Q.

- A.
- If you are a stockholder of record as of the record date, meaning you own your shares directly and are listed as a stockholder with our transfer agent, American Stock Transfer, you may vote your shares either in person or by proxy. To vote by proxy, you may vote via telephone by using the toll-free number listed on the proxy card, via Internet at the website for Internet voting listed on the proxy card, or you may mark, date, sign, and mail the enclosed proxy card in the prepaid envelope. Giving a proxy will not affect the right to vote the shares if you attend the Annual Meeting and want to vote in person by voting in person you automatically revoke any previously submitted proxy. If you vote the shares in person, you must present identification. You also may revoke the proxy at any time before the meeting by giving the Corporate Secretary written notice of the revocation or by submitting a later-dated proxy. If you return the signed proxy card but do not mark your voting preference, the individuals named as proxies will vote the shares in accordance with the recommendations of the Board of Directors as set forth below.

Table of Contents

If you are a beneficial holder of shares of Company stock as of the record date, meaning you own your shares through an intermediary, such as a broker, bank or other nominee, you must follow the instructions provided by such intermediary in order to vote in advance of the Annual Meeting or revoke your vote. Most brokers permit beneficial holders to vote via telephone or Internet, but you must follow the instructions provided to you. To vote your shares in person at the Annual Meeting, you must present proof that you own the shares as of the record date through brokers' statements or similar proof, a legal proxy from the intermediary, and identification. If you do not provide your broker with instructions on how to vote your shares, the broker cannot vote on non-discretionary matters on your behalf, which will result in a broker "non-vote", but may vote on discretionary matters. Of the known matters to be voted upon at the Annual Meeting, only the ratification of the selection of Moss Adams LLP as our independent registered public accounting firm is a discretionary matter.

Q.

What are the recommendations of the Board?

- A.
1. The Board unanimously recommends that you vote **FOR** the election of the nominated slate of Class II directors.
 2. The Board unanimously recommends that you vote **FOR** ratification of the selection of Moss Adams LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2018.
 3. The Board unanimously recommends that you vote **FOR** the approval, on an advisory basis, of the compensation of our Named Executive Officers as described in "Executive Compensation," compensation tables and accompanying narrative discussion discussed in the Proxy Statement.
 4. The Board unanimously recommends that you vote **FOR** the approval of a third amendment to the Goodrich Petroleum Corporation 2016 Long-Term Incentive Plan, as amended from time to time.

Q.

How many shares can I vote?

- A.
- As of the record date, April 2, 2018, Goodrich had outstanding 11,562,127 shares of common stock. Each share of common stock is entitled to one (1) vote.

Q.

What happens if I withhold my vote for an individual director?

- A.
- Because the individual directors are elected by plurality of the votes cast at the meeting, a withheld vote will not have an effect on the outcome of the election of an individual director.

Q.

How many votes must be present to hold the Annual Meeting?

There must be a quorum for the Annual Meeting to be held. A quorum is the presence at the Annual Meeting, in person or by proxy, of the holders of a majority of the shares of common stock issued and outstanding and entitled to vote at the Annual Meeting on the record date. The presence of the holders of at least 5,781,064 shares of common stock is required to establish a quorum for the Annual Meeting. Proxies that are voted "FOR," "AGAINST" or "WITHHELD" are treated as being present at the Annual Meeting for purposes of establishing a quorum and also treated as shares "represented and voting" at the Annual Meeting with respect to such matter.

Abstentions and broker non-votes are counted for purposes of determining the presence or absence of a quorum for the transaction of business.

Table of Contents

Q. How many votes are needed to approve each of the proposals?

A. The nominees for election as directors at the Annual Meeting who received the highest number of "FOR" votes will be elected as directors. This is called plurality voting. Broker non-votes and votes marked "**WITHHOLD AUTHORITY**" or "**FOR ALL EXCEPT**" (with respect to the nominees for which authority is withheld) will have no legal effect on the election of directors under Delaware law. Abstentions will have no legal effect on the proposal.

The ratification of the appointment of the independent registered public accounting firm requires the affirmative vote of a majority of shares represented in person or by proxy and entitled to vote at the Annual Meeting. Abstentions will have the same effect as a vote against the proposal. Brokers have discretion to vote on the ratification of the appointment of the independent registered public accounting firm, therefore, if the beneficial owner of shares does not provide the broker with instructions on how to vote, the broker may still vote on this proposal.

The approval, on an advisory basis, of the compensation of our Named Executive Officers, requires the affirmative vote of a majority of shares represented in person or by proxy and entitled to vote at the Annual Meeting. Abstentions will have the same effect as a vote against the proposal. Broker non-votes will have no legal effect on the proposal.

The approval of the third amendment to the Goodrich Petroleum Corporation 2016 Long-Term Incentive Plan, as amended from time to time, to increase the number of shares of Company common stock authorized for issuance thereunder requires the affirmative vote of a majority of shares represented in person or by proxy and entitled to vote at the Annual Meeting. Abstentions will have the same effect as a vote against the proposal. Broker non-votes will have no legal effect on the proposal.

Q. Can I vote on other matters?

A. We do not expect any other matter to come before the meeting. We did not receive any stockholder proposals by the date required for such proposals to be considered. If any other matter is properly brought and presented at the Annual Meeting, the signed proxy gives the individuals named as proxies authority to vote the shares on such matters at their discretion.

Q. Who is soliciting my proxy?

A. The Board of Directors of Goodrich Petroleum Corporation is sending you this Proxy Statement in connection with the solicitation of proxies for use at Goodrich's 2018 Annual Meeting of Stockholders. Certain directors, officers and employees of Goodrich may also solicit proxies on our behalf by mail, phone, fax or in person.

**PROPOSAL NO. 2 RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED ACCOUNTING FIRM**

Although stockholder approval is not required for the appointment of Moss Adams LLP, the Board and the Audit Committee have determined that it is desirable as a good corporate governance practice. Ratification requires the affirmative vote of a majority of the shares entitled to vote and represented in person or by proxy at the Annual Meeting. If our stockholders do not ratify the appointment, the Audit Committee may reconsider the appointment. However, even if the appointment is ratified, the Audit Committee, in its discretion, may select different independent auditors if it subsequently determines that such a change would be in the best interest of us and our stockholders. A representative of Moss Adams LLP is expected to be present at the Annual Meeting and will have an opportunity to make a statement if such representative desires to do so and will be available to respond to appropriate questions from stockholders at the Annual Meeting.

