Notice of Annual Meeting of Unitholders
April 22, 2019

The 2019 Annual Meeting of Unitholders of NextEra Energy Partners, LP (“NextEra Energy Partners”) will be held on Monday, April 22, 2019, at 2:00 p.m., Eastern time, at NextEra Energy Partners’ principal offices at 700 Universe Boulevard, Juno Beach, Florida to consider and act upon the following matters:

1.
election of the nominees specified in the accompanying proxy statement as directors;
2.
ratification of appointment of Deloitte & Touche LLP as NextEra Energy Partners’ independent registered public accounting firm for 2019;
3.
approval, by non-binding advisory vote, of the compensation of NextEra Energy Partners’ named executive officers; and
4.
such other business as may properly be brought before the annual meeting or any adjournment(s) or postponement(s) of the annual meeting.

The proxy statement more fully describes these matters. NextEra Energy Partners has not received notice of other matters that may properly be presented at the annual meeting.

The record date for unitholders entitled to notice of, and to vote at, the annual meeting and any adjournment(s) or postponement(s) of the annual meeting is February 22, 2019.

Admittance to the annual meeting will be limited to unitholders as of the record date, or their duly appointed proxies. For the safety of attendees, all boxes, handbags and briefcases are subject to inspection. Cameras (including cell phones with photographic capabilities), recording devices and other electronic devices are not permitted at the annual meeting.

NextEra Energy Partners is pleased to furnish proxy materials by taking advantage of the Securities and Exchange Commission rule that allows issuers to furnish proxy materials to their unitholders on the internet. NextEra Energy Partners believes this rule allows it to provide you with the information you need while reducing the environmental impact and cost of the annual meeting.

Regardless of whether you expect to attend the annual meeting, please submit your proxy or voting instructions promptly on the internet or by telephone by following the instructions about how to view the proxy materials on your Notice of Internet Availability of Proxy Materials.

By order of the Board of Directors,
W. Scott Seeley
Corporate Secretary

NextEra Energy Partners, LP
Annual Meeting of Unitholders
April 22, 2019

PROXY STATEMENT

This proxy statement contains information related to the solicitation of proxies by the Board of Directors (the “Board”) of NextEra Energy Partners, LP, a Delaware limited partnership (“NextEra Energy Partners,” the “Company,” “us” or “our”), in connection with the 2019 annual meeting of NextEra Energy Partners’ unitholders to be held on Monday, April 22, 2019, at 2:00 p.m., Eastern time, at NextEra Energy Partners’ principal executive offices at 700 Universe Boulevard, Juno Beach, Florida, and at any adjournment(s) or postponement(s) of the annual meeting. Directions to the annual meeting are available by calling NextEra Energy Partners Unitholder Services at 1-855-297-7440.

ELECTRONIC DELIVERY OF PROXY MATERIALS

Under the rules of the Securities and Exchange Commission (“SEC”), NextEra Energy Partners is furnishing proxy materials to its unitholders on the internet, rather than mailing paper copies of the materials to each unitholder. On or about March 8, 2019, NextEra Energy Partners mailed to its unitholders of record a Notice of Internet Availability of Proxy Materials (the “Notice”) containing instructions on how to access and review the proxy materials, including the proxy statement and annual report to unitholders, on the internet. The Notice also instructs unitholders on how to access their proxy card to be able to submit their proxies on the internet or by telephone. Brokerage firms and other nominees who hold NextEra Energy Partners units on behalf of beneficial owners will be sending their own similar notice. Other unitholders, in accordance with their prior requests, have received an e-mail notification of how to access the proxy materials and submit their proxies on the internet. On or about March 8, 2019, NextEra Energy Partners also began mailing a full set of proxy materials to certain unitholders, including unitholders who have previously requested a paper copy of the proxy materials.

Internet distribution of the proxy materials is designed to expedite receipt by unitholders, lower the cost of the annual meeting and conserve natural resources. However, if you would prefer to receive printed proxy materials, please follow the instructions included in the Notice. If you have previously elected to receive NextEra Energy Partners’ proxy materials electronically, you will continue to receive the materials via e-mail unless you elect otherwise. How do I access the proxy materials if I received the Notice?

The Notice provides instructions regarding how to view NextEra Energy Partners’ proxy materials for the 2019 annual meeting on the internet. As explained in greater detail in the Notice, to view the proxy materials and submit your proxy, you will need to follow the instructions in the Notice and have available your 16-digit control number(s) contained in the Notice.

How do I request paper copies of the proxy materials?

Whether you hold NextEra Energy Partners units through a brokerage firm, bank or other nominee (in “street name”), or hold NextEra Energy Partners units directly in your name through NextEra Energy Partners’ transfer agent, Computershare Trust Company, N.A. (“Computershare”), you may request paper copies of the 2019 annual meeting proxy materials by following the instructions listed at www.proxyvote.com, by telephoning 800-579-1639 or by sending an e-mail to sendmaterial@proxyvote.com.

IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR THE ANNUAL MEETING TO BE HELD APRIL 22, 2019

This proxy statement and the NextEra Energy Partners 2018 annual report to unitholders are available at www.proxyvote.com.

TABLE OF CONTENTS

ABOUT THE ANNUAL MEETING

What is the purpose of the annual meeting?

At the annual meeting, unitholders will act upon the matters identified in the accompanying notice of annual meeting of unitholders. These matters include the election of the nominees specified in this proxy statement as directors, ratification of appointment of Deloitte & Touche LLP as our independent registered public accounting firm for 2019 and approval, by non-binding advisory vote, of the compensation of NextEra Energy Partners' named executive officers.

Who may attend the annual meeting?

Subject to space availability, all unitholders as of the record date, or their duly appointed proxies, may attend the annual meeting. Since seating is limited, admission to the annual meeting will be on a first-come, first-served basis. Registration and seating will begin at 1:30 p.m., Eastern time. If you plan to attend, please note that you will be asked to present valid picture identification, such as a driver's license or passport. Invited representatives of the media and financial community may also attend the annual meeting.

You will need proof of ownership of NextEra Energy Partners units on the record date to attend the annual meeting:

- If you hold units directly in your name as a unitholder of record, you may follow the instructions in the Notice to request an admission ticket by calling 855-297-7440.
- If your units are held in "street name," you will need to bring proof that you were the beneficial owner of those "street name" units of NextEra Energy Partners units as of the record date, such as a legal proxy or a copy of a bank or brokerage statement, and check in at the registration desk at the annual meeting.

For the safety of attendees, all boxes, handbags and briefcases are subject to inspection. Cameras (including cell phones with photographic capabilities), recording devices and other electronic devices are not permitted at the annual meeting.

Who is entitled to vote at the annual meeting?

