The Herzfeld Caribbean Basin Fund Inc.'s investment objective is long-term capital appreciation. To achieve its objective, the Fund invests in issuers that are likely, in the Advisor's view, to benefit from economic, political, structural and technological developments in the countries in the Caribbean Basin, which include, among others, Cuba, Jamaica, Trinidad and Tobago, the Bahamas, the Dominican Republic, Barbados, Aruba, Haiti, the Netherlands Antilles, the Commonwealth of Puerto Rico, Mexico, Honduras, Guatemala, Belize, Costa Rica, Panama, Colombia, the United States and Venezuela ("Caribbean Basin Countries"). The Fund invests at least 80% of its total assets in equity and equity-linked securities of issuers, including U.S.-based companies which engage in substantial trade with, and derive substantial revenue from, operations in the Caribbean Basin Countries.

Chairman and President

August 5, 2008

Dear Fellow Shareholders:

We are pleased to present our annual report for the period ended June 30, 2008. On that date the Fund's net asset value was \$7.31 per share, which represents a loss of 13.12% for the one year period then ended (adjusted for distributions). The Fund's share price closed the fiscal year at \$7.69 per share, down from \$13.59 per share on June 30, 2007, and representing a 34.29% loss for the year (adjusted for distributions). A year-end distribution of \$1.28 per share was paid in January 9, 2008, to shareholders of record December 12, 2007.

The first half of the calendar year was particularly challenging for both the U.S. and most foreign markets. As of the date of this writing, however, both the Fund's share price and net asset value have begun to recover, with particularly strong gains on days when oil prices are lower.

There have been no greater headwinds in the region than the rapid appreciation in crude oil prices. High oil prices affect nearly every industry in the Caribbean, including shipping, tourism and infrastructure. Many of our largest holdings, such as Royal Caribbean Cruises Ltd. (RCL), Carnival Corp. (CCL) and Copa Holdings, S.A. (CPA) have been especially hurt as their costs have increased as a result of rising oil prices. At current levels, we feel that much of the high price of oil is already reflected in the valuation of these companies, and any pullback in oil prices should benefit our portfolio.

In spite of the difficult market, the Fund traded at a premium to net asset value most of the fiscal year, reflecting continued interest by investors.

Letter to Stockholders (Continued)

=====

We continue to position the Fund's portfolio in companies we believe will benefit from resumption of U.S. trade with Cuba and continue to monitor the political situation in Cuba very closely. In February, Raul Castro was elected President by the National Assembly, officially taking power from his brother Fidel. Under Raul, the island nation has begun to show some changes. For instance, Cubans are now allowed to stay in hotels, buy electronic products, own cell phones, buy motorcycles and operate independent taxis. Additionally, the government is considering changing the wage laws and reviewing the currency. These developments could pave the way for further human rights advances. Violations of human rights have been one of the primary arguments in favor of keeping the U.S. Embargo against Cuba, and such positive developments, although small steps, could lead to a reevaluation of U.S. policy.

Security Valuation

Investments in securities traded on a national securities exchange (or reported on the NASDAQ National Market or Capital Market) are stated at the last reported sales price on the day of valuation (or at the NASDAQ official closing price); other securities traded in the over-the-counter market and listed securities for which no sale was reported on that date are stated at the last quoted bid price. Restricted securities and other securities for which quotations are not readily available are valued at fair value as determined by the Board of Directors.

Notes to Financial Statements

=====

In September 2006, the Financial Accounting Standards Board (FASB) issued Statement of Financial Accounting Standards No. 157, "Fair Value Measurements" (SFAS No. 157). SFAS No. 157 defines fair value, establishes a framework for measuring fair value in accordance with generally accepted accounting principles and expands disclosure about fair value measurements. SFAS No. 157 is effective for fiscal years beginning after November 15, 2007. Management is currently evaluating the impact the adoption of SFAS No. 157 will have on the Fund's financial statements.

In February 2007, FASB issued Statement of Financial Accounting Standards No. 159, "The Fair Value Option for Financial Assets and Financial Liabilities - including an amendment of FASB Statement No. 115" (SFAS No. 159). SFAS No. 159 permits entities to elect to measure certain financial assets and liabilities at fair value. Unrealized gains and losses on items for which the fair value option has been elected will be reported in earnings at each subsequent reporting date. SFAS No. 159 is effective as of the beginning of the first fiscal year that begins after November 15, 2007. Management is currently evaluating the impact the adoption of SFAS No. 159 will have on the Fund's financial statements.

