominating and Governance Committee, the Credit Committee and the Risk Committee. The Board has determined that each of Messrs. Hollister and Doyle qualify as an "audit committee financial expert," as defined by the SEC, and that all members of the Audit Committee are independent and financially literate in accordance with the NASDAQ rules. Code of Business Conduct and Ethics

The Company has adopted a Code of Business Conduct and Ethics that sets forth standards of ethical business conduct for all directors, officers, and employees of the Company and its subsidiaries. The purpose of the Code of Business Conduct and Ethics is to provide directors, officers and employees with a framework for making honest, ethical and legal decisions, ensure full, fair, accurate, timely and understandable public disclosures in periodic reports required to be filed by the Company, require compliance with applicable laws, rules and regulations, and encourage prompt internal reporting of violations of the Code of Business Conduct and Ethics. All directors, officers, and employees are required to annually certify that they have read and agree to abide by the terms of the Code of Business Conduct and Ethics. Additionally, the Code of Business Conduct and Ethics is in conformity with the requirements of the Sarbanes-Oxley Act of 2002 and the NASDAQ rules. A copy of the Code of Business Conduct and Ethics and any amendments to or waivers of the requirements therein, are available on the Company's website at www.brooklinebancorp.com.

Reports may also be made by phone or online via the Company's Ethics Reporting Hotline, which is administered by The Network, an independent, third-party monitoring service. The Ethics Reporting Hotline is available seven days per week, twenty-four hours per day. Calls or web reports to the Ethics Reporting Hotline may be anonymous if requested. The Ethics Reporting Hotline can be reached at: (855) 898-9097.

Board Nominations

The Nominating and Governance Committee identifies nominees by evaluating the current members of the Board willing to continue in service. Current members of the Board with skills and experience that are relevant to our business and who are willing to continue in service are first considered for renomination, balancing the value of continuity of service by existing members of the Board with that of obtaining a new perspective. If any member of the Board does not wish to continue in service, or if the Nominating and Governance Committee or the Board decides not to renominate a member for reelection, or if the size of the Board is increased, the Nominating and Governance Committee would seek to identify appropriate director candidates. In addition, the Nominating and Governance Committee is authorized by its charter to engage a third party to assist in the identification of director nominees.

Neither the Nominating and Governance Committee nor the Board has a policy with regard to the consideration of diversity in identifying director nominees, although both may consider diversity when identifying and evaluating nominees. The Nominating and Governance Committee may consider whether a nominee, if elected, would have the necessary qualifications, professional background and core competencies to discharge his or her duties as well as the ability to add something unique and valuable the Board of Directors as a whole. The Nominating and Governance Committee would seek to identify a candidate who at a minimum has high personal and professional integrity, who shall have demonstrated ability and judgment, and who shall be most effective, in conjunction with the other nominees to the Board, in collectively serving the long-term interests of the stockholders.

The Nominating and Governance Committee will also take into account whether a candidate satisfies the criteria for being an independent director under the NASDAQ rules, and if a candidate with financial and accounting experience is sought for service on the Audit Committee, whether the individual is financially literate and qualifies as an Audit Committee financial expert.

Corporate Secretary will respond directly. The Corporate Secretary will not forward the communication if it is primarily commercial in nature, relates to an improper or irrelevant topic, or is unduly hostile, threatening, illegal or otherwise inappropriate.

At each Board meeting, the Corporate Secretary shall present a summary of all communications received, if any, since the last meeting and make those communications available to the directors upon request.

Transactions with Related Parties

Pursuant to various regulatory requirements and other applicable law, the boards of the Company and its subsidiaries, Bank Rhode Island, Brookline Bank, and First Ipswich Bank, must approve certain extensions of credit, contracts and other transactions between the Company's subsidiaries and any director or executive officer. The Company has adopted written policies and procedures to implement these requirements which state, in essence, that any transaction between the Company, its subsidiaries and any director or executive officer, or any of their affiliates or immediate family members, may be made on terms comparable to those which the Company would reach with an unrelated, similarly-situated third-party and must be approved in advance by a vote of the Board. The office of the Company's General Counsel is responsible for the oversight of the Company's policy regarding related party transactions, which is typically applied to extensions of credit and any other financial transactions of a material nature between the Company, its subsidiaries, and any director or executive officer. Any director or executive officer involved in such a transaction leaves the meetings while the Board considers and votes upon the transaction.

Since January 1, 2014, neither the Company nor its subsidiaries has been a party to any transaction or series of transactions in which the amount involved exceeded \$120,000 and which any director, executive officer, or holder of more than 5% of the Company's stock, or any members of the immediate family of any such person, had or will have a direct or indirect material interest other than the following:

On December 23, 2010, Charles H. Peck entered into a Retirement Agreement with the Company in which he agreed to provide commercial real estate consulting services to the Company and its management team. The term of the agreement was for one year, but could be extended by mutual agreement of the Company and Mr. Peck. In December 2014, the Company and Mr. Peck extended the term of the agreement for an additional year and, as a result, Mr. Peck will receive a payment in the amount of \$2,000 per month in 2015.

