PROXY STATEMENT FOR THE ANNUAL MEETING OF STOCKHOLDERS

Introduction

We are providing these proxy materials in connection with the solicitation of proxies by the Board of Directors of Vertrue Incorporated for use at our 2006 Annual Meeting of Stockholders. Throughout this proxy statement, we refer to Vertrue Incorporated as the "Company," "we," "us," or "our."

You are invited to attend our 2006 Annual Meeting of Stockholders on Friday, November 17, 2006. This proxy statement is to be mailed on or about October 18, 2006. All proxies will be voted in accordance with the stockholders' instructions, and if no choice is specified, the proxies will be voted in favor of the matters set forth in the accompanying Notice of Annual Meeting. Any proxy may be revoked by a stockholder at any time before its exercise by delivery of written revocation or a subsequently dated proxy to the Secretary of the Company or by voting in person at the annual meeting.

Our 2006 Annual Report to Stockholders and Annual Report on Form 10-K are being mailed to stockholders together with this proxy statement.

Voting Securities and Votes Required

Holders of Vertrue common stock at the close of business on October 6, 2006, the record date for the meeting, are entitled to these proxy materials and to vote their shares at the meeting. As of the record date, there were x,xxx,xxx shares of common stock outstanding and entitled to vote. Holders of common stock are entitled to one vote per share.

The presence or representation by proxy of the holders of a majority of the shares of common stock issued and outstanding and entitled to vote at the Annual Meeting constitutes a quorum for the transaction of business at the annual meeting. Shares of common stock represented in person or by proxy (including shares that abstain or do not vote with respect to one or more of the matters

Edgar Filing: VERTRUE INC - Form PRE 14A

presented for stockholder approval) will be counted for purposes of determining whether a quorum is present.

The affirmative vote of the holders of common stock representing a majority of the votes cast on a matter at the annual meeting is required to approve the matters set forth in proposals 3, 4, and 5 in the accompanying Notice of Annual Meeting. Holders of a majority of the shares of common stock entitled to vote is required to approve the matters set forth in Proposal 2. Approval of Proposal 1, which relates to the election of directors, requires a plurality of the votes cast.

Shares that abstain from voting as to a particular matter and shares held in "street name" by brokers or nominees who indicate on their proxies that they do not have discretionary authority to vote such shares as to a particular matter will not be counted as votes in favor of such matter and will also not be counted as votes cast or shares voting on such matter. Accordingly, abstentions and "broker non-votes" will have no effect on the voting on matters that require the affirmative vote of a certain percentage of the shares voting on the matter.

We participate in the practice of "householding" proxy statements and annual reports. This means that only one copy of this proxy statement and annual report may have been sent to multiple stockholders in your household. If you would like to obtain another copy of either document, please contact our Secretary at 20 Glover Avenue, Norwalk, Connecticut, 06850. If you would like to receive separate copies of the proxy statement and annual report in the future you may contact us at the above address.

The Board has reviewed the composition of the Corporate Governance and Nominating Committee and has determined that all members are independent within the meaning of the revised listing standards of NASDAQ. Stockholders wishing to recommend candidates for consideration by the Corporate Governance and Nominating Committee may do so by writing to the Secretary of the Company and providing the candidate's name, biographical data, and qualifications. Corporate Governance Principles

The Board has adopted a set of Corporate Governance Principles and the Corporate Governance and Nominating Committee is responsible for overseeing the Principles and reporting recommendations to the Board concerning corporate governance matters. The Board periodically evaluates whether a larger or smaller number of directors would be preferable.
- o Board Meetings - Independent directors meet on a regular basis apart from other Board members and management and the Chairman of the Board

Edgar Filing: VERTRUE INC - Form PRE 14A

is responsible for setting the agenda. Directors have access to our employees to ensure that they can ask questions and obtain information necessary to fulfill their duties. Our independent directors meet periodically, but at least twice annually, in executive session with no management directors or management present.

- o Board and Committee Self-Evaluations - The Corporate Governance and Nominating Committee is responsible for conducting an annual evaluation of the performance of the full Board and reporting its conclusions to the Board. In addition, each committee is responsible for evaluating its performance annually.

Director Compensation

Each non-employee director receives cash compensation consisting of an annual retainer of \$25,000 per fiscal year and \$1,500 for each board or committee meeting attended. In addition, each chairperson receives annual cash compensation of \$7,500 for Audit Committee and \$5,000 for Executive Officer Development and Compensation and Corporate Governance and Nominating committees. All directors are reimbursed for expenses incurred in connection with their attendance at Board or committee meetings.

Except for Mr. Johnson, all directors are not employed by the Company and have been eligible to receive options to purchase shares of common stock pursuant to the 1995 Non-Employee Director Stock Option Plan and the 1996 Stock Option Plan. Options granted under these plans have terms of ten years, become exercisable in four equal annual installments, and are exercisable at the market price of our common stock on NASDAQ on the date of grant. In 2006, we granted 2,000 options exercisable at \$38.21 to each of Mr. Ellison, Mr. Tesler, and Mr. McClorey.

No more option grants will be made pursuant to either the 1995 Non-Employee Director Stock Option Plan or the 1996 Stock Option Plan as such plans have expired.

6

At the annual meeting, stockholders will vote to approve the 2006 Restricted Stock Plan for Non-Employee Directors which, if approved, will provide that non-employee directors will receive the following, subject to the discretion of the Executive Officer Development and Compensation Committee:

- o an initial grant of restricted shares on the date of stockholder approval of the plan equal to \$45,000, based on the closing price of the Company's common stock on such date; and
- o an annual grant of restricted shares on July 15th of each year (commencing in calendar year 2007) equal to \$90,000 in value, based on the closing price of the Company's common stock on the date of grant.

The restricted shares will vest on each of the first, second, and third anniversaries of the relevant dates of grant. This change to the director's compensation will be effective upon stockholder approval of the plan at the annual meeting. In the event of a change in control of the Company, the Board has the discretion to provide that all options become exercisable in full immediately prior to such event.

These gains are based on assumed rates of stock appreciation of 5% and 10% compounded annually from the date these options were granted to their expiration dates. The assumed rates of appreciation are mandated by the rules of the SEC and do not represent our estimate or projection of future stock prices. This table does not take into account any appreciation or depreciation in the price of our common stock to date. Actual gain, if any, on stock option exercises will depend on future performance of our common stock and the date on which the options are exercised. Values shown are net of the option exercise price, but do not include deductions for tax or other expenses associated with the exercise.

Defined Benefit Plan

We sponsor an unfunded, nonqualified defined benefit pension plan that provides retirement benefits to certain executives selected by the Executive Officer Development and Compensation Committee of the Board of Directors. The table below shows the annual benefits payable for 10 years to the Named Executive Officers assuming the required 10 years of service is attained and a normal retirement age of 60 under the terms of the defined benefit pension plan:

| Name | Years of Accrued Service | Normal Annual Retirement Benefit (\$) (1) |
|---------------------|--------------------------|---|
| | ----- | ----- |
| Gary A. Johnson | 16 | \$230,000 |
| James B. Duffy | 10 | \$120,000 |
| Vincent DiBenedetto | 11 | \$120,000 |

- (1) If an individual participant were to retire at or after age 55 but before age 60, his annual retirement benefit would be 50% of the estimated normal annual retirement benefit stated above.

Long-Term Incentive Plan

For certain executives determined by the Executive Officer Development

Edgar Filing: VERTRUE INC - Form PRE 14A

and Compensation Committee of the Board of Directors, the LTIP provides long-term incentive payments based on attainment of specified objective business performance measures over 3-year performance cycles. Incentive awards payable to any participant with respect to any performance cycle shall not exceed \$3.0 million. This plan is unfunded.