Only NextEra Energy Partners unitholders at the close of business on February 22, 2019, the record date for the annual meeting, are entitled to receive notice of, and to vote at, the annual meeting. If you were a unitholder on that date, you will be entitled to vote all of the NextEra Energy Partners units that you held on that date at the annual meeting or at any adjournment or postponement of the annual meeting, subject to the voting rights discussed below in "What are the voting rights of the holders of the Company's units?". Unitholders includes holders of common units, Series A Preferred Units ("preferred units") and Special Voting Units ("special voting units") as of the record date. Each reference in this Proxy Statement to a vote of record holders of units includes record holders of common units, preferred units and special voting units.

What are the voting rights of the holders of the Company's units?

Each NextEra Energy Partners unit will be entitled to one vote on each matter properly brought before the annual meeting. A unit refers to any unit entitled to vote at the annual meeting, including common units, preferred units and special voting units. However, as explained below, a 5% voting limitation will apply to the election of directors, and, in the circumstances described below, a separate 10% vote cutback applies to certain unitholders at the annual meeting.

What is the 5% voting limitation in the election of directors?

The 5% voting limitation only applies to the election of directors. A unitholder or any related group, including NextEra Energy, Inc. and its affiliates (the "NextEra Energy Group"), owning more than 5% of the outstanding units as of the record date cannot vote those units that are in excess of 5% in the election of directors at the annual meeting (the "5% Director Election Limitation").

The following example of the 5% Director Election Limitation is included for illustrative purposes only and does not represent actual ownership of units or votes at the annual meeting.

TABLE OF CONTENTS**Example of the Operation of the 5% Director Election Limitation**

Unit Owner	Ownership	Original Votes	Original Voting %	5% Director Election Limitation Votes Removed	Actual Votes after 5% Director Election Limitation	Voting % After 5% Director Election Limitation
NextEra Energy Group	57%	570	57%	(520)	50	11.6%
10% Holder	10%	100	10%	(50)	50	11.6%
Other Public Unitholders	33%	330	33%	-	330	76.7%
TOTAL	100%	1000	100%	(570)	430	100.0%

What is the 10% vote cutback in the election of directors?

In the election of directors, no unitholder may cast votes greater than 9.99% of votes actually cast. A unitholder or any related group, including the NextEra Energy Group, casting votes equal to or greater than 10% of actual votes cast will be subject to a 10% vote cutback so that such unitholder(s) cannot cast votes equal to more than 9.99% of the units actually cast in the election of directors at the annual meeting (the “10% Director Election Cutback”). The units cast in excess of 9.99% will be allocated and voted proportionally with all other votes cast.

The following example of the 10% Director Election Cutback is included for illustrative purposes only and does not represent actual ownership of units or votes at the annual meeting.

Example of the Operation of 10% Director Election Cutback

Unit Owner	Votes Cast After 5% Director Election Limitation	% of Votes Cast	10% Director Election Cutback Votes Removed	Votes Cast After 10% Director Election Cutback	% of Votes Cast After 10% Director Election Cutback
NextEra Energy Group	50	11.6%	8	42	9.77%
10% Holder	50	11.6%	8	42	9.77%
Other Public Unitholders	330	76.7%	-	330	76.74%
Proportional Votes	-	-	-	16	3.72%
TOTAL	430	100.0%	16	430	100%

In the example above, the 16 votes removed from the NextEra Energy Group and the 10% holder would be allocated and voted proportionally with all other director election votes.

How does the 10% vote cutback apply to the other items of business at the annual meeting?

Other than in the election of directors, the 10% vote cutback does not apply to the NextEra Energy Group. A unitholder or any related group, other than the NextEra Energy Group, casting votes equal to or greater than 10% of actual votes cast will be subject to a 10% vote cutback so that such unitholder(s) cannot cast votes equal to more than 9.99% of the units actually cast on each item to be voted (the “10% Cutback”). The units cast in excess of 9.99% will be allocated and voted proportionally with all other votes cast for each item.

The following example of the 10% Cutback for the items of business at the annual meeting other than director elections is included for illustrative purposes and does not represent actual ownership of units or votes at the annual meeting.

TABLE OF CONTENTS

Example of the Operation of 10% Cutback in All Other Voting Items

Unit Owner	Votes Cast	% of Votes Cast	10% Cutback Votes Removed	Actual Votes Cast After 10% Cutback	% of Votes Cast After 10% Cutback
NextEra Energy Group	570	57%	-	570	57%
10% Holder	100	10%	1	99	9.9%
Other Public Unitholders	330	33%	-	330	33%
Proportional Votes	-	-	-	1	0.1%
TOTAL	1000	100%	16	1000	100%

What constitutes a quorum?

The presence at the annual meeting, in person or by proxy, of the holders of a majority of the NextEra Energy Partners units issued and outstanding and entitled to vote on the record date will constitute a quorum, permitting the business of the meeting to be conducted.

As of the record date, 171,611,473 NextEra Energy Partners units were outstanding, including 101,440,000 special voting units, 14,021,561 preferred units and 56,149,912 common units. Thus, a total of 171,611,473 votes are entitled to be present at the annual meeting and the presence of the holders of NextEra Energy Partners units representing at least 85,805,737 units will be required to establish a quorum.

In determining the presence of a quorum at the annual meeting, abstentions in person, proxies received but marked as abstentions as to any or all matters to be voted on that permit abstentions, and proxies received with broker non-votes on some but not all matters to be voted on will be counted as present.

A broker “non-vote” occurs when a broker, bank or other holder of record that holds units for a beneficial owner (“broker”) does not vote on a particular proposal because the broker has not received voting instructions from the beneficial owner and does not have discretionary voting power for that particular proposal. Brokers may vote on ratification of the appointment of our independent registered public accounting firm even if they have not received voting instructions from the beneficial owners whose units they hold. However, brokers may not vote on any of the other matters submitted to unitholders at the 2019 annual meeting unless they have received voting instructions from the beneficial owner. See the response to “What vote is required to approve the matters proposed?” on page 6 for a discussion of the effect of broker non-votes.

How do I submit my proxy or voting instructions?

On the internet or by telephone

•

On the Internet—You may submit your proxy or voting instructions on the internet 24 hours a day and up until 11:59 p.m., Eastern time, on Sunday, April 21, 2019 by going to www.proxyvote.com and following the instructions. Please have your Notice available when you access the web page. If you hold your units in “street name,” your broker, bank, trustee or other nominee may provide additional instructions to you regarding how to submit your proxy or voting instructions on the internet.

•

By Telephone—You may submit your proxy or voting instructions by telephone by calling the toll-free telephone number (800-690-6903) found in your Notice, 24 hours a day and up until 11:59 p.m., Eastern time, on Sunday, April 21, 2019 and following the prerecorded instructions. Please have your Notice available when you call. If you hold your units in “street name,” your broker, bank, trustee or other nominee may provide additional instructions to you regarding how to submit your proxy or voting instructions by telephone.

Edgar Filing: NextEra Energy Partners, LP - Form DEF 14A

Please see the Notice or the information your broker provided to you for more information on your voting options. NextEra Energy Partners' proxy tabulator, Broadridge Investor Communications Solutions, Inc. ("Broadridge"), must receive any vote on the internet or by telephone, no later than 11:59 p.m., Eastern time, on Sunday, April 21, 2019.