Some of the directors and executive officers of the Company, as well as members of their immediate families and the companies, organizations, trusts, and other entities with which they are associated are, or during 2014 were, also customers of Bank Rhode Island, Brookline Bank, and First Ipswich Bank in the ordinary course of business, or had loans outstanding during 2014. It is anticipated that such persons and their associates will continue to be customers of and indebted to Bank Rhode Island, Brookline Bank, and First Ipswich Bank in the future. All such loans were made in the ordinary course of business, did not involve more than normal risk of collectability or present other unfavorable features, were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable loans with unaffiliated persons and, where required by law, were approved by the applicable Bank's Board of Directors. None of these loans to directors, executive officers or their associates is nonperforming.

Compensation Committee Interlocks and Insider Participation

The current members of the Compensation Committee are Messrs. Slotnik, Doyle and Hackett and Ms. Vaule. None of these persons has served as an officer or employee of the Company. None of these persons had any relationships with the Company requiring disclosure under applicable rules and regulations of the SEC.

Paul A. Perrault	President and Chief Executive Officer
Carl M. Carlson ¹	Chief Financial Officer and Treasurer
Thomas J. Meshako ²	Principal Financial Officer

Mark J. Meiklejohn	President and Chief Executive Officer, Bank Rhode Island

Executive Summary

The Compensation Committee oversees the executive compensation program and determines the compensation for the Company's executive officers. The committee as well as the Company's Board of Directors continue to believe that the Company's success is highly dependent on the ability to hire and retain qualified executives who have the potential to influence performance and enhance shareholder value over time. By designing and developing executive compensation programs that are competitive in the marketplace, built to reward strong corporate performance, and that are aligned with stockholder interests, the Company has successfully built a strong executive management team.

In 2014, the Company continued to experience strong profitability and growth, reporting net income of \$42.8 million. This represents a year-over-year increase of \$7.4 million, or 21%. Total assets as of December 31, 2014 were \$5.8 billion. The Company's total deposit balance increased to \$4.0 billion and total loan balance increased to \$4.8 billion, both as of December 31, 2014. The Company reported earnings of \$0.61 per share.

Role of the Compensation Committee

The Compensation Committee is responsible for discharging the responsibilities of the Board of Directors regarding the compensation philosophy, programs, and practices as they relate to the Company's directors and Named Officers. The primary purpose of the Compensation Committee is to develop, approve, and implement compensation policies and plans that are fair and appropriate to attract, retain, and motivate executives to further the Company's long-term strategic plan and drive stockholder value.

The Compensation Committee operates under a written charter that establishes its responsibilities. The committee reviews the charter annually to ensure that the scope of the charter is consistent with the committee's expected role and accurately reflects the Company's compensation philosophy and guiding principles.

The Compensation Committee meets regularly throughout the year and held seven meetings in 2014. Over the prior three years, the committee spent considerable time building a comprehensive compensation program which it continued to refine in 2014. The committee followed the established pattern of analyzing the external economic and market conditions in order to ensure the continued competitiveness of programs

that have been developed. Four members of the Board served on the Compensation Committee, each of whom is independent.

In accordance with its charter, the Compensation Committee evaluates the President and Chief Executive Officer's performance relative to established goals and has sole responsibility for determining his compensation based on their evaluation of his performance. Final decisions regarding the President and Chief Executive Officer's compensation take into consideration his contribution to the Company's success along with the Company's achievement against annually established performance targets, its relative performance when compared to its peer group, and current compensation trends within the competitive marketplace.

The Compensation Committee also reviews and evaluates the compensation and performance of other members of the executive management team, including the Named Officers.

The Role of the Compensation Consultant

The Compensation Committee has the authority to engage independent consultants to assist it in the compensation process. The consultants are retained by and report directly to the committee. The committee places no restrictions on the consultants within the scope of contracted services. The consultants provide expertise and information about competitive trends in the marketplace, including established and emerging compensation practices at other companies.

In 2014, the Compensation Committee retained the services of BDO USA, LLP ("BDO USA"), an independent executive compensation consulting firm which has provided services to the committee since 2010. BDO USA does not provide any other services to the Company and works with the Company's management only on matters for which the Compensation Committee is responsible. The Compensation Committee has assessed the independence of BDO USA pursuant to SEC rules and NASDAQ listing standards and concluded that no conflict of interest exists that would prevent BDO USA from serving as an independent consultant to the Compensation Committee. The committee periodically seeks input from BDO USA on a range of external market factors, including evolving compensation trends, appropriate peer group companies, and market survey data. BDO USA also provides general observations on the Company's compensation programs, but it does not determine or recommend the amount or form of compensation for the Named Officers.

In October 2014, BDO USA met with the Compensation Committee to discuss trends and issues impacting executive pay for the Company and other publicly-traded companies. In addition to the consideration of general information regarding trends in executive compensation, the discussion also included a high-level review of the Company's executive and director compensation as compared to that of its named peer group.

