ANNUAL GENERAL MEETING OF SHAREHOLDERS

PORTUGAL TELECOM, SGPS S.A.

27 April 2012

PROPOSAL OF THE BOARD OF DIRECTORS

ITEM 7 ON THE AGENDA:

(To resolve on the acquisition and disposal of own shares)

Whereas:

A) It is convenient for the Company to be able to continue to make use, under general terms, of the possibilities inherent to the acquisition and disposal of own shares;

B) That same interest exists with regard to dependent companies, which may notably be bound under their own issuances of securities to acquire or dispose of shares of the Company, which, without prejudice to the provisions of number 3 of article 319 of the Portuguese Companies Code, it is also convenient to provide for;

C) Regulation (EC) no. 2273/2003 of the Commission of 22 December 2003 established a special system of rules containing exemption requirements from the general regime governing market abuse for certain share buyback programmes, which requirements it is advisable to take into account even in the case of acquisitions not within the scope of the programmes covered by those regulations;

We propose that it be resolved:

1) To approve the acquisition by the Company, or by any dependent companies, present or future, of own shares, including any rights to the acquisition or allocation thereof, subject to a decision by the management body of the acquiring company, and under the following terms:

Edgar Filing: PORTUGAL TELECOM SGPS SA - Form 6-K

a) Maximum number of shares to be acquired: Up to a limit equivalent to 10% of the share capital, deducting any disposals made, without prejudice to such quantity as may be required for compliance with the acquirer's obligations under law, contract or issuances of securities, or arising from any contractual obligation to implement a Company's stock option plan, subject, if applicable, to subsequent disposal, as established by law, of such shares exceeding said limit. The abovementioned limit of 10% of the share capital may include the 20,460,000 shares currently object of an equity swap executed by the Company within the share buyback programme announced in September 2004 but not implemented;

Subject to the requirements established by law and in this resolution, it is hereby notably approved the acquisition that the Board of Directors may come to execute within the

framework of a share buyback programme, such acquisition to be made in any of the forms provided for under this resolution;

b) Term during which the acquisition may be made: Eighteen months, as from the present resolution;

c) Forms of acquisition: Subject to the terms and mandatory limits established by law, acquisition of shares, or rights of acquisition or allocation of shares, for consideration, in any form, on a regulated market or in an over-the-counter acquisition, in compliance with the principle of equal treatment of shareholders as established by law, notably from a financial institution with which the Company has entered into an equity swap agreement (including the equity swap agreement entered into with Barclays Bank, Plc in respect of 20,640,000 shares within the share buyback programme announced in September 2004 but not implemented) or other similar financial derivative instruments, or any other acquisition for the purpose of, or by virtue of, complying with an obligation established by law or contract, or conversion or exchange of convertible or exchangeable securities issued by the Company or a dependent company, in accordance with the relevant terms of issue or any contracts implemented with regard to such conversion or exchange;

d) Minimum and maximum consideration for the acquisitions: The consideration of the acquisition should fall within an interval of 20 per cent less than the lowest trading price and 20 per cent more than the average trading price, respectively, of the shares to be acquired on the Euronext Lisbon during the 5 regulated market sessions immediately preceding the date of acquisition or the creation of the right of acquisition or allocation of shares, or should correspond to the acquisition price resulting from any contracted financial instruments, to the terms of issue, by the Company or any dependent company, of securities convertible into or exchangeable for Company shares, or to contracts entered into in connection with such conversions or exchanges;

e) Objectives: The acquisition by the Company, or any dependent company, either already existing or to be incorporated, of own shares, including the rights of acquisition or allocation of own shares, may be configured as a buyback programme pursuant to and for the purposes of Regulation (EC) 2273/2003 of the Commission of 22 December 2003, with any of the objectives set out in article 3 therein.

2) To approve the disposal of own shares that may have been acquired, subject to a resolution of the management body of the disposing company, and under the following terms:

a) Minimum number of shares to be disposed of: The number corresponding to the minimum block of shares which at the time of the disposal is legally stipulated for the shares of the Company, or such lesser quantity as may be sufficient to fulfil any obligation undertaken by virtue of law, contract or issuance of other securities;

b) Term during which the transfer may be made: Eighteen months, as from the present resolution;

c) Form of disposal: Subject to the terms and mandatory limitations established by law, disposal for consideration in any form, notably by sale or exchange, to be made on a regulated market or over-the-counter to certain entities designated by the management board of the disposing company, in compliance with the principle of equal treatment of shareholders as established by law, notably to financial institutions counterparties to equity swap agreements or other similar financial derivative instruments, or where the disposal is resolved within the framework of, or in connection with, a proposal of application of profits or distribution of

