(I.R.S. Employer
Identification No.)

3000 Sand Hill Road

Building 1, Suite 240

Menlo Park, California

(Address of Principal Executive
Offices)

94025

(Zip code)

(650) 926-7022

(Issuer's Telephone Number, Including Area Code)

Securities registered under Section 12(b) of the Exchange Act:

None

(Title of class)

Securities registered under Section 12(g) of the Exchange Act:

Units consisting of one share of Common Stock,

par value \$.01 per share, and two Warrants

Common Stock, \$.01 par value per share

Warrants to purchase shares of Common Stock

(Title of class)

Check whether the issuer: (1) filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the past 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days.

Yes No

Indicate by checkmark if disclosure of delinquent filers pursuant to Item 405 of Regulation S-B is not contained in this form, and will not be contained, to the best of registrant's knowledge, in definitive proxy or information statements incorporated by reference in Part III of this Form 10-KSB or any amendment to this Form 10-KSB.

Indicate by checkmark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act).

Yes No

State issuer's revenues for its most recent fiscal year: None

The aggregate market value of the voting and non-voting stock held by non-affiliates of the registrant as of March 8, 2006, was approximately \$21.7 million. For purposes of this computation, all executive officers, directors and 10% stockholders were deemed affiliates. Such a determination should not be construed as an admission that such executive officers, directors or 10% stockholders are affiliates.

As of March 8, 2006, 5,110,000 shares of common stock, par value \$.01 per share, were issued and outstanding.

Transitional Small Business Disclosure Format: Yes No

PART I

This report contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the “Securities Act”), and Section 21E of the Securities Exchange Act of 1934, as amended (the “Exchange Act”). These forward-looking statements are subject to certain risks and uncertainties that could cause actual results to differ materially from historical results or anticipated results, including those set forth under “Management’s Discussion and Analysis or Plan of Operation” and elsewhere in, or incorporated by reference into, this report.

Item 1. Description of Business

General

Sand Hill IT Security Acquisition Corp. (the “Company”) is a blank check company formed to serve as a vehicle for the acquisition of a target business in a specified industry. Our objective is to acquire an operating business in the IT security industry. We were incorporated in Delaware on April 15, 2004. Our initial stockholders purchased 1,000,000 shares of common stock, \$.01 par value, for \$25,000. The registration statement for our initial public offering (the “Offering”) was declared effective July 26, 2004. We consummated the Offering on July 30, 2004. The net proceeds, after deducting the underwriters discount and offering expenses, and including the sale of 510,000 units in the underwriters over-allotment option, was \$22,022,462. \$20,961,000 of these net proceeds has been placed in a trust fund and invested in United States government securities. The funds held in the trust account will not be released until the earlier of the date on which we consummate a business combination or liquidate our assets.

Current Trends in the Information Technology (IT) Security Industry

The IT security market continues to be attractive from a business perspective. In January of 2006, the investment banking firm of Goldman Sachs reported that IT security continues as the highest spending priority amongst CIOs and CTOs in the U.S. for 2006. The industry is generally characterized by the following:

- escalating volume of Internet attacks on business, industry and government, reaching over 140,000 attacks in 2004;
 - increasing sophistication of attacks and increasing cost per attack;
- material loss in employee productivity due to unauthorized Internet usage during working hours;
- significant recent increases in government and regulatory requirements specifically targeting security, including but not limited to, Sarbanes-Oxley (SOX), HIPPA, BASEL II, Gramm-Leach-Bliley, GISRA, etc;
 - increases in customer demand for integrated, full solution product suites; and
- a strong preference in Small and Medium Enterprises for easy to install and easy to use security appliances.

Many organizations use the Internet to enable critical business applications that are accessed over their corporate networks. Many employees also use their organization’s computing resources for recreational “web surfing,” peer-to-peer file sharing, downloading of high-bandwidth content, instant messaging and other personal matters. However, unmanaged use of organizational computing and network resources, including Internet access, results in increased risk and cost to the organization, including increased security risks, loss of intellectual property, loss of a company’s customer and supplier data, lost employee productivity, increased network bandwidth consumption, and potential legal liability. This segment of IT security is commonly known as Secured Content Management, or SCM.

Back to Table of Contents

Traditionally, organizations have attempted to mitigate the legal liability, productivity and bandwidth waste risks through written policies governing acceptable employee use of computing resources, and they have sought to protect against external security risks with a combination of firewalls, intrusion detection/prevention software and anti-virus software. With the growth in spyware, key logging applications, and phishing sites, combined with the rapid increase in employee use of instant messaging and peer-to-peer file sharing and the proliferation of blended attacks on computing networks, organizations are finding that existing security measures leave significant time and technology gaps in their protection. Written Internet access and software application use policies are easily ignored, difficult to enforce and do not proactively curtail undesirable Internet and software application usage. Firewalls can provide protection against external threats such as hacking, but do little to prevent employees from accessing unauthorized data from within an organization. Anti-virus software provides protection from e-mail borne viruses, but does not prevent the possible theft or corruption of corporate data by spyware and offers only limited protection against viruses that proliferate via peer-to-peer networks and instant messaging. Existing anti-virus and anti-spyware software also requires time to identify and reverse engineer the virus or spyware application before it can be remediated and removed from infected systems.

Given the necessity of corporate Internet access and the continuing adoption of the web as a mass communication, entertainment, information and commerce medium, we believe there is a significant opportunity for SCM solutions, including secure messaging, that effectively addresses the needs of organizations to manage employee usage of the computing environment, including Internet access and desktop application use. Additionally, although the web and e-mail are the primary drivers of Internet traffic today, the rapid emergence of Internet-enabled applications creates the need for software that applies management policies to file types, applications, and protocols, as well as web pages, at multiple points on the information technology infrastructure. Software tools are needed to implement policy-based bandwidth management and regulation of applications such as instant messaging, peer-to-peer file exchange tools, interactive games and desktop software applications. These solutions must also be adaptable enough to manage new applications and technologies as they are developed.

Recent Developments

On October 26, 2005 we entered into a definitive Agreement and Plan of Merger, as amended, with St. Bernard Software, Inc., a Delaware corporation (“St. Bernard”). Pursuant to the merger agreement, Sand Hill Merger Corp., a Delaware corporation and wholly-owned subsidiary of the Company will merge with and into St. Bernard and St. Bernard will be the surviving corporation and become a wholly-owned subsidiary of the Company. At the effective time and as a result of the merger, the holders of St. Bernard common stock will receive, subject to a working capital adjustment, approximately 9.76 million shares of our common stock and the holders of St. Bernard options and warrants will receive options and warrants for approximately 1.12 million shares of our common stock.

St. Bernard Software is a recognized independent supplier of IT security software products and services, with a special emphasis on Secure Content Management, or SCM, including secure messaging. St. Bernard’s products protect businesses, government organizations and educational institutions from cyber attack, improve worker productivity, reduce legal liability and assist in meeting regulatory requirements for data/privacy protection. St. Bernard’s network-attached security products are delivered as appliances that connect into the data path between the Internet gateway and a company’s local area network. St. Bernard’s system security products consist of software that is installed on workstations and servers. St. Bernard has approximately 8,000 customers supporting over 3.5 million device licenses, primarily comprised of small to medium sized businesses, educational institutions and governmental organizations. The products offered by St. Bernard include Open File Manager, a data protection product; UpdateEXPERT, a patch and settings management product; iPrism, Internet access management product; and ePrism, a secure messaging, e-mail filtering product. According to International Data Corporation, in September 2005, St. Bernard’s iPrism product line was the leading Internet filtering appliance, enabling customers to manage and control employee access to millions of web sites that are updated continuously as part of St. Bernard’s fee-based subscription

service. Other St. Bernard's products also have a subscription component that increases deferred revenue, thereby increasing revenue predictability.

For a more complete discussion of St. Bernard and our proposed business combination, including the risks that are applicable to us with respect to our acquisition of St. Bernard see our current report on Form 8-K filed with the Securities and Exchange Commission on October 27, 2005, as well as our registration statement on Form S-4 (No. 333-130412).

-2-

Back to Table of Contents

Opportunity for stockholder approval of business combination

Prior to the completion of a business combination, we will submit the transaction to our stockholders for approval, even if the nature of the acquisition is such as would not ordinarily require stockholder approval under applicable state law. In connection with seeking stockholder approval of a business combination, we will furnish our stockholders with proxy solicitation materials prepared in accordance with the Exchange Act, which, among other matters, will include a description of the operations of the target business and audited historical financial statements of the business.

