OUTSTANDING STOCK AND VOTING RIGHTS

Edgar Filing: ICAD INC - Form DEF 14A

Only holders of the Company's common stock, par value \$.01 per share, (the "Common Stock") and holders of the Company's Series A Preferred Stock at the close of business on May 16, 2005, (the "Record Date") are entitled to receive notice of and to vote at the Annual Meeting. As of the Record Date, the Company had 36,601,813 shares of Common Stock outstanding. Each share of Common Stock is entitled to one vote on all matters. In addition, holders of the Company's Series A Preferred Stock vote together with holders of the Common Stock as a single class on all actions to be voted on by the stockholders. Each share of Series A Preferred Stock entitles the holder to 100 votes per share. Based upon 5,150 shares of Series A Preferred Stock outstanding on the Record Date, the holders of the Series A Preferred Stock are entitled to an aggregate of 515,000 votes. There are no cumulative voting rights.

1

VOTING PROCEDURES

The directors will be elected by the affirmative vote of the holders of a plurality of the shares of Common Stock and Series A Preferred Stock voting together as one class that are present in person or represented by proxy at the Annual Meeting, provided a quorum is present. Therefore, the three nominees receiving the greatest number of votes cast at the meeting will be elected as directors of the Company. All other matters at the Annual Meeting, including approval of the proposal to approve the adoption of the Company's 2005 Stock Incentive Plan, will be decided by the affirmative vote of the holders of a majority of the votes represented by the shares of Common Stock and Series A Preferred Stock cast with respect thereto, provided a quorum is present. A quorum is present if, as of the Record Date, at least a majority of the aggregate votes represented by holders of the shares of Common Stock and Series A Preferred Stock outstanding as of the Record Date are present in person or represented by proxy at the Annual Meeting.

Votes will be counted and certified by one or more Inspectors of Election who are expected to be employees of Continental Stock Transfer & Trust Company, the transfer agent for the Common Stock. In accordance with Delaware law, abstentions and "broker non-votes" (i.e., proxies from brokers or nominees indicating that such persons have not received instructions from the beneficial owner or other person entitled to vote shares as to a matter with respect to which the brokers or nominees do not have discretionary power to vote) will be treated as present for purposes of determining the presence of a quorum. For purposes of determining approval of a matter presented at the meeting, abstentions will be deemed present and entitled to vote and will, therefore, have the same legal effect as a vote "against" a matter presented at the meeting. Broker non-votes will be deemed not entitled to vote on the subject matter as to which the non-vote is indicated and will, therefore, have no legal effect on the vote on that particular matter.

Proxies will be voted in accordance with the instructions thereon. Unless otherwise stated, all shares represented by a proxy will be voted as instructed. Proxies may be revoked as noted above.

ELECTION OF DIRECTORS

The Company's Certificate of Incorporation provides that the Company's Board of Directors is divided into three classes (Class I, Class II and Class III). At each Annual Meeting of Stockholders, directors constituting one class are elected for a three-year term. At this year's Annual Meeting, three (3) Class III directors will be elected to hold office for a term expiring at the Annual Meeting of Stockholders to be held in 2008. Each director will be elected

Edgar Filing: ICAD INC - Form DEF 14A

to serve during his elected term until a successor is elected and qualified or until the director's earlier resignation or removal.

At the Annual Meeting, proxies granted by stockholders will be voted individually for the election, as Class III directors of the Company, of the persons listed below, unless a proxy specifies that it is not to be voted in favor of a nominee for director. In the event any of the nominees listed below is unable to serve, it is intended that the proxy will be voted for such other nominees as are designated by the Board of Directors. Each of the persons named below, who are presently members of the Company's Board of Directors, has indicated to the Board of Directors of the Company that he or she will be available to serve.

(2) The potential realizable value columns of the table illustrate values that might be realized upon exercise of the options immediately prior to their expiration, assuming the Company's Common Stock appreciates at the compounded rates specified over the term of the options. These numbers do not take into account provisions of options providing for termination of the option following termination of employment or non transferability of the options and do not make any provision for taxes associated with exercise. Because actual gains will depend upon, among other things, future performance of the Common Stock, there can be no assurance that the amounts reflected in this table will be achieved.

REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors is responsible for, among other things, assisting the Board in overseeing the Company's executive compensation strategy and reviewing and approving the compensation of the Company's executive officers. The Company's compensation policy is to base compensation generally on performance, the Company's resources, achievement of financial and operational objectives and comparative compensation data from other companies deemed to be applicable peer groups or benchmarks for the Company's compensation program.

Stock Options. Stock option awards are intended to attract, retain and motivate personnel by affording them an opportunity to receive additional compensation based upon the performance of the Company's Common Stock. The size and grant of actual awards is determined by the Board on an individual basis, taking into account the individual's role in the Company and standard principals of reward, retention and recognition to which option grants are geared. The Board's determination as to the size of actual awards to individual executives is subjective, after taking into account the relative responsibilities and contributions of the individual employee.

STOCK PERFORMANCE GRAPH

The following chart sets forth a line graph comparing the performance of the Company's Common Stock, over the past five years. This graph assumes the investment of \$100 on December 31, 1999, in the Company's Common Stock, and compares the performance with the Nasdaq Composite Index, the Nasdaq Computer Manufacturer Index and the Nasdaq Medical Devices and Supplies, Manufacturers and Distributors Index. Measurement points are at December 31 for each respective year. Those companies which compete with the Company in its principal market are either small subsidiaries or divisions of large United States corporations or are foreign companies which are either not quoted on a stock exchange or for which data is difficult to obtain. For this reason the Company in prior years has used the more generic index of Nasdaq Computer Manufacturer stocks for a peer group comparison. Due to the recent change in the Company's business to a medical devices company the Company believes that the Nasdaq Medical Devices Index is more representative of its peer group than the Nasdaq Computer Manufacturer Index. The Company pays no dividends on its Common Stock.

The Nasdaq Composite Index, the Nasdaq Computer Manufacturer Index and the Nasdaq Medical Devices Index reflect a cumulative total return based upon the reinvestment of dividends of the stocks included in those indices. PROPOSAL I

APPROVAL OF THE COMPANY'S 2005 STOCK INCENTIVE PLAN

At the Annual Meeting, the Company's stockholders will be asked to approve the adoption of the Company's 2005 Stock Incentive Plan (the "2005 Plan").

In May 2005, the Board of Directors adopted, subject to stockholder approval, the 2005 Plan (the "2005 Plan"). The Board believes that, to enable the Company to continue to attract and retain personnel of the highest caliber, provide incentive for officers, directors, employees and other key persons and to promote the well-being of the Company, it is in the best interest of the Company and its stockholders to provide to officers, directors, employees, consultants and other independent contractors who perform services for the Company, through the granting of stock options, restricted stock, deferred stock or other stock-based awards, the opportunity to participate in the value and/or appreciation in value of the Company's Common Stock. The Board has found that the grant of options under its existing stock option and stock incentive plans has proven to be a valuable tool in attracting, retaining and motivating key employees and consultants. Accordingly, the Board believes that the 2005 Plan, which provides the Board greater flexibility with respect to certain terms under which awards that may be granted, as well as different types of awards, (a) will provide the Company with significant means to attract and retain talented personnel, (b) will result in saving cash, which otherwise would be required to maintain current employees and adequately attract and reward personnel and others who perform services for the Company, and (c) consequently, will prove beneficial to the Company's ability to be competitive. The Company believes that there is not a sufficient amount of options and stock awards available for future grant under the Company's existing stock option and stock incentive plans. The last sale price of the Common Stock on May 16, 2005 was \$3.75.

To date, no options or other awards have been granted under the 2005 Plan. If the 2005 Plan is approved by the stockholders, options or other stock based awards may be granted under the 2005 Plan, the timing, amounts and specific terms of which have not been determined at this time.

The following summary of the 2005 Plan does not purport to be complete, and is subject to and qualified in its entirety by reference to the full text of the 2005 Plan, set forth as Exhibit B to this Proxy Statement.

