of Directors (the "Committee") of Rogers Corporation (the "Company") approved and adopted an amendment and restatement of the Rogers Corporation Pension Restoration Plan in order to comply with the final regulations issued under Section 409A of the Internal Revenue Code of 1986, as amended. The amended and restated plan is called the Rogers Corporation Amended and Restated Pension Restoration Plan (the "Plan") and applies to participants employed by the Company or one of its affiliates on or after January 1, 2005. A brief description of the material amendments made to the Plan is provided below. This description is qualified in its entirety by reference to the Plan, which is filed as Exhibit 10.1 to this Form 8-K, and the Plan is hereby incorporated by reference.

The Plan benefits will no longer be linked to when payments commence under the Company's tax qualified pension plan. Instead, payment will generally be made six months and a day after a participant separates from service with the Company (determined in accordance with the requirements under Section 409A). The amendment and restatement eliminates payments under the Plan in the event of an adverse change in the Company's financial health or a participant ceasing to be eligible to participate in the Plan. All benefits under the Plan will now be paid in a lump sum and amounts delayed for six months and a day following separation from service will be credited with interest at the short-term applicable federal rate. Payment under any circumstance other than separation from service has been limited in a manner intended to comply with Section 409A. Other administrative amendments were also incorporated into the Plan.