reserves in kind, without prejudice to, in case of any disposal in fulfilment of an obligation or arising from the issuance of other securities by the Company or a dependent company, or of contracts related to such issuance, or contractual bond to implement a stock option plan of the Company, to be carried out in accordance with the applicable terms and conditions;

d) Minimum price: Consideration of no more than 20 per cent below the average trading price on the Euronext Lisbon of the shares to be disposed of during the 5 regulated market sessions immediately preceding the date of disposal, or such price as may be stipulated or result from the terms and conditions of issuance of other securities, notably convertible or exchangeable securities, or from any contract entered into in connection with such issuance, conversion or exchange, in the case of a disposal arising thereof;

3) To approve that an indication be conveyed to the Board of Directors, without prejudice to its freedom of decision and action within the framework of the resolutions of numbers 1 and 2 above, so that it takes into account, depending on the circumstances that the Board deems relevant (and, especially, as regards acquisitions comprised in buyback programmes aimed at the satisfaction of conversion rights of bonds or other securities, or stock options or similar rights, or others that may be the subject of the Regulation referred to in the Whereas clauses), in addition to the recommendations of the Portuguese Securities Commission (*Comissão do Mercado de Valores Mobiliários*) in force in each moment, the following practices advisable as regards the acquisition and disposal of own shares under the authorizations granted in accordance with the foregoing paragraphs:

a) Disclosure to the public, before the beginning of the acquisition and disposal transactions, of the content of the preceding authorization, in particular, its goal, the maximum value of the acquisition, the maximum number of shares to be acquired and the term authorized for such purpose;

b) Record keeping of each transaction carried out within the framework of the preceding authorizations;

c) Public disclosure of the transactions carried out until the end of the seventh day of the trading session following the date on which such transactions take place;

d) Carrying out the transactions under conditions of time, form and volume that do not disturb the regular operation of the market, notably seeking to avoid it at sensitive times for trading, in particular, at the opening and closing of the session, at times of market disturbance and at times close to the disclosure of privileged information;

e) Carrying out of the acquisitions at a price not exceeding the highest of the last independent transaction and the highest independent offer at the time of acquisition on the Euronext Lisbon;

f) Limiting the acquisitions to 25% of the daily average trading volume, or to 50% of such volume if communicated to the competent authority and disclosed to the market;

Edgar Filing: PORTUGAL TELECOM SGPS SA - Form 6-K

g) Refraining from disposing of shares during any execution of a buyback programme covered by the Regulation mentioned in the Whereas clauses.

For such purpose, the Board of Directors may organize the separation of the acquisitions and their respective systems of rules, notably according to the programme in which they are included, and provide information regarding such separation in the relevant public disclosure.

PROPOSAL OF THE BOARD OF DIRECTORS

ITEM 8 ON THE AGENDA:

(To resolve, pursuant to article 8, number 4, of the Articles of Association, on the parameters applicable in the event of any issuance of bonds convertible into shares that may be resolved upon by the Board of Directors)

Whereas:

A) The convenience of safeguarding the possibility for the Company to strengthen its equity, aiming at sizing the same to adequate levels that enable sustaining the Company's future business plans, which requires resorting to public funds on a diversified and broad funding basis;

B) The internationalisation and diversification of the Company's funding sources and shareholding base reinforces the stability and autonomy of the Company, the promotion of which is of the utmost corporate interest;

C) Within this context, it appears convenient to keep options open for a possible new issue, by a wholly owned subsidiary of Portugal Telecom, SGPS S.A., and possibly with a guarantee or support from the latter, of bonds or other securities to be placed notably with specialised segments of international institutional investors, securities which, under certain conditions, may grant the investors the right of exchange for Portugal Telecom, SGPS S.A.'s ordinary shares (exchangeable securities), thus repeating the experience of three prior issues with considerable international success;

D) In order to preserve such flexibility, it is important to create the legal mechanisms that will enable such wholly owned subsidiary carrying out such issue of exchangeable securities to have access to such ordinary shares of Portugal Telecom, SGPS S.A. as may be required to fulfil the exchanges that would take place;

