NOTES TO FINANCIAL STATEMENTS
(UNAUDITED)**

1. ORGANIZATION AND BUSINESS DESCRIPTION

United National Film Corp. (the Company) is a Colorado corporation. The Company is engaged in the acquisition and

development of properties for, and the production of, television series, television specials, made-for-home television motion pictures and feature length motion pictures for domestic and international distribution.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a. *Accounting Estimates:*

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that effect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

b. *Film Costs and Program Rights:*

Film costs and program rights (project cost) which include acquisition and development costs such as story rights, scenario and scripts, direct production costs including salaries and costs of talent, production overhead and post-production costs are deferred and amortized by the individual-film-forecast-computation method as required by Statement of Financial Standards No. 53.

c. *Fair Value of Financial Instruments:*

The carrying amounts reported in the balance sheet for cash, accounts and notes payable and accrued expenses approximate fair value based on the short term maturity of these instruments.

d. *Principles of Consolidation:*

The consolidated financial statements include the accounts of the Company and its wholly-owned subsidiary. All significant intercompany balances and transactions have been eliminated.

e. *Revenue Recognition:*

The business of the Company is to derive revenues primarily from providing production services to third parties and exploiting projects originally developed by the Company in which it retains an ownership interest. Revenues from being a provider of contract production services are recognized using the percentage of completion method, recognizing revenue relative to the proportionate progress on such contracts as measured by the ratio which project costs incurred by the Company to date bear to the total anticipated costs of each project. Amounts advanced under such contracts are deferred and not recognized as revenue until obligations under such contracts are performed. Revenue from licensing company-owned projects is recognized when the film is delivered and available for showing, costs are determinable, the fee is known and collectibility is reasonably assured.

f. *Income Taxes:*

Deferred tax assets and liabilities are determined based on the difference between the financial statement and the tax basis of assets and liabilities using the enacted tax rates in effect for the year in which the differences are expected to affect taxable income. Valuation allowances are established when necessary to reduce deferred tax assets to the amounts expected to be realized.

g. *Net Loss Per Common Share:*

Basic earnings per share is computed by dividing the net income (loss) available to common shareholders by the weighted average number of outstanding common shares. The calculation of diluted earnings per share is similar to basic earnings per share except the denominator includes dilutive common stock equivalents such as stock options and convertible debentures. Common stock options and the common shares underlying the convertible preferred stock are not included as their effect would be anti dilutive.

3. RELATED PARTY TRANSACTIONS

None.

4. NOTES PAYABLE

Pursuant to the acquisition of the screenplay titled, Molly and Lawless John, a note was issued for \$50,000 which was due on January 15, 1999. The payment date on this note has been indefinitely extended by the holder of the note.

5. LOANS DUE TO SHAREHOLDER

The Chief Executive Officer has continued to make advances to the Company to cover general overhead costs. The total net amount advance as of the end of this reporting period is \$14,850.

6. STOCK ISSUED.

On January 21, 2003, the board of directors authorized the issuance of the following amounts of stock in return for services rendered to the company by the recipients of the stock.

7. GENERAL

Reference is made to the financial statements included in the Company's Annual Report (Form 10-K) filed with the Securities and Exchange Commission for the year ended June 30, 2002. The Company began its operation in February 1998. The financial statements for the period ended March 31, 2003 are unaudited but include all adjustments which, in the opinion of management, are necessary for a fair presentation of the results of operations for the period then ended. All such adjustments are of a normal recurring nature. The results of the Company's operations for any interim period are not necessarily indicative of the results of the Company's operations for a full fiscal year.

ITEM 2: Managements Discussion and Analysis of Financial Condition and Results of Operations.

The Company is a development stage enterprise with no significant expenses incurred during the period. On September 24, 2002, the Company entered into a memorandum agreement with *MeetVirtual Systems, Inc.* that has become effective with the filing of all reports with the Securities and Exchange Commission that were required to bring the Company to a current status. As part of the transaction with *MeetVirtual Systems, Inc.* the Company will issue additional shares of its authorized common stock. The Company will issue approximately 25,000,000 shares of stock to *MeetVirtual Systems, Inc.* for payment of \$25,000 in expenses and \$65,000 for the issuance of shares equaling a total of \$90,000 to the Company as part of the transaction. The memorandum agreement with *MeetVirtual Systems, Inc.* was amended as of January 13, 2003 to include an additional amount of \$5,000 for a total amount equaling \$95,000. The consideration received by the Company will be used to pay off Company debts and obligations and will be used to pay for the costs of completing the financial audits of the Company and bringing the Company's filings with the Securities and Exchange Commission current.

The shares that are issued will not be registered with the Securities and Exchange Commission upon issuance and will be burdened with a legend that restricts them from transfer absent registration or an exemption from registration.

Pursuant to a notice to all shareholders that was mailed on or about March 17, 2003, the board of directors called a special meeting of the shareholders to approve the transaction set forth in the memorandum agreement recited above. The special meeting is scheduled to occur on April 15, 2003 at 10:00 A. M. at 3200 Cherry Creek Drive, Suite 130, Denver, Colorado 80209.

The Company currently has no active operations or majority owned subsidiaries. Our assets consist of a small amount of cash as shown in the audited statements that comprise a portion of this 10K report for the period ending June 30,
