PROXY STATEMENT

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING AND VOTING

Why did I receive these proxy materials?

We are providing these proxy materials in connection with the solicitation by the Board of Directors (each individually, a “Director” and, collectively, the “Board” or “Directors”) of Merge Healthcare Incorporated, a Delaware corporation (“Merge Healthcare,” the “Company,” “we,” “us” or “our”), of proxies to be voted at our 2015 Annual Meeting of Stockholders (the “Annual Meeting”) and at any adjournment or postponement thereof.

You are invited to attend the Annual Meeting of Stockholders. The Annual Meeting is scheduled to take place on Wednesday, June 17, 2015, beginning at 10:00 a.m., Central Time, at our offices located at 350 North Orleans Street, First Floor, Chicago, Illinois 60654. In order to attend the Annual Meeting in person you are encouraged to register in advance. For further information, please see “How do I register to attend the Annual Meeting in person?” below.

How do I vote shares registered in my name?

Under rules adopted by the United States Securities and Exchange Commission (the “Commission”), we are primarily furnishing proxy materials to our stockholders on the Internet, rather than mailing paper copies of the materials (including our 2014 Annual Report on Form 10-K) to each stockholder. If you received a Notice Regarding Availability of Proxy Materials (“Notice”) by mail or electronic mail, you will not receive a paper copy of these proxy materials unless you request a set. Instead, the Notice will instruct you as to how you may access and review the proxy materials over the Internet and vote your shares. If you received a Notice by mail or electronic mail and would like to receive a paper copy of our proxy materials free of charge, please follow the instructions included in the Notice.

We anticipate that the Notice will be mailed to our stockholders on or about May 8, 2015, and will be sent by electronic mail to our stockholders who have opted for such means of delivery on or about May 8, 2015. The Internet and telephone voting facilities for stockholders of record will close at 11:59 p.m. Eastern Time, on June 16, 2015.

Who is entitled to vote at the Annual Meeting?

Holders of Merge Healthcare Incorporated Common Stock, par value \$0.01 per share (our “Common Stock”), and the holders of Merge Healthcare Incorporated Series A Convertible Preferred Stock, par value \$0.01 per share (our “Series A Preferred Stock,” which we refer to together with our Common Stock as our “Voting Stock”), at the close of business on April 20, 2015 are entitled to receive notice of and to vote their shares at the Annual Meeting.

How many shares will be entitled to vote at the Annual Meeting?

At the close of business on April 20, 2015, our outstanding Voting Stock was entitled to votes representing the equivalent of 110,175,744 shares of our Common Stock, including: (i) 98,655,007 shares of our Common Stock, and (ii) 50,000 shares of our Series A Preferred Stock, which entitle the holders of record of such Series A Preferred Stock to voting rights equal to 11,520,737 shares of our Common Stock. The Series A Preferred Stock was issued by us to finance, in part, our acquisition of D. R. Systems, Inc. Each share of Common Stock or Common Stock equivalent is entitled to one vote on each matter properly brought before the Annual Meeting. Our current Directors and Executive Officers beneficially own 32,600,568 shares of our Common Stock, which represent approximately twenty nine

percent (29%) of the total number of votes that our outstanding Voting Stock is entitled to vote at the Annual Meeting, and which they intend to vote in favor of the proposals presented in this proxy statement.

How do I register to attend the Annual Meeting in person?

Please note that stockholders who wish to attend the Annual Meeting are encouraged to register no later than June 12, 2015 on our website at www.merge.com/annualmeeting/.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

If your shares are registered directly in your name with Merge Healthcare's transfer agent, American Stock Transfer & Trust Company, LLC, you are the "stockholder of record" of those shares. This Notice of Annual Meeting and Proxy Statement and the Company's 2014 Annual Report on Form 10-K have been made available to you by Merge Healthcare.

If your shares are held in a stock brokerage account or by a bank or other holder of record (collectively, "holder of record"), you are considered the "beneficial owner" of those shares. In that case, if you have previously elected to receive a paper copy of your proxy materials, this Proxy Statement and a proxy card have been sent to the holder of record. You may have received this Proxy Statement directly from the holder of record, together with instructions as to how to direct the holder of record to vote your shares. As a beneficial owner, you have the right to direct the holder of record how to vote your shares by using the voting instruction card or by following their instructions for voting by mail, telephone or on the Internet.

What can I do if I change my mind after I vote my shares?

If you are a stockholder of record, you can revoke your proxy before it is voted by (i) sending written notice of revocation to the Corporate Secretary of the Company bearing a date later than the date of the earlier proxy; or (ii) properly executing and dating a subsequent proxy relating to the shares of Common Stock that you want voted at the Annual Meeting; or (iii) voting by ballot at the Annual Meeting.

If you are a beneficial owner of shares, you may submit new voting instructions by following the instructions of your bank, broker or other holder of record.

All votes that have been properly cast and not revoked will be voted at the Annual Meeting.

If my shares are held in street name by the holder of record, will the holder of record vote my shares for me?

For beneficial owners, the holder of record will vote your shares only if the proposal is a matter on which the holder of record has discretion to vote or if you provide instructions on how to vote by following the instructions provided to you by the holder of record. Under applicable stock exchange rules, brokers have the discretion to vote on routine matters, such as the ratification of the selection of accounting firms. Since 2010, brokers no longer have the discretion to vote on proposals for the election of directors. As a result, while brokers may exercise their discretion to vote on the ratification of BDO USA, LLP, brokers may not exercise their discretion with respect to any of the other proposals specified in this Proxy Statement. For any matters that come before the Annual Meeting for which your broker is not permitted to exercise voting discretion, if you do not give your broker specific instructions, your shares will be considered "broker non-votes," will not be voted on those matters and will not be considered as present and entitled to vote with respect to those matters. However, shares represented by such "broker non-votes" will be counted in determining whether there is a quorum present.

What shares are included on the proxy card?

If you are a stockholder of record you will receive only one proxy card for all the shares you hold in certificated and in book entry form. If you are a beneficial owner who is not the stockholder of record, you will receive voting instructions and information regarding consolidation of your vote, from the holder of record.

How many shares of Merge Common Stock must be present or represented at the Annual Meeting to constitute a quorum?

Under the Merge Healthcare Incorporated Bylaws (which we refer to as our “Bylaws”), the presence of the holders of a majority of the outstanding shares of Common Stock entitled to vote at the Annual Meeting, in person or represented by proxy, is necessary to constitute a quorum. Both abstentions and broker non–votes are counted in the number of shares present in person or represented by proxy for purposes of determining whether a quorum is present.

2

What are the voting requirements to elect the Directors and to approve each of the proposals discussed in this Proxy Statement?

·Election of Directors

Under our Bylaws, directors must be elected by a plurality of votes cast. This means that the individuals with the largest number of votes “For” are elected as directors up to the maximum number of directors to be chosen at the Annual Meeting. Abstentions and broker non-votes are not counted as votes with respect to this proposal. The election of directors is considered a non-routine proposal under the rules applicable to banks and brokers. As a result, if you hold your shares in “street name,” absent specific voting instructions, the holder of record will not be permitted to exercise voting discretion, and your shares will not be considered present and entitled to vote, with respect to the election of directors at the Annual Meeting.

·Adoption of the Merge Healthcare Incorporated 2015 Equity Incentive Plan

The affirmative vote of a majority of the shares of Voting Stock present in person or represented by proxy and entitled to vote is required to approve the adoption of the Merge Healthcare Incorporated 2015 Equity Incentive Plan (the “2015 Plan”). Abstentions will have the effect of a vote against this proposal. Broker non-votes will have no effect on the outcome of this proposal. The adoption of the 2015 Plan is considered a non-routine proposal under the rules applicable to banks and brokers. As a result, if you hold your shares in “street name,” absent specific voting instructions, the holder of record will not be permitted to exercise voting discretion, and your shares will not be considered present and entitled to vote, with respect to the approval of the adoption of the 2015 Plan at the Annual Meeting.

·Amendment of the Merge Healthcare Incorporated Bylaws

The affirmative vote of a majority of the shares of Voting Stock present in person or represented by proxy and entitled to vote is required to approve the amendment of the Merge Healthcare Incorporated Bylaws. Abstentions will have the effect of a vote against this proposal. Broker non-votes will have no effect on the outcome of this proposal. The amendment of the Bylaws is considered a non-routine proposal under the rules applicable to banks and brokers. As a result, if you hold your shares in “street name,” absent specific voting instructions, the holder of record will not be permitted to exercise voting discretion, and your shares will not be considered present and entitled to vote, with respect to the approval of the amendment of the Bylaws at the Annual Meeting.

·Removal of the Conversion Cap limitation with respect to the conversion of Merge Healthcare Incorporated’s Series A Preferred Stock into shares of Merge Healthcare Incorporated Common Stock

The affirmative vote of a majority of the shares of Voting Stock present in person or represented by proxy and entitled to vote is required to approve the removal of the conversion cap’s application to the conversion of the Series A Preferred Stock into shares of our Common Stock under certain circumstances. Abstentions will have the effect of a vote against this proposal. Broker non-votes will have no effect on the outcome of this proposal. The approval of the removal of the conversion cap application is considered a non-routine proposal under the rules applicable to banks and brokers. As a result, if you hold your shares in “street name,” absent specific voting instructions, the holder of record will not be permitted to exercise voting discretion, and your shares will not be considered present and entitled to vote, with respect to the removal of the conversion cap limitation.

·Amendment to the Merge Healthcare Incorporated Certificate of Incorporation and Certificate of Designation

The affirmative vote of a majority of the outstanding shares of Voting Stock is required to approve the amendment to the Merge Healthcare Incorporated Certificate of Incorporation allowing holders of preferred stock to vote separately from the holders of our Common Stock and Certificate of Designation to provide for the Series A Preferred Stock to

elect one director to our Board. Abstentions and broker non-votes will have the effect of a vote against this proposal. The amendment of the Certificate of Incorporation and Certificate of Designation is considered a non-routine proposal under the rules applicable to banks and brokers. As a result, if you hold your shares in “street name,” absent specific voting instructions, the holder of record will not be permitted to exercise voting discretion, and your shares, which are outstanding and eligible to vote, will not be voted (which has the effect of a vote against approval) with respect to the approval of the amendment of the Certificate of Incorporation and Certificate of Designation.

3

·Ratification of BDO USA, LLP

The affirmative vote of a majority of the shares of Voting Stock present in person or represented by proxy and entitled to vote is required to approve the ratification of BDO USA, LLP as our independent registered public accounting firm for the 2015 fiscal year. Abstentions will have the effect of a vote against this proposal. Because this proposal is considered a routine proposal under the rules applicable to banks and brokers, banks, brokers or other entities holding shares for an owner in street name are able to vote on this proposal, even if no voting instructions are provided by the beneficial owner.

Could other matters be decided at the Annual Meeting?

As of the date of this Proxy Statement, we did not know of any matters to be raised at the Annual Meeting other than those referred to in this Proxy Statement. If any other matters properly come before the Annual Meeting, it is the intention of the persons named in the proxy to vote the shares represented thereby with respect to such matters in accordance with their best judgment.

Can I access the Notice of Annual Meeting and Proxy Statement and the 2014 Annual Report on Form 10-K on the Internet?

This Notice of Annual Meeting and Proxy Statement, and the 2014 Annual Report on Form 10-K, are available on our website at www.merge.com/annualmeeting/. Instead of receiving future copies of our proxy statement and accompanying materials by mail, most stockholders can elect to receive an e-mail that will provide electronic links to them. Opting to receive your proxy materials online will save us the cost of producing and mailing documents to your home or business.

Who will pay for the cost of this proxy solicitation?

To facilitate the collection of proxies, we may appoint a proxy solicitor at standard industry rates. We will pay the cost of soliciting proxies, including the charges of holders of record for forwarding documents to you.

Whom should I call with other questions?

If you have additional questions about this Proxy Statement or the Annual Meeting or would like additional copies of this document or our 2014 Annual Report on Form 10-K, please contact: Merge Healthcare Incorporated, 350 North Orleans Street, First Floor, Chicago, Illinois 60654, Attention: General Counsel or Corporate Secretary, Telephone (312) 565-6868.

How can I communicate with the Company's Board of Directors?

Stockholders who wish to communicate with our Board, any individual Director or Board committee may send correspondence to our General Counsel or Corporate Secretary, Merge Healthcare Incorporated, 350 North Orleans Street, First Floor, Chicago, Illinois 60654. Our General Counsel or Corporate Secretary will submit your correspondence to our Board, any individual Director or the appropriate Board committee, as applicable.

The Board has instructed the General Counsel and the Corporate Secretary to review all communications so received, and to exercise their discretion not to forward to any Director correspondence that is inappropriate such as business solicitations, frivolous communications and advertising, routine business matters (i.e. business inquiries, complaints, or suggestions) and personal grievances. However, any Director may at any time request the General Counsel or the Corporate Secretary to forward any and all communications received by the General Counsel or the Corporate Secretary, but not forwarded to the Directors.

How do I submit a stockholder proposal for the 2016 annual meeting?

If a stockholder wishes to have a proposal considered for inclusion in next year's proxy statement, he or she must submit the proposal in writing so that we receive it by January 9, 2016. Proposals should be addressed to our General Counsel or Corporate Secretary, Merge Healthcare Incorporated, 350 North Orleans Street, First Floor, Chicago, Illinois 60654. In addition, our Bylaws provide that any stockholder wishing to nominate directors or propose any other business at the 2016 annual meeting must give us written notice by no earlier than March 19, 2016 and no later than April 18, 2016. This notice must be sent to Merge Healthcare Incorporated, 350 North Orleans Street, First Floor, Chicago, Illinois 60654, Attention: General Counsel or Corporate Secretary. That notice must provide certain other information as described in our Bylaws. A copy of our Bylaws is available online at www.merge.com/company/investors/corporate-governance.aspx or see "Availability of Documents" below.

4

What is “householding”?

We have adopted “householding,” a procedure under which stockholders of record who have the same address and last name and do not receive proxy materials electronically will receive only one set of our proxy materials unless one or more of these stockholders notifies us that they wish to continue receiving individual copies. This procedure saves printing and postage costs by reducing duplicative mailings. Stockholders who participate in householding will continue to receive separate proxy cards. Beneficial owners can request information about householding from their banks, brokers, or other holders of record. If you participate in householding and wish to receive separate proxy materials, or if you wish to receive separate proxy materials in the future, please call us at (312) 565-6868 or write to: Merge Healthcare Incorporated, 350 North Orleans Street, First Floor, Chicago, Illinois 60654, Attention: General Counsel or Corporate Secretary. We will deliver the requested documents to you promptly upon your request.