In connection with the vote required for any business combination, all of our initial stockholders, including all of our officers and directors, have agreed to vote the 1,000,000 shares of common stock they owned immediately prior to the Offering in accordance with the vote of the public stockholders owning a majority of the shares of our common stock sold in our initial public offering. This voting arrangement does not apply to shares included in units purchased in the Offering or purchased following the Offering in the open market by any of our initial stockholders, officers and directors. We will proceed with the business combination only if public stockholders who own at least a majority of the shares of common stock sold in the Offering vote in favor of the business combination and public stockholders owning less than 20% of the shares sold in the Offering exercise their conversion rights.

Conversion rights

At the time we seek stockholder approval of any business combination, we will offer each public stockholder the right to have their shares of common stock converted to cash if the stockholder votes against the business combination and the business combination is approved and completed. The actual per-share conversion price will be equal to the amount in the trust fund, inclusive of any interest, as of the record date for determination of stockholders entitled to vote on the business combination, divided by the number of shares sold in the Offering. With taking into account the interest earned on the trust fund, the current per-share conversion price, as of December 31, 2005, would be \$5.29. An eligible stockholder may request conversion at any time after the mailing to our stockholders of the proxy statement and prior to the vote taken with respect to a proposed business combination at a meeting held for that purpose, but the request will not be granted unless the stockholder votes against the business combination and the business combination is approved and completed. Any request for conversion, once made, may be withdrawn at any time up to the date of the meeting. It is anticipated that the funds to be distributed to stockholders entitled to convert their shares who elect conversion will be distributed promptly after completion of a business combination. Public stockholders who convert their stock into their share of the trust fund still have the right to exercise the warrants that they received as part of the units. We will not complete any business combination if public stockholders, owning 20% or more of the shares sold in the Offering, exercise their conversion rights.

Liquidation if no business combination

If we have not completed a business combination by July 27, 2006, we will be dissolved and will distribute to all of our public stockholders, in proportion to their respective equity interests, an aggregate sum equal to the amount in the trust fund, inclusive of any interest, plus any remaining net assets of the Company. Our initial stockholders have waived their rights to participate in any liquidation distribution with respect to shares of common stock owned by them immediately prior to the Offering. There will be no distribution from the trust fund with respect to our warrants.

If we were to expend all of the net proceeds of the Offering, other than the proceeds deposited in the trust fund, and with taking into account the interest earned on the trust fund, the current per-share liquidation price, as of December 31, 2005, would be \$5.29. The proceeds deposited in the trust fund could, however, become subject to the claims of our creditors which could be prior to the claims of our public stockholders. There is no assurance that the actual per-share liquidation price will not be less than \$5.29, due to claims of creditors. Humphrey P. Polanen, our chairman

of the board and chief executive officer, has agreed pursuant to an agreement with us and the representatives of the underwriters in the Offering, that, if we liquidate prior to the consummation of a business combination, he will be personally liable to pay debts and obligations to vendors or other entities that are owed money by us for services rendered or products sold to us in excess of the net proceeds of the Offering not held in the trust account. There can be no assurance, however, that Mr. Polanen would be able to satisfy those obligations.

-3-

Back to Table of Contents

If we are unable to complete a business combination by July 27, 2006, upon notice from us, the trustee of the trust account will commence liquidating the investments constituting the trust fund and will turn over the proceeds to the transfer agent for distribution to the stockholders. We anticipate that the instruction to the trustee would be given promptly after July 27, 2006.

Our public stockholders are entitled to receive funds from the trust fund only in the event of our liquidation or if the stockholders seek to convert their respective shares into cash upon a business combination that the stockholder voted against and which is actually completed by us. In no other circumstances shall a stockholder have any right or interest of any kind to or in the trust fund. There will be no distribution from the trust fund with respect to our warrants.

Competition

If we succeed in effecting the business combination with St. Bernard, there will be intense competition from competitors of St. Bernard in the IT security industry. For a more complete discussion of the risks that will be applicable to us following the business combination with St. Bernard, see our filings referred to above under "Recent Developments." We cannot assure you that, subsequent to our business combination, we will have the resources or ability to compete effectively.

Facilities

We maintain our executive offices at 3000 Sand Hill Road, Building 1, Suite 240, Menlo Park, California 94025. The cost for this space is included in the \$7,500 per-month fee Sand Hill Security, LLC charges us for general and administrative services pursuant to a letter agreement between us and Sand Hill Security, LLC. Sand Hill Security, LLC is an affiliate of certain of our directors and executive officers. We believe, based on rents and fees for similar services in the Menlo Park, California metropolitan area, that the fee charged by Sand Hill Security, LLC is at least as favorable as we could have obtained from an unaffiliated person. We consider our current office space adequate for our current operation.

Employees

We have three executive officers, each of whom are members of our board of directors. These individuals are not obligated to contribute any specific number of hours per week and intend to devote only as much time as they deem necessary to our affairs. The executive officers are also involved with business ventures other than the Company. We have no employees.

Risks Associated with Our Business

In addition to other information included in this report, you should consider all the risks relating to the proposed acquisition of St. Bernard and our operations following the business combination in our filings referred to above under "Recent Developments". In addition, the following factors should be considered in evaluating our business and future prospects.

If we are unable to complete the business combination with St. Bernard, we will not have enough time to negotiate and consummate another business combination and will be required to liquidate.

We must complete our business combination by July 27, 2006. Accordingly, if we are unable to complete the business combination with St. Bernard, we will not have enough time to negotiate and consummate another business combination. We will therefore be forced to liquidate our assets. If we are unable to complete a business combination and are forced to liquidate our assets, the per-share liquidation distribution could be less than the purchase price per

share that purchasers paid for our securities because of the expenses of the Offering, our general and administrative expenses. Furthermore, there will be no distribution with respect to our outstanding warrants and, accordingly, the warrants will expire worthless if we liquidate before the completion of a business combination.

-4-

Back to Table of Contents

If third parties bring claims against us, the proceeds held in trust could be reduced and the per share liquidation price received by stockholders could be less than their purchase price per share.

Our placing of funds in trust may not protect those funds from third party claims against us. The proceeds held in trust could be subject to claims which could take priority over the claims of our public stockholders. There can be no assurance that the per-share liquidation price will not be less than the purchase price per share that purchasers paid for our securities, plus interest, due to claims of creditors. If we liquidate before the completion of a business combination, Humphrey P. Polanen, our chairman of the board and chief executive officer, will be personally liable under certain circumstances to ensure that the proceeds in the trust fund are not reduced by the claims of various vendors or other entities that are owed money by us for services rendered or products sold to us. However, we cannot assure you that Mr. Polanen will be able to satisfy those obligations.

Upon consummation of our business combination with St. Bernard, there will be a substantial number of shares of our common stock available for resale in the future that may increase the volume of common stock available for sale in the open market and may cause a decline in the market price of our common stock.

The consideration to be issued in the merger with St. Bernard will include approximately 9.76 million shares of our common stock and options and warrants for approximately 1.12 million shares of our common stock. Except for a portion of the shares that will be held by certain affiliates of St. Bernard and are subject to a lock-up period, the shares will be freely saleable immediately after the consummation of the merger. The presence of this additional number of shares of common stock eligible for trading in the public market may have an adverse effect on the market price of our common stock.

Our initial stockholders, including our officers and directors, control a substantial interest in us and thus may influence certain actions requiring stockholder vote.

All of our officers and directors own stock in our company, but have waived their right to receive distributions upon our liquidation with respect to their shares purchased prior to our initial public offering. Additionally, some of our officers and directors own warrants to purchase additional shares of our common stock. The shares and warrants owned by our directors and officers will be worthless if we do not consummate the business combination with St. Bernard. The personal and financial interests of our directors and officers may influence their motivation in accepting any changes or waiving any terms with respect to our business combination with St. Bernard. Consequently, our directors' and officers' discretion in agreeing to such changes or waivers may result in a conflict of interest when determining whether such changes or waivers are appropriate and in our stockholders' best interest.

Our outstanding warrants and options may have an adverse effect on the market price of our common stock and make it more difficult to effect a business combination.

We currently have 8,820,000 shares of common stock reserved for issuance upon exercise of issued and outstanding warrants, the option to purchase 270,000 units that we granted to the representatives of the underwriters in the Offering (including the warrants underlying the option), and the options to purchase an aggregate of 60,000 shares of common stock granted to Advisory Board members. To the extent we issue shares of common stock to effect a business combination, the potential for the issuance of substantial numbers of additional shares upon exercise of these warrants and options could make us a less attractive acquisition vehicle in the eyes of a target business as such securities, when exercised, will increase the number of issued and outstanding shares of our common stock, reduce the ownership the stockholders would have had excluding the shares issued from the exercise of warrants and options, and may reduce the value of the shares issued to complete the business combination. Accordingly, our warrants and options may make it more difficult to effectuate a business combination or increase the cost of the target business. Additionally, the sale, or even the possibility of sale, of the shares underlying the warrants and options could have an

adverse effect on the market price for our securities or on our ability to obtain future public financing. If and to the extent these warrants and options are exercised, stockholders may experience dilution to their holdings.