4

TABLE OF CONTENTS

If you are a unitholder of record and you submit your proxy on the internet or by telephone, but do not indicate your voting preferences, the persons named as proxies in the Notice will vote the units represented by that proxy as recommended by the Board on all proposals.

In person at the annual meeting

All unitholders may vote in person at the annual meeting. However, if you are a beneficial owner of units, you must obtain a legal proxy from your broker and present it to the inspector of election with your ballot to be able to vote in person at the annual meeting. See the response to “Who may attend the annual meeting?” for additional information on how to attend the annual meeting.

Your vote is important. You can save us the expense of further solicitation of proxies by submitting your proxy or voting instructions promptly.

May I change my vote after I submit my proxy or voting instructions?

Yes. If you are a unitholder of record, you may revoke your proxy before it is exercised by:

- providing written notice of the revocation to the Corporate Secretary of the Company at the Company’s offices at P.O. Box 14000, 700 Universe Blvd., Juno Beach, Florida 33408-0420;

- making timely delivery of later-dated voting instructions on the internet or by telephone; or

- voting by ballot at the annual meeting; although, please note that attendance at the annual meeting will not by itself revoke a previously granted proxy.

You may change your proxy by using any one of these methods regardless of the method you previously used to submit your proxy.

If you are a beneficial owner of units, you may submit new voting instructions by contacting your broker. You may also change your vote in person at the annual meeting if you obtain a legal proxy as described in the answer to the previous question.

All units for which proxies have been properly submitted and not revoked will be voted at the annual meeting.

What is “householding” and how does it affect me?

NextEra Energy Partners has adopted a procedure approved by the SEC called “householding.” Under this procedure, unitholders of record who have the same address and last name and do not participate in electronic delivery of proxy materials will receive only one package containing individual copies of the Notice for each unitholder of record at the address. This procedure will reduce the volume of duplicate materials unitholders receive, conserve natural resources and reduce NextEra Energy Partners’ postage costs. Unitholders who participate in householding and request a full set of proxy materials will receive separate proxy cards.

If you are a unitholder of record and are eligible for householding, but you and other unitholders of record with whom you share an address currently receive multiple packages containing copies of the Notice or, if requested, proxy materials in paper form, or if you hold units in more than one account, and in either case you wish to receive only a single package for your household in the future, please contact Computershare in writing at Computershare Trust Company, N.A., P.O. Box 43078, Providence, RI 02940-3078 or by calling 888-218-4392. You may contact Computershare at the same mailing address or telephone number if you wish to revoke your consent to future householding mailings.

If your household receives only a single package containing a copy of the Notice or, if requested, the proxy materials, and you wish to receive a separate copy for each unitholder of record, please contact Broadridge toll-free at 866-540-7095, or write to Broadridge, Householding Department, 51 Mercedes Way, Edgewood, NY 11717, and separate copies will be provided promptly.

Beneficial owners may request information about householding from their banks, brokers or other holders of record.

TABLE OF CONTENTS

What are the Board's recommendations?

Unless you give other instructions, the persons named as proxies will vote in accordance with the recommendations of the Board. The Board's recommendations are set forth together with the description of each proposal in this proxy statement. In summary, the Board recommends a vote:

- FOR election as directors of the nominees specified in this proxy statement. (See Proposal 1)
- FOR ratification of appointment of Deloitte & Touche LLP as NextEra Energy Partners' independent registered public accounting firm for 2019. (See Proposal 2)
- FOR approval, by non-binding advisory vote, of the compensation of NextEra Energy Partners' named executive officers. (See Proposal 3)
- In accordance with the discretion of the persons acting under the proxy concerning such other business as may properly be brought before the annual meeting or any adjournment or postponement thereof.

What vote is required to approve the matters proposed?

- Election as directors of the nominees specified in this proxy statement—A nominee for director will be elected to the Board if the votes cast for such nominee's election by unitholders present in person or represented by proxy at the meeting and entitled to vote on the matter exceed the votes cast by such unitholders against such nominee's election. If you are a beneficial owner, your broker is not permitted under New York Stock Exchange ("NYSE") rules to vote your units on the election of directors if your broker does not receive voting instructions from you. Without your voting instructions, a broker non-vote will occur. Since broker non-votes are not considered votes cast, they will have no legal effect on the election of directors. Abstentions are also not considered votes cast and will have no legal effect on the election of directors. For a discussion of certain voting limitations applicable to the election of directors, please see "What are the voting rights of the holders of the Company's units?" on page 2.
- Ratification of appointment of Deloitte & Touche LLP as NextEra Energy Partners' independent registered public accounting firm for 2019—The ratification of appointment of Deloitte & Touche LLP as NextEra Energy Partners' independent registered public accounting firm for 2019 will be approved if the votes cast for the proposal by unitholders present in person or represented by proxy at the annual meeting and entitled to vote on the matter exceed the votes cast by such unitholders against such proposal (a "Majority Vote"). Since brokers are permitted under NYSE rules to vote your units on this proposal even if your broker does not receive voting instructions from you, there are not expected to be broker non-votes on this proposal. Abstentions are not considered votes cast and will have no legal effect on whether this proposal is approved. In determining the votes cast, the 10% Cutback, as described in "How does the 10% vote cutback apply to the other items of business at the annual meeting?" beginning on page_3, will apply to unitholders other than the NextEra Energy Group.
- Advisory approval of the compensation of NextEra Energy Partners' named executive officers—A Majority Vote is required to approve this non-binding advisory proposal. If your broker does not receive voting instructions from you, your broker is not permitted under NYSE rules to vote your units on this proposal. Without your voting instructions, a broker non-vote will occur. Since broker non-votes are not considered votes cast, they will have no legal effect on whether this proposal is approved. Abstentions are also not considered votes cast and will have no legal effect on whether this proposal is approved. The vote on this proposal is advisory and the result of the vote on this proposal will

not be binding on the Company or the Board. However, the Board will consider the result of the vote when making future decisions regarding named executive officer (“NEO”) compensation. In determining the votes cast, the 10% Cutback, as described in “How does the 10% vote cutback apply to the other items of business at the annual meeting?” beginning on page 3, will apply to unitholders other than the NextEra Energy Group.

Who pays for the solicitation of proxies?

NextEra Energy Partners is soliciting proxies, and it will bear the expense of solicitation. Proxies will be solicited principally by mail and by electronic media, although directors, officers and employees of NextEra Energy Partners or its affiliates may solicit proxies personally, by telephone or by electronic means, but without compensation other than their regular compensation. NextEra Energy Partners has retained D.F. King & Co., Inc. to assist it in the solicitation of proxies, for which D.F. King & Co., Inc. will be paid a fee of \$12,500 plus reimbursement of out-of-pocket expenses. NextEra Energy Partners will reimburse custodians, nominees and other persons for their out-of-pocket expenses in sending the Notice and/or proxy materials to beneficial owners.