Roles of Executive Officers and Management

The Compensation Committee occasionally requests one or more members of executive management to be present at committee meetings where executive compensation and Company or individual performance are discussed and evaluated. Executives may provide insight, suggestions or recommendations regarding executive compensation; however, only Compensation Committee members vote on decisions regarding executive compensation.

The Company's President and Chief Executive Officer provides recommendations to the Compensation Committee on matters relating to the compensation of the executive management team. This includes input regarding performance measures and plan design. In addition, the President and Chief Executive Officer provides specific recommendations regarding base salary adjustments and short- and long-term incentive awards for members of the executive management team to the Compensation Committee. The Compensation Committee retains sole discretion with respect to compensation decisions regarding the Company's executive management team.

Compensation Philosophy and Objectives

The Compensation Committee continues to espouse the philosophy that the most effective compensation program is one that is designed to attract and retain qualified and experienced officers and at the same time, is reasonable, competitive, and aligned with the Company's pay for performance philosophy. The Compensation Committee believes that an effective program is one component of the overall management of the Company and that it helps to support and promote a culture that recognizes and rewards the individuals, behaviors, and results that the Company and its stockholders value.

The Company's underlying compensation philosophy is one that recognizes the importance of individual contribution and achievement and strives to reward these behaviors. However, there is also a strong belief that all must work together for the organization to be truly successful. Thus, payments in short- and long-term incentive programs are heavily weighted toward the achievement of corporate goals when measured against both specific corporate goals and against the named peer group.

In order to achieve its stated goals and support its philosophy of providing maximum reward when the Company meets its goals, the compensation program is comprised of:

Base salary;

Performance-based cash incentives;

Equity compensation; and

Benefit programs.

Compensation Benchmarking

The Compensation Committee reviews data from a number of sources when considering executive compensation decisions. These include:

Pay mix representing the effectiveness of balancing long-term versus short-term performance objectives;

Current pay level and practices relative to its named peer group; and

Survey data for positions of similar scope and focus in markets where the Company competes for talent.

Market data from a variety of independent sources is used to ensure that the Company's total compensation package is competitive in the markets within which it competes for executive talent.

In 2014, the Company's named peer group consisted of the following financial institutions:

Banner Corp.	S&T Bancorp, Inc.
SCBT Financial Corp.	TrustCo Bank Corporation NY
Heartland Financial USA, Inc.	Flushing Financial Corp.
1 st Source Corporation	Berkshire Hills Bancorp, Inc.
Columbia Banking System, Inc.	Pinnacle Financial Partners, Inc.
BBCN Bancorp, Inc.	Independent Bank Corp.
PacWest Bancorp	Chemical Financial Corp.
WesBanco, Inc.	BancFirst Corp.
First Commonwealth Financial Corp.	Boston Private Holdings, Inc.
First Financial Bancorp	Capital Bank Financial Corporation

Edgar Filing: BROOKLINE BANCORP INC - Form DEF 14A

Total assets of this group at year-end 2014 ranged from \$4.7 billion to \$16.2 billion. The companies are headquartered across the United States as it is expected that the Company would recruit on a national

Table of Contents

level for many of its executive management positions. The Company was intentionally positioned in the middle of the group.

While competitive practice is an important component of the Company's compensation philosophy, it is not the sole determinant of executive compensation and benefit practices and programs. Ultimately, the Company will administer compensation in a manner that ensures its practices are:

Externally competitive;

Internally equitable;

Based on merit and performance; and

Compliant with all laws and regulations.

2014 Compensation Elements and Decisions

The Company continued to utilize a variety of criteria when establishing compensation opportunities for executive management positions. These included:

Recognition of the relative value and contribution of the position to the Company;

Consideration of the unique qualifications and/or capabilities required by the position;

The Company's desired relationship to its external marketplace vis-à-vis a particular position; and

The Company's ability to pay.

The Company positions its executive total compensation package base salary combined with short- and long-term incentives to pay between the 50th and 75th percentiles when incentive targets are achieved and all components of compensation are received. Short- and long-term incentives are designed and administered to ensure that actual results in relation to the Company's performance objectives appropriately position earned pay levels relative to the competitive market. Indirect compensation is designed to provide the executive with a competitive array of benefit programs. As is reflected in the Summary Compensation Table, a very small portion of the executive's total compensation is delivered through perquisites.

Base Salary

Base salary is a significant component of direct compensation for executive positions at the Company. The base salaries of executive officers and other members of senior management are reviewed annually. Initial base salary levels, as well as subsequent adjustments to base salaries, are determined by:

Impact and contribution of a particular position, as well as the unique qualifications and/or capabilities an individual offers to the Company;

Salary levels suggested by the external marketplace;

Internal equity; and

Individual performance.

Base salary is the only portion of the executive's total compensation package that is considered to be "fixed" compensation and is thus not "at risk" on an annual basis. Base salary levels are established to ensure that each executive is being paid competitively for sound performance. It is intended that greater rewards will be recognized when the performance targets established within the context of the Company's short- and long-term incentive programs are achieved.

