SUMMARY

*The following summary highlights information contained elsewhere in this prospectus and therefore is not complete and does not contain all the information that you should consider before tendering Old Notes for exchange. You should read this entire prospectus carefully, including the documents incorporated by reference herein, which are described in the section entitled *Incorporation by Reference*. You should also carefully consider, among other things, the matters discussed in the section entitled *Risk Factors*.*

Our Business

We began operations in 1984 and became incorporated in the State of Delaware in 2007. We are a holding company and conduct substantially all of our business operations through our subsidiaries. Our primary business is the production and sale of electric energy, capacity and ancillary services from our fleet of seventeen operating power plants in six states totaling approximately 13,960 megawatts of generating capacity, which excludes the 1,700 megawatts of generating capacity of our former DNE generation facilities that were deconsolidated effective October 1, 2012, and have been sold.

We sell electric energy, capacity and ancillary services on a wholesale basis from our power generation facilities. Wholesale electricity customers will, for reliability reasons and to meet regulatory requirements, contract for rights to capacity from generating units. Ancillary services are the products of a power generation facility that support the transmission grid operation, follow real-time changes in load and provide emergency reserves for major changes to the balance of generation and load. We sell these products individually or in combination to our customers under short-, medium- and long-term agreements.

We do business with a wide range of customers, including: regional transmission organizations and independent system operators, integrated utilities, municipalities, electric cooperatives, transmission and distribution utilities, industrial customers, power marketers, financial participants such as banks and hedge funds, other power generators and commercial end-users. The majority of our products are sold on a wholesale basis for various lengths of time, from hourly to multi-year transactions. Some of our customers, such as municipalities or integrated utilities, purchase our products for resale in order to serve their retail, commercial and industrial customers. Other customers, such as some power marketers, may buy from us to serve their own wholesale or retail customers or as a hedge against power sales they have made. In addition, we serve residential, municipal, commercial and industrial customers through our Homefield Energy retail business in Illinois.

Our Corporate Information

Our principal executive offices are located at 601 Travis, Suite 1400, Houston, Texas 77002. Our telephone number is (713) 507-6400 and we have a website accessible at www.dynege.com. The information posted on our website is not incorporated into this prospectus and is not part of this prospectus.

However, you will not be able to freely transfer the Exchange Notes if:

- you are our affiliate, as defined in Rule 405 under the Securities Act;
- you are not acquiring the Exchange Notes in the exchange offer in the ordinary course of your business;
- you are engaged in or intend to engage in, or have an arrangement or understanding with any person to participate in, the distribution, as defined in the Securities Act, of the Exchange Notes you will receive in the exchange offer; or

If any of the statements above are not true, you cannot rely on the position of the SEC staff described above and you must, therefore, comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale of the Exchange Notes, unless an exemption from these requirements is available to you. If you transfer any Exchange Notes without delivering a prospectus that meets the requirements of the Securities Act or without an exemption from registration of your Exchange Notes from those requirements, you may incur liability under the Securities Act. We will not assume or indemnify you against that liability. In addition, the SEC has not considered the exchange offer in the context of its interpretive letters and

we cannot be sure that the staff of the SEC would make a similar determination with respect to the exchange offer as in such other circumstances.

Broker-Dealer

Each broker-dealer that receives Exchange Notes for its own account in exchange for Old Notes, where such Old Notes were acquired by such broker-dealer as a result of market-making activities or other trading activities, must acknowledge that it will deliver a prospectus in connection with any resale of such Exchange Notes. See Plan of Distribution.

Consequences of not Exchanging Old Notes

If you do not exchange your Old Notes in the exchange offer, your Old Notes will continue to be subject to the restrictions on transfer. In general, you may offer or sell your Old Notes only:

- if they are registered under the Securities Act and applicable state securities laws;
- if they are offered and sold under an exemption from registration under the Securities Act and applicable state securities laws; or
- if they are offered and sold in a transaction not subject to the Securities Act and applicable state securities laws.

We do not intend to register the Old Notes under the Securities Act, and holders of Old Notes that do not exchange Old Notes for Exchange Notes in the exchange offer will no longer have registration rights with respect to the Old Notes except in the limited circumstances provided in the Registration Rights Agreement. Under some circumstances, however, holders of the Old Notes, including holders who are not permitted to participate in the exchange offer or who may not freely resell Exchange Notes received in the exchange offer, may require us to file, and to cause to become effective, a shelf registration statement covering resales of Old Notes by these holders. For more information regarding the consequences of not tendering your Old Notes and our obligation to file a shelf registration statement, see the sections entitled The Exchange Offer Consequences of Exchanging or Failing to Exchange Old Notes and Description of the Exchange Notes Principal, Maturity and Interest.

Certain Covenants

The indenture, dated May 20, 2013 (the Indenture) governing the Exchange Notes will, among other things, limit our ability and the ability of the Subsidiary Guarantors to:

- create liens upon any principal property to secure debt for borrowed money; and
- consolidate, merge or sell all or substantially all of our assets.

These covenants are subject to a number of exceptions. See Description of the Exchange Notes.

No Public Trading Market

The Exchange Notes are a new issue of securities, and there is currently no established trading market for the Exchange Notes. We do not intend to list the Exchange Notes offered hereby on any national securities exchange or to arrange for quotation on any automated dealer quotation systems. Risk Factors

Tendering your Old Notes in the exchange offer involves risks. You should carefully consider the information in the section entitled Risk Factors in this prospectus.

Table of Contents**SELECTED HISTORICAL CONSOLIDATED FINANCIAL DATA**

The selected financial information presented below as of and for the years ended December 31, 2008, 2009, 2010 and 2011, the period from January 1 through October 1, 2012 and the period from October 2 through December 31, 2012, was derived from, and is qualified by reference to, our audited consolidated financial statements, including the notes thereto, incorporated by reference in this prospectus. The selected financial information as of September 30, 2013 and for the nine months ended September 30, 2012 and 2013 was derived from, and is qualified by reference to, our unaudited condensed consolidated financial statements, including the notes thereto, incorporated by reference in this prospectus.

This information is only a summary. You should read the data set forth in the table below in conjunction with the section entitled **Selected Financial Data** in our Annual Report on Form 10-K for the fiscal year ended December 31, 2012 and our Quarterly Report on Form 10-Q for the quarterly period ended September 30, 2013, which are incorporated by reference in this prospectus.

As described in Note 1 Organization and Operations to our consolidated financial statements incorporated by reference in this prospectus, Legacy Dynege merged with DH on September 30, 2012. The accounting treatment of the Merger was reflected as a recapitalization of DH and, similar to a reverse merger, DH was the surviving accounting entity for financial reporting purposes. Therefore, our historical results for periods prior to the Merger are the same as DH's historical results.

As a result of the application of fresh-start accounting as of the October 1, 2012, the financial statements on or prior to October 1, 2012 are not comparable with the financial statements after October 1, 2012. References to **Successor** refer to Dynege after October 1, 2012, after giving effect to the application of fresh-start accounting. References to **Predecessor** refer to Dynege on or prior to October 1, 2012. Additionally, on October 1, 2012, the DNE Debtor Entities did not emerge from bankruptcy; therefore, we deconsolidated our investment in these entities as of October 1, 2012. Accordingly, the results of operations of the DNE Debtor Entities are presented in discontinued operations for all periods presented.

(3) The results of operations for the nine months ended September 30, 2012, excludes the effects of plan and impacts of fresh-start accounting related to the DH bankruptcy. See Consolidated Summary Financial Information in the 10-Q for the period ended September 30, 2013, incorporated by reference in this prospectus.

(4) The results of operations for the period January 1, 2012, through October 1, 2012, includes the effects of plan and impacts of fresh-start accounting related to the DH bankruptcy. RISK FACTORS

*An investment in the Notes involves risk. You should carefully consider the following factors, together with the risks and uncertainties discussed in the section entitled **Cautionary Note Regarding Forward Looking Statements** and the other information incorporated by reference in this prospectus, including the information included in the section entitled **Risk Factors** in our Annual Report on Form 10-K for the fiscal year ended December 31, 2012, in our Quarterly Report on Form 10-Q for the period ended March 31, 2013, in our Quarterly Report on Form 10-Q for the period ended June 30, 2013, and in our Quarterly Report on Form 10-Q for the period ended September 30, 2013. Additional risks and uncertainties not presently known to us, or that we currently deem immaterial, may also impair our business operations. We cannot assure you that any of the events discussed in this prospectus will not occur. If they do, our business, financial condition or results of operations could be materially and adversely affected. In such case, the trading price of our securities, including the Notes, could decline, and you might lose all or part of your investment.*

Risks Related to the Exchange Offer and Holding the Exchange Notes

Holders who fail to exchange their Old Notes will continue to be subject to restrictions on transfer and may have reduced liquidity after the exchange offer.

If you do not exchange your Old Notes for Exchange Notes in the exchange offer, you will continue to be subject to the restrictions on transfer applicable to the Old Notes. The restrictions on transfer of your Old Notes arise because we issued the Old Notes under exemptions from, or in transactions not subject to, the registration requirements of the Securities Act and applicable state securities laws. In general, you may only offer or sell the Old Notes if they are registered under the Securities Act and applicable state securities laws, or offered and sold under an exemption from these requirements. We do not plan to register the Old Notes under the Securities Act. In addition, we have not conditioned the exchange offer on receipt of any minimum or maximum principal amount of outstanding notes. As Old Notes are tendered and accepted in the exchange offer, the principal amount of remaining Old Notes will decrease. This decrease could reduce the liquidity of the trading market for the Old Notes. We cannot assure you of the liquidity, or even the continuation, of the trading market for the Old Notes following the exchange offer.

You must comply with the exchange offer procedures in order to receive new, freely tradable Exchange Notes.

Delivery of Exchange Notes in exchange for Old Notes tendered and accepted for exchange pursuant to the exchange offer will be made only after timely receipt by the exchange agent of the following:

- certificates for Old Notes or a book-entry confirmation of a book-entry transfer of Old Notes into the Exchange Agent's account at DTC, New York, New York as depository, including an agent's message (as defined herein) if the tendering holder does not deliver a letter of transmittal;

Edgar Filing: Dynegey Coal Investments Holdings, LLC - Form S-4

- a completed and signed letter of transmittal (or facsimile thereof), with any required signature guarantees, or an agent's message in lieu of the letter of transmittal; and
- any other documents required by the letter of transmittal.

Therefore, holders of Old Notes who would like to tender Old Notes in exchange for Exchange Notes should be sure to allow enough time for the Old Notes to be delivered on time. We are not required to notify you of defects or irregularities in tenders of Old Notes for exchange. Old Notes that are not tendered or that are tendered but we do not accept for exchange will, following consummation of the exchange offer, continue to be subject to the existing transfer restrictions under the Securities Act and, upon consummation of the exchange offer, certain registration and other rights under the Registration Rights Agreement will terminate. See *The Exchange Offer Procedures for Tendering Old Notes* and *The Exchange Offer Consequences of Exchanging or Failing to Exchange Old Notes*.

Some holders who exchange their Old Notes may be deemed to be underwriters and these holders will be required to comply with the registration and prospectus delivery requirements in connection with any resale transaction.

If you exchange your Old Notes in the exchange offer for the purpose of participating in a distribution of the Exchange Notes, you may be deemed to have received restricted securities and, if so, will be required to comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale transaction.

Table of Contents

The Exchange Notes and the guarantees will be unsecured and effectively subordinated to our existing secured indebtedness and any future secured indebtedness.

The Exchange Notes and the guarantees will be general unsecured senior obligations and will be effectively subordinated to all of our existing and future secured debt and that of each Subsidiary Guarantor, including obligations under the Credit Agreement, to the extent of the value of the collateral securing such debt.

If we or a Subsidiary Guarantor are declared bankrupt, become insolvent or are liquidated or reorganized, any of our secured debt or that of a Subsidiary Guarantor will be entitled to be paid in full from our assets or the assets of the Subsidiary Guarantor, as applicable, securing that debt before any payment may be made with respect to the Notes or the affected guarantees. Holders of the Notes will participate ratably in our remaining assets with all holders of our unsecured indebtedness that does not rank junior to the Notes, including all of our other general creditors, based upon the respective amounts owed to each holder or creditor. In any of the foregoing events, there may not be sufficient assets to pay amounts due on the Notes. As a result, holders of the Notes would likely receive less, on a ratable basis, than holders of secured indebtedness. See Summary Description of the Exchange Notes Ranking.

We may be unable to purchase the Exchange Notes upon a change of control.