6

TABLE OF CONTENTS

Could other matters be decided at the annual meeting?

At the date of printing of this proxy statement, the Board did not know of any matters to be submitted for action at the annual meeting other than those referred to in this proxy statement and does not intend to bring before the annual meeting any matter other than the proposals described in this proxy statement. If, however, other matters are properly brought before the annual meeting, or any adjourned or postponed meeting, your proxies include discretionary authority on the part of the individuals appointed to vote your units or act on those matters according to their discretion, including voting to adjourn or postpone the annual meeting one or more times to solicit additional proxies with respect to any proposal or for any other reason.

TABLE OF CONTENTS

BUSINESS OF THE ANNUAL MEETING

Proposal 1: Election of the nominees specified in this proxy statement as directors

The Board is currently composed of seven members. The current directors are James L. Robo (Chairman), Susan D. Austin, Robert J. Byrne, Mark E. Hickson, John W. Ketchum, Rebecca Kujawa and Peter H. Kind. In accordance with our Third Amended and Restated Agreement of Limited Partnership (“Partnership Agreement”), four of the seven directors will be elected by unitholders at the annual meeting. The other three directors are appointed by our general partner, in its sole discretion.

Upon the recommendation of the chief executive officer, the Board has nominated the four directors listed below for election as directors at the 2019 annual meeting (“Elected Directors”). Unless you specify otherwise in your voting instructions, your proxy will be voted FOR the Elected Directors. If any Elected Director becomes unavailable for election, which is not currently anticipated, proxies instructing a vote for that Elected Director may be voted for a substitute nominee selected by the Board.

The Board believes that the Board membership at its current size is appropriate because such a Board size facilitates substantive discussions among Board members, provides for sufficient staffing of Board committees and allows for contributions by directors having a broad range of skills, expertise, industry knowledge and diversity of opinion. Elected Directors serve until the next annual meeting of unitholders or until their respective successors are qualified and elected.

Director Qualifications. The Company’s Corporate Governance Principles & Guidelines, a copy of which is available on the Company’s website at <http://www.investor.nexteraenergypartners.com>, identify Board membership qualifications, including experience, skills and attributes that are considered by the Board in recommending nominees for Board membership. The Board views itself as a cohesive whole consisting of members who together serve the interests of the Company and its unitholders. Qualifications, attributes and other factors considered by the Board in recommending director nominees include, but are not limited to, the following:

- integrity, competence, insight, creativity and dedication, together with the ability to work with colleagues while challenging one another to achieve superior performance;
- attained a prominent position in their field of endeavor;
- broad business experience;
- the ability to exercise sound business judgment;
- the ability to draw on experience relative to significant issues facing the Board and the Company;
- experience in the Company’s industry or in another industry or endeavor with practical application to the needs of the Company and the Board;
- sufficient time and dedication for preparation as well as participation in Board and committee deliberations (including by limiting service on boards of public companies to no more than four public companies, including the Company);
- possess attributes deemed appropriate given the then-current needs of the Board;

- the individual's contribution to the achievement of a mix of directors who represent a diversity of background and experience, including age, gender, race, ethnicity and specialized experience;
- the individual's independence as described in applicable listing standards, legislation, regulations and the Corporate Governance Principles & Guidelines; and
- whether the individual would be considered an "audit committee financial expert" or "financially literate" as described in applicable listing standards or regulations.

Information about each director appointed by our general partner and each director nominee is presented below and includes specific experience, qualifications, attributes and skills that led the general partner and Board to the conclusion that he or she should serve as a director. Overall, the directors appointed by our general partner and the Elected Directors represent a diverse mix of qualifications deemed beneficial to the formation of a cohesive and effective Board.

Proposal 2: Ratification of appointment of Deloitte & Touche LLP as NextEra Energy Partners' independent registered public accounting firm for 2019

In accordance with the provisions of the Sarbanes-Oxley Act of 2002 ("Sarbanes-Oxley"), the Audit Committee of the Board appoints the Company's independent registered public accounting firm. It has appointed Deloitte & Touche LLP ("Deloitte & Touche") as the independent registered public accounting firm to audit the accounts of NextEra Energy Partners and its subsidiaries, as well as to provide its opinion on the effectiveness of the Company's internal control over financial reporting, for the fiscal year ending December 31, 2019. Although ratification is not required, the Board is submitting the selection of Deloitte & Touche to unitholders as a matter of good corporate practice. If the unitholders do not ratify the appointment, the appointment will be reconsidered by the Audit Committee, although the Audit Committee may nonetheless decide to retain Deloitte & Touche as the Company's independent registered public accounting firm. Even if the appointment is ratified, the Audit Committee may, in its discretion, terminate the service of Deloitte & Touche at any time during the year if it determines that the appointment of a different independent registered public accounting firm would be in the best interests of NextEra Energy Partners and its unitholders. Representatives of Deloitte & Touche are expected to be present at the annual meeting and will have an opportunity to make a statement and respond to appropriate questions from unitholders at the annual meeting.

Unless you specify otherwise in your voting instructions, your proxy will be voted FOR ratification of appointment of Deloitte & Touche as NextEra Energy Partners' independent registered public accounting firm for 2019.

Proposal 3: Approval, by non-binding advisory vote, of the compensation of NextEra Energy Partners' named executive officers as disclosed in this proxy statement

The Company is asking unitholders to cast an advisory vote on the compensation of the Company's named executive officers, which is commonly called a "say-on-pay" vote. The advisory vote, which is required pursuant to section 14A of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), is to approve the compensation of the Company's named executive officers as described in the Compensation Discussion & Analysis section of this proxy statement (beginning on page 36). Although this vote is not binding, it will provide information to the Board regarding investor sentiment about the Company's executive compensation philosophy, policies and practices, which the Board will consider when making future determinations regarding named executive officer compensation. The Company currently plans to give unitholders the opportunity to cast an advisory vote on this matter every year, so that, following the vote on this proposal, the next opportunity will occur in connection with the Company's 2020 annual meeting of unitholders.

All of the named executive officers of the company are also employees of NextEra Energy. NextEra Energy compensates these officers for the performance of their duties as employees of NextEra Energy, which include managing NextEra Energy Partners. NextEra Energy does not allocate this compensation between services for the Company and services for NextEra Energy and its affiliates. NextEra Energy Partners' named executive officers do not receive any additional compensation for their services to NextEra Energy Partners' business.

The Company asks unitholders to approve this proposal by approving the following non-binding resolution:

RESOLVED, that the unitholders of NextEra Energy Partners, LP approve, on an advisory basis, the compensation paid to the Company's named executive officers, as described in the NextEra Energy Partners, LP proxy statement for the 2019 annual meeting of unitholders, including the Compensation Discussion & Analysis section.

Unless you specify otherwise in your voting instructions, your proxy will be voted FOR approval, by non-binding advisory vote, of the compensation of NextEra Energy Partners' named executive officers.