PROPOSAL NO. 3 ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Board recognizes that executive compensation is an important matter for our stockholders. The Compensation Committee is tasked with the implementation of our executive compensation philosophy, and the core of that philosophy has been and continues to be to pay our executive officers based on our performance. In particular, the Compensation Committee strives to attract, retain and motivate exceptional executives, to reward past performance measured against established goals and provide incentives for future performance, and to align executives' long-term interests with the interests of our stockholders. To do so, the Compensation Committee uses a combination of short- and long-term incentive compensation to reward near-term excellent performance and to encourage executives' commitment to our long-range, strategic business goals.

Stockholder Advisory Vote on Executive Compensation

At our 2017 annual meeting of stockholders, holders of 97% of the shares entitled to vote on the matter voted in favor of the compensation of the named executive officers as described in our 2017 proxy statement. The Compensation Committee believes that the level of support received from our stockholders indicates that they consider our compensation philosophy and our executive compensation policies to be effective and aligned with their interests.

As you consider this Proposal No. 3, we urge you to read this proxy statement for additional details on executive compensation, including tabular disclosures regarding named executive officer compensation together with the accompanying narrative disclosures in the "Executive Compensation" section of this proxy statement.

Summary of 2017 Executive Compensation

Reimplemented Non-Equity Incentive Plan establishing operational and financial targets;

Annual grant of time-vested restricted stock; and

Reimplemented grants of performance based stock awards.

As an advisory vote, Proposal No. 3 is not binding on the Board or the Compensation Committee, will not overrule any decisions made by the Board or the Compensation Committee, and will not require the Board or the Compensation Committee to take any action. Although the vote is non-binding, the Board and the Compensation Committee value the opinions of our stockholders, and will carefully consider the outcome of the vote when making future compensation decisions for executive officers.

This vote is required pursuant to Schedule 14A of the Securities Exchange Act of 1934, as amended (the "Exchange Act").

We are asking stockholders to vote "**FOR**" the following resolution:

"RESOLVED, that the stockholders approve, on an advisory basis, the compensation of the named executive officers as disclosed in this Proxy Statement for Goodrich Petroleum Corporation's 2018 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Summary Compensation Table for 2017 and the other related tables and disclosure required by Item 402 of Regulation S-K."

Recommendation of the Board

OUR BOARD UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" THE APPROVAL OF THE COMPENSATION OF THE NAMED EXECUTIVE OFFICERS, AS DISCLOSED IN THIS PROXY STATEMENT.

Table of Contents

PROPOSAL NO. 4 APPROVAL OF THE THIRD AMENDMENT TO LTIP TO INCREASE THE NUMBER OF SHARES OF COMMON STOCK OF THE COMPANY AUTHORIZED FOR ISSUANCE THEREUNDER

At the Annual Meeting, stockholders will be asked to approve the Third Amendment to our 2016 Long-Term Incentive Plan (the "LTIP"), which increases the number of shares of common stock available under the LTIP by 1,500,000 shares (from 3,500,000 shares to 5,000,000 shares). The increase in the number of shares available under the LTIP is the only change to the LTIP that the Third Amendment would implement. As explained in greater detail below, our Board of Directors believes approval of the Third Amendment to the LTIP is in the best interest of the Company and advisable in order to ensure that we have an adequate number of shares available under the LTIP for our compensation programs.

Background and Purpose of the Proposal

At the 2017 Annual Meeting the stockholders approved a second amendment to the LTIP to increase the number of shares of common stock available under the LTIP by 1,500,000 (from 2,000,000 to 3,500,000 shares). Following that amendment, the Company, in December 2017, upon consultation with its compensation consultant, Longnecker & Associates, introduced performance shares into its long-term equity-based incentives. The shares granted from the LTIP in December 2017 were 50% time-vesting shares, with employee shares ratably vesting over three years and director shares vesting in one year, and 50% performance shares which will cliff vest, if at all, on the third anniversary date of the grant, or potentially sooner in the event of a change in control. As more fully described in Long-Term Equity-Based Incentives Performance Shares, the number of performance shares that will actually vest can range from 0% to 250% of the performance shares granted based upon the Company's total stockholder return measured against the performance of the Russell 2000 Energy Index over a three-year measurement period.

In total, 865,363 shares were granted in December 2017, with 462,684 of those shares being time-vesting shares and 402,679 of those shares being performance shares. As the performance shares which could vest range from 0% to 250%, or no shares up to 1,006,698 shares, the Company needs to reserve 1,469,382 shares from the LTIP, comprising 462,684 of the time-vesting shares plus 1,006,698 of the performance shares, to avoid potentially granting more shares than are available for issuance under a maximum performance award.

If the Third Amendment is approved by our stockholders, we will permanently reduce the number of shares available under the LTIP by the difference between 1,006,698 shares and the number of performance shares granted in December 2017 that actually vest to ensure our stockholders are not approving excess shares that could artificially extend the term of the LTIP to the extent the performance shares actually granted are less than the performance shares reserved for a maximum potential award.

The LTIP is intended to promote the interests of the Company by providing a means by which directors, officers, and employees may acquire or increase their equity interest in the Company and may develop a sense of proprietorship and personal involvement in the development and financial success of the Company, and to encourage them to remain with and devote their best efforts to the business of the Company, thereby advancing the interests of the Company and its stockholders. The LTIP is also intended to enhance the ability of the Company to attract and retain the services of individuals who are essential for the growth and profitability of the Company.

We believe that approval of the Third Amendment is necessary in order to give us the flexibility to make stock-based awards and other awards permitted under the LTIP over the next year in amounts determined appropriate by the Committee; however, this is simply an estimate used to determine the number of additional common shares requested pursuant to the Third Amendment and future

circumstances may require a change to expected equity grant practices. These circumstances include but are not limited to the future price of our common stock, award levels and amounts provided by our competitors and our hiring activity. The closing market price of our common stock as of April 6, 2018 was \$11.19 per share, as reported on the NYSE American.

Consequences of Failing to Approve the Proposal

Failure of our stockholders to approve this Proposal 4 will mean that we will not be able to grant equity awards under the LTIP; therefore, we may be unable to provide compensation that is commensurate with our competitors.

Equity Compensation Plan Information

The following table sets forth certain information with respect to our equity compensation plans as of April 2, 2018.

Goodrich Petroleum Corporation 2016 Long-Term Incentive Plan, as amended	1,983,205(1)	n/a(2)	0

- (1) Represents the number of underlying shares of common stock associated with outstanding phantom restricted stock and performance shares under the Goodrich Petroleum Corporation 2016 Long-Term Incentive Plan, as amended (the "LTIP"). The value assumes 250% payout for the performance shares.
- (2) See note (1) above with respect to phantom restricted stock and performance shares granted under the LTIP. The weighted-average exercise price does not take into account the shares issuable upon the vesting of these awards since they have no exercise price.

