OLYMPIC CASCADE FINANCIAL CORPORATION

OVERVIEW

We are a financial services organization operating through our wholly-owned subsidiary, National Securities Corporation, a Washington corporation, organized in 1947. National Securities Corporation conducts a national securities brokerage business through its main offices in Seattle, Washington and New York, New York, as well as 53 other branch offices located throughout the country. National's business includes securities brokerage for individual and institutional clients, market-making trading activities, asset management and corporate finance services.

We are a Delaware corporation formed in 1996. Our executive offices are located at 875 North Michigan Avenue, Suite 1560, Chicago, IL 60611 and our telephone number is (312) 751-8833.

SIGNIFICANT DEVELOPMENTS

INVESTMENT TRANSACTION

In fiscal year 2002, we completed a series of transactions in which certain new investors obtained a significant ownership in us through a \$1,572,500 investment and by purchasing a majority of shares held by Steven A. Rothstein, our former Chairman, Chief Executive Officer and principal shareholder, and affiliates. In this investment transaction, the investors included Triage Partners LLC (of which Steven B. Sands, our Chairman, is the manager and a member), and One Clark LLC (of which Mark Goldwasser, our President and Chief Executive Officer, is the manager). The investors purchased an aggregate of \$1,572,500 of Series A Preferred Stock at \$100 per share.

Each holder of the Series A Preferred Stock is entitled at any time, and

Edgar Filing: OLYMPIC CASCADE FINANCIAL CORP - Form S-3

from time to time, to convert any or all of the outstanding shares of its Series A Preferred Stock into shares of common stock. Each share of the Series A Preferred Stock is convertible into common stock based upon a conversion ratio equal to the conversion price in effect at the time of conversion divided by \$1.50 per share. Accordingly, each share of Series A Preferred Stock is convertible into 66.6666 shares of common stock. A total of 31,177 shares of Series A Preferred Stock, convertible into 2,078,465 shares of common stock, were issued in the investment transaction, in a transaction with Steven A. Rothstein described in Miscellaneous Transactions below and pursuant to an in-kind dividend paid as described in Stock Dividend below. The number of shares is subject to adjustments as the result of the payment of stock dividends (and other distributions) and subdivisions, combinations, and reclassifications.

In connection with this investment transaction, Triage Partners LLC also purchased 285,000 shares of common stock from Mr. Rothstein and his affiliates at a price of \$1.50 per share. Additionally, Mr. Rothstein, James C. Holcomb, Jr. and D.S. Patel each resigned from our Board of Directors, and Peter Rettman, Mr. Goldwasser, Martin S. Sands, Steven B. Sands, Robert J. Rosan and Andrew Zaro were each appointed to our Board of Directors. Our Board of Directors currently consists of Peter Rettman, Gary A. Rosenberg, Mark Goldwasser, Norman J. Kurlan, Steven B. Sands and Robert J. Rosan. As a result of these transactions, as of the date of this prospectus, Triage Partners LLC and One Clark LLC are beneficial owners of approximately 21.1% and 14.2% of our common stock, respectively, calculated on a fully diluted basis.

3

Concurrent with the investment transaction, two unrelated individual noteholders, Gregory P. Kusnick and Karen Jo Gustafson, as Joint Tenants with Right of Survivorship, and Gregory C. Lowney and Maryanne K. Snyder, as Joint Tenants with Right of Survivorship, holding \$2.0 million of our debt, converted one-half of their debt into the same class of Series A Preferred Stock that was sold in the investment transaction. The noteholders also had 100,000 of their 200,000 warrants to acquire shares of common stock repriced from an exercise price of \$5.00 per share to \$1.75 per share. In January 2004, the two noteholders extended the maturity dates on the notes from January 25, 2004 to July 31, 2005. Also, effective February 1, 2004, the interest rate on each note was increased to 12% from 9% per annum. Additionally, each of the noteholders' warrants to purchase, in the aggregate, 100,000 shares of common stock at a price of \$5.00 per share expiring on February 1, 2004 was repriced to \$1.25 per share, and the expiration date of such warrants was extended to July 31, 2005. The expiration date for the noteholders' warrants to purchase, in the aggregate, an additional 100,000 shares of common stock at a price of \$1.75 per share was also extended from January 25, 2004 to July 31, 2005.