This information has been derived from a statement on Schedule 13G/A of Neuberger Berman Group LLC and Neuberger Berman Investment Advisers LLC filed with the SEC on February 13, 2019, and is as of December 31, 2018. Neuberger Berman Group LLC and its affiliates may be deemed to be beneficial owners of securities for purposes of Exchange Act Rule 13d-3 because they or certain affiliated persons have shared power to retain, dispose of or vote the securities of unrelated clients. Neuberger Berman Group LLC or its affiliated persons do not, however, have any economic interest in the securities of those clients. The clients have the sole right to receive and the power to direct the receipt of dividends from or proceeds from the sale of such securities. With regard to 7,587,883 common units, Neuberger Berman Group LLC may be deemed to be the beneficial owner for purposes of Rule 13d-3 because certain affiliated persons have shared power to retain, dispose of and vote the securities. In addition to the holdings of individual advisory clients, Neuberger Berman Investment Advisers LLC serves as investment manager of Neuberger Berman Group LLC's various registered mutual funds that hold such units. The holdings belonging to clients of Neuberger Berman Trust Co N.A., Neuberger Berman Trust Co of Delaware N.A., NB Alternatives Advisers LLC and Neuberger Berman Investment Advisers LLC are also aggregated to comprise the 7,587,883 common units. In addition to the 7,587,883 common units for which Neuberger entities also have shared power to dispose of the common units, the amount of 7,628,788 common units also includes common units from individual client accounts over which Neuberger Berman Investment Advisers LLC has shared power to dispose but does not have voting power over these units. The holdings of Neuberger Berman Trust Co N.A., Neuberger Berman Trust Co of Delaware N.A., NB Alternatives Advisers LLC and Neuberger Berman Investment Advisers LLC are also aggregated to comprise the amount of 7,628,788 referenced herein.

Section 16(a) Beneficial Ownership Reporting Compliance

The Company's directors and executive officers are required to file initial reports of ownership and reports of changes of their beneficial ownership of NextEra Energy Partners units with the SEC pursuant to Section 16(a) of the Exchange Act. Based solely upon a review of these filings and written representations from the directors and executive officers that no other reports were required of them, the Company believes that all required filings were timely made in 2018.

The Company's Security Trading Policy

The Company's Security Trading Policy (the "Trading Policy") prohibits hedging transactions with respect to securities of the Company. The Trading Policy provides in relevant part as follows: "Additional Prohibited Transactions. The Company considers it improper and inappropriate for any Company insider to engage in short-term or speculative transaction in the Company's securities. It therefore is the Company's policy that insiders may not engage in any of the following transactions: ... Hedging Transactions. Certain forms of hedging or monetization transactions with respect to the Company's securities, such as prepaid variable forwards, equity swaps and collars, allow an insider to lock in much of the value of his or her stock holdings, often in exchange for all or part of the potential for upside appreciation in the stock. These transactions allow the insider to continue to own the covered securities, but without the full risks and rewards of ownership. When that occurs, the insider may no longer have the same objectives as the Company's other shareholders. Therefore, these transactions are prohibited under this Policy...."

Corporate Governance Principles & Guidelines/Code of Ethics

The Company's Corporate Governance Principles & Guidelines, Code of Business Conduct & Ethics and its Code of Ethics for Senior Executive and Financial Officers cover a wide range of business practices and procedures. The Corporate Governance Principles & Guidelines, Code of Business Conduct & Ethics and the Code of Ethics for Senior Executive and Financial Officers were approved by the Board. The Code of Ethics for Senior Executive and Financial Officers applies to NextEra Energy Partners' chairman of the board and chief executive officer, chief financial officer, president, treasurer, general counsel, controller and chief accounting officer and executive vice president, strategy and corporate development. The Code of Business Conduct & Ethics applies to all representatives of NextEra Energy Partners and its subsidiaries, including directors, officers and employees. The Corporate Governance Principles & Guidelines, Code of Business Conduct & Ethics and Code of Ethics for Senior Executive and Financial Officers are available on the Company's website at www.nexteraenergypartners.com. Any amendments or waivers of the Code of Ethics for Senior Executive and Financial Officers that are required to be disclosed to unitholders under SEC rules will be disclosed on the Company's website at the address listed above. Director Independence

The NYSE does not require a listed publicly traded limited partnership, such as the Company, to have a majority of independent directors on the board of directors. The Board conducts an annual review regarding the independence from the Company of each of its members, and, in addition, assesses the independence of any new member at the time that the new member is considered for appointment to or nomination for election to the Board. The Board considers all relevant facts and circumstances and uses the criteria set forth in the NYSE corporate governance independence standards (the "NYSE standards"), which are the applicable standards under SEC rules, to assess director independence. These standards are also set forth or referred to in the Corporate Governance Principles & Guidelines, which is available on the Company's website at www.nexteraenergypartners.com. The Board must affirmatively determine that a director has no material relationship with NextEra Energy Partners (directly or as a partner, shareholder or officer of an organization that has a relationship with NextEra Energy Partners) in order to determine that the director is independent. As set forth in the Corporate Governance Principles & Guidelines, the Board considers all relevant facts and circumstances in making independence determinations. In particular, when assessing the materiality of a director's relationship (if any) with the Company, the Board considers materiality both from the standpoint of the director and from the standpoint of persons or organizations with which the director has an affiliation. Material relationships for this purpose may include commercial, industrial, banking, consulting, legal, accounting, charitable and familial relationships, among others.

The NYSE standards and Rule 10A-3 under the Securities Exchange Act of 1934 ("Exchange Act") include an additional requirement that members of the audit committee may not accept directly or indirectly any consulting, advisory or other compensatory fee from the Company other than their compensation for service as a director. Based on its review conducted in accordance with the Company's Corporate Governance Principles & Guidelines and the NYSE standards, the Board determined that Susan D. Austin, Robert J. Byrne and Peter H. Kind, constituting all three non-employee directors of NextEra Energy Partners, are independent under the NYSE standards (including the separate Audit Committee standards) and the Company's Corporate Governance Principles & Guidelines.

Board Leadership Structure

As set forth in the Company's Corporate Governance Principles & Guidelines, the Board believes that the decision as to who should serve as chairman and as chief executive officer, and whether the offices should be combined or separate, is properly the responsibility of the Board, to be exercised from time to time in appropriate consideration of the Company's then-existing characteristics or circumstances. In view of the Company's operating record, and the operational and financial opportunities and challenges faced by the Company, the Board's judgment is that the functioning of the Board is best served by maintaining a structure of having one individual serve as both chairman and chief executive officer. The Board believes that having a single person acting in the capacities of chairman and chief executive officer promotes unified leadership and direction for the Board and executive management and allows for a

single, clear focus for the chain of command to execute the Company's strategic initiatives and business plans and to address its challenges.