PROPOSAL ONE – ELECTION OF DIRECTORS

Board Size. It is the policy of the Company that the number of Directors not exceed a number that can function efficiently as a body. The Nominating and Governance Committee, or in certain cases, the Board, considers candidates to fill new positions created by expansion and vacancies that occur by resignation, by retirement or for any other reason. Our Bylaws provide that the number of Directors shall consist of no less than three (3) and no more than eleven (11) Directors. The specific number of Directors shall be fixed from time to time by our Board. Currently, the Board is comprised of nine (9) Directors, which will be decreased to seven (7) Directors in connection with the Annual Meeting. Michael W. Ferro, Jr., who served as our Chairman of the Board since 2008, resigned from our Board in August of 2013, and rejoined our Board as our Chairman in November of 2014. Our Board subsequently elected Michael P. Cole on April 23, 2015. Dennis Brown, who currently serves on our Board and who has served on our Board from the date of our initial public offering in February 1998 until May 2000, and again since May of 2003, including as our Chairman from August of 2013 to November 2014, has chosen not to run for election at the Annual Meeting. Nancy J. Koenig, our Chief Operating Officer, has chosen not to run for election at the Annual Meeting, but will continue to serve as our Chief Operating Officer. The Board wishes to thank Mr. Brown and Ms. Koenig for their service to our Board.

Seven (7) out of nine (9) current members of our Board are standing for election to hold office until the next annual meeting of stockholders or as provided in our Bylaws. The individuals named as proxy voters in the accompanying proxy, or their substitutes, will vote for the following nominees with respect to all proxies we receive unless instructions to the contrary are provided. If any nominee becomes unavailable for any reason, the votes will be cast for a substitute nominee designated by our Board. Our Directors have no reason to believe that any of the nominees named below will be unable to serve if elected. A plurality of votes cast is required for the election of Directors.

A plurality of the votes cast means that the individuals with the largest number of votes are elected as Directors up to the maximum number of Directors to be chosen at the Annual Meeting.

Mr. Devers was the chief executive officer of Trans Union Credit Information Company (“Trans Union”). He left Trans Union in 1983 and started Devers Group as a vehicle for his private investments. Matthew M. Maloney has served as a Director since August 2012. Mr. Maloney is the co-founder, Chief Executive Officer and a director of GrubHub, Inc. (“GrubHub”), a public company with its shares traded on the New York Stock Exchange. GrubHub is an online and mobile food ordering platform headquartered in Chicago, Illinois. Neele E. Stearns, Jr. has served as a Director since June 2008. From February 2001 until his retirement in April 2011, Mr. Stearns served as chairman of Financial Investments Corporation, a private equity investment firm. From July 2004 to April 2007, he also served as the chief executive officer of Boulevard Healthcare, LLC, an owner and operator of nursing homes. From September 2003 to January 2004, Mr. Stearns took a leave of absence from Financial Investments Corporation to serve as interim chairman and chief executive officer of Footstar, Inc. (“Footstar”). In March 2004, Footstar filed for U. S. Chapter 11 bankruptcy, at which time, Mr. Stearns remained as a director of Footstar until it emerged from bankruptcy in February 2006. Previously, Mr. Stearns was chairman of the board of Wallace Computer Services, then a provider of printed products and print management services, from January 2000 through November 2000 as well as serving as a director from 1996 until its sale to Moore Corporation Limited. RECOMMENDATION OF THE BOARD

The Board unanimously nominates and recommends that stockholders vote “FOR” each of Messrs. Cole, Dearborn, Devers, Ferro, Maloney, Reck, and Stearns for election as Directors of our Company to serve until the next Annual Meeting of Stockholders or as otherwise provided in our Bylaws.

CORPORATE GOVERNANCE

Role and Composition of the Board of Directors

General. The Board, which is elected by the stockholders, is the ultimate decision-making body of Merge Healthcare, except with respect to those matters reserved to the stockholders. It selects the Chief Executive Officer and other members of the senior management team, which senior management team is charged with the conduct of Merge Healthcare’s business. Having selected the senior management team, the Board acts as an advisor and counselor to senior management and ultimately monitors its performance. The function of the Board to monitor the performance of senior management is facilitated by the presence of outside Directors of stature who have substantive knowledge of Merge Healthcare’s business and other significant management experience.

Our business, property and affairs are managed under the direction of our Board. Members of our Board are kept informed of our business through discussions with our Chairman, our Chief Executive Officer and other officers, by reviewing materials provided to them, by visiting our offices and by participating in meetings of the Board and its committees.

All Board members standing for election are expected to attend our Annual Meeting of Stockholders, unless an emergency prevents them from doing so. At our 2014 annual meeting, all except one (1) of our Directors standing for reelection attended.

In 2014, the Board met thirteen (13) times and had four (4) Committees: the Audit Committee, the Compensation Committee, the Executive Committee and the Nominating and Governance Committee. All of the Directors, except Matthew M. Maloney, attended at least seventy five percent (75%) of the aggregate number of meetings of the Board and all committees on which they served in 2014.

It is the general policy of Merge Healthcare that all major decisions be considered by the Board as a whole. As a consequence, the committee structure of the Board is limited to those committees considered to be basic to, or required for, the operation of a publicly owned company. Currently, these committees are the Audit Committee, the Compensation Committee, the Executive Committee and the Nominating and Governance Committee.

8

Selection Criteria. Although neither the Nominating and Governance Committee nor the Board has a formal diversity policy, the Board is committed to a diverse membership, in terms of both the individuals involved and their various experiences and areas of expertise. The Nominating and Governance Committee has not established specific minimum age, education, years of business experience or specific types of skills for potential director candidates, but, in general, expects qualified candidates will have a proven record of business leadership and experience. Candidates are selected by the Nominating and Governance Committee for, among other things, their integrity, independence, diversity of experience, leadership and their ability to exercise sound judgment. Final approval of a Director candidate is determined by the full Board. The Nominating and Governance Committee considers candidates suggested by our stockholders for election as a Director. For Director recommendations, a stockholder must have given timely notice thereof in writing to the Secretary of the Company. To be timely, a stockholder's notice shall be received by the Corporate Secretary of the Company at the principal executive offices of the Company not less than sixty (60) days nor more than ninety (90) days prior to the first anniversary of the date of the prior year's annual meeting and comply with the procedures set forth in the Company's Bylaws. Stockholder nominees whose nominations comply with these procedures will be evaluated by the Nominating and Governance Committee in the same manner as the Nominating and Governance Committee's nominees.

Director Compensation. The Nominating and Governance Committee makes recommendations, as it deems necessary, to the Board regarding the compensation of Directors and the independent members of the Board approve the compensation of Directors.

Executive Sessions. Executive sessions or meetings of outside Directors without management present are held at the Board's discretion and consistent with The NASDAQ Global Select Market Rules. Meetings of outside Directors were facilitated by our Audit Committee. In 2014, our Audit Committee held six (6) executive sessions of outside Directors without management present during 2014.

Board Leadership Structure and Risk Oversight

We separate the roles of Chief Executive Officer and Chairman of the Board of Directors in recognition of the differences between the two roles. Our Chief Executive Officer and President is responsible for setting the strategic direction for the Company and the day to day leadership and performance of the Company, while the Chairman of the Board of Directors provides guidance to the Chief Executive Officer and President and sets the agenda for Board meetings and presides over meetings of the full Board. We also believe that separation of the positions reinforces the independence of the Board in its oversight of the business and affairs of the Company, and creates an environment that is more conducive to objective evaluation and oversight of management's performance, increasing management accountability and improving the ability of the Board to monitor whether management's actions are in the best interests of the Company and its stockholders. In light of this governance structure, which differs from many of our peers, we do not have a lead independent director at this time.

The Board's role in the Company's risk oversight process includes receiving regular reports from members of senior management on areas of material risk to the Company, including operational, financial, legal and regulatory risks, as well as strategic and reputational risks. The full Board (or the appropriate committee in the case of risks that are the responsibility of a particular committee) receives these reports to enable it to understand our risk identification, risk management and risk mitigation strategies. The Company's Compensation Committee is responsible for overseeing the management of risks relating to the Company's executive compensation plans and arrangements. The Audit Committee oversees management of financial risks. The Nominating and Governance Committee manages risks associated with the independence of the Board and its committees and potential conflicts of interest between the Company and any related party. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire Board is regularly informed of such risks through committee reports at the Board meeting following a given Committee meeting and other written materials as provided from time to time. This process enables the Board and its committees to coordinate the risk oversight role, particularly with respect to risk interrelationships.

In addition to the Company's formal compliance program, the Board encourages management to promote a corporate culture that understands risk management and incorporates it into the overall corporate strategy and day to day business operations. The Company's risk management structure also includes an ongoing effort to assess and analyze the most likely areas of future risk for the Company. The Board (and its committees) periodically asks the Company's executives to discuss the most likely sources of material future risks and how the Company is addressing any significant potential vulnerability. The Company's management has reviewed its compensation policies and practices for its employees and does not believe such policies and practices are reasonably likely to have a material adverse effect on the Company. In reaching this conclusion, the Company considered, among other things: the design elements of the Company's compensation programs and policies; the mix of cash and equity payouts; the balance of incentive compensation to encourage both short-term performance and long-term value creation; the combination of performance and time vesting requirements used by the Company's incentive plans; the use of financial performance metrics that are readily monitored and reviewed; incorporation of both operational and financial goals and individual performance; capped payout levels for both annual cash incentives and long-term incentive awards; multiple levels of review and approval of awards; and the Company's internal risk review and assessment processes.

COMPENSATION DISCUSSION AND ANALYSIS

INTRODUCTION

This Compensation Discussion and Analysis describes our executive compensation program for 2014. We use this program to attract, motivate, and retain exemplary executive officers whom the Board has selected to lead our business.

This section of the Proxy Statement explains how the Compensation Committee made its compensation decisions for our officers. We regularly review the functions and responsibilities of our various employees to determine whether such person is an individual in charge of a principal business unit, division or function, or otherwise performs a policy making function, pursuant to Rule 3b-7 under the Exchange Act. As part of this regular review process, we analyzed the roles of our various executive officers in early 2015. Based on this review, we determined that Steven F. Tolle, Chief Strategy Officer, no longer qualified as an executive officer. However, because Mr. Tolle was an executive officer for the 2014 fiscal year, he qualified, along with Mr. Dearborn, Ms. Koenig, Mr. Oreskovich and Ms. Wells, who are referenced above under “Executive Officers” above, as our Named Executive Officers for the 2014 fiscal year.

PHILOSOPHY AND GOALS OF OUR EXECUTIVE COMPENSATION

Compensation Philosophy

We maintain a compensation philosophy of “pay for performance.” To achieve our “pay for performance” philosophy, the Compensation Committee, in consultation with the Board, has considered what our compensation programs should achieve. The primary objectives of our executive compensation policies include goals of:

attracting and retaining talented executives by providing compensation that generally aligns with the compensation provided to executives at public companies of comparable size and with a similar growth trajectory in the health care information technology industry, while maintaining compensation at levels that reflects our annual budget, operating initiatives and overall job responsibilities; and

providing appropriate incentives for executives to achieve our financial performance and business goals, which we believe influences increased stockholder value over time.

Our incentive compensation programs are designed to reward executive and other employee contributions based on the overall success of our organization and to promote superior individual performance.

Role of the Compensation Committee

The Compensation Committee of our Board is responsible for administering our compensation practices and ensuring they are designed to drive corporate performance. Our Compensation Committee reviews compensation policies affecting our executive officers, taking into consideration our financial performance, our position within the health care information technology industry, the executive compensation policies of similar companies in similar industries and, when reviewing individual compensation levels, certain individual factors, including the executive’s level of experience and responsibility and the personal contribution that the individual has made to our success. Our Compensation Committee also considers the global economic trends and the macroeconomic environment. Members of our Compensation Committee have experience in setting compensation due to their management experience and from their membership on other boards and compensation committees. Members of the Compensation Committee have used broadly analogous data they have obtained in this regard to set compensation of our executive officers. In

connection with this process, in 2013, the Compensation Committee retained the compensation consulting firm of Frederic W. Cook & Co., Inc. to advise with respect to executive compensation and retention. There were no conflicts of interest with respect to any compensation consultants.

Annually, our Compensation Committee reviews the base salaries of all executive officers and, based on these reviews, may adjust these salaries to ensure external competitiveness and to reflect the executive's individual position and performance, as well as the performance of our Company. In addition to these factors, our Compensation Committee considers the recommendations of our Chief Executive Officer when adjusting base salaries of our Named Executive Officers other than himself. Our Chief Executive Officer can and does call and attend Compensation Committee meetings, however, he is not present when the Compensation Committee discusses or sets his compensation. We may also make base salary adjustments during the year if the scope of an executive officer's responsibility changes relative to the other executives.

Compensation Mix

Historically, we have used a mix of fixed and performance-based compensation to meet our compensation objectives. Fixed compensation consists primarily of the executive officers' base salaries. Performance-based compensation consists primarily of annual cash bonuses to drive short-term results and equity awards (such as stock options and restricted stock) to drive long-term results and aid in retention. We do not have a set policy for allocating between any of our compensation elements because our Compensation Committee believes that it is important to retain flexibility in our compensation design based on financial goals and other business factors. Because we believe that it is important to align the long-term interests of our executives with those of our stockholders, compensation in the form of equity awards has made up a portion of each current executive's overall compensation package, although equity awards may not necessarily be granted to each executive officer each year of his or her employment.

For 2014, the compensation that we paid our Named Executive Officers consisted primarily of two elements: base salary and cash bonuses based on Company and individual performance.

Base Salaries

We seek to pay executives a base salary in alignment with salaries of executives at companies of comparable position in the healthcare information technology industry and at a rate that fits within our annual budget, financial objectives and operating performance. In 2013, Frederic W. Cook & Co., Inc. provided us with an analysis for our Officer and Director compensation. Such analysis included reports pertaining to executive officer compensation benchmarking data, and non-employee Director compensation. We have not historically attempted to make base salary a certain percentage of total compensation.

The Compensation Committee elected not to increase base salaries for the Named Executive Officers in 2014. The base salaries of each of our Named Executive Officers in effect for 2014 remained the same as their 2013 ending base salaries. As a result, the Compensation Committee did not perform a benchmarking survey in 2014. For reference, the base salaries paid in 2013 and 2014 were based on data compiled from the following sixteen (16) companies, the benchmarking peer group used in 2013 to set base salaries:

Accelrys, Inc.	HealthStream, Inc.
Actuate Corporation	iCAD, Inc.
Alliance HealthCare Services, Inc.	IntraLinks Holdings, Inc.
athenahealth, Inc.	Medidata Solutions, Inc
Computer Programs and Systems, Inc.	Qlik Technologies Inc.
Converse, Inc.	Quality Systems, Inc.
ExamWorks Group, Inc.	RadNet, Inc
Greenway Medical Technologies, Inc.	Tableau Software, Inc.