Edgar Filing: PORTUGAL TELECOM SGPS SA - Form 6-K

E) Within the Portuguese legal framework, and as in the three issues of exchangeable securities previously undertaken by Portugal Telecom International Finance, B.V., the said capacity of the subsidiary issuing exchangeable securities to have access to the ordinary shares, if and when required, in order to fulfil its obligations for an optional exchange by the investors involves a resolution to issue and place at the service of such international

issuance an adequate number of Portugal Telecom, SGPS S.A. s convertible bonds that may give rise, at such times and quantities as needed, to new shares;

F) The possibility of implementing said issue also requires, as provided for in the Articles of Association, that the parameters applicable to the issuance of Portugal Telecom, SGPS S.A. s convertible bonds supporting the international issuance of exchangeable securities by a subsidiary be henceforth approved by the General Meeting of Shareholders, without prejudice to any possible subsequent readjustments;

G) Additional flexibility may be assured by means of a resolution conferring to the Board of Directors the power to decide the time of the issuance, in one or more series;

We propose that it be resolved:

1) To approve the possible issue by Portugal Telecom, SGPS S.A. of convertible bonds resolved by the Board of Directors, as provided for in the law and in the Articles of Association, and in accordance with the following principal parameters, without prejudice to any adaptation or development as may be resolved by the Board of Directors, notably considering the final characteristics of the issuance of exchangeable securities that it may support:

a) Amount of the issue: Up to the maximum aggregate amount of or the currency equivalent of 1,000,000,000 Euros.

b) Interest rate: To be defined in accordance with the market conditions on the date of the issuance.

c) Redemption: A single final maturity at par, with possibility for a provision for early redemption at the option of the issuer, in particular as from the end of the third year.

d) Conversion bases: The number of bonds required for conversion of the bonds nominal amount in cash into one share shall be determined by the conversion price, calculated by adding a conversion premium to the market price on the Euronext Lisbon of one share at the time of the issuance.

The anticipated conversion premium, to be adjusted at the time of the issuance in accordance with market conditions, shall not be less than 20 per cent of the trading price considered, which can, notably, be the Euronext Lisbon closing price for the session immediately before the date of issuance (or of the issuance of the first series), subject to anti-dilution clauses customary in the market.

The conversion price initially defined shall prevail during the whole period of the issue, without prejudice to any possible readjustment by application of anti-dilution clauses customary in the market, in situations regulated in the issuance resolution and under the terms or formulas stipulated therein.

e) Potential capital The maximum number of ordinary shares that can be initially

- increase: issued in the increase or increases of capital implicit in the resolution of issuance of the convertible bonds may not exceed the equivalent to 15 per cent of Portugal Telecom, SGPS S.A.'s share capital at the date of the resolution, without prejudice to the possibility of being exceeded at a later time as a result of subsequent readjustments to the conversion price referred to in the foregoing paragraph.
- f) Terms of the conversion: The conversion may be requested daily, as from an initial term stipulated in the resolution of issuance, such periods of time stipulated in the resolution of issue being deemed a conversion period in accordance with and for the purposes of paragraph b) of number 1 and paragraph a) of number 3 of article 370 of the Portuguese Companies Code.
- g) Class: The conversion shall be made exclusively with ordinary shares.
- h) Issue: In one issuance only or in series, as determined by the Board of Directors.
- 2) To approve forthwith, as a result of the issuance of convertible bonds under the final terms as stipulated, such capital increase or increases as may be required to meet any requests for conversion that may be submitted.

PROPOSAL OF THE BOARD OF DIRECTORS

ITEM 9 ON THE AGENDA:

(To resolve on the suppression of the pre-emptive right of the Shareholders in the subscription of any issuance of convertible bonds as referred to under item 8 hereof as may be resolved upon by the Board of Directors)

Whereas:

A) The resolution taken by this General Meeting, within the context of item 8 on the agenda, approving the parameters for the issuance of convertible bonds to be resolved by the Board of Directors;

B) The content of the explanatory report produced by the Board of Directors pursuant to paragraph c) of number 2 of article 366, article 367 and number 5 of article 460 of the Portuguese Companies Code;

We propose that it be resolved:

1) That, taking into consideration that any issuance of convertible bonds as may be resolved by the Board of Directors (whose parameters and implicit share capital increase have been approved within the framework of item 8 on this General Meeting's agenda) is intended to support the issuance to be made by a wholly owned subsidiary of Portugal Telecom, SGPS S.A. as provided therein, the shareholders' pre-emptive right in the subscription for such possible issuance of convertible bonds be suppressed;

2) That, therefore, such possible issuance be intended for subscription in its entirety by a wholly owned subsidiary of Portugal Telecom, SGPS S.A. that will effect, in the international market, an issuance of securities exchangeable for ordinary shares of Portugal Telecom, SGPS S.A., in particular the company Portugal Telecom International Finance, B.V., or another company wholly owned, directly or indirectly, by

ANNUAL GENERAL MEETING OF SHAREHOLDERS

PORTUGAL TELECOM, SGPS S.A.

