Greene County Bancorp, Inc.  
Announces Strong Fiscal Year and Quarterly Earnings and is Named a Top 200 Community Bank

Catskill, N.Y. -- (BUSINESS WIRE) – July 28, 2010-- Greene County Bancorp, Inc. (the “Company”) (NASDAQ: GCBC), the holding company for The Bank of Greene County and its subsidiary Greene County Commercial Bank, today reported net income for the year and quarter ended June 30, 2010. Net income for the year ended June 30, 2010 amounted to \$4.9 million or \$1.19 per basic and \$1.18 per diluted share as compared to \$4.1 million or \$1.00 per basic and \$0.99 per diluted share for the year ended June 30, 2009, an increase of \$800,000, or 19.5%. Net income for the quarter ended June 30, 2010 amounted to \$1.3 million or \$0.31 per basic and \$0.30 per diluted share as compared to \$1.1 million or \$0.26 per basic and diluted share for the quarter ended June 30, 2009, an increase of \$171,000, or 15.7%.

Donald E. Gibson, President and CEO, said, “In addition to record annual earnings, we are pleased to report that The Bank of Greene County has been named to the list of Top 200 Community Banks in the nation, according to US Banker. Scoring was done on community banks across the nation with less than \$2 billion in assets at December 31, 2009, and banks ranked by their average return on equity for the three years ended December 31, 2007, 2008 and 2009.”

The most significant factor contributing to the higher earnings was higher net interest income, which increased to \$17.7 million for the year ended June 30, 2010 as compared to \$15.7 million for the year ended June 30, 2009, an increase of \$2.0 million or 12.7%. Net interest income increased to \$4.5 million for the quarter ended June 30, 2010 as compared to \$4.1 million for the quarter ended June 30, 2009, an increase of \$426,000 or 10.4%. Net interest rate spread increased 18 basis points to 3.72% for the year ended June 30, 2010 as compared to 3.54% for the year ended June 30, 2009. Net interest rate spread increased 23 basis points to 3.71% for the quarter ended June 30, 2010 as compared to 3.48% for the quarter ended June 30, 2009. Net interest margin increased 11 basis points to 3.91% for the year ended June 30, 2010 as compared to 3.80% for the year ended June 30, 2009. Net interest margin increased 20 basis points to 3.90% for the quarter ended June 30, 2010 as compared to 3.70% for the quarter ended June 30, 2009. The increases in net interest spread and net interest margin were primarily due to the continued decline in the rates paid on deposits and borrowings, partially offset by purchases of securities at lower yields. The increase in average balances, along with the widening of the net interest spread and net interest margin led to an increase in net interest income when comparing the years and quarters ended June 30, 2010 and 2009.

Management continues to closely monitor asset quality and adjust the level of the allowance for loan losses when necessary. The amount recognized for the provision for loan losses is determined by management based on its ongoing analysis of the adequacy of the allowance. As a result of the analysis, the provision for loan losses amounted to \$1.3 million and \$2.0 million for the years ended June 30, 2010 and 2009, respectively, a decrease of \$745,000 or 36.9%. The provision for loan losses amounted to \$289,000 and \$254,000 for the quarters ended June 30, 2010 and 2009, respectively, an increase of \$35,000. The allowance for loan losses to total loans receivable was 1.34% as of June 30, 2010 as compared to 1.26% as of June 30, 2009. Nonperforming loans to total loans was 1.33% and 1.01% at June 30, 2010 and 2009, respectively. Net charge-offs amounted to \$669,000 and \$486,000 for the year ended June 30, 2010 and 2009, respectively, an increase of \$183,000.

Noninterest income decreased to \$4.6 million from \$6.1 million, a decrease of \$1.5 million, when comparing the years ended June 30, 2010 and 2009. Noninterest income totaled \$1.1 million and \$1.2 million for the quarters ended June 30, 2010 and 2009, respectively. Noninterest income for the year ended June 30, 2009 reflected a one-time cash payment of \$1.7 million received from TransFirst LLC. This payment was the result of The Bank of Greene County transferring its merchant bank card processing business to TransFirst LLC. Also reflected in noninterest income for the year ended June 30, 2009 was an impairment charge of \$221,000 (\$135,000 net of tax) related to the other-than-temporary impairment of a Lehman Brothers Holdings, Inc. debt security held by the Company. Excluding these unusual items, noninterest income was flat when comparing both the years and quarters ended June 30, 2010 and 2009. Debit card fees increased \$183,000 and \$59,000 when comparing the years and quarters ended June 30, 2010 and 2009, respectively, as a result of a higher volume of transactions due to growth in the number of checking accounts with debit cards. E-commerce fee income decreased \$106,000 and \$3,000 when comparing the years and quarters ended June 30, 2010 and 2009, respectively, as a result of the transfer of the Company's merchant bank card processing business to TransFirst LLC during fiscal 2009.

Noninterest expense totaled \$13.6 million for both the year ended June 30, 2010 and 2009. Noninterest expense decreased \$164,000 to \$3.4 million for the quarter ended June 30, 2010 as compared to \$3.6 million for the quarter ended June 30, 2009. The most significant decrease in noninterest expense was in FDIC insurance premiums, which decreased \$105,000 and \$395,000 when comparing the years and quarters ended June 30, 2010 and 2009, respectively. During the quarter ended June 30, 2009, the FDIC imposed a special assessment equal to 5 basis points on the bank's assets less Tier One capital. Legal and professional fees also decreased for the year and quarters ended June 30, 2010 when compared to 2009 as a result of fewer consulting services being utilized within the year ended June 30, 2010. Partially offsetting these decreases were higher compensation and depreciation due to the opening of the new Ravena branch in January 2009. The Company also has increased staffing as a result of the creation of a new customer service call center and expansion of the marketing department.

Total assets grew \$34.8 million or 7.6% to \$495.3 million at June 30, 2010 as compared to \$460.5 million at June 30, 2009. Net loans increased \$27.7 million or 10.3% to \$295.6 million at June 30, 2010 as compared to \$267.9 million at June 30, 2009. Securities classified as both available for sale and held to maturity increased \$5.7 million to \$167.3 million at June 30, 2010 as compared to \$161.6 million at June 30, 2009. Deposits grew \$23.0 million to \$421.7 million at June 30, 2010 as compared to \$398.7 million at June 30, 2009. Total shareholders' equity amounted to \$44.5 million at June 30, 2010, or 9.0% of total assets compared to \$40.3 million at June 30, 2009, or 8.7% of total assets.

Headquartered in Catskill, New York, the Company provides full-service community-based banking in its eleven branch offices located in Greene, Columbia and Albany Counties. On June 24, 2010 the Company announced plans to open a new full service branch in Germantown, New York. The opening is targeted for early 2011. Customers are offered 24-hour services through ATM network systems, an automated telephone banking system and Internet Banking through its web site at <http://www.tbogc.com>.

This press release contains statements about future events that constitute forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Actual results could differ materially from those

projected in the forward-looking statements. Factors that might cause such a difference include, but are not limited to, general economic conditions, changes in interest rates, regulatory considerations, competition, technological developments, retention and recruitment of qualified personnel, and market acceptance of the Company's pricing, products and services.