In 2014, the Compensation Committee set the annual base salaries for the Named Officers at levels that were consistent with the market analysis that was performed by the Company's independent compensation

consultant and the Compensation Committee's assessment of the individual officer's level of performance, contribution to the Company, and experience. The 2014 base salaries were: \$695,000 for the Company's President and Chief Executive Officer, an increase of \$20,000 from 2013; \$280,200 for the Company's Chief Credit Officer, an increase of \$8,200 from 2013; \$260,000 for the Company's Chief Risk Officer, General Counsel and Corporate Secretary, an increase of \$20,000 from 2013; and \$320,000 for the President and Chief Executive Officer of Bank Rhode Island, an increase of \$10,000 from 2013. Additionally, the Company agreed to a base salary of \$325,000 for Carl M. Carlson, who joined the Company as its Chief Financial Officer and Treasurer in April 2014. In all cases, base level salaries for the Named Executive Officers were consistent with the Company's compensation philosophy and practices as adopted by the Company's Compensation Committee.

Short-Term Incentives

The first component of the Company's variable, or "at risk," compensation is delivered through the Company's short-term incentive plan (the "Incentive Plan"). This program is designed to align management's interests with the achievement of the Company's financial objectives for the year.

Performance measures are established by the Compensation Committee on an annual basis and are tied specifically to the Company's financial performance. The short-term incentive is cash based and a target bonus opportunity is established for each position. The funding of the incentive pool is based on the Company's financial performance, and thus, payments are not made until financial targets are achieved. After the funding level has been established annually, individual awards are determined based on each officer's annual performance and contribution.

In 2014, the Incentive Plan provided for cash target awards of 75% of annual base salary for the Company's President and Chief Executive Officer, 50% of annual base salary for the Company's Chief Credit Officer, Chief Financial Officer and Chief Risk Officer, General Counsel and Secretary, and 40% of annual base salary for the President and Chief Executive Officer of Bank Rhode Island.

Funding of the Incentive Plan

The funding of the Company's Incentive Plan is based on the Company's financial performance relative to a targeted level of earnings per share, as established by the Company's board of directors in January of each year. The funding amount of the Incentive Plan pool is determined by whether the Company achieves a predetermined targeted level of earnings per share. If the Company does not achieve the targeted level of earnings per share, the funding amount of the Incentive Plan pool is reduced accordingly.

In 2014, the Company recorded earnings per share in the amount of \$0.61 per basic and diluted share, against an earnings per share target of \$0.58 per share. Core operating earnings were reported at \$0.59 per share. Based on this level of performance, the Compensation Committee approved the funding of the 2014 Incentive Plan pool at 100% of target.

Payment of Short-Term Incentives

In making awards to individual Named Officers, the Compensation Committee considers a combination of Company and individual performance factors. These factors include a review of the Company's performance relative to its strategic plan, and the individual achievement of each Named Officer relative to annual goals, the unique skills and experience of the Named Officer, and the Named Officer's overall contribution to the Company.

The Company reported earnings per share \$0.03 ahead of plan and core operating earnings were \$0.01 ahead of plan. Net interest income was \$4.1 million favorable to plan, and non-interest income was also favorable to plan by \$1.8 million. The Company reported year-over-year loan growth of 10.5% with credit quality remaining at satisfactory levels.

Table of Contents

After reviewing the Company's performance, combined with its evaluation of the individual achievement of the Named Officers, the Compensation Committee authorized incentive payments for 2014 for the Company's President and Chief Executive Officer in the amount of \$525,000, for the Company's Chief Financial Officer in the amount of \$162,500, for the Company's Chief Credit Officer in the amount of \$140,100, for the Company's Chief Risk Officer, General Counsel, and Corporate Secretary in the amount of \$130,000, and for the President and Chief Executive Officer of Bank Rhode Island in the amount of \$128,000.

The awards were within the plan guidelines and reflect individual and Company performance.

Long-Term Incentives

The Compensation Committee believes that profitability and growth are measured not only in annual increments, but also over an extended period of time. In addition, the Compensation Committee is of the opinion that it is important to consider performance relative to the Company's peer group, and to align the interests of the management team with that of the Company's stockholders. The Compensation Committee believes that these goals are accomplished through equity awards.

The Company's equity-based long-term incentive program is the third component of each executive officer's total compensation and is also variable in nature. Equity grants may be made in the form of stock options or restricted shares, and restricted shares, in turn, may vest over time or based on performance. When determining the appropriate form and design of these awards, the Compensation Committee considers the intended purpose of each award as well as the alignment with stockholder interests.

In 2014, 53,816 shares of restricted stock were granted to the President and Chief Executive Officer in accordance with the terms of his employment agreement. In addition, restricted stock grants in the amount of 10,000 shares each were made by the Compensation Committee to the Company's Chief Credit Officer and Chief Risk Officer, General Counsel & Secretary, and a restricted stock award of 6,500 shares was made to the President and Chief Executive Officer of Bank Rhode Island.