Income Recognition

Security transactions are recorded on the trade date. Gains and losses on securities sold are determined on the basis of identified cost. Dividend income is recognized on the ex-dividend date, or in the case of certain foreign securities, as soon as the Fund is notified, and interest income is recognized on an accrual basis. Pursuant to a custodian agreement, SSBT receives a fee reduced by credits which are determined based on the average daily cash balance the Fund maintains with SSBT. Credit balances used to reduce the Fund's custodian fees for the year ended June 30, 2008 were approximately \$2,362. Discounts and premiums on debt securities purchased are amortized over the life of the respective securities. It is the Fund's practice to include the portion of realized and unrealized gains and losses on investments denominated in foreign currencies as components of realized and unrealized gains and losses on investments and foreign currency.

Deposits with Financial Institutions

Notes to Financial Statements

=====

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Income Taxes

The Fund's policy is to continue to comply with the provisions of the Internal Revenue Code that are applicable to regulated investment companies and to distribute all its taxable income to its stockholders. Under these provisions, the Fund is not subject to federal income tax on its taxable income and no federal tax provision is required.

The Fund has adopted a June 30 year-end for federal income tax purposes.

Distributions to Stockholders

Distributions to stockholders are recorded on the ex-dividend date. Income and capital gain distributions are determined in accordance with income tax regulations which may differ from accounting principles generally accepted in the United States of America. For the year ended June 30, 2008, a distribution from long-term capital gains of \$1.223 per share and a net investment income distribtuion of \$0.057 per share was declared on November 26, 2007, payable on January 9, 2008 to stockholders of record December 12, 2007. The distribution was paid in stock, unless an election to receive cash was made by the stockholder. Shares were issued at a reinvestment price of \$7.94 per share, which was equal to the net asset value of the common shares on the payable date of the distribution, January 9, 2008.

NOTE 2. NON-MARKETABLE SECURITY OWNED

Investments in securities, at market value include \$165,000 principal, 4.5%, 1977 Republic of Cuba bonds purchased for \$63,038. The bonds were listed on the New York Stock Exchange and had been trading in default since 1960. A "regulatory halt" on trading was imposed by the New York Stock Exchange in July 1995 and trading in the bond was suspended as of December 28, 2006. The New York Stock Exchange has stated that following the suspension of trading, application will be made to the Securities and Exchange Commission to delist the issue. As of June 30, 2008, the position was valued at \$0 by the Board of Directors, which approximates the bonds' fair value.

NOTE 3. TRANSACTIONS WITH AFFILIATES

Herzfeld Advisors, Inc., is the Fund's investment advisor and charges a monthly fee at the annual rate of 1.45% of the Fund's average daily net assets. A director of the Fund serves on the Board of Directors of Margo Caribe, Inc., a company in which the Fund has an investment.

A director of the Fund is the owner of the Advisor and Thomas J. Herzfeld & Co., Inc.

The Fund reimbursed the Advisor in the amount of \$21,080 for the portion of the chief compliance officer's (the "CCO") salary determined to be attributable to the services provided as CCO of the Fund.

NOTE 4. INVESTMENT TRANSACTIONS

During the year ended June 30, 2008, purchases and sales of investment securities were \$23,986,609 and \$5,237,623, respectively.

At June 30, 2008, the Fund's investment portfolio had gross unrealized gains of \$3,552,023 and gross unrealized losses of \$4,179,413, resulting in a net unrealized loss of \$627,390 for financial statement purposes.

NOTE 5. INCOME TAX INFORMATION

For financial statement purposes, the Fund's net investment income for the year ended June 30, 2008 differs from the net investment income for tax purposes due to the tax characterization of foreign currency income received by the Fund. Realized gains differ for financial statement and tax purposes primarily due to differing treatments of wash sales.

As of June 30, 2008, for tax purposes the Fund's undistributed net investment income was \$223,781 and its undistributed realized gain on investments was \$556,468.

adjustments. As of June 30, 2008, gross unrealized gains were \$3,496,306 and gross unrealized losses were \$4,179,413 for income tax purposes.