Upon the occurrence of a change of control, you will have the right to require us to repurchase your Exchange Notes at a purchase price in cash equal to 101% of the principal amount of your Exchange Notes plus accrued and unpaid interest, if any, to but excluding the date of purchase. The Credit Agreement contains, and any future credit agreement or other agreements relating to indebtedness to which we become a party may contain, prohibitions of certain events, including events that would constitute a change of control. The exercise by the holders of Exchange Notes of their right to require us to repurchase the Notes upon a change of control could cause a default under these other agreements, even if the change of control itself is not due to the financial effect of such repurchases on us or otherwise. In the event a change of control occurs at a time when we are prohibited from purchasing Exchange Notes, we could seek the consent of the applicable lenders to the purchase of Exchange Notes or could attempt to refinance the indebtedness that contains such prohibitions. If we do not obtain a consent or repay that indebtedness, we will remain prohibited from purchasing Exchange Notes. Our failure to make the change of control offer or to pay the change of control purchase price when due would result in a default under the Indenture governing the Exchange Notes which, in turn, would constitute a default under the Credit Agreement and the documents governing our other indebtedness. In addition, we may not have sufficient financial resources to satisfy all of our obligations under the Exchange Notes and our other indebtedness. Finally, the change of control feature of the Exchange Notes does not cover all corporate reorganizations, mergers or similar transactions and may not provide you with protection in a highly leveraged transaction. See Description of the Exchange Notes Change of Control.

If an active trading market does not develop for the Exchange Notes you may not be able to resell them.

The Exchange Notes are a new issue of securities and there is no established trading market for the Exchange Notes. We cannot assure you that an active trading market will develop for the Exchange Notes. If no active trading market develops, you may not be able to resell your Exchange Notes at their fair market value or at all. Future trading prices of the Exchange Notes will depend on many factors, including, among other things, prevailing interest rates, our operating results and the market for similar securities. We do not intend to apply for listing the Exchange Notes on any securities exchange or for inclusion of the Exchange Notes in any automated quotation system. Historically, the market for non-investment grade debt has been subjected to disruptions that have caused substantial volatility in the prices of securities similar to the Exchange Notes offered hereby. The market for the Exchange Notes, if any, may be subject to similar disruptions. Any such disruptions may adversely affect the value of your Exchange Notes.

Table of Contents

Risks Related to the Notes

Our indebtedness could adversely affect our financial health, limit our ability to compete and prevent us from fulfilling our obligations under the Notes.

As of September 30, 2013, we had \$1.298 billion of indebtedness. In addition, as of December 5, 2013, we had approximately \$178.7 million in letters of credit outstanding under our Revolving Facility. Our indebtedness could have important consequences. For example, it may:

- make it more difficult for us to satisfy our financial obligations, including those relating to the Notes;
- limit our ability to enter into long-term revenue contracts that require credit support;
- limit our ability to plan for or respond to, and increasing our vulnerability to, changing business, governmental regulation and economic conditions and to withstand competitive pressures, general economic and industry conditions or a downturn in our business;
- require a substantial portion of our cash flow from operations to be used for debt payments and reduce our ability to use cash flow to fund working capital, capital expenditures and other general corporate purposes;
- place us at a competitive disadvantage relative to companies that have less indebtedness;
- limit our ability to obtain financing in the future for working capital, capital expenditures, acquisitions or other purposes on acceptable terms, on a timely basis or at all; and
- cause a decline in our credit ratings.

Further, if gas, power, and capacity prices, where applicable, do not improve, our ability to service our debt obligations will be adversely affected and may require significant operational and balance sheet restructurings.

Edgar Filing: Dynegy Coal Investments Holdings, LLC - Form S-4

We and our subsidiaries may be able to incur additional indebtedness in the future. The terms of the Indenture and the agreements governing our other indebtedness, including the Credit Agreement, do not fully prohibit us or our subsidiaries from doing so. Additionally, in certain cases, we are permitted to incur other indebtedness which would be effectively senior to the Notes. If new debt is added to current debt levels, the related risks could intensify.

The Credit Agreement contains, and agreements we enter into in the future may contain, covenants that significantly restrict our operations.

The Credit Agreement contains covenants imposing financial and operating restrictions on our business. These restrictions may affect our ability to operate our business, may limit our ability to take advantage of potential business opportunities as they arise and may adversely affect the conduct of our current business, including restricting our ability to finance future operations and capital needs and limiting our ability to engage in other business activities. These covenants will place restrictions on our ability and the ability of our operating subsidiaries to, among other things:

- incur additional debt or issue some types of preferred shares;
- declare or pay dividends, repurchase or redeem stock or make other distributions to stockholders;
- create liens;
- make certain restricted investments;
- enter into transactions with affiliates;
- enter into any agreements which limit the ability of certain subsidiaries to make dividends or otherwise transfer cash or assets to us or certain other subsidiaries;

Table of Contents

- sell or transfer assets; and
- consolidate or merge.

In addition, the Credit Agreement contains financial covenants, if we have utilized 25% or more of our Revolving Facility, that specify maximum thresholds for our senior secured leverage ratio (as defined in the Credit Agreement). These restrictions may also limit our ability to obtain future financings, withstand a future downturn in our business or the economy in general, or otherwise conduct necessary corporate activities. We may also be prevented from taking advantage of business opportunities that arise because of the limitations that the restrictive covenants under the Credit Agreement impose on us. Agreements we enter into in the future may also have covenants that restrict our operations.

A breach of any covenant in the Indenture governing the notes, the Credit Agreement or the agreements governing our other indebtedness would result in a default under that agreement after any applicable grace periods. A default, if not waived, could result in acceleration of the debt outstanding under such agreement and in a default with respect to, and acceleration of, the debt outstanding under any other debt agreements. The accelerated debt would become immediately due and payable. If that should occur, we may not be able to make all of the required payments or borrow sufficient funds to refinance it. Even if new financing were then available, it may not be on terms that are acceptable to us. See Description of the Exchange Notes Events of Default and Remedies.

The Indenture governing the Notes will not contain financial covenants or meaningful restrictions on us or our subsidiaries.

Neither we nor any of our subsidiaries will be restricted from incurring additional debt or other liabilities under the Indenture. We may from time to time incur additional debt and other liabilities. The Indenture will not require us to achieve or maintain any minimum financial results relating to our financial condition or results of operations. In addition, we will not be restricted from paying dividends or making distributions on our capital stock or purchasing or redeeming our capital stock under the Indenture.

To service our indebtedness, we will require a significant amount of cash. Our ability to generate cash depends on many factors beyond our control.

Our ability to make payments on and to refinance our indebtedness, including the Notes and the Credit Agreement, and to fund planned capital expenditures and other strategic investments will depend on our ability to generate cash in the future. This, to a certain extent, is subject to general economic, financial, competitive, legislative, regulatory and other factors that are beyond our control. We may not generate sufficient cash flow from operations and we cannot assure you that future borrowings will be available to us in an amount sufficient to enable us to pay our indebtedness or to fund our other liquidity needs. If we cannot make scheduled payments on our indebtedness, we will be in default and the holders of the Notes could declare all outstanding principal and interest to be due and payable, the lenders under the Credit Agreement could terminate their commitments to loan money, the lenders could foreclose against the assets securing their borrowings and we could be forced into bankruptcy or liquidation. All of these events could result in your losing your investment in the Notes.

Our ability to refinance the Credit Agreement, the Notes and any other future indebtedness depends on many factors beyond our control.

We may need to refinance all or a portion of our indebtedness on or before maturity. Our ability to refinance the Credit Agreement, the Notes, and any other future indebtedness will depend on the condition of the capital markets and our financial condition at such time and could be limited by restrictive covenants in our existing and future debt agreements. We cannot provide assurances that we will be able to refinance any of our indebtedness on commercially reasonable terms or at all. If refinancing is not available to us, we may not have sufficient cash to enable us to meet all of our obligations, including payments on the Notes and our other indebtedness.

Your right to receive payments on the Notes could be adversely affected if any of our non-guarantor subsidiaries declare bankruptcy, liquidate, or reorganize.

The Notes will be jointly and severally guaranteed by each of our current and future wholly-owned domestic subsidiaries that from time to time is a borrower or guarantor under our Credit Agreement. Not all of

Table of Contents

Dynege's subsidiaries guarantee the Notes. See Description of the Exchange Notes Subsidiary Guarantees. Accordingly, claims of holders of the Notes will be structurally subordinated to the claims of creditors of these non-guarantor subsidiaries, including trade creditors. All obligations of our non-guarantor subsidiaries will have to be satisfied before any of the assets of such subsidiaries would be available for distribution, upon liquidation or otherwise, to us or a guarantor of the Notes. The Indenture will not limit the ability of these subsidiaries to incur certain additional debt or other liabilities. In the event of a bankruptcy, liquidation or reorganization of any of our non-guarantor subsidiaries, holders of their indebtedness and their trade creditors will generally be entitled to payment of their claims from the assets of those subsidiaries before any assets are made available for distribution to us.

Dynege's indirect, wholly-owned subsidiary, IPH, acquired the AER Entities on December 2, 2013. The AER Entities will not guarantee the Notes. As of September 30, 2013, AER and its subsidiaries had \$2.425 billion of indebtedness and other liabilities, and \$3.019 billion of total assets. As noted in the unaudited pro forma condensed consolidated financial information, the majority of these liabilities will be eliminated or settled prior to the acquisition of New AER. In addition, AER and its subsidiaries had \$997 million of operating revenues for the nine months ended September 30, 2013.

A court could cancel the guarantees of the Notes by our subsidiaries under fraudulent transfer law.

Each of our current and future wholly-owned domestic restricted subsidiaries that from time to time is a borrower or guarantor under the Credit Agreement will guarantee the Notes. Although the guarantees provide you with a direct claim against the assets of the Subsidiary Guarantors, under federal bankruptcy law and comparable provisions of state fraudulent transfer laws, in certain circumstances a court could cancel a guarantee and order the return of any payments made thereunder to the Subsidiary Guarantor or to a fund for the benefit of its creditors.

A court might take these actions if it found, among other things, that when the Subsidiary Guarantor incurred the debt evidenced by its guarantee, including when the Subsidiary Guarantor entered into its guarantee of the Credit Agreement (i) it received less than reasonably equivalent value or fair consideration for the incurrence of the guarantee and (ii) any one of the following conditions was satisfied:

- the Subsidiary Guarantor was insolvent or was rendered insolvent by reason of the incurrence;

- the Subsidiary Guarantor was engaged in a business or transaction for which its remaining assets constituted unreasonably small capital; or

- the Subsidiary Guarantor intended to incur, or believed (or reasonably should have believed) that it would incur, debts beyond its ability to pay as those debts matured.

In applying the above factors, a court would likely find that a Subsidiary Guarantor did not receive fair consideration or reasonably equivalent value for its guarantee, except to the extent that it benefited directly or indirectly from the issuance of the Notes or borrowing under the Credit Agreement. The determination of whether a Subsidiary Guarantor was or was rendered insolvent when it entered into its guarantee will vary

Edgar Filing: Dynegey Coal Investments Holdings, LLC - Form S-4

depending on the law of the jurisdiction being applied. Generally, an entity would be considered insolvent if the sum of its debts (including contingent or unliquidated debts) is greater than the fair market value of its assets, if the present fair salable value of its assets is less than the amount that will be required to pay its probable liability on its existing debts, including contingent or unliquidated debts, as they become absolute and matured or if it is unable to pay its debts.

If a court cancelled a Subsidiary Guarantor's guarantee, you would no longer have a claim against that Subsidiary Guarantor or its assets. Our assets and the assets of the remaining Subsidiary Guarantors may not be sufficient to pay amounts then due under the Notes.

The Notes will be guaranteed by each of our wholly-owned domestic subsidiaries that is a borrower or guarantees the Credit Agreement or any indebtedness that refinances the Credit Agreement. If such a subsidiary is released from its guarantee of the Credit Agreement or such other indebtedness, it will automatically be released from its guarantee of the Notes.

from its guarantee of the Notes without the consent of the holders of the Notes. The Credit Agreement provides that a subsidiary guarantee may be released under certain circumstances. For example, our Credit Agreement: (i) permits our Subsidiary Guarantors to enter into certain permitted transactions as a result of which such Subsidiary Guarantor ceases to be a subsidiary and (ii) allow us to designate any of our subsidiaries as an unrestricted subsidiary or excluded project subsidiary so long as certain conditions are satisfied, the effect of which, in each case, would be to release such subsidiary from its guarantee obligations or to not require a guarantee from such subsidiary. See Description of the Exchange Notes Subsidiary Guarantees.

Changes in the public debt ratings of the Notes may materially and adversely alter the cost and the terms and conditions of our future financings and the value and liquidity of the Notes.