Edgar Filing: MERGE HEALTHCARE INC - Form DEF 14A

The ending base salaries of each of our Named Executive Officers in effect for 2014 and 2013 are as follows:

Name and Principal Position	2013 Base Salary	2014 Base Salary	Percentage Increase	
Justin C. Dearborn Chief Executive Officer, President & Corporate Secretary	\$400,000	\$400,000	0	%
Nancy J. Koenig Chief Operating Officer	\$305,000	\$305,000	0	%
Steven M. Oreskovich Chief Financial Officer and Treasurer	\$250,000	\$250,000	0	%
Steven F. Tolle Chief Strategy Officer	\$260,000	\$260,000	0	%
Antonia A. Wells President, International and Chief of Research & Development	\$206,844 ⁽¹⁾	\$189,640 ⁽¹⁾	0	%

Ms. Wells' 2013 and 2014 base salary has been converted from CDN \$220,000 to U. S. Dollars, based on the Bank (1) of Canada Noon Spot Rate on each of December 31, 2013 (U.S. \$1 = CDN \$0.9402) and December 31, 2014 (U.S. \$1 = CDN \$0.8620), respectively.

2014 Bonus Plan

The Compensation Committee approved a bonus plan for 2014 (the "2014 Bonus Plan") with payouts based on achievement of certain financial and individual performance goals. Except in the case of our Chief Executive Officer and our Chief Operating Officer, twenty five percent (25%) of the bonus eligibility was based on Company financial goals. Seventy five percent (75%) of the bonus eligibility was based on individual performance goals. Our Chief Executive Officer and our Chief Operating Officer's bonus eligibility was based seventy five percent (75%) on Merge Healthcare's financial goals and twenty five percent (25%) on individual performance goals. Employees were required to be employed on the date of the bonus payment and to have complied with the Company's training requirements in order to receive the bonus.

The financial performance metric under the 2014 Bonus Plan consisted of adjusted EBITDA. We disclosed our actual adjusted EBITDA, as well as detailed reconciliations of this non-GAAP measure, in our quarterly earnings releases. The performance metric targets and corresponding payouts under the 2014 Bonus Plan were as follows:

Adjusted EBITDA (in millions)	Bonus Payout
\$42.0	50 %
\$43.4	75 %
\$44.8	100 %
\$46.1	125 %

Each eligible employee was given a bonus target equal to a percentage of his or her base salary for 2014. The targets were determined according to position, title or specific commitment made in the individual employee's employment contract or offer letter. The bonus targets for our Named Executive Officers were as follows:

Name and Principal Position	Target Bonus (% of Base Salary) ⁽¹⁾	Target Bonus (\$) ⁽¹⁾
Justin C. Dearborn Chief Executive Officer, President & Corporate Secretary	100 %	400,000
Nancy J. Koenig Chief Operating Officer	100 %	305,000
Steven M. Oreskovich Chief Financial Officer and Treasurer	75 %	187,500
Steven F. Tolle Chief Strategy Officer	50 %	130,000
Antonia A. Wells President, International and Chief, R&D	70 %	132,748 ⁽²⁾

(1) Bonus payouts may not exceed 125% of target.

(2) Ms. Wells' target bonus has been converted from CDN \$154,000 to U. S. Dollars, based on the Bank of Canada Noon Spot Rate on December 31, 2014 (U.S. \$1 = CDN \$0.8620)

Edgar Filing: MERGE HEALTHCARE INC - Form DEF 14A

Our reported adjusted EBITDA in 2014 was \$47.5 million. After taking into consideration costs incurred by the Company and the overall performance of the Company, the Compensation Committee decided to pay out bonuses at a one hundred percent (100%) level for Company performance rather than the one hundred twenty five percent (125%) that the Named Executive Officers would have otherwise been eligible to earn under the terms of the 2014 Bonus Plan.

In addition to Company performance, the Compensation Committee reviewed the performance of each Named Executive Officer relative to performance goals applicable to each Named Executive Officer. Based on this holistic evaluation, and the Company performance metric discussed above, the Compensation Committee approved the following cash bonuses to our Named Executive Officers, which were paid in March of 2015:

Name and Principal Position	Bonus Payment
Justin C. Dearborn Chief Executive Officer, President & Corporate Secretary	\$350,000
Nancy J. Koenig Chief Operating Officer	\$299,281
Steven M. Oreskovich Chief Financial Officer and Treasurer	\$159,531
Steven F. Tolle Chief Strategy Officer	\$113,757
Antonia A. Wells President, International and Chief, R&D	\$59,123 ⁽¹⁾

Grant of Equity Awards in 2014

For 2014, the Compensation Committee did not approve or grant any equity awards to any of the Named Executive Officers. The decision not to grant any equity awards during the 2014 fiscal year was made in light of the fact that the Company had granted restricted stock awards to the Named Executive Officers in November of 2013. The decision not to grant any equity awards did not reflect the individual performance of the Named Executive Officers.

Advisory Vote on Executive Compensation Results and Our Response

At the 2014 annual meeting, stockholders approved, on a non-binding advisory basis, the compensation of the Company's Named Executive Officers as disclosed in the Company's Proxy Statement for the 2014 annual meeting of stockholders. The Compensation Committee took the approval received into consideration in setting 2015 compensation and did not implement any significant changes to the Company's executive compensation program. Additionally, stockholders at the 2014 annual meeting expressed a preference that advisory votes on executive compensation occur every three (3) years. Consistent with this preference, the Company will hold an advisory vote on the compensation of the Company's Named Executive officers at the 2017 annual meeting.

Employment Arrangements

Because our executive officers have substantial experience in our industry, and we wish to retain their services for the long-term, we have entered into employment agreements with each of them.

The letter agreement entered into July of 2008 with Mr. Dearborn remains in place, as well as the letter agreements entered into with Ms. Koenig, Mr. Oreskovich and Ms. Wells at that time. These agreements formalize and confirm the base compensation, target annual bonus amounts and the stock option grants that we agreed to in connection with the hiring of Mr. Dearborn and Ms. Koenig and the promotion of each of Mr. Oreskovich and Ms. Wells. The agreements provide for twelve (12) months' base salary as severance upon a termination other than for cause or other than due to the executive officer's death or disability, conditioned on the officer's execution of a release agreement. The agreements do not include a definition of "cause." In addition, upon a change in control of Merge Healthcare, all of these officers' unvested stock options will vest.

In November of 2012, we entered into an employment agreement with Mr. Tolle. The agreement provides for twelve (12) months' base salary as severance upon a termination other than for cause or other than due to the executive's death or disability, conditioned on the executive's execution of a release agreement. The agreement defines "cause" as (i) an act or acts of material personal dishonesty on the part of the executive in connection with his employment, (ii) habitual and repeated violation by executive of his obligations to Merge Healthcare (including a material violation of, or material failure to comply with, Merge Healthcare's policies) which is not remedied within fifteen (15) days of the date of executive's receipt of notice from the Company of such violation, or (iii) executive's conviction of, or entering of a guilty or nolo contendere plea with respect to, any crime punishable as a felony.

We determined the amounts of these severance benefits and the triggering events based on the subjective judgments and experiences of the members of the Compensation Committee, which indicated that these amounts are consistent with market practice and that the triggering events are likely to involve circumstances in which it is customary and appropriate to offer the protections embodied in the agreements.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K set forth above with management and, based on such review and discussions, the Compensation Committee recommended to our Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

Description of Agreements Providing for Potential Payments

The table below reflects the amount of compensation to each of the Named Executive Officers without a change in control and upon a change of control, in each case, in the event of termination of the Named Executive Officer's employment arrangement with the Company (i) upon termination by the Company without cause, (ii) for cause, and (iii) upon the Named Executive Officer's death or disability. The amounts shown assume that such termination was effective as of December 31, 2014 and, thus, includes amounts earned through such time and are estimates of the amounts which would be paid upon termination. The following assumes that the Board does not accelerate the vesting of or modify the rights to any vested or unvested equity awards of any participant upon a change in control. The actual amounts to be paid out can only be determined at the time of termination.

COMPENSATION OF NON-EMPLOYEE DIRECTORS

Beginning in June 2008, we stopped paying cash compensation to our non-employee Directors and instead made a stock option grant to each of our non-employee Directors. In 2014, the Nominating and Governance Committee revisited the issue of compensation for non-employee Directors. With the advice of Frederic W. Cook & Co., the Nominating and Governance Committee recommended to the Board, and the Board approved a framework for non-employee Director compensation.

Beginning in June 2014, following the annual meeting of Directors, Directors who are not employees of Merge Healthcare receive (i) a retainer of One Hundred Thousand Dollars (\$100,000) per annum for their participation on the Board, payable in shares of restricted stock with one (1) year cliff vesting issued in accordance with the 2005 Equity Incentive Plan; (ii) One Thousand Five Hundred Dollars (\$1,500) in cash for each Board meeting and for each Board committee meeting which they attend in person, and (iii) Seven Hundred Fifty Dollars (\$750) in cash for each Board and each Board committee meeting in which they participate by teleconference. In addition, each chair is eligible to receive a retainer paid in restricted stock, with quarterly vesting over a one (1) year period. The Chair of the Board received a Twenty Five Thousand Dollar (\$25,000) restricted stock grant, the Chair of the Audit Committee received a Twenty Thousand Dollar (\$20,000) restricted stock grant, and each Chair of the Compensation, the Executive and the Nominating and Governance Committees received a Ten Thousand Dollar (\$10,000) restricted stock grant. For any non-employee Director who joins our Board following our annual meeting, such non-Employee Director is eligible to receive a pro-rated grant of restricted stock to reflect their service for the partial year. The restricted stock grant will be pro-rated to the quarter of when such non-employee Director joins our Board. Directors also are reimbursed for certain expenses incurred in connection with attendance at board meetings. The Nominating and Governance Committee has not yet determined whether any changes to this compensation structure will be recommended with respect to the term beginning after the Annual Meeting.

Our employee Directors, Mr. Dearborn and Ms. Koenig, do not receive any compensation for their service on the Board. Mr. Ferro waived both the cash payments for meeting attendance and the annual equity award for his Board participation retainer and the Chairman of the Board retainer.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our executive officers, directors, and persons who own more than ten percent (10%) of a registered class of our equity securities, to file initial statements of beneficial ownership (Form 3), and statements of changes in beneficial ownership (Forms 4 or 5). The Commission requires executive officers, directors and greater than ten percent (10%) stockholders to furnish us with copies of all these forms filed with the Commission.

To our knowledge, based solely upon our review of the copies of these forms received by us, or written representations from certain reporting persons that no additional forms were required for those persons, we believe that all of our executive officers, directors and greater than ten percent (10%) stockholders complied with their reporting obligations during 2014.

PROPOSAL TWO – APPROVAL OF THE MERGE HEALTHCARE INCORPORATED 2015 EQUITY INCENTIVE PLAN

The Merge Healthcare Board is proposing the Merge Healthcare Incorporated 2015 Equity Incentive Plan Proposal (which we refer to in this proposal as the “Equity Incentive Plan” or the “Plan”) for approval by the stockholders of the Company. The following summary of the material provisions of the Equity Incentive Plan is qualified in its entirety by reference to the full text of the Plan which is attached as Annex A to this document.

Approving the Plan would further the objectives of Merge Healthcare by allowing us to continue to grant equity compensation for approximately four (4) years, based on prevailing historical granting practices, and to grant performance-based equity awards and performance-based cash compensation that are designed to meet the requirements of “performance-based compensation” under Section 162(m) of the Code. The Plan provides Merge Healthcare with significant flexibility with respect to the types of awards available for grant and expands the performance goals available for “performance-based compensation” eligibility under Section 162(m) of the Code.

Determination of Number of Shares for the Plan

If the Plan is approved, subject to adjustment and additions of canceled, forfeited or expired shares as provided under the Plan, the number of shares of Common Stock available for the grant of awards under the Plan shall be Two Million (2,000,000) plus the number of shares of Common Stock that were available for grant under the 2005 Equity Incentive Plan as of the effective date of the Plan (the “Share Limit”). In setting the Share Limit, the Compensation Committee and the Board considered the following material factors:

- Shares currently available under the 2005 Equity Incentive Plan and how long the available shares under the 2005 Equity Incentive Plan are expected to last.

• Historical equity award granting practices, including the Company’s three (3) year average share usage rate (also known as the Company’s “burn rate”).

• Expected dilution.

• Previous authorization of shares under the 2005 Equity Incentive Plan.

Each of these factors is further discussed below.

Historical Equity Granting Practices and Information on Previous Equity Usage

In setting and recommending to stockholders the Share Limit, the Compensation Committee and the Board of Directors considered the number of equity awards granted under the 2005 Equity Incentive Plan in recent years, the number of shares available for grant under the 2005 Equity Incentive Plan that are not subject to outstanding awards and discussed the number of shares intended to be granted in fiscal 2015 and beyond, assuming different scenarios. In fiscal 2012, 2013 and 2014, the Company granted to employees and Directors approximately 4,960,038, 3,220,000, and 1,217,195, respectively, of the shares authorized under the 2005 Equity Incentive Plan.

The Compensation Committee and the Board of Directors also considered the Company's three (3) year average burn rate (2012 – 2014) of approximately eleven percent (11%), which we believe is higher than the industry thresholds established by certain major proxy advisory firms. In fiscal 2014, we granted equity under the 2005 Equity Incentive Plan to thirty (30) employees and four (4) Directors.

During fiscal 2012, we granted 4,455,000 stock options and 1,283,313 stock options were forfeited and expired without exercise. During fiscal 2013, we granted 1,120,000 stock options and 3,471,662 stock options were forfeited and expired without exercise. During fiscal 2014, we granted 565,000 stock options and 2,299,172 stock options were forfeited and expired without exercise.

As of March 31, 2015, there were 3,540,728 shares of Common Stock available for grant under the 2005 Equity Incentive Plan.

Based on historical granting practices and the recent trading prices of the Common Stock, the Plan is currently expected to cover equity awards for approximately four (4) years.

If the Plan is approved, no further awards will be granted under the 2005 Equity Incentive Plan. As of the effective date of the Plan, any shares of Common Stock that remain available for grant under the 2005 Equity Incentive Plan, will become part of the shares available for grant under the Plan. As of March 31, 2015, 98,655,007 shares of our Common Stock were outstanding. Under the 2005 Equity Incentive Plan there are:

5,863,493 options outstanding, with a weighted average exercise price of \$3.79 and a weighted average remaining term of 2.86 years; and

1,834,525 other awards outstanding other than options.

If all 5,863,493 shares of stock were granted, the total dilution would be approximately five and a half percent (5.5%), based on the number of shares of our Voting Stock outstanding.

Administration

The Plan is administered by the Compensation Committee of the Merge Healthcare Board. The Compensation Committee is composed entirely of independent directors. Subject to the terms of the Plan, the Compensation Committee may grant awards under the Plan, establish the terms and conditions for those awards, construe and interpret the Plan and establish the rules for the Plan's administration.