27 April 2012

**REPORT IN RESPECT OF ARTICLES 366-2(C), 367 AND 460-5
OF THE PORTUGUESE COMPANIES CODE**

I

EXPLANATION OF THE PROPOSAL FOR SUPPRESSION
OF THE PRE-EMPTIVE RIGHT

The Company is considering a possible issue, by a wholly owned subsidiary of Portugal Telecom, SGPS S.A., and with a possible guarantee by the latter, of bonds conferring to investors under certain conditions the right of exchange for ordinary shares in Portugal Telecom, SGPS S.A.

In this way, in order to guarantee the viability of the issuance and to support the same, we hereby submit to the appraisal and approval of the General Meeting of Shareholders of Portugal Telecom, SGPS S.A. a proposal concerning the possible issuance, by a wholly owned subsidiary of Portugal Telecom, SGPS S.A., and with a possible guarantee or support from the latter, of bonds or other securities to be placed notably with specialised segments of international institutional investors, securities which under certain conditions may grant to the investors the right of exchange for Portugal Telecom, SGPS S.A.'s ordinary shares (exchangeable securities).

In the form proposed by the Board of Directors a proposal that, together with this report, is available to the shareholders within the legal period preceding the date of the General Meeting of Shareholders and is deemed as reproduced herein the issue of convertible bonds will imply a necessary suppression of the pre-emptive right of the shareholders relying on reasons of corporate interest that seem to unequivocally justify and advise the adoption of the same.

Multiple reasons caused the selection and proposal to the shareholders as regards the exclusion of their pre-emptive right of this particular form of fund raising, should the need for such fund raising be justified, the form of which obviously implies in itself that it be entirely directed outside the circle of existing shareholders.

Edgar Filing: PORTUGAL TELECOM SGPS SA - Form 6-K

Firstly, it is important to take into account that the expansion of the equity of Portugal Telecom, SGPS S.A. that may prove to be necessary or convenient based on the Company's business plans, which is aimed at a magnitude of equity adequate to permit support of the same, has required, and will continue to require, an appeal for funds from the public that, given the continuous increase in the size of this institution, demands an increasingly wider and diversified fundraising basis.

In this way, in view of the current situation and absorption capacity of the domestic capital markets, in particular the convertible securities investors' market, it now becomes imperative to evaluate the placement, notably in the international market with specialist segments of institutional investors, of securities issuances having the size of this one, with characteristics that, without excessive limitations by rigid factors associated with the internal markets, may be adjusted to those of the financial products usually accepted by those markets.

Furthermore, the public raising of significant funds in the foreign markets always results in a further spreading of the image of the Company and its visibility in the financial community and international markets (notably by way of the qualified research it originates, and of the means used for the promotion of the issuance), thus reinforcing its international prestige and credibility and its negotiation capacity as a participant in such international markets.

Thirdly, taking into account the actual conversion that will be made, it should be stressed that the continuation of the internationalisation and diversification of Portugal Telecom, SGPS S.A.'s shareholder basis is a favourable element in the reinforcement of the stability and autonomy that are of the utmost corporate interest to develop and to which the issuance subject to authorization strongly contributes both as to the geographical dispersion and as to the diversification of the type of investors, thus creating and reinforcing an additional market capable of increasing the liquidity of the securities and constituting an added space to resort to in future funding needs.

II

FORM OF ALLOCATION AND RELEASE CONDITIONS OF CONVERTIBLE BONDS

The convertible bonds to be issued shall be entirely intended for initial subscription by a subsidiary of Portugal Telecom, SGPS S.A., notably Portugal Telecom International Finance B.V. or another company already incorporated or to be incorporated (or by a financial institution, notably acting under instructions of such company as issue agent), which will promote in the international market an issuance of securities exchangeable for ordinary shares of Portugal Telecom, SGPS S.A.

All the bonds making up the issue will be entirely released at the time of the subscription.

III

ISSUE PRICE AND CRITERIA FOR ITS DETERMINATION

The issue price of the convertible bonds shall be equal to their nominal value, i.e. the bond will be issued at par, in the nominal value of 5,000 Euros each or otherwise as established under the final conditions of the issue, in such a way as to adjust it to the final value at the international issuance it aims to support.

