Item 8.01

Other Events

Laureate Education, Inc. (the Company) previously disclosed in its Annual Report on Form 10-K for the fiscal year ended December 31, 2016 that the Turkish Higher Education Council (the YÖK), which regulates Istanbul Bilgi University (Bilgi), a member of the *Laureate International Universities* network located in Istanbul, Turkey, was conducting its annual audit of Bilgi's operations (the Annual Audit). On April 18, 2017, Bilgi received from the YÖK the results of the Annual Audit. The Annual Audit report requires, among other things, that (i) with respect to the 2017-2018 academic year, there be a reduction in the quota for the number of new students permitted to be admitted into Bilgi's degree programs and (ii) Bilgi be reimbursed approximately \$29 million for payments previously made by Bilgi to a subsidiary of the Company for certain management, operational and student services, and intellectual property. The Company and Bilgi believe the charges to Bilgi for these services were at fair value and Bilgi intends to contest the findings of the Annual Audit that they constituted an improper wealth transfer. Demands also are made in the Annual Audit for the return or payment to Bilgi of other amounts involving approximately \$8 million.

Bilgi has a right to appeal and intends to immediately appeal this decision and to demonstrate the validity and value of the services procured from the Company subsidiary. The Company cannot predict the outcome or the potential success of any such appeal at this time. As the Company currently consolidates Bilgi under the variable interest entity model, if the Company is unable to provide services under its contracts with Bilgi and receive the economic benefits from those contracts as a result of the determinations in the Annual Audit, deconsolidation of Bilgi could be required. Deconsolidation, if required, could have a material adverse effect on the Company's business, financial condition and results of operations, including possible write-off of all or a portion of the Company's investment in Bilgi and a reduction in operating income. During fiscal year 2016, Bilgi generated approximately \$106 million of the Company's consolidated revenue and approximately \$26 million of the Company's consolidated operating income and incurred approximately \$6 million of depreciation and amortization expense. For fiscal year 2016, the Company generated total consolidated revenue of approximately \$4,244 million.