Summary of the 2005 Plan

Edgar Filing: ICAD INC - Form DEF 14A

The 2005 Plan provides for the grant of any or all of the following types of awards (collectively, "Awards"): (a) stock options, (b) restricted stock, (c) deferred stock and (d) other stock-based awards. Awards may be granted singly, in combination, or in tandem, as determined by the Board of Directors or the Committee (as defined below). Subject to anti-dilution adjustments as provided in the 2005 Plan, (i) a total of 600,000 shares of Common Stock have been reserved for distribution pursuant to the 2005 Plan, and (ii) the maximum number of shares of Common Stock that may be issued to any individual participant under the 2005 Plan may not exceed 250,000 shares during the term of the 2005 Plan.

20

The 2005 Plan may be administered by the Board of Directors (the "Board") or a Committee (the "Committee") consisting of two or more members of the Board of Directors appointed by the Board. The Board or the Committee will determine, among other things, the persons to whom Awards will be granted, the type of Awards to be granted, the number of shares subject to each Award and the share price. The Board or the Committee will also determine the term of each Award, the restrictions or limitations thereon, and the manner in which each such Award may be exercised or, if applicable, the extent and circumstances under which Common Stock and other amounts payable with respect to an Award will be deferred. The 2005 Plan will become effective upon its approval and adoption at the Annual Meeting (the "Effective Date") and no Award shall be granted pursuant to the 2005 Plan on or after the tenth anniversary of the Effective Date.

Stock Options. The 2005 Plan provides for the grant of "incentive stock options" ("Incentive Stock Options"), as defined in Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"), and for options not qualifying as Incentive Stock Options ("Non-Qualified Stock Options"). The Board or the Committee, as the case may be, shall determine those persons to whom stock options may be granted.

Incentive Stock Options granted pursuant to the 2005 Plan are nontransferable by the optionee during his lifetime. Options granted pursuant to the 2005 Plan will expire if not exercised within 10 years of the grant (five years in the case of Incentive Stock Options granted to an eligible employee owning stock possessing more than 10% of the total combined voting power of all classes of stock of the Company or a parent or subsidiary of the Company immediately before the grant ("10% Stockholder")), and under certain circumstances set forth in the 2005 Plan, may be exercised within three (3) months following termination of employment (one year in the event of death, retirement or disability of the optionee), unless the term of the option, pursuant to the stock option agreement, expires earlier or unless the Board or Committee determines to shorten or extend the exercise periods. Options may be granted to optionees in such amounts and at such prices as may be determined, from time to time, by the Board or the Committee. The exercise price of an Incentive Stock Option will not be less than the fair market value of the shares underlying the option on the date the option is granted, provided, however, that the exercise price of an Incentive Stock Option granted to a 10% Stockholder may not be less than 110% of such fair market value. The exercise price of a Non-Qualified Stock Option may be less than such fair market value on the date of grant.

Under the 2005 Plan, the Company may not, in the aggregate, grant Incentive Stock Options that are first exercisable by any optionee during any calendar year (under all such plans of the optionee's employer corporation and its "parent" and "subsidiary" corporations, as those terms are defined in Section 424 of the Code) to the extent that the aggregate fair market value of the underlying stock (determined at the time the option is granted) exceeds

\$100,000.

The 2005 Plan contains anti-dilution provisions authorizing appropriate adjustments in certain circumstances. Shares of Common Stock subject to Awards which expire without being exercised or which are cancelled as a result of the cessation of employment are available for further grants. No shares of Common Stock of the Company may be issued upon the exercise of any option granted under the 2005 Plan until the full option price has been paid by the optionee. The Board of Directors or the Committee may grant individual options under the 2005 Plan with more stringent provisions than those specified in the 2005 Plan.

21

Options become exercisable in such amounts, at such intervals and upon such terms and conditions as the Board of Directors or the Committee provides. Stock options granted under the 2005 Plan are exercisable until the earlier of (i) a date set by the Board of Directors or Committee at the time of grant or (ii) the close of business on the day before the tenth anniversary of the stock option's date of grant (the day before the fifth anniversary in the case of an Incentive Stock Option granted to a 10% Stockholder). The 2005 Plan will remain in effect until all stock options are exercised or terminated. Notwithstanding the foregoing, no options may be granted on or after the tenth anniversary of the Effective Date.