Private Offerings

In the second quarter of fiscal year 2004, we consummated a private offering of our securities to a limited number of accredited investors pursuant to Rule 506 of Regulation D under the Securities Act wherein we issued an aggregate of \$200,000 of three-year, 10% senior subordinated promissory notes to five unaffiliated parties. The noteholders received three-year warrants to purchase an aggregate of 50,000 shares of common stock at an exercise price of \$1.40 per share.

In the second quarter of fiscal year 2004, we consummated a private offering of our securities to a limited number of accredited investors pursuant to Rule 506 of Regulation D under the Securities Act wherein we issued an aggregate of \$850,000 of three-year, 10% senior subordinated promissory notes to four unaffiliated parties. The noteholders received three-year warrants to purchase an aggregate of 170,000 shares of common stock at an exercise price of

Edgar Filing: OLYMPIC CASCADE FINANCIAL CORP - Form S-3

\$1.50 per share. National Securities Corporation acted as the placement agent for the private offering. The offering period for the private offering expired on May 30, 2004.

In the first quarter of fiscal year 2003, we consummated a private offering of our securities to a limited number of accredited investors pursuant to Rule 506 of Regulation D under the Securities Act. Each unit in the private offering sold for \$0.65 and consisted of one share of our common stock and one three-year warrant to purchase one share of our common stock at a per share price of \$1.25. Net proceeds of \$554,500 closed in the first quarter of fiscal year 2003, and we issued 1,016,186 shares of common stock and 1,016,186 warrants. National Securities Corporation acted as the placement agent on a best efforts basis for the private offering. In consideration of the services rendered by National Securities Corporation, at each closing, National Securities Corporation was (i) paid a cash fee equal to ten percent (10%) of the gross proceeds received by us at each closing, and (ii) issued warrants to purchase 10% of the number of shares of common stock included in the units exercisable at \$0.65 per share and warrants to purchase 10% of the number of shares of common stock issuable upon exercise of warrants included in the units at an exercise price of \$1.25 per share. The offering period for the private offering expired on February 17, 2003.

4

Miscellaneous Transactions

In the fourth quarter of fiscal year 2002, we raised an aggregate of \$210,000 by the sale of Series A Preferred Stock (on the same terms and conditions as the equity sold to investors in the investment transaction) to the individual retirement account of Steven A. Rothstein.

In the second quarter of fiscal year 2003, we issued 76,923 shares of common stock and a three-year warrant to purchase 76,923 shares of common stock at \$1.25 per share to D'Ancona & Pflaum LLC, as payment of approximately \$51,000 of legal fees that were accrued as of September 30, 2002.

Stock Dividend

The holders of our Series A Convertible Preferred Stock are entitled to receive dividends on a quarterly basis at a rate of 9% per annum, per share. Such dividends are cumulative and accrue whether or not declared by our Board of Directors, but are payable only when, as and if declared. In the second quarter of fiscal year 2004, our Board of Directors declared an in-kind dividend in the aggregate of 3,352 shares of Series A Preferred Stock. Such shares were issued on March 31, 2004.

5

RISK FACTORS

Investing in our shares involves a significant degree of risk. Prospective investors should consider carefully the following risk factors and all the other information contained in this prospectus or incorporated by reference before investing in our common stock. Each of these risk factors could adversely affect our business, operating results and financial condition, as well as adversely affect the value of an investment in our common stock.

Operating results have resulted in reporting losses; additional financing may be required.

Edgar Filing: OLYMPIC CASCADE FINANCIAL CORP - Form S-3

Although we were profitable in both the first and second quarters of fiscal year 2004, we reported losses of approximately \$843,000, \$3.4 million and \$7.9 million in fiscal years 2003, 2002 and 2001, respectively. There is no assurance that we will be profitable in the near term. Our losses were primarily attributable to the market slow-down and volatility. We anticipate that with the improved market conditions and increased revenues, we may be again become profitable for the fiscal year; however, there can be no assurance that current levels of revenue will continue and that recent profitability will continue to be realized.

