In addition, please see response to Item 18(b) below. The Board of Directors of the fund (the "Board"), pursuant to a Plan of Liquidation, directed that the fund transfer assets held through the Qualified Foreign Institutional Investor ("QFII") program into a liquidating trust. The liquidating trust will make cash distributions based upon each stockholder's pro rata ownership interest in the liquidating trust (corresponding to the value of the shares in the fund held by such stockholder as of July 10, 2017), once such assets held in the QFII program have been approved for repatriation by the Chinese regulators.

Certificated Shareholders

Certain shareholders holding certificated shares have not surrendered their shares for exchange for the liquidation distribution. Computershare Trust Company, N.A. (the fund's transfer agent) will hold the shares' distribution pending surrender of the shares for exchange.

OFII Assets

Consistent with the Plan of Liquidation and Dissolution (the "Plan") adopted by the Board and approved by stockholders, a New York grantor trust was formed pursuant to a trust agreement (the "Liquidating Trust") to hold and distribute fund assets held through the QFII program. Assets held through the QFII program may only be repatriated once approved by Chinese regulators, the timing of which is not known. As a result, fund stockholders did not receive, in cash, their pro-rata share of the fund's net asset value, less liquidation costs, attributable to the QFII assets as part of the liquidating distribution made on July 14, 2017. Instead, they received an equity interest in the Liquidating Trust calculated based on their pro rata holdings in the fund as of July 10, 2017. In connection with the liquidating distribution, the fund's assets held through the QFII program, together with \$562,941 in cash to pay for the estimated expenses of the Liquidating Trust, were transferred to the Liquidating Trust.

Under the terms of the Declaration of Trust for the Liquidating Trust, Wilmington Trust, National Association and JF Asset Management Limited serve as Liquidation Trustee and Consultant, respectively, and each receives a fee in exchange for these services. The Liquidating Trust will distribute cash, net of amounts needed to pay Liquidating Trust expenses and other liabilities, to the holders of beneficial interests of the Liquidating Trust (i.e., the former stockholders of the fund) once approval for repatriation is received from the Chinese regulators. The Liquidating Trust is anticipated to make one or more additional distributions to stockholders upon repatriation of amounts under the QFII program.

The Liquidating Trust is not required to register under the Investment Company Act of 1940 ("1940 Act") because all of its activities are incidental to its dissolution. *See* Section 7(a) of the 1940 Act.

Remaining Fund Assets

In accordance with Rule 8f-1 under the 1940 Act, the fund has distributed substantially all of its assets to shareholders and is in the process of winding up its affairs. In connection with the process of winding up its affairs, the fund has retained approximately \$613,218 in cash to pay for future liabilities and expenses incurred after the liquidation distribution made on July 14, 2017 (the "expense reserve"). Once these liabilities and expenses are satisfied, to the extent there is any remaining amount in the fund's expense reserve, such amount will be transferred to the Liquidating Trust to be distributed with the distribution made by the Liquidating Trust after repatriation of the amounts under the QFII program.

19. Are there any shareholders who have not yet received distributions in complete liquidation of their interests?

-5-

[x]Yes[]No

If Yes, describe briefly the plans (if any) for distributing to, or preserving the interests of, those shareholders:

As of August 18, 2017, 62 stockholders have not yet received distributions in complete liquidation of their interests. These remaining stockholders hold 10,967 shares (0.17 percent of the fund's total shares) that are represented by certificates, which have not been surrendered for exchange. Computershare Trust Company, N.A. (the fund's transfer agent) will hold the shares' distribution pending surrender of the shares for exchange. If the holders do not surrender their shares for the payment and there is no contact from the holder, then the property will be deemed to be abandoned. As a result, the property will then become escheatable to the respective holder's state of last known residence in accordance with the escheatment laws of that state.

In addition, please see response to Item 18(b).