Restricted and Deferred Stock Awards. Under the 2005 Plan, the Board or the Committee may grant shares of restricted Common Stock either alone or in tandem with other Awards. Restricted and Deferred Stock awards give the recipient the right to receive a specified number of shares of Common Stock, subject to such terms, conditions and restrictions as the Board or the Committee deems appropriate. Restrictions may include limitations on the right to transfer the stock until the expiration of a specified period of time and forfeiture of the stock upon the occurrence of certain events such as the termination of employment prior to expiration of a specified period of time. In addition, a participant in the 2005 Plan who has received a Deferred Stock Award may request, under certain conditions, the Board or the Committee to defer the receipt of an Award (or an installment of an Award) for an additional specified period or until the occurrence of a specified event.

Other Stock Based Awards. Other Stock-Based Awards, which may include performance shares and shares valued by reference to the performance of the Company or any parent or subsidiary of the Company, may be granted either alone or in tandem with other Awards.

Certain Federal Income Tax Consequences of the 2005 Plan

The following is a brief summary of the Federal income tax aspects of Awards made under the 2005 Plan. This summary is not intended to be exhaustive, and does not describe state or local tax consequences. The information is based upon federal income tax rules as they existed prior to the adoption of the American Jobs Creation Act of 2004 (the "Jobs Act"). The Jobs Act made significant changes to the federal income tax rules applicable to nonqualified deferred compensation arrangements, including many of the types of Awards that may be granted under the 2005 Plan. The new federal income tax rules are generally effective for all amounts deferred after December 31, 2004. The IRS has so far issued only limited guidance on the interpretation of the Jobs Act although the IRS has stated that it anticipates issuing additional guidance in the future.

22

Edgar Filing: ICAD INC - Form DEF 14A

Because the tax consequences to any recipient of an Award under the 2005 Plan may depend on his or her particular situation, as well as the uncertain application of the Jobs Act, each person receiving an Award under the 2005 Plan should consult his or her tax advisor as to the federal, state, local and other tax consequences of the grant or exercise of an option under the 2005 Plan or with respect to any other Award granted under the 2005 Plan.

Incentive Stock Options. The optionee will recognize no taxable income upon the grant or exercise of an Incentive Stock Option. Upon a disposition of the shares of Common Stock received upon exercise of an Incentive Stock Option after the later of two years from the date of grant and one year after the transfer of the shares to the optionee, (a) the optionee will recognize the difference, if any, between the amount realized and the exercise price as long-term capital gain or long-term capital loss (as the case may be) if the shares are capital assets in his or her hands; and (b) the Company will not qualify for any deduction in connection with the grant or exercise of the options. The excess, if any, of the fair market value of the shares on the date of exercise of an Incentive Stock Option over the exercise price will be treated as an item of adjustment to the optionee for his or her taxable year in which the exercise occurs and may result in an alternative minimum tax liability for the optionee. In the case of a disposition of shares in the same taxable year as the exercise where the amount realized on the disposition is less than the fair market value of the shares on the date of exercise, there will be no adjustment since the amount treated as an item of adjustment, for alternative minimum tax purposes, is limited to the excess of the amount realized on such disposition over the exercise price which is the same amount included in regular taxable income.

If Common Stock acquired upon the exercise of an Incentive Stock Option is disposed of prior to the expiration of the holding periods described above, (a) the optionee will recognize ordinary compensation income in the taxable year of disposition in an amount equal to the excess, if any, of the lesser of the fair market value of the shares on the date of exercise or the amount realized on the disposition of the shares, over the exercise price paid for such shares; and (b) the Company will qualify for a deduction equal to any such amount recognized, subject to the requirements that the compensation be reasonable and not limited under Section 162(m) of the Code. The optionee will recognize the excess, if any, of the amount realized over the fair market value of the shares on the date of exercise, if the shares are capital assets in his or her hands, as short-term or long-term capital gain, depending on the length of time that the optionee held the shares, and the Company will not qualify for a deduction with respect to such excess.