Eligibility

Awards may be granted to employees of Merge Healthcare and its subsidiaries, as well as Directors and consultants of Merge Healthcare and its subsidiaries. The Compensation Committee will determine which employees, consultants and Directors are eligible to receive awards. The Equity Incentive Plan does not limit the number of employees, Directors or consultants who may receive awards. We and our subsidiaries, in the aggregate, currently employ approximately 970 individuals.

Shares Available For Grant

The Share Limit consists of the aforementioned Two Million (2,000,000) shares not previously authorized for issuance under any plan, plus any shares remaining available for issuance under the 2005 Equity Incentive Plan, but not subject to outstanding awards as described above under "Historical Equity Granting Practices and Information on Previous Equity Usage" as of the effective date of the Plan. Under the terms of the Plan, any shares of Common Stock subject to an award under the Plan or the 2005 Equity Incentive Plan that is canceled, forfeited or expires prior to exercise or realization, either in full or in part, shall again become available for issuance under the Plan. Each award granted under the Plan will count as one share against the Share Limit.

Types of Awards

The Compensation Committee may grant non–statutory stock options, restricted stock, restricted stock units, performance compensation awards or cash awards to employees. Directors and consultants may receive non–statutory stock options, restricted stock, restricted stock units or performance compensation awards.

Tax Treatment of Stock Options—U.S. Participants

A stock option is the right to purchase shares of Common Stock at a specified price as determined by the Compensation Committee. The exercise price of stock options under the Equity Incentive Plan will not be less than one hundred percent (100%) of the fair market value of a share of Common Stock on the date the option is granted, except in certain corporate acquisitions where options may be issued under the plan in substitution for previously issued options of the acquired entity. A U.S. participant receiving a non-statutory stock option will not be taxed on the grant of the option. Upon exercising the non-statutory stock option, the U.S. participant will recognize ordinary income in an amount equal to the difference between the exercise price and the fair market value of the Common Stock on the date of exercise. Upon a subsequent sale of the shares acquired pursuant to the non-statutory stock option, the U.S. participant will have taxable capital gain or loss measured by the difference between the amount realized on the disposition and the tax basis of the shares of Common Stock (the amount paid for the shares plus the amount treated as ordinary income at the time the option was exercised). Merge Healthcare generally will be entitled to a business expense deduction in the same amount and at the same time as the U.S. participant recognizes ordinary income on the exercise of the non-statutory stock option, subject to limits under Sections 162(m) and 280G of the Code (relating to the One Million Dollar (\$1,000,000) cap on compensation) and so-called “excess parachute payments”.

Tax Treatment of Stock Options—Canadian Participants

Canadian participants will receive non-statutory stock options. A Canadian participant receiving a non-statutory stock option will not be taxed on the grant of the option. Upon exercising the non-statutory stock option the Canadian participant will recognize income in an amount equal to the difference between the exercise price and the fair market value of the common stock on the date of exercise. The Canadian participant will, however, be allowed a deduction equal to fifty percent (50%) of the income recognized. On a subsequent sale of the shares acquired pursuant to the non-statutory stock option by the Canadian participant, the full value of the amount taxed to the Canadian participant is added in computing the Canadian participant’s basis in the share. Merge will not be entitled to a business expense deduction with respect to non-statutory options exercised by Canadian participants.

Restricted Stock and Restricted Stock Units

The Compensation Committee may also make grants of restricted stock and restricted stock units. A restricted stock grant is the award of Common Stock to a participant. A restricted stock unit grant is an award of a right to receive a share of Common Stock to a participant. Generally such restricted stock and restricted stock unit grants will be subject to a vesting requirement or the satisfaction of designated individual or company performance objectives. Restricted stock and restricted stock units are taxable to the participant when the stock is vested and performance requirements are satisfied. Merge Healthcare generally receives a deduction equal to the value of the stock at the time the vesting and performance requirements are satisfied.

Performance Grants

The Compensation Committee has the authority to designate any award under the Plan as a performance award in order for the award to qualify as “performance-based compensation” under Section 162 of the Code. These awards include cash-based awards. Awards of this type received by a participant are taxable to the participant when the awards are vested and performance requirements are satisfied. Merge generally receives a deduction in the year the recipient recognizes income for the value received by the participant, subject to limits under Sections 162 and 280G of the Code (relating to the One Million Dollar (\$1,000,000) cap on compensation and so-called “excess parachute payments”).

Limits on Awards

An individual recipient may not receive awards with respect to more than Three Million (3,000,000) shares of Common Stock during any three (3) year period and no more than One Million Dollars (\$1,000,000) in cash awards in any calendar year to any one individual.

Performance Based Compensation

Non-statutory stock options are intended to be performance-based compensation within the meaning of Section 162(m) of the Code (relating to an exception from the One Million Dollar (\$1,000,000) cap on deductible compensation). The Compensation Committee may also attempt to qualify other awards described above as performance based compensation. The performance goals will be based on (i) pre-tax or after-tax net earnings or net income, (ii) sales or revenue growth, (iii) cash flow, operating cash flow or free cash flow objectives, (iv) return on assets or net assets, (v) return on stockholder equity, (vi) return on capital or invested capital, (vii) Common Stock price per share or growth in Common Stock price per share, (viii) total stockholder return, (ix) operating margin or gross or net profit margin, (x) earnings per share, (xi) market share, (xii) operating income or pre-tax or after-tax net operating income, (xiii) operating profit or pre-tax or after-tax net operating profit, (xiv) operating earnings or pre-tax or after-tax net operating earnings, (xv) earnings or operating income before interest, taxes, depreciation, amortization and/or charges for stock-based compensation, (xvi) economic value-added models, (xvii) cost reductions, (xviii) budget objectives, (xix) litigation and regulatory resolution goals or (xx) expense control goals.

Accelerated Vesting

To the extent that an award is subject to a vesting schedule, vesting may be accelerated at the discretion of the Compensation Committee, including upon a change in control (as such term is defined below). To the extent an award is subject to performance requirements, such requirements may be deemed satisfied on an early termination of employment, at the discretion of the Compensation Committee, including upon a termination in connection with a change in control. A change in control includes any of the following: a person obtaining control over fifty percent (50%) of Merge Healthcare's voting stock (with the exception of Merrick Ventures, LLC or its affiliates), a sale of substantially all of Merge Healthcare's assets to a person who is not a subsidiary of Merge Healthcare, the merger or consolidation of the Company as a result of which persons who were owners of the voting securities of the Company, immediately prior to such merger or consolidation do not, immediately thereafter, own, directly or indirectly, more than fifty percent (50%) of the combined voting power entitled to vote generally in the election of directors of the merged or consolidated company or the approval by Merge Healthcare's stockholders of the liquidation or dissolution of the Company other than a liquidation of the Company into any subsidiary or a liquidation, a result of which persons who were stockholders of Merge Healthcare immediately prior to such liquidation own, directly or indirectly, more than fifty percent (50%) of the combined voting power entitled to vote generally in the election of directors of the entity that holds substantially all of the assets of Merge Healthcare following such event.

Adjustments

In the event of changes in the outstanding Common Stock or in the capital structure of the Company by reason of any stock or extraordinary cash dividend, stock split, reverse stock split, an extraordinary corporate transaction such as any recapitalization, reorganization, merger, consolidation, combination, exchange, or other relevant change in capitalization, the Compensation Committee may take action to preserve the economic intent of the awards under the Equity Incentive Plan. These actions include, but are not limited to, adjusting the number of shares of Common Stock that may be issued under the Equity Incentive Plan, including the Share Limit, and (1) the number of shares; (2) the price of shares subject to outstanding awards; and (3) the consideration to be paid upon the exercise of any award.

Amendment and Termination

The Merge Healthcare Board may amend or terminate the Equity Incentive Plan at any time, but no such amendment may constitute an impairment of the rights of a participant with respect to outstanding awards. No awards may be granted under the Plan more than ten (10) years from the date the plan is initially effective. Stockholder approval is required for certain material amendments to the Equity Incentive Plan.

Initial Awards

If the Plan is approved, Merge Healthcare expects to issue awards to employees, consultants and Directors under the Plan rather than under the 2005 Equity Incentive Plan.

Merge Healthcare stockholders should read the Plan, which is attached as Annex A to this document, carefully before deciding how to vote.

New Benefits Under the Plan

The Compensation Committee has not granted any awards under the Plan. All future grants of awards under Plan that will be made to eligible employees, Directors and consultants are subject to the discretion of the Compensation Committee and, therefore, are not determinable at this time.

VOTE REQUIRED

The affirmative vote of a majority of the shares of Voting Stock present in person or represented by proxy and entitled to vote is required to approve the adoption of the Plan. Abstentions will have the effect of a vote against this proposal. Broker non-votes will have no effect on the outcome of this proposal.

RECOMMENDATION OF THE BOARD

The Board unanimously recommends a vote “FOR” adopting the Merge Healthcare Incorporated 2015 Equity Incentive Plan.

PROPOSAL THREE – STOCKHOLDER APPROVAL OF AN AMENDMENT TO BYLAWS TO PROVIDE FOR AN EXCLUSIVE FORUMS PROVISION

The Board has approved the submission to the Company's stockholders of an amendment to Merge Healthcare's Bylaws providing that Illinois or Delaware will be the exclusive forum for certain types of disputes (the "Bylaw Amendment"). If approved by the stockholders and adopted by the Board, the Bylaw Amendment will provide as follows:

ARTICLE XI EXCLUSIVE FORUMS

11.01 Exclusive Forums. Unless the corporation consents in writing to the selection of an alternative forum, the Circuit Court of Cook County, Chancery Division, State of Illinois, or the Court of Chancery of the State of Delaware shall, to the fullest extent permitted by law, be the sole and exclusive forums for (a) any derivative action or proceeding brought on behalf of the corporation, (b) any action asserting a claim of breach of a fiduciary duty owed by any director, officer or other employee of the corporation to the corporation or the corporation's stockholders, (c) any action asserting a claim arising pursuant to any provision of the DGCL, or (d) any action asserting a claim governed by the internal affairs doctrine. Any person or entity purchasing or otherwise acquiring or holding any interest in shares of capital stock of the corporation shall be deemed to have notice of and consented to the provisions of this Article XI.

Background and Purpose of the Bylaw Amendment

The Bylaw Amendment is intended to assist the Company in avoiding multiple lawsuits in multiple jurisdictions regarding similar matters related to the internal affairs of Merge Healthcare, by generally requiring the types of claims specified in the Bylaw Amendment (“Covered Claims”) be brought in an Illinois court or a Delaware court. By adopting such a requirement, the Company seeks to assure the application of a relatively familiar body of case law and level of judicial expertise and to promote efficiency and cost savings in the resolution of any such claims. The Bylaw Amendment would help mitigate the risks of wasteful, duplicative suits and allow for the Company to defend the suits in a cost-effective manner.

At the same time, the Board believes that Merge Healthcare should retain the ability to consent to an alternative forum on a case-by-case basis where the Board determines that the Company’s interests and those of its stockholders would best be served by permitting such a claim to proceed in a forum other than the courts designated in the Bylaw Amendment.

Although some plaintiffs might prefer to litigate matters in various other forums because another court may be more convenient for them or more favorable for their claims (among other reasons), the Board believes that the Bylaw Amendment would provide substantial benefits to Merge Healthcare and its stockholders as a whole, as discussed above, that outweigh these concerns. Further, the Bylaw Amendment would only regulate the forums where stockholders may file Covered Claims. The Bylaw Amendment does not restrict the ability of our stockholders to bring such claims or the remedies available if such claims are ultimately successful.

The Board is aware that certain proxy advisors, and even some institutional holders, take the view that they will not support an exclusive forums clause such as the Bylaw Amendment until the company requesting support can show it already has suffered material harm as a result of multiple stockholder suits filed in different jurisdictions regarding the same matter. The Board believes that it is more prudent and in the best interest of stockholders to take preventive measures before Merge Healthcare and the interests of most of its stockholders are materially harmed by the increasing practice of the plaintiff's bar to file claims in multiple jurisdictions. It is important to note that this proposed action by the Board is not being taken in reaction to any specific litigation confronting Merge Healthcare; rather, this action is being taken on a prospective basis to prevent potential future harm to Merge Healthcare and its stockholders.

The Bylaw Amendment requires that a court in which a Covered Claim is initiated in contravention of the Bylaw Amendment be willing to enforce its terms. It cannot be assured that all courts will determine that such a provision is enforceable or that courts will be willing to force the transfer of such proceedings to an Illinois or Delaware court. However, the Company believes that if stockholders approve the Bylaw Amendment, a court would be more likely to enforce it.

For the foregoing reasons, the Board believes that generally providing for Illinois and Delaware as the exclusive forums for Covered Claims is advisable to, and in the best interests of, the Company and its stockholders.

The Bylaw Amendment was approved for submission to the stockholders by the Board on April 23, 2015, and stockholder approval is not required by Delaware law or Merge Healthcare's Bylaws or Certificate of Incorporation. Nevertheless, the Board considers the exclusive forums provision to be an important issue and so is asking Merge Healthcare's stockholders to approve the Bylaw Amendment prior to the time that the Board adopts the Bylaw Amendment. If this proposal is not approved by stockholders, the Board intends to revisit whether to adopt the Bylaw Amendment.

VOTE REQUIRED

The affirmative vote of a majority of the shares of Voting Stock present in person or represented by proxy and entitled to vote is required to approve the Bylaw Amendment. Abstentions will have the effect of a vote against the Bylaw Amendment. Broker non-votes will have no effect on the outcome of the Bylaw Amendment.

RECOMMENDATION OF THE BOARD

The Board unanimously recommends a vote "FOR" the approval of the amendment to the Company's Bylaws.

PROPOSAL FOUR – STOCKHOLDER APPROVAL OF THE REMOVAL OF THE CONVERSION CAP LIMITATION WITH RESPECT TO THE CONVERSION OF OUR SERIES A CONVERTIBLE PREFERRED STOCK INTO SHARES OF OUR COMMON STOCK

Overview and Purpose of the Removal of the Conversion Cap

Our Common Stock is listed on The NASDAQ Global Select Market. As a result, we are subject to the NASDAQ Listing Rules. NASDAQ Listing Rule 5635(a) requires stockholder approval prior to the issuance of securities in connection with the acquisition of the stock or assets of another company if such securities are not issued in a public offering and (A) have, or will have upon issuance, voting power equal to or in excess of twenty percent (20%) of the voting power outstanding before the issuance of stock or securities convertible into or exercisable for common stock; or (B) the number of shares of common stock to be issued is or will be equal to or in excess of twenty percent (20%) of the number of shares of common stock outstanding before the issuance of the stock or securities. In addition,

NASDAQ Listing Rule 5635(b) requires stockholder approval prior to any issuance or potential issuance of securities that will result in a change of control of an applicable listed company. This rule does not specifically define when a change of control is deemed to occur. However, NASDAQ suggests in its guidance that a change of control would occur, subject to certain exceptions, if after a transaction a person or an acquiring entity holds twenty (20%) or more of the voting power of the outstanding capital stock of an applicable listed company.