In order for us to have the opportunity for future success and profitability, we periodically may need to obtain additional financing, either through borrowings, public offerings, private offerings, or some type of business combination (e.g., merger, buyout, etc.). We have actively pursued a variety of funding sources, and have consummated certain transactions, including the investment transaction and private offerings, described in this prospectus, in order to address our capital requirements. If we continue to experience operating losses, additional financing will be necessary, and there can be no assurance that we will be successful in such pursuits. The issuance of new securities to raise capital will cause the dilution of shares held by current stockholders.

Because our stock may be subject to "penny stock" rules, the market for our stock may be limited.

If our common stock becomes subject to the Securities and Exchange Commission's penny stock rules, broker-dealers may experience difficulty in completing customer transactions and trading activity in our securities may be adversely affected. If at any time we have net tangible assets of \$5,000,000 or less and our common stock has a market price per share of less than \$5.00, transactions in our common stock may be subject to the "penny stock" rules promulgated under the Securities Exchange Act of 1934, as amended. Under these rules, broker-dealers who recommend such securities to persons other than institutional accredited investors:

- o must make a special written suitability determination for the purchaser;
- o receive the purchaser's written agreement to a transaction prior to sale;
- o provide the purchaser with risk disclosure documents which identify certain risks associated with investing in "penny stocks" and which describe the market for these "penny stocks" as well as a purchaser's legal remedies; and
- o obtain a signed and dated acknowledgment from the purchaser demonstrating that the purchaser has actually received the required risk disclosure document before a transaction in a "penny stock" can be completed.

If our common stock becomes subject to these rules, broker-dealers may find it difficult to effectuate customer transactions and trading activity in our securities may be adversely affected. As a result, the market price of our securities may be depressed, and you may find it more difficult to sell our securities.

Our business could be adversely affected by a breakdown in the financial markets.

Edgar Filing: OLYMPIC CASCADE FINANCIAL CORP - Form S-3

As a securities broker-dealer, the business of National Securities Corporation is materially affected by conditions in the financial markets and economic conditions generally, both in the United States and elsewhere around the world. Many factors or events could lead to a breakdown in the financial markets including war, terrorism, natural catastrophes and other types of disasters. These types of events could cause people to begin to lose confidence in the financial markets and their ability to function effectively. If the financial markets are unable to effectively prepare for these types of events and ease public concern over their ability to function, our revenues are likely to decline and our operations will be adversely affected.

Market fluctuations may reduce our revenues and profitability.

Our revenue and profitability may be adversely affected by declines in the volume of securities transactions and in market liquidity. Additionally, our profitability may be adversely affected by losses from the trading or underwriting of securities or failure of third parties to meet commitments. National Securities Corporation acts as a market maker in publicly traded common stocks. In market making transactions, we undertake the risk of price changes or being unable to resell the common stock we holds or being unable to purchase the common stock we have sold. These risks are heightened by the illiquidity of many of the common stocks we trade and/or make a market. Any losses from our trading activities, including as a result of unauthorized trading by our employees, could have a material adverse effect on our business, financial condition, results of operations or cash flows.

Lower securities price levels may also result in a reduced volume of transactions, as well as losses from declines in the market value of common stocks held for trading purposes. During periods of declining volume and revenue, our profitability would be adversely affected. Declines in market values of common stocks and the failure of issuers and third parties to perform their obligations can result in illiquid markets

Competition with larger financial firms may have a negative effect on our business.

We compete directly with national and regional full-service broker-dealers and a broad range of other financial service firms, including banks and insurance companies. Competition has increased as smaller securities firms have either ceased doing business or have been acquired by or merged into other firms. Mergers and acquisitions have increased competition from these firms, many of which have significantly greater financial, technical, marketing and other resources than we have. Many of these firms offer their customers more products and research than currently offered by us. These competitors may be able to respond more quickly to new or changing opportunities, technologies and client requirements. We also face competition from companies offering discount and/or electronic brokerage services, including brokerage services provided over the Internet, which we are currently not offering and does not intend to offer in the foreseeable future. These competitors may have lower costs or provide more services, and may offer their customers more favorable commissions, fees or other terms than those offered by us. To the extent that issuers and purchasers of securities transact business without our assistance, our operating results could be adversely affected.

The failure to meet the listing criteria of The American Stock Exchange may result in the delisting of our common stock.