LONG-TERM INCENTIVE PLANS - AWARDS IN LAST FISCAL YEAR

| Name | Performance or Other Period Until Maturaton or Payout | Estimated Future Payouts under Non-Stock Price-Based Plans | | |
|---------------------|---|---|----------------|-----------------|
| | | Minimum (\$) | Target (\$) | Maximum (\$) |
| Gary A. Johnson | 2006 - 2008 | 250,000 | 500,000 | 900,000 |
| James B. Duffy | 2006 - 2008 | 125,000 | 250,000 | 450,000 |
| Vincent DiBenedetto | 2006 - 2008 | 60,000 | 120,000 | 180,000 |

Payouts for the fiscal 2006 - 2008 performance period will be determined when the performance period has been completed and will be based on growth of revenue before deferral, adjusted earnings before interest, taxes, depreciation, and amortization, and free cash flow per share. If the minimum performance level is not met, no awards will be paid. Awards earned by the Named Executive Officers under this plan for the performance period 2004 - 2006 are shown in the "LTIP Payouts" column of the Summary Compensation Table and were based on growth in revenue before deferral, cash basis operating income, and operating cash flow per share. There were no amounts paid related to fiscal 2004 or 2005 because no performance periods ended during those fiscal years.

Executive Termination Benefits Policy

Our Executive Officer Development and Compensation Committee adopted an Executive Termination Benefits Policy, which will be effective as of October 16, 2006, for key management personnel of the Company including the Named Executive Officers unless such individual is a party to an existing employment or severance agreement with the Company or any affiliate, in which case they will not be eligible for benefits under the policy. The policy provides that in the event the participant's employment is terminated without "cause" or for "good reason" (as such terms are defined in the policy), then the participant is entitled to receive:

- (i) between 1 and 2.99 times base salary and bonus;
- (ii) twenty-four months of medical, dental, and other group health benefits coverage as provided to similarly situated employees who continue to be employed by the Company, solely for the chief executive officer and chief operating officer of the Company;

12

- (iii) a supplemental retirement benefit as provided under the terms of the Company's supplemental executive retirement plan;

Edgar Filing: VERTRUE INC - Form PRE 14A

- (iv) a pro-rata portion of the participant's target long-term incentive award for each applicable three-year period in which the executive is participating at the time of termination; and
- (v) full vesting of all outstanding equity awards for certain participants.

Also, in the event of a "change in control" (as defined in the policy) all outstanding equity awards will fully vest for certain participants. Such amounts are to be paid in a lump sum within ten days of the termination date, except that payment will be delayed for six months for certain individuals as required by 409A of the Internal Revenue Code. Payment of amounts under the policy are contingent on the participant signing a release of claims against the Company. The policy will terminate on July 1, 2010, unless such date is during a potential change in control period, within two years following the date of a change in control (as defined in the policy) or while the Company still has outstanding obligations under the policy.

Certain Relationships and Related Transactions

We have a policy that all material transactions between us and our officers, directors and other affiliates must (i) be approved by a majority of the members of our Board of Directors and by a majority of the disinterested members of our Board of Directors and (ii) be on terms that are no less favorable to us than could be obtained from unaffiliated third parties.

We engaged Jefferies & Co. for investment banking and other services during fiscal 2006, which were approved pursuant to our policy. Mr. Ellison, a board member, is the President and a Managing Director of Broadview International LLC, a division of Jefferies & Co. We incurred \$44,000 of fees with Jefferies & Co. during fiscal 2006.

For a description of option grants to some of our executive officers, see "Executive Compensation -- Option Grants."

Report of the Executive Officer Development and Compensation Committee

The Executive Officer Development and Compensation Committee of the Board of Directors was composed of three independent non-employee directors during fiscal 2006: Mr. Stern, Mr. Heid, and Mr. McClorey. The Executive Officer Development and Compensation Committee is responsible for developing and implementing the policies that govern both annual cash compensation and performance-based equity compensation of our executive officers.

This report is submitted by the Compensation Committee and addresses our policies for fiscal 2006 as they applied to our senior management, including the Named Executive Officers.

Compensation Philosophy

The objectives of the executive compensation program are to (i) align compensation with business objectives, individual performance and the interests of stockholders, (ii) motivate and reward high levels of performance, (iii) recognize and reward the achievement of Company goals and (iv) enable the Company to attract and retain key employees.

In evaluating both individual and corporate performance for purposes of determining salary and bonus levels and stock option grants, the Committee

Edgar Filing: VERTRUE INC - Form PRE 14A

places significant emphasis on the extent to which strategic and business plan goals are met, including the progress and success of the Company with respect to matters such as achieving operating budgets, establishing strategic marketing, distribution and development alliances, developing products and enhancing the Company's strategic position, as well as on the Company's overall financial performance.

Executive Compensation in Fiscal 2006

The compensation programs for our executives established by the Committee consist of four elements based upon the foregoing objectives: (i) base salary and benefits competitive with the marketplace; (ii) short-term and long-term incentive bonuses based on individual and Company performance; (iii) stock-based equity incentives in the form of participation in the 2005 Equity Incentive Plan, 1996 Stock Option Plan, 1995 Executive Officers' Stock Option Plan, and the 1996 Employee Stock Purchase Plan and (iv) perquisites that in total do not exceed \$50,000 in value per executive except for Mr. Johnson. The Committee believes that providing a base salary and benefits to its executive officers that are competitive with the marketplace enables the Company to attract and retain key executives. In addition, the Committee believes that bonuses based on both corporate and individual performance provide incentives to its executive officers that align their interests with those of the Company and its stockholders. The Committee generally provides executive officers discretionary stock option awards to reward them for achieving specified business objectives and to provide them with long-term ownership opportunities. In evaluating the salary level, bonuses and equity incentives to award to each current executive officer, the Committee examines the progress which the Company has made in areas under the particular executive officer's supervision, such as development or sales, and the overall performance of the Company. In addition, the Executive Officer Development and Compensation Committee has retained an independent outside compensation consulting firm, with whom the Committee meets at least annually.

In determining the salary and bonuses of each executive officer, including the Named Executive Officers, the Committee and the Board of Directors consider numerous factors such as (i) the individual's performance, including the expected contribution of the executive officer to the Company's goals, (ii) the Company's long-term needs and goals, including attracting and retaining key management personnel, (iii) the Company's competitive position, including market data on the compensation of executive officers of comparable companies and (iv) the Company's financial performance measured against financial targets approved by the Board of Directors and the Committee. To the extent determined to be appropriate, the Committee also considers general economic conditions and the historic compensation levels of the individual.

Stock option grants made pursuant to the 1996 Stock Option Plan in the fiscal years ended June 30, 2006, 2005, and 2004 were designed to make a portion of the overall compensation of the executive officers receiving such awards vary depending upon the performance of our common stock. As a result of the vesting schedule applicable to these stock options, these grants also serve as a means of retaining these individuals. In making stock option grants to executives, the Committee considers a number of factors, including the performance of the executive, the responsibilities of the executive and the executive's current stock or option holdings.

Benefits and Perquisites

The Company's executive officers are entitled to receive medical

Edgar Filing: VERTRUE INC - Form PRE 14A

benefits and life insurance benefits and to participate in the Company's 401(k) Retirement Savings Plan on the same basis as other full-time employees of the Company. Additionally, the Company's Named Executive Officers are entitled to participate in the LTIP plan and a nonqualified defined benefit retirement plan. Certain perquisites are also provided to certain executive officers, including limited personal use of a corporate jet, a car allowance, long-term care insurance and long-term disability insurance. The 1996 Employee Stock Purchase Plan, which is available to virtually all employees, including the Named Executive Officers, allows participants to purchase shares of our common stock at a discount of approximately 15% from the fair market value at the beginning or end of the applicable purchase period.