Permanent differences accounted for during the year ended June 30, 2008 result from differences between book and tax accounting for foreign currency income. Such amounts have been reclassified as follows:

	Accumulated Net Investment Income	Accumulated Net Realized Gain on Investments	Additional Paid in Capital
Year ended June 30, 2008	\$ 6,214	\$ (6,214)	\$ --

In June, 2006, FASB issued FASB Interpretation No. 48, "Accounting for Uncertainty in Income Taxes -- an interpretation of FASB Statement No. 109" ("FIN 48"). FIN 48 clarifies the accounting for uncertainty in income taxes recognized in accordance with FASB Statement No. 109, "Accounting for Income Taxes." This interpretation prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. It also provides guidance on de-recognition, classification, interest and penalties, accounting in interim periods, disclosure and transition. FIN 48 is effective for fiscal years beginning after December 15, 2006, and was adopted by the Fund on July 1, 2007. The adoption had no effect on the Fund's financial statements.

NOTE 6. CAPITAL SHARE TRANSACTIONS

Rights Offering

On October 26, 2007, the Fund issued 1,812,293 common shares in connection with a rights offering. Stockholders of record September 26, 2007 were issued one non-transferable right for every share owned on that date. The rights entitled the stockholders to purchase one new common share for every right held. In addition, the Fund had the discretion to increase the number of shares of common stock subject to subscription by up to 100% of the shares offered, or up to an additional 1,678,556 additional shares of common stock.

The subscription price was equal to 85% of the average volume-weighted sales price per share of the Fund's common stock on the NASDAQ Capital Market on October 26, 2007 and the four preceding trading days. The final subscription price was \$10.04 per share. Net proceeds to the Fund were \$18,075,138 after deducting rights offering costs of \$120,284. The net asset value of the Fund's common shares was increased by approximately \$0.09 per share as a result of the share issuance.

Year-End Distributions

On January 9, 2008, the Fund issued 213,222 common shares in connection with a year-end distribution of \$1.28 per share paid in stock. Stockholders were also given the option of receiving the payment in cash. Shares were issued at \$7.94 per share, equal to the net asset value of the Fund on the payable date of January 9, 2008. New shares were issued at net asset value per share, therefore the reinvestment of distributions had no effect on net asset value.

Edgar Filing: HERZFELD CARIBBEAN BASIN FUND INC - Form N-CSR

On January 12, 2007, the Fund issued 9,920 common shares in connection with the 2006 year-end distribution of \$1.00 per share. The distribution was paid on January 12, 2007 to shareholders of record December 15, 2006.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockbrokers of
The Herzfeld Caribbean Basin Fund, Inc.

We have audited the accompanying statement of assets and liabilities, including the schedule of investments, of The Herzfeld Caribbean Basin Fund, Inc. (the "Fund") as of June 30, 2008, and the related statement of operations for the year then ended, the statement of changes in net assets for each of the two years then ended, and financials highlights for each of three years in the period then ended. These financial statements and financial highlights are the responsibility of the Fund's management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits. The financial highlights for each of the years in the two-year period ended June 30, 2005 were audited by an independent registered public accounting firm whose report dated July 14, 2005 expressed an unqualified opinion on those financial highlights.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatements. The Fund is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of the internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing opinion on the effectiveness of the Fund's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. Our procedures included confirmation of securities owned as of June 30, 2008, by correspondence with the custodian. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of The Herzfeld Caribbean Basin Fund, Inc. as of June 30, 2008, the results of the

operations for the year then ended, the changes in net assets for each of the two years in the period ended, and the financial highlights for each of the three years in the period then ended, in conformity with accounting principles generally accepted in the United States of America.

these policy guidelines.

Fiduciary Duty

The right to vote a proxy with respect to portfolio securities held by the Fund is an asset of the Fund. The Adviser, to which authority to vote on behalf of the Fund is delegated, acts as a fiduciary of the Fund and must vote proxies in a manner consistent with the best interest of the Fund and its shareholders.