Due to these NASDAQ Listing Rules, we are seeking stockholder approval in order to remove the Conversion Cap's application to the conversion of our newly designated Series A Preferred Stock into shares of our Common Stock under certain circumstances. Absent such approval, the Series A Preferred Stock shall only be convertible into, in the aggregate, the number of shares of Common Stock equal to the 19.99% of the outstanding Common Stock (the "Conversion Cap") until such time as such stockholder approval is received.

Furthermore, we agreed in the Purchase Agreement (described below under “Description of the Issuance of Series A Preferred Stock”) to seek stockholder approval to allow the conversion of the Series A Preferred Stock at the option of the holders thereof into shares of our Common Stock in excess of the Conversion Cap, in compliance with the NASDAQ Listing Rules described above, as well as any other approvals required under the rules and regulations of NASDAQ necessitated by the terms of the Series A Preferred Stock. We are therefore also seeking approval of this proposal four to satisfy our obligations under the Purchase Agreement.

Description of the Issuance of Series A Preferred Stock

On February 25, 2015, Merge Healthcare entered into a Purchase Agreement (the “Purchase Agreement”) by and between the Company and Guggenheim Private Debt Fund Note Issuer, LLC (“Guggenheim”), NZC Guggenheim Fund LLC (“NZC”), Maverick Enterprises, Inc. (“Maverick”) and Verger Capital Fund LLC (“Verger,” and together with Guggenheim, NZC and Maverick, the “Investor Parties”) pursuant to which Merge agreed to a Fifty Million Dollar (\$50,000,000) private placement, pursuant to Rule 4(a)(2) under the Securities Act of 1933, of Merge Healthcare’s newly-issued Series A Preferred Stock to the Investor Parties. The shares of Series A Preferred Stock were issued in connection with the closing of the acquisition of D.R. Systems pursuant to the Stock Purchase Agreement, dated February 25, 2015 by and among the Company and the selling stockholders party thereto. The Series A Preferred Stock was issued subject to the terms and conditions of the Certificate of Designation (defined below).

Purchase Agreement

Pursuant to the Purchase Agreement, Merge Healthcare sold and the Investor Parties purchased 50,000 shares of Series A Preferred Stock at an issuance price of One Thousand Dollars (\$1,000) per share of Series A Preferred Stock. Each share of Series A Preferred Stock is initially convertible into 241.55 shares of Common Stock.

Pursuant to the Purchase Agreement, Merge Healthcare agreed to use commercially reasonable efforts to obtain the requisite approval from its stockholders in accordance with NASDAQ Listing Rule 5635, to issue twenty percent (20%) or more of the Common Stock upon conversion of the Series A Preferred Stock, the subject of this proposal four.

Series A Preferred Stock Certificate of Designation

In connection with the closing of the transactions contemplated by the Purchase Agreement, Merge Healthcare filed a Certificate of Designation of Series A Convertible Preferred Stock (the “Certificate of Designation”) creating the Series A Preferred Stock, and establishing the designations, preferences and other rights of the Series A Preferred Stock.

The Series A Preferred Stock will accrue dividends at a rate of eight and one half percent (8.5%) per annum, payable in cash on a quarterly basis for each outstanding share of Series A Preferred Stock or, if permitted, additional shares of Series A Preferred Stock, subject to the Company having profits, surplus or other funds legally available therefor, however, dividends shall accrue whether or not they have been declared and whether or not there are profits, surplus or other funds of Merge Healthcare legally available for the payment of dividends, and such dividends shall be cumulative (any unpaid dividends, the “Series A Unpaid Dividends”).

The Series A Preferred Stock will be convertible at the election of the holders into shares of Common Stock equal to the quotient determined by dividing (i) the sum of the One Thousand dollars (\$1,000), plus the Series A Unpaid Dividends thereon at such time, by (ii) Four Dollars and Fourteen Cents (\$4.14), as it may be adjusted from time to time pursuant to the Certificate of Designation (the “Conversion Price”), provided, that unless and until Merge Healthcare has received stockholder approval pursuant to this proposal four, the Conversion Cap will be in effect.

Consequences of Removal of the Conversion Cap

If the removal of the Conversion Cap is approved, our stockholders may experience dilution to their holdings of Common Stock under the circumstances set forth under “Dilution” below.

Dilution

As of April 20, 2015, the Investor Parties own 50,000 shares of Series A Preferred Stock. Based on the current conversion of all of the shares of the Series A Preferred Stock currently held by the Investor Parties, the Investor Parties would own approximately 12,077,500 shares of Common Stock, or less than 19.99% of the outstanding Common Stock. The 50,000 shares of Series A Preferred Stock are currently convertible into approximately 10.9% of our Common Stock.

Should the Board elect to issue additional shares of Series A Preferred Stock (or any other series of preferred stock containing conversion rights in accordance with the terms of the Certificate of Incorporation), the additional issuances could cause the total number of shares of preferred stock to exceed the Conversion Cap on an as-converted basis.

As a result, if the removal of the Conversion Cap is approved, our existing holders of Common Stock will potentially incur additional dilution to their voting and economic interests to the extent of the Investor Parties' deemed ownership of Common Stock in excess of the Conversion Cap and, upon any conversion of Series A Preferred Stock, will own a smaller percentage of our outstanding Common Stock.

Consequences of Not Approving the Removal of the Conversion Cap at this Annual Meeting

If our stockholders do not approve the removal of the Conversion Cap by approving the Series A Preferred Proposal at this Annual Meeting, then the holders of the Series A Preferred Stock will not be able to convert any shares of the Series A Preferred Stock to the extent any attempted conversion or voting would result in the issuance of or the casting of votes in respect of shares of our Common Stock in excess of the Conversion Cap. In addition, Merge Healthcare will be required to use commercially reasonable efforts to propose a removal of the Conversion Cap to our stockholders at any future annual or special meeting of stockholders until the Conversion Cap is approved.

VOTE REQUIRED

The affirmative vote of a majority of the shares of Voting Stock present in person or represented by proxy and entitled to vote is required to approve the removal of the Conversion Cap's application to the conversion of the Series A Preferred Stock into shares of our Common Stock under certain circumstances. Abstentions will have the effect of a vote against this proposal. Broker non-votes will have no effect on the outcome of this proposal.

RECOMMENDATION OF THE BOARD

The Board unanimously recommends a vote "FOR" the approval of the removal of the Conversion Cap limitation with respect to the conversion of our Series A Preferred Stock into shares of our Common Stock.

PROPOSAL FIVE – STOCKHOLDER APPROVAL OF AN AMENDMENT TO THE CERTIFICATE OF INCORPORATION AND CERTIFICATE OF DESIGNATION OF THE COMPANY TO ALLOW HOLDERS OF PREFERRED STOCK TO VOTE SEPARATELY

Overview and Purpose of the Amendment

In accordance with our Certificate of Incorporation, as amended, Merge Healthcare has 1,000,000 shares of preferred stock, par value \$0.01 per share, authorized for issuance, of which an aggregate of 50,000 shares of Series A Preferred Stock are issued and outstanding. Merge issued these 50,000 shares of Series A Preferred Stock on February 25, 2015, in connection with a financing transaction described in proposal four above.

Pursuant to Section (1) of Part B of Article V of our Certificate of Incorporation which is currently in effect, our Board has the authority to issue shares of preferred stock with such preferences, privileges and restrictions as it determines, including voting rights. While the Certificate of Incorporation grants the Board the power to fix or alter from time to time, the designations, powers, preferences and rights of each series of preferred stock, the Certificate of Incorporation does not expressly make the voting rights of holders of Common Stock subject to the voting rights granted to each such series of preferred stock.

In order to provide the holders of Series A Preferred Stock the right to vote separately on matters which impact their relative rights and preferences, our Board has approved an amendment to our Certificate of Incorporation to explicitly provide that the shares of Common Stock shall only be entitled to one (1) vote for each share and that any shares of preferred stock, including the Series A Preferred Stock, shall be entitled to vote as a separate class on all matters which affect the impacted class and has approved an amendment to the Certificate of Designation to provide the holders of Series A Preferred Stock to have the ability to elect one (1) director to our Board separate and apart from the rights of the holders of the Common Stock to elect the remaining directors.

The ability to allow for preferred stock to have separate election rights from the holders of our Common Stock will allow for Merge Healthcare to potentially raise additional capital to effect acquisitions or other strategic plans to benefit the holders of both the preferred stock and our Common Stock in the future. In addition, Merge Healthcare is required under the terms of the Investor Rights Agreement, dated as of February 25, 2015, to provide for the Investor Parties, until such time as the Company amends the Certificate of Incorporation to permit the holders of Series A Preferred Stock to elect a director directly, subject to maintaining a minimum holding of Series A Preferred Stock, to designate one (1) director for election to our Board.

The full text of the proposed amendments is as follows:

Amendment to Certificate of Incorporation

C. Voting Rights. Except as otherwise provided by the Delaware General Corporation Law or this Certificate of Incorporation and subject to the rights of holders of Preferred Stock, all of the voting power of the stockholders of the Corporation shall be vested in the holders of the Common Stock, and each holder of Common Stock shall have one vote for each share held of record by such holder on all matters submitted to a vote of the stockholders of the Corporation generally. Notwithstanding any other provision of this Certificate of Incorporation to the contrary, the holders of Common Stock shall not be entitled to vote on any amendment to this Certificate of Incorporation (including any certificate of designation in respect of any series of Preferred Stock) that relates solely to the terms of one or more outstanding series of Preferred Stock if the holders of such affected series are entitled, either as a separate series or together as a class with the holders of one or more such other series, to vote thereon pursuant to this Certificate of Incorporation.

Amendment to Certificate of Designation

Section 10. Voting Rights: Election of Directors.

(a) Voting Rights. Without limiting any rights provided to the holders of Series A Preferred Shares under the DGCL, the holders of Series A Preferred Shares shall be entitled to vote as a single class with the holders of the Common Stock on all matters submitted to a vote of stockholders of the Corporation. Each holder of Series A Preferred Shares shall be entitled to the number of votes equal to the largest number of full shares of Common Stock into which all Series A Preferred held of record by such holder could then be converted (taking into account, for the avoidance of doubt, all Unpaid Series A Dividends thereon convertible into shares of Common Stock, any Conversion Price adjustments made pursuant to Section 9 and, prior to the Stockholder Approval, the Conversion Cap) at the record date for the determination of the stockholders entitled to vote on such matters or, if no such record date is established, at the date such vote is taken or any written consent of stockholders is first executed; provided, however, that no holder of Series A Preferred shall be entitled to cast votes for the number of shares of Common Stock issuable upon conversion of such Series A Preferred Shares held by such holder that exceeds (subject to a proportionate adjustment in the event of a stock split, stock dividend, combination or other proportionate recapitalization) the quotient of (x) the aggregate purchase price paid by such holder of Series A Preferred Shares for its Series A Preferred Shares, divided by (y) the greater of (i) \$4.14 and (ii) the Closing Price of the Common Stock on the Trading Day immediately prior to the Date of Issuance of such holder's Series A Preferred Shares. The holders of Series A Preferred Shares shall be entitled to notice of any meeting of stockholders in accordance with the Bylaws of the Corporation.

(b) Investor Director.

(1) For so long as Investors hold at least the Minimum Holding, the holders of Series A Preferred Shares, voting as a separate class, shall be entitled to elect one (1) member (the "Investor Director") of the Board.

(2) Each Investor Director appointed shall continue to hold office until the next annual meeting of the stockholders of the Corporation and until his or her successor is elected and qualified in accordance with Section 10(b)(1) and the Bylaws or at such time as such Investor Director's death, resignation, retirement or disqualification. The Corporation shall use its reasonable best efforts to ensure that any Investor Director is removed only if so directed in writing by the holders of a majority of the Series A Preferred Shares, unless otherwise required by Section 10(b)(1) or applicable law.

(3) Any vacancy, including but not limited to a vacancy created by the removal, death, resignation, retirement or disqualification of an Investor Director, shall be filled by the affirmative vote of a majority of the Series A Preferred Shares. If the holders of the Series A Preferred Shares for any reason fail to elect anyone to fill any such directorship or vacancy, such position shall remain vacant until such time as such holders elect a director to fill such position and shall not be filled by resolution or vote of the Board or the Corporation's other stockholders. The Corporation shall take all such action as may be reasonably requested by such holders to effect this Section 10(b) (including nominating and recommending the designees of the holders of the Series A Preferred Shares for election).

(4) The Investor Director shall be entitled to reimbursement of expenses incurred in such capacities on the same basis as the Company provides such reimbursement to the other non-management members of its Board.

VOTE REQUIRED

The affirmative vote of a majority of the outstanding shares of Voting Stock is required to approve the amendment to the Merge Healthcare Certificate of Incorporation allowing holders of preferred stock to vote separately and Merge Healthcare Certificate of Designation for the Series A Preferred Stock to vote for a Director to our Board. Abstentions and broker non-votes will have the effect of a vote against this proposal.

RECOMMENDATION OF THE BOARD

The Board unanimously recommends a vote “FOR” the approval of an amendment to the Certificate of Incorporation and Certificate of Designation of the Company.

POLICY ON AUDIT COMMITTEE PRE-APPROVAL OF AUDIT AND PERMISSIBLE NON-AUDIT SERVICES OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Consistent with the Commission and the Public Company Accounting Oversight Board (“PCAOB”) requirements regarding auditor independence, the Audit Committee has responsibility for appointing, setting compensation and overseeing the work of the independent registered public accounting firm. In recognition of this responsibility, the Audit Committee has established a policy to pre-approve all audit and permissible non-audit services provided by the independent registered public accounting firm.

Prior to engagement of the independent registered public accounting firm for each year’s audit, management will submit a list to the Audit Committee for its approval of services and related fees expected to be rendered and fees expected to be incurred during that year within each of four (4) categories of services to the Audit Committee for approval.

Audit services include audit work performed on the financial statements and internal control over financial reporting, as well as work that generally only the independent registered public accounting firm can reasonably be expected to provide, including quarterly reviews, comfort letters, statutory audits, and discussions surrounding the proper application of financial accounting and/or reporting standards.

Audit-Related services are for assurance and related services that are traditionally performed by the independent registered public accounting firm, including due diligence related to mergers and acquisitions, employee benefit plan audits, and special procedures required to meet certain regulatory requirements.

•

Tax services include all services, except those services specifically related to the audit of the financial statements, performed by the independent registered public accounting firm's tax personnel, including tax analysis; assisting with coordination of execution of tax-related activities, primarily in the area of corporate development; supporting other tax-related regulatory requirements; and tax compliance and reporting. The Company generally does not request such services from the independent registered public accounting firm.

All Other services are those services not captured in the audit, audit-related or tax categories. The Company generally does not request such services from the independent registered public accounting firm.