Our common stock is listed on The American Stock Exchange. The American Stock Exchange has certain guidelines under which it considers removing securities from listing on The American Stock Exchange. On February 5, 2003, we

received a letter from The American Stock Exchange indicating that we were not in compliance with certain listing standards relating to (1) shareholders' equity of less than \$2.0 million and losses from continuing operations and/or net losses in two out of our three most recent fiscal years, and (2) the requirement to have and maintain an audit committee comprised of at least three independent directors. We submitted a plan to The American Stock Exchange indicating compliance with item (1) above within a maximum of 18 months, and we were actively seeking another independent director to satisfy item (2) above. On May 19, 2003 The American Stock Exchange notified us that it accepted our plan of compliance and granted us an extension of time to August 5, 2004 to satisfy the financial standards requirement, and an extension of time to July 28, 2003 to comply with the independent audit committee requirement. We satisfied the requirement to have and maintain an audit committee comprised of at least three independent directors in July 2003. We will be subject to periodic review by the staff of The American Stock Exchange during the extension period. In the event that we fail to comply with the listing standards, or The American Stock Exchange determines that our compliance program is not satisfactory, our common stock may be removed from The American Stock Exchange and could trade on the OTC Bulletin Board or in the "pink sheets" maintained by the National Quotation Bureau, Inc. Such alternatives are generally considered to be less efficient markets, and our stock price, as well as the liquidity of our common stock, may be adversely impacted as a result.

We are currently subject to extensive securities regulation and the failure to comply with these regulations could subject us to penalties or sanctions.

The securities industry and our business are subject to extensive regulation by the Securities and Exchange Commission, state securities regulators and other governmental regulatory authorities. We are also regulated by industry self-regulatory organizations, including the National Association of Securities Dealers, Inc. and the Municipal Securities Rulemaking Board. We are a registered broker-dealer with the Securities and Exchange Commission and member firms of the National Association of Securities Dealers, Inc.

Broker-dealers are subject to regulations which cover all aspects of the securities business, including sales methods and supervision, trading practices among broker-dealers, use and safekeeping of customers' funds and securities, capital structure of securities firms, record keeping, and the conduct of directors, officers and employees. The regulatory environment is also subject to change.

Compliance with many of the regulations applicable to us involves a number of risks, particularly in areas where applicable regulations may be subject to varying interpretation. These regulations often serve to limit our activities, including through net capital, customer protection and market conduct requirements. If we are found to have violated an applicable regulation, administrative or judicial proceedings may be initiated against us that may result in a censure, fine, civil penalties, issuance of cease-and-desist orders, the deregistration or suspension of our broker-dealer activities, the suspension or disqualification of the our officers or employees, or other adverse consequences. The imposition of any of these or other penalties could have a material adverse effect on our operating results and financial condition.

We rely on clearing brokers and unilateral termination of the agreements with these clearing brokers could disrupt our business.

We changed from a self-clearing brokerage firm to an introducing brokerage firm, using third party clearing brokers to process our securities transactions and maintain customer accounts on a fee basis for us. The clearing brokers also

Edgar Filing: OLYMPIC CASCADE FINANCIAL CORP - Form S-3

provide billing services, extend credit and provide for control and receipt, custody and delivery of securities. Our broker-dealers depend on the operational capacity and ability of the clearing brokers for the orderly processing of

8

transactions. In addition, by engaging the processing services of a clearing firm, we are exempt from some capital reserve requirements and other regulatory requirements imposed by federal and state securities laws. If the clearing agreements are unilaterally terminated for any reason, we would be forced to find alternative clearing firms without adequate time to negotiate the terms of a new clearing agreement and without adequate time to plan for such change. There can be no assurance that if there were a unilateral termination of its clearing agreement that we would be able to find an alternative clearing firm on acceptable terms to them or at all.

In December 2003, National Securities Corporation and its clearing firm, First Clearing Corporation, mutually agreed to terminate their clearing relationship by June 30, 2004. On June 22, 2004, National Securities Corporation entered into an agreement with Fiserv Securities, Inc. to act as clearing agent for its brokerage business. The conversion from First Clearing Corporation to Fiserv Securities, Inc. is expected to be completed in the first week of October 2004.