Subject to certain exceptions for disability or death, if an Incentive Stock Option is exercised more than three months following the termination of the optionee's employment, the option will generally be taxed as a Non-Qualified Stock Option. See "Non-Qualified Stock Options."

Non-Qualified Stock Options. With respect to Non-Qualified Stock Options, (a) upon grant of the option, the optionee will recognize no income; (b) upon exercise of the option (if the shares are not subject to a substantial risk of forfeiture), the optionee will recognize ordinary compensation income in an amount equal to the excess, if any, of the fair market value of the shares on the date of exercise over the exercise price, and the Company will qualify for a deduction in the same amount, subject to the requirements that the compensation be reasonable and not limited under Section 162(m) of the Code; (c) the Company will be required to comply with applicable Federal income tax withholding requirements with respect to the amount of ordinary compensation income recognized by the optionee; and (d) on a sale of the shares, the optionee will recognize gain or loss equal to the difference, if any, between the amount realized and the sum of the exercise price and the ordinary compensation income recognized. Such gain or loss will be treated as short-term or long-term capital

Edgar Filing: ICAD INC - Form DEF 14A

gain or loss if the shares are capital assets in the optionee's hands depending upon the length of time that the optionee held the shares. If the optionee's shares acquired upon exercise are subject to a substantial risk of forfeiture, the optionee will have an election to treat the exercise as a taxable event or defer the Federal income tax consequences according to the rules described below in "Stock Awards."

23

Stock Awards. Unless a participant otherwise elects to be taxed upon receipt of shares of restricted or deferred stock under the 2005 Plan, the participant must include in his or her taxable income the difference between the fair market value of the shares and the amount paid, if any, for the shares, as of the first date the participant's interest in the shares is no longer subject to a substantial risk of forfeiture or such shares become transferable. A participant's rights in stock awarded under the 2005 Plan are subject to a substantial risk of forfeiture if the rights to full enjoyment of the shares are conditioned, directly or indirectly, upon the future performance of substantial services by the participant. Where shares of stock received under the 2005 Plan are subject to a substantial risk of forfeiture, the participant can elect to report the difference between the fair market value of the shares on the date of receipt and the amount paid, if any, for the stock as ordinary income in the year of receipt. To be effective, the election must be filed with the Internal Revenue Service within 30 days after the date the shares are transferred to the participant. The Company is entitled to a Federal income tax deduction equal in amount to the amount includable as compensation in the gross income of the participant, subject to the requirements that the compensation be reasonable and not limited under Section 162(m) of the Code. The amount of taxable gain arising from a participant's sale of shares of restricted stock acquired pursuant to the 2005 Plan is equal to the excess of the amount realized on such sale over the sum of the amount paid, if any, for the stock and the compensation element included by the participant in taxable income.

Other Tax Matters. If unmaturing installments of Awards are accelerated as a result of a Change of Control (as defined in the 2005 Plan), any amounts received from the exercise by a participant of a stock option, the lapse of restrictions on restricted stock or the deemed satisfaction of conditions of performance-based Awards may be included in determining whether or not a participant has received an "excess parachute payment" under Section 280G of the Code, which could result in (a) the imposition of a 20% Federal excise tax (in addition to Federal income tax) payable by the participant on certain payments of Common Stock or cash resulting from such exercise or deemed satisfaction of conditions of performance Awards from such exercise or deemed satisfaction of conditions of performance awards or, in the case of restricted stock, on all or a portion of the fair market value of the shares on the date the restrictions lapse and (b) the loss by the Company of a compensation deduction.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE 2005 STOCK INCENTIVE PLAN.

NOMINATING AND CORPORATE GOVERNANCE COMMITTEE CHARTER

This Nominating and Corporate Governance Committee Charter (the "Charter") has been adopted by the Board of Directors (the "Board") of iCAD, Inc. (the "Company").

I. Purpose

The Nominating and Corporate Governance Committee (the "Committee") of the Board is responsible for developing and recommending to the Board a set of corporate governance policies for the Company, establishing criteria for selecting new directors, and identifying, screening and recruiting new directors. The Committee will also select nominees for directors and recommend directors for committee membership to the Board.