-5-

Back to Table of Contents

If our initial stockholders exercise their registration rights, it may have an adverse effect on the market price of our common stock and the existence of these rights may make it more difficult to effect a business combination.

Our initial stockholders are entitled to demand that we register the resale of their shares of common stock at any time after the date on which their shares are released from escrow. If our initial stockholders exercise their registration rights with respect to all of their shares of common stock, then there will be an additional 1,000,000 shares of common stock eligible for trading in the public market. The presence of this additional number of shares of common stock eligible for trading in the public market may have an adverse effect on the market price of our securities. In addition, the existence of these rights may make it more difficult to effectuate a business combination, or may increase the cost of the target business, as the stockholders of the target business may be discouraged from entering into a business combination with us or will request a higher price for their securities as a result of these registration rights and the potential future effect their exercise may have on the trading market for our securities.

If we are deemed to be an investment company, we may be required to institute burdensome compliance requirements and our activities may be restricted.

If we are deemed to be an investment company under the Investment Company Act of 1940, we may have imposed upon us burdensome requirements, including:

- registration as an investment company;
- adoption of a specific form of corporate structure; and
- reporting, record keeping, voting, proxy and disclosure requirements and other rules and regulations.

We do not believe that our anticipated principal activities will subject us to the Investment Company Act of 1940. To this end, the proceeds held in trust have only been invested by the trust agent in “government securities” with specific maturity dates. By restricting the investment of the proceeds to these instruments, we intend to meet the requirements for the exemption provided in Rule 3a-1 promulgated under the Investment Company Act of 1940. If we were deemed to be subject to the act, compliance with these additional regulatory burdens would require additional expense that we have not allotted for.

We may experience volatility in earnings due to how we are required to account for our warrants.

Under EITF No. 00-19, “Accounting for Derivative Financial Instruments Indexed to, and Potentially Settled in, a Company’s Own Stock” (EITF No. 00-19), the fair value of the warrants issued as part of the units issued in our initial public offering must be reported as a liability. The warrant agreement provides for us to register the shares underlying the warrants and is silent as to the penalty to be incurred in the absence of our ability to deliver registered shares to the warrant holders upon warrant exercise. Under EITF No. 00-19, we are required to assume that this situation could give rise to us ultimately having to net-cash settle the warrants, thereby necessitating the treatment of the warrants as a liability. Further, EITF No. 00-19 requires us to record the warrant liability at each reporting date at its then estimated fair value, with any changes being recorded through our statement of operations as other income/expense. The warrants will continue to be reported as a liability until such time that they are exercised, expire, or we are otherwise able to modify the registration rights agreement to remove the provisions which require this treatment. As a result, we could experience volatility in our net income due to changes that occur in the value of the warrant liability at each reporting date.

Item 2. Description of Property

We maintain our executive offices at 3000 Sand Hill Road, Building 1, Suite 240, Menlo Park, California 94025. The cost for this space is included in the \$7,500 per-month fee Sand Hill Security, LLC charges us for general and administrative services pursuant to a letter agreement between us and Sand Hill Security, LLC. We believe, based on rents and fees for similar services in the Menlo Park, California metropolitan area, that the fee charged by Sand Hill Security, LLC is at least as favorable as we could have obtained from an unaffiliated person. We consider our current office space adequate for our current operation.

-6-

Back to Table of Contents**Item 3. Legal Proceedings**

We are not presently a party to any pending legal proceeding.

Item 4. Submission of Matters to a Vote of Security Holders

There were no matters for submission to a vote of security holders during the fourth quarter ended December 31, 2005.

PART II**Item 5. Market for Common Equity and Related Stockholder Matters**

The units, common stock and warrants are listed on the OTC Bulletin Board under the symbols SHQCU, SHQC and SHQCW, respectively. The following table indicates the quarterly high and low bid price for the units, common stock and warrants on the OTC Bulletin Board for the periods indicated since such units began trading on July 27, 2004 and common stock and warrants began trading on August 24, 2004. Such inter-dealer quotations do not necessarily represent actual transactions, and do not reflect retail mark-ups, mark-downs or commissions.

OTC
BULLETIN BOARD
BID CLOSING PRICE

Quarter Ended	Common Stock		Warrants		Units	
	High	Low	High	Low	High	Low
March 31, 2005	\$ 5.25	\$ 4.80	\$ 0.95	\$ 0.55	\$ 7.25	\$ 6.00
June 30, 2005	\$ 5.47	\$ 4.91	\$ 0.96	\$ 0.56	\$ 7.25	\$ 6.00
September 30, 2005	\$ 5.50	\$ 5.10	\$ 1.60	\$ 0.75	\$ 8.51	\$ 6.45
December 31, 2005	\$ 5.50	\$ 5.10	\$ 1.70	\$ 0.77	\$ 8.80	\$ 6.60

As of December 31, 2005, we had 1 holder of record of our units, 8 holders of record of our common stock, and 1 holder of record of our warrants.

We have not paid any dividends on our common stock to date and do not intend to pay dividends in the foreseeable future, but intend to retain earnings for future growth.

Back to Table of Contents*Equity Compensation Plan*

The following table provides information as of December 31, 2005, about our common stock that may be issued upon the exercise of options, warrants and rights under all of our existing equity compensation plans (including individual arrangements):

Plan Category	Number of securities to be issued upon exercise of outstanding options, warrants and rights (a)	Weighted-average exercise price of outstanding options, warrants and rights (b)	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a)) (c)
Equity compensation plans approved by security holders	—	—	—
Equity compensation plans not approved by security holders	60,000	\$ 4.75	40,000
Total	60,000	\$ 4.75	40,000

In December, 2004, the Board of Directors of the Company authorized the Company to reserve 100,000 shares of common stock for issuance pursuant to the exercise of stock options to purchase shares of common stock at an exercise price of \$4.75 per share to be granted to certain individuals acting as advisors to the Company. In January, 2005, the Company granted options to purchase an aggregate of 60,000 shares of common stock at an exercise price of \$4.75 per share to Robert Medrano, John Garvey, Lou Ryan and Raj Dhingra who have acted as advisors to the Company. These options will vest 50% one year from the grant of the option and 50% two years from the grant of the option and are exercisable for a period of five years from the date on which the options were granted; however, the options will not be exercisable prior to the consummation of a business combination by the Company.

Recent Sales of Unregistered Securities

In April 2004, we sold the following shares of Common Stock without registration under the Securities Act:

Stockholders	Number of Shares
Humphrey	459,441
Polanen	100,000
Sand Hill Security, LLC	174,825
Keith Walz	174,825
Scott Broomfield	48,951
Cary Grossman	20,979
Dan Johnson	20,979
Alberto Micalizzi	20,979

Back to Table of Contents

Such shares were issued in connection with our organization pursuant to the exemption from registration contained in Section 4(2) of the Securities Act as they were sold in a transaction not involving a public offering. The shares were sold at purchase prices of \$0.025 per share.

On July 30, 2004, we closed the Offering of 3,600,000 Units, with each Unit consisting of one share of our common stock and two warrants, each to purchase one share of our common stock at an exercise price of \$5.00 per share. The Units were sold at an offering price of \$6.00 per Unit, generating gross proceeds of \$21,600,000. Additionally, the underwriters' purchased 510,000 units, pursuant to the exercise of the over-allotment option granted in connection with the Offering, generating gross proceeds of \$3,060,000. The representatives of the underwriters in the Offering were I-Bankers Securities Incorporated and Newbridge Securities Corporation. The securities sold in the Offering were registered under the Securities Act pursuant to a registration statement on Form S-1 (No. 333-114861). The Securities and Exchange Commission declared the registration statement effective on July 26, 2004.

We paid a total of \$2,250,900 in underwriting discounts and commissions, including \$648,000 for the underwriters' non-accountable expense allowance, and approximately \$386,000 for other costs and expenses related to the Offering.

After deducting the underwriting discounts and commissions and the Offering expenses, the total net proceeds to us from the Offering were approximately \$22,022,462, of which \$20,961,000 was deposited into a trust fund and the remaining proceeds are available to be used to provide for business, legal and accounting due diligence on prospective business combinations and continuing general and administrative expenses. From inception through December 31, 2005, we have had negative cash flow from operations of \$948,866 from the net proceeds that were not deposited into the trust fund to pay or accrue general and administrative expenses. The net proceeds deposited into the trust fund remain on deposit in the trust fund and have earned \$780,492 in interest through December 31, 2005.

