PROXY STATEMENT

For the Annual Meeting of Stockholders

To Be Held

May 11, 2006

GENERAL

The enclosed proxy is solicited on behalf of the board of directors of Discovery Partners International, Inc., a Delaware corporation (the Company), for use at the annual meeting of stockholders to be held on May 11, 2006 (the Annual Meeting) and at any adjournments or postponements of the Annual Meeting. References to we, our, and us and similar references also refer to the Company. The Annual Meeting will be held at 11:00 a.m. Pacific Daylight Time, at the offices of Cooley Godward LLP located at 4401 Eastgate Mall, San Diego, California 92121. Stockholders of record on March 24, 2006 will be entitled to notice of and to vote at the Annual Meeting.

This proxy statement and accompanying proxy were first mailed to stockholders on or about April 5, 2006.

Purpose of the Meeting

The specific proposals to be considered and acted upon at the Annual Meeting are summarized in the accompanying Notice of Annual Meeting of Stockholders and are described in more detail in this proxy statement.

Voting

On March 24, 2006, the record date for determination of stockholders entitled to vote at the Annual Meeting, there were 26,436,931 issued and outstanding shares of common stock, par value \$.001. Each stockholder is entitled to one vote for each share of common stock held by such stockholder on March 24, 2006. Stockholders may not cumulate votes in the election of directors.

All votes will be tabulated by the inspector of election appointed for the meeting who will separately tabulate affirmative and negative votes, abstentions and broker non-votes. Abstentions and broker non-votes will be counted for purposes of determining whether a quorum is present at the Annual Meeting. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not have discretionary voting power and does not receive voting instructions from the beneficial owner.

With regard to the election of directors, votes may be cast in favor of, or withheld from, each nominee. However, the directors will be elected by plurality vote. The two nominees receiving the highest number of affirmative votes will be elected. All other matters to be acted upon by the stockholders at the Annual Meeting will require the approval of the holders of a majority of the outstanding common stock present in person or represented by proxy and entitled to vote at the Annual Meeting. With respect to such matters, abstentions are not affirmative votes and therefore will have the same effect as negative votes. Broker non-votes will not be counted for purposes of determining whether any of those proposals have been approved.

Proxies for Stockholders of Record

If your Discovery Partners International shares are registered directly in your name with our transfer agent, you are a stockholder of record with respect to those shares, and a proxy card accompanies this proxy statement sent to you. You may vote your shares by mailing a completed and signed proxy card in the envelope provided with the proxy card. In addition, as a stockholder of record, you may use the control number and instructions printed on your proxy card to vote by telephone or by Internet at www.voteproxy.com.

If the enclosed form of proxy is properly signed and returned, the shares will be voted at the Annual Meeting in accordance with the instructions you write on the proxy. If the proxy is signed and returned but does not specify how the shares are to be voted, the proxy will be voted FOR the election of the director nominees proposed by the board unless the authority to vote for the election of such director nominee(s) is withheld and, if no contrary instructions are given, the proxy will be voted FOR the approval of Proposal 2 described in the accompanying Notice and this proxy statement, and in the discretion of the proxyholders as to any other matters that may properly come before the Annual Meeting. You may revoke or change your proxy at any time before the Annual Meeting by filing with the Chief Financial Officer and Secretary of the Company at the Company's principal executive offices at 9640 Towne Centre Drive, San Diego, CA 92121, a notice of revocation or another signed proxy with a later date. You may also revoke your proxy by attending the Annual Meeting and voting in person. All shares subject to a valid proxy received before the Annual Meeting will be voted.

Voting Instructions for Beneficial Owners

If your Discovery Partners International shares are held by a stockbroker, bank or other nominee rather than directly in your own name, you are considered a beneficial owner rather than a stockholder of record, and your broker or other nominee has enclosed a voting instruction form which you may complete and return by mail to direct the nominee how to vote your shares. Most nominees also make Internet or telephone voting procedures available to their beneficial owners. Please consult your voting instruction form for the specific procedures available.

Solicitation

The Company will bear the entire cost of soliciting proxies, including the preparation, assembly, printing and mailing of this proxy statement, the proxy and any additional solicitation material furnished to stockholders. Copies of solicitation material will be furnished to brokerage houses, fiduciaries and custodians holding shares in their names that are beneficially owned by others so that they may forward this solicitation material to such beneficial owners. In addition, the Company may reimburse such persons for their costs of forwarding the solicitation materials to such beneficial owners. The original solicitation of proxies by mail may be supplemented by solicitation by telephone or other means by directors, officers or employees of the Company. No additional compensation will be paid to directors, officers or employees of the Company for any such services. Except as described above, the Company does not presently intend to solicit proxies other than by regular or electronic mail.

Discretionary Authority to Vote on Stockholder Proposals

The proxy solicited by the board of directors for the Annual Meeting will confer discretionary authority to vote on any stockholder proposal presented at that meeting.

MATTERS TO BE CONSIDERED AT THE ANNUAL MEETING

**PROPOSAL NO. 1
ELECTION OF DIRECTORS**

General

The Company's Certificate of Incorporation provides for a classified board of directors consisting of three classes of directors with staggered three-year terms, with each class consisting, as nearly as possible, of one-third of the total number of directors. The board of directors currently consists of five persons. The class whose term of office expires and that is up for election at the Annual Meeting currently consists of two directors: Dr. Harry F. Hixson, Jr. and Dr. Michael C. Venuti. Each director elected to this class will serve for a term of three years, expiring at the 2009 annual meeting of stockholders, or until his successor is duly elected and qualified or his earlier death, resignation or removal. Dr. Hixson and Dr. Venuti are currently directors of the Company. The Nominating and Corporate Governance Committee recommended to the board of directors that Dr. Hixson and Dr. Venuti each be nominated as a director for election at the Annual Meeting.