Compensation of the Chief Executive Officer in Fiscal 2006

The compensation philosophy applied by the Committee in establishing the compensation for the Company's President and Chief Executive Officer is the same as for all senior management of the Company - to provide a competitive compensation opportunity that rewards performance.

During fiscal 2006, Mr. Johnson served as our President and Chief Executive Officer and was paid a base salary of \$640,000 and a bonus of \$732,160. The Committee determined Mr. Johnson's base salary based on the same market criteria used for other senior officers. The determination of Mr. Johnson's bonus was based upon the successful attainment of specific financial goals established by the Committee. For fiscal 2006, the financial goals were based on revenue before deferral and cash operating income targets. Based on the Company's results, Mr. Johnson's bonus plan provided for a pay out of 114% of the target amount. Mr. Johnson was also granted options to purchase 50,000 shares of common stock at an exercise price of \$38.21 per share under the 1996 Stock Option Plan. In addition, he earned a payout of \$210,991 from the 2004 - 2006 LTIP, based on the Company's attainment of specific financial goals established by the Committee, which were revenue before deferral, cash basis operating income, and operating cash flow per share.

Compliance with Section 162(m) of the Code

Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), enacted in 1993, generally disallows tax deductions to publicly-traded corporations for compensation over \$1.0 million paid to the corporation's Chief Executive Officer or certain of its other highly compensated employees. Qualifying performance-based compensation will not be subject to this disallowance if certain requirements are met. The Committee believes that it is in the best interests of the Company's stockholders to comply with such tax law, while still maintaining the goals of the Company's executive compensation program. Accordingly, where it is deemed necessary and in the best interests of the Company to continue to attract and retain the best possible executive talent and to motivate such executives to achieve the goals inherent in the Company's business strategy, the Committee will recommend, and the Company is expected to pay, compensation to executive officers which may exceed the limits of deductibility.

Proposal 2

Approval of the Amendment to Our Certificate of Incorporation to Increase Our Authorized Shares

Our Board of Directors unanimously approved and recommended for submission to the stockholders an amendment to our Restated Certificate of Incorporation to provide for an increase in the number of shares of common stock, par value \$0.01 per share, included in the authorized capital of the Company, from 40,000,000 shares to 80,000,000, subject to the an affirmative vote of the holders of a majority of the shares of the Company's common stock outstanding and entitled to vote on the record date. The proposed amendment would not change the number of shares of preferred stock of the Company that is currently authorized (1,000,000 preferred shares). The text of this proposed amendment is included in the Certificate of Amendment attached as Annex B to this proxy statement.

Our Board of Directors recommends that you vote "FOR" this proposal.

Overview

We are required by Delaware law to obtain stockholder approval for any

Edgar Filing: VERTRUE INC - Form PRE 14A

amendment to our Restated Certificate of Incorporation. After considering the current number of issued and outstanding common stock, our current outstanding equity obligations and various other factors discussed below, the Board has determined that it is necessary to increase the number of shares of our common stock authorized for issuance from 40,000,000 shares to 80,000,000 shares. If approved by our stockholders, the increase in authorized capital would become effective by filing the Certificate of Amendment with the Secretary of State of the State of Delaware, which we plan to do as soon as reasonably practicable after the annual meeting.

Reasons for the Proposal

Our Board believes that the proposed amendment will both enhance our ability to respond to various corporate opportunities which may arise in the future and grant added flexibility for issuances of equity while maintaining enough shares in reserve to satisfy current obligations. As of October 6, 2006, the Company had XX shares of common stock issued and outstanding and XX shares of common stock held in treasury. In addition, XX shares are reserved for issuance upon the exercise of stock options or conversion of our convertible notes due 2010. Unissued shares are available for issuance, from time to time, for various corporate purposes, including stock splits, stock dividends, employee benefit and compensation plans, acquisitions and public or private sales for cash as a means of raising capital. The increase in the authorized number of shares of common stock would mean that additional shares would be available for issuance from time to time at the discretion of the Board without further stockholder action, except as may be required for a particular transaction by law, the policies of NASDAQ or any contractual obligations of the Company that may be in effect at the time of issuance.

Principal Effects on the Rights of Current Stockholders

The terms of the additional shares of common stock will be identical to those of the currently outstanding shares of common stock. The proposal to increase the authorized capital of the Company, however, may affect the rights of the existing holders of common stock to the extent that future issuances of common stock reduce each existing stockholder's proportionate ownership and voting rights in the Company. In addition, possible dilution caused by future issuances of common stock could lead to a decrease in our net income per share in future periods and a resulting decline in the market price of our common stock. Our stockholders have no preemptive rights with respect to common stock. Thus, should the Board elect to issue additional shares with respect to common stock, existing stockholders would not have any preferential rights to purchase such shares. Although an increase in the number of authorized shares of common stock could, under certain circumstances, be construed as having an anti-takeover effect (for example, by diluting the stock ownership of a person seeking to effect a change in the composition of the Board or contemplating a tender offer or other transaction for the combination of the Company with another company), the Company is not proposing this amendment to the Restated Certificate of Incorporation in response to any effort to accumulate the Company's stock or to obtain control of the Company by means of a merger, tender offer, or solicitation in opposition to management. It is not anticipated that adoption of the amendment would have any other effects on the holders of our common stock.

Edgar Filing: VERTRUE INC - Form PRE 14A

Approval of the Adoption of the Management Incentive Plan

Our Board of Directors has recommended and asks that you approve the Management Incentive Plan. Our Board adopted the Management Incentive Plan on September 25, 2006, subject to stockholder approval. The Company believes that by granting cash-based performance awards, its employees will be motivated to contribute to the long-term growth and profitability of the Company and thereby increase shareholder value.

The following is a general description of the material features of the Management Incentive Plan. A copy of the Management Incentive Plan is attached as Annex C to this proxy statement. Approval of the above proposal related to the Management Incentive Plan will require the affirmative vote of the holders of a majority of the shares of the Company's common stock outstanding and entitled to vote on the record date. Stockholders may vote (1) "FOR," (2) "AGAINST," or (3) "ABSTAIN," from voting on Proposal 3.

Our Board of Directors recommends that you vote "FOR" this proposal.

Purposes and Eligibility

The purpose of the Management Incentive Plan is (i) to provide cash-based incentive compensation opportunities based on the achievement of specified performance goals to certain employee directors, officers, and employees of the Company and its subsidiaries to incentivize such individuals to contribute to the long-term growth and profitability of the Company and (ii) to assist the Company with attracting, retaining, and motivating highly qualified individuals who are in a position to make significant contributions to the Company and its subsidiaries. The Executive Officer Development and Compensation Committee of the Board has the authority and discretion to designate the employees who are eligible for an award under the Management Incentive Plan, subject to the terms of the plan. The Executive Officer Development and Compensation Committee is referred to herein as the "committee". As of September 25, 2006, approximately 375 individuals were eligible to receive awards under the Management Incentive Plan.

Effective Date

If approved by the stockholders, the Management Incentive Plan would become effective for the Company's fiscal year 2007.

Maximum Dollar Amount of Awards

A maximum of \$3,000,000 for each annual fiscal year performance period may be awarded to any one participant who is subject to Section 162(m) of the Internal Revenue Code.