17

TABLE OF CONTENTS

Executive sessions of NextEra Energy Partners' independent directors are regularly scheduled. The chairman of the Audit Committee chairs the Board executive sessions, and thereafter provides feedback to the chairman of the Board. The Board believes that having regular Board executive sessions, three independent directors and the corporate governance structures and processes described in this proxy statement allow the Board to maintain effective oversight of management. Committee executive sessions are chaired by the committee chairs, all of whom are independent directors. The Board does not have a lead director.

Board Role in Risk Oversight

Although it is the job of management to assess and manage the Company's risks, the Board and its Audit Committee (each where applicable) discuss the guidelines and policies that govern the process by which risk assessment and management is undertaken and evaluate reports from various functions with the management team on risk assessment and management. The Board interfaces regularly with management and receives periodic reports that include updates on financial, legal and risk management matters. The Audit Committee assists the Board in oversight of the integrity of the Company's financial statements. The Audit Committee also reviews and assesses the performance of the Company's internal audit function and its independent auditors. The Board receives regular reports from the Audit Committee.

Director Meetings and Attendance

The Board and its committees meet on a regular schedule and also hold special meetings from time to time. The Board met five times in 2018. Each director attended at least 75% of the total number of Board meetings and meetings of the committees on which he or she served during 2018.

The Company currently does not have a policy with regard to director attendance at the annual meeting of unitholders. All seven of the directors attended the 2017 annual meeting of unitholders.

Board Committees

The standing committees of the Board are the Audit Committee and the Conflicts Committee. Each committee regularly reports its activities and actions to the full Board, generally at the next Board meeting following the committee meeting. Each of the committees operates under a charter approved by the Board and the Audit Committee conducts an annual evaluation of its performance. The charter of the Audit Committee is required to comply with the NYSE corporate governance requirements. There are no NYSE requirements for the charter of the Conflicts Committee. The current membership and functions of the committees are described below.

Compensation Committee

Because the Company is a limited partnership, it is not required by the rules of the NYSE to have a compensation committee. NextEra Energy Partners named executive officers do not receive any additional compensation for their services to NextEra Energy Partners' business. Any compensation to be paid to the Company's executive officers is reviewed and approved by the Board because it performs the functions of a compensation committee when such committee is needed.

Compensation Committee Interlocks and Insider Participation

As discussed above, the Company does not have a compensation committee. Any compensation to be paid to the Company's executive officers is reviewed and approved by the Board because it performs the functions of a compensation committee when such committee is needed. During the year ended December 31, 2018, none of the directors or executive officers served as a member of a compensation committee of another entity that has, or has had, an executive officer who served as a member of the Board during 2018. During the year ended December 31, 2018, the following officers of NextEra Energy served on the Board: Messrs. Robo, Hickson, Ketchum and Armando Pimentel, Jr.

Nominating Committee

Because the Company is a limited partnership, it is not required by the rules of the NYSE to have a nominating committee. All functions of a nominating committee are performed by the Board as a whole, including consideration of director nominees.

TABLE OF CONTENTS

Audit Committee

The Board has an Audit Committee composed of Messrs. Byrne (Chair) and Kind and Ms. Austin, each of whom satisfy the independence standards of the NYSE and the Exchange Act. These standards are also set forth or referred to in the Corporate Governance Principles & Guidelines, which is available on the Company's website at www.nexteraenergypartners.com. The Board has determined that each member of the Audit Committee satisfies the "financial literacy" standard of the NYSE and each of them also qualify as an "audit committee financial expert" as such term is defined under the SEC's regulations. The Audit Committee assists the Board in its oversight of the integrity of the Company's financial statements and the Company's compliance with related legal and regulatory requirements, corporate policies and controls. The Audit Committee has the sole authority to retain and terminate the Company's independent registered public accounting firm, approve all auditing services and related fees and the terms thereof and pre-approve any non-audit services to be rendered by the Company's independent registered public accounting firm. The Audit Committee is also responsible for confirming the independence and objectivity of the Company's independent registered public accounting firm and for establishing procedures for the receipt, retention and treatment of complaints and concerns received by the Company regarding accounting, internal accounting controls or auditing matters and the confidential, anonymous submission by employees of the Company of concerns regarding questionable accounting or auditing matters. The Audit Committee conducts an annual self-evaluation. The Audit Committee met five times in 2018. A more detailed description of the Audit Committee's duties and responsibilities is contained in the Audit Committee charter, which is available on the Company's website at www.nexteraenergypartners.com.

Conflicts Committee

The Conflicts Committee is composed of Messrs. Kind (Chair) and Byrne and Ms. Austin. The Conflicts Committee determines if the resolution of any conflict of interest referred to it is in the best interests of the Company and its unitholders. The charter of the Conflicts Committee provides that the members of the committee may not be officers or employees of NextEra Energy Partners or its general partner or directors, officers or employees of their affiliates, may not hold an ownership interest in NextEra Energy Partners' general partner or its affiliates other than NextEra Energy Partners common units, including common units or awards under any long-term incentive plan, equity compensation plan or similar plan implemented by the Company and must meet the independence standards established by the NYSE and the Exchange Act to serve on an audit committee of a board of directors. Any matters approved by the Conflicts Committee in good faith will be deemed to be approved by all of the Company's unitholders and not a breach of any duties owed to the unitholders of the Company by NextEra Energy Partners, its general partner or the Board. A more detailed description of the Conflicts Committee's duties and responsibilities is contained in the Conflicts Committee charter, which is available on the Company's website at www.nexteraenergypartners.com.

Consideration of Director Nominees

Proxy Access Unitholder Nominees

Pursuant to the Partnership Agreement, a holder (or a group of up to 20 unitholders) owning common units representing at least 10% of the voting power, including common units and special voting units, of the Company continuously for the relevant holding period may nominate and include in the Company's proxy statement up to two directors ("Proxy Access Directors"). No more than four Proxy Access Directors are permitted to be included each year in the Company's proxy materials. Unless a shorter holding period is specified by the Board, the holding period for the 2020 annual meeting is two years. Notice of Proxy Access Director nominees for the 2020 annual meeting of unitholders should be addressed to the Corporate Secretary, NextEra Energy Partners, LP, P.O. Box 14000, 700 Universe Boulevard, Juno Beach, Florida 33408-0420 and must be received no earlier than November 7, 2019 and no later than the close of business on December 7, 2019. In the event that the 2020 annual meeting is more than 30 days earlier or more than 60 days later than the anniversary date of the 2019 annual meeting, the notice of Proxy Access Director nominees must be received on the later of the close of business on the 120th day prior to the date of the 2020 annual meeting or the 10th day following the public announcement of the date of the 2020 annual meeting is first made by the Company. A copy of the Partnership Agreement which contains the complete proxy access requirements is available at www.nexteraenergypartners.com. The proxy access mechanism is the exclusive means through which a common unitholder may nominate a candidate for election to the Board.

Director Qualifications

In addition to the qualifications for directors set forth under Proposal 1, no person will be considered for Board membership who is an employee or director of a business in significant competition with the Company or of a major or

TABLE OF CONTENTS

potentially-major customer, supplier, contractor, counselor or consultant of the Company, or an executive officer of a business where a Company employee-director serves on such other business's board.

