Net Element International, Inc. (the “Company”) was incorporated on April 20, 2010 as a Cayman Islands exempted company with limited liability under the name Cazador Acquisition Corporation Ltd. (“Cazador”). Cazador was a blank check company incorporated for the purpose of effecting a merger, share capital exchange, asset acquisition, share purchase, reorganization or similar business combination with one or more operating businesses or assets.

On October 2, 2012, the Company completed a merger (the “Merger”) with Net Element, Inc., a Delaware corporation (“Net Element”), which was a company with businesses in the online media and mobile commerce payment processing markets. Immediately prior to the effectiveness of the Merger, the Company changed its jurisdiction of incorporation by discontinuing as an exempted company in the Cayman Islands and continuing and domesticating as a corporation incorporated under the laws of the State of Delaware. Effective upon consummation of the Merger, (i) Net Element was merged with and into the Company, resulting in Net Element ceasing to exist and the Company continuing as the surviving company in the Merger, and (ii) the Company changed its name to Net Element International, Inc. Pursuant to the Merger, the Company issued 24,543,826 shares of its common stock to the former stockholders of Net Element, which shares amount to approximately 86.7% of the post-Merger issued and outstanding shares of common stock of the Company. Following the Merger, the Company’s business consists of the former business of Net Element. For financial reporting purposes, the Merger was accounted for as a recapitalization of Net Element. Since the Merger was consummated during the Company’s fourth fiscal quarter, the Company’s financial statements to be included in its Annual Report on Form 10-K for the year ended December 31, 2012 will reflect the historical financial information of Net Element.

As of December 31, 2012, the Company had two reportable business segments, consisting of (i) mobile commerce and payment processing for electronic commerce, and (ii) entertainment and culture Internet destinations. During the third quarter of 2012, the Company’s subsidiary, OOO TOT Money (a Russian limited liability company) (“TOT Money”), launched operations as a mobile commerce payment processing business in Russia. In addition to developing its mobile commerce payment processing operations, since April 1, 2010, Net Element pursued a strategy to develop and acquire technology and applications for use in the online media industry. The Company currently owns controlling interests in several companies that develop and operate online media products (websites and mobile applications) in the peer-to-peer application, music, motorsport and film markets.

While the Company is still in the process of finalizing its financial results for the year ended December 31, 2012, the Company expects that its financial statements will reflect significant changes in its results of operations for such period as compared to its results of operations for the year ended December 31, 2011. The changes in the Company's year over year results of operations are expected to be primarily a result of the launch of the Company's mobile commerce payment processing operations in Russia during the third quarter of 2012 through its subsidiary TOT Money. The Company's results of operations for the twelve months ended December 31, 2011 include only the operations of the Company's online media products (websites and mobile applications). TOT Money generates most of its revenue from its mobile commerce payment processing operations in Russia, which generates service fees from processing payments initiated through SMS (short message services, which is a text messaging service) and MMS (multimedia message services) by mobile phone users.

A reasonable estimate of the Company's quantitative results of operations for the year ended December 31, 2012 cannot be made at this time because the items to be reported in the Company's financial statements for such period remain subject to final adjustments in connection with the completion of the year-end audit and the preparation of the Company's Annual Report on Form 10-K for the year ended December 31, 2012.
