FOR IMMEDIATE RELEASE

**Matav's Subsidiary Receives Tax Assessments From the Israeli Tax Authorities**

**NETANYA, Israel February 22, 2004** **Matav-Cable Systems Media Ltd. (Nasdaq: MATV)** today announced that recently, its subsidiary Cable Systems Media Haifa- Hadera Ltd. ( Matav Haifa ) received tax assessments for the years 1998-2001.

According to these tax assessments, Matav Haifa's income for tax purposes for the years 1998-2000 was NIS 37 million higher than Matav Haifa previously stated, and its carry-forward losses for the year 2001 were NIS 33 million lower than Matav Haifa previously stated.

The additional taxes that the Matav Haifa is required to pay, according to these tax assessments described above, amount to NIS 10 million (not including interest and inflation adjustments).

The main reasons for the tax assessments received are:

1. Disagreements regarding the depreciation rates of Matav Haifa's network and infrastructure;
  2. Certain financing expenses that the tax authorities do not consider as tax-deductible;
  3. Subscribers' deposits for cable converters, which the tax authorities consider revenues for tax purposes.
- 
- 

Matav Haifa disagrees with the tax authorities' opinion and will appeal against these tax assessments. Management's opinion, based on the evaluation of its auditors and external advisers, is that Matav Haifa has well founded grounds against all of the claims included in these tax assessments, which will decrease these tax payments significantly. These arguments include principles that were accepted by the Israeli tax authorities in final tax assessments from prior years.

**Matav is one of Israel's three cable television providers, serving roughly 25 percent of the population. Matav's investments include 5.3 percent of Partner Communications Ltd., a GSM mobile phone company and 10 percent of Barak Ltd., one of the three providers of international long distance telephony calls.**