See *Annex 1* for a description of the LTIP.

New Plan Benefits

The benefits that will be granted or paid under the LTIP are the awards to be made in the future under the LTIP and so cannot currently be determined. Awards granted under the LTIP are within the discretion of the Committee, and the Committee has not determined future awards or who might receive them.

Pursuant to SEC rules, the amounts shown exclude the impact of estimated forfeitures related to service-based vesting conditions. These amounts reflect the Company's accounting expense for these awards, and do not correspond to the actual value that will be recognized by our Named Executive Officers. Assumptions used in the calculation of these amounts are included in Note 2 to our audited financial statements for the fiscal year ended December 31, 2016 and 2017 included in our Annual Report on Form 10-K.

Narrative Disclosure to Summary Compensation Table

The following is a discussion of material factors necessary to an understanding of the information disclosed in the Summary Compensation Table.

Non-Equity Incentive Plan Compensation.

Incentive bonuses, considered for payment annually, ensure that our executive officers focus on the achievement of near-term goals that are approved by the Board. Bonuses may be earned if the Company achieves its objectives in key performance metrics and executes on strategic achievements as discussed below. Bonus targets as a percentage of base salary have historically been set near the median for similar positions.

Bonus targets as a percentage of base salary for 2017 were set at 125% for the CEO and President, 80% for the Executive Vice Presidents, and 60% for the Chief Financial Officer. The total amounts received under our incentive bonus plan are composed of both quantitative performance metrics (with potential bonus payout ranging from zero to 160%, with a target bonus payout of 80% of the overall target bonus) and qualitative subjective evaluation (with potential bonus payout ranging from zero to 40%, with a target bonus payout of 20% of the overall target bonus).

The bonuses awarded for the Company's 2017 performance are reflected in the Summary Compensation Table under "Non-Equity Incentive Plan Compensation."

Quantitative Performance Metrics. The Compensation Committee selected the following performance metrics as the relevant financial targets, which the Compensation Committee viewed as consistent with the Company's 2017 business plan: (1) production growth with a target of 50%, (2) finding and development costs with a target of \$1.15/Mcfe, (3) lease operating expenses (excluding workovers) with a target of \$0.80 per Mcfe, (4) cash general and administrative expenses with a target of \$9.5 million, and (5) EBITDA with a target of \$25 million. The relative weighting target percentages of the five performance metrics were: production growth 25%; finding & development costs 20%; lease operating expenses 5%; cash general & administrative expenses 5%; and EBITDA 25% for a total of 80% of the total target bonus amount.

Actual Company performance for 2017 was as follows: (1) production growth of 44.4%, (2) finding and development costs of \$0.892 per Mcfe, (3) lease operating expenses (excluding workovers) of \$0.72 per Mcfe, (4) cash general and administrative expenses of \$8.58 million, and (5) EBITDA of \$19.162 million. In general, the Company's performance was at or above the targeted goal for finding and development costs, lease operating expenses, and cash general and administrative expenses, and below the threshold goal for Production Growth and EBITDA. Accordingly, the Compensation Committee approved bonus payouts for the executives at 78.5% of the total target bonus amount for the components tied to quantitative performance metrics.

Qualitative Subjective Evaluation. In considering the appropriate discretionary award, the Compensation Committee assessed the impact the decision to delay certain completion activities had on the 2017 performance metrics. Given the overall performance of the Company in 2017, and the cost and efficiency considerations which resulted in delaying these completion activities, the Compensation Committee decided to increase the discretionary award under the incentive bonus from the target of 20% to 25%.

Table of Contents

The following reflects the calculation of the actual incentive bonus payout amount:

	Financial Objective Target	2017 Company Performance	Target Percentage of Base Salary	Actual Percentage of Base Salary Payout
Oil Production Growth	50%	44.4%	25%	21.5%
Oil Finding & Development Costs	\$1.15/Mcfe	\$0.892/Mcfe	20%	40.0%
Lease Operating Expenses	\$0.80/Mcfe	\$0.72/Mcfe	5%	7.0%
General & Administrative Expenses (cash)	\$9.5 million	\$8.58 million	5%	10.0%
EBITDA	\$25 million	\$19.162 million	25%	0.0%
Discretionary			20%	25.0%
Total:			100%	103.5%

The bonuses awarded for the Company's 2017 performance are reflected in the Summary Compensation Table under the "Non-Equity Incentive Plan Compensation" column.

Long-Term Incentive Plan.*Restricted Phantom Stock.*

The restricted phantom stock awards vest in one-third increments on each anniversary of the grant date and will vest earlier upon the grantee's termination of employment due to his death or disability. In addition, the restricted phantom stock will vest on a change in control of the Company (see the "Potential Payments Upon Termination or Change in Control" section below for definitions). Payment of vested restricted phantom stock may be made in cash, shares of our common stock or any combination thereof, as determined by the Committee in its discretion. Any payment to be made in cash will be based on the fair market value of a share of common stock on the payment date.

Performance Stock Units.

Based on the 2017 target awards, in December 2017, the following number of performance stock units representing a contingent right to receive one share of common stock were awarded to the Named Executive Officers at the time of grant: Mr. Goodrich 102,364; Mr. Turnham 102,364; Mr. Ferchau 37,380. Performance shares will vest and be earned over a three-year period based on the Company's total stockholder return versus the Russell 2000 Energy Index.

Relative TSR. The actual number of performance shares that our executives may earn, can range from zero to 250% of target, based on the Company's total stockholder return (TSR) relative to the Russell 2000 Energy Index at the end of a three-year performance period. The actual number of

performance shares that may be earned at various levels of relative TSR was approved by the Compensation Committee and is based on the following structure:

GDP Performance Versus Russell 2000 Energy Index	Percent of Target Payment	If Negative 3-year Stock Price

Salary in Proportion to Total Compensation. We believe that a significant portion of each Named Executive Officer's compensation should be in the form of equity awards. The percentage of each Named Executive Officer's total compensation that was paid and awarded for 2017 in the form of base salary was approximately 13% for each of Messrs. Goodrich and Turnham and approximately 23% for Mr. Ferchau.

Additional Narrative Disclosure

Other Benefits

In addition to base pay, annual incentive bonuses, long-term equity-based incentives and severance benefits, we provide the following forms of compensation:

401(k) Savings Plan. We have a defined contribution profit sharing 401(k) plan designed to assist our eligible officers and employees in providing for their retirement. We have a plan that allows us to match the contributions of our employees to the plan in cash. When matching occurs, employees are immediately 100% vested in company contributions. Matching contributions were suspended effective April 1, 2016 and have not to date been reinstated.