II. Composition

The Committee shall be comprised of three or more members, all of whom must qualify as independent directors ("Independent Directors") under the listing standards of the Nasdaq Stock Market, Inc. ("NASDAQ").

Notwithstanding this independence requirement, if the Committee is comprised of at least three members, one director, who is not independent as defined in Rule 4200 of the NASDAQ Marketplace Rules, and is not a current officer or employee or a Family Member (as defined in Rule 4200 of the NASDAQ Marketplace Rules) of such person, may be appointed to the Committee if the Board, under exceptional and limited circumstances, determines that such individual's membership on the committee is required by the best interests of the Company and its stockholders, and the Board discloses, in the next annual meeting proxy statement subsequent to such determination, the nature of the relationship and the reasons for the determination. A member appointed under this exception may not serve longer than two years.

The Committee members shall be appointed by the Board. The Board shall appoint one member of the Committee as chairperson. If the Board fails to elect a chairperson, the Committee members shall elect a chairperson from their members. The chairperson shall be responsible for leadership of the Committee, including overseeing the agenda, presiding over the meetings and reporting to the Board. If the Committee chairperson is not present at a meeting, the remaining members of the Committee may designate an acting chairperson.

The members shall serve for a term of one year or until their successors shall be appointed and qualified. No member of the Committee shall be removed except by majority vote of the full Board. The Board shall have the authority to fill vacancies or add additional members to the Committee.

A member shall promptly notify the Committee and the Board if the member is no longer an Independent Director and such member shall be

Edgar Filing: ICAD INC - Form DEF 14A

removed from the Committee unless the Board determines that an exception to the Independent Director requirement is available under the NASDAQ rules with respect to such member's continued membership on the Committee.

III. Meetings and Procedures

Consistent with the Company's Certificate of Incorporation, Bylaws and applicable state law, the following shall apply:

- o The Committee shall fix its own rules of procedure, which shall be consistent with the Bylaws of the Company and this Charter.

- o The Committee may request that any directors, officers or employees of the Company, or other persons whose advice and counsel are sought by the Committee, attend any meeting of the Committee and/or provide such pertinent information as the Committee requests, except that no director of the Company shall participate in discussions or attend any portion of a meeting of the Committee at which that director's nomination or committee selection is being discussed.
- o Following each of its meetings, the Committee shall deliver a report on the meeting to the Board, including a description of all actions taken by the Committee at the meeting.
- o The Committee shall keep written minutes of its meetings, which minutes shall be maintained by the Company with the books and records of the Company. The chairperson may designate an officer or employee of the Company to serve as secretary to the Committee.

Edgar Filing: ICAD INC - Form DEF 14A

authority to grant, pursuant to the terms of the Plan, to officers and other employees or other persons eligible under Section 4 below: (i) Stock Options, (ii) Restricted Stock, (iii) Deferred Stock, and/or (iv) Other Stock-Based Awards.

For purposes of illustration and not of limitation, the Board or the Committee, as the case may be, shall have the authority (subject to the express provisions of the Plan):

- (i) to select the officers, other employees of the Company or any Parent or Subsidiary and other persons to whom Stock Options, Restricted Stock, Deferred Stock and/or Other Stock-Based Awards may be from time to time granted hereunder;

3

Subject to Section 10 hereof, The Board or the Committee, as the case may be, shall have the authority to (i) adopt, alter and repeal such administrative rules, guidelines and practices governing the Plan as it shall, from time to time, deem advisable, (ii) interpret the terms and provisions of the Plan and any award issued under the Plan (and to determine the form and substance of all agreements relating thereto), and (iii) to otherwise supervise the administration of the Plan.

Edgar Filing: ICAD INC - Form DEF 14A

Subject to the express provisions of the Plan, all decisions made by the Board or the Committee, as the case may be, pursuant to the provisions of the Plan shall be made in the Board or the Committee's sole and absolute discretion and shall be final and binding upon all persons, including the Company, its Parent and Subsidiaries and the Plan participants.

Section 3. Stock Subject to Plan.

The total number of shares of Stock reserved and available for distribution under the Plan shall be 600,000 shares. Such shares may consist, in whole or in part, of authorized and unissued shares or treasury shares.