All restricted stock awards made to Messrs. Perrault, Rose, Meiklejohn and McCurdy are structured such that fifty percent (50%) of each award will vest ratably over a three-year period and the remaining fifty percent (50%) will vest at the end of the three-year period if certain identified Company performance objectives are achieved. These performance objectives include Company performance relative to the peer group in the following areas: return on assets, return on equity, asset quality and total return to stockholders. Dividends paid on restricted stock are accrued and not paid out to the Named Officers until the performance vesting is attained.

Upon joining the Company on April 1, 2014, the Chief Financial Officer received a restricted stock grant of 33,838 shares, of which 5,906 shares will vest ratably over a three-year period, 16,919 shares will vest at the end of the three-year period if certain identified Company performance objectives are achieved, and 11,013 shares will vest at the end of a five-year period if the Chief Financial Officer is employed by the Company at that time.

Retirement Benefits

401(k) Plan. The Company provides all of its employees, including the Named Officers, with tax-qualified retirement benefits through the Company's 401(k) plan. The Compensation Committee believes that a 401(k) plan is an attractive retirement vehicle in recruiting superior officers. All Named Officers who meet the eligibility requirements participate in the 401(k) plan on a non-discriminatory basis. Named Officers, like other employees, may begin deferring compensation upon employment.

The Company's 401(k) plan allows employees to make salary reduction contributions equal to the lesser of 75% of compensation or a maximum statutory limit which is indexed annually. Those employees who are

Table of Contents

age 50 or older are permitted to make salary reduction contributions equal to the lesser of 75% of compensation, or a maximum statutory limit which is indexed annually.

Pursuant to the Company's 401(k) plan, the Company provides an annual contribution equal to 5% of each employee's compensation up to a maximum statutory limit which is indexed annually. In order to be fully vested in the Company's annual contribution, an employee must complete three years of service with the Company in which he or she works at least 1,000 hours. The 401(k) plan permits employees to direct the investment of their own accounts into various investment options.

Nonqualified Deferred Compensation Plan. As of January 1, 2014, eligible participants, including members of the Company's Board of Directors, certain executive officers, including the Named Officers, are eligible to participate in the Company's Nonqualified Deferred Compensation Plan.

Company directors may elect to defer from 25% to 100% of their annual retainer and fees for service on the Board of Directors of the Company and eligible executive officers may elect to defer from 5% to 100% of their annual base salary and/or cash incentive payment. Amounts deferred earn interest credited at the end of each month based on the Company's average annual yield on earning assets for the previous calendar quarter, converted to a monthly equivalent yield.

In 2014, the President and Chief Executive Officer and one of the Company's directors elected to participate in the Company's Nonqualified Deferred Compensation Plan.

Employee Stock Ownership Plan. The Company has an Employee Stock Ownership Plan (the "ESOP"). Employees with at least one year of employment in which they work at least 1,000 hours with the Company and who have attained age 21 are eligible to participate. Shares of the Company's Common Stock purchased by the ESOP through the proceeds of a loan are held in a suspense account for allocation among participants.

Shares of Common Stock released from the suspense account are allocated among ESOP participants on the basis of compensation in the year of allocation. Benefits generally vest over a seven-year period at the rate of 20% per year beginning in the third year of service until a participant is 100% vested after seven years or upon normal retirement (as defined in the ESOP), disability or death of the participant or a change in control (as defined in the ESOP). A participant who terminates employment for reasons other than death, retirement or disability prior to seven years of credited service forfeits the non-vested portion of his or her benefits under the ESOP. Benefits are payable in the form of Common Stock of the Company and cash upon death, retirement, early retirement, disability or separation from service.

Any amendments to the ESOP are approved by the Company's Board of Directors. The ESOP is administered by a committee comprised of members of the Company's management team. The ESOP committee has appointed an independent financial institution to serve as trustee of the ESOP. The ESOP committee may instruct the trustee regarding investment of funds contributed to the ESOP. The ESOP trustee, subject to its fiduciary duty, must vote all allocated shares held in the ESOP in accordance with the instructions of participating employees. Under the ESOP, non-directed shares and shares held in the suspense account are voted in a manner calculated to most accurately reflect the instructions the ESOP trustee has received from participants regarding the allocated stock so long as such vote is in accordance with the provisions of ERISA.

Employment and Change-in-Control Agreements. The Company has entered into an Employment Agreement with the President and Chief Executive Officer and Change in Control Agreements with the remaining Named Officers. These agreements are intended to provide the Company with the continued employment and undivided attention of its Named Officers without the potential distraction resulting from the reduction of job security inherent in employment by a publicly-held institution. The agreements provide assurances to Named Officers regarding the continued payment of salary and benefits in the event of involuntary termination or a change in control at the Company.

Perquisites and Other Personal Benefits

The Company provides eligible employees with group life, accidental death and dismemberment, and long-term disability coverage. For its eligible employees, the Company now pays 78% of the monthly premiums for group health coverage and 50% of the monthly premiums for individual and family dental and vision coverage.