Performance Awards

The committee may grant annual incentive performance awards to eligible individuals in its sole discretion. Such awards will be payable in cash at the end of each annual performance period. Payment will be contingent upon the achievement of pre-established performance goals (as discussed below) by the end of the annual performance period. The committee will assign a target amount within an eligibility scale that will be payable to each participant if the performance goals are achieved. The committee has the sole authority to determine the range of the payment values of an award and the performance goals that must be achieved before payment will be made. In general, a participant will not be entitled to payment of an incentive performance award unless the participant is continuously employed by the Company until the end of the annual performance period, except in cases of the participant's death, total

Edgar Filing: VERTRUE INC - Form PRE 14A

disability, retirement, or resignation for "good reason" (as defined below). In the case of retirement or resignation for good reason, the participant will be entitled to receive a payment equal to 100% of the target amount pro-rated based on the number of full calendar months of active employment during that performance period. In the event of death or total disability during a performance period, the Participant will be entitled to receive a payment equal to 100% of the target amount such performance period. Such amount will not be subject to pro-ration.

For purposes of the Management Incentive Plan, "good reason" means either: (i) a failure by the Company to pay material compensation or benefits due and payable to the participant in connection with his or her employment or (ii) a change in the participant's principal work location which would require a participant to commute 50 miles more each way compared to the distance commuted just prior to such change.

18

Performance Goals

The Management Incentive Plan contains provisions intended to enable compensation paid to those executive officers whose compensation is subject to the deduction limitations of Section 162(m) of the Internal Revenue Code to qualify as "performance-based compensation" that will be fully deductible by the Company. At the beginning of each annual performance period, the committee will establish objective business performance goals for the performance period. The goals will be comprised of specified levels of one or more of the following criteria as determined in the discretion of the committee: net income growth; cash flow growth; sales growth; pre-tax or post-tax profit levels; expense reduction levels; implementation of critical projects or processes; free cash flow; free cash flow per share; cash flow per share, earnings per share; net earnings per share; total stockholder return; return on assets; return on equity; market price of the Company's common stock; earnings before interest, taxes, depreciation and amortization ("EBITDA"); adjusted EBITDA; revenue; and revenue before deferral. In addition, for any awards not intended to qualify as "performance-based compensation" under Section 162(m) of the Internal Revenue Code, the committee may establish performance targets based on other performance goals as it deems appropriate. The performance goals may be based on objectives that are related to the individual participant or objectives that are Company-wide or related to a subsidiary, division, department, region, function or business unit and may be measured on an absolute or cumulative basis or on the basis of percentage of improvement over time, and may be measured in terms of Company performance (or performance of the applicable subsidiary, division, department, region, function, or business unit) or measured relative to selected peer companies or a market index. Final award payments, if any, will be payable to the participants in a single cash payment as soon as practicable after the end of the performance period. Award payments may be greater than the target amount, but may not exceed two hundred percent (200%) of the target amount if an individual participant's performance exceeds such participant's performance goals. The committee retains the right to reduce any award if it believes that individual performance does not warrant the award calculated by reference to the result or for other legitimate business reasons.

Change in Control

Upon a change in control (as defined below) of the Company, the amount payable to a participant for each uncompleted performance period as of the date of the change in control will be equal to 100% of the participant's target amount, prorated based on the number of full calendar months completed during such performance period. This amount will be paid in cash to the participant as

Edgar Filing: VERTRUE INC - Form PRE 14A

soon as practicable but no later than thirty days after such event.

For purposes of the Management Incentive Plan, "change in control" generally means any of the following:

- (i) after the effective date of the plan, any transfer to, assignment to, or any acquisition by any person, corporation or other entity, or group thereof, of the beneficial ownership of any securities of the Company, which transfer, assignment or acquisition results in such person, corporation, entity, or group thereof, becoming the beneficial owner, directly or indirectly, of securities of the Company representing more than fifty percent (50%) of the combined voting power of the Company's then outstanding securities; or
- (ii) a majority of members of the Company's board of directors is replaced during any 12-month period by directors whose appointment or election is not endorsed by a majority of the members of the Company's board of directors prior to the date of the appointment or election; or
- (iii) any person, corporation or other entity, or group thereof acquires (or has acquired during the 12-month period ending on the date of the most recent acquisition by such person or persons) assets from the Company that have a total gross fair market value equal to or more than seventy-five percent (75%) of the total gross fair market value of all of the assets of the Company immediately prior to such acquisition or acquisitions. For this purpose, gross fair market value means the value of the assets of the corporation, or the value of the assets being disposed of, determined without regard to any liabilities associated with such assets; or
- (iv) the stockholders of the Company approve a plan of complete liquidation of the Company.

However, none of these events will constitute a change in control for purposes of the plan unless such event also constitutes a "change in ownership," "change in effective control," or "change in the ownership of a substantial portion of the Company's assets" as defined under Section 409A of the Internal Revenue Code.

19

Adjustment of Awards

The committee will have the right (to the extent permitted by Section 162(m) of the Internal Revenue Code for awards intended to be subject to Section 162(m)) to adjust the performance goals and the target amounts (either up or down) during a performance period, if it determines that external changes or other unanticipated business conditions have materially affected the fairness of the performance goals and the Company's ability to meet them. In addition, performance goals and final award payment amounts will be calculated (to the extent permitted by Section 162(m) of the Internal Revenue Code for awards intended to be subject to Section 162(m)) without regard to any changes in accounting standards that may be required by the Financial Accounting Standards Board after the performance goals or target amounts have been established.

Amendment

Our Board may amend, suspend, or terminate the Management Incentive

Edgar Filing: VERTRUE INC - Form PRE 14A

Plan at any time. However, no termination, amendment, or suspension may materially and adversely alter or impair the rights of a participant in any award previously earned under the plan without the consent of the participant. Our Board of Directors, however, may amend the plan or any award without the consent of a participant to comply or take into account changes in applicable tax laws, accounting rules and other applicable laws, rules and regulations or to ensure that an award is not subject to interest and penalties under Section 409A of the Internal Revenue Code.

Plan Benefits

Because awards under the Management Incentive Plan are determined by the committee in its sole discretion, the Company cannot determine the benefits or amounts that will be received or allocated in the future under the Management Incentive Plan.

Proposal 4

Approval of the Adoption of the 2006 Restricted Stock Plan for Non-Employee Directors

Our Board of Directors has recommended and asks that you approve the 2006 Restricted Stock Plan for Non-Employee Directors. Our Board adopted the plan on September 25, 2006, subject to stockholder approval. The Board periodically assesses director compensation in light of market practices and the practices of the Company's peer companies. In connection with this assessment, the Board's outside consultant recommended that the total amount of the compensation package of the Board be increased, especially in light of the time and work commitment required of directors. The outside consultant recommended that this increase take the form of additional equity-based compensation to reflect the trend towards giving directors a greater equity stake. In addition, this plan will replace our 1995 Non-Employee Director Stock Option Plan and the 1996 Stock Option Plan. The Board approved the change to director compensation and adopted the 2006 Restricted Stock Plan for Non-Employee Directors, subject to stockholder approval, and believes that this change will allow the Company to be competitive in attracting and motivating directors.

The following is a general description of the material features of the 2006 Restricted Stock Plan for Non-Employee Directors. A copy of the plan is attached as Annex D to this proxy statement. Approval of the above proposal related to the 2006 Restricted Stock Plan for Non-Employee Directors will require the affirmative vote of the holders of a majority of the shares of the Company's common stock outstanding and entitled to vote on the record date. Stockholders may vote (1) "FOR," (2) "AGAINST," or (3) "ABSTAIN," from voting on Proposal 4.

Our Board of Directors recommends that you vote "FOR" this proposal.

