**Item 8.01. Other Events**

On February 23, 2006, the Board of Directors of Quanex Corporation (the *Company*) declared a three-for-two stock split in the form of a stock dividend (the *Stock Split*) effective to shareholders of record on March 15, 2006 and payable on March 31, 2006. Following the *Stock Split*, (1) the conversion rate with respect to the *Company*'s 2.5% Convertible Senior Debentures due 2034 (the *Debentures*) will be adjusted and (2) the number of Preferred Stock Purchase Rights associated with each share of outstanding common stock will be adjusted. The nature of these events and the adjusted rates are described below.

*Convertible Senior Debentures*

The conversion rate with respect to the *Debentures* is subject to adjustment in certain events such as a common stock dividend, a subdivision or combining of the *Company*'s common stock, or an increase in the cash dividend. Adjustments to the conversion rate are made when the cumulative adjustments exceed 1% of the conversion rate.

Following the *Stock Split* (and giving effect to prior adjustments), the conversion rate will be adjusted to 39.30 shares of common stock per \$1,000 principal amount of *Debentures*. The adjusted conversion rate (also after taking into account the *Stock Split*) is equivalent to an adjusted conversion price of \$25.45 per share of common stock.

*Preferred Stock Purchase Right*

The *Company* has Preferred Stock Purchase Rights (the *Rights*) pursuant to the Third Amended and Restated Rights Agreement (the *Rights Agreement*) effective October 18, 2004. The *Rights* were originally authorized and distributed by the *Company*'s Board of Directors in 1986. The action was intended to assure that all shareholders would receive fair treatment in the event of a proposed takeover of the *Company*. The *Rights Agreement* originally provided for one *Right* (subject to adjustment for certain events) on each outstanding share of the *Company*'s common stock. Each *Right* represents the right to purchase a certain amount of shares of Series A Junior Participating Preferred Stock (*Preferred Stock*) of the *Company*. The number of *Rights* associated with each share of common stock outstanding is adjusted in certain events such as the *Company* declaring a common stock dividend, subdividing or combining the common stock, or issuing any shares of its capital stock in a reclassification of the outstanding common stock.

Following the *Stock Split* (and giving effect to prior adjustments), each outstanding share of the *Company*'s common stock will be associated with 4/9<sup>th</sup> (or approximately 44%) of a *Right*. Each *Right*, when exercisable, entitles the holder to purchase 1/1,000th of a share of *Preferred Stock* at an exercise price of \$90. Following the *Stock Split* (and giving effect to prior adjustments), this will be equivalent to each outstanding share of the *Company*'s common stock being associated with the purchase of 1/225<sup>th</sup> of a share of *Preferred Stock* at an exercise price of \$90.

The *Rights* will be exercisable only if, without the *Company*'s prior consent, a person or group of persons acquires or announces the intention to acquire 20% or more of the *Company*'s common stock. If the *Company* is acquired through a merger or other business combination transaction, each *Right* will entitle the holder to purchase \$180 worth of the surviving *Company*'s common stock for \$90. Additionally, if someone acquires 20% or more of the *Company*'s common stock, each *Right* not owned by the 20% or greater shareholder would permit the holder to purchase \$180 worth of the *Company*'s common stock for \$90. The *Rights* are redeemable, at the option of the *Company*, at \$.02 per *Right* at any time

Edgar Filing: QUANEX CORP - Form 8-K

until ten days after someone acquires 20% or more of the common stock. The Rights expire April 15, 2009.
