PROXY STATEMENT

Magnetek, Inc.'s Board of Directors solicits the enclosed proxy to give all of the Company's shareholders of record an opportunity to vote on the matters set forth in the preceding Notice of Annual Meeting of Shareholders. **The meeting will be held on Friday, November 2, 2007, at 10:00 a.m. Central Daylight Time, at Magnetek's Corporate Offices, N50 W13775 Overview Drive, Menomonee Falls, Wisconsin, 53051.** This Proxy Statement and the accompanying Proxy Card were first mailed to shareholders on or about September 17, 2007.

Voting Information

Who Can Vote: Voting rights are vested exclusively in holders of Magnetek, Inc.'s common stock, par value \$.01, who held stock as of the close of business on September 12, 2007 (the Record Date). As of the close of business on the Record Date, there were 30,534,694 shares of common stock outstanding. Shareholders are entitled to one vote for each share of common stock held on any matter that properly comes before the shareholders at the annual meeting.

Ways to Vote: Shareholders may vote in person at the annual meeting, by proxy, by telephone or via the Internet. To vote by proxy, simply mark the enclosed Proxy Card, date and sign it and return it in the postage-paid envelope provided. Doing so authorizes the individuals named as proxy holders on the Proxy Card to vote your shares according to your instructions. Proxy Cards that are signed and returned without voting instructions will be voted by the proxy holders in favor of each proposal. The proxy holders will vote at their discretion on other matters that properly come before the shareholders at the annual meeting. You may also vote via telephone or the Internet by simply following the instructions on the enclosed Proxy Card.

Revocation of Proxy. At any time before the meeting, you may revoke your proxy by (a) signing another Proxy Card with a later date and returning it prior to the meeting, (b) attending the meeting in person to cast your vote, or (c) casting your vote via telephone or the Internet on a date later than the date on your Proxy Card.

Quorum and Counting of Votes. To establish a quorum necessary to conduct business at the annual meeting, a majority of the outstanding shares of common stock must be represented. Votes may be cast in favor of the proposals, may be withheld, or you may abstain from voting on a particular item, except with respect to the election of Directors. Votes withheld from the election of any Director will be excluded entirely from the vote and will have no effect on the election. Directors are elected by a plurality of the votes cast and shares may not be voted cumulatively for the election of Directors. Abstentions will be counted as present for purposes of establishing a quorum with respect to the item on which the abstention is noted and will have the effect of a negative vote.

Broker non-votes occur when shares are held in street form through a broker or similar market intermediary rather than in the shareholder's own name. The broker or other intermediary is authorized to vote the shares on routine matters, such as the election of Directors, but may not vote on non-routine matters without the beneficial shareholder's express authorization. Broker non-votes are counted for purposes of determining the presence of a quorum for the election of Directors, but under Delaware law are not counted for purposes of determining the votes cast on any non-routine proposal.

Proposals. The following proposals will be submitted by the Company for a vote of the shareholders at this year's annual meeting.

Proposal 1: Election of Directors. Each current member of the Board of Directors is recommended for re-election to the Board and has agreed to stand for re-election. If elected, they will each serve a one-year term until the next annual meeting or until a successor is elected and qualified in the event that their services as a Director terminate prior to the next meeting of shareholders for some unforeseen reason. If unforeseen circumstances make it necessary for the Board of Directors to substitute another person in place of any of the below nominees, the proxy holders will vote shares cast in favor of that nominee for the substitute. Detailed information about each of the below-named nominees is provided in the section titled "Board of Directors" on pages 4 and 5 of this Proxy Statement:

Dewain K. Cross

Yon Yoon Jordan

Mitchell I. Quain

David P. Reiland

The Board of Directors unanimously recommends a vote FOR each of the nominees.

Proposal 2: Ratification of the Appointment of Independent Registered Public Accounting Firm. The Audit Committee of the Board of Directors has appointed Ernst & Young LLP to serve as Magnetek's independent registered public accounting firm for fiscal 2008. The Board has ratified the appointment. This proposal is submitted to the shareholders to verify their approval of this selection. If the appointment of Ernst & Young is not ratified by the shareholders, the Audit Committee will reconsider its selection but reserves the right to uphold the appointment.

The Board of Directors unanimously recommends a vote FOR approval and ratification of the appointment of Ernst & Young LLP to serve as the Company's independent registered public accounting firm for fiscal 2008.

Shareholder Proposals. No proposals were timely submitted for inclusion in the Proxy Statement for this annual meeting or for consideration at this meeting. No untimely proposals were submitted as of the date of this Proxy Statement. Any proposals received prior to the meeting will be voted by the proxy holders in the manner deemed appropriate by the Board of Directors.

Other Matters. Magnetek does not know of any business other than that described in the Notice of Annual Meeting and this Proxy Statement that will be presented for consideration or action by the shareholders at this annual meeting; however, any business that properly comes before the annual meeting will be voted by the proxy holders in the manner deemed appropriate by the Board.