The Company's Certificate of Incorporation and Bylaws have fixed the size of the Company's board of directors at six directors as ratified by the Board in 2005. As of the Annual Meeting there will be one vacancy on the board of directors in the class whose term of office expires at the 2007 annual meeting of stockholders. Only directors that will serve as members of the class of directors whose term expires at the 2009 annual meeting of stockholders will be elected at the annual meeting, and proxies cannot be voted for a greater number of directors than two.

The nominees for election have agreed to serve if elected, and management has no reason to believe that such nominees will be unavailable to serve. In the event the nominees are unable or decline to serve as a director at the time of the Annual Meeting, the proxies will be voted for any nominee that may be designated by the present board of directors to fill the vacancy. Unless otherwise instructed, the proxy holders will vote the proxies received by them FOR the nominees named below.

It is the Company's policy to invite its directors, including the nominees for director, to its annual meetings of stockholders. All of the Company's directors attended the 2005 annual meeting of stockholders.

He is involved with developing and understanding the importance of genomics in pharmacology and therapeutics. Dr. Dollery received a B.S. in physiology and a medical degree (M.B., Ch.B.) from the University of Birmingham in Birmingham, England.

Director Resignations

On June 16, 2005, John Walker, an independent director of the Company notified Riccardo Pigliucci (former Chairman and Chief Executive Officer of the Company), Dr. Hixson (current Chairman of the board) and the Company's outside attorney, of his decision to resign from the Board, effective July 1, 2005. Mr. Walker was first elected to the Company's board of directors in April 2000, and re-elected as an independent director in May 2002 and May 2005.

The Company's board believed that Mr. Walker's resignation was prompted by his disagreement with the board over certain business planning tactics and in particular the role of the board in the strategic planning process and the fact that although the Company has an independent lead director, the position of Chairman of the

board continued to be held, at the time, by the then, Chief Executive Officer, Mr. Pigliucci. Mr. Walker served as the Chairman of the Company's Compensation Committee.

On November 14, 2005, the Company announced that Riccardo Pigliucci had resigned from his positions as Chief Executive Officer and Chairman of the Board effective as of November 14, 2005. The Board and Mr. Pigliucci agreed mutually that he would resign as Chief Executive Officer as well as from his position as a member of the Board. Mr. Pigliucci's resignation was prompted by a mutual difference of opinion with the Board over the Company's strategic plans. Dr. Hixson assumed the role of Chairman of the board and Dr. Venuti was appointed the acting Chief Executive Officer.

Independence of the Board of Directors

As required under the Nasdaq listing standards, a majority of the members of the Company's board of directors must qualify as independent, as affirmatively determined by the board of directors. The Company's board of directors consults with legal counsel to ensure that the Company's determinations are consistent with all relevant securities and other laws and regulations regarding the definition of independent, including those set forth in pertinent listing standards of Nasdaq, as in effect from time to time.

Consistent with these considerations, after review of all relevant transactions or relationships between each director, or any of his family members, and us, the Company's senior management and independent registered public accountants, the Company's board has affirmatively determined that all of its directors are independent directors within the meaning of Rule 4200(a)(15) of the applicable Nasdaq listing standards, except for Dr. Venuti, the Acting Chief Executive Officer and Chief Scientific Officer of the Company.

Board Meetings and Committees

Our board of directors has an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee.

The board of directors documented the governance practices followed by the Company's Corporate Governance Guidelines to assure that the board will have the necessary authority and practices in place to review and evaluate the Company's business operations as needed and to make decisions that are independent of the Company's management. The guidelines are also intended to align the interests of directors and management with those of the Company's stockholders. The Corporate Governance Guidelines set forth the practices the board will follow with respect to board composition and selection, board meetings and involvement of senior management, Chief Executive Officer performance evaluation and succession planning, and board committees and compensation. The Corporate Governance Guidelines were adopted by the board to, among other things, reflect changes to the Nasdaq listing standards and Securities and Exchange Commission rules adopted to implement provisions of the Sarbanes-Oxley Act of 2002. The Corporate Governance Guidelines, as well as the charters for each committee of the board, may be viewed at www.discoverypartners.com.

The Company's board of directors held a total of 12 meetings and acted by unanimous written consent two times during the fiscal year ended December 31, 2005. During such year, each director attended at least 75% of the aggregate number of meetings of the board of directors and committees of the board on which he served which were held during the periods in which he served.

As required under applicable Nasdaq listing standards, in fiscal 2005 the Company's independent directors met six times in regularly scheduled executive sessions at which only independent directors were present. Persons interested in communicating with the independent directors with their concerns or issues may address correspondence to a particular director, or to the independent directors generally, in care of Discovery Partners International at 9640 Towne Centre Drive, San Diego, California 92121. If no particular director is named, letters will be forwarded, depending on the subject matter, to the Chair of the Audit, Compensation or the Nominating and Corporate Governance Committee.

The Audit Committee reviews, acts on and reports to the board of directors on various auditing and accounting matters, including having the sole authority to appoint, retain or terminate our independent registered public accountants, the scope of the annual audits, fees to be paid to the independent registered public accountants, the performance of our independent registered public accountants and our accounting practices, reviews and approves the

retention of the independent registered public accountants to perform any proposed permissible non-audit services; monitors the rotation of partners of the independent registered public accountants on the Company's audit engagement team as required by law; confers with management and the independent registered public accountants regarding the effectiveness of internal controls over financial reporting; established procedures, as required under applicable law, for the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters and the confidential and anonymous submission by employees of concerns regarding questionable accounting or auditing matters and meets to review the Company's annual audited financial statements and quarterly reviewed financial statements with management and the independent auditor, including reviewing the Company's disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operations. The current members of our Audit Committee are Mr. Rosenman, (Chairman), Dr. Lewis and Sir Dollery, each of whom is independent as defined under Rule 4350(d)(2)(A)(i) and (ii) of the Nasdaq listing standards. In addition, the Company's board of directors has determined that Mr. Rosenman qualifies as an audit committee financial expert, as defined in applicable SEC rules. The Audit Committee held four meetings during the fiscal year ended December 31, 2005. The Audit Committee is governed by a written charter that was approved by the board of directors.