The Notes will be, and any of our future debt instruments may be, publicly rated by Standard & Poor's and Moody's, which are independent rating agencies. These public debt ratings may affect our ability to incur debt in the future. Any future downgrading of ratings assigned to the Notes, our other debt instruments or Dynegy by either rating agency may affect the cost and terms and conditions of our future financings and could adversely affect the value and liquidity of the Notes.

Table of Contents**RATIO OF EARNINGS TO FIXED CHARGES**

The following table presents our ratio of earnings to fixed charges for the historical periods indicated.

	Successor			Predecessor Year Ended December 31,			
	Nine Months Ended September 30, 2013	October 2 Through December 31, 2012	January 1 Through October 1, 2012	2011	2010	2009	2008

UNAUDITED PRO FORMA CONDENSED CONSOLIDATED FINANCIAL INFORMATION

The following unaudited pro forma condensed consolidated financial information (the "Pro Forma Financial Information") sets forth selected historical consolidated financial information for Dynege. The historical data provided for the 2012 Predecessor and Successor periods, as defined below, and the nine months ended September 30, 2013 are derived from our audited annual consolidated financial statements and unaudited interim condensed consolidated financial statements, which have been incorporated by reference into this prospectus.

The unaudited pro forma condensed consolidated statements of operations are presented for the fiscal year ended December 31, 2012 and for the nine months ended September 30, 2013. The unaudited pro forma condensed consolidated balance sheet is presented as of September 30, 2013.

The Pro Forma Financial Information is provided for informational and illustrative purposes only and should be read in conjunction with Management's Discussion and Analysis of Financial Condition and Results of Operations and the consolidated financial statements and related notes in Dynege's Annual Report on Form 10-K for the year ended December 31, 2012 and Dynege's Quarterly Report on Form 10-Q for the nine months ended September 30, 2013, which have been incorporated by reference into this prospectus.

The pro forma adjustments, as described in the notes to the unaudited pro forma condensed consolidated financial statements, are based on currently available information. Management believes such adjustments are reasonable, factually supportable and directly attributable to the following events and transactions:

- **Merger, DMG Transfer, and DMG Acquisition.** On September 30, 2012, pursuant to our Plan of Reorganization (the Plan), DH merged with and into Dynege, with Dynege continuing as the surviving legal entity. The accounting treatment of the Merger was reflected as a recapitalization of DH and was accounted for similar to a reverse merger; therefore, DH is our accounting Predecessor.

On September 1, 2011, DH sold 100 percent of the outstanding membership interests of Dynege Coal Holdco (Coal Holdco) to Legacy Dynege (the DMG Transfer). On June 5, 2012, in connection with the execution of a settlement agreement entered into with certain of DH's creditors, DH reacquired Coal Holdco from Legacy Dynege (the DMG Acquisition). Therefore, the results of our Coal segment are only included in our 2012 Predecessor consolidated results for the period from June 6, 2012 through October 1, 2012.

- **Fresh-Start Accounting.** On October 1, 2012, we consummated our reorganization under Chapter 11 pursuant to the Plan and we exited bankruptcy. Upon emergence, we applied fresh-start accounting to our consolidated financial statements. Fresh-start accounting required us to allocate the reorganization value to our assets and liabilities in a manner similar to that which is required using the acquisition method of accounting for a business combination. Under the provisions of fresh-start accounting, a new entity was created for financial reporting purposes. As such, our financial information for the Successor is presented on a basis different from, and is therefore not comparable to, our financial information for the Predecessor for the period ended and as of October 1, 2012.

Edgar Filing: Dynegy Coal Investments Holdings, LLC - Form S-4

- **AER Acquisition.** On December 2, 2013, pursuant to the terms of the definitive agreement dated as of March 14, 2013 (the AER Transaction Agreement) by and between IPH and Ameren, IPH completed its acquisition from Ameren 100 percent of New AER for no cash or stock consideration. Pursuant to the AER Transaction Agreement, IPH indirectly acquired New AER's subsidiaries, including (i) Genco, (ii) AERG, (iii) Ameren Energy Fuels and Services Company and (iv) AEM. Dynegy has provided a limited guaranty of certain obligations of IPH up to \$25 million (the Limited Guaranty) as described below.

On December 2, 2013, prior to the completion of the AER Acquisition, IPH and Ameren entered into an amendment to the AER Transaction Agreement, in the form of a letter agreement (the Letter Agreement). The Letter Agreement, among other things, (i) identified additional post-closing credit support Ameren is to provide to IPH pursuant to the terms therein, (ii) provided that Ameren will be obligated to pay an additional amount of between \$25 million and \$35 million with respect to certain disputed wholesale customer contracts, (iii) provided that Ameren would cause an additional approximately \$4 million of cash, in aggregate, to be retained at AEM, (iv) provided that Ameren will be contingently liable up to approximately \$4 million with respect to certain railroad lease termination fees, (v) requires Ameren to maintain and continue certain guarantees in connection with certain existing contractual obligations, pursuant to the terms therein, and (vi) requires Ameren to provide post-closing litigation support to IPH in connection with certain disputes under specified contracts.

The transaction did not include AER's gas-fired power generation facilities: Elgin, Gibson City and Grand Tower (the Put Assets). AERG, Genco and Medina Valley, a former affiliate of AER that IPH did not acquire in the transaction, entered into an amendment to a put option agreement (the Put Option Agreement) whereby the Put Assets were to be sold by Genco, subject to approval by FERC, to Medina Valley for a minimum of \$133 million (the Put Transaction). On October 11, 2013, the Put Transaction was consummated following receipt of approval of FERC under Section 203 of the Federal Power Act, as amended (FERC Approval). Pursuant to the AER Transaction Agreement, Ameren will cause Medina

Table of Contents

Valley to pay Genco minimum after-tax proceeds of approximately \$138 million. Additionally, Genco may receive after-tax net proceeds realized in excess of \$138 million following the closing of the sale of the Put Assets by Medina Valley to Rockland Capital.

In connection with the AER Acquisition, Ameren will retain certain historical obligations of AER and its subsidiaries, including certain historical environmental and tax liabilities. Genco's approximately \$825 million in aggregate principal amount of notes will remain outstanding as an obligation of Genco. The debt bears interest at rates from 6.30 percent to 7.95 percent and matures between 2018 and 2032. Additionally, Ameren is required to maintain its existing credit support, including all of its collateral obligations with respect to AEM, for a period not to exceed two years.

In addition to the Put Transaction proceeds, Ameren was required at closing to ensure that a minimum of \$85 million of cash, plus approximately \$8 million primarily for the proceeds of certain real estate sales, was available at New AER and its subsidiaries. Approximately \$70 million of cash, plus the proceeds of the Put Transaction described above are held at Genco.

Each party has agreed to indemnify the other for breaches of representations and warranties, breaches of covenants and certain other matters, subject to certain exceptions.

Concurrently with the execution of the AER Transaction Agreement, Dynegey entered into the Limited Guaranty, capped at \$25 million in favor of Ameren, pursuant to which we guaranteed payout by IPH of any required termination fee and, for a period of two years after the closing (subject to certain exceptions), up to \$25 million with respect to IPH's indemnification obligations and certain reimbursement obligations under the AER Transaction Agreement.

We are required to record the assets and liabilities acquired in the AER Acquisition at their estimated fair values as of the closing date. We have not yet completed our analysis of the fair value of New AER's assets and liabilities given the complexities inherent in the valuation; therefore, the purchase price allocation used in the preparation of the unaudited pro forma condensed consolidated financial statements included herein should be considered preliminary. Actual results could vary materially from the Pro Forma Financial Information. In addition, the adjustments related to the AER Acquisition do not reflect any of the synergies and cost reductions that may result from the AER Transaction Agreement.

In connection with the final purchase price allocation, we will perform a discounted cash flow analysis using market-quoted prices, internal forecasts, and market assumptions as of the date of acquisition. As a result of performing this analysis, we expect that a portion of the value assigned to property, plant and equipment in these pro forma financial statements will be allocated to intangible assets and liabilities for contracts that are above or below the fair market value on the date of acquisition. The fair values of these intangible assets and liabilities will be amortized through revenues or cost of sales over the life of the respective contract. We have not yet completed this analysis and have therefore made simplifying assumptions for purposes of preparing the Pro Forma Financial Information included herein.

- **Credit Agreement.** On April 23, 2013, Dynegey entered into a \$1.775 billion credit agreement that consisted of (i) a \$500 million seven-year senior secured term loan B facility (the "B-1 Term Loan"), (ii) an \$800 million seven-year senior secured term loan B facility (the "B-2 Term Loan" and, together with the B-1 Term Loan, the "Term Facilities") and (iii) a \$475 million five-year senior secured revolving credit facility (the "Revolving Facility," and collectively with the Term Facilities, the "Credit Agreement"). The Term Facilities were offered to investors below par with an original issue discount of 99.5. The Term Facilities bear interest at LIBOR plus 3.00 percent per annum with a one percent floor.

Edgar Filing: Dynegy Coal Investments Holdings, LLC - Form S-4

The Term Facilities mature April 23, 2020 and will amortize in equal quarterly installments in aggregate annual amounts equal to 1.00 percent of the original principal amount with the balance payable on the maturity date. The Revolving Facility bears interest, initially, at LIBOR plus 2.75 percent per annum, with steps down based on a Senior Secured Leverage Ratio (as defined in the Credit Agreement) and matures April 23, 2018. The Revolving Facility has a commitment fee of 0.50 percent on the unutilized portion of the facility, with steps down based on a Senior Secured Leverage Ratio. The commitment fees are due and payable quarterly in arrears.

Table of Contents

Borrowings under the Credit Agreement, together with a portion of our cash on hand, were used to repay in full and terminate commitments under all of our previously held credit agreements. As a result of repaying and terminating these credit agreements, all of the restricted cash on hand was released. None of the borrowings under the Credit Agreement are classified as restricted cash.

- **Senior Notes.** On May 20, 2013, Dynegy and the Subsidiary Guarantors entered into the Indenture pursuant to which Dynegy issued the Senior Notes at par. The Senior Notes bear interest at a rate of 5.875 percent per annum. The Senior Notes mature on June 1, 2023.

The \$500 million of borrowings under the Senior Notes were used to repay in full and terminate commitments under the B-1 Term Loan discussed above.

The unaudited pro forma condensed consolidated financial statements are presented for informational purposes only and are not necessarily indicative of the operating results or financial position that would have occurred had the transactions described above occurred on January 1, 2012, in the case of the unaudited pro forma condensed consolidated statements of operations, or on September 30, 2013, in the case of the unaudited pro forma condensed consolidated balance sheet, nor are they necessarily indicative of future operating results or financial position.

Pro Forma Financial Information Unaudited Pro Forma Condensed Consolidated Statements of Operations

The following Pro Forma Financial Information was prepared by applying adjustments to historical consolidated financial statements. These adjustments give effect to the Plan and fresh-start accounting, Credit Agreement, Senior Notes and AER Transaction Agreement, reflecting our post-emergence financial statements as if the emergence date had occurred and the Credit Agreement, Senior Notes and AER Transaction Agreement had been completed on January 1, 2012.

Dynegy Transactions

In the discussion below, we have included a discussion of the significant items resulting in adjustments included in the Dynegy Transactions column in the pro forma condensed consolidated statements of operations:

- *DMG Transfer/Merger* As discussed above, the results of our Coal segment are not included in our historical results between September 1, 2011, the date of the DMG Transfer, and June 5, 2012, the date of the DMG Acquisition. The DMG Transfer adjustments included in the unaudited pro forma condensed consolidated statements of operations add back the results of our Coal segment for the period from January 1, 2012 through June 5, 2012. Accordingly, the results of our Coal segment are included for all periods presented.
- *Fresh-Start Adjustments* The fresh-start adjustments included in the unaudited pro forma condensed consolidated statements of operations remove the effects of the fresh-start adjustments as if fresh-start accounting had been applied effective January 1, 2012, including (i) the effects of implementing the Plan; (ii) the amortization of intangible assets and liabilities that were established with the application of fresh-start accounting; and (iii) the change in depreciation expense as a result of adjusting property, plant and equipment to its estimated fair value in connection with the application of fresh-start accounting.

The impact of the above items and discussion of additional pro forma adjustments are included in the notes to the unaudited pro forma condensed consolidated statements of operations.