Purpose and Eligibility

The purpose of the 2006 Restricted Stock Plan for Non-Employee Directors is (i) to attract, retain, and motivate highly qualified persons who are not employees of the Company or any of its subsidiaries to serve as directors of the Company and (ii) to encourage them to make a maximum contribution to the success of the Company and its subsidiaries and to further

Edgar Filing: VERTRUE INC - Form PRE 14A

align their interests with those of stockholders of the Company. Awards under the 2006 Restricted Stock Plan for Non-Employee Directors may be granted only to members of our Board who are not employees of the Company or any of its subsidiaries. We refer to these members of our Board of Directors herein as "non-employee directors". As of September 25, 2006, the Company had six non-employee directors.

Administration

The Executive Officer Development and Compensation Committee will administer the 2006 Restricted Stock Plan for Non-Employee Directors, referred to herein as the "committee". The committee will determine all questions of interpretation, administration, and application of the 2006 Restricted Stock Plan for Non-Employee Directors. The committee's determinations shall be final and binding in all matters relating to the plan. The committee may authorize any officer of the Company to execute and deliver an agreement on behalf of the Company to a participant in the plan.

Effective Date

The effective date of the 2006 Restricted Stock Plan for Non-Employee Directors is the date of stockholder approval of the plan.

Common Stock Subject to the Plan

A maximum of 150,000 shares of the Company's common stock may be issued under the 2006 Restricted Stock Plan for Non-Employee Directors. The shares subject to the plan will be made available from authorized but unissued shares of the Company's common stock or from shares of the Company's common stock issued and held in the treasury of the Company. For purposes of determining the number of shares that remain available for issuance under the 2006 Restricted Stock Plan for Non-Employee Directors, the number of shares corresponding to awards under the plan that are forfeited or expire for any reason without having been settled or delivered will be added back to the number of shares that remain available for issuance and again be available for the grant of awards under the plan. The number of shares remaining available for issuance will be reduced by the number of shares subject to outstanding awards under the plan. The number and kind of securities authorized for issuance under the 2006 Restricted Stock Plan for Non-Employee Directors shall be equitably adjusted by the committee in the event of a stock split, reverse stock split, stock dividend, recapitalization, reorganization, reclassification, merger, consolidation, extraordinary dividend, split-up, spin-off, combination, exchange of shares, or any similar corporate transaction affecting the Company's common stock in order to preserve, but not increase, the benefits or potential benefits intended to be made available under the plan.

Restricted Shares

The number of restricted shares that shall be granted to each non-employee director shall be determined by the committee from time to time. It is currently anticipated that, as of the effective date of the plan, each person who is or, for the first time becomes, a non-employee director on or subsequent to the date of shareholder approval of the 2006 Restricted Stock Plan for Non-Employee Directors will be granted an initial grant of restricted shares under the plan determined by dividing (i) \$45,000 by (ii) the fair market value of one share of the Company's common stock on the date of grant. Such initial grant shall be pro-rated where such grant is made after the beginning of the

Edgar Filing: VERTRUE INC - Form PRE 14A

Company's fiscal year, except that the initial grant made on the date of stockholder approval of the Plan shall not be pro-rated. In addition, it is currently anticipated that on July 15, 2007 and each subsequent anniversary of that date, each non-employee director will automatically be granted an annual grant of restricted shares under the plan. The number of restricted shares that will be granted to each non-employee director pursuant to each annual grant, will be determined by dividing (i) \$90,000 by (ii) the fair market value of one share of the Company's common stock on the date of grant. In addition to the initial grant and annual grants, the committee, in its discretion, may award additional restricted shares to a non-employee director to award an exceptional contribution made by the non-employee director to the Company. A participant will have all rights of a stockholder as to restricted shares (including, to the extent applicable, the right to receive dividends and to vote) except that none of the restricted shares may be sold, transferred, assigned, pledged or otherwise encumbered or disposed of unless and until the shares have vested.

The initial grant and each annual grant of restricted shares under the plan will vest in equal annual installments on each of the first, second, and third anniversaries of the date of grant and all restrictions on such shares shall lapse. If the services of a participant as a director of the Company terminate due to the retirement of the participant as required by the age limitation for directors of the Company, all of the participant's unvested restricted shares will vest and be delivered to the participant and all restrictions under the plan and the award agreement covering the restricted shares shall lapse. If the services of a participant as a director of the Company terminate for any other reason, the participant will forfeit all unvested restricted shares as of the date of termination, unless a majority of the Board determines otherwise.

Change in Control

In the event of a change in control of the Company, all restricted shares will vest and be delivered to participants and all restrictions under the plan and the award agreement covering the restricted shares will lapse. For purposes of the 2006 Restricted Stock Plan for Non-Employee Directors, "change in control" generally means any of the following:

- (i) after the effective date of the plan, any transfer to, assignment to, or any acquisition by any person, corporation or other entity, or group thereof, of the beneficial ownership of any securities of the Company, which transfer, assignment or acquisition results in such person, corporation, entity, or group thereof, becoming the beneficial owner, directly or indirectly, of securities of the Company representing more than fifty percent (50%) of the combined voting power of the Company's then outstanding securities; or
- (ii) a majority of members of the Company's board of directors is replaced during any 12-month period by directors whose appointment or election is not endorsed by a majority of the members of the Company's board of directors prior to the date of the appointment or election; or
- (iii) any person, corporation or other entity, or group thereof acquires (or has acquired during the 12-month period ending on the date of the most recent acquisition by such person or persons) assets from the Company that have a total gross fair market value equal to or more than seventy-five percent (75%) of the total gross fair market value of all of the assets of the Company immediately prior to such acquisition or acquisitions. For this purpose, gross fair market value means the value of the assets of the corporation, or the value of

Edgar Filing: VERTRUE INC - Form PRE 14A

the assets being disposed of, determined without regard to any liabilities associated with such assets; or

- (iv) the stockholders of the Company approve a plan of complete liquidation of the Company.

22

However, none of these events will constitute a change in control for purposes of the plan unless such event also constitutes a "change in ownership," "change in effective control," or "change in the ownership of a substantial portion of the Company's assets" as defined under Section 409A of the Internal Revenue Code, with respect to any award subject to Section 409A.

Amendment and Termination

The committee may at any time terminate or, from time to time, amend, modify or suspend the 2006 Restricted Stock Plan for Non-Employee Directors. However, no termination, amendment, modification or suspension will be effective without the approval of the stockholders of the Company if their approval is required by law or under the rules of the National Association of Securities Dealers' Automated Quotation System. In addition, no termination, amendment, modification or suspension of the plan may materially and adversely alter or impair the rights of a participant in any award previously made under the plan without the consent of the holder of the award. The committee, however, may amend the plan or any award under the plan without the consent of a participant to comply with, or take into account changes in, applicable tax laws, securities laws, accounting rules and other applicable laws, rules and regulations or to ensure that an award is not subject to interest and penalties under Section 409A of the Internal Revenue Code. Unless earlier terminated in accordance with above, the Plan will terminate on the tenth anniversary of the effective date of the Plan, and no further awards may be granted under the Plan after the date of termination of the Plan but vesting will continue.

Plan Benefits

As described above, non-employee directors will receive an initial grant of restricted shares on the date of stockholder approval of the 2006 Restricted Stock Plan. Based on the closing price of a share of Company common stock on September 25, 2006 of \$40.77, the estimated number of shares that the Company would expect to allocate to the non-employee directors pursuant to the initial grant on the date of stockholder approval is 1,104 shares. However, because the first annual grant is not until July 15, 2007 and each anniversary thereof, and due to the possible fluctuation in stock price, and because the Committee may determine the number of restricted shares to grant pursuant to the plan, we can not determine the amounts that will be received or allocated in the future pursuant to the annual grants to non-employee directors or pursuant to subsequent initial grants to new non-employee directors under the 2006 Restricted Stock Plan. Only non-employee directors are eligible to receive grants under the 2006 Restricted Stock Plan. No officers or employees of the Company are eligible to participate in the 2006 Restricted Stock Plan and, therefore, no benefit will accrue to such persons.

