Sony Announces Revision of Consolidated Forecast

Tokyo, April 22, 2015 -- Sony Corporation has revised its consolidated results forecast for the fiscal year ended March 31, 2015 (April 1, 2014 to March 31, 2015).

Consolidated Results Forecast for the Fiscal Year ended March 31, 2015

All amounts are presented on the basis of Generally Accepted Accounting Principles in the U.S. ("U.S. GAAP").

The forecast for consolidated results for the fiscal year ended March 31, 2015, as announced on February 4, 2015, was based on assumed foreign currency exchange rates for the fourth quarter (from January 1, 2015 to March 31, 2015) of approximately 118 yen to one U.S. dollar and approximately 133 yen to one euro. The average rates for the fourth quarter were 119.1 yen to one U.S. dollar and 134.4 yen to one euro.

The forecast for consolidated sales has been revised upward primarily due to an anticipated increase in Financial Services revenue as well as an increase in sales in the Music, Imaging Products & Solutions, and Game & Network Services ("G&NS") segments when compared to the February Forecast.

The forecast for consolidated operating income has been revised upward primarily due to an anticipated increase in operating income in the Financial Services segment due to a decrease in the provision of policy reserves pertaining to minimum guarantees for variable insurance at Sony Life Insurance Co., Ltd., mainly driven by a rise in the stock market, the impact of the above-mentioned increase in sales in the G&NS and Music segments, as well as a decrease in costs in the Home Entertainment & Sound segment when compared to the February forecast.

The forecast for income before income taxes was revised upward primarily due to the above-mentioned upward revision in consolidated operating income.

The forecast for net loss attributable to Sony Corporation's stockholders was revised upward primarily due to the above-mentioned upward revision in operating income.

The current forecast has been prepared based on information available at the time of the issuance of this release. Actual results may differ from this forecast due to a variety of factors. See "Cautionary Statement" below for further details.

The actual consolidated results for the fiscal year ended March 31, 2015 and the consolidated results forecast for the fiscal year ending March 31, 2016 are scheduled to be announced on April 30, 2015.