The Compensation Committee determines the salaries of management employees and benefits for the Company's employees, consultants, directors and other individuals compensated by the Company. The Compensation Committee also administers the Company's stock option and stock purchase plans. The current members of the Compensation Committee are Dr. Lewis (Chairman), Sir Dollery and Dr. Hixson, each of who is independent as defined under Rule 4200(a)(15) of the applicable Nasdaq listing standards. The Compensation Committee held three meetings during the fiscal year ended December 31, 2005.

The Nominating and Corporate Governance Committee interviews, evaluates, nominates and recommends individuals for membership on the Company's board and committees thereof and nominates specific individuals to be elected as the Company's officers by the board. The Nominating and Corporate Governance Committee met two times in regularly scheduled meetings during the fiscal year ended December 31, 2005. The current Nominating and Corporate Governance Committee charter can be found at the Company's web site at www.discoverypartners.com. The current members of the Nominating and Corporate Governance Committee are Dr. Hixson (Chairman), Dr. Lewis and Mr. Rosenman, each of who is independent as defined under Rule 4200(a)(15) of the applicable Nasdaq listing standards. In his role as Chairman of the Nominating and Corporate Governance Committee, and as non-executive Chairman of the board, Dr. Hixson will interface on behalf of the other outside directors with management on strategic and other issues and to perform other activities determined by the board.

The Nominating and Corporate Governance Committee believes that candidates for director should possess certain minimum qualifications, including high personal integrity and ethics and the ability to understand basic financial statements. The Nominating and Corporate Governance Committee also considers factors such as relevant expertise upon which to be able to offer advice and guidance to management, sufficient time to devote to the affairs of the Company, demonstrated excellence in his or her field, experience in the markets the Company serves, and the ability to exercise sound business judgment. However, the Nominating and Corporate Governance Committee retains the right to modify these factors from time to time. Candidates for director are reviewed in the context of the current composition of the board of directors, the operating requirements of the Company, and the long-term interests of stockholders. In conducting this assessment, the Nominating and Corporate Governance Committee considers the current needs of the board of directors and the Company, and seeks to maintain a balance of knowledge, experience and capability, and to avoid potential conflicts of interest. In the case of new director candidates, the Nominating and Corporate Governance Committee also determines whether a particular candidate must be independent for Nasdaq purposes, which determination is based upon applicable Nasdaq listing standards and applicable SEC rules and regulations. In the case of incumbent directors whose terms of office are set to expire, the Nominating and Corporate Governance Committee reviews such directors' overall service to the Company during their term, including the number of meetings attended, level of participation, quality of performance, and any other relationships and transactions that might impair such directors' independence.

Edgar Filing: DISCOVERY PARTNERS INTERNATIONAL INC - Form DEF 14A

The Nominating and Corporate Governance Committee does not consider director candidates recommended by stockholders at this time. The Nominating and Corporate Governance Committee believes that it is in the best position to identify, review, evaluate, and select qualified director candidates based upon its comprehensive criteria for membership on the Company's board. When necessary, the Nominating and Corporate Governance Committee engages third party executive search firms to identify potential candidates.

Stockholder Communications with the Board of Directors

The Company's board has adopted a formal process by which stockholders may communicate with the board or any of its directors. Stockholders who wish to communicate with the board may do so by sending written communications addressed to the Secretary of Discovery Partners International at 9640 Towne Centre Drive, San Diego, California 92121. Communications also may be sent by e-mail to the following address: board@discoverypartners.com. Any communications sent must state the number of shares owned by the stockholder making the communication. All communications will be compiled by the Secretary of the Company and submitted to the board or member of the board to whom it is directed. The aforementioned information is also available on the Company's website at www.discoverypartners.com. Although there is no formal policy of the board's attendance at annual shareholder meetings, all members of the board were present at the 2005 annual shareholder meeting.

Director Compensation

During 2005, the Company paid each of our non-employee directors, which consisted of Messrs. Rosenman and Walker (who resigned on July 1, 2005), and Drs. Hixson and Lewis, and Sir Dollery FMedSci an annual retainer totaling \$20,000 and \$1,000 for each committee meeting attended, plus reimbursement of related expenses. Dr. Venuti was paid a total of \$5,000 for his services as a director and an additional \$5,000 for advisory services to the Company in 2005 until he became the Company's Chief Scientific Officer on March 31, 2005. Mr. Walker was paid a total of \$12,000 for his services as a director in 2005 through his date of resignation. Dr. Hixson received an additional \$10,000 for services he performed in his role as lead director and Mr. Rosenman received \$10,000 for his services as Chairman of the Audit Committee. In addition, Dr. Lewis, who has been a non-employee director since the time of our 2000 initial public offering of common stock (the "IPO") received a non-qualified option to purchase 25,000 shares of our common stock following the completion of the IPO. These options have an exercise price of \$19.88.