The Company pays 100% of the monthly premiums for group life and group accident insurance coverage for all full-time employees after the employee has completed three months of service. The Company also sponsors a flexible benefits plan under which employees can pay their ratable share of health insurance premiums on a pre-tax basis, a medical expense reimbursement plan under which employees can defer part of their salary on a pre-tax basis to cover the costs of certain medical expenses not reimbursed through insurance or otherwise, a dependent care plan under which employees can defer part of their salary on a pre-tax basis to cover qualified dependent care expenses, and a transportation plan under which employees can defer part of their salary on a pre-tax basis for qualified parking and transportation expenses.

Impact of Accounting and Tax on the Form of Compensation

The Compensation Committee and management consider the accounting and tax (individual and corporate) consequences of the compensation plans prior to making changes to the plans. In the consideration of equity awards going forward, the Compensation Committee intends to consider the impact of ASC Topic 718, *Stock Compensation*, and Section 162(m) of the Internal Revenue Code, as amended (the "Code")(which limits the deduction of compensation paid to certain Named Officers to \$1,000,000 unless the compensation is "performance based"). In order to maintain flexibility in compensating executive officers in a manner designed to achieve varying corporate goals, the Compensation Committee currently does not have a specific policy that all compensation must be deductible.

Relationship between Compensation Policies and Risk

The Company and its subsidiaries use variable cash incentive compensation programs and/or plans to reward and incent employee performance and retain top talent. The Compensation Committee is responsible for the review and analysis of the Company's variable cash incentive programs to ensure that they do not encourage excessive risk- or profit-taking at the expense of long term performance and stockholder value. The Compensation Committee completed a review of the Company's variable cash incentive compensation programs and believes that the current incentive compensation programs that are in place at the Company and its subsidiaries effectively incent officer performance, and not excessing risk taking. The Compensation Committee will continue to monitor both existing and proposed variable cash incentive compensation programs to ensure that this prudent balance continues to exist.

Clawback Policy

In addition to any other remedies available to the Company and subject to applicable law, if the Board or any committee of the Board determines that it is appropriate, the Company may recover in whole or in part any bonus, incentive payment, equity award or other compensation received by an officer of the Company to the extent that such bonus, incentive payment, equity award or other compensation is or was based on any financial results or operating metrics that were impacted by the officer's knowing or intentional fraudulent or illegal conduct, including the making of a material misrepresentation contained in the Company's financial statements.

2014 Advisory Votes on Executive Compensation

In 2014, the Company submitted a non-binding, advisory vote to stockholders for approval of the executive compensation paid to the Company's Named Officers in 2013. At the Company's 2014 Annual Meeting, the proposal was approved, and the results of the voting on this non-binding and advisory proposal were as

Table of Contents

follows: FOR (48,766,930); AGAINST (4,073,539); ABSTAIN (546,946); and BROKER NON-VOTES (12,645,230). The Compensation Committee believes this affirms stockholders' support of the Company's approach to executive compensation.

Stock Ownership Guidelines

The Compensation Committee believes that Company stock ownership by Company directors and executive officers strengthens their commitment to the Company's future and further aligns their interests with those of the Company's stockholders. The Compensation Committee encourages the Company's directors and executive officers to purchase and own Company stock and discourages sales of Company stock except pursuant to a pre-arranged plan. The Compensation Committee is of the opinion that the number of shares of the Company's stock owned by each director and executive officer is a personal decision and, independent of any stock ownership requirements that are imposed by law, does not require directors or executive officers to purchase and/or own Company stock. The Compensation Committee will review the Company's policy on Company stock ownership on a periodic basis to evaluate the stock ownership practices of directors and executive officers and to consider any necessary changes or enhancements to the Company's policy on Company stock ownership.

Potential Payments Upon Termination or Change-in-Control

Employment Agreement with Paul A. Perrault. The Company and Brookline Bank entered into an employment agreement (the "Perrault Agreement") with Mr. Perrault on April 11, 2011. The Perrault Agreement is for a period of thirty-six (36) calendar months, and commencing on the first anniversary of the date of the Agreement, and continuing at each anniversary date thereafter, the Perrault Agreement shall renew for an additional year unless written notice is provided to Mr. Perrault at least sixty (60) days prior to any such anniversary date.

The Perrault Agreement provides that the Company will pay Mr. Perrault a base salary and a short-term incentive payment of up to 75% of base salary. As previously discussed, payment of this award is predicated upon the Company's achievement of established annual goals. The Perrault Agreement also sets forth the terms and conditions of Mr. Perrault's long-term incentive, which is in the form of equity compensation. Specifically, Mr. Perrault is eligible to receive an award of restricted stock having a value equal to 70% of his base salary in effect at the time the award is made. Fifty percent (50%) of each award will vest ratably over a three-year period, with the remaining fifty percent (50%) vesting at the end of a three-year period based on the attainment of performance goals which are established by the Compensation Committee.

Upon the occurrence of an Event of Termination, as defined in the Agreement, Mr. Perrault (or his beneficiaries or estate in the event of his death subsequent to his termination of employment) is entitled to receive an amount equal to the sum of (i) Mr. Perrault's base salary, (ii) the highest bonus awarded to him during the past three years; and (iii) the highest equity consideration previously awarded to him in any year.

