Item 3.02. Unregistered Sales of Equity Securities.

Novartis Pharma AG

Pursuant to terms of the Investor Rights Agreement dated September 6, 2005, by and between the Company and Novartis Pharma AG (“Novartis”), and in connection with the Company’s issuance of certain shares of common stock related primarily to stock option exercises during the fiscal year ended December 31, 2007, Novartis elected to fully exercise its right to purchase 213,888 shares of the Company’s common stock, representing approximately 0.5% of the Company’s outstanding common stock, at a purchase price of \$25.29 per share, which is equal to the average of the closing prices for the Company’s common stock for the 20 trading-day period ending on March 28, 2008. Under the Investor Rights Agreement, the Company granted Novartis rights to acquire additional equity securities such that Novartis would be able to maintain its ownership percentage in the Company.

On May 8, 2008, Novartis purchased the 213,888 unregistered shares, resulting in a cash payment to the Company of \$5.4 million and an increase in Novartis’ ownership position from 12.9% to 13.4% of the Company’s outstanding common stock. The exercise of this right does not result in any changes to existing rights or any additional rights to Novartis. Further, during the term described in the Investor Rights Agreement, Novartis is permitted to own no more than 19.9% of the Company’s outstanding shares.

The shares issued to Novartis were issued in reliance on the exemption from the registration provisions of the Securities Act set forth in Section 4(2) promulgated thereunder.