Item 6. Management's Discussion and Analysis or Plan of Operation

The following discussion should be read in conjunction with the Financial Statements, including the notes thereto, included elsewhere in this report.

We were formed on April 15, 2004, to serve as a vehicle to effect a merger, capital stock exchange, asset acquisition or other similar business combination with an operating business in the IT security industry. We intend to utilize cash derived from the proceeds of the Offering, our capital stock, debt or a combination of cash, capital stock and debt, in effecting a business combination. We consummated the Offering on July 30, 2004.

Operations commenced July 31, 2004. The net loss of \$49,907 reported for the period from April 15, 2004 (inception) through December 31, 2004 consists primarily of \$51,408 for director and officer liability and other insurance, \$37,500 for facilities, \$32,500 for professional fees, \$34,360 for travel and travel related costs, and \$36,178 for other operating expenses. Total interest income was \$142,039.

As of December 31, 2005, the Company had cash of \$73,596, and treasury securities in our trust account (including interest) of \$21,730,543. From inception through December 31, 2005, we have had negative cash flow from operations of \$948,866 from the net proceeds that were not deposited into the trust fund. The cumulative net loss of \$1,595,121 reported for the period from April 15, 2004 (inception) through December 31, 2005 consists primarily of \$174,772 for director and officer liability and other insurance, \$127,500 for facilities, \$562,657 for professional fees, \$147,052 for travel and travel related costs, \$103,733 for taxes, and \$183,079 for other operating expenses and warrant liability expense of \$1,076,820. The net proceeds deposited into the trust fund remain on deposit in the trust fund and have earned \$780,492 in interest through December 31, 2005.

Back to Table of Contents

Under EITF No. 00-19, “*Accounting for Derivative Financial Instruments Indexed to, and Potentially Settled in, a Company’s Own Stock*” (“EITF No. 00-19), the fair value of the warrants issued as part of the Units have been reported as a liability. The warrant agreement provides for the Company to register the shares underlying the warrants and is silent as to the penalty to be incurred in the absence of the Company’s ability to deliver registered shares to the warrant holders upon warrant exercise. Under EITF No. 00-19, the Company is required to assume that this situation could give rise to it ultimately having to net-cash settle the warrants, thereby necessitating the treatment of the warrants as a liability. Further, EITF No. 00-19 requires the Company to record the warrant liability at each reporting date at its then estimated fair value, with any changes being recorded through the Company’s statement of operations as other income/expense. The warrants will continue to be reported as a liability until such time that they are exercised, expire, or the Company is otherwise able to modify the registration rights agreement to remove the provisions which require this treatment. As a result, the Company could experience volatility in its net income due to changes that occur in the value of the warrant liability at each reporting date.

The Company had previously issued financial statements which did not present the warrants as a liability. The accompanying financial statements have been restated to correct this error.

For the twelve months ended December 31, 2005, the Company earned interest income of \$638,453. Sand Hill incurred operating expenses of approximately \$1,106,847 for that same period. These expenses consist primarily of \$123,364 for director and officer liability and other insurance, \$90,000 for facilities, \$530,157 for professional fees, \$112,692 for travel and travel related costs, \$103,733 for taxes, and \$146,901 for other operating expenses and costs associated with being a public company.

Over the 24-month period subsequent to the consummation of the Offering, the Company had anticipated approximately \$250,000 of expenses for legal, accounting and other expenses related to the due diligence investigations, and structuring and negotiating of a business combination, \$180,000 for the administrative fee payable to Sand Hill Security, LLC (\$7,500 per month for two years), \$100,000 of expenses for the due diligence and investigation of a target business, \$75,000 of expenses in legal and accounting fees relating to our SEC reporting obligations and \$475,000 for general working capital to be used for miscellaneous expenses and reserves, including approximately \$180,000 for director and officer liability insurance premiums, inclusive of the amounts set out in the preceding paragraph. We do not believe that the Company has sufficient available cash resources outside of the trust fund to operate until the merger is consummated, without accruing for certain professional expenses, such as legal and accounting costs and, therefore, we may need to raise additional funds through a private offering of debt or equity securities if such funds are required to consummate the business combination with St. Bernard. Anticipating closure of the merger by the end of May, 2006, Sand Hill estimates total costs to consummation of approximately \$15,000 for the administrative fee payable to Sand Hill Security LLC, \$10,000 for accounting fees relating to quarterly SEC reporting obligations, \$40,000 for legal costs related to the joint proxy statement/prospectus and registration statement on Form S-4, \$25,000 in printing costs for the joint proxy statement/prospectus and registration statement on Form S-4, plus an additional \$30,000 in travel costs, investor relations costs and general corporate working capital requirements. This is a total estimate of \$120,000 to operate until the consummation of a business combination. To the extent that these costs exceed amounts available outside the trust fund, trust fund assets will be used to fund the excess costs of the merger if the merger is completed and the trust fund assets are released to the Company.

On October 26, 2005 we entered into a definitive Agreement and Plan of Merger, as amended, with St. Bernard. Pursuant to the Merger Agreement, Sand Hill Merger Corp., a Delaware corporation and wholly-owned subsidiary of the Company will merge with and into St. Bernard and St. Bernard will be the surviving corporation and become a wholly-owned subsidiary of the Company. At the effective time and as a result of the merger, the holders of St. Bernard common stock will receive, subject to a working capital adjustment, approximately 9.76 million shares of our common stock and the holders of St. Bernard options and warrants will receive options and warrants for approximately 1.12 million shares of our common stock.

For a more complete discussion of St. Bernard and our proposed business combination, including the risks that are applicable to us with respect to our acquisition of St. Bernard see our current report on Form 8-K filed with the Securities and Exchange Commission on October 27, 2005, as well as our registration statement on Form S-4 (No. 333-130412).

Back to Table of Contents

We are obligated, commencing July 26, 2004, to pay to Sand Hill Security, LLC, an affiliate of our directors and executive officers, a monthly fee of \$7,500 for general and administrative services. In addition, in April 2004, Sand Hill Security, LLC advanced an aggregate of \$40,000 to us, on a non-interest bearing basis, for payment of offering expenses on our behalf. This amount was repaid in August 2004 out of the proceeds of the Offering.

Off-balance Sheet Arrangements

There were no off-balance sheet arrangements during the period from April 15, 2004 (inception) through December 31, 2005, that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures, or capital resources that is material to our investors.

Item 7. Financial Statements

Report of Independent Certified Public Accounts

Back to Table of Contents

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors of
Sand Hill IT Security Acquisition Corp.

We have audited the accompanying balance sheets of Sand Hill IT Security Acquisition Corp. (a corporation in the development stage) as of December 31, 2004 and 2005, and the related statement of operations, stockholders' equity and cash flows for the period from April 15, 2004 (inception) to December 31, 2004, and for the year ended December 31, 2005. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company has determined that it is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Sand Hill IT Security Acquisition Corp. at December 31, 2004 and 2005, and the results of its operations and their cash flows for the period from April 15, 2004 (inception) to December 31, 2004, and for the year ended December 31, 2005, in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in note 10 to the financial statements, the Company has suffered significant losses and has a working capital deficit (net of Treasury Bill Held in Trust) of \$169,570 at December 31, 2005 and does not have any remaining due diligence funds to satisfy its current obligations, which matters raise substantial doubt about its ability to continue as a going concern. Management's plans in regard to these matters are also described in note 10. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

As discussed in Note 1 to the financial statements, the Company has restated the accompanying financial statements to reflect the warrants outstanding in connection with the Company's initial public offering as a liability.

/s/ HEIN & ASSOCIATES LLP

SAND HILL IT SECURITY ACQUISITION CORP.

(A Corporation in the Development Stage)

NOTES TO FINANCIAL STATEMENTS

1. ORGANIZATION, BUSINESS OPERATIONS

Sand Hill IT Security Acquisition Corp. was incorporated in Delaware on April 15, 2004 as a blank check company whose objective is to merge with or acquire an operating business in the IT Security industry. The Company's initial stockholders' purchased 1,000,000 shares of common stock, \$0.01 par value, for \$25,000 on April 20, 2004.