Report of the Audit Committee

The Audit Committee of the Board reviews our financial reporting process on behalf of the Board and operates under a written charter adopted by the Board. The adequacy of the charter is evaluated annually.

The Audit Committee consists of Mr. Heid, Mr. Kamerschen, and Mr. Tesler, none of whom is an officer or employee of the Company and all of whom are independent within the meaning of the applicable rules governing audit committees. The Board has determined that Mr. Heid is an audit committee financial expert, as defined by SEC guidelines.

Management is responsible for preparing our consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, for establishing and maintaining adequate internal control over financial reporting and for evaluating the effectiveness of the Company's internal control over financial reporting. PwC, our independent registered public accounting firm, is responsible for performing an independent integrated audit of our consolidated financial statements and its internal control over financial reporting in accordance with the standards of the Public Company Accounting Oversight Board (United States) and issuing their report based on that audit. The Audit Committee is responsible for appointing, monitoring and managing the independent registered public accounting firm.

In carrying out its duties, the Audit Committee reviewed and discussed with management and PwC our audited consolidated financial statements as of and for the fiscal year ended June 30, 2006, management's assessment of the effectiveness of the Company's internal control over financial reporting and the PwC's evaluation of our internal control over financial reporting. Management represented to the Audit Committee that our consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States. The Audit Committee also discussed with PwC matters required to be discussed by Statement on Auditing Standards No. 61, "Communication with Audit Committees, as amended."

In addition, the Committee has discussed with PwC, their independence from the Company and its management, including the matters in the written disclosures and the letter required by the Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees."

The Audit Committee discussed with PwC the overall scope and plans for its audit. The Audit Committee meets with PwC, with and without management present, to discuss the results of its examination, the evaluation of the Company's internal controls and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board approved, that the audited financial statements and management's assessment of internal control over financial reporting be included in our annual report on Form 10-K for the

Edgar Filing: VERTRUE INC - Form PRE 14A

(iv) determine the terms and conditions of each Award, including, without limitation, those related to payment, Performance Periods, Performance Goals, and, subject to Section 5(d), the effect, if any, of a Change in Control of the Company;

(v) subject to Sections 9 and 10(g) of the Plan, amend the terms and conditions of an Award after the granting thereof;

(vi) specify and approve the provisions of any documentation delivered to Participants in connection with their Awards and construe and interpret any such documentation;

(vii) make factual determinations in connection with the administration or interpretation of the Plan;

(viii) prescribe, amend and rescind administrative regulations, rules and procedures relating to the Plan;

(ix) employ such legal counsel, independent auditors and consultants as it deems desirable for the administration of the Plan and to rely upon any opinion or computation received therefrom;

(x) vary the terms of Awards to take account of tax or accounting laws or regulations and other regulatory requirements;

(xi) correct any defects, supply any omission or reconcile any inconsistency in the Plan; and

(xii) make all other determinations and take any other action desirable or necessary to interpret, construe or implement properly the provisions of the Plan.

(b) Plan Construction and Interpretation. The Committee shall have full power and authority, subject to the express provisions hereof, to construe and interpret the Plan.

(c) Determinations of Committee Final and Binding. All determinations by the Committee or its delegate in carrying out and administering the Plan and in construing and interpreting the Plan shall be final, binding and conclusive for all purposes and upon all persons interested herein.

(d) Delegation of Authority. To the extent not prohibited by applicable laws, rules and regulations, the Committee may, from time to time, delegate some or all of its authority under the Plan to a subcommittee or subcommittees thereof or other persons or groups of persons it deems appropriate under such conditions or limitations as it may set at the time of such delegation or thereafter; provided, however, that the Committee may not delegate its authority (i) to make Awards to employees (A) whose compensation for such fiscal year may be subject to the limit on deductible compensation pursuant to Section 162(m) of

Edgar Filing: VERTRUE INC - Form PRE 14A

the Code or (B) who are officers of the Company who are delegated authority by the Committee hereunder, or (ii) pursuant to Section 9 of the Plan. For purposes of the Plan, reference to the Committee shall be deemed to refer to any subcommittee, subcommittees, or other persons or groups of persons to whom the Committee delegates authority pursuant to this Section 3(d).

33

(e) Liability of Committee. Subject to applicable laws, rules and regulations: (i) no member of the Board or Committee or any officer or employee of the Company to whom any duties or responsibilities are delegated hereunder shall be liable for any action or determination made in connection with the operation, administration or interpretation of the Plan and (ii) the Company shall indemnify, defend and hold harmless each such person from any liability arising from or in connection with the Plan, except where such liability results directly from such person's fraud, willful misconduct or failure to act in good faith. In the performance of its responsibilities with respect to the Plan, the Committee shall be entitled to rely upon information and/or advice furnished by the Company's officers or employees, the Company's accountants, the Company's counsel and any other party the Committee deems necessary, and no member of the Committee shall be liable for any action taken or not taken in reliance upon any such information and/or advice.

4. Eligibility

(a) Eligible Individuals. Awards may be granted to officers, employees or employee directors of the Company or any of its Subsidiaries. The Committee shall have the authority to select the persons to whom Awards may be granted and to determine the terms of Awards to be granted to each such Participant.

(b) No right to Participate. The Committee shall have no obligation to grant any Eligible Individual an Award or to designate an Eligible Individual as a Participant solely by reason of such Eligible Individual having received a prior Award or having been previously designated as a Participant. The Committee may designate an Eligible Individual as a Participant for overlapping periods of time.

5. Awards in General

(a) Performance Goals. The Committee shall determine in its sole discretion whether any Eligible Individual shall have the opportunity to earn incentive compensation under the Plan during any Performance Period. If the Committee decides to offer such opportunity to one or more Eligible Individuals, then the Committee shall determine whether any Award under the Plan is intended to be "performance-based compensation" as that term is used in Section 162(m) of the Code. Any such Awards designated to be "performance-based compensation" shall be conditioned on the achievement of one or more Performance Goals to the extent required by Section 162(m) of the Code and will be subject to all other conditions and requirements of Section 162(m). The Performance Goals will be comprised of specified levels of one or more of the following performance criteria as the Committee deems appropriate: net income growth; cash flow growth; sales growth; pre-tax or post-tax profit levels; expense reduction levels; implementation of critical projects or processes; free cash flow; free cash flow per share; cash flow per share, earnings per share; net earnings per share; total stockholder return, return on assets; return on equity; market price of the Company's Common Stock; earnings before interest, taxes,

Edgar Filing: VERTRUE INC - Form PRE 14A

depreciation and amortization ("EBITDA"); adjusted EBITDA; revenue; and revenue before deferral. In addition, for any Awards not intended to qualify as "performance-based compensation" under Section 162(m) of the Code, the Committee may establish performance targets based on other Performance Goals as it deems appropriate. The Performance Goals may be described in terms of objectives that are related to the individual Participant or objectives that are Company-wide or related to a Subsidiary, division, department, region, function or business unit and may be measured on an absolute or cumulative basis or on the basis of percentage of improvement over time, and may be measured in terms of Company performance (or performance of the applicable Subsidiary, division, department, region, function or business unit) or measured relative to selected peer companies or a market index. The applicable Performance Goals will be established by the Committee prior to the commencement of the applicable Performance Period (or such later date permitted by Section 162(m) of the Code). Each Participant will be assigned a Target Amount payable if Performance Goals are achieved. With respect to Awards intended to be subject to Section 162(m) of the Code, any payment of an Award shall be conditioned on the written certification of the Committee that the Performance Goals and any other material conditions of the Award were satisfied. Final Award payments, if any, will be payable to the Participant in a single cash payment as soon as practicable after the end of the Performance Period. If a Participant's performance exceeds such Participant's Performance Goals, Awards may be greater than the Target Amount, but may not exceed two hundred percent (200%) of such Participant's Target Amount. The Committee retains the right to reduce any Award if it believes that individual performance does not warrant the Award calculated by reference to the result or for other legitimate business reasons.

