EMCOR GROUP, INC. REPORTS RECORD FIRST QUARTER 2009 RESULTS  
- First Quarter Operating Income Increases 29.5% to \$64.3 Million -  
- First Quarter Diluted EPS Increases 25.0% to \$0.55 -

NORWALK, CONNECTICUT, April 28, 2009 - EMCOR Group, Inc. (NYSE: EME) today reported record results for the first quarter ended March 31, 2009.

For the 2009 first quarter, the Company reported net income (1) of \$36.8 million, or \$0.55 per diluted share, an increase of 25.4% over net income (1) of

## Edgar Filing: EMCOR GROUP INC - Form 8-K

\$29.3 million, or \$0.44 per diluted share, in the first quarter of 2008. In the 2009 first quarter, revenues were \$1.39 billion compared to \$1.66 billion in the first quarter of 2008.

Operating income in the 2009 first quarter was \$64.3 million, an increase of 29.5% from operating income of \$49.7 million in the same quarter a year ago. As a percentage of revenues, operating income in the quarter rose to 4.6% from 3.0% in the 2008 first quarter. Selling, general and administrative (SG&A) expenses decreased \$12.4 million to \$127.8 million, or 9.2% of revenues, in the first quarter of 2009, compared to \$140.2 million, or 8.4% of revenues, in the comparable prior year period. The Company's effective income tax rate for the 2009 first quarter, before discrete items, was 39.1%, compared with 39.8% in the first quarter of 2008.

Contract backlog as of March 31, 2009 was \$3.67 billion, compared to contract backlog of \$4.39 billion as of March 31, 2008 and \$4.00 billion at December 31, 2008. The decline in backlog was principally attributable to reduced contract awards in the hospitality / gaming sectors, particularly in Las Vegas, and in the commercial sector partially offset by growth in the transportation, industrial, institutional and water and wastewater sectors.

Frank T. MacInnis, Chairman and CEO of EMCOR Group, stated, "Our results this quarter represent a continuation of the momentum we gained in 2008. Although revenue declined from the first quarter of 2008, we are very pleased with our performance, which reflects the benefits of the actions we have taken in past years to better position our business for market cycles and our ability to quickly and efficiently manage costs in response to market conditions. Results for the period also reflect improved performance by our international operations despite the unfavorable impact of foreign exchange rates. Across the Company, we continue to proactively manage expenses, while positioning EMCOR to take advantage of the eventual rebound in the economy."

EMCOR Reports First Quarter Results

Page 2

Mr. MacInnis continued, "As our performance in recent quarters has shown, EMCOR's long-term market strategy has been successful. We are a larger, more balanced and profitable company than ever before. As a result of the diversification of our business and end-markets, we have lessened the seasonality of our business this quarter, historically our weakest period of the year. We continue to be supported by a strong balance sheet, which benefits us in a market where financial strength and liquidity are key competitive differentiators."

Mr. MacInnis concluded, "While we are not immune to the pressures being felt industry-wide as a result of the current economic crisis, we believe EMCOR is better positioned to weather the current cycle than at any other time in its history. However, although our results in the first quarter were very strong, visibility going forward remains limited. We continue to see a great deal of uncertainty related to the credit markets that may continue to impact private sector capital spending. At the same time, we believe our experience, market presence and financial strength places us in a leading position to benefit from projects stemming from the federal economic stimulus program, although we have not yet seen a significant amount of actual spending related to this program. In this uncertain environment, we are reassured by the fact that much of our business, particularly in our Facilities Services segment, is derived from the required maintenance of existing facilities."

The Company noted that, based on current market conditions and the scope of its contract backlog, it continues to expect to generate in 2009 revenues of \$6.0 billion to \$6.3 billion and 2009 full year diluted "base line" EPS of \$1.80. While a material deterioration in market conditions from current levels could cause the Company's performance to decline, early benefits from the economic

## Edgar Filing: EMCOR GROUP INC - Form 8-K

stimulus plan, accretive acquisitions, and/or improved credit markets could provide opportunities to exceed these estimates.

EMCOR Group, Inc. is a Fortune 500(R) worldwide leader in mechanical and electrical construction services, energy infrastructure and facilities services. This press release and other press releases may be viewed at the Company's Web site at [www.emcorgroup.com](http://www.emcorgroup.com).

EMCOR Group's first quarter conference call will be available live via internet broadcast today, Tuesday, April 28, at 10:30 AM Eastern Daylight Time. You can access the live call through the Home Page of the Company's Web site at [www.emcorgroup.com](http://www.emcorgroup.com).

- (1) EMCOR adopted SFAS No. 160, "Noncontrolling Interests in Consolidated Financial Statements," effective January 1, 2009, which, among other things, changed the presentation format and certain captions of our Condensed Consolidated Statements of Operations and Condensed Consolidated Balance Sheets. EMCOR uses the captions recommended by this standard in its condensed consolidated financial statements such as "net income attributable to EMCOR Group, Inc." and "basic and diluted earnings per common share attributable to EMCOR Group, Inc. common stockholders." However, in the preceding release EMCOR has shortened this language to "net income" and "earnings per share".

This release may contain certain forward-looking statements within the meaning of the Private Securities Reform Act of 1995. Any such comments are based upon information available to EMCOR management and its perception thereof, as of this date, and EMCOR assumes no obligation to update any such forward-looking statements. These forward-looking statements may include statements regarding market opportunities, market share growth, gross profit, backlog mix, projects with varying profit margins, and selling, general and administrative expenses. These forward-looking statements involve risks and uncertainties that could cause actual results to differ materially from the forward-looking statements. Accordingly these statements are no guarantee of future performance. Such risk and uncertainties include, but are not limited to, adverse effects of general economic conditions, changes in the political environment, changes in the specific markets for EMCOR's services, adverse business conditions, availability of adequate levels of surety bonding, increased competition, unfavorable labor productivity and mix of business. Certain of the risks and factors associated with EMCOR's business are also discussed in the Company's 2008 Form 10-K, its Form 10-Q for the first quarter ended March 31, 2009, and in other reports filed from time to time with the Securities and Exchange Commission. All these risks and factors should be taken into account in evaluating any forward-looking statements.