The Audit Committee requires the independent registered public accounting firm and management to report actual fees versus the budget periodically throughout the year by category of service. During the year, circumstances may arise when it may become necessary to engage the independent registered public accounting firm for additional services not contemplated in the original pre-approval categories. In those instances, the Audit Committee requires specific pre-approval before engaging the independent registered public accounting firm. The Audit Committee may delegate pre-approval authority to one or more of its members. The member to whom such authority is delegated must report any pre-approval decisions to the Audit Committee at its next scheduled meeting.

To the extent required under Section 162(m) of the Code, the Committee shall, within the first 90 days of a Performance Period (or, if longer or shorter, within the maximum period allowed under Section 162(m) of the Code), define in an objective fashion the manner of calculating the Performance Criteria it selects to use for such Performance Period. “Performance Formula” means, for a Performance Period, the one or more objective formulas applied against the relevant Performance Goal to determine, with regard to the Performance Compensation Award of a particular Participant, whether all, some portion but less than all, or none of the Performance Compensation Award has been earned for the Performance Period.

The Committee is authorized at any time during the first 90 days of a Performance Period (or, if longer or shorter, within the maximum period allowed under Section 162(m) of the Code), or at any time thereafter (but only to the extent the exercise of such authority after such period would not cause the Performance Compensation Awards granted to any Participant for the Performance Period to fail to qualify as “performance-based compensation” under Section 162(m) of the Code), in its sole and absolute discretion, to adjust or modify the calculation of a Performance Goal for such Performance Period to the extent permitted under Section 162(m) of the Code in order to prevent the dilution or enlargement of the rights of Participants based on the following events: (i) asset write-downs and impairment charges relating to goodwill, intangible assets or other long-lived assets; (ii) litigation or claim judgments or settlements; (iii) the effect of changes in tax laws, accounting principles, or other laws or regulatory rules affecting reported results; (iv) any reorganization and restructuring programs; (v) extraordinary nonrecurring items as described in Accounting Standards Codification Topic 225-20 (or any successor pronouncement thereto) and/or in management’s discussion and analysis of financial condition and results of operations appearing in the Company’s annual report to shareholders for the applicable year; (vi) acquisitions or divestitures and costs relating thereto; (vii) any other specific unusual or nonrecurring events, or objectively determinable category thereof; (viii) foreign exchange gains and losses; (ix) stock-based compensation expense or costs and (x) a change in the Company’s fiscal year. In addition to the foregoing adjustments, should the Performance Goal be tied to cash flow, operating cash flow or free cash flow objectives, then the Committee may, in establishing the applicable targets, authorize adjustments, deductions and/or exclusions with respect to one or more of the following items to the extent those items are to be utilized in the calculation of cash flow, operating cash flow or free cash flow for any or all of the fiscal years within the applicable Performance Period or any other fiscal year that serves as a base or comparative measurement year: (1) cash amounts expended in the acquisition of property, plant and equipment, (2) cash amounts paid as interest expense, (3) cash amounts received as interest income, (4) increases or decreases in working capital, (5) cash flows or adjusted cash flows attributable to new businesses or entities begun by the Company or any subsidiary, (6) cash flow impact of interparty transactions between or among the Company and one or more subsidiaries involving the acquisition, licensing or cost sharing of intangible assets

daughter-in-law, brother-in-law, or sister-in-law, including adoptive relationships), any person sharing the Optionholder's household (other than a tenant or employee), a trust in which these persons have more than 50% of the beneficial interest, a foundation in which these persons (or the Optionholder) control the management of assets, and any other entity in which these persons (or the Optionholder) have beneficial ownership of more than 50% of the equity interests; (ii) third parties designated by the Committee in connection with a program established and approved by the Committee pursuant to which Participants may receive a cash payment or other consideration in consideration for the transfer of a Non-qualified Stock Option; and (iii) such other transferees as may be permitted by the Committee in its sole discretion.

Subject to the terms of the Plan, the Committee’s charter and Applicable Laws, and in addition to other express powers and authorization conferred by the Plan, the Committee shall have the authority: (i) to construe and interpret the Plan and apply its provisions; (ii) to promulgate, amend, and rescind rules and regulations relating to the administration of the Plan; (iii) to authorize any person to execute, on behalf of the Company, any instrument required to carry out the purposes of the Plan; (iv) to determine when Awards are to be granted under the Plan and the applicable Grant Date; (v) from time to time, to select, subject to the limitations set forth in this Plan, those Participants to whom Awards shall be granted; (vi) to determine the number of shares of Common Stock to be made subject to each Award; (vii) to prescribe the terms and conditions of each Award, including, without limitation, the exercise price and medium of payment and vesting provisions, and to specify the provisions of the Award Agreement relating to such grant; (viii) to designate an Award (including a cash Award) as a Performance Compensation Award and to select the Performance Criteria that will be used to establish the Performance Goals; (ix) to amend any outstanding Awards, including for the purpose of modifying the time or manner of vesting, or the term of any outstanding Award; provided, however, that if any such amendment impairs a Participant’s rights or increases a Participant’s obligations under his or her Award or creates or increases a Participant’s federal income tax liability with respect to an Award, such amendment shall also be subject to the Participant’s consent; (x) to determine the duration and purpose of leaves of absences which may be granted to a Participant without constituting termination of their employment for purposes of the Plan, which periods shall be no shorter than the periods generally applicable to Employees under the Company’s employment policies; (xi) to make decisions with respect to outstanding Awards that may become necessary upon a Change in Control or an event that triggers anti-dilution adjustments; (xii) to interpret, administer, reconcile any inconsistency in, correct any defect in and/or supply any omission in the Plan and any instrument or agreement relating to, or Award granted under, the Plan; and (xiii) to exercise discretion to make any and all other determinations which it determines to be necessary or advisable for the administration of the Plan. The Committee also may modify the purchase price or the exercise price of any outstanding Award, provided that if the modification effects a re-pricing, shareholder approval shall be required before the re-pricing is effective.

3.2 Committee Decisions Final. All decisions made by the Committee pursuant to the provisions of the Plan shall be final and binding on the Company and the Participants.

3.3 Delegation. The Committee may delegate, subject to such terms or conditions or guidelines as it shall determine, to any officer or group of officers, or director or group of directors of the Company (including to a subcommittee of members of the Compensation Committee of the Board) or its subsidiaries any portion of its authority and powers under the Plan with respect to Participants who are not Officers; provided, that any delegation to one or more Officers of the Company shall be subject to section 157(c) of the Delaware General Corporation Law (or

successor provision). Only the Committee may select, grant, administer, or exercise any other discretionary authority under the Plan in respect of Awards granted to such Participants who are Officers or Directors. The Committee shall also be permitted to delegate, to any appropriate Officer or employee of the Company, responsibility for performing certain ministerial functions under the Plan. In the event that the Committee's authority is delegated to Officers or employees in accordance with the foregoing, all provisions of the Plan relating to the Committee shall be interpreted in a manner consistent with the foregoing by treating any such reference as a reference to such Officer or employee for such purpose. Any action undertaken in accordance with the Committee's delegation of authority hereunder shall have the same force and effect as if such action was undertaken directly by the Committee and shall be deemed for all purposes of the Plan to have been taken by the Committee.

A-5

3.4 Indemnification. In addition to such other rights of indemnification as they may have as Directors or members of the Committee, and to the extent allowed by Applicable Laws, the Committee shall be indemnified by the Company against the reasonable expenses, including attorney's fees, actually incurred in connection with any action, suit or proceeding or in connection with any appeal therein, to which the Committee may be party by reason of any action taken or failure to act under or in connection with the Plan or any Award granted under the Plan, and against all amounts paid by the Committee in settlement thereof (provided, however, that the settlement has been approved by the Company, which approval shall not be unreasonably withheld) or paid by the Committee in satisfaction of a judgment in any such action, suit or proceeding, except in relation to matters as to which it shall be adjudged in such action, suit or proceeding that such Committee did not act in good faith and in a manner which such person reasonably believed to be in the best interests of the Company, or in the case of a criminal proceeding, had no reason to believe that the conduct complained of was unlawful; provided, however, that within 60 days after institution of any such action, suit or proceeding, such Committee shall, in writing, offer the Company the opportunity at its own expense to handle and defend such action, suit or proceeding.

3.5 Participants Based Outside the United States. In order to conform with provisions of local laws and regulations in foreign countries in which the Company or its subsidiaries operate, the Committee may modify the terms and conditions of Awards granted to Participants employed outside the United States, establish subplans with modified exercise procedures and such other modifications as may be necessary or advisable under the circumstances presented by local laws and regulations, and take any action which it deems advisable to obtain, comply with or otherwise reflect any necessary governmental regulatory procedures, exemptions or approvals with respect to the Plan or any subplan established hereunder; provided, however, that the Committee may not increase the number of shares available or that may be issued under the Plan, nor shall any amendment of the Plan that would cause the Plan to cease to satisfy any conditions under Rule 16b-3 under the Exchange Act or the grant of any Performance Compensation Award to fail to qualify for an income tax deduction pursuant to section 162(m) of the Code be effective to the extent such amendment would cause the Plan to cease to satisfy any conditions under Rule 16b-3 under the Exchange Act or the grant of any Performance Compensation Award to fail to qualify for an income tax deduction pursuant to section 162(m) of the Code.

4. Shares Subject to the Plan.

4.1 Available Stock. Subject to increase in accordance with Section 4.4 and adjustment in accordance with Section 10, the number of shares of Common Stock available for the grant of Awards under the Plan shall be 2,000,000 plus the number of shares of Common Stock that were available for grant under the 2005 Plan, but not subject to outstanding awards, as of the Effective Date. After the Effective Date, no further awards shall be made under the 2005 Plan and the 2005 Plan shall remain in effect only so long as awards made thereunder shall remain outstanding. During the terms of the Awards, the Company shall keep available at all times the number of shares of Common Stock required to satisfy such Awards. Subject to adjustment in accordance with Section 10, each share of Common Stock underlying an Award shall count as one share against the limit set forth in this Section 4.1.

4.2 Type. Shares of Common Stock available for distribution under the Plan may consist, in whole or in part, of authorized and unissued shares, treasury shares or shares reacquired by the Company in any manner.

4.3 Individual Limits. Subject to adjustment in accordance with Section 10, no Participant shall be granted, during any three year period, Options with respect to more than 3,000,000 shares of Common Stock in the aggregate or any other Awards with respect to more than 3,000,000 shares of Common Stock in the aggregate. If an Award is to be settled in cash, the number of shares of Common Stock on which the Award is based shall count toward the individual share limit set forth in this Section 4. The maximum amount that can be paid in any calendar year to any Participant pursuant to a cash bonus Award described in the last sentence of Section 6.2(a) shall be \$1,000,000. Furthermore, any Performance Compensation Award that has been deferred shall not (between the date as of which the Award is deferred and the payment date) increase (i) with respect to a Performance Compensation Award that is payable in cash, by a measuring factor for each fiscal year greater than a reasonable rate of interest set

by the Committee, or (ii) with respect to a Performance Compensation Award that is payable in shares of Common Stock, by an amount greater than the appreciation of a share of Common Stock from the date such Award is deferred to the payment date.

A-6

4.4 Re-issuance. Any shares of Common Stock subject to an (i) Award under the Plan or (ii) award under the 2005 Plan, that is canceled, forfeited or expires prior to exercise or realization, either in full or in part, shall again become available for issuance under the Plan. Notwithstanding anything to the contrary contained herein: shares subject to an Award under the Plan or the 2005 Plan shall not again be made available for issuance or delivery under the Plan if such shares are shares tendered in payment of an Option, shares delivered or withheld by the Company to satisfy any tax withholding obligation or other Awards that were not issued upon the settlement of the Award.

4.5 Term. No Award may be granted under the Plan on or after the tenth anniversary of the Plan's current Effective Date. Upon termination of the Plan, no Awards may be granted but Awards previously granted shall remain outstanding in accordance with the terms of the Plan and the applicable Award Agreement.

5. Option Provisions. Each Option granted under the Plan shall be evidenced by an Award Agreement. Each Option so granted shall be subject to the conditions set forth in this Section 5, and to such other conditions not inconsistent with the Plan as may be reflected in the applicable Award Agreement. All Options shall be designated Non-qualified Stock Options at the time of grant, and, if certificates are issued, a separate certificate or certificates will be issued for shares of Common Stock purchased on exercise of such of Option. Notwithstanding the foregoing, the Company shall have no liability to any Participant or any other person if an Option is determined to constitute "nonqualified deferred compensation" within the meaning of Section 409A of the Code and the terms of such Option do not satisfy the requirements of Section 409A of the Code. The provisions of separate Options need not be identical, but each Option shall include (through incorporation of provisions hereof by reference in the Option or otherwise) the substance of each of the following provisions:

5.1 Term. The term of a Non-qualified Stock Option granted under the Plan shall be determined by the Committee; provided, however, no Non-qualified Stock Option shall be exercisable after the expiration of 10 years from the Grant Date.

5.2 Consideration. The Option Exercise Price of Common Stock acquired pursuant to an Option shall be paid, to the extent permitted by applicable statutes and regulations, in cash or by certified or bank check at the time the Option is exercised, or in the discretion of the Committee, upon such terms as the Committee shall approve, the Option Exercise Price may be paid as follows: (i) through delivery of shares of Common Stock (either in full or in part, and including actual delivery or delivery by attestation), (ii) by withholding shares or reducing the number of shares deliverable under a net exercise program pursuant to which shares are withheld or reduced from otherwise deliverable shares, (iii) a broker-assisted cashless exercise arrangement, or (iv) in accordance with such other procedures or in such other forms as the Committee shall from time to time determine.

Unless otherwise specifically provided in the Option, the exercise price of Common Stock acquired pursuant to an Option that is paid by delivery (or attestation) to the Company of other Common Stock acquired, directly or indirectly from the Company, shall be paid only by shares of the Common Stock of the Company that have been held for more than six months (or such longer or shorter period of time required to avoid a charge to earnings for financial accounting purposes). Notwithstanding the foregoing, during any period for which the Common Stock is publicly traded (i.e., the Common Stock is listed on any established stock exchange or a national market system) an exercise by a Director or Officer that involves or may involve a direct or indirect extension of credit or arrangement of an extension of credit by the Company, directly or indirectly, in violation of Section 402(a) of the Sarbanes-Oxley Act of 2002 shall be prohibited with respect to any Award under this Plan.

5.3 Transferability of a Non-qualified Stock Option. A Non-qualified Stock Option may, in the sole discretion of the Committee, be transferable to a Permitted Transferee, upon written approval by the Committee. If the Non-qualified Stock Option does not provide for transferability, then the Non-qualified Stock Option shall not be transferable except by will or by the laws of descent and distribution and shall be exercisable during the lifetime of the Optionholder only by the Optionholder. Notwithstanding the foregoing, the Optionholder may, by delivering written notice to the Company, in a form satisfactory to the Company, designate a third party who, in the event of the death of

the Optionholder, shall thereafter be entitled to exercise the Option.