The registration statement for the Company's initial public offering (the "Offering") was declared effective on July 26, 2004. The Company consummated the Offering on July 30, 2004 and received proceeds, net of the underwriters' discount of \$22,022,462, which includes proceeds of \$2,861,100 received from the exercise by the underwriters of the over allotment option. The Company's management has broad discretion with respect to the specific application of the net proceeds of the Offering, although substantially all of the net proceeds of the Offering are intended to be generally applied toward consummating a merger with or acquisition of an operating business in the IT security industry ("Business Combination"). There is no assurance that the Company will be able to successfully affect a Business Combination. A treasury bill of \$21,025,000 was purchased at a discount for \$20,961,000 with funds initially deposited in an interest bearing trust account ("Trust Fund") and is being held until the earlier of (i) the consummation of its first Business Combination or (ii) liquidation of the Company. Under the agreement governing the Trust Fund, funds may only be invested in United States government securities with a maturity of 180 days or less. The trust fund balance has been invested in a United States Treasury Bill, which is accounted for as a trading security and is recorded at its market value of approximately \$21,730,543 at December 31, 2005. The excess of market value over cost is included in interest income in the accompanying Statement of Operations. The remaining proceeds of the Offering may be used to pay for business, legal and accounting due diligence on prospective mergers or acquisitions and continuing general and administrative expenses.

Under EITF No. 00-19, "*Accounting for Derivative Financial Instruments Indexed to, and Potentially Settled in, a Company's Own Stock*" ("EITF No. 00-19"), the fair value of the warrants issued as part of the Units have been reported as a liability. The warrant agreement provides for the Company to register the shares underlying the warrants and is silent as to the penalty to be incurred in the absence of the Company's ability to deliver registered shares to the warrant holders upon warrant exercise. Under EITF No. 00-19, the Company is required to assume that this situation could give rise to it ultimately having to net-cash settle the warrants, thereby necessitating the treatment of the warrants as a liability. Furthermore, EITF No. 00-19 requires the Company to record the warrant liability at each reporting date at its then estimated fair value, with any changes being recorded through the Company's statement of operations as other income/expense. The warrants will continue to be reported as a liability until such time that they are exercised, expire, or the Company is otherwise able to modify the registration rights agreement to remove the provisions which require this treatment.

The fair value of the warrant liability in the accompanying balance sheet has been determined using the trading value of the warrants. The value assigned to the fair value of the warrant liability at July 30, 2004 (date of issuance), December 31, 2004, and December 31, 2005 was \$5,343,000, \$5,343,000, and \$6,419,820, respectively.

Amounts reported as warrant liability expense in the accompanying statement of operations resulting from the change in valuation of the warrant liability was \$0 and \$1,076,820 for 2004 and 2005, respectively.

Back to Table of Contents

The Company had previously issued financial statements which did not present the warrants as a liability. The accompanying financial statements have been restated to correct this error. The impact of the correction of this error in previously reported financial statements is as follows:

The Company, now that it has signed a merger agreement with St. Bernard Software, will submit this transaction for stockholder approval. In the event that stockholders owning 20% or more of the outstanding stock excluding, for this purpose, those persons who were stockholders immediately prior to the Offering, vote against the Business Combination, the Business Combination will not be consummated. All of the Company's stockholders prior to the Offering, including all of the officers and directors of the Company ("Initial Stockholders"), have agreed to vote their founding shares of common stock in accordance with the vote of the majority in interest of all other stockholders of the Company ("Public Stockholders") with respect to a Business Combination. After consummation of the Company's first Business Combination, these voting safeguards no longer apply.

With respect to the first Business Combination which is approved and consummated, any Public Stockholder who voted against the Business Combination may demand that the Company redeem his or her shares. The per share redemption price will equal the amount in the Trust Fund as of the record date for determination of stockholders entitled to vote on the Business Combination divided by the number of shares of common stock held by Public Stockholders at the consummation of the Offering. Accordingly, Public Stockholders holding 19.99% of the aggregate number of shares owned by all Public Stockholders may seek redemption of their shares in the event of a Business Combination. Such Public Stockholders are entitled to receive their 'per share' interest in the Trust Fund computed without regard to the shares held by Initial Stockholders.

The Company's Certificate of Incorporation provides for the mandatory liquidation of the Company, without stockholder approval, in the event that the Company does not consummate a Business Combination within 18 months from the date of the consummation of the Offering (January 30, 2006), or 24 months from the consummation of the Offering (July 30, 2006) if certain extension criteria have been satisfied. The Company met this first criterion by signing a definitive merger agreement with St. Bernard on October 26, 2005. In the event of liquidation, it is likely that the per share value of the residual assets remaining available for distribution (including Trust Fund assets) will be less than the initial public offering price per share in the Offering (assuming no value is attributed to the Warrants contained in the Units to be offered in the Offering as described in Note 3).

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements include the accounts of the Company. The Company commenced operations effective July 31, 2004. All activity through July 30, 2004, is related to the Company's formation and preparation of the Offering.

Certain reclassifications have been made to prior period financial statements to conform with current period presentations.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingencies at the date of the financial statements and the reported amounts of expenses during the reporting period. Actual amounts could differ from those estimates.

-20-

Back to Table of Contents

Cash Equivalents

The Company considers all highly liquid investments with original maturities of three months or less to be cash equivalents.

Concentration of Credit Risk

Financial instruments that potentially subject the Company to credit risk consist of cash and cash equivalents. The Company's policy is to limit the amount of credit exposure to any one financial institution and place investments with financial institutions evaluated as being creditworthy, or in short-term money market funds which are exposed to minimal interest rate and credit risk.

Federal Income Taxes

The Company recognizes deferred tax assets and liabilities for the expected future tax consequences of events that have been recognized in the Company's financial statements or tax returns. Under this method, deferred tax assets and liabilities are determined based on the difference between the financial statement carrying amounts and the tax bases of assets and liabilities using enacted tax rates in effect in the years in which the differences are expected to reverse. At December 31, 2005, a deferred income tax asset of approximately \$70,000 relating to the Company's net operating loss is offset by a full valuation allowance based upon a lack of earnings history for the Company.

Franchise Taxes

The Company is subject to Delaware state franchise taxes which is computed under the Assumed Per Value Method for the year ended December 31, 2005. The Company had \$103,733 of tax expense related to these taxes.

Earnings per Common Share

Basic earnings per share ("EPS") is computed by dividing net income applicable to common stock by the weighted average common shares outstanding during the period. Diluted EPS reflects the additional dilution for all potentially dilutive securities such as stock warrants.

Recently Issued Accounting Standards

On December 16, 2004, the FASB issued SFAS No. 123 (revised 2004), "Share-Based Payment" ("SFAS No. 123(R)"). SFAS No. 123(R) will require companies to measure all employee stock-based compensation awards using a fair value method and record such expense in its financial statements. In addition, the adoption of SFAS No. 123(R) requires additional accounting and disclosure related to the income tax and cash flow effects resulting from share-based payment arrangements. SFAS No. 123(R) is effective beginning January 1, 2006. The Company does not expect the impact of applying this guidance to be material to its financial statements.

3. PUBLIC OFFERING

On July 30, 2004, the Company sold 3,600,000 units ("Units") in a public offering, which included granting the underwriters' an over-allotment option to purchase up to an additional 540,000 Units. Subsequently, the underwriters exercised their over-allotment option and purchased an additional 510,000 shares. Each Unit consists of one share of the Company's common stock, \$0.01 par value, and two Redeemable common stock Purchase Warrants ("Warrants"). Each Warrant will entitle the holder to purchase from the Company one share of common stock at an exercise price of \$5.00 commencing on the later of the completion of a Business Combination or July 25, 2005 and expiring July 25,

2009. The Warrants will be redeemable by the Company at a price of \$0.01 per Warrant upon 30 days' notice after the Warrants become exercisable, only in the event that the last sale price of the common stock is at least \$8.50 per share for any 20 trading days within a 30 trading day period ending on the third day prior to the date on which notice of the redemption is given. In connection with the Offering, the Company issued an option for \$100 to the underwriters' to purchase 270,000 Units at an exercise price of \$7.50 per Unit. The Units issuable upon exercise of this option are identical to those included in the Offering except that exercise price of the Warrants included in the Units will be \$6.65 per share.

-21-

Back to Table of Contents

The sale of the option has been accounted for as an equity transaction in accordance with Emerging Issues Task Force No. 00-19, Accounting for Derivative Financial Instruments Indexed to, and Potentially Settled in a Company's Own Stock, and therefore has been measured at its fair value on the date of the sale in accordance with Statements of Financial Accounting Standards No. 123 (revised 2004), Share-based Payment, which resulted in an increase in the Company's cash position and shareholders' equity by the \$100 proceeds from the sale. The Company has determined based upon a trinomial model, that the estimated fair value of the option on the date of sale would be approximately \$.658 per unit or an aggregate of \$177,660, assuming an expected life of four years, volatility of 11.58% and a risk-free interest rate of 4.393%. Given the parameters used in the computation of the fair value of the option change over time, the actual fair value of the option on the date of sale is expected to be different from the estimated fair value computed above.