Upon the occurrence of a Change in Control, as defined in the Agreement, Mr. Perrault (or his beneficiaries or estate) is entitled to receive an amount equal to three times the sum of items (i), (ii) and (iii) as set forth in the preceding paragraph and all unvested restricted and performance stock awards immediately vest and become payable on the occurrence of a Change in Control.

Upon the occurrence of an Event of Termination or a Change in Control, life and disability coverage substantially identical to the coverage maintained by the Company or Brookline Bank shall continue to be made available to Mr. Perrault for 24 months from the date of termination. The Company shall also provide Mr. Perrault with healthcare coverage (medical and dental) until he attains age 65; provided, however, that if such coverage would cause the Company to be subject to tax penalties under the Patient Protection and Affordable Care Act, the Company shall pay Mr. Perrault a monthly amount equal to the cost of healthcare coverage until he attains age 65.

Notwithstanding the preceding paragraphs, if the aggregate payments and benefits to be made to Mr. Perrault (the "Termination Benefits") would be deemed to include an "excess parachute payment" under Section 280G of the Internal Revenue Code (the "Code"), then the Termination Benefits would be reduced to an amount (the "non-Triggering Amount"), the value of which would be one hundred dollars less than the total amount of payments permissible under Section 280G of the Code.

In the event that Mr. Perrault is unable to perform his duties on a full-time basis for a period of six consecutive months due to disability, the Company may terminate the Agreement, but will be obligated to pay him his Base Salary for the remaining term of the Agreement, or one year, whichever is the longer period of time, provided that any amounts actually paid to Mr. Perrault pursuant to any disability insurance or other similar such program which the Company has provided, or pursuant to any workman's or social

security disability program, shall reduce the compensation to be paid to Mr. Perrault resulting from his disability.

In the event of death, Mr. Perrault's estate, legal representatives or beneficiaries shall be paid his Base Salary for a period of one year from the date of his death and the Company will continue to provide medical, dental and other benefits normally provided to Mr. Perrault's family for one year after his death.

Change-in-Control Agreements. The Company, including its subsidiaries, has entered into change in control agreements (the "Change in Control Agreements") with several of the Company's officers, including individuals who serve as officers of the Company's subsidiaries and all of the Named Officers. The Change in Control Agreements provide certain benefits in the event of a change in control of the Company. For these purposes, a "change in control" is defined generally to mean: the consummation of (i) any consolidation or merger of the Company where the stockholders of the Company, immediately prior to the consolidation or merger, would not, immediately after the consolidation or merger, beneficially own (as such term is defined in Rule 13d-3 under the Act), directly or indirectly, shares representing in the aggregate more than 50 percent of the voting shares of the Company issuing cash or securities in the consolidation or merger (or of its ultimate parent corporation, if any), or (ii) any sale or other transfer (in one transaction or a series of transactions contemplated or arranged by any party as a single plan) of all or substantially all of the assets of the Company. These protections against termination without cause in the event of a change in control are frequently offered by other financial institutions, and the Company may be at a competitive disadvantage in attracting and retaining key employees if it does not offer similar protections. Although the Change in Control Agreements may have the effect of making a takeover more expensive to an acquirer, the Company believes that the benefits of enhancing the Company's ability to attract and retain qualified management persons by offering the Change in Control Agreements outweigh any disadvantage of such agreements.

Under the Change in Control Agreement, if, within twelve months following a "Change in Control" of the Company (as defined in the Change in Control Agreement), the Executive's employment with the Company is terminated by the Company other than for cause, or by the Executive for good reason (each as defined in the Change in Control Agreement), the Executive would be entitled to (1) a payment equal to two times the sum of the Executive's annual base salary in effect immediately prior to the "Change in Control" and the Executive's target bonus for the fiscal year in which the "Change in Control" occurred, and, (2) continuation of certain benefits provided by the Company for 24 months following the date of termination. Notwithstanding any provision to the contrary in the Change in Control Agreements, payments under the Change in Control Agreements will be reduced if such reduction will result in the Executive receiving a higher after-tax amount.

AUDIT COMMITTEE REPORT

The Audit Committee currently consists of six members of the Board, each of whom is independent under the NASDAQ Stock Market LLC ("NASDAQ") listing standards and Securities and Exchange Commission ("SEC") rules and regulations applicable to Audit Committees. All members of the Audit Committee are financially literate under the applicable NASDAQ rules, and Thomas J. Hollister and John J. Doyle, Jr. are "audit financial committee experts" within the meaning of that term as defined by the SEC in Regulation S-K under the Securities Exchange Act of 1934, as amended. The Board has adopted, and annually reviews, an Audit Committee charter. The charter specifies the scope of the Audit Committee's responsibilities and how it carries out those responsibilities.

The Audit Committee is responsible primarily for assisting the Board in fulfilling its oversight responsibilities of reviewing the financial information that will be provided to shareholders and others, appointing the independent registered public accounting firm, reviewing the services performed by the Company's independent registered public accounting firm and internal audit function, evaluating the Company's accounting policies and the Company's system of internal controls that management and the Board have established, and reviewing material transactions. The Audit Committee does not itself prepare financial statements or perform audits, and its members are not auditors or certifiers of the Company's financial statements.