Submission of Shareholder Proposals for 2008 Annual Meeting. Magnetek anticipates that next year's annual meeting of shareholders will take place on **October 29, 2008**. Any shareholder satisfying the Securities and Exchange Commission's requirements and wishing to submit a proposal to be included in the Proxy Statement for the 2008 annual meeting should submit the proposal in writing to the Vice President Legal Affairs of Magnetek, Inc at:

Edgar Filing: MAGNETEK, INC. - Form DEF 14A

Menomonee Falls, Wisconsin, 53051

The proposal must be received on or before **May 18, 2008**, to be considered timely submitted for inclusion in the Proxy Statement for the 2008 annual meeting. Magnetek's proxy holders reserve discretion to vote in the manner deemed appropriate by the Board of Directors with respect to timely filed proposals, provided that (1) Magnetek includes in its Proxy Statement for the 2008 annual meeting advice on the nature of the proposal and how Magnetek intends to exercise its voting discretion, and (2) the proponent of such proposal does not issue a separate proxy statement in respect of that proposal. Proposals that are not timely submitted for inclusion in the Proxy Statement for the 2008 annual meeting pursuant to the above

2

paragraph, must be submitted in writing to the Vice President Legal Affairs at the address in the above paragraph on or before **August 2, 2008** to be timely for consideration at the meeting.

Costs of Solicitation. Magnetek will pay the cost of preparing, printing and mailing materials in connection with this solicitation of proxies. Magnetek has retained D.F. King & Co, Inc. to solicit proxies at a cost of approximately \$8,500.00, plus reasonable out-of-pocket expenses. In addition to solicitation of proxies by use of the mail, D.F. King & Co., Inc. may, without additional compensation, solicit proxies personally, by telephone or by other appropriate means. Magnetek will request banks, brokerage firms and other custodians, nominees or fiduciaries holding shares of Magnetek's common stock for others to send proxy materials to, and to obtain proxies from, their principals, and Magnetek will reimburse them for reasonable expenses incurred in doing so upon request.

PROPOSAL NO. 2

RATIFICATION OF THE APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors has appointed Ernst & Young LLP to serve as Magnetek's independent registered public accounting firm for fiscal 2008. The Board has ratified the appointment. This proposal is submitted to the shareholders to verify their approval of this selection. If the appointment of Ernst & Young is not ratified by the shareholders, the Audit Committee will reconsider its selection but reserves the right to uphold the appointment.

A representative of Ernst & Young LLP is expected to attend the annual meeting and will be available to answer stockholders' questions or have the opportunity to make a statement if he or she wishes to do so.

Fees Paid to Ernst & Young LLP

The following table shows the aggregate fees billed to Magnetek for fiscal years 2007 and 2006 by Ernst & Young LLP, the Company's independent registered public accounting firm. All of the fees were approved by the Audit Committee in accordance with the pre-approval policy below.

Services Performed	2007	2006
Audit Fees(1)	\$ 707,400	\$ 1,281,700
Audit Related Fees(2)	6,100	77,400
Tax Fees(3)	0	24,500
All Other Fees	0	0
	\$ 715,507	\$ 1,385,606

Notes:

- (1) Includes fees billed for professional services rendered for the audits of the Company's consolidated financial statements and internal control over financial reporting and review of the interim consolidated financial statements included in quarterly reports and services in connection with statutory and regulatory filings or engagements.
- (2) Includes fees billed for assurance and related services that are reasonably related to the performance of the audit or review of the Company's consolidated financial statements and are not reported under Audit Fees. These services include employee benefit plan audits and consultations concerning financial accounting and reporting.
- (3) Includes fees billed for tax compliance and tax advice.

Independence of Registered Public Accounting Firm

The Audit Committee reviews annually a formal written statement from the independent registered public accounting firm disclosing all relationships between it and the Company, consistent with Independence Standards Board Standard No. 1. In addition, the Committee reviews and discusses whether non-audit services approved pursuant to the pre-approval procedure outlined below are compatible with maintaining independence. The Audit Committee determined that the performance of services described above other than audit services is compatible with maintaining the independence of Ernst & Young.

Pre-Approval Policy

The Audit Committee has adopted a formal pre-approval policy for all services provided by the Company's independent registered public accounting firm. The policy is reviewed annually by the Committee and modified, if appropriate, in accordance with, among other things, SEC rules and regulations. The policy combines the two approaches established by the SEC for pre-approving audit and non-audit services: (1) providing for pre-approval without consideration of specific pre-approved services, and (2) requiring explicit consideration and pre-approval of all other services to be provided by the independent registered public accounting firm and of any services exceeding pre-approved budgets. For both categories of services, the Audit Committee considers whether the proposed services are consistent with the SEC's rules on auditor independence. The Audit Committee reviews and pre-approves annually the list of services subject to pre-approval and all requests or applications for such services are submitted to the Company's Controller along with a detailed description of the services to be rendered. The Controller verifies whether a service is included within or excluded from the detailed description of services pre-approved by the Audit Committee and the Audit Committee is then timely informed of any such services rendered by the independent registered public accounting firm. Requests or applications to provide services that require specific approval of the Audit Committee are jointly submitted to the Committee by the independent registered public accounting firm and the Company's Chief Financial

Officer, and must include a joint statement as to whether, in their view, the request or application is consistent with the SEC's rules on auditor independence.