Generally, no person who shall have attained the age of 72 years by the date of election shall be eligible for election as a director. However, the Board may, by unanimous action (excluding the affected director), extend a director's eligibility for one or two additional years, in which event such a director will not be eligible for election as a director if he or she has attained the age of 73 or 74 by the date of election.

Identifying and Evaluating Nominees for Directors

Candidates may come to the attention of the Board through current Board members, professional search firms, unitholders or other persons. Candidates are evaluated at regular or special meetings of the Board, and may be considered at any time during the year. The Board considers all nominee recommendations, including those from unitholders, in the same manner when determining candidates for the Board. If any materials are provided by a unitholder in connection with the recommendation of a director candidate, such materials are provided to the Board. In evaluating nominations, the Board seeks to achieve a diverse balance of knowledge, experience and capability. For additional information about the process for nominating and electing directors, see "Proxy Access Unitholder Nominees" above and "Director Qualifications" above and as set forth under Proposal 1.

Communications with the Board

The Board has established procedures by which unitholders and other interested parties may communicate with the Board, any Board committee or any one or more other directors. Such parties may write to one or more directors, care of General Counsel, NextEra Energy Partners, LP, P.O. Box 14000, 700 Universe Boulevard, Juno Beach, Florida 33408. They may also contact any member of the Audit Committee with a concern under the Company's Code of Business Conduct & Ethics by calling 561-694-4644.

The Board has instructed the Company's general counsel to assist the Board in reviewing all written communications to the Board, any Board committee or any director as follows:

(1)

Complaints or similar communications regarding accounting, internal accounting controls or auditing matters will be handled in accordance with the NextEra Energy Partners, LP Procedures for Receipt, Retention and Treatment of Complaints and Concerns Regarding Accounting, Internal Accounting Controls or Auditing Matters.

(2)

All other legitimate communications related to the duties and responsibilities of the Board or any committee will be promptly forwarded by the general counsel to the applicable directors, including, as appropriate under the circumstances, to the chairman of the Company's Board of Directors and/or the appropriate committee chair.

(3)

All other unitholder, customer, vendor, employee and other complaints, concerns and communications will be handled by management, with Board involvement as advisable with respect to those matters that management reasonably concludes to be significant.

Communications that are of a personal nature or not related to the duties and responsibilities of the Board, that are unduly hostile, threatening, illegal or similarly inappropriate or unsuitable, that are conclusory or vague in nature, or that are surveys, junk mail, resumes, service or product inquiries or complaints, or business solicitations or advertisements, generally will not be forwarded to any director unless the director otherwise requests or the general counsel determines otherwise.

Procedures for Review, Approval and Ratification of Related Person Transactions

The Conflicts Committee of the Board reviews and approves related person transactions to the extent required by the Partnership Agreement or to the extent that the Board seeks the approval of the Conflicts Committee.

The management of the Company is charged with primary responsibility for determining whether, based on the facts and circumstances, a proposed transaction is a related person transaction. For the purposes of this determination, (1) a related person includes any director or executive officer of the Company, any nominee for director of the Company, any unitholder known to the Company to be the beneficial owner of more than 5% of any class of the Company's

voting securities, and any immediate family member of any such person and (2) a related person transaction includes any transaction, since the beginning of the Company's last fiscal year, or any currently proposed transaction, in which the Company was or is to be a participant and the amount involved exceeds \$120,000, and in which any related person had or will have a direct or indirect material interest.

20

TABLE OF CONTENTS

If, after weighing all of the facts and circumstances, management determines that a proposed transaction is a related person transaction, management must present the proposed transaction to the Board for review or, if impracticable under the circumstances, to the chairman of the board. The Board must then either approve or reject the transaction. The Board may, but is not required to, seek the approval of the Conflicts Committee for the resolution of any related person transaction.

In addition, certain transactions must be referred to the Conflicts Committee pursuant to the terms of the Company's partnership agreement and the conflicts committee's charter. The Conflicts Committee charter is available on the Company's website at www.nexteraenergypartners.com.

Transactions with Related Persons

NextEra Energy Equity Partners, LP ("NEE Equity"), a wholly-owned subsidiary of NextEra Energy, owns all of the Company's special voting units and a majority of the common units of NextEra Energy Operating Partners, LP ("NEP OpCo").

The following is a summary of certain agreements between the Company and NextEra Energy or its affiliates.

Because of the Company's relationship with NextEra Energy, the agreements may not be as favorable to the Company as they might have been had the Company negotiated them with an unaffiliated third party.

Amended and Restated Management Services Agreement

The Company, NEP OpCo and NextEra Energy Operating Partners GP, LLC, NEP OpCo's general partner ("NEP OpCo GP") entered into the Amended and Restated Management Services Agreement, dated August 4, 2017 (the "MSA"), with NextEra Energy Management Partners, LP ("NEE Management"), under which:

- NEE Management provides or arranges for the provision of management, operations and administrative services to the Company and its subsidiaries under the direction of the Board, including managing their day-to-day affairs and providing individuals to act as executive officers and directors, to the extent such services are not otherwise provided under operations and maintenance services agreements and administrative service agreements ("ASAs") between affiliates of NextEra Energy and the Company's subsidiaries;

- NEP OpCo pays, on the Company's behalf, all operations and maintenance services fees or other expenses the Company or its subsidiaries incur; and

- NEP OpCo makes certain payments to NEE Management based on the achievement by NEP OpCo of certain target quarterly distribution levels to its common unitholders.

Under the MSA, among other restrictions, NEE Management, its subsidiaries and any other entity or individual that NEE Management has arranged to provide services are required to refrain from taking any action that, to NEE Management's knowledge, at the time such action is taken, is intended to materially conflict with or directly contravene any resolution or other determination of the Board, in each case relating to the following significant activities of the Company:

- establishing and approving the Company's annual operating budget;

- evaluating and approving capital decisions;

- evaluating and approving debt and equity financing decisions;

- assessing and approving quarterly cash distributions to unitholders; and

- analyzing and approving related party transactions among NEE Management, its subsidiaries and any other entity or individual that NEE Management has arranged to provide services.

NEP OpCo pays NEE Management an annual management fee equal to the greater of (1) 1% of the sum of NEP OpCo's net income plus interest expense, income tax expense and depreciation and amortization expense less certain non-cash, non-recurring items for the most recently ended fiscal year (calculated prior to the deduction of such fee and other fees paid under the MSA, such amount the "calculated fee") and (2) \$4 million (adjusted for inflation beginning in 2016). The management fee is paid in quarterly installments of \$1 million (adjusted for inflation beginning in 2016) with an additional payment each January to the extent the calculated fee exceeds \$4 million in the prior fiscal year (adjusted for inflation beginning in 2016). NEE Management is also entitled to receive an incentive distribution right fee ("IDR fee") based on the hypothetical amount of distributions NEP OpCo would be able to make to its common unitholders without giving effect to

21

TABLE OF CONTENTS

the IDR fee as an operating expense. The IDR Fee payments to NEE Management under the MSA will continue for so long as NEP OpCo's partnership agreement remains in effect, even if the MSA otherwise terminates in accordance with its terms. For the year ended December 31, 2018, NEE Management received a total of approximately \$78 million in compensation under the MSA, including the IDR fees.