Procedures

The following are the procedures adopted by the Board for the administration of this policy:

A. Review of Adviser Proxy Voting Procedures. The Adviser with authority to vote proxies on behalf of the Fund shall present to the Board its policies, procedures and other guidelines for voting proxies at least annually, and must notify the Board promptly of material changes to any of these documents.

B. Voting Record Reporting. No less than annually, the Adviser shall report to the Board a record of each proxy voted with respect to portfolio securities of the Fund during the year. With respect to those proxies that the Adviser has identified as involving a conflict of interest(2), the Adviser shall submit a separate report indicating the nature of the conflict of interest and how that conflict was resolved with respect to the voting of the proxy.

Revocation

The delegation by the Board of the authority to vote proxies relating to portfolio securities of the Fund is entirely voluntary and may be revoked by the Board, in whole or in part, at any time.

Annual Filing

The Fund shall file an annual report of each proxy voted with respect to its portfolio securities during the twelve-month period ended June 30 on Form N-PX not later than August 31 of each year.

THOMAS J. HERZFELD ADVISORS, INC.

PROXY VOTING

POLICIES AND PROCEDURES

I. POLICY

Thomas J. Herzfeld Advisors, Inc. (the "Adviser") acts as discretionary investment adviser for various clients, including The Herzfeld Caribbean Basin Fund, Inc. an investment company registered under the Investment Company Act of 1940, as amended, and clients governed by the Employee Retirement Income Security Act of 1974 ("ERISA").

Selected clients, including The Herzfeld Caribbean Basin Fund, Inc. have elected to have the Adviser vote proxies or act on the other shareholder actions on their behalf, while other clients vote proxies themselves.

When voting proxies or acting on corporate actions for clients, the Adviser's utmost concern is that all decisions be made in the best interest of its clients (for ERISA accounts, plan beneficiaries and participants, in accordance with the letter and spirit of ERISA). The Adviser will act in a manner deemed prudent and diligent and which is intended to enhance the economic value of the assets of its clients' accounts.

II. PURPOSE

The purpose of these Policies and Procedures is to memorialize the procedures and policies adopted by the Adviser to enable it to comply with its responsibilities and the requirements of Rule 206(4)-6 under the Investment Advisers Act of 1940, as amended ("Advisers Act"). These Policies and Procedures also reflect the fiduciary standards and responsibilities set forth by the Department of Labor for ERISA accounts.

III. PROCEDURES

Cecilia Gondor, Executive Vice President of the Adviser, is ultimately responsible for ensuring that all proxies received by the Adviser are voted in a timely manner and voted consistently across all portfolios. Although many proxy proposals can be voted in accordance with the Adviser's established guidelines (see Section V. below) (the "Guidelines"), the Adviser recognizes that some proposals require special consideration, which may dictate that the Adviser makes an exception to the Guidelines.

Cecilia Gondor is also responsible for ensuring that all corporate actions received by the Adviser are addressed in a timely manner and consistent action is taken across all portfolios.

A. Conflicts of Interest. Where a proxy proposal raises a material conflict of interest between the Adviser's interests and that of one or more its clients, the Adviser shall resolve such conflict in the manner described below.

1. Vote in Accordance with the Guidelines. To the extent that the Adviser has little or no discretion to deviate from the Guidelines with respect to the proposal in question, the Adviser shall vote in accordance with such pre-determined voting policy.

2. Obtain Consent of Clients. To the extent that the Adviser has discretion to deviate from the Guidelines with respect to the proposal in question, the Adviser shall disclose the conflict to the relevant clients and obtain their consent to the proposed vote prior to voting the securities. The disclosure to the clients will include sufficient detail regarding the matter to be voted on and the nature of our conflict that the clients would be able to make an informed decision regarding the vote. When a client does not respond to such a conflict disclosure request or denies the request, the Adviser will abstain from voting the securities held by that client's account.

B. Limitations. In certain circumstances, in accordance with a client's investment advisory contract (or other written directive) or where the Adviser has determined that it is in the client's best interest, the Adviser will not vote proxies received. The following are some circumstances where the Adviser will limit its role in voting proxies received on client securities:

1. Client Maintains Proxy Voting Authority: Where a client has not specifically delegated the authority to vote proxies to the Adviser or that it has delegated the right to vote proxies to a third party, the Adviser will not vote the securities and will direct the relevant custodian to send the proxy material directly to the client. If any proxy material is received by the Adviser, it will promptly be forwarded to the client.

