Based on the completion of assessment of these years, the Company reviewed the adequacy of the previously established tax exposure reserves with respect to these years and re-measured the established tax positions for the latter years based on the experience gained from the tax examination. Accordingly, the following amounts have been included in the income statement for the fiscal year ended December 31, 2009 as a change in estimate:

	Year ended 31 December 2010	Year ended 31 December 2009
Reduction of accrual for payroll taxes (1)

The company has, therefore, reversed the tax exposure reserves for taxes and interest pertaining to the US branch of the Company for the year ended March 2006. Accordingly, the following amounts have been included in the income statement for the year ended 31 December 2009:

	Year ended 31 December 2010	Year ended 31 December 2009
Reversal of interest expense (i)		(12)

- (6) In December 2008, the Company received a demand of approximately ₹ 4,590 for the Assessment Year 2003-04 including an interest demand of ₹ 2,590 (\$ 103 including an interest demand of approximately \$ 58) and another demand in January 2009 of approximately ₹ 11,330 for the Assessment Year 2005-06 including an interest demand of approximately ₹ 4,230 (\$ 253 including an interest demand of approximately \$ 95). These demands concern the same issue of disallowance of tax benefits under Section 10A of the Indian Income Tax Act, 1961 (ACT) as per earlier assessments. Subsequently, in June 2010, the Company has filed an further extension for stay of demand.

As per stay of demand order, till December 2010, the Company has paid sum of ₹ 660 (\$ 15) for the Assessment Year 2003-04 and ₹ 2,390 (\$ 53) for the Assessment Year 2005-06 in respect of the matters under appeal. Management considers these demands as not tenable against the Company, and therefore no provision for this tax contingency has been established.

The tax department had earlier rejected the Company's claim under section 10A of the Act and raised a demand of approximately ₹ 6,300 (\$ 141 including an interest demand of approximately \$ 42) for Assessment Year 2004-05 and ₹ 2,620 (\$ 59 including an interest demand of approximately \$ 31) for Assessment Year 2002-03 in December 2006 and December 2007, respectively. However on appeal, in 2008 the CIT (Appeals) had allowed the claim in favour of the Company under section 10A of the Act. The Indian Income tax department has appealed against the CIT (Appeals) orders in respect of Assessment Year 2002-03 and 2004-05 in the Indian Income Tax Appellate Tribunal. Management considers these demands as not tenable against the Company, and therefore no provision for this tax contingency has been established.

In November 2010, the Company has received demand order for Assessment Year 2006-07 for a sum of ₹ 12,620 including an interest demand of ₹ 4,420 (\$ 282 including an interest demand approximately \$ 99) disallowing tax benefits under Section 10A of the Act as per the earlier assessments, as well as making a Transfer Pricing Adjustment for the Company's BPO operations. The Company has filed the appeal before the Indian Income Tax Appellate Tribunal and also filed an appeal for the stay of demand with the tax department. Management considers these disallowances as not tenable against the Company, and therefore no provision for this tax contingency has been established.

In December 2010, the Income tax department has issued draft assessment order for Assessment Year 2007-08 disallowing tax benefits under Section 10A of the Act as per the earlier assessments, as well as making a Transfer Pricing Adjustment for delayed recoveries from Associate's Enterprises. The Company has filed the objections against the draft order before the Dispute Resolution Panel (DRP) newly set up under the Income Tax Act, 1961. Management considers these disallowances as not tenable against the Company, and therefore no provision for this tax contingency has been established.

Certain other income tax related legal proceedings are pending against the Company. Potential liabilities, if any, have been adequately provided for, and the Company does not currently estimate any incremental liability in respect of these proceedings. Additionally, the Company is also involved in lawsuits and claims which arise in ordinary course of business. There are no such matters pending that the Company expects to be material in relation to its business.

(11) In December 2008, the Company received a demand of approximately ₹ 4,587 for the Assessment Year 2003-04 including an interest demand of ₹ 2,586 and another demand in January 2009 of approximately ₹ 11,330 for the Assessment Year 2005-06 including an interest demand of approximately ₹ 4,225. These new demands concerns the same issue of disallowance of tax benefits under Section 10A of the Indian Income Tax Act, 1961(ACT) as per earlier assessments. Subsequently, in June 2010, the Company has filed an extension for stay of demand. Potential liabilities, if any, have been adequately provided for, and the Company does not currently estimate any incremental liability in respect of these proceedings. Additionally, the Company is also involved in lawsuits and claims which arise in ordinary course of business. 5 In December 2008, the Company received a demand of approximately ₹ 4,587 for the Assessment Year 2003-04 including an interest demand of ₹ 2,586 and another demand in January 2009 of approximately ₹ 11,330 for the Assessment Year 2005-06 including an interest demand of approximately ₹ 4,225. These new demands concerns the same issue of disallowance of tax benefits under Section 10A of the Indian Income Tax Act, 1961(ACT) as per earlier assessments. Subsequently, in June 2010, the Company has filed an extension for stay of demand. As per stay of demand order, till December 2010, the Company has paid sum of ₹ 660 for the Assessment Year 2003-04 and ₹ 2,391 for the Assessment Year 2005-06 as regards the matter under appeal. Management considers these demands as not tenable against the Company, and therefore no provision for this tax contingency has been established.

The Tax department had earlier rejected the Company's claim under section 10A and raised a demand of ₹ 6,302 for Assessment Year 2004-05 and ₹ 2,617 for Assessment Year 2002-03 in December 2006 and December 2007 respectively. However, on appeal in 2008, the CIT (Appeals) had allowed the claim under section 10A of the Income Tax Act, 1961. The Indian Income tax department has appealed against the CIT (Appeals) orders in respect of Assessment Year 2002-03 and 2004-05 in the tribunal. Management considers these demands as not tenable

against the Company and therefore, no provision for this tax contingency has been established.

In November 2010, the Company has received demand order for Assessment Year 2006-07 for a sum of ₹ 12,618 including an interest demand of ₹ 4,417 disallowing tax benefits under Section 10A of the Act as per the earlier assessments, as well as making a Transfer Pricing Adjustment for the Company's BPO operations. The Company has filed the appeal before the Indian Income Tax Appellate Tribunal and also filed an appeal for the stay of demand with the tax department. Management considers these disallowances as not tenable against the Company, and therefore no provision for this tax contingency has been established.

In December 2010, the Income tax department has issued draft assessment order for Assessment Year 2007-08 disallowing tax benefits under Section 10A of the Act as per the earlier assessments, as well as making a Transfer Pricing Adjustment for delayed recoveries from Associate Enterprises. The Company has filed the objections against the draft order before the Dispute Resolution Panel (DRP) newly set up under the Income Tax Act, 1961. Management considers these disallowances as not tenable against the Company, and therefore no provision for this tax contingency has been established.

Certain other income tax related legal proceedings are pending against the Company. Potential liabilities, if any, have been adequately provided for, and the Company does not currently estimate any incremental liability in respect of these proceedings. Additionally, the Company is also involved in lawsuits and claims which arise in ordinary course of business. There are no such matters pending that the Company expects to be material in relation to its business.

6 The Company's Board of Directors approved special interim dividend of ₹ 63 per equity share of ₹ 2 each in their meeting held on 13 August 2010. The record date for the purpose of payment of special interim dividend was fixed as 31 August 2010.