The Audit Committee has designated Magnetek's internal auditor to monitor the performance of all services provided by the independent registered public accounting firm and to determine whether such services are in compliance with this policy. The Company's internal auditor will report to the Audit Committee on a periodic basis on the results of the monitoring. Both the internal auditor and management will immediately report to the Chairman of the Audit Committee any breach of this policy that comes to their attention. The Audit Committee will also review the internal auditor's annual internal audit plan to determine that the plan provides for the monitoring of the independent registered public accounting firm's services.

The Audit Committee expects all of the work of the independent registered public accounting firm for fiscal year 2008 to be approved in accordance with the above policies and procedures.

The Board of Directors unanimously recommends a vote FOR approval and ratification of the appointment of Ernst & Young LLP to serve as the Company's independent registered public accounting firm for fiscal 2008.

CORPORATE GOVERNANCE PRINCIPLES

Magnetek's Board of Directors and management are committed to operating the Company in accordance with its long-standing governance principles and sound business practices. This fundamental framework provides the foundation from which the Board and management pursue long-term strategic objectives aligned with the interests of the Company's shareholders. Magnetek's corporate governance principles are reviewed annually by the Nominating and Governance Committee and any proposed changes are discussed with and recommended to the full Board for approval. Magnetek's governance principles are published on its website at www.magnetek.com in the Investor Relations section, under Corporate Governance, and are available in print to any shareholder that requests a copy from the Vice President Legal Affairs and Corporate Secretary at Magnetek, Inc., N49 W13650 Campbell Drive, Menomonee Falls, Wisconsin 53051.

Board Composition and Independence

Magnetek's Board of Directors currently consists of four members, each of whom is elected by the Company's shareholders to serve a one-year term until the next annual meeting of shareholders, absent any unforeseen circumstances. The guidelines for Board composition encourage a breadth of experience from a variety of industries and professional backgrounds. The Nominating and Governance Committee identifies potential candidates through professional search firms and referrals. Candidacy for Board membership requires the final approval of the full Board, based upon the recommendation of the Nominating and Governance Committee and the Chairman of the Board. Each year, the Board proposes a slate of nominees to the shareholders, who elect the members of the Board at the annual meeting. Shareholders may also propose nominees for consideration by the Nominating and Governance Committee by submitting the names and supporting information regarding proposed candidates to the Corporate Secretary in accordance with the procedure for submitting shareholder proposals set forth on page 2 of this Proxy Statement. Selected Directors are expected to meet the Company's well-defined governance criteria, including demonstration of the highest personal and professional ethics, integrity and values, and a commitment to representing the long-term interests of the Company's shareholders.

In accordance with the governance guidelines established by the New York Stock Exchange (NYSE) and the requirements of the Sarbanes-Oxley Act of 2002, the Board believes that a substantial majority of its members should be independent, non-employee Directors and has adopted criteria for establishing independence that meets or exceeds the requirements of the NYSE Corporate Governance Listing Standards. Each year, the Nominating and Governance Committee reviews the qualifications and

independence of each existing Board member and new candidates for membership, if any, prior to making recommendations for nominations to the Board for the following year, taking into account all relevant facts, circumstances and affiliations, direct or indirect, relationships, and related person transactions that might impact a member's independence from the Company and management. Based upon its most recent review of independence in July 2007, the Nominating and Governance Committee determined that all of the current Directors are independent under the NYSE Listing Standards and the Company's guidelines, except Mr. Reiland, who accepted the appointment to serve as President and Chief Executive Officer of the Company effective November 1, 2006.

Recognizing the value of long-term experience, the Company does not have a mandatory retirement policy for its Directors. The Company does, however, require non-employee Directors to offer their resignation whenever their principal employment or affiliation changes after joining the Board or whenever there is a material change in their personal circumstances. The Nominating and Governance Committee then evaluates the changed circumstance and its impact on the Board member's ability to continue effectively contributing to the oversight of the Company's management and makes a recommendation to the Board on whether the member should continue to serve. The final decision, based upon the Committee's recommendation, is made by the Board.

Board Responsibilities

Board members are expected to devote sufficient time and attention to carrying out their duties and responsibilities and to ensure that their other responsibilities, including service on other boards, do not interfere with their responsibilities as a member of Magnetek's Board of Directors. Directors are expected to prepare for and attend all Board meetings and meetings of Committees to which they are assigned. Board members also attend the annual shareholders' meetings if they are able to do so. The Company schedules Board meetings once each quarter and calls special and telephonic meetings when required. Last year, the Company held four regularly scheduled quarterly meetings, and six telephonic meetings. All of the Directors attended at least 75% of the meetings. Ms. Jordan and Messrs. Reiland, Quain and Cross attended the 2006 annual shareholders' meeting.