2. Terminated Account: Once a client account has been terminated with the Adviser in accordance with its investment advisory agreement, the Adviser will not vote any proxies received after the termination. However, the client may

specify in writing that proxies should be directed to the client for action.

3. Limited Value: If the Adviser concludes that the client's economic interest or the value of the portfolio holding is indeterminable or insignificant, the Adviser will abstain from voting a client's proxies. The Adviser does not vote proxies received for securities which are no longer held by the client's account. In addition, the Adviser generally does not vote securities where the economic value of the securities in the client's account is less than \$500.

4. Securities Lending Programs: When securities are out on loan, they are transferred into the borrower's name and are voted by the borrower, in its discretion. However, where the Adviser determines that a proxy vote (or shareholder action) is materially important to the client's account, the Adviser may recall the security.

5. Unjustifiable Costs: In certain circumstances, after doing a cost-benefit analysis, the Adviser may abstain from voting where the cost of voting a client's proxy would exceed any anticipated benefits of the proxy proposal.

IV. RECORD KEEPING

In accordance with Rule 204-2 under the Advisers Act, the Adviser will maintain for the time periods set forth in the Rule (i) these proxy voting procedures and policies, and amendments thereto; (ii) all proxy statements received regarding client securities (provided however, that the Adviser may rely on the proxy statement filed on EDGAR as its records)(1); (iii) a record of votes cast on behalf of clients; (iv) records of client requests for proxy voting information; (v) any documents prepared by the adviser that were material to making a decision how to vote or that memorialized the basis for the decision; and (vi) records relating to requests made to clients regarding conflicts of interest in voting the proxy.

The Adviser will describe in its Part II of Form ADV (or other brochure fulfilling the requirement of Rule 204-3) its proxy voting policies and procedures and advising clients how they may obtain information on how the Adviser voted their securities. Clients may obtain information on how their securities were voted or a copy of our Policies and Procedures by written request addressed to the Adviser.

V. GUIDELINES

Each proxy issue will be considered individually. The following guidelines are a partial list to be used in voting proposals contained in the proxy statements, but will not be used as rigid rules.

(1) Issues regarding the issuer's Board entrenchment and Oppose anti-takeover measures such as the following:

b. Proposals to limit the ability of shareholders to call special meetings;

c. Proposals to require super majority votes;

d. Proposals requesting excessive increases in authorized common or preferred shares where management provides no explanation for the use or need for these additional shares;

e. Proposals regarding "poison pill" provisions; and

f. Permitting "green mail".

(1) Providing cumulative voting rights. Oppose

(2) "Social issues," unless specific client guidelines Oppose supersede, e.g., restrictions regarding South Africa.

(3) Election of directors recommended by management, Approve except if there is a proxy fight.

(4) Election of auditors recommended by management, unless Approve seeking to replace if there exists a dispute over policies.

(5) Date and place of annual meeting. Approve

(6) Limitation on charitable contributions or fees paid to Approve lawyers.

(7) Ratification of directors' actions on routine matters Approve since previous annual meeting.

(8) Confidential voting Approve Approve

(1) Because the Adviser primarily invests its clients' assets in securities of foreign issuers, the Adviser generally has not been receiving proxy statements from such issuers because the laws of the countries in which these issuers are domiciled respecting delivery of proxy statements to shareholders are different than those of the U.S.

Confidential voting is most often proposed by shareholders as a means of eliminating undue management pressure on shareholders regarding their vote on proxy issues.

The Adviser will generally approve these proposals as shareholders can later divulge their votes to management on a selective basis if a legitimate reason arises.

(9) Limiting directors' liability Approve

(10) Eliminate preemptive right Approve

Preemptive rights give current shareholders the opportunity to maintain their

Edgar Filing: HERZFELD CARIBBEAN BASIN FUND INC - Form N-CSR

current percentage ownership through any subsequent equity offerings. These provisions are no longer common in the U.S., and can restrict management's ability to raise new capital.

The Adviser approves the elimination of preemptive rights, but will oppose the elimination of limited preemptive rights, e.g., on proposed issues representing more than an acceptable level of total dilution.