On November 14, 2005, Dr. Hixson assumed the role of Chairman of the board of directors. The board approved a change in payments to Dr. Hixson, as a non-employee director, for his role as Chairman of the board, which compensation would be instead of compensation previously paid to him as lead director, as follows: As Chairman of the Board, Dr. Hixson will receive an annual fee of \$20,000 (in addition to the annual retainer fee of \$20,000 paid to all independent directors, for a total of \$40,000 annually), to be paid beginning January 1, 2006, and will receive an annual non-qualified stock option grant of 10,000 shares (in addition to the annual non-qualified stock option grant of 15,000 shares he is entitled to receive as an independent director and Chair of the Nominating and Corporate Governance Committee, for a total annual non-qualified stock option grant of 25,000 shares), which will vest in full on the first anniversary of the date of grant, such option to be granted as of the date of the annual meeting of the board as contemplated by the Company's 2000 Stock Incentive Plan, as amended. In his role as Chairman of the board, Dr. Hixson will also receive cash payments of \$10,000 per month for four months beginning January 1, 2006 and a non-qualified stock option grant of 10,000 shares, which will vest in full on the first anniversary of the date of grant.

On March 30, 2006, the board of directors approved an additional retainer fee of \$5,000 to Dr. Lewis, for his services as the chairperson of the Compensation Committee in fiscal 2006. In addition, the current chairperson of the Compensation Committee of the Company's board of directors will be paid \$1,000 for each meeting he has with the Company's outside compensation consultants as part of the Company's on-going evaluation of its employee's pay and incentive packages.

Under our automatic option grant program, which is a component of our 2000 Stock Incentive Plan, each individual who first became a non-employee board member at any time after the completion of the IPO automatically received an option grant for 25,000 shares on the date such individual joins the board, provided such individual has not been in our prior employ. In addition, on the date of each annual stockholders meeting held after the completion of the IPO, each non-employee board member who continues to serve as a non-employee board member will automatically be granted an option to purchase 10,000 shares of common stock, provided such individual has served on our board for at least six

months.

Each automatic grant made under the automatic option grant program has an exercise price per share equal to the fair market value per share of our common stock on the grant date and has a term of 10 years, subject to earlier termination or repurchase following the optionee's cessation of board service. Each such automatic grant made before January 1, 2003 is immediately exercisable for all of the option shares; however, the Company

may repurchase, at the exercise price paid per share, any shares purchased under the option that are not vested at the time of the optionee's cessation of board service. Each such automatic grant made after January 1, 2003 is exercisable as the options vest. Employment Contracts, Severance Agreements and Change of Control Arrangements

Edgar Filing: DISCOVERY PARTNERS INTERNATIONAL INC - Form DEF 14A

On March 31, 2005, the Company entered into an employment agreement with Michael C. Venuti, Ph.D. to serve as the Company's Chief Scientific Officer. This agreement is for an indefinite term and may be terminated by Dr. Venuti or the Company at any time, with or without cause. Dr. Venuti's employment agreement provides that he will receive an initial annual base salary of not less than \$351,500 and will be eligible to earn an annual bonus in an amount up to 35% of his annual base salary as determined by the board of directors. In connection with the employment agreement the board of directors approved an award to Dr. Venuti for the right to receive 200,000 shares of DPI common stock under the Company's 2000 Stock Incentive Plan. The award will vest at the end of five years from the grant date subject to acceleration of vesting based upon achievement of specified performance objectives to be agreed upon by the Company and Dr. Venuti.

In the event Dr. Venuti is terminated without cause or chooses to resign for good reason as the result of a change of control, Dr. Venuti will be entitled to receive any annual base salary and bonus compensation that has been earned but is unpaid as of the date of such termination. In addition, he would be entitled to continue to receive his base salary and continued health care benefits in effect as of the termination date for a period of 12 months.

On October 29, 2001, the Company entered into a letter agreement with Mr. Kussman to serve as the Company's Chief Financial Officer. This agreement is for an indefinite term and is terminable by Mr. Kussman or DPI at any time without cause. Under this agreement, the Company agreed to pay Mr. Kussman an annual base salary of \$275,000 and an annual target bonus equal to 30% of his base salary based on accomplishment of established performance objectives. In addition, under this agreement the Company paid Mr. Kussman \$27,500 as a sign on bonus and reimbursed him for relocation expenses and mortgage assistance in moving from Fairfield, Connecticut to San Diego, and Mr. Kussman was granted an option to purchase 96,385 shares of DPI common stock. This option grant vests over a four-year period, with 25% vesting upon the completion of one year of service and the remainder vesting in equal monthly installments over the next 36 months of service. Additionally, Mr. Kussman was granted an option to purchase 153,615 shares of DPI common stock. These options were granted originally to allow 100% of these options to vest on November 12, 2006, but vesting could be accelerated according to the following schedule: 25% of the options would vest if the company stock trades for 25 consecutive business days at a price of or above \$8.00 per share; 25% more of the options would vest if the company stock trades for 25 consecutive days at a price of or above \$12.00 per share; 25% more of the options would vest if the company stock trades for 25 consecutive business days at a price of or above \$16.00 per share; and 25% more of the options would vest if the company stock trades for 25 consecutive business days at a price of or above \$18.00 per share. On January 24, 2003, the stock option grant was amended to allow the options to vest over a four-year period, with 25% vesting upon the completion of one year of service and the remainder vesting in equal monthly installments over the next 36 months of service.

In the event Mr. Kussman is terminated without cause or chooses to resign for good reason as the result of a change of control, Mr. Kussman will be entitled to a one-time lump sum payment of his then current annual base salary.