NOTES TO UNAUDITED PRO FORMA CONDENSED CONSOLIDATED STATEMENTS OF OPERATIONS

- (a) Represents our unaudited consolidated statement of operations for the period indicated as reported in the Dynegy Form 10-Q for the period ended September 30, 2013, as filed with the SEC on November 7, 2013 and incorporated by reference herein.
- (b) Represents AER's unaudited consolidated statement of operations for the period ended September 30, 2013 as incorporated by reference herein. Certain reclassifications have been made to the historical presentation in order to conform to Dynegy's presentation.
- (c) Represents the removal of \$6 million of Dynegy's Acquisition and integration costs due to the AER Transaction Agreement.
- (d) Removes Dynegy's Bankruptcy reorganization items incurred during the period presented.
- (e) Represents the adjustments to reflect:
- The elimination of all historical interest expense associated with the Dynegy Midwest Generation, LLC (DMG) and Dynegy Power, LLC (DPC) credit agreements that were repaid in connection with the execution of the Credit Agreement and all historical interest expense associated with the B-1 Term Loan that was repaid in connection with the execution of the Senior Notes;
 - The addition of interest expense associated with the B-2 Term Loan and Senior Notes as if this debt had been issued on January 1, 2012; and
 - The elimination of the loss on extinguishment of debt incurred in 2013 in connection with the termination of the DPC and DMG credit agreements, the DPC Revolving Credit Agreement and the B-1 Term Loan.
- (f) The decrease in Revenues is comprised of the following:
- The elimination of \$19 million of revenues associated with the Put Assets as these assets were not acquired by Dynegy;
 - The inclusion of \$27 million in mark-to-market losses due to the elimination of AER's cash flow hedge accounting as Dynegy will not elect to designate qualifying derivative instruments as cash flow hedges subsequent to the completion of the acquisition. Eliminating cash flow hedge accounting results in the changes in the value of derivatives being recorded through Revenue instead of through Accumulated other comprehensive income; and

Edgar Filing: Dynege Coal Investments Holdings, LLC - Form S-4

- The inclusion of \$20 million of amortization expense related to intangible assets for power sales contracts.
- (g) Removes \$17 million in Cost of sales associated with the Put Assets as they were not acquired by Dynege.
- (h) Represents the adjustment to reflect:
- The reclassification of \$20 million of allocated corporate costs to General and administrative expense to conform to Dynege's policy. AER classified allocated corporate costs as Operating and maintenance expense and Dynege classifies these costs as General and administrative expense; and
 - The removal of \$9 million in Operating and maintenance expense associated with the Put Assets as they were not acquired by Dynege.
- (i) Represents the adjustment to reflect:
- The effect of the purchase accounting adjustments, which decreased depreciation expense by \$50 million due to the \$2.005 billion reduction of property, plant and equipment with an estimated average useful life of approximately 30 years (as discussed in note (h) to the unaudited pro forma condensed consolidated balance sheet included herein);

Table of Contents

- The elimination of \$4 million of depreciation expense related to the Put Assets as they were not acquired by Dynegy; and
 - The removal of \$1 million in depreciation expense associated with accretion expense for the asset retirement obligations of the Hutsonville and Meredosia plants being retained by Ameren.
- (j) Reflects the adjustment to eliminate impairments recognized by AER related to the Put Assets which were not acquired by Dynegy.
- (k) Reflects the reclassification of \$20 million of allocated corporate costs from Operating and maintenance expense to General and administrative expense as discussed in (h) above.
- (l) Represents the adjustment to eliminate interest associated with intercompany notes and money pool borrowings as these were settled prior to closing the AER Transaction, partially offset by the impact of adjusting Genco's \$825 million in senior notes to their estimated fair value of \$662 million as of September 30, 2013, resulting in increased amortization of the discount through interest expense.
- (m) Eliminates the income tax benefit recorded by Ameren. Dynegy's net deferred tax assets are fully reserved. For purposes of the unaudited pro forma condensed consolidated statements of operations, Dynegy has assumed any change in our net deferred taxes would be offset by changes in the valuation allowance.
- (n) Represents the reversal of 20% of depreciation expense reduction discussed in footnotes (i) and (bb) associated with Electric Energy, Inc. (EEI), due to AER's indirect 80% ownership interest in EEI.
- (o) Represents our consolidated statement of operations for the period indicated as reported in the Dynegy Form 10-K for the period ended December 31, 2012, as filed with the SEC on March 14, 2013 and incorporated by reference herein.
- (p) Represents AER's audited consolidated statement of operations for the year ended December 31, 2012 as incorporated by reference herein. Certain reclassifications have been made to the historical presentation in order to conform to Dynegy's presentation.
- (q) Represents the effect of the DMG Transfer, which increased Revenues by \$230 million, partially offset by a decrease in Revenues of \$69 million due to the amortization of intangible assets and liabilities related to capacity contracts, energy contracts and tolling agreements as a result of the application of fresh-start accounting.

Edgar Filing: Dynegy Coal Investments Holdings, LLC - Form S-4

- (r) Represents (i) the effect of the DMG Transfer, which increased Cost of sales by \$132 million, and (ii) the effect of fresh-start adjustments, which increased Cost of sales by \$32 million due to the amortization of intangible assets and liabilities related to coal and transportation contracts.
- (s) Represents the effect of the DMG Transfer, which increased Operating and maintenance expense by \$69 million, partially offset by \$2 million in fresh-start adjustments due to the reduction of other postretirement employee benefit and pension expense.
- (t) Represents a \$99 million decrease in depreciation expense due to a reduction in the value of property, plant and equipment as a result of the application of fresh-start accounting partially offset by a \$78 million increase in depreciation expense to include the effect of the DMG Transfer.
- (u) Represents the effect of the DMG Transfer, which increased General and administrative expenses by \$14 million partially offset by a decrease of \$1 million due to the reduction of other postretirement employee benefit and pension expense as a result of the application of fresh-start accounting.
- (v) In connection with the DMG Acquisition, Dynegy recorded an impairment of the Undertaking receivable, affiliate that was established in connection with the DMG Transfer. As the pro forma statement of operations

Table of Contents

assumes the DMG Transfer never occurred, the impairment of the Undertaking receivable, affiliate has been eliminated.

(w) Removes the interest income associated with the Undertaking receivable, affiliate.

(x) Dynege's net deferred tax assets were fully reserved as of December 31, 2012. Therefore, there is no tax impact related to the pro forma adjustments as we have assumed any changes to our net deferred taxes would be offset by changes in the valuation allowance.

(y) The decrease in Revenues is comprised of the following:

- The elimination of \$58 million of revenues associated with the Put Assets as these assets were not acquired by Dynege;
- The inclusion of \$159 million in mark-to-market losses due to the elimination of AER's cash flow hedge accounting as Dynege does not plan to elect to designate qualifying derivative instruments as cash flow hedges subsequent to the completion of the acquisition. Eliminating cash flow hedge accounting results in the changes in the value of the derivatives being recorded through Revenue instead of through Accumulated other comprehensive income; and
- The inclusion of \$27 million of amortization expense related to intangible assets for power sales contracts.

(z) Removes the \$40 million in Cost of sales associated with the Put Assets as they were not acquired by Dynege.

(aa) Represents the adjustment to reflect:

- The reclassification of \$44 million of allocated corporate costs from Operating and maintenance expense to General and administrative expense to conform to Dynege's policy; and
- The removal of \$9 million in Operating and maintenance expense associated with the Put Assets as they were not acquired by Dynege.

(bb) Represents the adjustment to reflect:

Edgar Filing: Dynegy Coal Investments Holdings, LLC - Form S-4

- The effect of the purchase accounting adjustments, which decreased depreciation expense by \$66 million due to the \$2.005 billion reduction of property, plant and equipment (as discussed in note (h) to the unaudited pro forma condensed consolidated balance sheet included herein);
- The elimination of \$21 million in depreciation expense related to the Put Assets as they were not acquired by Dynegy; and
- The removal of \$2 million in depreciation expense associated with accretion expense for the asset retirement obligations of the Hutsonville and Meredosia plants which were retained by Ameren.

(cc) Reflects the reclassification of \$44 million of allocated corporate costs as discussed in (aa) above.

NOTES TO UNAUDITED PRO FORMA CONDENSED CONSOLIDATED BALANCE SHEET

-
- (a) Represents our unaudited condensed consolidated balance sheet as reported in our Form 10-Q for the period ended September 30, 2013, as filed with the SEC on November 7, 2013 and incorporated by reference herein.
- (b) Represents AER's unaudited consolidated balance sheet as of the period ended September 30, 2013, as incorporated by reference herein. Certain reclassifications have been made to the historical presentation in order to conform to Dynegy's presentation.
- (c) Adjusts the cash acquired in the AER Transaction to the minimum amount required in accordance with the terms of the AER Transaction Agreement, plus the minimum \$25 million and \$4 million agreed to within the Letter Agreement.
- (d) Represents the adjustment to reflect the elimination of all intercompany agreements and debt between AER, on the one hand, and Ameren and its affiliates, on the other hand, with the exception of certain agreements, such as supply obligations to Ameren Illinois Company, and a note from AER/New AER to Ameren relating to cash collateral that remains outstanding following closing. The adjustment eliminates the Genco money pool advance of \$166 million which was cash-settled prior to Dynegy's acquisition of New AER. Of the surviving amounts, \$85 million was reclassified to Accounts payable and \$27 million was reclassified to Other long-term liabilities as discussed in (p) below.
- (e) Represents the impact to conform the financial statement presentation of derivatives, reducing the balance by \$34 million. AER presented its derivatives on a gross basis, while Dynegy presents its derivatives on a net basis.
- (f) Represents the adjustments to reflect the estimated current and non-current fair value of intangible assets related to non-derivative, retail power sales contracts.
- (g) Represents the adjustment to reflect the completion of the sale of the Put Assets.
- (h) Represents the adjustments made to reflect Property, Plant and Equipment at its estimated fair value.
- (i) Represents the adjustment to conform the financial statement presentation of derivative assets and liabilities. AER presented its derivatives on a gross basis and classified its long-term derivative assets within Other long-term assets while Dynegy presents its derivatives on a net basis and classifies its long-term derivative assets within Assets from risk management activities. The adjustment increased Assets from risk management activities and decreased Other long-term assets by \$24 million.

Edgar Filing: Dynegy Coal Investments Holdings, LLC - Form S-4

- (j) Represents the adjustment to Deferred financing costs to eliminate \$5 million of unamortized debt issuance costs.

- (k) Represents the adjustments to reflect the elimination of the current portion of AER's Genco tax payable to Ameren Illinois Company.

- (l) Eliminates the deferred income taxes recorded by Ameren. Dynegy's net deferred tax assets are fully reserved. For purposes of this unaudited pro forma condensed consolidated balance sheet, Dynegy has assumed any change in our net deferred taxes would be offset by changes in the valuation allowance.

- (m) Represents the adjustment to remove Genco's tax payable to Ameren Illinois Company, which was eliminated upon consummation of the AER Transaction.

- (n) Represents the amount required to adjust Genco's \$825 million of senior notes to their September 30, 2013 estimated fair value of \$662 million.

Table of Contents

(o) The adjustment conforms the financial statement presentation of derivative assets and liabilities as discussed in (i) above. The adjustment increased Liabilities from risk management activities and decreased Other long-term liabilities by \$16 million.

THE EXCHANGE OFFER

Terms of the Exchange Offer; Period for Tendering Old Notes

Subject to terms and conditions detailed in this prospectus, we will accept for exchange Old Notes which are validly tendered on or prior to the Expiration Date and not validly withdrawn as permitted below. We may, however, in our sole discretion, extend the period of time during which the exchange offer is open. The term *Expiration Date* means the latest time and date to which the exchange offer is extended.

As of the date of this prospectus, \$500 million in aggregate principal amount of Old Notes are outstanding. This prospectus, together with the letter of transmittal, is first being sent on or about the date hereof, to all holders of Old Notes known to us.

We expressly reserve the right, at any time, to extend the period of time during which the exchange offer is open, and delay acceptance for exchange of any Old Notes, by giving oral or written notice of such extension to the holders thereof as described below. During any such extension, all Old Notes previously tendered will remain subject to the exchange offer and may be accepted for exchange by us. Any Old Notes not accepted for exchange for any reason will be returned without expense to the tendering holder as promptly as practicable after the expiration or termination of the exchange offer.

Old Notes tendered in the exchange offer must be in denominations of principal amount of \$2,000 and integral multiples of \$1,000 in excess thereof; provided that the untendered portion of an Old Note or the portion thereof not accepted for exchange must be in a principal amount of \$2,000 or an integral multiple of \$1,000 in excess thereof.

We expressly reserve the right to amend or terminate the exchange offer, and not to accept for exchange any Old Notes, upon the occurrence of any of the conditions of the exchange offer specified in the section entitled *Summary Conditions to the Exchange Offer*. We will give oral or written notice of any extension, amendment, non-acceptance or termination to the holders of the Old Notes as promptly as practicable. Such notice, in the case of any extension, will be issued by means of a press release or other public announcement no later than 9:00 a.m., New York City time, on the next business day after the previously scheduled Expiration Date.