We permit our clients to purchase securities on a margin basis or sell securities short, which means that the clearing firm extends credit to the client secured by cash and securities in the client's account. During periods of volatile markets, the value of the collateral held by the clearing brokers could fall below the amount borrowed by the client. If margin requirements are not sufficient to cover losses, the clearing brokers sell or buy securities at prevailing market prices, and may incur losses to satisfy client obligations. We have agreed to indemnify the clearing brokers for losses they incur while extending credit to our clients.

We may become subject to a penalty levied by the National Association of Securities Dealers, Inc. with respect to an industry-wide investigation of mutual fund trading activities.

The National Association of Securities Dealers, Inc. has recently commenced an industry-wide investigation of mutual fund trading activities. National Securities Corporation is one of the numerous broker-dealers that have been contacted by the National Association of Securities Dealers, Inc. with respect to this investigation. The National Association of Securities Dealers, Inc. has identified certain customer mutual fund transactions ordered through National Securities Corporation during the time period from October 2000 to February 2003 that it believes may have constituted mutual fund timing and/or excessive trading activity. National Securities Corporation has been engaged in ongoing discussions and negotiations with the National Association of Securities Dealers, Inc. to informally resolve these matters. Such resolution would likely result in a settlement, whereby National Securities Corporation, without admitting or denying any violations, would make both restitution and pay a fine to the National Association of Securities Dealers, Inc., that in the aggregate would approximate \$600,000. Despite our on-going discussions and negotiations with the National Association of Securities Dealers, Inc., no assurances can be given that informal resolution will be achieved, that a formal proceeding will not be commenced, or that the possible resulting penalties and fines would not be in a materially greater amount. If required to litigate this matter, National Securities Corporation believes it has meritorious defenses, and if necessary, intends to vigorously defend this matter, although the ultimate outcome cannot be determined at this time.

Edgar Filing: OLYMPIC CASCADE FINANCIAL CORP - Form S-3

Credit risk exposes us to losses caused by financial or other problems experienced by third parties.

We are exposed to the risk that third parties that owe us money, securities or other assets will not perform their obligations. These parties include: trading counterparts, customers, clearing agents, exchanges, clearing houses, and other financial intermediaries as well as issuers whose securities we hold. These parties may default on their obligations owed to us due to bankruptcy, lack of liquidity, operational failure or other reasons. This risk may arise, for example, from holding securities of third parties, executing

9

securities trades that fail to settle at the required time due to non-delivery by the counterparty or systems failure by clearing agents, exchanges, clearing houses or other financial intermediaries, and extending credit to clients through bridge or margin loans or other arrangements. Significant failures by third parties to perform their obligations owed to us could adversely affect our revenues and perhaps our ability to borrow in the credit markets.

Adverse results of current litigation and potential securities law liability would result in financial losses and divert management's attention to business.

Many aspects of our business involve substantial risks of liability. There has been an increase in litigation and arbitration within the securities industry in recent years, including class action suits seeking substantial damages. We are subject to potential claims by dissatisfied customers, including claims alleging they were damaged by improper sales practices such as unauthorized trading, sale of unsuitable securities, use of false or misleading statements in the sale of securities, mismanagement and breach of fiduciary duty. National Securities Corporation may be liable for the unauthorized acts of its retail brokers if it fails to adequately supervise their conduct. As an underwriter, we may be subject to substantial potential liability under federal and state law and court decisions, including liability for material misstatements and omissions in securities offerings. We may be required to contribute to a settlement, defense costs or a final judgment in legal proceedings or arbitrations involving a past underwriting and in actions that may arise in the future. National Securities Corporation carries Errors and Omissions insurance to protect against arbitrations; however, the policy is limited in items and amounts covered and there can be no assurance that it will cover a complaint. The adverse resolution of any legal proceedings involving us could have a material adverse effect on our business, financial condition, results of operations or cash flows.

We depend on key personnel.

We depend on the continued services of our management team, particularly Mark Goldwasser, our President and Chief Executive Officer, as well as our ability to hire additional members of management, and to retain and motivate our other officers and key employees. In July 2003, we entered into an employment agreement with Mr. Goldwasser to serve as our President and Chief Executive Officer for a base annual salary of \$300,000. Mr. Goldwasser has been salaried at that rate since July 2003. A definitive agreement memorializing such terms is currently being completed. Our future success depends on our continuing ability to attract and retain highly qualified personnel.