(b) Limitations on Awards. The maximum amount of an Award that may be payable under the Plan to any Participant who is subject to Section 162(m) of the Code for any Performance Period shall be \$3,000,000.

34

(c) Termination of Employment. (i) Except as otherwise provided in this Section 5(c), a Participant will not be entitled to payment for a Performance Period and will forfeit all rights to any Award for such Performance Period unless such Participant has remained continuously employed by the Company until the end of the Performance Period.

(ii) In the event that a Participant's employment is terminated by reason of the Participant's Retirement, or by the Participant for Good Reason, the Participant will be entitled to an Award/payment equal to 100% of such Participant's Target Amount for the Performance Period pro-rated based on the number of full calendar months of active employment completed during such uncompleted Performance Period.

(iii) In the event that a Participant's employment is terminated by reason of such Participant's death or Total Disability, the Participant or his or her designated beneficiary or legal representative will be entitled to an Award/payment equal to 100% of such Participant's Target Amount for the Performance Period which shall not be pro-rated for such Performance Period.

(d) Change in Control. In the event of a "Change in Control" of the Company, outstanding Awards granted under the Plan shall be payable as follows:

The Award/payment to a Participant for any uncompleted Performance Period as of the date of the Change in Control will be equal to 100%

Edgar Filing: VERTRUE INC - Form PRE 14A

of such Participant's Target Amount for the Performance Period pro-rated based on the number of full calendar months of active employment completed during such uncompleted Performance Period. Such amount shall be paid to each Participant as soon as practicable, but no later than 30 days, after such event.

6. Non-Transferability of Rights

Except as expressly provided by the Committee, a Participant's rights and interests under the Plan may not be assigned or transferred in whole or in part either directly or by operation of law or otherwise (except in an event of the participant's death), including, but not limited to, by way of execution, levy, garnishment, attachment, pledge, bankruptcy or in any other manner, and no such rights or interests of any participant under the Plan shall be subject to any obligation or liability of such participant other than any obligations or liabilities owed by the Participant to the Company.

7. Adjustment of Awards

The Committee shall have the right (to the extent permitted by Section 162(m) of the Code and the regulations and interpretative rulings thereunder for Awards intended to be subject to Section 162(m) of the Code) to adjust the Performance Goals and the Target Amounts (either up or down) during a Performance Period, if it determines that external changes or other unanticipated business conditions have materially affected the fairness of the Performance Goals and the Company's ability to meet them. In addition, Performance Goals and final award payment amounts will be calculated (to the extent permitted by Section 162(m) of the Code and the regulations and interpretative rulings thereunder for Awards intended to be subject to Section 162(m) of the Code) without regard to any changes in accounting standards that may be required by the Financial Accounting Standards Board after the Performance Goals or Target Amounts have been established.

8. Effective Date

The Plan shall become effective on the Effective Date, subject to approval by the shareholders of the Company.

9. Amendment and Termination

Subject to applicable laws, rules and regulations, the Board may at any time terminate or, from time to time, amend, modify or suspend the Plan. No termination, amendment, modification or suspension of the Plan shall materially and adversely alter or impair the rights of a Participant in any Award previously earned under the Plan without the consent of the holder thereof. Notwithstanding the foregoing, the Board shall have broad authority to amend the Plan or any Award under the Plan without the consent of a Participant to the extent it deems necessary or desirable (a) to comply with, or take into account changes in, applicable tax laws, accounting rules and other applicable laws, rules and regulations or (b) to ensure that an Award is not subject to interest and penalties under Section 409A of the Code.

10. Miscellaneous

(a) Tax Withholding. The Company or a Subsidiary, as appropriate, shall have the right to deduct from all cash payments made to a Participant (whether

Edgar Filing: VERTRUE INC - Form PRE 14A

or not such payment is made in connection with an Award) any applicable taxes required to be withheld with respect to such payments.

35

(b) No Right to Awards or Employment. No person shall have any claim or right to receive Awards under the Plan. Neither the Plan, the grant of Awards under the Plan nor any action taken or omitted to be taken under the Plan shall be deemed to create or confer on any Eligible Individual any right to be retained in the employ of the Company or any Subsidiary or other Affiliate thereof, or to interfere with or to limit in any way the right of the Company or any Subsidiary or other Affiliate thereof to terminate the employment of such Eligible Individual at any time. No Award shall constitute salary, recurrent compensation or contractual compensation for the year of grant, any later year or any other period of time. Payments received by a Participant under any Award made pursuant to the Plan shall not be included in, nor have any effect on, the determination of employment-related rights or benefits under any other employee benefit plan or similar arrangement provided by the Company and the Subsidiaries, unless otherwise specifically provided for under the terms of such plan or arrangement or by the Committee.

(c) Section 162(m) of the Code. With respect to Awards intended to qualify under 162(m) of the Code, the Plan is intended to comply in all respects with Section 162(m) of the Code.

(d) Satisfaction of Obligations. Subject to applicable law, the Company may apply any amount received upon payment of an Award to any obligations a Participant owes to the Company and the Subsidiaries in connection with the Plan or otherwise, including, without limitation, or any tax obligations.

(e) Unfunded Plan. The Plan is intended to constitute an unfunded plan for incentive compensation. To the extent any person acquires any right to receive payments hereunder, such rights shall be no greater than those of a general unsecured creditor of the Company.

(f) Headings. The headings of sections herein are included solely for convenience of reference and shall not affect the meaning of any of the provisions of the Plan.

(g) Section 409A of the Code. If any provision of the Plan contravenes any regulations or Treasury guidance promulgated under Section 409A of the Code or would cause an Award to be subject to interest and penalties under Section 409A of the Code, such provision of the Plan may be modified by the Committee to maintain, to the maximum extent practicable, the original intent of the applicable provision without contravening the provisions of Section 409A of the Code. Moreover, any discretionary authority that the Committee may have pursuant to the Plan shall not be applicable to an Award that is subject to Section 409A of the Code to the extent such discretionary authority would contravene Section 409A or the regulations or guidance promulgated thereunder.

(h) Governing Law. The Plan and all actions taken thereunder shall be governed by and construed in accordance with the laws of the State of Connecticut.

Subject to applicable laws, rules and regulations: (i) no member of the Board or Committee or any officer or employee of the Company to whom any duties or responsibilities are delegated hereunder shall be liable for any action or determination made in connection with the operation, administration or interpretation of the Plan and (ii) the Company shall indemnify, defend and hold harmless each such person from any liability arising from or in connection with the Plan, except where such liability results directly from such person's fraud, willful misconduct or failure to act in good faith. In the performance of its responsibilities with respect to the Plan, the Committee shall be entitled to rely upon information and/or advice furnished by the Company's officers or employees, the Company's accountants, the Company's counsel and any other party the Committee deems necessary, and no member of the Committee shall be liable for any action taken or not taken in reliance upon any such information and/or advice.