A master Board meeting agenda and agendas for each of the Committees are prepared each year to cover recurring items and are submitted to the Chairman of the Board and to the Committees for review and approval. Proposed meeting agendas are submitted to the Chairman of the Board and the Committee Chairmen prior to each scheduled meeting to enable the Chairmen to revise the agenda and add additional topics for discussion, as appropriate. Materials relevant to the topics to be discussed are distributed prior to meetings and Directors are expected to review the materials and prepare for meetings in advance. At each quarterly meeting, the Board participates in focused discussions of the Company's quarterly performance and key issues affecting the Company. The Board formally reviews and discusses the Company's business plan for the next year and its longer-term strategic objectives, as well as its succession plan, at least once a year.

Executive sessions with only independent Directors occur during each quarterly meeting, at the end of special and telephonic meetings at the discretion of the Board and at any other time deemed appropriate by the Board. The executive sessions are chaired by Mr. Quain, Chairman of the Board, who is an independent director. At least annually, the independent Directors meet formally in executive session to evaluate the Chief Executive Officer's past year's performance and to discuss and establish performance objectives for the next fiscal year.

All of the Directors participate in an annual evaluation of the Board's effectiveness. Committee members also evaluate the effectiveness of the Committees on which they serve.

The Board, and each Committee, is authorized to engage independent outside financial, legal and other consultants as they deem necessary or appropriate. Directors also have full access to management.

Committee responsibilities are detailed in each Committee charter and reports of Committee meetings are given to the full Board at each quarterly meeting so that the Board may act upon recommendations of the Committees and ratify their actions, as appropriate.

Alignment with Shareholder Interests

Directors are expected to represent the interests of all shareholders. As described in the Director Compensation section on pages 31 and 32 of this Proxy Statement, all or a substantial portion of each Director's compensation is linked to the Company's stock performance and to the long-term interests of the Company's shareholders. Directors are required to accept their annual Board and Committee Chairmanship retainer fees in phantom shares of the Company's common stock, and may elect to receive their meeting fees in phantom shares of common stock or cash. Currently, all of the Directors receive all of their compensation, including meeting fees, in phantom shares of common stock. The phantom stock is held in a rabbi trust and is not distributed until January of the year following the termination of a Director's service on the Board. The Company does not have stock ownership requirements for its Directors because they all hold a substantial equity interest in the Company due to the requirements of the Directors' compensation plan.

Senior management meets regularly with institutional investors and shareholders and reports to the Board on analyst and shareholder views of the Company.

Communications With the Board

Shareholders and interested parties who wish to communicate with the Board of Directors or the non-management Directors may do so in writing, addressed to the Chairman of the Board, c/o Vice President Legal Affairs, Magnetek, Inc., N49 W13650 Campbell Drive, Menomonee Falls, Wisconsin, 53051.

The Board of Directors has instructed the Vice President Legal Affairs to distribute communications to the Chairman after determining whether the communication is appropriate for the duties and responsibilities of the Board. The Vice President Legal Affairs does not forward general surveys and mailings to solicit business, advertise products, resumes, product inquiries or complaints, sales communications or other communications that do not relate to the responsibilities of the Board.

Code of Conduct and Reporting of Ethical Concerns

Magnetek has adopted a Code of Conduct applicable to all of its employees and officers, including the Chief Executive Officer, Chief Financial Officer and principal accounting officer, and directors. COMPENSATION DISCUSSION AND ANALYSIS

Overview

The Compensation Committee of the Board of Directors (the "Compensation Committee" or "Committee") is tasked with discharging the Board of Directors' responsibilities related to oversight of the compensation of our directors and officers and ensuring that our executive compensation program meets our corporate objectives. Our executive compensation program is administered by management in accordance with the policies developed by the Committee. The discussion and analysis below is designed to assist in understanding the objectives of our executive compensation program, the different components of compensation paid to our named executive officers ("Named Officers") and the basis for our compensation decisions. Our Named Officers include David P. Reiland, President and Chief Executive Officer ("CEO"), Marty J. Schwenner, our Vice President and Chief Financial Officer ("CFO"), and our three other most highly compensated executive officers other than the CEO and CFO, Peter M. McCormick, Executive Vice President and Chief Operating Officer, Ryan D. Gile, Vice President and Corporate Controller and Jolene L. Shellman, Vice President Legal Affairs and Corporate Secretary. For fiscal year 2007, two former Executive Officers are also included in our Named Officers group. In addition to our Named Officers, other key employees of the Company participate in our executive compensation programs at varying levels based upon their job responsibilities and their impact on Company performance and goal achievement. This discussion and analysis should be read together with the compensation tables provided in this Proxy Statement.

The agenda for each meeting of the Compensation Committee is prepared and approved by the chairman of the Committee in advance of the meeting. The chairman of the Committee may, but is not required to, invite members of management to attend portions of meetings as deemed appropriate. The CEO and our Director of Corporate Human Relations typically attend Committee meetings, but do not attend executive sessions unless invited by the Committee for a specific purpose. None of our Named Officers are members of the Committee.

Executive Compensation Program Objectives

The Committee believes that executive compensation should be directly linked to Company performance and increased shareholder value. The objectives of the Committee regarding our executive compensation program include:

- Providing a competitive total compensation package that enables us to attract and retain key personnel;
- Motivating performance to achieve objectives by providing short-term compensation opportunities directly linked to Company objectives;
- Providing long-term compensation opportunities, primarily through equity awards, that align executive compensation with value received by our shareholders; and
- Promoting ownership of our stock by our executives in order to align the goals of our executives more closely with our goals and those of our shareholders.

