About Uranerz Energy Corporation

Uranerz Energy Corporation is a US-domiciled uranium company. Uranerz' Nichols Ranch unit is its first ISR uranium mine. ISR, or in-situ recovery, is a mining process that uses a leaching solution to extract uranium from sandstone uranium deposits; it is the generally accepted extraction technology used in the Powder River Basin area of Wyoming. Uranerz controls a large strategic land position in the central Powder River Basin. Uranerz' management team has specialized expertise in the ISR uranium mining method and a record of licensing, constructing and operating ISR uranium projects. Uranerz has entered into long-term uranium sales contracts for a portion of its planned production with Exelon and one other of the largest nuclear utilities in the country. Uranerz common shares are listed the NYSE MKT under the trading symbol **URZ** and on the Toronto Stock Exchange under the trading symbol **URZ**.