Richard Neale joined the Company in January 2001, upon the completion of the acquisition of Systems Integration Drug Discovery Company (SIDDCO), by the Company. Following the acquisition, Mr. Neale initially assumed the role of Vice President, Corporate Activities for ChemRx Advanced Technologies. In December 2001 and in November 2002 he was promoted to the position of Vice President, Financial Planning and Contract Management for the Company and to the position of Vice President, Business Operations, respectively. In April 2003, in conjunction with the Company's plan to close the operations in Tucson, Arizona, the Company entered into a letter agreement with Mr. Neale in which the Company agreed to increase his salary by \$21,600 (totaling \$188,000 annually) and to reimburse certain relocation costs contingent on his relocation to San Diego during fiscal 2004. In August 2004 following his relocation to San Diego, the title of Vice President, Operations was added to Mr. Neale's position. Mr. Neale was promoted to his current position of Corporate Vice President, Business Operations and Alliances in January 2005. Mr. Neale is also entitled to an annual target bonus equal to 25% of his base salary based on accomplishment of established performance objectives.

On November 13, 2002, the Company entered into a letter agreement with Dr. Livingston to serve as our Senior Vice President and General Manager of Discovery Chemistry Services. This agreement is for an indefinite term and is terminable by Dr. Livingston or us at any time without cause. Under this agreement, the Company agreed to pay Dr. Livingston an annual base salary of \$260,000 and an annual target bonus equal to 25% of his base salary based on accomplishment of established performance objectives and company performance. In addition, under this agreement Dr. Livingston was granted an option to purchase 150,000 shares of our common stock. This option grant vests over a four-year period, with 25% vesting upon the completion of one year of service and the remainder vesting in equal monthly installments over the next 36 months of service.

In the event Dr. Livingston is terminated without cause, Dr. Livingston will be entitled to six months of his then current annual base salary.

Effective April 2001, the Company entered into an employment agreement with Dr. Regenss to serve as DPI's Vice President of Biology. The agreement is valid for two years. Upon mutual agreement of both parties the agreement is automatically extended for an indefinite term and will then be terminable by Dr. Regenss or the Company with six months notice. Under this agreement, the Company agreed to pay Dr. Regenss an annual base salary of CHF 200,000 and a guaranteed bonus of CHF 50,000 for the first twelve months. After the first twelve months, Dr. Regenss is eligible for up to CHF 50,000 based on accomplishment of established performance objectives. Additionally, Dr. Regenss was granted an option to purchase 60,000 shares of DPI common stock. This option grant vests over a four-year period, with 25% vesting upon the

completion of one year of service and the remainder vesting in equal monthly installments over the next 36 months of service.

On April 17, 1998, the Company entered into an employment agreement with Mr. Pigliucci to serve as our President and Chief Executive Officer. This agreement is for an indefinite term and is terminable by Mr. Pigliucci or us at any time without cause. Under this agreement, the Company agreed to pay Mr. Pigliucci an initial annual base salary of \$350,000 (which is subject to upward adjustments) and an annual target bonus equal to at least 50% of his base salary (which bonus will be prorated for performance of annual goals). In addition, under this agreement the Company reimbursed Mr. Pigliucci for relocation expenses and mortgage assistance in moving from the

Weston, Connecticut area to the San Diego area. Mr. Pigliucci was granted an option to purchase 600,000 shares of our common stock, which vested over a four-year period, with 25% vesting upon the completion of one year of service and the remainder vesting in equal monthly installments over the next 36 months of service. Mr. Pigliucci exercised this option in full in December 1998 and January 1999 and, at Mr. Pigliucci's election, he paid the purchase price for such shares in the form of two promissory notes to us bearing the minimum applicable federal interest rate. Mr. Pigliucci paid the two promissory notes, including interest, in full on December 31, 2002.

On November 14, 2005 the Company entered into a separation agreement with Mr. Pigliucci whereby Mr. Pigliucci's employment with the Company ended effective November 14, 2005 (the "Separation Agreement"). Pursuant to the agreement, Mr. Pigliucci received a payment of \$475,000, which equals Mr. Pigliucci's current annual base salary, along with a bonus of \$75,000 for Mr. Pigliucci's service to the Company during 2005. The Company will also pay the monthly premiums for continued health insurance coverage under COBRA for Mr. Pigliucci for a period of twelve months from the effective date of his resignation, and the Company agreed to pay Mr. Pigliucci's legal expenses in connection with the separation agreement. In addition, Mr. Pigliucci received partially accelerated vesting of one of his restricted stock grants, such that the grant was deemed vested as to 56,250 shares at the time of his resignation. Mr. Pigliucci is also entitled to receive an additional lump sum payment of \$475,000 in the event that the Company is acquired pursuant to a change of control transaction on or before June 30, 2006.

On June 18, 2002, the Company entered into a letter agreement with Mr. Crouch to serve as our President and Chief Operating Officer. This agreement was for an indefinite term and was terminable by Mr. Crouch or us at any time without cause. Under this agreement, the Company agreed to pay Mr. Crouch an annual base salary of \$325,000 and an annual target bonus equal to 35% of his base salary based on accomplishment of established performance objectives. In addition, under this agreement the Company reimbursed him for relocation and mortgage assistance in moving from Sudbury, Massachusetts to San Diego, and Mr. Crouch was granted an option to purchase 300,000 shares of our common stock. This option grant vests over a four-year period, with 25% vesting upon the completion of one year of service and the remainder vesting in equal monthly installments over the next 36 months of service. Additionally, on July 29, 2002, the Company loaned Mr. Crouch \$300,000 against his full recourse non-interest bearing promissory note. The note was due and payable in full on July 29, 2007. The largest amount of indebtedness outstanding during the 2004 fiscal year was \$300,000.