Procedures for Tendering Old Notes

The tender to us of Old Notes by you as set forth below and our acceptance of the Old Notes will constitute a binding agreement between us and you upon the terms and subject to the conditions set forth in this prospectus and in the accompanying letter of transmittal. Except as set forth below, to tender Old Notes for exchange pursuant to the exchange offer, you must transmit a properly completed and duly executed letter of transmittal, including all other documents required by such letter of transmittal or, in the case of a book-entry transfer, an agent's message in lieu of such letter of transmittal, to Wilmington Trust, National Association, as exchange agent, at the address set forth in the section entitled *Exchange Agent* on or prior to the Expiration Date. In addition, either:

Edgar Filing: Dynegy Coal Investments Holdings, LLC - Form S-4

- certificates for such Old Notes must be received by the exchange agent along with the letter of transmittal; or
- a timely confirmation of a book-entry transfer (a *book-entry confirmation*) of such Old Notes, if such procedure is available, into the exchange agent's account at DTC pursuant to the procedure for book-entry transfer must be received by the exchange agent, prior to the Expiration Date, with the letter of transmittal or an agent's message in lieu of such letter of transmittal.

The term *agent's message* means a message, transmitted by DTC to and received by the exchange agent and forming a part of a book-entry confirmation, which states that DTC has received an express acknowledgment from the tendering participant stating that such participant has received and agrees to be bound by the letter of transmittal and that we may enforce such letter of transmittal against such participant.

The method of delivery of Old Notes, letters of transmittal and all other required documents is at your election and risk. If such delivery is by mail, it is recommended that you use registered mail, properly insured, with

Table of Contents

return receipt requested. In all cases, you should allow sufficient time to assure timely delivery. No letter of transmittal or Old Notes should be sent to us.

Signatures on a letter of transmittal or a notice of withdrawal, as the case may be, must be guaranteed unless the Old Notes surrendered for exchange are tendered:

- by a holder of the Old Notes who has not completed the box entitled *Special Issuance Instructions* or *Special Delivery Instructions* on the letter of transmittal; or
- for the account of an eligible institution (as defined below).

In the event that signatures on a letter of transmittal or a notice of withdrawal are required to be guaranteed, such guarantees must be by a firm which is a member of the Securities Transfer Agent Medallion Program, the Stock Exchanges Medallion Program or the New York Stock Exchange Medallion Program (each such entity being hereinafter referred to as an *eligible institution*). If Old Notes are registered in the name of a person other than the signer of the letter of transmittal, the Old Notes surrendered for exchange must be endorsed by, or be accompanied by a written instrument or instruments of transfer or exchange, in satisfactory form as we or the exchange agent determine in our sole discretion, duly executed by the registered holders with the signature thereon guaranteed by an eligible institution.

We, or the exchange agent in our sole discretion, will make a final and binding determination on all questions as to the validity, form, eligibility (including time of receipt) and acceptance of Old Notes tendered for exchange. We reserve the absolute right to reject any and all tenders of any particular Old Note not validly tendered or to not accept any particular Old Note which acceptance might, in our judgment or our counsel's, be unlawful. We also reserve the absolute right to waive any defects or irregularities or conditions of the exchange offer as to any particular Old Note either before or after the Expiration Date (including the right to waive the ineligibility of any holder who seeks to tender Old Notes in the exchange offer). Our or the exchange agent's interpretation of the term and conditions of the exchange offer as to any particular Old Note either before or after the Expiration Date (including the letter of transmittal and the instructions thereto) will be final and binding on all parties. Unless waived, any defects or irregularities in connection with tenders of Old Notes for exchange must be cured within a reasonable period of time, as we determine. We are not, nor is the exchange agent or any other person, under any duty to notify you of any defect or irregularity with respect to your tender of Old Notes for exchange, and no one will be liable for failing to provide such notification.

If the letter of transmittal is signed by a person or persons other than the registered holder or holders of Old Notes, such Old Notes must be endorsed or accompanied by powers of attorney signed exactly as the name(s) of the registered holder(s) that appear on the Old Notes.

If the letter of transmittal or any Old Notes or powers of attorney are signed by trustees, executors, administrators, guardians, attorneys-in-fact, officers of corporations or others acting in a fiduciary or representative capacity, such persons should so indicate when signing. Unless waived by us or the exchange agent, proper evidence satisfactory to us of their authority to so act must be submitted with the letter of transmittal.

Edgar Filing: Dynegey Coal Investments Holdings, LLC - Form S-4

By tendering Old Notes, you represent to us that, among other things, the Exchange Notes acquired pursuant to the exchange offer are being obtained in the ordinary course of business of the person receiving such Exchange Notes, whether or not such person is the holder and that neither the holder nor such other person has any arrangement or understanding with any person, to participate in the distribution of the Exchange Notes. In the case of a holder that is not a broker-dealer, that holder, by tendering, will also represent to us that the holder is not engaged in, and does not intend to engage in, a distribution of the Exchange Notes.

However, any purchaser of Old Notes who is our affiliate, who intends to participate in the exchange offer for the purpose of distributing the Exchange Notes or a broker-dealer that acquired Old Notes in a transaction other than as part of its trading or market-making activities and who has arranged or has an understanding with any person to participate in the distribution of the Old Notes:

- cannot rely on the applicable interpretations of the staff of the SEC; and
- must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale transaction.

Table of Contents

Each broker-dealer that receives Exchange Notes for its own account in exchange for Old Notes, where such Old Notes were acquired by such broker-dealer as a result of market-making activities or other trading activities, must acknowledge that it will deliver a prospectus in connection with any resale of such Exchange Notes. See Plan of Distribution. The letter of transmittal states that by so acknowledging and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an underwriter within the meaning of the Securities Act.

Acceptance of Old Notes for Exchange; Delivery of Exchange Notes

Upon satisfaction or waiver of all of the conditions to the exchange offer, we will accept, promptly after the Expiration Date, all Old Notes validly tendered and will issue the Exchange Notes promptly after acceptance of the Old Notes. See Summary Conditions to the Exchange Offer. For purposes of the exchange offer, we will be deemed to have accepted validly tendered Old Notes for exchange if and when we give oral (confirmed in writing) or written notice to the exchange agent.

The holder of each Old Note accepted for exchange will receive an Exchange Note in the amount equal to the surrendered Old Note. Holders of Exchange Notes will receive interest accruing from the most recent date to which interest has been paid on the Old Notes, unless the record date for the first interest payment date after the consummation of the exchange offer preceded such date of consummation, in which case the interest payable on such interest payment date will be paid to the holders of the Old Notes.

In all cases, issuance of Exchange Notes for Old Notes that are accepted for exchange will be made only after timely receipt by the exchange agent of:

- certificates for Old Notes or a timely book-entry confirmation of such Old Notes into the exchange agent's account at DTC;
- a properly completed and duly executed letter of transmittal or an agent's message in lieu thereof; and
- all other required documents.

If any tendered Old Notes are not accepted for any reason set forth in the terms and conditions of the exchange offer or if Old Notes are submitted for a greater principal amount than the holder desires to exchange, such unaccepted or non-exchanged Old Notes will be returned without expense to the tendering holder (or, in the case of Old Notes tendered by book entry transfer into the exchange agent's account at DTC pursuant to the book-entry procedures described below, such non-exchanged Old Notes will be credited to an account maintained with DTC as promptly as practicable after the expiration or termination of the exchange offer).

Book-Entry Transfers

For purposes of the exchange offer, the exchange agent will request that an account be established with respect to the Old Notes at DTC within two business days after the date of this prospectus, unless the exchange agent has already established an account with DTC suitable for the exchange offer. Any financial institution that is a participant in DTC may make book-entry delivery of Old Notes by causing DTC to transfer such Old Notes into the exchange agent's account at DTC in accordance with DTC's procedures for transfer. Although delivery of Old Notes may be effected through book-entry transfer at DTC, the letter of transmittal or facsimile thereof or an agent's message in lieu thereof, with any required signature guarantees and any other required documents, must, in any case, be transmitted to and received by the exchange agent at the address set forth in the section entitled "Exchange Agent" on or prior to the Expiration Date.

Withdrawal Rights

You may validly withdraw your tender of Old Notes at any time prior to the Expiration Date. To be effective, a written notice of withdrawal must be received by the exchange agent at one of the addresses set forth in the section entitled "Exchange Agent." This notice must specify:

- the name of the person having tendered the Old Notes to be withdrawn;
- the Old Notes to be withdrawn (including the principal amount of such Old Notes); and

Table of Contents

- where certificates for Old Notes have been transmitted, the name in which such Old Notes are registered, if different from that of the withdrawing holder.

If certificates for Old Notes have been delivered or otherwise identified to the exchange agent, then, prior to the release of such certificates, the withdrawing holder must also submit the serial numbers of the particular certificates to be withdrawn and a signed notice of withdrawal with signatures guaranteed by an eligible institution, unless such holder is an eligible institution. If Old Notes have been tendered pursuant to the procedure for book-entry transfer described above, any notice of withdrawal must specify the name and number of the account at DTC to be credited with the withdrawn Old Notes and otherwise comply with the procedures of DTC.

We, or the exchange agent in our sole discretion, will make a final and binding determination on all questions as to the validity, form and eligibility (including time of receipt) of such notices. Any Old Notes so withdrawn will be deemed not to have been validly tendered for exchange for purposes of the exchange offer. Any Old Notes tendered for exchange but not exchanged for any reason will be returned to the holder without cost to such holder (or, in the case of Old Notes tendered by book-entry transfer into the exchange agent's account at DTC pursuant to the book-entry transfer procedures described above, such Old Notes will be credited to an account maintained with DTC for the Old Notes as soon as practicable after withdrawal, rejection of tender or termination of the exchange offer). Properly withdrawn Old Notes may be retendered by following one of the procedures described in the section entitled "Procedures for Tendering Old Notes" above at any time on or prior to the Expiration Date.

Accounting Treatment

We will record the Exchange Notes at the same carrying value as the Old Notes, as reflected in our accounting records on the date of the exchange. Accordingly, we will not recognize any gain or loss for accounting purposes. The expenses of the exchange offer will be amortized over the term of the Exchange Notes.

Consequences of Exchanging or Failing to Exchange Old Notes

If you do not exchange your Old Notes for Exchange Notes in the exchange offer, your Old Notes will continue to be subject to the provisions of the Indenture relating to the Exchange Notes regarding transfer and exchange of the Old Notes and the restrictions on transfer applicable to the Old Notes. These transfer restrictions are required because the Old Notes were issued under an exemption from, or in transactions not subject to, the registration requirements of the Securities Act and applicable state securities laws. In general, the Old Notes may not be offered or sold unless registered under the Securities Act, except under an exemption from, or in a transaction not subject to, the Securities Act and applicable state securities laws. We do not plan to register the Old Notes under the Securities Act. Based on interpretations by the staff of the SEC, as set forth in no-action letters issued to third parties, we believe that the Exchange Notes you receive in the exchange offer may be offered for resale, resold or otherwise transferred without compliance with the registration and prospectus delivery provisions of the Securities Act. However, you will not be able to freely transfer the Exchange Notes if:

- you are our affiliate, as defined in Rule 405 under the Securities Act;
- you are not acquiring the Exchange Notes in the exchange offer in the ordinary course of your business; or
- you have an arrangement or understanding with any person to participate in the distribution, as defined in the Securities Act, of the Exchange Notes you will receive in the exchange offer.

We do not intend to request the SEC to consider, and the SEC has not considered, the exchange offer in the context of a similar no-action letter. As a result, we cannot guarantee that the staff of the SEC would make a similar determination with respect to the exchange offer as in the circumstances described in the no action letters discussed above. Each holder, other than a broker-dealer, must acknowledge that it is not engaged in, and does not intend to engage in, a distribution of Exchange Notes and has no arrangement or understanding to participate in a distribution of Exchange Notes. If you are our affiliate, are engaged in or intend to engage in a distribution of the Exchange Notes or have any arrangement or understanding with respect to the distribution of the Exchange Notes you will receive in the exchange offer, you may not rely on the applicable interpretations of the staff of the SEC and you must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale transaction involving the Exchange Notes. If you are a participating broker-dealer, you must acknowledge that you will deliver a prospectus in connection with any resale of the Exchange Notes. In addition, to comply with state securities laws, you may not offer or sell the Exchange Notes in any state unless they have been registered or qualified for sale in that state or an exemption from registration or qualification is available and is complied with. The offer and sale of the Exchange Notes to qualified institutional buyers (as defined in Rule 144A of the Securities Act) is generally exempt from registration or qualification under state securities laws. We do not plan to register or qualify the sale of the Exchange Notes in any state where an exemption from registration or qualification is required and not available.