A-7

5.4 Vesting of Options. Each Option may, but need not, vest and therefore become exercisable in periodic installments that may, but need not, be equal. The Option may be subject to such other terms and conditions on the time or times when it may be exercised (which may be based on performance or other criteria) as the Committee may deem appropriate. The vesting provisions of individual Options may vary. No Option may be exercised for a fraction of a share of Common Stock. The Committee may, but shall not be required to, provide for an acceleration of vesting and exercisability in the terms of any Award Agreement upon the occurrence of a specified event, including, without limitation, a Change of Control.

5.5 Termination of Continuous Service. Unless otherwise provided in an Award Agreement or in an employment agreement the terms of which have been approved by the Committee, in the event an Optionholder's Continuous Service terminates (other than upon the Optionholder's death or Disability), the Optionholder may exercise his or her Option (to the extent that the Optionholder was entitled to exercise such Option as of the date of termination) but only within such period of time ending on the earlier of (i) the date six months following the termination of the Optionholder's Continuous Service, or (ii) the expiration of the term of the Option as set forth in the Award Agreement; provided that, if the termination of Continuous Service is by the Company for Cause, all outstanding Options (whether or not vested) shall immediately terminate and cease to be exercisable. If, after termination, the Optionholder does not exercise his or her Option within the time specified in the Award Agreement, the Option shall terminate.

5.6 Extension of Termination Date. Unless otherwise provided in an Award Agreement, if the exercise of the Option following the termination of the Optionholder's Continuous Service for any reason would be prohibited at any time because the issuance of shares of Common Stock would violate the registration requirements under the Securities Act or any other state or federal securities law or the rules of any securities exchange or interdealer quotation system or if any blackout period is in effect with respect to the Common Stock that would prohibit the Optionholder from selling shares of Common Stock, then the period during which the Option may be exercised shall be automatically extended and the Option shall terminate on the earlier of (i) the expiration of the term of the Option, or (ii) the expiration of a period after termination of the Participant's Continuous Service that is six months after the end of the period during which the exercise of the Option would be in violation of such registration or other securities law requirements and the Optionholder would be permitted to sell the Common Stock in accordance with the Company's blackout policies.

5.7 Disability of Optionholder. Unless otherwise provided in an Award Agreement, in the event that an Optionholder's Continuous Service terminates as a result of the Optionholder's Disability, the Optionholder may exercise his or her Option (to the extent that the Optionholder was entitled to exercise such Option as of the date of termination), but only within such period of time ending on the earlier of (i) the date 12 months following such termination, or (ii) the expiration of the term of the Option as set forth in the Award Agreement. If, after termination, the Optionholder does not exercise his or her Option within the time specified herein or in the Award Agreement, the Option shall terminate.

5.8 Death of Optionholder. Unless otherwise provided in an Award Agreement, in the event an Optionholder's Continuous Service terminates as a result of the Optionholder's death, then the Option may be exercised (to the extent the Optionholder was entitled to exercise such Option as of the date of death) by the Optionholder's estate, by a person who acquired the right to exercise the Option by bequest or inheritance or by a person designated to exercise the Option upon the Optionholder's death, but only within the period ending on the earlier of (i) the date 12 months following the date of death, or (ii) the expiration of the term of such Option as set forth in the Award Agreement. If, after the Optionholder's death, the Option is not exercised within the time specified herein or in the Award Agreement, the Option shall terminate.

6. Provisions of Awards Other Than Options.

6.1 Restricted Awards.

(a) General

A Restricted Award is an Award of actual shares of Common Stock (“Restricted Stock”) or a contractual right to receive a stated number of shares of Common Stock (“Restricted Stock Units”) having a value equal to the Fair Market Value of an identical number of shares of Common Stock, which may, but need not, provide that such Restricted Award may not be sold, assigned, transferred or otherwise disposed of, pledged or hypothecated as collateral for a loan or as security for the performance of any obligation or for any other purpose for such period (the “Restricted Period”) as the Committee shall determine. Each Restricted Award granted under the Plan shall be evidenced by an Award Agreement. Each Restricted Award so granted shall be subject to the conditions set forth in this Section 6.1, and to such other conditions not inconsistent with the Plan as may be reflected in the applicable Award Agreement.

A-8

(b) Restricted Stock

Each Participant granted Restricted Stock shall execute and deliver to the Company an Award Agreement with respect to the Restricted Stock setting forth the restrictions and other terms and conditions applicable to such Restricted Stock. Subject to the restrictions set forth in the Award, the Participant generally shall have the rights and privileges of a shareholder as to such Restricted Stock, including the right to vote such Restricted Stock and the right to receive dividends.

(c) Restricted Stock Units

The terms and conditions of a grant of Restricted Stock Units shall be reflected in an Award Agreement. No shares of Common Stock shall be issued at the time a Restricted Stock Unit is granted, and the Company will not be required to set aside a fund for the payment of any such Award. A Participant shall have no voting rights with respect to any Restricted Stock Units granted hereunder. The Committee may also grant Restricted Stock Units with a deferral feature, whereby settlement is deferred beyond the vesting date until the occurrence of a future payment date or event set forth in an Award Agreement.

(d) Restrictions

Restricted Stock awarded to a Participant shall be subject to the following restrictions until the expiration of the Restricted Period, and to such other terms and conditions as may be set forth in the applicable Award Agreement: (i) the shares shall be subject to the restrictions on transferability set forth in the Award Agreement; (ii) the shares shall be subject to forfeiture to the extent provided in the applicable Award Agreement; and (iii) to the extent such shares are forfeited, the stock certificates shall be returned to the Company, and all rights of the Participant to such shares and as a shareholder with respect to such shares shall terminate without further obligation on the part of the Company. Restricted Stock Units awarded to any Participant shall be subject to (1) forfeiture until the expiration of the Restricted Period, and satisfaction of any applicable Performance Goals during such period, to the extent provided in the applicable Award Agreement, and to the extent such Restricted Stock Units are forfeited, all rights of the Participant to such Restricted Stock Units shall terminate without further obligation on the part of the Company, and (2) such other terms and conditions as may be set forth in the applicable Award Agreement. The Committee shall have the authority to remove any or all of the restrictions on the Restricted Stock or Restricted Stock Units whenever it may determine that, by reason of changes in Applicable Laws or other changes in circumstances arising after the date the Restricted Stock or Restricted Stock Units are granted, such action is appropriate.

(e) Restricted Period

With respect to Restricted Awards, the Restricted Period shall commence on the Grant Date and end at the time or times set forth on a schedule established by the Committee in the applicable Award Agreement. No Restricted Award may be granted or settled for a fraction of a share of Common Stock. The Committee may, but shall not be required to, provide for an acceleration of vesting in the terms of any Award Agreement upon the occurrence of a specified event.

(f) Delivery of Restricted Stock and Settlement of Restricted Stock Units

Upon the expiration of the Restricted Period with respect to any shares of Restricted Stock, the restrictions set forth in Section 6.1(d) and the applicable Award Agreement shall be of no further force or effect with respect to such shares, except as set forth in the applicable Award Agreement. Upon the expiration of the Restricted Period with respect to any outstanding Restricted Stock Units, the Company shall deliver to the Participant, or his or her beneficiary, without charge, one share of Common Stock for each such outstanding vested Restricted Stock Unit (“Vested Unit”); provided, however, that, if explicitly provided in the applicable Award Agreement, the Committee may, in its sole discretion, elect to pay cash or part cash and part Common Stock in lieu of delivering only shares of Common Stock for Vested

Units. If a cash payment is made in lieu of delivering shares of Common Stock, the amount of such payment shall be equal to the Fair Market Value of the Common Stock as of the date on which the Restricted Period lapsed in the case of Restricted Stock Units, with respect to each Vested Unit.

A-9

(g) Stock Restrictions

Each certificate representing Restricted Stock awarded under the Plan shall bear a legend in such form as the Company deems appropriate.

6.2 Performance Compensation Awards.

(a) General

The Committee shall have the authority, at the time of grant of any Award described in this Plan to designate such Award as a Performance Compensation Award in order to qualify such Award as “performance-based compensation” under Section 162(m) of the Code. In addition, the Committee shall have the authority to make an Award of a cash bonus to any Participant and designate such Award as a Performance Compensation Award in order to qualify such Award as “performance-based compensation” under Section 162(m) of the Code.

(b) Eligibility

The Committee will, in its sole discretion, designate within the first 90 days of a Performance Period (or, if longer or shorter, within the maximum period allowed under Section 162(m) of the Code) which Participants will be eligible to receive Performance Compensation Awards in respect of such Performance Period. However, designation of a Participant eligible to receive an Award hereunder for a Performance Period shall not in any manner entitle the Participant to receive payment in respect of any Performance Compensation Award for such Performance Period. The determination as to whether or not such Participant becomes entitled to payment in respect of any Performance Compensation Award shall be decided solely in accordance with the provisions of this Section 6.2. Moreover, designation of a Participant eligible to receive an Award hereunder for a particular Performance Period shall not require designation of such Participant eligible to receive an Award hereunder in any subsequent Performance Period and designation of one person as a Participant eligible to receive an Award hereunder shall not require designation of any other person as a Participant eligible to receive an Award hereunder in such period or in any other period.

(c) Discretion of Committee with Respect to Performance Compensation Awards

With regard to a particular Performance Period, the Committee shall have full discretion to select the length of such Performance Period (provided any such Performance Period shall be not less than one fiscal quarter in duration), the types of Performance Compensation Awards to be issued, the Performance Criteria that will be used to establish the Performance Goals, the kinds and/or levels of the Performance Goals that are to apply to the Company and the Performance Formula. Within the first 90 days of a Performance Period (or, if longer or shorter, within the maximum period allowed under Section 162(m) of the Code), the Committee shall, with regard to the Performance Compensation Awards to be issued for such Performance Period, exercise its discretion with respect to each of the matters enumerated in the immediately preceding sentence of this Section 6.2(c) and record the same in writing.

(d) Payment of Performance Compensation Awards

(i) Condition to Receipt of Payment. Unless otherwise provided in the applicable Award Agreement, a Participant must be employed by the Company or be serving as a Director of the Company on the last day of a Performance Period to be eligible for payment in respect of a Performance Compensation Award for such Performance Period.

(ii) Limitation. A Participant shall be eligible to receive payment in respect of a Performance Compensation Award only to the extent that: (1) the Performance Goals for such period are achieved; and (2) the Performance Formula as applied against such Performance Goals determines that all or some portion of such Participant’s Performance Compensation Award has been earned for the Performance Period.

(iii) Certification. Following the completion of a Performance Period, the Committee shall review and certify in writing whether, and to what extent, the Performance Goals for the Performance Period have been achieved and, if so, calculate and certify in writing the amount of the Performance Compensation Awards earned for the period based upon the Performance Formula. The Committee shall then determine the actual size of each Participant's Performance Compensation Award for the Performance Period and, in so doing, may apply its discretion in accordance with 000 hereof, if and when it deems appropriate.

A-10

(iv) Use of Discretion. In determining the actual size of an individual Performance Compensation Award for a Performance Period, the Committee may in its discretion reduce or eliminate the amount of the Performance Compensation Award earned under the Performance Formula in the Performance Period, provided that the exercise of such discretion would not cause the Performance Compensation Award to fail to qualify as “performance-based compensation” under Section 162(m) of the Code. The Committee shall not have the discretion to grant or provide payment in respect of Performance Compensation Awards for a Performance Period if the Performance Goals for such Performance Period have not been attained.

(v) Timing of Award Payments. Performance Compensation Awards granted for a Performance Period shall be paid to Participants as soon as administratively practicable following completion of the certifications required by this Section 6.2 but in no event later than 90 days following the end of the calendar year during which the Performance Period is completed.

7. Securities Law Compliance. No shares of Common Stock shall be purchased or sold under any Award Agreement unless and until any then applicable requirements of state or federal laws and regulatory agencies have been fully complied with to the satisfaction of the Company and its counsel. The Company shall use reasonable efforts to seek to obtain from each regulatory commission or agency having jurisdiction over the Plan such authority as may be required to grant Awards and to issue and sell shares of Common Stock upon exercise of the Awards; provided, however, that this undertaking shall not require the Company to register under the Securities Act the Plan, any Award or any Common Stock issued or issuable pursuant to any such Award. If, after reasonable efforts, the Company is unable to obtain from any such regulatory commission or agency the authority which counsel for the Company deems necessary for the lawful issuance and sale of Common Stock under the Plan, the Company shall be relieved from any liability for failure to issue and sell Common Stock upon exercise of such Awards unless and until such authority is obtained.

8. Use of Proceeds from Stock. Proceeds from the sale of Common Stock pursuant to Awards, or upon exercise thereof, shall constitute general funds of the Company.

9. Miscellaneous.

9.1 Acceleration of Exercisability and Vesting. The Committee shall have the power to accelerate the time at which an Award may first be exercised or the time during which an Award or any part thereof will vest in accordance with the Plan, notwithstanding the provisions in the Award stating the time at which it may first be exercised or the time during which it will vest.

9.2 Shareholder Rights. Except as provided in the Plan or an Award Agreement, no Participant shall be deemed to be the holder of, or to have any of the rights of a holder with respect to, any shares of Common Stock subject to such Award unless and until such Participant has satisfied all requirements for exercise of the Award pursuant to its terms and no adjustment shall be made for dividends (ordinary or extraordinary, whether in cash, securities or other property) or distributions of other rights for which the record date is prior to the date such Common Stock certificate is issued, except as provided in Section 10 hereof.

9.3 No Employment or Other Service Rights. Nothing in the Plan or any instrument executed or Award granted pursuant thereto shall confer upon any Participant any right to continue to serve the Company or any of its subsidiaries in the capacity in effect at the time the Award was granted or shall affect the right of the Company or a subsidiary to terminate (i) the employment of an Employee with or without notice and with or without Cause, (ii) the retention of the consultant with or without notice and with or without Cause or (iii) the service of a Director pursuant to the By-laws of the Company or a subsidiary, and any applicable provisions of the corporate law of the state in which the Company or the subsidiary is incorporated, as the case may be.

9.4 Transfer; Approved Leave of Absence. For purposes of the Plan, no termination of employment by an Employee shall be deemed to result from either (i) a transfer of employment to the Company from a subsidiary or from the Company to a subsidiary, or from one subsidiary to another, or (ii) an approved leave of absence for military service or sickness, or for any other purpose approved by the Company, if the Employee's right to reemployment is guaranteed either by a statute or by contract or under the policy pursuant to which the leave of absence was granted or if the Committee otherwise so provides in writing, in either case, except to the extent inconsistent with Section 409A of the Code if the applicable Award is subject thereto.