On January 18, 2005 the Company entered into a separation agreement with Taylor Crouch whereby Mr. Crouch's employment with the Company ended effective January 18, 2005 (the "Separation Agreement"). Pursuant to the terms of the Separation Agreement, Mr. Crouch received a net lump sum payment of \$378,538 on January 28, 2005. Additionally, the balance owed totaling \$300,000 by Mr. Crouch pursuant to the promissory note made by Mr. Crouch to the Company, was reduced by the amount equivalent to the amount that Mr. Crouch could have earned from participation in the Company's incentive compensation plan for fiscal year 2004, of \$106,827, plus an amount equivalent to the sum of the fair market value, on January 18, 2005, of 21,250 shares of the Company Stock under a stock grant as if such stock grant had vested as to an additional 25% plus an amount equivalent to the fair market value, as of January 18, 2005, of 8,750 vested shares of the Company's Common Stock, less any applicable withholding taxes. Mr. Crouch paid the remaining balance in full. In addition, Mr. Crouch had until January 18, 2006 to exercise any of his vested options. Mr. Crouch did not exercise any of the option as of January 17, 2006.

In July 2003, the Company entered into change in control agreements with the following officers of the Company: Craig Kussman, Urs Regenass, Douglas Livingston and Richard Neale. In March 2005, the Company entered into a change of control agreement with Michael Venuti. In April 2005, the Company entered into a change of control agreement with Daniel Harvey. In the event of both a change in control and termination of an officer's employment (either by us without cause or by the officer for good reason) either before, and in connection with, the change in control or within 365 days after the change in control, the officer will be entitled to a severance payment equal to the officer's average bonus for the three prior full calendar years of employment with us multiplied by the number of days in the calendar year through the date of termination divided by 365 and the greater of 100% of the officer's annual base salary in effect immediately prior to the change in control of us or the officer's annual base salary in effect at the time notice of termination is given. Additionally, for purposes of determining the vesting of the officers' awards made under the 2000 Stock Incentive Plan, as well as any unvested shares of our stock acquired pursuant to that Plan, the officer will be treated as if he had completed an additional 12 months of service immediately before the date on which his employment is terminated.

Under the agreements, a change in control is deemed to have occurred under any of the following circumstances, subject to certain exceptions and limitations:

a person becomes the owner of 15% or more of our voting power;

the current members of our board of directors (including any new board members elected by a 2/3 vote approval of those board members and any new board members so approved) cease to represent a majority of the board during any period of 24 months or less;

our stockholders approve a merger or consolidation involving us, other than a merger or consolidation in which the holders of our voting stock prior to the transaction own more than 66 and 2/3% of our voting power or the voting power of the other surviving entity immediately after the completion of the transaction or a merger or consolidation in which no person owns 15% or more of our voting power or the voting power of the other surviving entity immediately after the completion of the transaction;

our stockholders approve a liquidation or sale of all or substantially all of our assets; or

our board of directors determines that a change in control of us has otherwise occurred for purposes of the agreements.

The initial term of the agreements entered into in 2003 expired December 31, 2004 and the agreements entered into in 2005 expired December 31, 2005, and automatically renew thereafter on an annual basis unless either party gives notice by September 30th of the preceding year and no change of control of us has occurred during the 18 months before that notice. To the extent that change in control agreements remain in effect, such agreements supercede any such applicable change in control conditions that may exist in any applicable employment contracts.

On March 30, 2006 the Compensation Committee of our Board of Directors approved a severance and retention bonus plan. The purpose of the plan is to align our severance policy with other similarly situated companies in our market and to provide an incentive for our key employees, including certain key executive officers to remain with the Company throughout the process of considering and implementing strategic initiatives, which may include the sale of our assets and merger or acquisition transactions.

Under the plan, each employee will be entitled to receive severance benefits consisting of a lump sum cash payment equal to a certain number of months of the employee's base salary (up to 6 months, other than the Acting Chief Executive Officer), together with COBRA coverage and outplacement services, if the employee is terminated without cause. If an employee is a party to an existing change of control agreement with us, then the terms of the change in control agreement will apply to a termination in connection with a change of control.

Under the plan, certain key employees, including certain key executive officers, other than the Acting Chief Executive Officer, will be entitled to receive a retention bonus consisting of a cash amount based on the employee's employment level (up to \$25,000) with specific incremental percentages of the aggregate amount earned upon achievement of applicable milestones so long as the employee remains employed with the Company (or its successor in a change in control). If an employee remains employed with the Company (or its successor in a change in control) through December 31, 2006, the Company will pay to such employee the total cash amount of the retention bonus upon December 31, 2006. If the employee's employment with the Company is terminated without cause by the Company (or its successor in a change in control) on or prior to December 31, 2006, the Company will pay to such employee the total cash amount of the retention bonus upon the date of such termination. If the employee's employment with the Company is terminated for cause by the Company (or its successor in interest in a change in control) on or prior to December 31, 2006, such employee will not be entitled to any of the retention bonus. If the employee's employment with the Company

Edgar Filing: DISCOVERY PARTNERS INTERNATIONAL INC - Form DEF 14A

ends on or before December 31, 2006 for any reason other than termination without cause or termination for cause by the Company (or its successor in a change in control), upon the date of such termination, the Company will pay to such employee only that portion of the total cash amount that has been earned for milestones achieved prior to the date of such termination.

The Compensation Committee of the board of directors, as Plan Administrator of the 2000 Stock Incentive Plan, has the authority to provide for accelerated vesting of the shares of common stock subject to any outstanding options held by the Chief Executive Officer or any other executive officer or any unvested share issuances actually held by such individuals, in connection with certain changes in control involving us or the subsequent termination of the officer's employment following the change in control event.

