NONE

(Former name or former address, if changed since last report)

Item 5. Other Events

On October 3, 2002, the Missouri Public Service Commission ("MoPSC") approved the settlement of Laclede Gas Company's request for a general rate increase filed on January 25, 2002. The request sought an increase in its annual revenues of \$36.1 million to recover increased costs related to the operation of its gas distribution system. During August and September 2002, Laclede Gas, the Staff of the MoPSC and the Office of Public Counsel executed several stipulations and agreements that resulted in the

Edgar Filing: LACLEDE GAS CO - Form 8-K

recommended settlement among the active parties of all issues in the proceeding, including:

- o Effective date for new rates of November 1, 2002,
- o Increased annual revenues for Laclede Gas by \$14 million,
- o Weather mitigation mechanism that would generally protect Laclede Gas' customers from weather-related fluctuations in their bills and help stabilize the Company's earnings by significantly mitigating weather-related under and over recoveries of its distribution costs, and
- o Moratorium on filings by Laclede Gas Company for general base rate increases for a period of 16 months from November 1, 2002.

Effective September 30, 2002, Mr. Barry C. Cooper was elected the Company's Chief Financial Officer. Mr. Cooper joined the Company following the May 2002 announcement of Mr. Gerald T. McNeive, Jr., the Company's then Senior Vice President - Finance and General Counsel, that he would retire effective October 1, 2002.

On September 16, 2002, Laclede Gas Company executed a loan agreement for a revolving credit facility in the aggregate principal amount of up to \$215 million, which may be increased to up to \$250 million under certain terms and conditions if there is no default or event of default under the loan agreement. Laclede Gas generally uses this line to support its commercial paper program. The term of the loan is 364 days, with the opportunity to request an extension of the loan for additional 364-day periods under certain circumstances. U.S. Bank National Association is the administrative agent for the banks under the loan agreement.

At a Board meeting on August 22, 2002, the Company's Board of Directors adopted a new meeting schedule and bylaw amendment that moves the annual meeting of shareholders from the fourth Thursday of January to the last Thursday of January. As a result, the annual meeting in January 2003 will be held on Thursday, January 30, 2003.

On August 6, 2002, Moody's Investors Service ("Moody's") announced downgrades of securities of Laclede Gas Company and The Laclede Group, Inc. Moody's downgraded the senior secured ratings of Laclede Gas Company from A1 to A3 and the commercial paper rating of Laclede Gas Company from Prime-1 to Prime-2. The outlook indication from Moody's is stable. Moody's cited Laclede Gas' declining debt protection measures and the continuing sensitivity of its earnings and cash flow to weather fluctuations in the absence of regulatory relief for warmer than normal winters, and other pending regulatory matters. The Company believes that the settlement of Laclede Gas Company's rate case discussed above mitigates the impact of weather on the future financial results of Laclede Gas. Moody's indicated that it would review the potential impact of pending regulatory decisions as they occur.

As a result of the downgrades, the credit ratings for the outstanding securities and for The Laclede Group on a corporate level are as follows:

Type of Facility	Moody's	S&P	Fitch
-----	-----	---	-----
Laclede Gas Commercial Paper	P-2	A-1	

Edgar Filing: LACLEDE GAS CO - Form 8-K

Laclede Gas First Mortgage Bonds	A3	A+	A+
The Laclede Group Corporate Rating		A+	

Effective, July 1, 2002, shares purchased under The Laclede Group's Dividend Reinvestment and Stock Purchase Plan are originally issued shares obtained from the Company. Originally issued shares are used for the purchase of shares through the dividend reinvestment feature of the Plan as well as the optional cash purchase feature of the Plan. As a result, the number of outstanding shares as of October 1, 2002 is 18,957,798.

Some of the information and discussion included in this Form 8-K contain forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, as amended. Such statements related to future events or future financial performance may use certain words, such as "anticipate," "believe," "estimate," "expect," "intend," "plan," "seek" and similar words and expressions that identify forward-looking statements that involve uncertainties and risks. Future developments, however, may not be in accordance with expectations or beliefs, and the effect of future developments may not be those anticipated. Some of the factors that may cause results to differ materially from those contemplated include:

- o legislative, regulatory and judicial mandates and decisions, some of which may be retroactive, including those affecting
 - * allowed rates of return
 - * incentive regulation
 - * industry and rate structures
 - * purchased gas adjustment provisions
 - * franchise renewals
 - * environmental or safety matters
 - * taxes
 - * accounting standards;
- o capital and energy commodity market conditions including the ability to obtain funds for necessary capital expenditures and the terms and conditions imposed for obtaining sufficient gas supply;
- o general economic, competitive, political and regulatory conditions;
- o the results of litigation;
- o the ability to collect amounts owed from customers, as well as any conservation efforts of customers; and
- o employee workforce issues.

You are urged to consider the risks, uncertainties and other factors that could affect the business. We do not, by including this statement, assume any obligation to publicly update or revise any particular forward-looking statement in light of future events.