These objectives are implemented by the Committee through our executive compensation program, which is comprised of three primary elements:

- Base salary
- Short-term incentive compensation
- Long-term compensation

Other secondary elements include retirement benefits, other benefits and perquisites and change of control agreements.

The Committee believes that both short-term and long-term incentive compensation should reflect the performance of the Company as well as the individual contribution of each executive. Salary and bonus payments are primarily designed to reward current and past performance, recognizing that the primary goal of the Company and the Compensation Committee is to create long-term value for shareholders. The principal tool used to achieve the long-term incentive goal is the periodic grant of stock options and other equity awards to Named Officers and key employees. Equity is awarded to provide incentives for superior long-term future performance, as well as to reward exemplary past performance and as a tool for hiring and retention of Named Officers and key employees. Equity awards are directly linked to shareholders interests because the potential value of the awards is directly related to the price of the Company's common stock.

The Committee believes that executive compensation should reflect the scope of the individual's responsibilities, the Company's performance and the contribution of each executive to the Company's success. Market competitiveness and equitable principles are central elements of the Committee's compensation policies. The aggregate compensation of the Company's executives, whether cash or equity based, is evaluated by comparison to that of executives at similar-sized companies in related industries who hold the same positions or have substantially similar levels of responsibility, as well as by comparison to other executives within the Company who have comparable levels of responsibility. To evaluate the competitiveness of the Company's compensation programs, the Committee reviews publicly disclosed compensation information of the similar-sized companies in related industries, as well as broad-based compensation surveys of other manufacturing or electronic equipment companies of similar size and performance within the same geographical regions.

The Committee has the flexibility to use these elements, along with discretionary benefits and perquisites, in proportions that will most effectively accomplish its objectives. For instance, the Committee may decide to realign the total compensation package to place greater emphasis on annual or long-term incentive compensation, depending on the focus of the business.

In establishing compensation plans for the Company, the Committee:

- Reviews with management the cost and competitiveness of our cash and other compensation policies for all of our employees;
- Ensures that our compensation policies align with our corporate objectives;
- Reviews the performance of our executives and all components of their compensation;
- Evaluates the effectiveness of our overall executive compensation program periodically; and
- Reviews and approves our stock and bonus plans and, within the terms of the respective stock plan, determines the terms and conditions of issuances thereunder.

In addition, our Compensation Committee annually reviews and approves our corporate goals and objectives, evaluates our CEO's compensation in light of such goals and objectives, and has the sole authority to set the CEO's compensation based on this evaluation. Our CEO reviews the compensation of our other Named Officers and makes compensation recommendations to our Compensation Committee for their review and approval. Our CEO considers the Named Officer's qualifications, experience, length of service, scope of responsibilities, and past performance, as well as compensation surveys and competitive pay practices in establishing compensation for our other Named Officers.

Each of the elements of our executive compensation program is discussed in more detail below.

Elements of Executive Compensation

Edgar Filing: MAGNETEK, INC. - Form DEF 14A

As described earlier, the aggregate compensation paid to our executives is comprised of three primary components: base salary, annual incentive compensation and long-term compensation. We believe that each element of our executive compensation program helps us to achieve one or more of our compensation objectives. The table below lists each material element of our executive compensation program, the compensation objective or objectives that it is designed to achieve, and the characteristics of each compensation element.

Element	Purpose	Characteristics
Base salary	To attract and retain qualified executives; fixed rate of pay for an individual's skills, experience and performance.	Not at risk; eligible for annual merit increases and adjustment for changes in job scope
Short-term incentives	To attract and retain qualified executives; to motivate and reward achievement of annual Company goals	At risk; performance-based cash award; amount earned will vary based on actual results achieved relative to target results
Long-term incentives	To align interests of executives with shareholders; to reward stock price appreciation over time	Majority is performance-based; amount realized will depend upon stock price performance.

19

Retirement benefits	To attract and retain qualified executives; to encourage long service with the Company	Both fixed and variable aspects; defined contribution amounts vary based on contributions and asset returns.
Other benefits and perquisites	To attract and retain qualified executives	Not at risk; costs generally fixed
Change of Control (COC)	To attract and retain qualified executives; to provide continuity of leadership team leading up to and after a change of control	Contingent compensation; provides for continued employment upon a COC and severance benefits if an executive's employment is terminated following a COC.

The Committee believes that it is important that a significant portion of our Named Officers' compensation is linked to our future performance in order to maximize shareholder value. Accordingly, aggregate compensation paid to our Named Officers is heavily weighted towards annual incentive and long-term compensation, both of which are at risk if we do not achieve our operating and strategic objectives. This strategy reflects our pay-for-performance philosophy. For purposes of this discussion, both the short-term incentive compensation and long-term incentive compensation related to stock option awards are considered at risk.

The Committee has the right to retain the services of outside consultants to assist with and make recommendations regarding executive compensation levels, practices and programs. No outside consultants were retained in fiscal 2007. Additional detail regarding each pay element of our executive compensation program is presented below.