In addition, in the event that the Company or a significant portion of its assets are acquired by merger or asset sale, each outstanding option, share of restricted stock or restricted stock unit issued, under the 2000 Stock Incentive Plan, including those held by the Named Executive Officers, which is not to be assumed by the successor corporation will automatically accelerate in full, and all unvested shares under the discretionary option grant and stock issuance programs will immediately vest, except to the extent our repurchase rights with respect to those shares are to be assigned to the successor corporation. Also, outstanding options under the salary investment, automatic option and director fee option grant programs (not all of which are currently operative) of our 2000 Stock Incentive Plan will immediately vest if the Company are acquired by a merger or asset sale or if there is a successful tender offer for more than 50% of our outstanding voting stock or a change in the majority of our board through one or more contested elections.

In addition to the indemnification provisions contained in our Certificate of Incorporation and Bylaws, the Company has entered into separate indemnification agreements with each of our directors and officers. These indemnification agreements will require us to indemnify our officers and directors to the fullest extent permitted by Delaware law.

Board Compensation Committee Report on Executive Compensation

The following is a report delivered by the Compensation Committee of our board of directors.

As members of the Compensation Committee of the board of directors, it is our duty to set the base salary of the Company's executive officers and to administer the Company's 2000 Stock Incentive Plan under which grants may be made to them and other key employees. In addition, the Company approve the individual bonus programs to be effective for the executive officers each fiscal year.

General Compensation Policy. Our fundamental policy is to offer the Company's executive officers competitive compensation opportunities based upon their contribution to the financial success of the Company and their personal performance. It is our objective to have a substantial portion of each officer's compensation contingent upon the

Company's performance as well as upon his or her own level of performance. Accordingly, each executive officer's compensation package is comprised of three elements:

base salary, which reflects individual performance and is designed primarily to be competitive with salary levels in the industry,

annual variable performance awards payable in cash and tied to the achievement of performance goals established by us, and

long-term, stock-based incentive awards, which strengthen the mutuality of interests between the executive officers and the Company's stockholders.

As an officer's level of responsibility increases, it is our intent to have a greater portion of his or her total compensation be dependent upon the Company's performance and stock price appreciation rather than base salary.

Factors. The principal factors that the Compensation Committee considered in establishing the components of each executive officer's compensation package for the 2005 fiscal year are summarized below. The Company may in our discretion apply entirely different factors, particularly different measures of financial performance, in setting executive compensation for future fiscal years, but all compensation decisions will be designed to further the general compensation policy indicated above.

Base Salary. The base salary for each officer is set on the basis of:

industry experience, knowledge and qualifications,

the salary levels in effect for comparable positions within the Company's principal-industry marketplace competitors, and

internal comparability considerations.

The Compensation Committee made its decisions as to the appropriate market level of base salary for each executive officer on the basis of its understanding of the salary levels in effect for similar positions at those companies with which the Company competes for executive talent. The Compensation Committee estimates that the 2005 salary levels of the Company's executive officers range from the 50th percentile to the 75th percentile of the salary levels in effect for comparable positions at those other companies.

Annual Incentive Compensation. During 2005, the Company's Compensation Committee, considered a bonus program in 2005 whereby annual bonuses could be earned by the Company's eligible employees, including executive officers, solely on the basis of the achievement of both corporate performance targets (based on the Company's operating budget) and individual performance targets that the Compensation Committee established at the start of the fiscal year. The corporate performance targets for 2005 established by the Compensation Committee in connection with this potential bonus program would have required that the Company meet or exceed specified revenue, net income and backlog amounts in 2005. As it became evident after the first quarter of 2005 that the Company would not meet the corporate performance targets, the Compensation Committee deferred action on the formal approval of the 2005 bonus program. In February 2006, the Board of Directors of the Company, based on the recommendation of the Compensation Committee, voted to authorize the payment of bonuses to certain of the Company's eligible employees, including named executive officers (as defined in Item 402(a)(3) of Regulation S-K promulgated by the Securities and Exchange Commission) and other executive officers based on efforts involved in shifting the Company strategy, the sale of the Company's systems business unit and the restructuring of the Company's chemistry operations during the fiscal year ended December 31, 2005. Based on these considerations the bonuses awarded for fiscal year 2005 were equal to 15% of the amounts specified under the program. These lower potential bonus amounts resulted in substantially all eligible employees, including executive officers, receiving lower bonuses in 2005 than in 2004.

Long-Term Incentive Compensation During 2005, the Compensation Committee approved one grant of 200,000 shares of restricted stock to Dr. Michael C. Venuti under our 2000 Stock Incentive Plan. The date of this grant coincided with Dr. Venuti joining the Company as Chief Scientific Officer. The Compensation Committee recommended and board of directors approved granting restricted stock to Dr. Venuti in lieu of stock options (which had been the Company's historical practice) and expects to continue this practice into the future if it determines that the grant of additional equity awards are appropriate. The vesting of the 2005 restricted stock grant is based on achieving corporate performance objectives as well as service. The grant is designed to align the interests of Dr. Venuti with those of the stockholders and provide him with a significant incentive to manage the Company from the perspective of an owner with an equity stake in the business. The number of shares subject to such grant was based on the Dr. Venuti's level of responsibilities and relative position in the Company.

Former CEO Compensation. In setting the compensation payable to the Company's former Chief Executive Officer, Mr. Pigliucci, the Compensation Committee has sought to be competitive with other companies in the industry, while at the same time tying a significant percentage of such compensation to the Company's performance and stock price appreciation. An employment agreement between the Company and Mr. Pigliucci sets forth certain terms and conditions, including minimum compensation, governing Mr. Pigliucci's employment.

The Compensation Committee established Mr. Pigliucci's 2005 base salary of \$475,000 based upon its evaluation of his personal performance and its objective to have his base salary keep pace with salaries

being paid to similarly situated chief executive officers. The Compensation Committee estimates that his 2005 base salary is at the 50th to 75th percentile of the salary levels paid to such other chief executive officers.

