Matav Reports an Appeal Filed with Respect to Denial of Motion for Class Action Concerning Content of Sport Channels

NETANYA, Israel, July 7, 2004 **Matav- Cable Systems Media Ltd. (Nasdaq: MATV News)**, a leading Israeli provider of digital cable television services, today announced that on July 5, 2004, an appeal was filed in the Israeli Supreme Court seeking to overturn the judgment issued by the Tel-Aviv District Court in May 2004 denying the plaintiffs' motion for certification of a class action against the three Israeli cable companies concerning the content of sport channels. The appeal was filed against Matav and Golden Channels & Co. Matav intends to defend against the appeal.

On December 4, 2002, Matav issued a press release regarding the original motion for certification a class action, which was filed by seven Israeli residents who requested recognition of their action as representing 1,050,000 subscribers of all three cable companies. On May 30, 2004, Matav issued a press release regarding the District Court's denial of the motion, which is also described in Matav's Annual Report on Form 20-F on file with the Securities and Exchange Commission.

Matav is one of Israel's three cable television providers, serving roughly 25 percent of the population. Matav's investments include approximately 5.3 percent of Partner Communications Ltd., a GSM mobile phone company, and 10 percent of Barak I.T.C. (1995), one of the three international telephony-service providers in Israel.