Health and Other Welfare Benefits. Our executive officers are eligible to participate in medical, dental, vision, disability insurance and life insurance to meet their health and welfare needs. These benefits are provided so as to assure that we are able to maintain a competitive position in terms of attracting and retaining officers and other employees. This is a fixed component of compensation and the benefits are provided on a non-discriminatory basis to all employees.

Perquisites. We do not provide perquisites to our executive officers.

Potential Payments Upon Termination or a Change in Control

The discussion below discloses the amount of compensation and/or other benefits potentially due to Messrs. Goodrich, Turnham, and Ferchau in the event of a change in control, or a termination of their employment, including, but not limited to, in connection with a change in control of the Company. We believe that change in control protection allows management to focus their attention and energy on the business transaction at hand without any distractions regarding the effects of a change in control. Likewise, post-termination payments allow management to focus their attention and energy on making the best objective business decisions that are in the interest of the company without allowing personal considerations to cloud the decision-making process.

Each of Messrs. Goodrich, Turnham, and Ferchau has entered into a severance agreement with the Company providing for a cash lump sum payment to each of them in the event of their termination of employment without "cause" or due to a "change in duties," during the eighteen (18) month period immediately following a "change in control," or the executive is terminated without cause by the Company at any time (each term as defined below). The amount to which each is entitled is equal to two (2) times his then "current annual rate of total compensation," to be paid within a ninety (90) day period following the applicable termination of employment, or in the event the executive is a "specified employee" as defined in Section 409A of the Code at the time of termination, on the first business day following the six (6) month period immediately following the executive's termination of employment. Each severance agreement provides for continued health and life insurance coverage under the Company plans (or the equivalent thereof) for each of them through the second anniversary of their respective termination of employment date, but only to the extent that the continuation of benefits is exempt from Section 409A of the Code. In the event that payments pursuant to the severance agreements create excise taxes for the executive pursuant to Section 4999 of the Code, we will provide the executive with an additional payment solely to compensate him for such excise tax payment.

Table of Contents

Accelerated vesting of the equity awards is driven by the grant agreements and occurs upon death or disability, or a change in control.

The severance agreements define "cause" as (1) a material failure to perform expected duties, (2) the commission of fraud, embezzlement, or misappropriation against us, (3) a material breach by the executive of his fiduciary duty, or (4) a conviction of a felony offense or a crime involving moral turpitude.

The executive's "current annual rate of total compensation" is comprised of the executive's annual base salary, the annual cash bonus last awarded to the executive prior to the change of control, and the value of the equity-based compensation awards granted to the executive during the twelve (12) months immediately prior to the change of control. All equity awards to be included in this calculation will be valued as of the date of grant.

A "change of control" of the Company will be deemed to have occurred upon the occurrence of the following events: (1) a sale or other transfer of all or substantially all of our assets, (2) our liquidation or dissolution, (3) a person or group becomes the beneficial owner of fifty percent (50%) or more of our voting power, or (4) a merger or consolidation, unless for at least six (6) months after the transaction, we own at least fifty percent (50%) of the total voting power of all the voting securities.

The executives may voluntarily resign upon a "change in duties" upon (1) a reduction in the executive's duties or responsibilities, (2) a reduction in the executive's "current annual rate of total compensation" or (3) a change in location of the executive's principal place of business of more than fifty (50) miles.

AUDIT COMMITTEE MATTERS

Audit Committee Report

The Audit Committee was established to implement and to support oversight function of the Board of Directors with respect to the financial reporting process, accounting policies, internal controls and independent registered public accounting firm of Goodrich Petroleum Corporation.

Each member of the Audit Committee is an "independent" director and "financially literate" as determined by the Board, based on the listing standards of the New York Stock Exchange. Each member of the Audit Committee also satisfies the Securities and Exchange Commission's additional independence requirements for members of audit committees. In addition, the Board has designated Mr. Leight, the Chairman of the Audit Committee, as an "audit committee financial expert," as defined by the Securities and Exchange Commission's rules and regulations.

In fulfilling its responsibilities, the Audit Committee:

reviewed and discussed the audited financial statements with management and our independent auditors;

discussed with the independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 1301, as amended;

received from the independent registered public accounting firm the written disclosures and the letter required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent auditors' communications with the Audit Committee concerning independence; and

considered the compatibility of non-audit services with the independent registered public accounting firm's independence and has discussed with the independent accounting firm its independence.

Based on these reviews and discussions, the Audit Committee recommended to the Board, and the Board approved, that the audited financial statements of Goodrich Petroleum Corporation be included in its Annual Report on Form 10-K for the year ended December 31, 2017 for filing with the Securities and Exchange Commission.

The information contained in this Audit Committee Report shall not be deemed to be "soliciting material" to be "filed" with the Securities and Exchange Commission, nor shall such information be incorporated by reference into any future filings with the Securities and Exchange Commission, or subject to the liabilities of Section 18 of the Securities Exchange Act of 1934, as amended, except to the extent that we specifically incorporate it by reference into a document filed under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended.

Respectfully submitted by the Audit Committee of the Board of Directors,

K. Adam Leight, Chairman
Steven J. Pully

Audit and Non-Audit Fees

Hein & Associates LLP ("Hein") served as our independent registered public accounting firm and audited our consolidated financial statements beginning with the fiscal year ended December 31, 2016. Effective November 16, 2017, Hein combined with Moss Adams LLP ("Moss Adams"). As a result of this transaction, on November 16, 2017, Hein resigned as the independent registered public accounting firm for the Company. Concurrent with such resignation, the Company's audit committee approved the engagement of Moss Adams as the new independent registered public accounting firm for the Company.

The audit report of Hein on the Company's financial statements for the year ended December 31, 2016 did not contain an adverse opinion or a disclaimer of opinion, and were not qualified or modified as to uncertainty, audit scope or accounting principles. During the most recent fiscal year ended December 31, 2016 and through the subsequent interim period preceding Hein's resignation, there were no disagreements between the Company and Hein on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedures, which disagreements, if not resolved to the satisfaction of Hein would have caused them to make reference thereto in their report on the Company's financial statements for such years. During the fiscal year ended December 31, 2016 and through the subsequent interim period preceding Hein's resignation, there were no reportable events within the meaning set forth in Item 304(a)(1)(v) of Regulation S-K.

During the two most recent fiscal years and through the subsequent interim period preceding Moss Adam's engagement, the Company did not consult with Moss Adams on either (1) the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that may be rendered on the Company's financial statements, and Moss Adams did not provide either a written report or oral advise to the Company that Moss Adams concluded was an important factor considered by the Company in reaching a decision as to the accounting, auditing or financial reporting issue; or (2) any matter that was either the subject of a disagreement, as defined in Item 304(a)(1)(iv) of Regulation S-K, or a reportable event, as defined in Item 304(a)(1)(v) of Regulation S-K.