If any shares of Stock that have been optioned cease to be subject to a Stock Option for any reason, or if any shares of Stock that are subject to any Restricted Stock award, Deferred Stock award or Other Stock-Based award are forfeited or any such award otherwise terminates without the issuance of such shares, such shares shall again be available for distribution under the Plan.

In the event of any merger, reorganization, consolidation, recapitalization, stock dividend, stock split, extraordinary distribution with respect to the Stock or other change in corporate structure affecting the Stock, such substitution or adjustments shall be made in the (A) aggregate number of shares of Stock reserved for issuance under the Plan, (B) number, kind and exercise price of shares of Stock subject to outstanding Options granted under the Plan, and (C) number, kind, purchase price and/or appreciation base of shares of Stock subject to other outstanding awards granted under the Plan, as may be determined to be appropriate by the Board or the Committee, as the case may be, in order to prevent dilution or enlargement of rights; provided, however, that the number of shares of Stock subject to any award shall always be a whole number. Such adjusted exercise price shall also be used to determine the amount which is payable to the optionee upon the exercise by the Board or the Committee, as the case may be, of the alternative settlement right which is set forth in Section 5(b)(xi) below.

Subject to the provisions of the immediately preceding paragraph, the maximum numbers of shares subject to Options, Restricted Stock awards, Deferred Stock awards, and other Stock-Based awards to each of the Company's chief executive officer and the four other highest compensated executive officers who are employed by the Company on the last day of any taxable year of the Company, shall be 250,000 shares during the term of the Plan.

Section 4. Eligibility.

Officers and other employees of the Company or any Parent or Subsidiary (but excluding any person whose eligibility would adversely affect the compliance of the Plan with the requirements of Rule 16b-3) who are at the time of the grant of an award under the Plan employed by the Company or any Parent or Subsidiary and who are responsible for or contribute

to the management, growth and/or profitability of the business of the Company or any Parent or Subsidiary, are eligible to be granted Options and awards under the Plan. In addition, Non-Qualified Stock Options and other awards may be granted under the Plan to any person, including, but not limited to, directors, independent agents, consultants and attorneys who the Board or the Committee, as the case may be, believes has contributed or will contribute to the success of

Edgar Filing: ICAD INC - Form DEF 14A

the Company. Eligibility under the Plan shall be determined by the Board or the Committee, as the case may be.

The Board or the Committee, as the case may be, may, in its sole discretion, include additional conditions and restrictions in the agreement entered into in connection with such awards under the Plan. The grant of an Option or other award under the Plan, and any determination made in connection therewith, shall be made on a case by case basis and can differ among optionees and grantees. The grant of an Option or other award under the Plan is a privilege and not a right and the determination of the Board or the Committee, as the case may be, can be applied on a non-uniform (discretionary) basis.

Section 5. Stock Options.

- (a) Grant and Exercise. Stock Options granted under the Plan may be of two types: (i) Incentive Stock Options and (ii) Non-Qualified Stock Options. Any Stock Option granted under the Plan shall contain such terms as the Board or the Committee, as the case may be, may from time to time approve. The Board or the Committee, as the case may be, shall have the authority to grant to any optionee Incentive Stock Options, Non-Qualified Stock Options, or both types of Stock Options, and they may be granted alone or in addition to other awards granted under the Plan. To the extent that any Stock Option is not designated as an Incentive Stock Option or does not qualify as an Incentive Stock Option, it shall constitute a Non-Qualified Stock Option. The grant of an Option shall be deemed to have occurred on the date on which the Board or the Committee, as the case may be, by resolution, designates an individual as a grantee thereof, and determines the number of shares of Stock subject to, and the terms and conditions of, said Option.

Anything in the Plan to the contrary notwithstanding, no term of the Plan relating to Incentive Stock Options or any agreement providing for Incentive Stock Options shall be interpreted, amended or altered, nor shall any discretion or authority granted under the Plan be exercised, so as to disqualify the Plan under Section 422 of the Code, or, without the consent of the optionee(s) affected, to disqualify any Incentive Stock Option under said Section 422.