DESCRIPTION OF THE EXCHANGE NOTES

We issued the Old Notes under an Indenture dated May 20, 2013, among Dynegy, the Subsidiary Guarantors (as defined herein) and Wilmington Trust, National Association, as trustee, in a private transaction that was not subject to the registration requirements of the Securities Act. The terms of the Old Notes include those stated in the Indenture and those made part of the Indenture by reference to the Trust Indenture Act of 1939, as amended (the Trust Indenture Act). The following description is a summary of the material provisions of the Indenture. It does not restate the Indenture in its entirety. We urge you to read the Indenture because it, and not this description, defines your rights as holders of the Notes.

You can find the definitions of certain terms used in this description in the section entitled Certain Definitions. Certain defined terms used in this description but not defined below in the section entitled Certain Definitions have the meanings assigned to them in the Indenture. In this description, references to Dynegy, we, us and our refer only to Dynegy Inc. and not to any of its subsidiaries.

The registered holder of a Note is treated as the owner of it for all purposes. Only registered holders of Notes have rights under the Indenture. In exchange for the Old Notes, we will issue the Exchange Notes under the Indenture pursuant to this prospectus.

All references to Notes below refer to the Old Notes and the Exchange Notes unless the context otherwise requires.

Brief Description of the Notes and the Subsidiary Guarantees

The Notes

The Notes will:

- be general unsecured obligations of Dynegy;
- rank *pari passu* in right of payment with all of Dynegy's existing and future senior indebtedness;
- be effectively subordinated to Dynegy's secured indebtedness, including indebtedness incurred under the Credit Agreement, to the extent of the value of the collateral securing such indebtedness;

- be senior in right of payment to any of Dynege's subordinated indebtedness; and
- be unconditionally guaranteed on a joint and several basis by the Subsidiary Guarantors.

The Subsidiary Guarantees

Each Subsidiary Guarantor's guarantee of the notes will:

- be a general unsecured obligation of such Subsidiary Guarantor;
- rank *pari passu* in right of payment with all of such Subsidiary Guarantor's existing and future senior indebtedness;
- be effectively subordinated to such Subsidiary Guarantor's secured indebtedness, including such Subsidiary Guarantor's guarantee of Dynege's obligations under the Credit Agreement, to the extent of the value of the collateral securing such indebtedness; and
- be senior in right of payment to any of such Subsidiary Guarantor's subordinated indebtedness.

As of September 30, 2013, on a pro forma basis Dynege and the Subsidiary Guarantors had an aggregate of \$1.298 billion of indebtedness, of which \$798 million was secured.

Not all of Dynege's subsidiaries guarantee the Notes. The Notes are effectively subordinated in right of payment to all liabilities of any of Dynege's subsidiaries that does not guarantee the Notes, except to the extent

Table of Contents

that Dynegy is itself recognized as a creditor of the subsidiary, in which case its claims would still be effectively subordinated to the extent of any collateral securing such liabilities and would still be subordinated in right of payment to any indebtedness of the subsidiary senior to that held by Dynegy. See Risk Factors Risks Related to the Notes Your right to receive payments on the Notes could be adversely affected if any of our non-guarantor subsidiaries declare bankruptcy, liquidate, or reorganize.

Dynegy's indirect, wholly-owned subsidiary, IPH, acquired the AER Entities on December 2, 2013. The AER Entities will not guarantee the Notes. As of September 30, 2013, AER and its subsidiaries had \$2.425 billion of indebtedness and other liabilities, and \$3.019 billion of total assets. As noted in the unaudited pro forma condensed consolidated financial information, the majority of these liabilities will be eliminated or settled prior to the acquisition of New AER. In addition, AER and its subsidiaries had \$997 million of operating revenues for the nine months ended September 30, 2013.

Principal, Maturity and Interest

In this exchange offer, Dynegy will issue \$500,000,000 in aggregate principal amount of 5.875% Senior Notes due 2023. Dynegy will issue the Exchange Notes in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess thereof. The Notes mature on June 1, 2023.

Interest on the Notes will accrue at the rate of 5.875% per annum and will be payable semi-annually in arrears on June 1 and December 1 of each year, commencing on December 1, 2013. Dynegy will make each interest payment to the holders of record on the immediately preceding May 15 and November 15. Interest on the Exchange Notes will accrue from the date of original issuance or, if interest has already been paid, from the date it was most recently paid. Interest will be computed on the basis of a 360-day year comprised of twelve 30-day months. All references to interest in this description will be deemed to include any Special Interest payable pursuant to the Registration Rights Agreement.

Dynegy may issue additional Notes under the Indenture from time to time without the consent of the existing holders of Notes. Any additional Notes issued will have the same terms as the Notes, except for the issue date, issue price and initial interest payment date. The Notes and any additional Notes subsequently issued under the Indenture will be treated as a single class for all purposes under the Indenture, including, without limitation, waivers, amendments, redemptions and offers to purchase. Unless the context otherwise requires, for all purposes of this description, references to Notes include any additional notes issued.

Subsidiary Guarantees

The Notes will be unconditionally guaranteed, jointly and severally, on a senior unsecured basis by each of Dynegy's current and future Wholly-Owned Domestic Subsidiaries that from time to time is a borrower or guarantor under the Credit Agreement. The obligations of each Subsidiary Guarantor under its Subsidiary Guarantee will be limited as necessary to prevent that Subsidiary Guarantee from constituting a fraudulent conveyance under applicable law. See Risk Factors A court could cancel the guarantees of the Notes by our subsidiaries under fraudulent transfer law.

Edgar Filing: Dynegy Coal Investments Holdings, LLC - Form S-4

A Subsidiary Guarantor may not sell or otherwise dispose of all or substantially all of its assets to, or consolidate with or merge with or into (whether or not such Subsidiary Guarantor is the surviving Person) another Person, other than Dynegy or another Subsidiary Guarantor, unless immediately after giving effect to that transaction, no Default or Event of Default exists.

The Subsidiary Guarantee of a Subsidiary Guarantor will be released automatically:

(1) upon the release, discharge or termination of such Subsidiary Guarantor's obligations as a borrower under the Credit Agreement or such Subsidiary Guarantor's guarantee of the Credit Agreement; or

(2) upon defeasance or satisfaction and discharge of the notes as provided below under the captions Legal Defeasance and Covenant Defeasance and Satisfaction and Discharge.

Methods of Receiving Payments on the Notes

If a holder of Notes has given wire transfer instructions to Dynegy, Dynegy will pay or cause to be paid all principal, interest and premium on that holder's Notes in accordance with those instructions. All other payments on Notes will be made at the office or agency of the paying agent and registrar unless Dynegy elects to make interest payments by check mailed to the noteholders at their address set forth in the register of holders.

Paying Agent and Registrar for the Notes

The trustee will initially act as paying agent and registrar. Dynegy may change the paying agent or registrar without prior notice to the holders of the Notes, and Dynegy or any of its Subsidiaries may act as paying agent or registrar.

Transfer and Exchange

A holder may transfer or exchange Notes in accordance with the provisions of the Indenture. The registrar and the trustee may require a holder, among other things, to furnish appropriate endorsements and transfer documents in connection with a transfer of Notes. Holders will be required to pay all taxes due on transfer. Dynegy is not required to transfer or exchange any Note selected for redemption. Also, Dynegy is not required to transfer or exchange any Note for a period of 15 days before a selection of Notes to be redeemed.

Optional Redemption

At any time prior to June 1, 2016, Dynegy may on any one or more occasions redeem up to 35% of the aggregate principal amount of the Notes, upon not less than 30 nor more than 60 days' notice, at a redemption price of 105.875% of the principal amount of the Notes redeemed, plus accrued and unpaid interest, if any, to but excluding the redemption date (subject to the rights of holders of Notes on the relevant record date to receive interest due on the relevant interest payment date), with the proceeds of one or more Equity Offerings; *provided that*:

- (1) at least 65% of the aggregate principal amount of the Notes issued on the Issue Date (excluding notes held by Dynegy and its Subsidiaries) remains outstanding immediately after the occurrence of such redemption; and
- (2) the redemption occurs within 90 days of the date of the closing of such Equity Offering.

Edgar Filing: Dynegy Coal Investments Holdings, LLC - Form S-4

At any time prior to June 1, 2018, Dynegy may on any one or more occasions redeem all or a part of the Notes, upon not less than 30 nor more than 60 days' prior notice, at a redemption price equal to 100% of the principal amount of Notes redeemed, plus the Applicable Premium as of, and accrued and unpaid interest, if any, to but excluding the redemption date, subject to the rights of holders of Notes on the relevant record date to receive interest due on the relevant interest payment date.

Except pursuant to the preceding two paragraphs, the notes will not be redeemable at Dynegy's option prior to June 1, 2018. Dynegy is not prohibited, however, from acquiring the Notes in market transactions by means other than a redemption, whether pursuant to a tender offer or otherwise.

On or after June 1, 2018, Dynegy may on any one or more occasions redeem all or a part of the notes upon not less than 30 nor more than 60 days' notice, at the redemption prices (expressed as percentages of principal amount) set forth below, plus accrued and unpaid interest, if any, on the Notes redeemed, to but excluding the applicable redemption date, if redeemed during the 12-month period beginning on June 1 of the years indicated below (subject to the rights of noteholders on the relevant record date to receive interest on the relevant interest payment date):

Year	Percentage
2018	102.938%
2019	101.958%
2020	100.979%
2021 and thereafter	100.000%

Table of Contents

Mandatory Redemption

Dynegy is not required to make mandatory redemption or sinking fund payments with respect to the Notes.

Selection and Notice

If less than all of the Notes are to be redeemed at any time, the trustee (or registrar if other than the trustee) will select Notes for redemption on a pro rata basis to the extent practicable or by lot or such other similar method in accordance with the procedures of DTC, unless otherwise required by law or applicable stock exchange requirements.

No Notes of \$2,000 or less can be redeemed in part. Notices of redemption will be mailed by first class mail or delivered electronically at least 30 but not more than 60 days before the redemption date to each holder of Notes to be redeemed at its registered address, except that redemption notices may be mailed or delivered electronically more than 60 days prior to a redemption date if the notice is issued in connection with a defeasance of the Notes or a satisfaction and discharge of the Indenture. Any redemption notice may, in Dynegy's discretion, be subject to the satisfaction of one or more conditions precedent. If such redemption is subject to the satisfaction of one of more conditions precedent, such notice shall state that, in Dynegy's discretion, the redemption date may be delayed until such time as any or all such conditions shall be satisfied (or waived by Dynegy in its sole discretion), such redemption may not occur and such notice may be rescinded in the event that any or all of such conditions shall not have been satisfied (or waived by Dynegy in its sole discretion) by the redemption date, or by the redemption date so delayed.

If any Note is to be redeemed in part only, the notice of redemption that relates to that Note will state the portion of the principal amount of that Note that is to be redeemed. A new Note in principal amount equal to the unredeemed portion of the original Note will be issued in the name of the holder of Notes upon cancellation of the original Note. Notes called for redemption become due on the date fixed for redemption. On and after the redemption date, interest ceases to accrue on Notes or portions of them called for redemption.

Change of Control

If a Change of Control occurs, each holder of Notes will have the right to require Dynegy to repurchase all or any part (equal to \$2,000 or an integral multiple of \$1,000 in excess thereof) of that holder's Notes pursuant to a change of control offer (the "Change of Control Offer") on the terms set forth in the Indenture. In the Change of Control Offer, Dynegy will offer a payment (the "Change of Control Payment") in cash equal to 101% of the aggregate principal amount of the Notes repurchased, plus accrued and unpaid interest, if any, on the Notes to but excluding the date of purchase, subject to the rights of noteholders on the relevant record date to receive interest due on the relevant interest payment date.

Within 30 days following any Change of Control, Dynegy will mail (or deliver electronically) a notice to each holder describing the transaction or transactions that constitute the Change of Control and offering to repurchase Notes on the date for payment specified in the notice (the "Change of Control Payment Date"), which date will be no earlier than 30 days and no later than 60 days from the date such notice is mailed or delivered, pursuant to the procedures required by the Indenture and described in such notice. Dynegy will comply with the requirements of

Edgar Filing: Dynegy Coal Investments Holdings, LLC - Form S-4

Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with the repurchase of the Notes as a result of a Change of Control. To the extent that the provisions of any securities laws or regulations conflict with the Change of Control provisions of the Indenture, Dynegy will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the Change of Control provisions of the Indenture by virtue of such compliance.