Base Salary

The Committee approves base salary amounts for our Named Officers based upon a number of factors, including the executive's position, experience and performance (particularly over the past year, if applicable), as well as competitive market data and retention concerns. Base salaries are paid on a current, or cash, basis, and are reviewed annually with adjustments, if any, based upon the recent performance of the Company, budgets for base salary expense in the Company's operating plan, salary survey comparisons provided by outside consulting firms, the executives' individual performance and, for Named Officers other than the CEO, the recommendation of the CEO.

For fiscal 2007, the Committee considered the compensation levels of executives at peer companies listed in the performance graph and chart in the 2006 proxy statement who held the same positions or have substantially similar levels of responsibility. The Committee also reviewed the Watson Wyatt Survey for manufacturing and durable goods companies of similar sales size. No adjustments were made to base salary levels for Named Officers at the Committee's July 2006 meeting.

Following the sale of the Company's Power Electronics Group business on October 26, 2006, the Company's business was restructured, its corporate headquarters was moved to Wisconsin, and there were several changes in its executive leadership. In January 2007, the Compensation Committee increased the base salary of the two individuals who were promoted to the positions of CFO and Controller. The base salary paid to each Named Officer in fiscal 2007 is the amount reported for such officer in the Salary column of the Summary Compensation Table on page 26.

The Committee reviewed the base salary levels for fiscal year 2008 at its meeting in July 2007. Based on the smaller size and changed business operations of the Company, a revised group of peer companies was used for compensation evaluation purposes, including C&D Technologies, Inc., Chase Corporation, Flanders Corporation, LaBarge, Inc., Preformed Line Products Co., and SatCon Technology Corporation. The Committee also reviewed the Watson Wyatt Survey and the salary data of a Wisconsin based consulting group, MRA. The Committee did not make any changes to the salary levels of the Named Officers for fiscal year 2008.

Short-term Incentive Annual Compensation

Annual incentive compensation is a key component of the Committee's pay-for-performance philosophy. The Management Incentive Compensation Plan (MICP) is a bonus plan that rewards eligible participants for achievement of predetermined target performance, providing incentives to our Named Officers and key employees to maximize shareholder value. The Committee established bonus tiers for fiscal 2007 tied to operating profit and net sales targets for the year. Target performance levels (100% achievement) reflect our corporate outlook and are intended to be reasonably attainable, taking into account market conditions and industry trends. The Committee considers the top tier a significant, meaningful and realistic challenge to the management team to increase our operating results. The threshold tier requires that we achieve minimally acceptable operating profit and sales growth and is more likely to be attained.

Fiscal 2007 incentive objectives are tied 75% to operating profit and 25% to sales growth. The operating profit objective is based on achievement of the fiscal 2007 annual operating plan. The operating profit threshold begins at achievement of 91% of plan operating profit with target performance and bonus target payout at 100% achievement of plan operating profit. The sales growth objective is based on year-over-year sales growth, with the threshold at 1% year-over-year growth increasing to 100% achievement at 10% year-over-year sales growth. There is an additional opportunity to earn up to a maximum of two times the bonus target payout amount in the event that actual operating profit achievement is 150% of plan operating profit for fiscal 2007, and actual year-over-year sales growth is 20%.

The Compensation Committee does not use discretion to pay awards under the MICP that would not have otherwise been earned. The MICP does, however, allow the Committee to apply discretion in considering potential adjustments (e.g., certain accounting charges such as non-recurring restructuring and relocation costs) presented by management in order to assess the operating performance of continuing operations. In practice, the Committee has historically made a limited number of adjustments, which, for awards to be earned by participants during a given year, must be determined no later than the Committee's July meeting.

MICP participants are divided into several classifications, which had target incentive award levels ranging from 15% to 100% of base salary in fiscal 2007. Participants' classification is commensurate with what we believe is the relative impact a participant can have on the Company's performance. The fiscal 2007 target annual incentive award percentages assigned to the Company's Named Officers ranged from 35% to 100%. Earned awards, if any, are fully paid out in cash after the end of the fiscal year.

For fiscal 2007, the performance of the Company resulted in MICP payouts ranging from 8% to 125% of respective award targets. The average payout among the Named Officers for fiscal 2007 performance was 39%. The actual award payouts for the Named Officers are presented in the Summary Compensation Table, in the column Non-Equity Incentive Plan Compensation. Two of the Named Officers received discretionary performance based bonus awards, which are reflected in the Bonus column. The possible dollar range of the fiscal 2007 annual incentive awards, including threshold, target and maximum awards, by Named Officer, is presented in the Grants of Plan-Based Awards table on page 27.

In January 2007, the Committee approved a proposed bonus arrangement for Mr. Reiland in connection with his recent promotion to President and CEO. The incentive bonus agreement provides four quarterly cash bonus payments with a value equal to 6,250 shares of common stock of the Company for twelve quarters commencing on March 31, 2007. The bonus payments are deferred under the Amended and Restated Director and Officer Compensation and Deferral Investment Plan. Effective upon his election as President and CEO, the target incentive award under the MICP was increased to 100% for Mr. Reiland.