Edgar Filing: PORTUGAL TELECOM SGPS SA - Form 6-K

As to the bases of any conversion into shares of the bonds issued, it is important, first and foremost, to bear in mind that, given the characteristics and purposes of the transaction, these are not conversion bases with an external range, i.e., addressed to the market, but instrumental conversion bases, i.e., merely addressed to providing the subsidiary issuing the exchangeable securities on the market the access to the necessary shares. However, although the conversion price in question merely defines the internal relationship between both issuances, it is convenient for this issuance to mirror as much as possible (with subsequent adjustments, if necessary) the final conditions of

the issuance that will be placed in the market by Portugal Telecom, SGPS S.A.'s wholly owned subsidiary.

In this way, with this instrumental nature and possibly even in anticipation of the final conditions of the issuance to be placed in the market and as set out on the proposal submitted to the General Meeting of Shareholders, the number of bonds required for conversion into one share will be determined by the conversion price, calculated by adding a conversion premium to the market price on the Euronext Lisbon of one share in Portugal Telecom, SGPS. S.A., at the time of issuance.

The issue premium will correspond to an interval determined by market conditions, but in any event it is not expected to be less than 20 per cent of the value of the relevant trading price.

The initial conversion price thus defined will prevail during the whole period of life of the issuance, without prejudice to any possible automatic readjustment in certain instances to be regulated under the issue conditions (e.g. structural changes to the issuer), and according to the formulas stipulated therein.

In any case, the amount of the initial implied share capital increase cannot exceed an amount equivalent to 15 per cent of the share capital of Portugal Telecom, SGPS S.A. on the date of the resolution, without prejudice to the possibility of it being subsequently exceeded as a result of later conversion price readjustments as referred to in the foregoing paragraph.

PROPOSAL OF THE BOARD OF DIRECTORS

ITEM 10 ON THE AGENDA:

(To resolve on the renewal of the authorization granted to the Board of Directors to increase the share capital by contributions in cash, in accordance with number 3 of article 4 of the Articles of Association)

Whereas:

- A) Article 456 of the Portuguese Companies Code sets forth that the articles of association of a company may authorize the board of directors to increase the share capital, on one or more occasions, through contributions in cash, and the articles of association shall establish the conditions for the exercise of the power conferred to the board of directors and necessarily fix the maximum limit for such share capital increase;
- B) Number 3 of article 4 of the Company's Articles of Association establishes that the Board of Directors, with the approval of the Audit Committee, may increase the Company's share capital, on one or more occasions, through contributions in cash, up to 15,000,000 Euros after a resolution has been passed by the General Meeting of Shareholders fixing the parameters to which such share capital increase or increases shall be subject;
- C) The authorization set out in the Articles of Association and referred to in the preceding paragraph is about to expire, since the 5-year period during which such power can be exercised under the law has almost elapsed;
- D) Under number 3 of article 8 of the Articles of Association, the issue of convertible bonds may be resolved by the Board of Directors, provided that the implicit share capital increase resulting from the price and initial conversion fixed by the issuance resolution is included in the Board of Directors' powers according to number 3 of article 4, and that the parameters established for such purpose by the General Meeting of Shareholders are approved;

Edgar Filing: PORTUGAL TELECOM SGPS SA - Form 6-K

E) Under item 8 on the agenda of this General Meeting, the Shareholders shall resolve on the possible issuance of convertible bonds to be resolved upon by the Board of Directors under the law, the Articles of Association and the parameters to be approved by the Shareholders;

F) The approval by the Shareholders of such resolution proposal implies the automatic approval of the share capital increases that are necessary to meet the requests that may be presented for conversion of those convertible bonds, as well as the parameters of the implicit capital increases referred to above;

G) It is important to ensure that, in case the resolution proposal referred to in the preceding paragraphs is approved, the Board of Directors is able to perform all the share capital increases that may be necessary to guarantee the satisfaction of all conversion into shares requests that may occur in respect of the convertible bonds possibly issued by the Company and, for such purpose, the generic authorization for the Board of Directors to increase the Company's share capital under number 3 of article 4 of the Articles of Association shall be renewed;

We propose that it be resolved:

To renew the authorization provided for in number 3 of article 4 of the Articles of Association, which establishes the following:

«Article Four

Share Capital

1. ()

2. ()

3. The Board of Directors, with the approval of the Audit Committee, may increase the share capital, on one or more occasions, through contributions in cash up to 15,000,000 Euros, after a resolution has been passed by the general meeting of shareholders fixing the parameters to which such share capital increase or increases shall be subject.