A-11

9.5 Withholding Obligations. Unless otherwise set forth in the terms of an Award Agreement and subject to the discretion of the Committee, the Participant may satisfy any federal, state or local tax withholding obligation relating to the exercise or acquisition of Common Stock under an Award by any of the following means (in addition to the Company's right to withhold from any compensation paid to the Participant by the Company) or by a combination of such means: (i) tendering a cash payment; (ii) authorizing the Company to withhold shares of Common Stock from the shares of Common Stock otherwise issuable or deliverable to the Participant as a result of the exercise, acquisition or vesting of Common Stock under the Award, provided, however, that no shares of Common Stock are withheld with a value exceeding the minimum amount of tax required to be withheld by law; or (iii) delivering to the Company previously owned and unencumbered shares of Common Stock of the Company.

10. Adjustments upon Changes in Stock. In the event of changes in the outstanding Common Stock or in the capital structure of the Company by reason of any stock or extraordinary cash dividend, stock split, reverse stock split, an extraordinary corporate transaction such as any recapitalization, reorganization, merger, consolidation, combination, exchange, or other relevant change in capitalization occurring after the Grant Date of any Award, Awards granted under the Plan and any Award Agreements, the exercise price of Options, the maximum number of shares of Common Stock subject to all Awards stated in Section 4 and the maximum number of shares of Common Stock with respect to which any one person may be granted Awards during any period stated in Section 4 will be equitably adjusted or substituted, as to the number, price or kind of a share of Common Stock or other consideration subject to such Awards to the extent necessary to preserve the economic intent of such Award. In the case of adjustments made pursuant to this Section 10, unless the Committee specifically determines that such adjustment is in the best interests of the Company or its subsidiaries, the Committee shall, in the case of Non-qualified Stock Options, ensure that any adjustments under this Section 10 will not constitute a modification of such Non-qualified Stock Options within the meaning of Section 409A of the Code. Any adjustments made under this Section 10 shall be made in a manner which does not adversely affect the exemption provided pursuant to Rule 16b-3 under the Exchange Act. Further, with respect to Awards intended to qualify as "performance-based compensation" under Section 162(m) of the Code, any adjustments or substitutions will not cause the Company to be denied a tax deduction on account of Section 162(m) of the Code. The Company shall give each Participant notice of an adjustment hereunder and, upon notice, such adjustment shall be conclusive and binding for all purposes.

11. Effect of Change in Control.

11.1 Change in Control. Unless otherwise provided in an Award Agreement, notwithstanding any provision of the Plan to the contrary (i) in the event of a Change in Control, subject to the discretion of the Committee, all Options shall become immediately exercisable with respect to 100% of the shares subject to such Options, and/or the Restricted Period shall expire immediately with respect to 100% of the shares of Restricted Stock or Restricted Stock Units; and (ii) with respect to Performance Compensation Awards, in the event of a Change in Control, all incomplete Performance Periods in respect of such Award in effect on the date the Change in Control occurs shall end on the date of such change and the Committee shall (1) determine the extent to which Performance Goals with respect to each such Performance Period have been met based upon such audited or unaudited financial information then available as it deems relevant, and (2) cause to be paid to the applicable Participant partial or full Awards with respect to Performance Goals for each such Performance Period based upon the Committee's determination of the degree of attainment of Performance Goals or, if not determinable, assuming that the applicable "target" levels of performance have been attained, or on such other basis determined by the Committee.

To the extent practicable, any actions taken by the Committee under the immediately preceding clauses (i) and (ii) shall occur in a manner and at a time which allows affected Participants the ability to participate in the Change in Control with respect to the shares of Common Stock subject to their Awards.

11.2 Cancellation. In addition, in the event of a Change in Control, the Committee may in its discretion and upon at least 10 days' advance notice to the affected persons, cancel any outstanding Awards and pay to the holders thereof, in cash or stock, or any combination thereof, the value of such Awards based upon the price per share of Common Stock received or to be received by other shareholders of the Company in the event. In the case of any Option with an exercise price that equals or exceeds the price paid for a share of Common Stock in connection with the Change in Control, the Committee may cancel the Option without the payment of consideration therefor.

11.3 Binding Effect. The obligations of the Company under the Plan shall be binding upon any successor corporation or organization resulting from the merger, consolidation or other reorganization of the Company, or upon any successor corporation or organization succeeding to all or substantially all of the assets and business of the Company and its subsidiaries, taken as a whole.

12. Amendment of the Plan and Awards.

12.1 Amendment or Termination. The Board at any time, and from time to time, may amend or terminate the Plan. However, except as provided in Section 10 relating to adjustments upon changes in Common Stock and Section 12.3, no amendment shall be effective unless approved by the shareholders of the Company to the extent shareholder approval is necessary to satisfy any Applicable Laws. At the time of such amendment, the Board shall determine, upon advice from counsel, whether such amendment will be contingent on shareholder approval.

12.2 Shareholder Approval. The Board may, in its sole discretion, submit any other amendment to the Plan for shareholder approval, including, but not limited to, amendments to the Plan intended to satisfy the requirements of Section 162(m) of the Code and the regulations thereunder regarding the exclusion of performance-based compensation from the limit on corporate deductibility of compensation paid to certain executive officers.

12.3 Contemplated Amendments. It is expressly contemplated that the Board may amend the Plan in any respect the Board deems necessary or advisable to provide eligible Employees, consultants and Directors with the maximum benefits provided or to be provided under the provisions of the Code and the regulations promulgated thereunder relating to the nonqualified deferred compensation provisions of Section 409A of the Code and/or to bring the Plan and/or Awards granted under it into compliance therewith.

12.4 No Impairment of Rights. Rights under any Award granted before amendment of the Plan shall not be impaired by any amendment of the Plan unless (i) the Company requests the consent of the Participant, and (ii) the Participant consents in writing.

12.5 Amendment of Awards. The Committee at any time, and from time to time, may amend the terms of any one or more Awards; provided, however, that the Committee may not affect any amendment which would otherwise constitute a material impairment of the material rights of the Participant under any Award unless the Participant consents to such amendment in writing.

13. General Provisions.

13.1 Forfeiture Events. The Committee may specify in an Award Agreement that the Participant's rights, payments and benefits with respect to an Award shall be subject to reduction, cancellation, forfeiture or recoupment upon the occurrence of certain events, in addition to applicable vesting conditions of an Award. Such events may include, without limitation, breach of non-competition, non-solicitation, confidentiality, or other restrictive covenants that are contained in the Award Agreement or otherwise applicable to the Participant, a termination of the Participant's Continuous Service for Cause, or other conduct by the Participant that is detrimental to the business or reputation of the Company and/or its subsidiaries.

13.2 Clawback. Notwithstanding any other provisions in this Plan, any Award which is subject to recovery under any law, government regulation, stock exchange listing requirement or similar policy adopted by the Company from time to time, will be subject to such deductions and clawback as may be required to be made pursuant to such law, government regulation, stock exchange listing requirement or policy.

13.3 Other Compensation Arrangements. Nothing contained in this Plan shall prevent the Board from adopting other or additional compensation arrangements, subject to shareholder approval if such approval is required; and such arrangements may be either generally applicable or applicable only in specific cases.

A-13

13.4 Right to Offset. Notwithstanding any provisions of the Plan to the contrary, and to the extent permitted by applicable law (including section 409A of the Code), the Company may offset any amounts to be paid to a Participant (or, in the event of the Participant's death, to his beneficiary or estate) under the Plan against any amounts that such Participant may owe to the Company or its subsidiaries.

13.5 Deferral of Awards. The Committee may establish one or more programs under the Plan to permit selected Participants the opportunity to elect to defer receipt of consideration upon exercise of an Award, satisfaction of performance criteria, or other event that absent the election would entitle the Participant to payment or receipt of shares of Common Stock or other consideration under an Award. The Committee may establish the election procedures, the timing of such elections, the mechanisms for payments of, and accrual of interest or other earnings, if any, on amounts, shares or other consideration so deferred, and such other terms, conditions, rules and procedures that the Committee deems advisable for the administration of any such deferral program.

13.6 Unfunded Plan. The Plan shall be unfunded. Neither the Company, the Board, nor the Committee shall be required to establish any special or separate fund or to segregate any assets to assure the performance of its obligations under the Plan.

13.7 Recapitalizations. Each Award Agreement shall contain provisions required to reflect the provisions of Section 10.

13.8 Delivery. Upon exercise of a right granted under this Plan, the Company shall issue Common Stock or pay any amounts due within a reasonable period of time thereafter. Subject to Applicable Laws, for purposes of this Plan, 90 days shall be considered a reasonable period of time.

13.9 No Fractional Shares. No fractional shares of Common Stock shall be issued or delivered pursuant to the Plan. The Committee shall determine whether cash, additional Awards or other securities or property shall be issued or paid in lieu of fractional shares of Common Stock or whether any fractional shares should be rounded, forfeited or otherwise eliminated.

13.10 Award Agreements. Each Award Agreement shall be subject to the terms and conditions of the Plan. The Award Agreements authorized under the Plan may contain such other provisions not inconsistent with this Plan, including, without limitation, restrictions upon the exercise of the Awards, as the Committee may deem advisable. In the event of any inconsistency or conflict between the terms of the Plan and an Award Agreement, the terms of the Plan shall govern.

13.11 Section 409A. The Plan is intended to comply with Section 409A of the Code to the extent subject thereto, and, accordingly, to the maximum extent permitted, the Plan shall be interpreted and administered to be in compliance therewith. Any payments described in the Plan that are due within the "short-term deferral period" as defined in Section 409A of the Code shall not be treated as deferred compensation unless Applicable Laws require otherwise. Notwithstanding anything to the contrary in the Plan, to the extent required to avoid accelerated taxation and tax penalties under Section 409A of the Code, amounts that would otherwise be payable and benefits that would otherwise be provided pursuant to the Plan during the six month period immediately following the Participant's termination of Continuous Service shall instead be paid on the first payroll date after the six-month anniversary of the Participant's separation from service (or the Participant's death, if earlier). Notwithstanding the foregoing, neither the Company nor the Committee shall have any obligation to take any action to prevent the assessment of any excise tax or penalty on any Participant under Section 409A of the Code and neither the Company nor the Committee will have any liability to any Participant for such tax or penalty.

13.12 Furnishing Information. A Participant will cooperate with the Committee by furnishing any and all information requested by the Committee and take such other actions as may be requested in order to facilitate the administration of the Plan and the payments of benefits hereunder, including but not limited to taking such physical

examinations as the Committee may deem necessary when eligibility or entitlement to any compensation or benefit based on any matter relating to the Disability of the Participant is at issue.

13.13 Section 16. It is the intent of the Company that the Plan satisfy, and be interpreted in a manner that satisfies, the applicable requirements of Rule 16b-3 as promulgated under Section 16 of the Exchange Act so that Participants will be entitled to the benefit of Rule 16b-3, or any other rule promulgated under Section 16 of the Exchange Act, and will not be subject to short-swing liability under Section 16 of the Exchange Act. Accordingly, if the operation of any provision of the Plan would conflict with the intent expressed in this Section 13.13, such provision to the extent possible shall be interpreted and/or deemed amended so as to avoid such conflict.

A-14

13.14 Section 162(m). To the extent the Committee issues any Award that is intended to be exempt from the deduction limitation of Section 162(m) of the Code, the Committee may, without shareholder or grantee approval, amend the Plan or the relevant Award Agreement retroactively or prospectively to the extent it determines necessary in order to comply with any subsequent clarification of Section 162(m) of the Code required to preserve the Company's federal income tax deduction for compensation paid pursuant to any such Award.

13.15 Beneficiary Designation. Each Participant under the Plan may from time to time name any beneficiary or beneficiaries by whom any right under the Plan is to be exercised in case of such Participant's death. Each designation will revoke all prior designations by the same Participant, shall be in a form reasonably prescribed by the Committee and shall be effective only when filed by the Participant in writing with the Company during the Participant's lifetime.

13.16 Expenses. The costs of administering the Plan shall be paid by the Company.

13.17 Severability. If any of the provisions of the Plan or any Award Agreement is held to be invalid, illegal or unenforceable, whether in whole or in part, such provision shall be deemed modified to the extent, but only to the extent, of such invalidity, illegality or unenforceability and the remaining provisions shall not be affected thereby.

13.18 Plan Headings. The headings in the Plan are for purposes of convenience only and are not intended to define or limit the construction of the provisions hereof.

13.19 Non-Uniform Treatment. The Committee's determinations under the Plan need not be uniform and may be made by it selectively among persons who are eligible to receive, or actually receive, Awards. Without limiting the generality of the foregoing, the Committee shall be entitled to make non-uniform and selective determinations, amendments and adjustments, and to enter into non-uniform and selective Award Agreements.

13.20 Dividends and Dividend Equivalents. The Committee may provide the Participant as part of an Award with dividends or dividend equivalents, payable in cash, shares of Common Stock, other securities, other Awards or other property, on a current or deferred basis, on such terms and conditions as may be determined by the Committee, including, without limitation, payment directly to the Participant, withholding of such amounts by the Company subject to vesting of the Award or reinvestment in additional shares of Common Stock, Restricted Stock or other Awards; provided, that no dividends or dividend equivalents shall be payable in respect of outstanding (i) Options or (ii) unearned Performance Compensation Awards or other unearned Awards subject to performance conditions (other than or in addition to the passage of time); provided, further, that dividend equivalents may be accumulated in respect of unearned Awards and paid as soon as administratively practicable, but no more than 60 days, after such Awards are earned and become payable or distributable (and the right to any such accumulated dividends or dividend equivalents shall be forfeited upon the forfeiture of the Award to which such dividends or dividend equivalents relate).

14. Effective Date of Plan. The Plan shall become effective as of the Effective Date, but no Award shall be exercised (or, in the case of an Award relating to the Common Stock, shall be granted) unless and until the Plan has been approved by the shareholders of the Company, which approval shall be within 12 months before or after the date the Plan is adopted by the Board.

15. Termination or Suspension of the Plan. The Board may suspend or terminate the Plan at any earlier date pursuant to Section 12.1 hereof. No Awards may be granted under the Plan while the Plan is suspended or after it is terminated. Unless the Company determines to submit Section 6.2 of the Plan and the definition of "Performance Goal" and "Performance Criteria" to the Company's shareholders at the first shareholder meeting that occurs in the fifth year following the year in which the Plan was last approved by shareholders (or any earlier meeting designated by the Board), in accordance with the requirements of Section 162(m) of the Code, and such shareholder approval is

obtained, then no further Performance Compensation Awards shall be made to “covered employees” (as that term is used in Code Section 162(m)) under Section 6.2 after the date of such annual meeting, but the Plan may continue in effect for Awards to Participants not in accordance with Section 162(m) of the Code.

A-15

16. Choice of Law. The law of the State of Delaware shall govern all questions concerning the construction, validity and interpretation of this Plan, without regard to such state's conflict of law rules. The jurisdiction and venue for any disputes arising under, or any action brought to enforce (or otherwise relating to), the Plan will be exclusively in the courts in the State of Illinois, Cook County, including the Federal Courts located therein (should Federal jurisdiction exist).