The volatility calculation of 11.58% is based on the latest 90 days average volatility of the Standard and Poor's IT sector ("Index"). Due to the fact the Company does not have a trading history, the Company referred to the latest 90 days average volatility of the Index because management believes that the average volatility of such index is a reasonable benchmark to use in estimating the expected volatility of the Company's common stock after consummation of a business combination. Although an expected life of four years was taken into account for purposes of assigning a fair value to this option, if the Company does not consummate a Business Combination within the prescribed time period and liquidates, this option would become worthless. Pursuant to Rule 2710(g)(1) of the NASD Conduct Rule, the option to purchase 270,000 units is deemed to be underwriting compensation and therefore upon exercise, the underlying shares and warrants are subject to a 180-day lock-up.

4. COMMITMENT

The Company presently occupies office space provided by an Initial Stockholder. Such affiliate has agreed that, until the acquisition of a target business by the Company, it will make such office space, as well as certain office and secretarial services, available to the Company, as may be required by the Company from time to time. The Company has agreed to pay such affiliate \$7,500 per month for such services commencing on July 31, 2004.

5. NOTE PAYABLE

Sand Hill Security, LLC, an Initial Stockholder and affiliate of the officers and directors of the Company, entered into a revolving credit agreement with the Company in the amount of \$60,000. Advances under the credit facility amounted to \$40,000 as of July 30, 2004. The loan was repaid out of the net proceeds of the Offering.

6. PREFERRED STOCK

The Company is authorized to issue 5,000,000 shares of preferred stock, par value \$.01, with such designations, voting and other rights and preferences as may be determined from time to time by the Board of Directors as of December 31, 2005, no shares of preferred stock have been issued.

7. INVESTMENTS HELD IN TRUST

Investments held in trust as of December 31, 2005 is comprised of a zero coupon United States treasury bill with a face value of \$21,730,543 purchased at a discount of 99.53% due April 20, 2006.

8. EARNINGS PER SHARE

The following table sets forth the computation of basic and diluted earnings per share for the year ended December 31, 2005 and for the period from April 15, 2004 (inception) to December 31, 2004.

Back to Table of Contents

BASIC:	2005	2004
Numerator: Net loss	\$ (1,545,214)	\$ (49,907)
Denominator: Average common shares outstanding	5,110,000	3,468,784
Basic earnings per share	\$ (0.30)	\$ (0.01)
DILUTED:		
Numerator: Net loss	\$ (1,545,214)	\$ (49,907)
Denominator: Average common shares outstanding	5,110,000	3,468,784
Diluted earnings per share	\$ (0.30)	\$ (0.01)

Operations commenced subsequent to the Offering, therefore, average common shares outstanding reflect shares issued in the Offering. No computation for diluted earnings per share was reflected in the above table for the common stock Purchase Warrants and the underwriters' option to purchase an aggregate of 8,820,000 shares of common stock at \$5.00 per share and \$6.65 per share, respectively, because the inclusion of such warrants would be anti-dilutive.

9. STOCK OPTION PLAN

On December 1, 2004, the Board of Directors of the Company created an Advisory Board, consisting of four independent members to advise the Company with respect to the research and structuring of a business combination with an operating business in the IT security industry. The Board of Directors authorized the Company to reserve 100,000 shares of common stock for issuance pursuant to the exercise of stock options to purchase shares of common stock at an exercise price of \$4.75 per share, to be granted to the initial members of the Advisory Board. Pursuant to the terms of the stock option agreement, the options will vest (i) 50% one year from the grant of the option and (ii) 50% two years from the grant of the option; however, the options will not be exercisable prior to the consummation of a business combination by the Company.

The fair value of these options was estimated at the date of grant using a Black-Scholes option pricing ("Black-Scholes") model with the following weighted average assumptions for 2005: (i) risk-free interest rate of 4.76%, (ii) a dividend yield of 0.00%, (iii) volatility factors of the historical market price of the Company's common stock of 12.97% and (iv) a weighted average expected life of 4 years.

The Black-Scholes model was developed for use in estimating the fair value of traded options that have no vesting restrictions and are fully transferable. In addition, option valuation models require the input of highly subjective assumptions, including the expected volatility. Because the Company's stock options have characteristics significantly different from those of traded options and because changes in the subjective input assumptions can materially affect the fair value estimate, in management's opinion, the existing models do not necessarily provide a reliable single measure of the fair value of its stock options. The estimated fair value of the options is amortized to expense over the vesting period of the stock options, which is two years.

Back to Table of Contents

A summary of the activity of the Company's fixed stock option plans is presented below:

	Shares	Weighted Average Exercise Prices	Fair Value
Stock options outstanding at April 15, 2004	-	\$ -	\$ -
Options granted	60,000	4.75	0.98
Options cancelled	-	-	-
Stock options outstanding at December 31, 2004	60,000	\$ 4.75	0.98
Options granted	-	-	-
Options cancelled	-	-	-
Stock options outstanding at December 31, 2005	60,000	\$ 4.75	
Common shares authorized under the 2004 Stock Plan	100,000		
Outstanding options	(60,000)		
Outstanding stock grants	-		
Options available for grant at December 31, 2004	40,000		
Shares exercisable at December 31, 2005	60,000	\$ 4.75	\$ 0.98
Outstanding option	(60,000)	-	
Outstanding stock grants	-	-	
Options available for grant at December 31, 2005	40,000	\$ 4.75	

The weighted average remaining contractual life of options is 4 years.

10. MANAGEMENT PLANS

The accompanying financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. As shown in the accompanying financial statements, the Company had current liabilities of \$6,674,775 as of December 31, 2005 and net loss of \$1,545,214 for the year ended December 31, 2005. The Company does not have any more due diligence funds to satisfy its current obligations. This matter raises doubt about the Company's ability to continue as a going concern without additional infusions of equity capital or debt.

The financial statements do not include any adjustments should the Company be unable to continue as a going concern. On October 26, 2005, the Company entered into a definitive Agreement and Plan of Merger with St. Bernard Software, Inc. which management believes will provide the necessary funds in 2006 to satisfy its immediate obligations. In the event that the merger is not consummated in 2006, the Company will be required to liquidate. The Company believes that it will be successful in removing the uncertainty concerning its ability to continue as a going concern by consummating the merger with St. Bernard Software, Inc. in 2006.

Back to Table of Contents**Item 8. Changes In and Disagreements With Accountants or Accounting and Financial Disclosure**

None.

Item 8A. Controls and Procedures

Under the supervision and with the participation of our management, including our chief executive officer and chief financial officer, we have evaluated the effectiveness of the design and operation of our disclosure controls and procedures as of December 31, 2005 (the "Evaluation Date"), and, based on their evaluation, our chief executive officer and chief financial officer have concluded that these controls and procedures were effective as of the Evaluation Date. However, in connection with the preparation of Amendment No. 4 to the Registration Statement on Form S-4 related to the Agreement and Plan of Merger, dated as of October 26, 2005, by and among our company, St. Bernard Software, Inc. and Sand Hill Merger Corp., we were advised by our independent registered accounting firm, Hein & Associates LLP ("Hein") on June 19, 2006, that we may need to reclassify certain amounts in our financial statements to report the warrants issued as part of the units in our initial public offering as a liability. Hein based its conclusions upon on a comment received from the Securities and Exchange Commission in connection with the preparation of the Amendment No. 4 to the Registration Statement on Form S-4 and after further discussion with the Staff of the Securities and Exchange Commission. We addressed this concern by determining to restate our Form 10-KSB for the fiscal year ended December 31, 2005 and our Form 10-QSB/A for the period ended March 31, 2006 to reflect this reclassification. There were no significant changes in our internal controls or in other factors that could significantly affect these controls subsequent to the Evaluation Date.

PART III**Item 9. Directors, Executive Officers, Promoters and Control Persons**

Our current directors and executive officers are as follows:

Name	Age	Position
H u m p h r e y P . Polanen	56	Chief Executive Officer and Chairman of the Board of Directors
Keith Walz	38	President, Chief Financial Officer and Director
Scott Broomfield	49	Executive Vice President of Corporate Development and Director
C a r y M . Grossman	52	Director
Daniel Johnson, Jr.	57	Director
Alberto Micalizzi	37	Director

HUMPHREY P. POLANEN has been our chairman of the board and chief executive officer since our inception. He has had a career as an entrepreneur in technology, a global executive for leading technology companies and as an international corporate lawyer. From January 2004 until March 2004 Mr. Polanen worked on preparations for Sand Hill's initial public offering. From January 2000 until December 2003, Mr. Polanen served as Managing Director of Internet Venture Partners, a strategic consulting and venture capital management firm for technology companies. From February 1998 through February 1999, he was president and CEO of Trustworks Systems, a network security software company. Between 1995 and 1998 he was general manager of two divisions of Sun Microsystems where he led the Internet Commerce Group and the Network Security Division. From 1981 to 1995, he was with Tandem

Computers (acquired by Compaq/Hewlett-Packard), where he held several executive positions and was director of worldwide business development and a director of several subsidiaries. Mr. Polanen has been a member of the board of directors of Heritage Bank of Commerce since the bank's inception and has been chair of the board's audit committee for ten years. Mr. Polanen is a graduate of Hamilton College and the Harvard Law School.