Subject to adjustment in accordance with the provisions of Article III hereof, the maximum number of shares of Common Stock that may be issued under the Plan shall be 150,000 shares. The shares of Common Stock shall be made available from authorized but unissued shares of Common Stock or from shares of Common Stock issued and held in the treasury of the Company. For purposes of determining the number of shares that remain available for issuance under the Plan, the number of shares corresponding to Awards under the Plan that are forfeited or expire for any reason without having been settled or delivered shall be added back to the Plan limit and again be available for the grant of Awards. The number of shares remaining for issuance will be reduced by the number of shares subject to outstanding Awards.

Article II Restricted Shares

Section 2.1 Grants of Restricted Shares

Each person who is a Non-Employee Director or who becomes a Non-Employee Director for the first time on or subsequent to the Effective Date shall be granted Restricted Shares (an "Initial Grant"). In addition, on July 15, 2007 and each subsequent anniversary thereof (each, an "Annual Grant"), each Non-Employee Director shall automatically be granted Restricted Shares. The number of Restricted Shares that shall be granted to each such Non-Employee Director shall be determined by the Committee from time to time. As of the Effective Date, (i) the number of Restricted Shares to be granted pursuant to the Initial Grant shall be determined by dividing (i) \$45,000 by (ii) the Fair Market Value of one share of common stock on the Grant Date and (ii) the number of Restricted Shares that shall be granted to each such Non-Employee Director pursuant to each Annual Grant shall be determined by dividing (A) \$90,000 by (B) the Fair Market Value of one share of Common Stock on the Date of Grant. If the Date of Grant is not a business day on which the Fair Market Value can be determined, then the Fair Market Value shall be determined as of the last business day preceding the relevant Date of Grant on which the Fair Market Value can be determined. The terms and conditions of the Award shall be set forth in an Agreement which shall be delivered to the Participants reasonably promptly following the relevant Date of Grant of such Award. In the event that an Initial

Edgar Filing: VERTRUE INC - Form PRE 14A

Grant is made to a Non-Employee Director after July 1 of any fiscal year, such Initial Grant shall be prorated for that portion of the fiscal year in which the Non-Employee Director is serving in the capacity of a Non-Employee Director of the Company. Notwithstanding the previous sentence, the Initial Grant made on the Effective Date shall not be pro-rated. In addition to the Initial Grant and Annual Grants, the Committee, in its discretion, may award an additional number of Restricted Shares to a Non-Employee Director to award an exceptional contribution made by such Non-Employee Director to the Company.

39

Section 2.2 Vesting.

Subject to Section 2.5, the Initial Grant and each Annual Grant shall vest in equal annual installments on each of the first, second and third anniversaries of the relevant Date of Grant. In the event of a Change in Control, all Restricted Shares shall vest and be delivered to Participants in accordance with Section 2.5. On the date on which Restricted Shares vest, all restrictions under the Plan and the Agreement covering such Restricted Shares shall lapse as to such Restricted Shares.

Section 2.3 Rights and Restrictions Governing Restricted Shares.

The Participant shall have all rights of a shareholder as to the shares of Common Stock subject to an Award (including, to the extent applicable, the right to receive dividends and to vote) except that none of the Restricted Shares may be sold, transferred, assigned, pledged or otherwise encumbered or disposed of unless and until such shares have vested.

Section 2.4 Delivery of Restricted Shares.

Shares of Common Stock issued in connection with an Award may be evidenced in such manner as the Company in its discretion shall deem appropriate, including, without limitation, book-entry registration or issuance of one or more stock certificates. If stock certificates are issued, on the date of vesting of the Restricted Shares, such certificates shall be delivered to the Participant or such certificates shall be credited to a brokerage account if the Participant so directs; provided, however, that such certificates shall bear such legends as the Committee, in its sole discretion, may determine to be necessary or advisable in order to comply with applicable federal or state securities laws.

Section 2.5 Termination of Services.

If the services of a Participant as a director of the Company terminate due to the retirement of the Participant as required by the age limitation for directors of the Company, all unvested Restricted Shares of the Participant shall vest and be delivered to the Participant in accordance with Section 2.4 and all restrictions under the Plan and the Agreement covering such Restricted Shares shall lapse. If the services of a Participant as a director of the Company terminate for any other reason, then unless a majority of the Board determines otherwise, the Participant shall forfeit all unvested Restricted Shares as of the date of such termination.

Article III Adjustments

Notwithstanding any other provision of the Plan or any Agreement, the number and kind of securities authorized for issuance under Section 1.5 of the Plan shall be equitably adjusted by the Committee in the event of a stock split, reverse stock split, stock dividend, recapitalization, reorganization,

reclassification, merger, consolidation, extraordinary dividend, split-up, spin-off, combination, exchange of shares, or any similar corporate transaction affecting the Common Stock in order to preserve, but not increase, the benefits or potential benefits intended to be made available under the Plan. All adjustments pursuant to this Article III shall be made by the Committee whose determination as to what adjustments shall be made and the extent thereof, shall be final.

40

Article IV
Miscellaneous

Section 4.1 No Right to Re-election.

Nothing in the Plan shall be deemed to create any obligation on the part of the Board to nominate any of its members for re-election by the Company's stockholders, nor confer upon any Participant the right to remain a member of the Board for any period of time, or at any particular rate of compensation.

Section 4.2 Restriction on Transfer.

The rights of a Participant with respect to any Awards under the Plan shall not be transferable by the Participant to whom such Awards are granted except by will or the laws of descent and distribution; provided, however, that the Committee may, in its discretion and subject to the terms and conditions that it may specify, permit the transfer of an Award for no consideration (i) to a Participant's family member, (ii) to one or more trusts established in whole or in part for the benefit of one or more of such family members or (iii) to one or more entities which are beneficially owned in whole or in part by one or more such family members..

Section 4.3 No Restriction on Right of Company to Effect Corporate Changes.

The Plan shall not affect in any way the right or power of the Company or its stockholders to make or authorize any or all adjustments, recapitalizations, reorganizations or other changes in the Company's capital structure or its business, or any merger or consolidation of the Company, or any issue of stock or of options, warrants or rights to purchase stock or of bonds, debentures, preferred or prior preference stocks whose rights are superior to or affect the shares of Common Stock or the rights thereof or which are convertible into or exchangeable for shares of Common Stock, or the dissolution or liquidation of the Company, or any sale or transfer of all or any part of its assets or business, or any other corporate act or proceeding, whether of a similar character or otherwise.

Section 4.4 Headings.

The headings of articles and sections herein are included solely for convenience of reference and shall not affect the meaning of any of the provisions of the Plan. Section 4.5 Governing Law.

The Plan and all rights hereunder shall be construed in accordance with and governed by the laws of the State of Connecticut.

Edgar Filing: VERTRUE INC - Form PRE 14A

Article V Amendment and Termination

Subject to applicable laws, rules and regulations, the Committee may at any time terminate or, from time to time, amend, modify or suspend the Plan; provided, however, that no termination, amendment, modification or suspension will be effective without the approval of the shareholders of the Company if such approval is required by law or under the rules of NASDAQ. No termination, amendment, modification or suspension of the Plan shall materially and adversely alter or impair the rights of a Participant in any Award previously made under the Plan without the consent of the holder thereof. Notwithstanding the foregoing, the Committee shall have broad authority to amend the Plan or any Award under the Plan without the consent of a Participant to the extent it deems necessary or desirable (a) to comply with, or take into account changes in, applicable tax laws, securities laws, accounting rules and other applicable laws, rules and regulations or (b) to ensure that an Award is not subject to interest and penalties under Section 409A of the Code.

Article VI Effective Date

The Effective Date of the Plan is the date of shareholder approval of the Plan. Unless earlier terminated in accordance with Article V above, the Plan shall terminate on the tenth anniversary of the Effective Date, and no further Awards may be granted hereunder after such date.