Fiscal 2008 incentive objectives were established by the Compensation Committee in July 2007. The MICP focuses leadership attention on operating measures that will achieve planned operating profit dollars (80%) and sales (20%).

Long-Term Incentives Equity Compensation

The Compensation Committee believes that a significant component of the compensation paid to our executives over the long-term should be derived from stock-based compensation. The Committee determines the type of equity awards that are to be granted, which have historically been grants of restricted stock or stock options under our stock incentive plans. We believe that stock price appreciation and stock ownership in the Company are a valuable incentive to our executives and that grants of restricted stock and stock options to them serves to further align their interests with the interests of our shareholders as a whole and encourages our executives to manage the Company in its best long-term interests.

Stock Options. Stock options align executives' interests with those of shareholders, as options only have realizable value if the share price of Magnetek stock increases relative to the grant, or exercise, price. The Compensation Committee determines, on a discretionary basis, whether to grant stock options, as well as the amount of shares of common stock subject to, and the terms of, the grants, based on a key employee's position within the Company.

Historically, stock options have been granted annually. Stock options have not been granted on set dates, but rather were generally granted at the Compensation Committee's meeting held in July of each year, except in the case of our non-employee directors, new hires, promotions or other special situations. Our non-employee directors are granted equity awards annually on the last business day of the Company's fiscal year end.

Stock options granted to key employees during fiscal 2007 have the following terms:

- The exercise price of the option is the closing trading price on the grant date.
- The option grants vest annually in 25% increments beginning on the first anniversary of the grant date and continuing on each subsequent anniversary until the fourth anniversary.
- The option grant expires 10 years from the grant date.

Restricted Stock. Restricted stock is granted to executives to facilitate retention and, for newly hired executives, recruitment. During fiscal 2007, the Compensation Committee made restricted stock grant awards to the individuals who were promoted to the positions of Chief Operating Officer, Chief Financial Officer and Controller. The restrictions on the restricted stock awards granted to the Named Officers in fiscal 2007 lapse on January 5, 2010. The restrictions generally provide that, unless the Compensation Committee in its discretion determines otherwise, during the term of the restrictions the shares may not be sold or otherwise transferred, and the shares will be immediately forfeited in the event of the executive's termination of employment for any reason other than death, disability or retirement.

The aggregate amount, as determined under FAS No. 123R, recognized for purposes of our financial statements for 2007 with respect to outstanding options and restricted stock awards granted to our Named Officers is shown in the "Stock Awards" and "Option Awards" columns of the Summary Compensation

Table on page 26. The grant date value of the options and restricted stock awarded to the Named Officers in 2007 as determined under FAS No. 123R for purposes of our financial statements is shown in the Grant Date Fair Market Value of Stock and Options Awards column of the Grants of Plan-Based Awards Table on page 27. The ultimate value, if any, of stock option and restricted stock grants which will be realized is not determinable at the date of grant.

Other. As disclosed in the Company's Proxy Statement for the 2006 annual meeting of shareholders, Mr. Boren received an award of 200,000 shares of common stock which shares were deferred pursuant to the terms of the Amended and Restated Director and Officer Compensation and Deferral Plan. A stock certificate for those shares was issued in January 2007 following his resignation as CEO.

Retirement Benefits

The Company maintains the Magnetek FlexCare Plus Retirement Pension Plan (the Retirement Plan), a defined benefit pension plan that covers certain employees. Effective October 29, 2002, the Retirement Plan was frozen with respect to new participants and effective June 30, 2003, the Retirement Plan was frozen with respect to existing participants.

Although the Retirement Plan is a defined benefit plan, each non-union participating employee's accrued benefit is determined by the cash balance credited to the employee's retirement account prior to June 30, 2003. The accounts are maintained for bookkeeping purposes only. After June 30, 2003, the date the Retirement Plan was frozen with respect to existing participants, compensation-based account credits were discontinued.

In fiscal 2007, Messrs. Reiland, McCormick and Schwenner were entitled to pension benefits under the Retirement Plan, and Mr. Levran received a lump sum early retirement distribution in the amount of \$152,652 in connection with the termination of his employment. We provide defined benefit pensions to the above Named Officers because we provide similar benefits to most of our U.S. employees who were employed by the Company for a consecutive five year period before October 29, 2002.

All of our Named Officers participate in the Magnetek Flexcare Plus Retirement Savings Plan (the Savings Plan). Under the Savings Plan, a 401k tax-qualified retirement savings plan, participating employees may contribute up to 16% of base salary on a pre-tax basis and up to 10% on an after-tax basis, up to a combined total of 20% of base salary or the IRS limit, whichever is lower. The Company matches up to 50% of the first 6% of pre-tax contributions. All of our Named Officers receive this Company contribution.

In addition, Named Officers can participate in the Amended and Restated Director and Officer Compensation and Deferral Investment Plan (the Deferral Plan). The primary purposes of the Deferral Plan are (i) to provide Directors with the opportunity to defer voluntarily a portion of their Director's Fees (as defined below), subject to the terms of the Deferral Plan, (ii) to provide key executives, including the Named Officers, with the opportunity to defer voluntarily a portion of their compensation, subject to the terms of the Deferral Plan and (iii) to encourage ownership of common stock by Directors and Named Officers and thereby align their interests more closely with the interests of the shareholders of the Company. We believe that the Deferral Plan enhances our ability to attract and retain qualified Directors and executives.

