Management Incentive Plans (“MIP”)

On June 6, 2013, the Company’s Compensation and Stock Option Committee (“Compensation Committee”) approved individual management incentive plans (“MIPs”) for Dr. Louis F. Centofanti, our Chief Executive Officer (“CEO”), James Blankenhorn, our Chief Operating Officer (“COO”), and Ben Naccarato, our Chief Financial Officer (“CFO”). The MIPs are effective as of January 1, 2013. Each MIP provides guidelines for the calculation of annual cash incentive based compensation, subject to Compensation Committee oversight and modification. Each MIP awards cash compensation based on achievement of performance thresholds, with the amount of such compensation established as a percentage of base salary. The potential target performance compensation ranges from 50% to 87% or \$135,558 to \$237,224 of the 2013 base salary for the CEO, 50% to 87% or \$126,175 to \$220,808 of the 2013 base salary for the COO, and 25% to 44% or \$53,560 to \$93,731 of the 2013 base salary for the CFO.

Performance compensation is paid on or about 90 days after year-end, or sooner, based on finalization of our audited financial statements for 2013. If the MIP participant’s employment with the Company is voluntarily or involuntarily terminated prior to a regularly scheduled MIP compensation payment date, no MIP payment will be payable for and after such period.

The Compensation Committee retains the right to modify, change or terminate each MIP and may adjust the various target amounts described below, at any time and for any reason.

Each MIP is briefly described below, and the descriptions are qualified by reference to the respective MIPs attached as exhibits to this report.

CEO MIP:

2013 CEO performance compensation is based upon meeting corporate revenue, EBITDA (“earnings before interest, taxes, depreciation and amortization”), health, safety, and environmental compliance objectives during fiscal year 2013 from our continuing operations. Of the total potential performance compensation, 55% is based on EBITDA goal, 15% on revenue goal, 15% on the number of health and safety claim incidents that occur during fiscal year 2013, and the remaining 15% on the number of notices alleging environmental, health or safety violations under our permits or licenses that occur during the fiscal year 2013. No performance incentive compensation will be payable to the CEO for achieving the health and safety, permit and license violation, and revenue targets unless a minimum of 70% EBITDA Target is achieved. Each of the revenue and EBITDA components is based on our board approved revenue target and EBITDA target. The 2013 target compensation for our CEO is as follows:

CFO MIP:

The CFO’s 2013 performance compensation is based upon achievement of EBITDA and administrative expense objectives. The performance compensation also provides for a discretionary incentive payment component, subject to approval by the Company’s Compensation Committee. Of the total potential performance compensation, 25% is based on maintaining or reducing our targeted administrative expense, 50% is based on EBITDA goal, with the remaining

25% subject to approval by the Compensation Committee. No discretionary performance compensation or performance compensation for achieving the administrative expense target will be payable to the CFO unless a minimum of 70% of the EBITDA Target is achieved.