On November 9, 2016 (the "Dismissal Date"), we dismissed Ernst & Young LLP ("E&Y") from serving as our independent registered public accounting firm and engaged Hein & Associates LLP ("Hein") as our new independent registered public accounting firm. Our Audit Committee unanimously approved and authorized the change, directed the process of review of candidate firms to replace E&Y and made the final decision to engage Hein.

The E&Y reports on the financial statements of the Company for the years ended December 31, 2015 and 2014 contained no adverse opinion or disclaimer of opinion and were not qualified, except for the 2015 report which included an explanatory paragraph that described conditions that raised substantial doubt about our ability to continue as a going concern as described in Note 1 to the financial statements. In connection with its audits of the years ended December 31, 2015 and 2014 and reviews of our financial statements through the Dismissal Date there were no disagreements with E&Y on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of E&Y, would have caused them to make reference thereto in their reports on the financial statements.

During the two most recent fiscal years and through the Dismissal Date, the Company has not consulted with Hein on any matter that (i) involved the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's financial statements, in each case where a written report was provided or oral advice was provided that Hein concluded was an important factor considered by the Company in reaching a decision as to the accounting, auditing or financial reporting issue; or (ii) was either the subject of a disagreement, as that term is defined in Item 304(a)(1)(iv) of Regulation S-K the related

instructions to Item 304 of Regulation S-K, or a reportable event, as that term is defined in Item 304(a)(1)(v) of Regulation S-K.

CORPORATE GOVERNANCE

General

Our Board believes that adherence to sound corporate governance policies and practices is important in ensuring that we are governed and managed with the highest standards of responsibility, ethics and integrity and in the best interests of our stockholders. As a result, our Board has adopted key governance documents, including Corporate Governance Guidelines, Corporate Code of Business Conduct and Ethics and committee charters, which are intended to reflect a set of core values that provide the foundation for our governance and management systems and our interactions with others.

Copies of these documents are available on our website at <http://www.goodrichpetroleum.com/about-us/corporate-governance/> and are also available in print, free of charge, to any stockholder who requests them.

Corporate Governance Guidelines

Our Board has adopted Corporate Governance Guidelines, which can be viewed on our website at <http://www.goodrichpetroleum.com/files/4614/1159/7259/CorporateGovernanceGuidelines.pdf>.

Among other things, the Corporate Governance Guidelines address the following matters:

- director qualification standards,
- director responsibilities,
- director access to management and independent advisors,
- director compensation,
- director orientation and continuing education,
- management succession, and
- annual performance evaluations of our Board.

Corporate Code of Business Conduct and Ethics

Our Corporate Code of Business Conduct and Ethics, which is applicable to our directors, employees, agents and representatives, can be viewed on our website at <http://www.goodrichpetroleum.com/files/5014/1159/7233/CodeofBusinessConductandEthics.pdf>.

Any change to, or waiver from, our Corporate Code of Business Conduct and Ethics may be made only by our independent directors and will be disclosed as required by applicable securities laws and listing standards.

Our Board

Board Size; Director Independence

Our Board consists of seven members. Of the current seven directors, three are currently seeking re-election at the Annual Meeting.

Edgar Filing: GOODRICH PETROLEUM CORP - Form DEF 14A

In determining director independence, the Nominating and Corporate Governance Committee reviews the relationships between the Company and each director and reports the results of its review to the Board. The Board uses this information to aid it in making its determination of independence. The Board has determined that to be considered independent, an outside director may not have a direct or indirect material relationship with the Company. A material relationship is one which impairs or inhibits or has the potential to impair or inhibit a director's exercise of critical and disinterested

Table of Contents

judgment on behalf of the Company and its stockholders. In determining whether a material relationship exists, the Board considers, for example, any transactions between the Company and an entity with which a director is affiliated (as an executive officer, partner or substantial stockholder) and whether a director is a current or former employee or consultant of the Company. The Board consults with the Company's legal counsel to ensure that the Board's determinations are consistent with all relevant securities and other laws and regulations regarding the definition of "independent director," including but not limited to those set forth in pertinent listing standards of the NYSE American and SEC rules as in effect from time to time.

Consistent with these considerations, the Board has reviewed all the relationships between the Company and the members of the Board and has affirmatively determined that all directors are independent directors except Mr. Walter G. Goodrich and Mr. Robert C. Turnham, Jr., who are employees of the Company.

The chart below describes the basis for the Board's determination that the director is independent. Although service as a director of another company alone is not a material relationship that would impair a director's independence, those relationships have been reviewed and are set forth below. None of the relationships considered below are relationships that would preclude a finding of independence under the NYSE American bright line rules or would require disclosure pursuant to Item 404 of Regulation S-K. In addition, none of the relationships considered below would cause a director who serves on a Board committee to violate a heightened standard applicable to membership on that committee.

Director	Relationships Considered	Determination Basis
Ronald F. Coleman	Former Energy Executive Various Board positions	Independent
Walter G. Goodrich	Chairman, CEO & Director of Goodrich Petroleum Corporation	Not Independent Employee of Company
K. Adam Leight	Managing Member of Ansonia Advisors LLC	Independent
Timothy D. Leuliette	Prior Board memberships including Visteon Corporation, Business Leaders of Michigan, and The Detroit Economic Club	Independent
Thomas M. Souers	Retired, Petroleum Engineer	Independent
Steven J. Pully	Consultant, Investment Banker, Restructuring Advisor Service on three public company boards: Bellatrix Exploration, Titan Energy and VAALCO Energy	Independent
Robert C. Turnham, Jr.	President, COO & Director of Goodrich Petroleum Corporation	Not Independent Employee of Company

Board Meetings, Annual Meeting Attendance

Our Board held eight meetings during the fiscal year ended December 31, 2017. Each director attended 100% of the meetings of the Board and the committees of which each is a member. We do not have a formal policy regarding director attendance at Board meetings. Board members are requested and encouraged to attend the Annual meeting. In 2017, all but one director attended the annual meeting in person.

Table of Contents

Executive Sessions and Presiding Director

To facilitate candid discussion by our non-management directors, the agenda for certain Board and committee meetings provides for a meeting of non-management directors in executive session without any members of management present. Timothy D. Leuliette has been designated as the director to preside over executive sessions of non-management directors. Our independent directors meet separately at least once a year in accordance with the listing standards of the NYSE American.