Table of Contents

On the Change of Control Payment Date, Dynegey will, to the extent lawful:

- (1) accept for payment all Notes or portions of Notes properly tendered pursuant to the Change of Control Offer;
- (2) deposit with the paying agent an amount equal to the Change of Control Payment in respect of all Notes or portions of Notes properly tendered; and
- (3) deliver or cause to be delivered to the trustee the Notes properly accepted together with an Officer's Certificate stating the aggregate principal amount of Notes or portions of Notes being purchased by Dynegey.

The paying agent will promptly mail to each holder of Notes properly tendered the Change of Control Payment for such Notes, and the trustee will promptly authenticate and mail (or cause to be transferred by book entry) to each holder a new note equal in principal amount to any unpurchased portion of the Notes surrendered, if any; *provided* that each new note will be in a principal amount of \$2,000 or an integral multiple of \$1,000 in excess thereof. Dynegey will publicly announce the results of the Change of Control Offer on or as soon as practicable after the Change of Control Payment Date.

The provisions described above that require Dynegey to make a Change of Control Offer following a Change of Control will be applicable whether or not any other provisions of the Indenture are applicable. Except as described above with respect to a Change of Control, the Indenture does not contain provisions that permit the holders of the Notes to require that Dynegey repurchase or redeem the Notes in the event of a takeover, recapitalization or similar transaction.

Dynegey will not be required to make a Change of Control Offer upon a Change of Control if (1) a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the Indenture applicable to a Change of Control Offer made by Dynegey and purchases all Notes properly tendered and not withdrawn under the Change of Control Offer, or (2) notice of redemption has been given pursuant to the Indenture as described above under the caption *Optional Redemption*, unless and until there is a default in payment of the applicable redemption price. A Change in Control Offer may be made in advance of a Change of Control, with the obligation to pay and the timing of payment conditioned upon the occurrence of a Change of Control, if a definitive agreement to effect a Change of Control is in place at the time the Change of Control Offer is made.

The definition of Change of Control includes a phrase relating to the direct or indirect sale, lease, transfer, conveyance or other disposition of all or substantially all of the properties or assets of Dynegey and its Subsidiaries taken as a whole. There is a limited body of case law interpreting the phrase *substantially all*, and there is no precise established definition of the phrase under applicable law. Accordingly, the ability of a holder of Notes to require Dynegey to repurchase its Notes as a result of a sale, lease, transfer, conveyance or other disposition of less than all of the assets of Dynegey and its Subsidiaries taken as a whole to another Person or group may be uncertain.

Certain Covenants

Liens

Dynegy will not and will not permit any Subsidiary Guarantor to, create, incur, assume or suffer to exist or become effective any mortgage, pledge or other lien (other than Permitted Liens) upon any Principal Property to secure indebtedness for borrowed money represented by notes, bonds, debentures or other evidences of indebtedness, unless all payments due under the Indenture and the notes issued thereunder are secured on an equal and ratable basis with the obligations so secured until such time as such obligations are no longer secured by a lien.

Merger, Consolidation or Sale of Assets

Dynegy may not, directly or indirectly: (1) consolidate or merge with or into another Person (whether or not Dynegy is the surviving corporation) or (2) sell, assign, transfer, convey or otherwise dispose of all or

Table of Contents

substantially all of the properties or assets of Dynegy and its Subsidiaries taken as a whole, in one or more related transactions, to another Person; unless:

- (1) either (a) Dynegy is the surviving corporation or (b) the Person formed by or surviving any such consolidation or merger (if other than Dynegy) or to which such sale, assignment, transfer, conveyance or other disposition has been made is a corporation, partnership or limited liability company organized or existing under the laws of the United States, any state of the United States or the District of Columbia; *provided* that if the Person is a partnership or limited liability company, then a corporation wholly-owned by such Person organized or existing under the laws of the United States, any state of the United States or the District of Columbia that does not and will not have any material assets or operations shall become a co-issuer of the notes pursuant to supplemental indentures duly executed by the applicable trustee;
- (2) the Person formed by or surviving any such consolidation or merger (if other than Dynegy) or the Person to which such sale, assignment, transfer, conveyance or other disposition has been made assumes all the obligations of Dynegy under the Indenture, the Notes and the Registration Rights Agreement pursuant to documents in such form as are reasonably satisfactory to the trustee; and
- (3) immediately after such transaction, no Default or Event of Default exists.

In addition, Dynegy may not, directly or indirectly, lease all or substantially all of its properties or assets, in one or more related transactions, to any other Person.

This Merger, Consolidation or Sale of Assets covenant will not apply to:

- (1) a merger of Dynegy with an Affiliate solely for the purpose of reincorporating Dynegy in another jurisdiction or forming a direct holding company of Dynegy; and
- (2) any sale, transfer, assignment, conveyance, lease or other disposition of assets between or among Dynegy and its Subsidiaries, including by way of merger or consolidation.

Additional Subsidiary Guarantees

If any Wholly-Owned Domestic Subsidiary of Dynegy other than a Subsidiary Guarantor becomes a borrower under the Credit Agreement or guarantees any indebtedness under the Credit Agreement, within 30 days thereof Dynegy shall cause such Wholly-Owned Domestic Subsidiary to execute and deliver to the trustee a supplemental indenture pursuant to which such Subsidiary will guarantee payment of the Notes on the same terms and conditions as those applicable to the Subsidiary Guarantors under the Indenture and will deliver to the trustee an opinion of counsel that such supplemental indenture has been duly authorized, executed and delivered and constitutes a legally valid and enforceable

Edgar Filing: Dynegy Coal Investments Holdings, LLC - Form S-4

obligation (subject to customary qualifications and exceptions). Thereafter, such Wholly-Owned Domestic Subsidiary will be a Subsidiary Guarantor with respect to the Notes until such Wholly-Owned Domestic Subsidiary's Subsidiary Guarantee with respect to the Notes is released in accordance with the Indenture.

Reports

Whether or not required by the SEC's rules and regulations, so long as any Notes are outstanding, Dynegy will furnish to the trustee, within the time periods (including any extensions thereof) specified in the SEC's rules and regulations:

(1) all quarterly and annual reports that would be required to be filed with the SEC on Forms 10-Q and 10-K if Dynegy were required to file such reports; and

(2) all current reports that would be required to be filed with the SEC on Form 8-K if Dynegy were required to file such reports.

All such reports will be prepared in all material respects in accordance with all of the rules and regulations applicable to such reports. Each annual report on Form 10-K will include a report on Dynegy's consolidated financial statements by Dynegy's independent registered public accounting firm. In addition, Dynegy will file a copy of each of the reports referred to in clauses (1) and (2) above with the SEC for public availability within the time periods specified in the rules and regulations applicable to such reports (unless the SEC

will not accept such a filing). To the extent such filings are made with the SEC, the reports will be deemed to have been furnished to the trustee and holders of notes. Dynege agrees that it will not take any action for the purpose of causing the SEC not to accept any such filings.

If, notwithstanding the foregoing, the SEC will not accept Dynege's filings for any reason, Dynege will (i) post the reports referred to in the preceding paragraph on its website with no password protection within the time periods that would apply if Dynege were required to file those reports with the SEC, (ii) not later than ten business days after the time Dynege posts its quarterly and annual reports on its website, hold a quarterly conference call to discuss the information contained in such reports and (iii) no fewer than two business days prior to the date of the conference call required to be held in accordance with clause (ii) above, issue a press release to appropriate U.S. wire services announcing the time and date of such conference call and either including all information necessary to access the call or directing the holders or beneficial owners of, and prospective investors in, the notes and securities analysts and market makers to contact an individual at Dynege (for whom contact information shall be provided in such press release) to obtain the information on how to access such conference call.

In addition, Dynege agrees that, for so long as any Notes remain outstanding, at any time it is not required to file the reports required by the preceding paragraphs with the SEC, it will furnish to the holders and to securities analysts and prospective investors, upon their request, the information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act.

Events of Default and Remedies

Each of the following is an Event of Default with respect to the Notes:

- (1) default for 30 days in the payment when due of interest on the Notes;
- (2) default in payment when due of the principal of, or premium, if any, on the Notes;
- (3) failure by Dynege or a Subsidiary Guarantor to comply with any covenant in the Indenture (other than a default specified in clause (1) or (2) above) for 60 days after written notice by the trustee or holders of at least 25% in principal amount of the Notes;
- (4) default under any document evidencing any indebtedness for borrowed money by Dynege or any Subsidiary Guarantor, whether such indebtedness now exists or is created after the Issue Date, if that default:
 - (a) is caused by a failure to pay principal when due at final (and not any interim) maturity on or prior to the expiration of any grace period provided in such indebtedness (a *Payment Default*); or

Edgar Filing: Dynegey Coal Investments Holdings, LLC - Form S-4

(b) results in the acceleration of such indebtedness prior to its express maturity (without such acceleration having been rescinded, annulled or otherwise cured),

and, in each case, the principal amount of any such indebtedness, together with the principal amount of any other such indebtedness under which there has been a Payment Default or the maturity of which has been so accelerated (without such acceleration having been rescinded, annulled or otherwise cured), aggregates \$100.0 million or more; *provided* that this clause (4) shall not apply to (i) secured indebtedness that becomes due as a result of the voluntary sale or transfer of the property or assets securing such indebtedness and (ii) any indebtedness that is required to be converted into Qualifying Equity Interests upon the occurrence of certain designated events so long as no payments in cash or otherwise are required to be made in accordance with such conversion);

(5) except as permitted by the Indenture, any Subsidiary Guarantee of any Subsidiary Guarantor (or any group of Subsidiary Guarantors) that constitutes a Significant Subsidiary shall be held in any final and non-appealable judicial proceeding to be unenforceable or invalid or shall cease for any reason (other than in accordance with its terms) to be in full force and effect or any Subsidiary Guarantor (or any group of Subsidiary Guarantors) that constitutes a Significant Subsidiary, or any Person acting on behalf of any Subsidiary Guarantor (or any group of Subsidiary Guarantors) that constitutes a

Significant Subsidiary, shall deny or disaffirm in writing its or their obligations under its or their Subsidiary Guarantees; and

(6) (a) a court of competent jurisdiction (i) enters an order or decree under any Bankruptcy Law that is for relief against Dynegy, any Subsidiary Guarantor that is a Significant Subsidiary or any group of Subsidiary Guarantors that, taken together, would constitute a Significant Subsidiary in an involuntary case; (ii) appoints a custodian for all or substantially all of the property of Dynegy, any Subsidiary Guarantor that is a Significant Subsidiary or any group of Subsidiary Guarantors that, taken together, would constitute a Significant Subsidiary; or (iii) orders the liquidation of Dynegy, any Subsidiary Guarantor that is a Significant Subsidiary or any group of Subsidiary Guarantors that, taken together, would constitute a Significant Subsidiary and, in each of clauses (i), (ii) or (iii), the order, appointment or decree remains unstayed and in effect for at least 60 consecutive days; or (b) Dynegy, any Subsidiary Guarantor that is a Significant Subsidiary or any group of Subsidiary Guarantors that, taken together, would constitute a Significant Subsidiary, pursuant to or within the meaning of Bankruptcy Law (i) commences a voluntary case; (ii) consents to the entry of an order for relief against it in an involuntary case; (iii) consents to the appointment of a custodian of it or for all or substantially all of its property; (iv) makes a general assignment for the benefit of its creditors.

In the case of an Event of Default pursuant to clause (6) of the previous paragraph, the Notes that are outstanding will become due and payable immediately without further action or notice. If any other Event of Default occurs and is continuing, the trustee or the holders of at least 25% in principal amount of such Notes that are outstanding may declare all the Notes to be due and payable immediately.

Subject to certain limitations, holders of a majority in principal amount of the Notes that are then outstanding may direct the trustee in its exercise of any trust or power. The trustee may withhold from holders of the Notes notice of any continuing Default or Event of Default if it determines that withholding notice is in their interest, except a Default or Event of Default relating to the payment of principal or interest.

In case an Event of Default occurs and is continuing under the Indenture, the trustee will be under no obligation to exercise any of the rights or powers under the Indenture at the request or direction of any holders of the Notes unless such holders have offered to the trustee indemnity or security satisfactory to the trustee against any loss, liability or expense. Except to enforce the right to receive payment of principal, premium (if any) or interest when due, no holder of a Note may pursue any remedy with respect to the Indenture unless:

- (1) such holder has previously given the trustee notice that an Event of Default is continuing;
- (2) holders of at least 25% in aggregate principal amount of the Notes that are then outstanding have requested the trustee to pursue the remedy;
- (3) such holders have offered the trustee reasonable security or indemnity against any loss, liability or expense;
- (4) the trustee has not complied with such request within 60 days after the receipt thereof and the offer of security or indemnity; and

Edgar Filing: Dynegy Coal Investments Holdings, LLC - Form S-4

(5) holders of a majority in aggregate principal amount of the Notes that are then outstanding have not given the trustee a direction inconsistent with such request within such 60-day period.

The holders of a majority in aggregate principal amount of the Notes then outstanding by notice to the trustee may, on behalf of the holders of the Notes, rescind an acceleration or waive any existing Default or Event of Default and its consequences under the Indenture except a continuing Default or Event of Default in the payment of interest on, or the principal of, such Notes.

Dynegy is required to deliver to the trustee annually a statement regarding compliance with the Indenture. Upon becoming aware of any Default or Event of Default, Dynegy is required to deliver to the trustee a statement specifying such Default or Event of Default.

Table of Contents

No Personal Liability of Directors, Officers, Employees and Stockholders

No director, officer, employee, incorporator or stockholder of Dynegy or any Subsidiary Guarantor, as such, will have any liability for any obligations of Dynegy or the Subsidiary Guarantors under the Notes, the Indenture or the Subsidiary Guarantees, or for any claim based on, in respect of, or by reason of, such obligations or their creation. Each holder of Notes by accepting a Note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the Notes. The waiver may not be effective to waive liabilities under the federal securities laws.

Legal Defeasance and Covenant Defeasance

Dynegy may, at its option and at any time, elect to have all of its obligations discharged with respect to the Notes that are outstanding and all obligations of the Subsidiary Guarantors of such Notes discharged with respect to their Subsidiary Guarantees (*Legal Defeasance*) except for:

- (1) the rights of holders of the Notes that are then outstanding to receive payments in respect of the principal of, or interest or premium on such Notes when such payments are due from the trust referred to below;
- (2) Dynegy's obligations with respect to the Notes concerning issuing temporary notes, registration of notes, mutilated, destroyed, lost or stolen notes and the maintenance of an office or agency for payment and money for security payments held in trust;
- (3) the rights, powers, trusts, duties and immunities of the trustee for the Notes, and Dynegy's and the Subsidiary Guarantors' obligations in connection therewith; and
- (4) the Legal Defeasance provisions of the Indenture governing such Notes.

In addition, Dynegy may, at its option and at any time, elect to have the obligations of Dynegy and the Subsidiary Guarantors released with respect to certain covenants (including Dynegy's obligation to make Change of Control Offers) that are described in the Indenture (*Covenant Defeasance*) and thereafter any omission to comply with those covenants will not constitute a Default or Event of Default with respect to the Notes. In the event Covenant Defeasance occurs, certain events (not including non-payment, bankruptcy, receivership, rehabilitation and insolvency events) described under Events of Default and Remedies will no longer constitute an Event of Default with respect to the Notes.

In order to exercise either Legal Defeasance or Covenant Defeasance:

Edgar Filing: Dynegy Coal Investments Holdings, LLC - Form S-4

(1) Dynegy must irrevocably deposit with the trustee, in trust, for the benefit of the holders of the Notes, cash in U.S. dollars, non-callable Government Securities, or a combination of cash in U.S. dollars and non-callable Government Securities, in amounts as will be sufficient, in the opinion of a nationally recognized investment bank, appraisal firm or firm of independent public accountants to pay the principal of, or interest and premium on such Notes that are then outstanding on the Stated Maturity or on the applicable redemption date, as the case may be, and Dynegy must specify whether such Notes are being defeased to maturity or to a particular redemption date;

(2) in the case of Legal Defeasance, Dynegy has delivered to the trustee an opinion of counsel reasonably acceptable to the trustee confirming that (a) Dynegy has received from, or there has been published by, the Internal Revenue Service a ruling or (b) since the Issue Date, there has been a change in the applicable federal income tax law, in either case to the effect that, and based thereon such opinion of counsel will confirm that, the holders of the Notes that are then outstanding will not recognize income, gain or loss for federal income tax purposes as a result of such Legal Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;

(3) in the case of Covenant Defeasance, Dynegy has delivered to the trustee an opinion of counsel reasonably acceptable to the trustee confirming that the holders of the Notes that are then outstanding will not recognize income, gain or loss for federal income tax purposes as a result of such

Table of Contents

Covenant Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;

(4) no Default or Event of Default with respect to the Notes has occurred and is continuing on the date of such deposit (other than a Default or Event of Default resulting from the borrowing of funds to be applied to such deposit);

(5) such Legal Defeasance or Covenant Defeasance will not result in a breach or violation of, or constitute a default under any material agreement or instrument (other than the Indenture) to which Dynegy or any of its Subsidiaries is a party or by which Dynegy or any of its Subsidiaries is bound;

(6) Dynegy must deliver to the trustee an Officer's Certificate stating that the deposit was not made by Dynegy with the intent of preferring the holders of the Notes over the other creditors of Dynegy with the intent of defeating, hindering, delaying or defrauding creditors of Dynegy or others; and

(7) Dynegy must deliver to the trustee an Officer's Certificate and an opinion of counsel, each stating that all conditions precedent relating to the Legal Defeasance or the Covenant Defeasance have been complied with.

Amendment, Supplement and Waiver

Except as provided in the next two succeeding paragraphs, the Indenture, the Notes and the Subsidiary Guarantees may be amended or supplemented with the consent of the holders of a majority in principal amount of Notes then outstanding (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, the Notes), and any existing default or compliance with any provision of the Indenture, the Notes or the Subsidiary Guarantees may be waived with the consent of the holders of a majority in principal amount of the Notes that are then outstanding (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, the Notes).

Without the consent of each holder of notes affected, an amendment or waiver may not (with respect to any such Notes held by a non-consenting holder):

(1) reduce the principal amount of such Notes whose holders must consent to an amendment, supplement or waiver;

(2) reduce the principal of or change the fixed maturity of any such Note or alter the provisions with respect to the redemption of such Notes (other than provisions relating to the covenant described above under the caption "Change of Control" and provisions relating to the number of days of notice to be given in the event of a redemption);

Edgar Filing: Dynege Coal Investments Holdings, LLC - Form S-4

(3) reduce the rate of or change the time for payment of interest on any such Note;

(4) waive a Default or Event of Default in the payment of principal of, or interest or premium on such Notes (except a rescission of acceleration of such Notes by the holders of a majority in aggregate principal amount of such Notes and a waiver of the payment default that resulted from such acceleration);

(5) make any such note payable in currency other than that stated in such Notes;

(6) make any change in the provisions of the Indenture relating to waivers of past Defaults or the rights of holders of such Notes to receive payments of principal of, or interest or premium on such Notes;

(7) waive a redemption payment with respect to any such Note (other than a payment required by the covenant described above under the caption "Change of Control"); or

(8) make any change in the preceding amendment and waiver provisions.

Notwithstanding the preceding, without the consent of any holder of Notes, Dynege, the Subsidiary Guarantors and the trustee may amend or supplement the Indenture, the Notes and the Subsidiary Guarantees:

(1) to cure any ambiguity, defect or inconsistency;

Table of Contents

- (2) to provide for uncertificated notes in addition to or in place of certificated notes;

- (3) to provide for the assumption of Dynegy's or a Subsidiary Guarantor's obligations to holders of Notes in the case of a merger or consolidation or sale of all or substantially all of Dynegy's or such Subsidiary Guarantor's assets;

- (4) to make any change that would provide any additional rights or benefits to the holders of Notes or that does not adversely affect the legal rights under any indenture of any such holder;

- (5) to comply with requirements of the SEC in order to effect or maintain the qualification of any Indenture under the Trust Indenture Act;

- (6) to conform the text of the Indenture or the Notes to any provision of the Description of the Notes section of the confidential offering memorandum of Dynegy, dated May 15, 2013, relating to the initial offering of the Old Notes to the extent that such provision in that Description of the Notes was intended to be a verbatim or substantially verbatim recitation of a provision of the Indenture, the Notes or the Subsidiary Guarantees;

- (7) to evidence and provide for the acceptance and appointment under the Indenture of a successor trustee pursuant to the requirements thereof;

- (8) to provide for the issuance of additional notes in accordance with the limitations set forth in the Indenture; or

- (9) to allow any Subsidiary Guarantor to execute a supplemental indenture and/or a Subsidiary Guarantee with respect to the Notes.

Satisfaction and Discharge

The Indenture will be discharged and will cease to be of further effect as to all Notes issued thereunder, when:

(1) either:

(a) all such Notes that have been authenticated, except lost, stolen or destroyed Notes that have been replaced or paid and Notes for whose payment money has been deposited in trust and thereafter repaid to Dynegy, have been delivered to the trustee for such Notes for cancellation; or

(b) all such Notes that have not been delivered to the trustee for cancellation have become due and payable by reason of the mailing of a notice of redemption or otherwise or will become due and payable within one year and Dynegy or any Subsidiary Guarantor has irrevocably deposited or caused to be deposited with the trustee as trust funds in trust solely for the benefit of the holders of Notes, cash in U.S. dollars, non-callable Government Securities, or a combination of cash in U.S. dollars and non-callable Government Securities, in amounts as will be sufficient, without consideration of any reinvestment of interest, to pay and discharge the entire indebtedness on the Notes not delivered to the trustee for cancellation for principal, premium and accrued interest to the date of maturity or redemption;

(2) no Default or Event of Default under the Indenture has occurred and is continuing on the date of the deposit (other than a Default or Event of Default resulting from the borrowing of funds to be applied to such deposit) and the deposit will not result in a breach or violation of, or constitute a default under, any other instrument to which Dynegy or any Subsidiary Guarantor is a party or by which Dynegy or any Subsidiary Guarantor is bound;

(3) Dynegy or any Subsidiary Guarantor has paid or caused to be paid all sums payable by it under the Indenture; and

Table of Contents

(4) Dynegy has delivered irrevocable written instructions to the trustee under the Indenture to apply the deposited money toward the payment of the Notes at maturity or the redemption date, as the case may be.

In addition, Dynegy must deliver an Officer's Certificate and an opinion of counsel to the trustee stating that all conditions precedent to satisfaction and discharge have been satisfied.

Concerning the Trustee

If the trustee becomes a creditor of Dynegy or any Subsidiary Guarantor, the Indenture limits its right to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The trustee will be permitted to engage in other transactions; *however*, if it acquires any conflicting interest it must eliminate such conflict within 90 days, apply to the SEC for permission to continue (if the Indenture has been qualified under the Trust Indenture Act) or resign.

The holders of a majority in principal amount of the Notes that are outstanding will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy available to the trustee, subject to certain exceptions. The Indenture provides that in case an Event of Default occurs and is continuing, the trustee will be required, in the exercise of its power, to use the degree of care of a prudent man in the conduct of his own affairs. Subject to such provisions, the trustee will be under no obligation to exercise any of its rights or powers under the Indenture at the request of any holder of Notes, unless such holder has offered to the trustee security and indemnity satisfactory to it against any loss, liability or expense.

Certain Definitions

AER shall mean Ameren Energy Resources Company, LLC, an Illinois limited liability company (or, following a pre-closing reorganization completed by Ameren Corporation, a successor thereto).

Affiliate of any specified Person means any other Person directly or indirectly controlling or controlled by or under direct or indirect common control with such specified Person. Item 20. Indemnification of Directors and Officers.

The Delaware Corporations

Delaware General Corporation Law. Section 145 (*Section 145*) of the Delaware General Corporation Law (the *DGCL*) provides that a Delaware corporation may indemnify any persons who were, are or are threatened to be made, parties to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of such corporation), by reason of the fact that such person is or was an officer, director, employee or agent of such corporation, or is or was serving at the request of such corporation as a director, officer, employee or agent of another corporation or enterprise. The indemnity may include expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with such action, suit or proceeding, provided such person acted in good faith and in a manner he reasonably believed to be in or not opposed to the corporation's best interests and, with respect to any criminal action or proceeding, had no reasonable cause to believe that his conduct was illegal. Section 145(b) of the DGCL provides that a Delaware corporation may indemnify officers and directors in an action by or in the right of the corporation under the same conditions, except that no indemnification is permitted without judicial approval if the officer or director is adjudged to be liable to the corporation. Where an officer, director, employee or agent is successful on the merits or otherwise in the defense of any action referred to above, the corporation must indemnify him against the expenses which such officer or director has actually and reasonably incurred under Section 145(c).

Section 145(g) of the DGCL provides that a corporation shall have the power to purchase and maintain insurance on behalf of any person who is or was a director or officer of the corporation against any liability asserted against the person in any such capacity, or arising out of the person's status as such, whether or not the corporation would have the power to indemnify the person against such liability under the provisions of the DGCL.