The price of our common stock is volatile.

The price of our common stock has fluctuated substantially. The market price of our common stock may be highly volatile as a result of factors specific to us and the securities markets in general. Factors affecting volatility may

Edgar Filing: OLYMPIC CASCADE FINANCIAL CORP - Form S-3

include variations in our annual or quarterly financial results or those of our competitors; conditions in the economy in general; and changes in applicable laws or regulations, or their judicial or administrative interpretations affecting us or our subsidiary or the securities industry. In addition, volatility of the market price of our common stock is further affected by our thinly traded nature.

- o Investment Transaction. On December 28, 2001, we completed a series of transactions under which certain new investors obtained a significant ownership in us through purchasing 15,725 shares of Series A Preferred Stock for consideration of \$1,572,500 (\$100 per share) and by purchasing 285,000 shares of common stock from Steven A. Rothstein, our former Chairman, Chief Executive Officer and principal shareholder, and affiliates. The purchasers in the investment transaction were Triage Partners LLC (of which Steven B. Sands, our Chairman, is the manager and a member) and One Clark LLC (of which Mark Goldwasser, our President and Chief Executive Officer, is the manager) who participated on an equal pro-rata basis with respect to the preferred stock purchase. The Series A Preferred Stock is convertible into common stock at a price of \$1.50 per share. As part of the investment transaction, Triage Partners LLC purchased 285,000 shares of common stock from Mr. Rothstein and his affiliates at a price of \$1.50 per share. The shares sold by Mr. Rothstein represented a majority of

- o Concurrent with the investment transaction, two unrelated individual noteholders, Gregory P. Kusnick and Karen Jo Gustafson, as Joint Tenants with Right of Survivorship, and Gregory C. Lowney and Maryanne K. Snyder, as Joint Tenants with Right of Survivorship, holding \$2.0 million of our debt converted one-half of the principal amount of such debt into the same class of Series A Preferred Stock that was sold in the investment transaction. In exchange for the instruments evidencing \$1.0 million of the \$2.0 million of the promissory notes and previously issued warrants to purchase 100,000 shares of common stock with an exercise price of \$5.00 per share, each noteholder was issued 5,000 shares of Series A Preferred Stock, a warrant to purchase 50,000 shares of common stock with an exercise price of \$1.75 per share and a warrant to purchase 50,000 shares of common stock with an exercise price of \$5.00 per share. In January 2004, the two noteholders extended the maturity dates on the notes from January 25, 2004 to July 31, 2005. As a result, each of the noteholders' warrants to purchase, in the aggregate, 100,000 shares of common stock at a price of \$5.00 per share expiring on February 1, 2004 was repriced to \$1.25 per share, and the expiration date of such warrants was extended to July 31, 2005. TABLE

The following table sets forth the number of shares of common stock owned by each of the selling shareholders as of the date of this prospectus, the number of shares owned by them covered by this prospectus and the amount and percentage of shares to be owned by each selling stockholder after the sale of all of the shares offered by this prospectus. The table also sets forth the number of shares of common stock certain selling shareholders will receive upon conversion of the Series A Preferred Stock and upon exercise of warrants. Except as indicated below, none of the selling shareholders has had any position, office or other material relationship with us within the past three years other than as a result of the ownership of our shares or other securities. The information included below is based on information provided by the selling shareholders. Because the selling shareholders may offer some or all of their shares, no definitive estimate as to the number of shares that will be held by the selling shareholders after such offering can be provided and the following table has been prepared on the assumption that all shares of common stock offered hereby will be sold.

The applicable percentages of ownership are based on an aggregate of 3,557,409 shares of common stock issued and outstanding on July 14, 2004. This number does not include 2,078,465 shares of common stock issuable upon conversion of 31,177 shares of Series A Preferred Stock and shares of common stock issuable upon exercise of outstanding warrants and options held by the selling shareholders.