Other Benefits and Perquisites

Our Named Officers also either participate or are eligible to participate in our other benefit plans and programs on the same terms as other employees. In addition to the retirement plans described above, these plans include our medical and dental insurance, term life insurance, short-term disability insurance, long-term disability insurance and paid time-off plan. In addition, we provide certain of our Named

Officers with perquisites that we believe are reasonable and competitive, and help us to hire and retain qualified executives. The value of other benefits and perquisites, in total and itemized, provided in 2007 are presented in the Summary Compensation Table and All Other Compensation Table on pages 26 and 27.

Employment, Change of Control and Other Agreements

We entered into agreements with certain of our Named Officers that provide for the payment of severance benefits upon change of control, provided the Named Officer is terminated within a certain period of time following such change of control. Severance payments made to these Named Officers, when they are terminated without cause generally include (i) payment of one and one-half times the sum of their annual salary and the amount of their target bonus for the year, (ii) immediate vesting of all unvested stock options which then become exercisable for one year; (iii) immediate vesting of all unvested restricted stock which becomes free of all contractual restrictions; and (iv) continued health and dental benefits for 18 months or until he or she receives benefits from another employer. We believe these employment agreements are a fair reward for hard work and value creation, assist us in retaining these executives, and provide incentives for them to remain with us during periods of uncertainty at the end of which such executives may not be retained. The Named Officers with change of control agreements, as well as the value of potential payments upon a change in control, are presented in the Change in Control Table on page 31. The change of control agreements do not provide benefits if employment is terminated for cause, death or disability or if employment is voluntarily terminated by the Named Officer without good reason as defined in the change of control agreement.

During fiscal 2007, the Compensation Committee modified the change of control agreements to include a gross up payment in the event an excise tax was owed by the executive under Internal Revenue Code regulations. The Committee also approved a severance plan for certain corporate officers affected by the sale of the Company's PEG business, which plan was consistent with past practices and the intent of change of control agreements which were not triggered by such sale. The severance plan included a severance benefit equal to 12 months of salary, the target bonus under the MICP, continuation of medical and dental coverage, immediate vesting of restricted stock awards, and 1 year to exercise vested stock options. Pursuant to this severance plan, Mr. Levran received payments in the amount of \$608,750, as reflected in the All Other Compensation column of the Summary Compensation Table and the All Other Compensation Table.

Mr. Boren had an Employment Agreement with the Company, entered into on May 9, 2005, under which he was entitled to a base salary of \$250,000, plus discretionary bonuses, and a grant of 240,000 incentive stock units as an employment inducement award. The incentive stock units vested on June 23, 2005 and were paid in 240,000 shares of common stock six months after his termination of employment. Upon his resignation as President and Chief Executive Officer of the Company in October 2006, Mr. Boren received a lump-sum cash payout in the amount equal to his base salary in effect as of the date he resigned, multiplied by the number of months remaining in the term of his employment agreement, which expired on May 8, 2007. In addition, all of Mr. Boren's unvested stock options were vested and the option exercise periods were extended to December 14, 2007.

Stock Ownership Guidelines

We do not have formal guidelines for the level of stock ownership in our Company by our Named Officers and Directors.

Tax Policy

Section 162(m) of the Internal Revenue Code limits our deductibility of cash compensation in excess of \$1 million paid to the CEO and the four highest compensated executive officers during any taxable year, unless such compensation meets certain requirements. Total cash compensation is within \$1 million for all Named Officers for fiscal 2007 and therefore all compensation should be deductible by us. The Compensation Committee has considered and will continue to consider deductibility in structuring compensation arrangements. However, the Committee retains discretion to provide compensation arrangements that it believes are consistent with the goals described above and in the best interests of the Company and our shareholders, even if those arrangements are not fully deductible under Section 162(m).

Our cash bonuses are intended to comply with the rules under Section 162(m) for treatment as performance-based compensation. Therefore, we should be allowed to deduct compensation related to cash bonuses.

If payments to any of our Named Officers are determined to be excess parachute payments under section 280G of the Internal Revenue Code and are subject to an excise tax, we will pay the affected Named Officer's excise tax, and make needed gross up payments, so that the Named Officer is in the same position he or she would have been in had the excise tax not been assessed. The excise tax is sometimes assessed on payments made to certain individuals in connection with a change in control of the Company, when the payments are unusually large when compared with the individual's historic pay. The tax can be assessed on accelerated vesting of equity awards, and on certain severance payments made to the individual if the individual is terminated after a change in control. If we undergo a change in control at a share value high enough to subject our Named Officers to this excise tax, then our Named Officers have acted in the best interests of our shareholders, possibly at their own personal expense. We have agreed to gross up our Named Officers for any such exercise taxes because we believe the Named Officers should be entitled to the full economic benefit of the payments they would otherwise receive, even though we would not be able to take a tax deduction on those gross up payments.