Limitation on Public Company Board Service

To ensure that each director is able to devote sufficient time to performing his or her duties, the number of other public company boards on which a director may serve is subject to a case-by-case review by the Nominating and Corporate Governance Committee. In addition, the Audit Committee's Charter prohibits committee members from serving on the audit committee of more than two other public company boards unless our Board determines that such simultaneous service does not impair the ability of the director to effectively serve on the Audit Committee.

Chairman and Chief Executive Officer

Our Board has determined that a leadership structure consisting of a combined role of Chairman of the Board and Chief Executive Officer, together with a strong Lead Independent Director, is appropriate for our Company. As Mr. Goodrich bears the primary responsibility for managing our day-to-day business, the combination of the role of Chairman and Chief Executive Officer ensures that key business issues and stockholder interests are brought to the attention of our Board. In addition, as a result of his role as the Chief Executive Officer of the Company, Mr. Goodrich has Company-specific experience that can benefit his role as Chairman of the Board in identifying strategic priorities, leading the discussion and execution of strategy, and facilitating the flow of information between management and the Board.

To give a significant voice to our independent, non-management directors and to reinforce effective, independent leadership on the Board, and in recognition of his demonstrated leadership skills, the Board has appointed Mr. Leuliette as Lead Independent Director.

We believe that the above structure, when combined with the Company's other governance policies and procedures, provide for appropriate oversight, discussion and evaluation of decisions and direction from the Board, and are in the best interest of our stockholders.

Our Board's Role in Risk Oversight

Our Board generally administers its risk oversight function through the board as a whole. Our Chief Executive Officer, who reports to the Board, and the other executives named in this proxy statement, who report to our Chief Executive Officer, have day-to-day risk management responsibilities. Each of these executives attends the meetings of our Board, where the Board routinely receives reports on our financial results, the status of our operations and our safety performance, and other aspects of implementation of our business strategy, with ample opportunity for specific inquiries of management. The Audit Committee provides additional risk oversight through its quarterly meetings, where it receives a report from our Chief Financial Officer, and reviews our contingencies, significant transactions and subsequent events, among other matters, with management and our independent auditors. In addition, our Hedging Committee assists management in establishing pricing and production guidelines to be used by management in entering into oil and gas hedging contracts in order to manage the commodity price risk for a portion of our oil and gas production.

Annual Board Evaluation

The Nominating and Corporate Governance Committee is responsible for the Board evaluation process. In December of each fiscal year, the Nominating and Corporate Governance Committee requests that the Chairman of each committee report to the full Board about the committee's annual evaluation of its performance and evaluation of its charter. In addition, the Nominating and Corporate Governance Committee receives comments from all directors and reports to the full Board with an assessment of the Board's and management's performance each fiscal year.

Director Orientation and Continuing Education

Our Board takes measures as it deems appropriate to ensure that its members may act on a fully informed basis. The Nominating and Corporate Governance Committee evaluates general education and orientation programs for our directors. Newly appointed directors are required to become knowledgeable (if not already) about the responsibilities of directors for publicly traded companies. In addition, we provide our directors with information regarding changes in our business and industry as well as the responsibilities of the directors in fulfilling their duties.

Director Nomination Process

Director Qualifications

When identifying prospective director nominees, our Board, with assistance from the Nominating and Corporate Governance Committee, considers the following:

the prospective nominee's reputation, integrity and independence;

the prospective nominee's skills and business, government or other professional experience and acumen, bearing in mind the composition of our Board and the current state of and the energy industry generally at the time of determination; and

the number of other public companies for which the prospective nominee serves as a director and the availability of the prospective nominee's time and commitment to us.

Although we do not have a formal policy for the consideration of diversity in identifying director nominees, the Nominating and Corporate Governance Committee believes that the backgrounds and qualifications of the directors, considered as a group, should provide a diverse mix of skills, knowledge, attributes and experiences that cover the spectrum of areas that affect our business. The Nominating and Corporate Governance Committee regularly assesses whether the mix of skills, experience and background of our Board as a whole is appropriate for us.

In the case of directors being considered for reelection, our Board also takes into account the director's history of attendance and participation at Board and committee meetings, and the director's tenure as a member of our Board.

Director Nominations

In connection with its governance function, the Nominating and Corporate Governance Committee identifies individuals qualified to become Board members and recommends those individuals for election as directors, either at the annual meeting of stockholders or to the Board to fill any vacancies. When the need to fill a vacancy arises, the Nominating and Corporate Governance Committee solicits recommendations from existing directors and from senior management. These recommendations are considered along with any recommendations made by stockholders. There have been no material changes to the procedures by which stockholders may nominate director candidates to the Nominating and Corporate Governance Committee since the Company last provided this disclosure.

Table of Contents

The Board did not retain, and we did not pay a fee to, any third party to assist in the process of identifying or evaluating prospective director nominees for election at the Annual Meeting, nor did we receive any director nominees put forward by a stockholder or group of stockholders who beneficially own more than 5% of our common stock.

Communications with our Board

Our Board welcomes communications from our stockholders and other interested parties. Stockholders and any other interested parties may send communications to our Board, to any Board committee, to the Chairman of our Board, or to any director in particular, to:

Audit Committee

Pursuant to its charter, our Audit Committee functions in an oversight role and has the following purposes:

overseeing the quality, integrity and reliability of the financial statements and other financial information we provide to any governmental body or the public;

overseeing our compliance with legal and regulatory requirements;

overseeing the qualifications, independence and performance of the independent auditor engaged for the purpose of rendering or issuing an audit report or performing other audit, review or attest services for us;

overseeing the effectiveness and performance of our internal audit function;

overseeing our systems of internal controls regarding finance, accounting, legal compliance and ethics that our management and our Board has established;

providing an open avenue of communication among our independent auditors, financial and senior management, the internal auditing department, and our Board, always emphasizing that the independent auditors are accountable to the Audit Committee;

producing the Audit Committee Report for inclusion in our annual proxy statement; and

performing such other functions our Board may assign to the Audit Committee from time to time.

A copy of our Audit Committee Charter can be viewed on our website at <http://www.goodrichpetroleum.com/files/9114/1159/7219/AuditCommitteeCharter.pdf>

In connection with these purposes, the Audit Committee recommends to our Board the independent registered public accounting firm to be engaged to audit our financial statements, annually reviews the independent auditor's independence and quality control procedures, meets with the auditors and our financial management to review with them our significant accounting policies and its internal controls, provides opportunities for the auditors to meet with the Audit Committee and management, discusses matters discussed at Audit Committee meetings with the full Board, investigates any matters brought to its attention within the scope of its duties, reviews and assesses the adequacy of the Audit Committee charter on an annual basis, and has general responsibility in connection with related matters.