KEITH WALZ has been our chief financial officer since January 10, 2005 and a member of our board since inception. Mr. Walz is President of ABN AMRO Capital (USA) and a Managing Director in ABN AMRO's Global Private Equity division. Mr. Walz joined ABN AMRO Capital (USA) at inception in 1996. As a Senior Partner, Mr. Walz participated in the sourcing, evaluation, and monitoring of over 35 investments, representing \$200 million of capital invested. Mr. Walz focused on Enterprise Software and Network Infrastructure investments. Mr. Walz has served on the board of directors of over a dozen companies in which ABN AMRO has invested. Also, he has held operating roles with ABN AMRO portfolio companies, including Chairman and CEO of Worldweb.net and was a member of the Argus Systems, board of directors, a developer of Trusted Computer Operating Systems. Prior to joining ABN AMRO Capital, Mr. Walz was a vice president in ABN AMRO's Investment Banking division, responsible for financial reporting, analysis, and systems. Prior to joining ABN AMRO he spent two years as a finance associate with Tyson Foods, Inc., where he focused on enhancing enterprise business processes and systems through the use of client/server computing technologies. Mr. Walz is also a director of GT Nexus, Yellowbrix, and Oasis Technology. He received an M.B.A. from DePaul University and a B.S. in Finance from the University of Arkansas.

Back to Table of Contents

SCOTT BROOMFIELD has been a member of the board of directors of Sand Hill IT Security Acquisition Corp. and EVP of Corporate Development since April 2004, and has worked full time with Sand Hill since August 2005. Until recently, Mr. Broomfield was the CEO of Xtegra Corporation, a private software company specializing in enterprise information integration, EII, which he sold to SAP AG (NYSE: SAP) in August 2005. Previously, Mr. Broomfield had been the CEO of Visuale, a private business process software company that he sold to Onyx Software Corporation (NASDAQ: ONXS) in April 2004. Prior to joining Visuale and from 1997 until 2001, Mr. Broomfield was the CEO of Centura Software Corporation (formerly Gupta Technologies, a NASDAQ traded company), a \$50 million software business specializing in secure, embedded and mobile databases and application development tools. During his tenure as CEO of Centura, Mr. Broomfield completed the acquisition of Raima Corporation and in three years built its market capitalization from \$6 million to \$700 million by early 2000. He eventually sold the assets of Centura to Platinum Equity Holdings and Birdstep Corporation. Prior to Centura, he was a Managing Director of Hickey & Hill, Inc., a turnaround consultancy. At Hickey & Hill he was in charge of the high technology restructuring practice. Mr. Broomfield structured the acquisition of Polyscan and the equity recapitalization for ETEC Corporation. He was also instrumental in the following company divestitures: Dazix, Domain Technologies, Priam, Everex and Zitel, where he acquired 2 businesses to reposition Zitel in the market. Prior to Hickey & Hill, Mr. Broomfield was the CFO of Trilogy Technology Corporation which was sold to Digital Equipment Corporation. Mr. Broomfield holds an MBA from Santa Clara University and is a member of Business Executives for National Security (BENS), where he was the co-chair of BENS' cyber security task force and Y2K initiatives.

CARY M. GROSSMAN has been a member of our board since inception and served as our chief financial officer from inception through January 10, 2005. Since May 19, 2004, Mr. Grossman has been the Chairman and Co-Chief executive officer of Coastal Bancshares Acquisition Corp. (OTCBB: CBAS), a blank check company formed to acquire or merge with a commercial bank or bank holding company. Mr. Grossman has been Executive Vice president and chief financial officer of Gentium, S.p.A, an Italian biopharmaceutical company, since August 2004. He is also a director of I-Sector Corp., an internet telephony company, since December 2004. From 2002 until 2003 he served as executive vice president and chief financial officer at U S Liquids, Inc, an AMEX listed environmental services company. Mr. Grossman left U S Liquids, Inc. in 2003 as a result of the acquisition of three of its businesses by a private equity firm and was president and chief executive officer of the acquiring company, ERP Environmental Services until November 2003. From 1997 until 2002, Mr. Grossman served Pentacon, Inc. (NYSE: JIT), a provider of inventory management services and distributor of components to Fortune 50 original equipment manufacturers, as a board member and in several senior executive positions including: chairman of the board of directors, acting chief financial officer (2001-2002) and Lead Director (1998-2001) from the time the Pentacon went public in March 1998 until becoming Chairman in 2001. Pentacon acquired five businesses when it completed its initial public offering and subsequently acquired four other businesses. Pentacon and substantially all of its subsidiaries filed a Joint Chapter 11 Plan of Debtors in 2002. From 1991 until 2002, Mr. Grossman was the managing partner of McFarland, Grossman & Company, Inc., an investment banking and financial advisory firm he co-founded in 1991. Prior to that, Mr. Grossman practiced public accounting for 15 years. He earned a bachelor of business administration in accounting from The University of Texas, and is a certified public accountant.

DANIEL JOHNSON, JR. has been a member of our board since inception and is a senior partner in the Silicon Valley law firm Morgan Lewis, where he specializes in patent litigation and other complex intellectual property cases. From 1998 thru March 2005, he was a senior partner in the Silicon Valley law firm Fenwick & West. He has acted as lead trial counsel in numerous technology cases involving, among other things, Internet software, firmware, non-volatile memory, printed circuit board design, digital cellular technology and lasers. Mr. Johnson has also advised client companies on acquisition matters, including Netscreen in its acquisition by Juniper Networks. Mr. Johnson is recognized as an outstanding trial lawyer by numerous national and international associations and publications. He is a co-author of the Rules of Civil Procedure in Patent Cases for the Northern District of California, has participated in numerous panels on trial advocacy and has presented on the use of multi-media at trial on behalf of the American Bar Association. Mr. Johnson is a graduate of Yale University Law School, J.D., and of the University of California,

Berkeley, A.B., in political science, with honors.

-26-

Back to Table of Contents

ALBERTO MICALIZZI has been a member of our board since inception. Dr Micalizzi is the chairman of Dynamic Decisions Group Ltd, an independent quantitative research house providing advisory activity to large institutional investors in the fields of equity research and asset management. Mr. Micalizzi joined Dynamic Decision Group Ltd in September 2001. He is Professor of Finance at Bocconi University, Milan (Italy), and Researcher at the Centre for Quantitative Finance, Imperial College, London University (UK), where he specializes in the Bio-Pharma and Telecom-Technology sector sectors. Until July 2001, he was the CEO of the Real Options Group, an international research center affiliated to several US and European universities and business schools. From December 1998 to March 2000, Mr. Micalizzi worked with an association of researchers that developed into the Real Options Group. In 1997 he was appointed by Nomura International (Milan) as an external advisor for the designing of structured products in the bond market. In 1999 he was appointed by Andersen Consulting (London) as an advisor on the valuation of start up businesses in the e-venture segment. Other advisory experiences include Eli Lilly, Schering Plough, Glaxo, La Roche, Danone Group and Ernst & Young. Dr. Micalizzi earned a degree in Business Administration at Bocconi University (Milan, Italy), is a Chartered Professional Accountant (CPA) and received his Ph.D in finance at Imperial College, London University (UK).

The Company is not aware of any “family relationships” among directors, executive officers, or persons nominated or chosen by the Company to become directors or executive officers.

The Company is not aware of any event (as listed in Item 401(d) of Regulation S-B promulgated by the Securities and Exchange Commission) that occurred during the past five years that are material to an evaluation of the ability or integrity of any director, person nominated to become a director, executive officer, promoter or control person of the Company.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires the Company’s officers and directors, and persons who own more than 10% of a registered class of the Company’s equity securities (the “10% Stockholders”) to file reports of ownership and changes of ownership with the Securities and Exchange Commission (“SEC”). Officers, directors and 10% Stockholders of the Company are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms so filed. Based solely on correspondence with, and a review of copies of Section 16(a) forms received from executive officers and directors and 10% Stockholders (if any), the Company does not believe that, during the last fiscal year any of the Reporting Persons was deficient in filing reports of ownership or changes in ownership with the SEC.