The Audit Committee has reviewed and discussed the Company's December 31, 2014 audited financial statements with management and with KPMG LLP, the Company's independent registered public accounting firm. The Audit Committee has discussed with KPMG LLP the matters required to be discussed by Auditing Standard No. 16, as amended (Codification of Statements on Auditing Standards, AU380), as adopted by the Public Company Accounting Oversight Board ("PCAOB") in Rule 3200T. The Audit Committee has received the written disclosures and the letter from KPMG LLP required by the PCAOB regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence, and has discussed with KPMG LLP its independence. The Audit Committee has considered whether the provision of non-audit services to the Company is compatible with KPMG LLP's independence.

Based on the review and discussion referred to above, the Audit Committee recommended to the Board that the December 31, 2014 audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2014, for filing with the SEC. We have selected KPMG LLP as the Company's independently registered public accounting firm for the fiscal year end 2015, and have approved submitting the selection of the independent registered public accounting firm for ratification by the shareholders.

Table of Contents**PROPOSAL 2: RATIFICATION OF THE APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

KPMG LLP currently serves as our independent registered public accounting firm, and that firm conducted the audit of our consolidated financial statements for the fiscal year ended December 31, 2014. The Audit Committee has appointed KPMG LLP to serve as the independent registered public accounting firm to conduct an audit of our consolidated financial statements for the fiscal year ending December 31, 2015.

Although ratification by stockholders is not required by law or by our bylaws, the Audit Committee believes that submission of its selection to stockholders is a matter of good corporate governance. Even if the appointment is ratified, the Audit Committee, in its discretion, may select a different independent registered public accounting firm at any time if the Audit Committee believes that such a change would be in the best interests of the Company and its stockholders. If our stockholders do not ratify the appointment of KPMG LLP, the Audit Committee will take that fact into consideration, together with such other factors it deems relevant, in determining its next selection of independent auditors.

It is anticipated that a representative of KPMG LLP will attend the annual meeting of stockholders, will have an opportunity to make a statement if he or she desires to do so and will be available to respond to appropriate questions.

**THE BOARD RECOMMENDS A VOTE "FOR" THE RATIFICATION OF KPMG LLP AS
INDEPENDENT REGISTERED ACCOUNT FIRM**

Policy on Audit Committee Pre-Approval of Audit and Non-Audit Services of Independent Registered Public Accounting Firm

At present, our Audit Committee approves each engagement for audit and non-audit services before we engage KPMG LLP to provide those services. Our Audit Committee has not established any pre-approval policies or procedures that would allow management to engage KPMG LLP to provide any specified services with only an obligation to notify the Audit Committee of the engagement for those services. None of the services provided by KPMG LLP for the fiscal year 2014 were obtained in reliance on the waiver of the pre-approval requirement afforded in SEC regulations.

PROPOSAL 3: ADVISORY (NON-BINDING) VOTE ON EXECUTIVE COMPENSATION

As required by Section 14A of the Securities Exchange Act of 1934, as amended, the Board of Directors is submitting to stockholder approval, on an advisory basis, the compensation paid to the Company's named executive officers as described in this Proxy Statement pursuant to Item 402 of Regulation S-K. As previously disclosed by the Company, the Board of Directors has determined that it will hold an advisory vote on executive compensation on an annual basis, and the next such stockholder advisory vote will occur at the 2015 Annual Meeting of Stockholders.

The resolution that is the subject of this proposal is a non-binding resolution and will not have any binding legal effect regardless of whether or not it is approved, and may not be construed as overruling a decision by the Company or the Board of Directors or creating or implying any change to the fiduciary duties of the Board. Furthermore, because this non-binding resolution relates primarily to compensation that has already been paid or is contractually committed for the Company's Named Officers, there is generally no opportunity for the Board to revisit those decisions. However, the Compensation Committee intends to take the results of this vote on this proposal into account in its future decisions regarding the compensation of the Company's Named Officers.

The Company has six Named Officers listed in this Proxy Statement. The Company's compensation program is designed to attract, motivate and retain the Named Officers who are critical to the Company's success, offering a combination of base salary and annual long-term incentives that are closely aligned with the Company's annual and long-term performance objectives. Please see the section titled "*Compensation Discussion and Analysis*" for additional information about the Company's executive compensation programs.

We believe that the effectiveness of our compensation programs is demonstrated by the accomplishments of management over the last fiscal year as detailed in our discussion section titled "*Compensation Discussion and Analysis*."

For these reasons, the Board of Directors recommends that stockholders vote in favor of the following resolution:

RESOLVED, that the compensation of the Company's Named Officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the compensation tables and narrative discussion, be approved.

THE BOARD RECOMMENDS A VOTE "FOR" APPROVAL OF THE COMPENSATION OF THE COMPANY'S NAMED OFFICERS