Our Board has determined that each member of the Audit Committee is independent under the SEC's rules and regulations, the listing standards of the NYSE American and our Corporate Governance Guidelines. In addition, our Board has determined that each member of the Audit Committee has the requisite accounting and related financial management expertise under the listing standards of the NYSE American. Based on Mr. Leight's business experience, which is described in more detail under "Proposal No. 1-Election of Directors Director Nominees," our Board has determined that he qualifies as an "audit committee financial expert" under the SEC's rules and regulations. None of the members of the Audit Committee serve on the audit committee of more than two other public companies.

Our Audit Committee held ten meetings during the fiscal year ended December 31, 2017, including quarterly meetings, and also took action through unanimous written consent throughout the year.

TRANSACTIONS WITH RELATED PERSONS

Policies and Procedures

Introduction

The Board of Directors recognizes that related person transactions present a heightened risk of conflicts of interest and/or improper valuation (or the perception thereof) and therefore has adopted a policy that requires the following in connection with all related person transactions involving the Company.

Any "Related Person Transaction" shall be consummated or shall continue only if:

1. the Audit Committee shall approve or ratify such transaction in accordance with the guidelines set forth in the policy and if the transaction is on terms comparable to those that could be obtained in arm's length dealings with an unrelated third party;
2. the transaction is approved by the disinterested members of the Board of Directors; or
3. the transaction involves compensation approved by the Compensation Committee.

For these purposes, a "Related Person" is:

1. a senior officer (which shall include at a minimum each executive vice president and Section 16 officer) or director;
2. a stockholder owning in excess of five percent of the Company (or its controlled affiliates);
3. a person who is an immediate family member of a senior officer or director; or
4. an entity which is owned or controlled by someone listed in 1, 2 or 3 above, or an entity in which someone listed in 1, 2 or 3 above has a substantial ownership interest or control of such entity.

For these purposes, a "Related Person Transaction" is a transaction between us and any Related Person (including any transactions requiring disclosure under Item 404 of Regulation S-K), other than:

1. transactions available to all employees generally; or
2. transactions involving less than \$5,000 when aggregated with all similar transactions.

Audit Committee Approval

The Board of Directors has determined that the Audit Committee of the Board is best suited to review and approve Related Person Transactions. Management shall present any proposed Related Person Transactions to the Committee for review prior to consummation of the transaction. After review, the Audit Committee shall approve or disapprove such transactions and at each subsequently scheduled meeting, management shall update the Audit Committee as to any material change to those proposed transactions.

Corporate Opportunity

Edgar Filing: GOODRICH PETROLEUM CORP - Form DEF 14A

The Board recognizes that situations exist where a significant opportunity may be presented to management or a member of the Board of Directors that may equally be available to us, either directly or via referral. An example is a potential property acquisition which could become available to us. Before such opportunity may be consummated by a Related Person (other than an otherwise unaffiliated 5% stockholder), such opportunity shall be presented to the Board of Directors for consideration. The intent is for members of management, directors, or employees who become aware of opportunities (such as potential acquisitions) in an area in which we are currently active to present

Table of Contents

those opportunities to us before the individual is free to pursue it in his personal capacity. For example, through his/her contacts Director X becomes aware of a land acquisition in the Haynesville Shale, and knows this is something that we might also be interested in buying. Thus, before he/she can buy the land or lease the property, he/she must put it before the Board and we must pass on the opportunity before Director X may take action.

Disclosure

All Related Person Transactions are to be disclosed in the Company's applicable filings as required by the Securities Act of 1933 and the Securities Exchange Act of 1934 and related rules. Furthermore, all Related Person Transactions shall be disclosed to the Audit Committee of the Board and any material Related Person Transaction shall be disclosed to the full Board of Directors. There were no reportable Related Person Transactions for the fiscal year ended December 31, 2017.

Other Agreements

Management shall assure that all Related Person Transactions are approved in accordance with any requirements of the Company's financing agreements.

The 11,996 shares awarded to each director in December 2017 was calculated as the product of the value of the restricted phantom stock to be granted (\$125,000) and the 10-day volume weighted average price ("VWAP") (\$10.42) prior to the grant date. The amounts included in the "Stock Awards" column reflect the grant date fair value of each director's award as computed in accordance with the Topic 718 of the Codification. Assumptions used in the calculation of these amounts are included in Note 2 to our audited financial statements for the fiscal year ended December 31, 2017 included in our Annual Report on Form 10-K for the year ended December 31, 2017, based off a closing stock price on the date of grant of \$9.82.

ANNEX 1

Description of the Goodrich Petroleum Corporation 2016 Long-Term Incentive Plan

The following is a summary of the key provisions of the LTIP, as amended and restated subject to stockholder approval of *Proposal No. 4 Approval of the Third Amendment to LTIP to Increase the Number of Shares of Common Stock of the Company Authorized for Issuance Thereunder*. Some of these provisions are described in greater detail below, and the summary and descriptions are qualified in their entirety by reference to the terms of the LTIP.

Key Terms.

Eligible participants. Any Company director, officer, employee or consultant is eligible to participate in the LTIP. As of April 2, 2018, we had 48 employees, zero consultants and five outside directors that would be eligible to receive awards under the LTIP.

Administration. The LTIP is administered by the Committee, who has the authority to determine the participants to whom awards may be granted.

Award types. The awards that may be granted under the LTIP include non-statutory stock options, restricted stock, performance awards, phantom shares, stock payments, and stock appreciation rights. The LTIP does not provide for the grant of incentive stock options intended to satisfy the requirements of section 422 of the Code.

Shares Authorized. As amended, the LTIP permits shares to be issued in either new grants or in connection with awards outstanding. The Third Amendment would permit an additional 1,500,000 shares to be issued under the LTIP, for a total of 5,000,000 shares. If an award of restricted stock is forfeited or cancelled or an award otherwise lapses, expires, terminates or is canceled without the actual delivery of shares or is settled in cash, then the shares covered by that award will be shares available under the LTIP again. In addition, shares tendered or withheld by the Company to satisfy tax withholding exercise price or other payment obligations will be available for issuance under future awards if not sold to satisfy the tax withholding.

Term. No award may be granted under the LTIP after the 10th anniversary of September 28, 2016, the effective date of the plan.

Option and SAR exercise prices. The exercise prices of an option or SAR cannot be less than the fair market value on the effective date of grant.

Dividends. The Committee may determine whether dividends payable on restricted stock, and dividend equivalents payable on phantom share awards, will be subject to restrictions or reinvested, or, only with respect to dividends payable on restricted stock, paid directly to the participant.