Mr. Pigliucci's total bonus potential for 2005 was \$237,500 (50% of base salary) at a 100% achievement rate of both personal and corporate goals. The actual bonus of \$75,000 was paid per the separation agreement between the Company and Mr. Pigliucci.

Acting CEO Compensation. In setting the compensation payable to the Company's acting Chief Executive Officer, Dr. Venuti, the Compensation Committee made no change to his compensation received as Chief Scientific Officer, due to the temporary nature of Dr. Venuti's assignment. An employment agreement between the Company and Dr. Venuti sets forth certain terms and conditions, including minimum compensation, governing Dr. Venuti's employment.

The Compensation Committee established Dr. Venuti's 2005 base salary of **\$351,500** and his total bonus potential for 2005 was **\$92,693** (35% of base salary, prorated for his partial year employment at approximately 75%) at a 100% achievement rate of both personal and corporate goals. The actual bonus of \$13,904, or 15% of total bonus potential, was paid based on the same guidelines applied to all other executive management participants in the Company's bonus program.

Compliance with Internal Revenue Code Section 162(m). Section 162(m) of the Internal Revenue Code disallows a tax deduction to publicly held companies for compensation paid to certain of their executive officers, to the extent that compensation exceeds \$1.0 million per covered officer in any fiscal year. The limitation applies only to compensation that is not considered to be performance-based. The non-performance based compensation paid in cash to the Company's executive officers for the 2005 fiscal year did not exceed the \$1.0 million limit per officer, and the Compensation Committee does not anticipate that the non-performance based compensation to be paid in cash to the Company's executive officers for fiscal 2006 will exceed that limit. The 2000 Stock Incentive Plan has been structured so that any compensation paid in connection with the exercise of option grants under that plan with an exercise price equal to the fair market value of the option shares on the grant date will qualify as performance-based compensation, and therefore will not be subject to the \$1.0 million limitation.

It is the opinion of the Compensation Committee that the executive compensation policies and plans provide the necessary total remuneration program to properly align the Company's performance and the interests of the Company's stockholders through the use of competitive and equitable executive compensation in a balanced and reasonable manner, for both the short- and long-term.

We conclude our report with the acknowledgement that no member of the Compensation Committee is a current officer or employee of the Company or any of its subsidiaries.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

On July 29, 2002, the Company loaned Taylor Crouch, our former President and Chief Operating Officer, \$300,000 against his full recourse non-interest bearing promissory note for mortgage assistance. The note was due and payable in full on July 29, 2007. The largest amount of indebtedness outstanding during the 2004 and 2005 fiscal years was \$300,000. The loan was paid in full in January 2005.

On January 18, 2005 the Company entered into a separation agreement with Taylor Crouch whereby Mr. Crouch's employment with the Company ended effective January 18, 2005 (the Separation Agreement). Pursuant to the terms of the Separation Agreement, Mr. Crouch received a lump sum payment of \$378,538 on January 28, 2005. Additionally, the balance owed totaling \$300,000 by Mr. Crouch pursuant to the promissory note made by Mr. Crouch to the Company, was reduced by the amount equivalent to the amount that Mr. Crouch could have earned from participation in the Company's incentive compensation plan for fiscal year 2004, of \$106,827, plus an amount equivalent to the sum of the fair market value, on January 18, 2005, of 21,250 shares of the Company Stock under a stock grant as if such stock grant had vested as to an additional 25% plus an amount equivalent to the fair market value, as of January 18, 2005, of 8,750 vested shares of the Company's Common Stock, less any applicable withholding taxes. Mr. Crouch paid the remaining balance in full. In addition, Mr. Crouch was provided an extension through January 18, 2006 to exercise any of his vested options.

On October 7, 2005, the Company entered into an Asset Purchase Agreement with IRORI Discovery, Inc., now known as Nexus Biosystems (Nexus), pursuant to which the Company agreed to sell certain assets and liabilities to Nexus, including the IRORI® chemical synthesis products, the Crystal Farm® automated protein crystallization products, and the Universal Store compound storage systems products for a purchase price of approximately \$1.9 million, inclusive of a purchase price adjustment. Nexus is a California company whose Chief Executive Officer, John Lillig, was previously the Chief Technology Officer, Vice President and General Manager, Discovery Systems for Discovery Partners. The sale price for the assets was effectively based on the total book value of the net assets and the cash cost of operations for the assets sold through the closing date. As of December 31, 2005, the Company had received \$1,736,610 in proceeds from Nexus for payment of the net assets.

On November 14, 2005 the Company entered into a separation agreement with Mr. Pigliucci whereby Mr. Pigliucci's employment with the Company ended effective November 14, 2005 (the Separation Agreement). Pursuant to the agreement, Mr. Pigliucci received a payment of \$475,000, which equals Mr. Pigliucci's current annual base salary, along with a bonus of \$75,000 for Mr. Pigliucci's service to the Company during 2005. The Company will also pay the monthly premiums for continued health insurance coverage under COBRA for Mr. Pigliucci for a period of twelve months from the effective date of his resignation, and the Company agreed to pay Mr. Pigliucci's legal expenses in connection with the separation agreement in an amount up to \$10,000. In addition, Mr. Pigliucci received partially accelerated vesting of one of his restricted stock grants, such that the grant was deemed vested as to 56,250 shares at the time of his resignation. Mr. Pigliucci is also entitled to receive an additional lump sum payment of \$475,000 in the event that the Company is acquired pursuant to a change of control transaction on or before June 30, 2006.

The Company has certain additional agreements with our directors and officers described under the caption Employment Contracts, Severance Agreements and Change of Control Arrangements.