- (b) Terms and Conditions. Stock Options granted under the Plan shall be subject to the following terms and conditions:
- (i) Option Price. The option price per share of Stock purchasable under a Stock Option shall be determined by the Board or the Committee, as the case may be, at the time of grant but as to Incentive Stock Options and Non-Qualified Stock Options shall be not less than 100% (110% in the case of an Incentive Stock Option granted to an optionee ("10% Shareholder") who, at the time of grant, owns Stock possessing more than 10% of the total combined voting power of all classes of stock of the Company or its Parent, if any, or its Subsidiaries) of the Fair Market Value of the Stock at the time of grant.

5

- (ii) Option Term. The term of each Stock Option shall be fixed by the Board or the Committee, as the case may be, but no

Edgar Filing: ICAD INC - Form DEF 14A

Incentive Stock Option shall be exercisable more than ten years (five years, in the case of an Incentive Stock Option granted to a 10% Shareholder) after the date on which the Option is granted.

- (iii) **Exercisability.** Stock Options shall be exercisable at such time or times and subject to such terms and conditions as shall be determined by the Board or the Committee, as the case may be. If the Board or the Committee, as the case may be, provides, in its discretion, that any Stock Option is exercisable only in installments, the Board or the Committee, as the case may be, may waive such installment exercise provisions at any time at or after the time of grant in whole or in part, based upon such factors as the Board or the Committee, as the case may be, shall determine.

- (iv) **Method of Exercise.** Subject to whatever installment, exercise and waiting period provisions are applicable in a particular case, Stock Options may be exercised in whole or in part at any time during the option period by giving written notice of exercise to the Company specifying the number of shares of Stock to be purchased. Such notice shall be accompanied by payment in full of the purchase price, which shall be in cash or, if provided in the Stock Option agreement referred to in Section 5(b)(xii) below or otherwise provided by the Board, or Committee, as the case may be, either at or after the date of grant of the Stock Option, in whole shares of Stock which are already owned by the holder of the Option or partly in cash and partly in such Stock. Cash payments shall be made by wire transfer, certified or bank check or personal check, in each case payable to the order of the Company; provided, however, that the Company shall not be required to deliver certificates for shares of Stock with respect to which an Option is exercised until the Company has confirmed the receipt of good and available funds in payment of the purchase price thereof. If permitted, payments in the form of Stock (which shall be valued at the Fair Market Value of a share of Stock on the date of exercise) shall be made by delivery of stock certificates in negotiable form which are effective to transfer good and valid title thereto to the Company, free of any liens or encumbrances. In addition to the foregoing, payment of the exercise price may be made by delivery to the Company by the optionee of an executed exercise form, together with irrevocable instructions to a broker-dealer to sell or margin a sufficient portion of the shares covered by the option and deliver the sale or margin loan proceeds directly to the Company. Except as otherwise expressly provided in the Plan or in the Stock Option agreement referred to in Section 5(b)(xii) below or otherwise provided by the Board or Committee, as the case may be, either at or after the date of grant of the Option, no Option which is granted to a person who is at the time of grant an employee of the Company or of a Subsidiary or Parent of the Company may be exercised at any time unless the holder thereof is then an employee of the Company or of a Parent or a Subsidiary. The holder of an Option shall have none of the rights of a shareholder with respect to the shares subject to the Option until the optionee has

Edgar Filing: ICAD INC - Form DEF 14A

given written notice of exercise, has paid in full for those shares of Stock and, if requested by the Board or Committee, as the case may be, has given the representation described in Section 12(a) below.

6

- (v) **Transferability; Exercisability.** No Stock Option shall be transferable by the optionee other than by will or by the laws of descent and distribution, except as may be otherwise provided with respect to a Non-Qualified Option pursuant to the specific provisions of the Stock Option agreement pursuant to which it was issued as referred to in Section 5(b)(xii) below (which agreement may be amended, from time to time). Except as otherwise provided in the Stock Option agreement relating to a Non-Qualified Stock Option, all Stock Options shall be exercisable, during the optionee's lifetime, only by the optionee or his or her guardian or legal representative.