Audit Committee

We do not have a standing audit committee or an audit committee financial expert serving on our board of directors. As our plan of operations involves identifying a target business and completing a business combination with such business, we presently do not have material operations and do not experience complex accounting issues. Accordingly, our board of directors has determined that it is not necessary for us to have a standing audit committee or an audit committee financial expert at this time.

Code of Ethics

In August 2004, our board of directors adopted a code of business conduct and ethics that applies to our directors, officers and employees as well as those of our subsidiaries. A copy of our code of ethics has been filed as an exhibit to our Quarterly Report on Form 10-Q for the period ending July 30, 2004, and is available on our website at www.sandhillsecurity.com.

Back to Table of Contents**Item 10. Executive Compensation**

No executive officer has received any cash compensation for services rendered. Commencing on July 31, 2004 through the acquisition of a target business, we will pay Sand Hill Security, LLC, an affiliate of our directors and executive officers, a fee of \$7,500 per month for providing us with office space and certain office and secretarial services. Other than this \$7,500 per-month fee, no compensation of any kind, including finder's and consulting fees, will be paid to any of our initial stockholders, or any of their respective affiliates for services rendered to us prior to or with respect to a business combination. However, our initial stockholders will be reimbursed for any out-of-pocket expenses incurred in connection with activities on our behalf such as identifying potential target businesses and performing due diligence on suitable business combinations. There is no limit on the amount of these out-of-pocket expenses and there will be no review of the reasonableness of the expenses by anyone other than our board of directors, which includes persons who may seek reimbursement, or a court of competent jurisdiction if such reimbursement is challenged.

Item 11. Security Ownership of Certain Beneficial Owners and Management

The following table sets forth information regarding the beneficial ownership of our common stock as of February 1, 2005 by:

- each person known by us to be the beneficial owner of more than 5% of our outstanding shares of common stock;
 - each of our officers and directors; and
 - all our officers and directors as a group.

Unless otherwise indicated, we believe that all persons named in the table have sole voting and investment power with respect to all shares of common stock beneficially owned by them.

Name and Address of Beneficial Owner(1)	Amount and Nature of Beneficial Ownership	Approximate Percentage of Outstanding Common Stock
Humphrey Polanen ⁽²⁾	459,441	9.0%
Sand Hill Security, LLC ⁽³⁾	100,000	2.0%
Keith Walz	174,825	3.4%
Scott Broomfield ⁽⁴⁾	174,825	3.4%
Cary Grossman ⁽⁵⁾	48,951	1.0%
Dan Johnson ⁽⁶⁾	20,979	*

Feldman and Hanerfeld is 1919 Pennsylvania Avenue, NW, Suite 725, Washington, DC 20006.

Back to Table of Contents

All of the shares of our common stock owned by the initial stockholders have been placed in escrow with American Stock Transfer & Trust Company, as escrow agent, until the earliest of:

- July 30, 2007;
- our liquidation; or
- the consummation of a liquidation, merger, stock exchange or other similar transaction that results in all of our stockholders having the right to exchange their shares of common stock for cash, securities or other property subsequent to our consummating a business combination with a target business.

During the escrow period, the holders of these shares will not be able to sell or transfer their securities except to their spouses and children, trusts or family partnerships established for their benefit, or to a transferee that does not affect beneficial ownership but will retain all other rights as our stockholders, including, without limitation, the right to vote their shares of common stock and the right to receive cash dividends, if declared. If dividends are declared and payable in shares of common stock, such dividends will also be placed in escrow. If we are unable to effect a business combination and liquidate, none of our initial stockholders will receive any portion of the liquidation proceeds with respect to common stock owned by them prior to the Offering.

Mr. Polanen may be deemed to be our “parent” and “promoter,” as these terms are defined under the federal securities law.

Item 12. Certain Relationships and Related Transactions

Prior to the Offering, we issued 1,000,000 shares of our common stock to the individuals set forth below for \$25,000 in cash, at an average purchase price of approximately \$0.025 per share, as follows:

Name	Number of Shares	Relationship To Us
Humphrey Polanen	459,441	Chief Executive Officer and Chairman of the Board of Directors
Sand Hill Security, LLC	100,000	Affiliate of our directors and executive officers
Keith Walz	174,825	President, Chief Financial Officer and Director
Scott Broomfield	174,825	Executive Vice President of Corporate Development and Director
Cary Grossman	48,951	Director
Dan Johnson	20,979	Director
Alberto Micalizzi	20,979	Director

The holders of the majority of these shares are entitled to make up to two demands that we register these shares pursuant to an agreement executed in connection with the Offering. The holders of the majority of these shares may elect to exercise these registration rights at any time after the date on which these shares of common stock are released from escrow. In addition, these stockholders have certain “piggy-back” registration rights on registration statements filed subsequent to the date on which these shares of common stock are released from escrow. We will bear the expenses incurred in connection with the filing of any such registration statements.

Sand Hill Security, LLC, an affiliate of certain of our directors and executive officers, has agreed that, commencing July 31, 2004 through the acquisition of a target business, it will make available to us a small amount of office space

and certain office and secretarial services, as we may require from time to time. We have agreed to pay Sand Hill Security, LLC \$7,500 per month for these services. In addition, in April 2004, Sand Hill Security, LLC advanced an aggregate of \$40,000 to us, on a non-interest bearing basis, for payment of offering expenses on our behalf. This amount was repaid in August 2004 out of the proceeds of the Offering.

We will reimburse our officers and directors for any reasonable out-of-pocket business expenses incurred by them in connection with certain activities on our behalf such as identifying and investigating possible target businesses and business combinations. There is no limit on the amount of accountable out-of-pocket expenses reimbursable by us, which will be reviewed only by our board or a court of competent jurisdiction if such reimbursement is challenged.

Other than the \$7,500 per month administrative fee and reimbursable out-of-pocket expenses payable to our officers and directors, no compensation or fees of any kind, including finders and consulting fees, will be paid to any of our initial stockholders, officers or directors who owned our common stock prior to the Offering, or to any of their respective affiliates for services rendered to us prior to or with respect to the business combination.

All ongoing and future transactions between us and any of our officers and directors or their respective affiliates will be on terms believed by us to be no less favorable than are available from unaffiliated third parties and will require prior approval in each instance by a majority of the members of our board who do not have an interest in the transaction.

(b) *Reports on Form 8-K*

Form 8-K filed on January 13, 2005, including items 5.02 and 9.01.

Form 8-K filed on January 27, 2005, including items 1.01, 8.01 and 9.01

Form 8-K filed on April 4, 2005, including items 1.01

Form 8-K filed on October 27, 2005, including items 1.01 and 9.01

Form 8-K/A filed on October 28, 2004, including items 1.01 and 9.01

Form 8-K filed on December 16, 2005, including item 4.02

Form 8-K filed on December 19, 2005, including items 8.01 and 9.01

Form 8-K/A filed on December 27, 2005, including items 4.02 and 9.01

Item 14. Principal Accounting Fees and Services.

The firm of Hein & Associates LLP acts as our principal accountant. The following is a summary of fees paid to our principal accountant for services rendered.

AUDIT FEES

During the fiscal year ended December 31, 2005, the fees for our principal accountant are \$56,000 in connection with our registration statement on Form S-4, the review of our Quarterly Reports on Form 10-QSB and the audit of our December 31, 2005 Annual Report on Form 10-KSB.

During the fiscal year ended December 31, 2004, the fees for our principal accountant were \$23,600 in connection with our initial public offering (financial statements included in the Form S-1 and Current Report on Form 8-K filed with the Securities and Exchange Commission on August 3, 2004), the review of our June 30 and September 30 Quarterly Reports on Form 10-QSB and the audit of our December 31, 2004 Annual Report on Form 10-KSB.

AUDIT-RELATED FEES

During 2005, our principal accountant did not render assurance and related services reasonably related to the performance of the audit or review of financial statements.

During 2004, our principal accountant did not render assurance and related services reasonably related to the performance of the audit or review of financial statements.

TAX FEES

During 2005, the fees for our principal accountant are \$11,000 in connection with tax compliance, tax advice and tax planning.

During 2004, our principal accountant did not render services to us for tax compliance, tax advice and tax planning.

ALL OTHER FEES

During 2005, there were no fees billed for products and services provided by the principal accountant other than those set forth above.

AUDIT COMMITTEE APPROVAL

We currently do not have an audit committee. Our Board of Directors approved the engagement of Hein Associates as our independent registered public accounting firm by unanimous consent on September 30, 2004.
