- Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))

Item 8.01 Other Information

Since October 2005, El Paso Natural Gas Company (EPNG) has made several announcements regarding the expiration of our consent agreement with the Navajo Nation covering rights-of-way crossing lands held by the United States in trust for the Navajo Nation and our efforts to renegotiate that agreement. Approximately 900 looped-miles of our northern mainline pipeline systems traverse lands held in trust by the United States for the Navajo Nation. Those lands are subject to various right-of-way agreements between us and the United States with the consent of the Navajo Nation.

On March 23, 2009, representatives of the Navajo Nation and EPNG executed a final agreement setting forth the full terms and conditions of the Nation's consent to EPNG's rights-of-way through October 17, 2025.

EPNG will submit the Navajo Nation's consent agreement in support of EPNG's pending application to the United States Department of the Interior for an extension of the Department's current right-of-way grant through October 17, 2025. We expect submission of the consent agreement will result in the Department's final processing of EPNG's application.

The amounts to be paid to the Navajo Nation are among the costs EPNG is seeking to recover in its current rate case before the Federal Energy Regulatory Commission.