PLAN OF DISTRIBUTION

We are registering for resale 4,369,137 shares of common stock with this prospectus on behalf of the selling shareholders named in this prospectus. These shares include (i) an aggregate of 2,078,465 shares of common stock certain selling shareholders will receive upon conversion of 31,177 shares of Series A Preferred Stock and (ii) an aggregate of 1,714,499 shares of common stock issuable upon exercise of warrants. The selling shareholders will act independently of us in making decisions with respect to the timing, manner and size of each sale. We have agreed to bear certain expenses in connection with the registration of the shares of common stock offered and being sold by the selling shareholders. The selling shareholders will bear all brokerage commissions and similar selling expenses, if any, attributable to sales of the shares. Sales of shares may be affected by the selling stockholders, from time to time, in one or more types of transactions (which may include block transactions) on The American Stock Exchange, in the over-the-counter market, in negotiated transactions, or a combination of such methods of sale, at market prices prevailing at the time of sale, or at negotiated prices. These transactions may or may not involve brokers or dealers.

The selling stockholders may affect sales of shares:

- In ordinary brokerage transactions in which the broker solicits purchasers or executes unsolicited orders, or transactions in which the broker may acquire the share as principal and resell the shares into the public market in any manner permitted by the selling shareholders under this prospectus;
- In connection with the pledge of shares registered in this prospectus to a broker/dealer or other pledgee to secure debts or other obligations, and the sale of the shares so pledged upon a default;
- Through the writing or settlement of non-traded and exchange-traded put or call option contracts, and by means of the establishment or settlement of other hedging transactions including forward sale transactions. In addition, the selling shareholders may loan their shares to broker/dealers who are counterparties to hedging transactions and such broker/dealers may sell the shares so borrowed

Edgar Filing: OLYMPIC CASCADE FINANCIAL CORP - Form S-3

into the public market;

- In private transactions and transactions otherwise than on The American Stock Exchange, on any other national securities exchange or in over-the-counter market on which shares of common stock maybe listed or quoted at the time of any sale;
- In block trades, in which a broker-dealer will attempt to sell the shares as agent for the selling shareholders, but may take a position and resell a portion of the block as principal to facilitate the transaction;
- Through a combination of any of the above transactions.

Broker-dealers may receive compensation in the form of discounts, concessions, or commissions from the selling stockholder and/or the purchasers of shares for whom such broker-dealers may act as agents or to whom they sell as principal or both (this compensation to a particular broker-dealer might be in excess of customary commissions).

The selling shareholders and any broker-dealers that act in connection with the sale of shares might be deemed to be "underwriters" within the meaning of Section 2(a)(11) of the Securities Act of 1933, as amended. In this case, any commissions received by broker dealers and any profit on the resale of the

23

shares sold by them while acting as principals might be deemed to be underwriting discounts or commissions under the Securities Act of 1933, as amended. We have agreed to indemnify the selling shareholders named in this prospectus against certain liabilities, including liabilities arising under the Securities Act of 1933, as amended. The selling shareholders may agree to indemnify any agent, dealer or broker-dealer that participates in transactions involving sales of the shares against certain liabilities, including liabilities arising under the Securities Act of 1933, as amended.

Because the selling shareholders may be deemed to be "underwriters" within the meaning of Section 2(a)(11) of the Securities Act, the selling shareholders will be subject to the prospectus delivery requirements of the Securities Act of 1933, as amended.

The selling shareholders also may resell all or a portion of their shares in open market transactions in reliance upon Rule 144 under the Securities Act of 1933, as amended, if they meet the criteria and conform to the requirements of Rule 144.

ITEM 17. UNDERTAKINGS.

The undersigned Registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

- (i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933, as amended; and
- (ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the

Edgar Filing: OLYMPIC CASCADE FINANCIAL CORP - Form S-3

total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high and of the estimated maximum offering range may be reflected in the form of prospectus filed with the Securities and Exchange Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and

- (iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (i) and (ii) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed by the Registrant pursuant to Section 13 and Section 15(d) of the Securities Exchange Act of 1934, as amended, that are incorporated by reference in the registration statement.

(2) That, for purposes of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering as such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for purposes of determining any liability under the Securities Act, each filing of the Registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934, as amended (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934, as amended) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(5) That, insofar as indemnification for liabilities arising under the Securities Act of 1933, as amended, may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the commission such indemnification is against public policy as expressed in the Securities Act of 1933, as amended, and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933, as amended, and will be governed by the final adjudication of such issue.