Transferability. To the extent specifically approved in writing by the Committee, an award may be transferred to immediate family members or related family trusts, limited partnerships or similar entities or other persons on such terms and conditions as the Committee may establish or approve. Except for the foregoing, each award is exercisable only by the participant in his or her lifetime, and no award may be assigned, alienated, pledged, attached, sold or otherwise transferred or encumbered by a participant other than by will or by applicable laws.

Adjustments. In the event of a stock dividend or stock split with respect to the Company's common stock, the number of shares subject to outstanding awards will automatically be proportionately adjusted, without action by the Committee, provided that such adjustment will be evidenced in the plan documents and in accordance with applicable law. In the event the Committee determines that any distribution, recapitalization, reorganization, merger, spin-off, combination,

repurchase, or exchange of shares or securities or similar corporate transaction affects the shares such that an adjustment is determined by the Committee to be appropriate in order to prevent dilution or enlargement of benefits or potential benefits under the LTIP, then the Committee will adjust any or all of (i) the number and type of shares or other securities with respect to which awards may be granted, (ii) the number and type of shares or other securities subject to outstanding awards, and (iii) the grant or exercise price with respect to any award or, if deemed appropriate, make provision for a cash payment.

Change of Control. In the event of any distribution, recapitalization, reorganization, merger, spin-off, combination, repurchase, or exchange of shares or other securities, or other similar corporate transaction or event or any unusual or nonrecurring transactions or events affecting the Company, any affiliate of the Company, or the financial statements of the Company or any affiliate, or of changes in applicable laws, regulations or accounting principles, or a Change of Control (as defined in the LTIP) and whenever action is appropriate in order to prevent the dilution or enlargement of the benefits or potential benefits, the Committee may take any one or more of the following actions: (1) the termination of any award in exchange for cash or the replacement of any award; (2) the assumption or substitution of any award by the successor or survivor corporation, or a parent or subsidiary thereof; (3) adjustments of the number and type of shares of common stock or other securities subject to outstanding awards or awards that may be granted in the future; (4) the acceleration of vesting and payment of any award; and (5) the termination, cancelation, forfeiture or suspension of any award.

Administration. The Committee, which is made up entirely of independent directors, administers the LTIP (provided that awards made to directors are administered by the Board). The LTIP grants broad authority to the plan administrator to: (i) designate participants; (ii) determine the types of awards to be granted to a participant; (iii) determine the number of shares to be associated with awards; (iv) determine the terms and conditions of any award; (v) determine whether and to what extent an award may be settled in cash, shares, or other securities; (vi) determine whether an award will be canceled, forfeited or suspended and the methods by which awards will be settled, exercised, canceled, forfeited or suspended; (vii) interpret and administer the LTIP and award agreements made pursuant to it; (viii) establish, amend, suspend, or waive such rules and regulations and appoint such agents as it deems appropriate; (ix) make any other determination and take any other action deemed necessary or desirable for the administration of the LTIP.

Amendment and Termination. The Board or the Committee may amend, alter, suspend, discontinue, or terminate the LTIP without consent, provided that any award that is subject to Section 409A of the Code may not be terminated unless the termination would not result in the award becoming subject to additional tax under Section 409A. The Committee may waive any conditions or rights under, amend any terms of, or alter any award, provided no change in any award shall materially adversely affect the rights of a participant under the award without the consent of such participant.

U.S. Federal Income Tax Consequences

The U.S. federal income tax rules applicable to awards granted pursuant to the LTIP are summarized below. This summary does not seek to address the tax laws of any municipality, state, or foreign country in which a participant resides in detail. Section 409A of the Code provides additional tax rules governing non-qualified deferred compensation. Generally, Section 409A will not apply to awards granted under the LTIP, but may apply in some cases to certain awards. For such awards subject to Section 409A, certain officers of the company may experience a delay of up to six months in the settlement of the awards in shares of company stock.

Options and SARs. Participants will not realize taxable income upon the grant of an option or a SAR. Upon the exercise of a non-statutory option or a SAR, a participant will recognize ordinary compensation income (subject to withholding if an employee) in an amount equal to the excess of

Table of Contents

(i) the amount of cash and the fair market value of the shares of common stock received, over (ii) the exercise price of the award. A participant will generally have a tax basis in any shares of common stock received pursuant to the exercise of a non-statutory option or SAR that equals the fair market value of such shares of common stock on the date of exercise. Generally, the Company will be entitled to a deduction for federal income tax purposes that corresponds as to timing and amount with the compensation income recognized by a participant under the foregoing rules. When a participant sells the shares of common stock acquired as a result of the exercise of a non-statutory option or SAR, any appreciation (or depreciation) in the value of the shares of common stock after the exercise date is treated as long- or short-term capital gain (or loss) for federal income tax purposes, depending on the holding period. The shares of common stock must be held for more than 12 months to qualify for long-term capital gain treatment.

Other Awards: Restricted Stock, Performance Awards, Stock Payments, and Phantom Shares. A participant will recognize ordinary compensation income upon receipt of cash pursuant to an award or, if earlier, at the time the cash is otherwise made available for the participant to draw upon. Individuals will not have taxable income at the time of grant of a phantom award, but rather, will generally recognize ordinary compensation income at the time he or she receives cash or shares of common stock in settlement of the phantom award, as applicable, in an amount equal to the cash or the fair market value of the shares of common stock received.

A recipient of restricted stock or performance award generally will be subject to tax at ordinary income tax rates on the fair market value of the shares of common stock when received, reduced by any amount paid by the recipient; however, if the shares of common stock are not transferable and are subject to a substantial risk of forfeiture when received, a participant will recognize ordinary compensation income in an amount equal to the fair market value of the shares of common stock (i) when the shares of common stock first become transferable and are no longer subject to a substantial risk of forfeiture, in cases where a participant does not make a valid election under Section 83(b) of the Code, or (ii) when the award is received, in cases where a participant makes a valid election under Section 83(b) of the Code. If a Section 83(b) election is made and the shares of common stock are subsequently forfeited, the recipient will not be allowed to take a deduction for the value of the forfeited shares of common stock. If a Section 83(b) election has not been made, any dividends received with respect to restricted stock that are subject at that time to a risk of forfeiture or restrictions on transfer generally will be treated as compensation that is taxable as ordinary income to the recipient; otherwise the dividends will be treated as dividends.

A participant who is an employee will be subject to withholding for federal, and generally for state and local, income taxes at the time he recognizes income under the rules described above. The tax basis in the shares of common stock received by a participant will equal the amount recognized by the participant as compensation income under the rules described in the preceding paragraph, and the participant's capital gains holding period in those shares of common stock will commence on the later of the date the shares of common stock are received or the restrictions lapse. Generally, the Company will be entitled to a deduction for federal income tax purposes that corresponds as to timing and amount with the compensation income recognized by a participant under the foregoing rules.