The MSA is in full force and effect until January 1, 2068 and will automatically renew for successive five-year periods unless NEP OpCo or NEE Management provides written notice that it does not wish the agreement to be renewed. However, NEP OpCo is able to terminate the MSA prior to the expiration of its term upon 90 days' prior written notice of termination to NEE Management upon the occurrence of certain events. The MSA also expressly provides that the agreement may not be terminated by the Company due solely to the poor performance or the under-performance of any of the Company's operations. NEE Management is also permitted to terminate the MSA upon the occurrence of certain events.

Operations and Maintenance Services Agreements

Affiliates of NextEra Energy Resources, an indirect wholly owned subsidiary of NextEra Energy, and certain of the Company's subsidiaries listed below have entered into operations and maintenance services agreements under which such NextEra Energy Resources affiliates provide operations and maintenance services to the renewable energy projects in the Company's portfolio. A brief description of the operations and maintenance services agreements is provided below.

ProjectsWind

The wind project entities identified in the table below (collectively, the "Wind Project Entities") entered into operations and maintenance services agreements (each, a "Wind O&M Agreement") with NextEra Energy Operating Services, LLC, an indirect wholly owned subsidiary of NextEra Energy ("NEOS"), dated as of the following dates:

TABLE OF CONTENTS

Under each Wind O&M Agreement, NEOS provides customary day-to-day operations and maintenance services. NEOS is required to provide each Wind Project Entity a proposed annual budget for its review prior to the beginning of each operating year, which budget will be agreed upon between NEOS and the Wind Project Entity. Each Wind O&M Agreement has a term of 20 years, which will be automatically extended for an additional five-year period unless the applicable Wind Project Entity provides notice to NEOS that it does not wish the term to be extended. Each Wind O&M Agreement contains customary termination provisions.

In consideration for the performance of operations and maintenance services, NEOS receives a fixed annual fee paid in monthly installments. The annual fee for each project (except FPL Energy Vansycle L.L.C., which was \$1,500 excluding annual inflation adjustments) was \$1,250 (excluding annual inflation adjustments) for each MW of nameplate capacity for the first year of the term of the applicable Wind O&M Agreement and is adjusted annually based on the U.S. Consumer Price Index (“U.S. CPI”). In addition to the fixed annual fee, NEOS is entitled to be reimbursed for those reasonable and actual direct costs that are incurred by NEOS in the performance of its duties. Each Wind O&M Agreement also requires that the applicable Wind Project Entity provide, or pay for costs incurred by NEOS in providing, utility services to the project. For the year ended December 31, 2018, NEOS received a total of approximately \$3.9 million in compensation under the Wind O&M Agreements, including reimbursement of expenses.

Solar

The solar project entities identified in the table below (collectively, the “Solar Project Entities”) entered into operations and maintenance services agreements (the “Solar O&M Agreements”) with NEOS, dated as of the following dates:

Solar Project Entity	Date
Adelanto Solar II, LLC	April 7, 2015
Adelanto Solar, LLC	April 7, 2015
Genesis Solar, LLC	August 22, 2011
McCoy Solar, LLC	December 19, 2014
Mountain View Solar, LLC	October 2, 2013, as amended and restated June 2, 2014
Shafter Solar, LLC	April 7, 2015, as amended May 29, 2015

Under each Solar O&M Agreement, NEOS provides customary day-to-day operations and maintenance services. NEOS is required to provide each Solar Project Entity a proposed annual budget for its review prior to the beginning of each operating year, which budget will be agreed upon between NEOS and the Solar Project Entity. The Solar O&M Agreement with Genesis Solar, LLC has a term of 30 years, which will be automatically extended for an additional five-year period unless Genesis Solar, LLC provides prior notice to NEOS that it does not wish the term to be extended. The Solar O&M Agreement with each other Solar Project Entity has a term of 25 years, which will be automatically extended for an additional five-year period unless such entity provides prior notice to NEOS that it does not wish the term to be extended. Each Solar O&M Agreement contains customary termination provisions.

In consideration for the performance of operations and maintenance services, NEOS receives a fixed annual fee paid in monthly installments. The annual fee under the Solar O&M Agreement with Genesis Solar, LLC was \$1,000,000 in 2013 and is adjusted annually based on U.S. CPI. The annual fee for each other project was \$1,500 (excluding annual inflation adjustments) for each MW of nameplate capacity for the first year of the term of the applicable Solar O&M Agreement and is adjusted annually based on U.S. CPI. In addition to the fixed annual fee, NEOS is entitled to be reimbursed for those reasonable and actual direct costs that are incurred by NEOS in the performance of its duties. Each of the Solar O&M Agreements also requires that the applicable Solar Project Entity provide, or pay for costs incurred by NEOS, for utility services provided to the project. For the year ended December 31, 2018, NEOS received a total of approximately \$1.6 million in fees and reimbursements under the Solar O&M Agreements.

Administrative Services Agreements

Affiliates of NextEra Energy Resources and certain of the Company’s subsidiaries have entered into ASAs, pursuant to which such NextEra Energy Resources affiliates provide administrative services to the projects in the Company’s portfolio. A brief description of the ASAs is provided below.

Projects

Each of the entities listed below, excluding NET Holdings Management, LLC, entered into an ASA with NextEra Energy Resources, and NET Holdings Management, LLC entered into an ASA with a subsidiary of NextEra Energy Resources

23

TABLE OF CONTENTS

(collectively, the “Project ASAs”). Pursuant to the Project ASAs, NextEra Energy Resources or its subsidiary provides customary administrative services for the projects. Each of the Project ASAs, except the Project ASAs for each of Genesis Solar, LLC, Genesis Solar Funding LLC and NET Holdings Management, LLC, has an initial term of 20 years. The Project ASAs for each of Genesis Solar, LLC and Genesis Solar Funding, LLC has an initial term of 25 years. The Project ASA for NET Holdings Management, LLC has an initial term of five years. Upon the expiration of the applicable initial term, each Project ASA will be extended for an additional five-year period unless the applicable entity informs NextEra Energy Resources in writing that it does not intend to extend the term of the agreement. Each Project ASA contains customary termination provisions.

In consideration for the performance of the administrative services, a subsidiary of NextEra Energy Resources receives an annual fee, which is the full and complete compensation for all costs incurred by NextEra Energy Resources in performing administrative services, except for all out of pocket expenses for which NextEra Energy Resources is entitled to reimbursement from the applicable entity. The date of, and the annual fee payable (excluding inflation adjustments) under, each of the Project ASAs in 2018 was:
