PROXY STATEMENT

FOR THE 2004 ANNUAL MEETING OF STOCKHOLDERS

April 26, 2004

The accompanying proxy is solicited on behalf of our Board of Directors for use at the 2004 Annual Meeting of Stockholders (the Meeting) to be held at our corporate offices located at 487 East Middlefield Road, Mountain View, California on Thursday, May 27, 2004 at 10:00 a.m., Pacific Time. Only holders of record of our common stock at the close of business on March 29, 2004, which is the record date, will be entitled to vote at the Meeting. At the close of business on the record date, we had 247,801,280 shares of common stock outstanding and entitled to vote. All proxies will be voted in accordance with the instructions contained therein and, if no choice is specified, the proxies will be voted in favor of the Nominees and the Proposals set forth in this proxy statement. This proxy statement and the accompanying form of proxy were first mailed to stockholders on or about April 26, 2004. An annual report for the year ended December 31, 2003 is enclosed with this proxy statement.

Voting Rights

Holders of our common stock are entitled to one vote for each share held as of the record date.

Vote Required to Approve the Proposals

With respect to Proposal No. 1, three directors will be elected by a plurality of the votes of the shares of common stock present in person or represented by proxy at the Meeting and voting on the election of directors.

Neither of the Proposals is conditional upon the approval of any of the other Proposals by the stockholders.

Quorum

A majority of the shares of common stock outstanding on the record date will constitute a quorum for the transaction of business at the Meeting. For purposes of the quorum and the discussion above regarding the vote necessary to take stockholder action, stockholders of record who are present at the meeting in person or represented by proxy and who abstain, including brokers holding customers' shares of record who cause abstentions to be recorded at the Meeting, are considered stockholders who are present and entitled to vote and count toward the quorum.

Effect of Abstentions

Abstentions will not be taken into account in determining the outcome of the election of directors. Abstentions are considered shares entitled to vote on other proposals and therefore would have the effect of a vote against the proposal.

Table of Contents

Effect of Broker Non-Votes

If a stockholder does not give a proxy to its broker with instructions as to how to vote the shares, the broker (under rules of New York Stock Exchange) has authority to vote those shares for or against certain routine matters, as are all of the proposals to be voted on at the Meeting. If a broker votes shares that are unvoted by its customers for or against a proposal, these shares are considered present and entitled to vote at the Meeting. These shares will count toward determining whether or not a quorum is present. These shares will also be taken into account in determining the outcome of all of the proposals.

Although all of the Proposals to be voted on at the Meeting are considered routine, where a matter is not routine, a broker generally would not be entitled to vote its customers unvoted shares. These shares would be considered present but are not considered entitled to vote on the matter. These shares would count toward determining whether or not a quorum is present. However, these shares would not be taken into account in determining the outcome of any of the Proposals.

Adjournment of Meeting

In the event that sufficient votes in favor of the Proposals are not received by the date of the Meeting, the persons named as proxies may propose one or more adjournments of the Meeting to permit further solicitations of proxies. Any such adjournment would require the affirmative vote of the majority of the outstanding shares present in person or represented by proxy at the Meeting.

Expenses of Soliciting Proxies

VeriSign will pay the expenses of soliciting proxies to be voted at the Meeting. Following the original mailing of the proxies and other soliciting materials, we and/or our agents may also solicit proxies by mail, telephone, telegraph, or in person. Following the original mailing of the proxies and other soliciting materials, we will request that brokers, custodians, nominees and other record holders of our shares forward copies of the proxy and other soliciting materials to persons for whom they hold shares and request authority for the exercise of proxies. In such cases, we will reimburse the record holders for their reasonable expenses if they ask us to do so.

Revocability of Proxies

Any person signing a proxy in the form accompanying this proxy statement has the power to revoke it prior to the Meeting or at the Meeting prior to the vote pursuant to the proxy. A proxy may be revoked by any of the following methods:

a written instrument delivered to VeriSign stating that the proxy is revoked;

a subsequent proxy that is signed by the person who signed the earlier proxy and is presented at the Meeting; or

attendance at the Meeting and voting in person.

Please note, however, that if a stockholder's shares are held of record by a broker, bank or other nominee and that stockholder wishes to vote at the Meeting, the stockholder must bring to the Meeting a letter from the broker, bank or other nominee confirming that stockholder's beneficial ownership of the shares.

Internet and Telephone Voting

If you hold shares of record as a registered shareholder, you can simplify your voting process and save the company expense by voting your shares by telephone at 1-800-435-6710 or on the Internet at www.eproxy.com/vrsn. More information regarding telephone and Internet voting is given on the proxy card. If you hold shares through a bank or brokerage firm, the bank or brokerage firm will provide you with separate instructions on a form you will receive from them. Many such firms make telephone or Internet voting available, but the specific processes available will depend on those firms' individual arrangements.

Table of Contents**PROPOSAL NO. 1****ELECTION OF DIRECTORS**

Our Amended and Restated Bylaws currently authorize no fewer than six and no more than nine directors. Our Board of Directors is currently comprised of nine directors. No Director during the last fiscal year attended fewer than 75% of the aggregate of (i) the total number of meetings held by the Board of Directors and (ii) the total number of meetings held by all committees on which he served during 2003. The Board of Directors has affirmatively determined that each director who serves on each of its committees is independent, as the term is defined by rules of The Nasdaq Stock Market and the Securities and Exchange Commission (SEC). The Board of Directors has appointed Kevin R. Compton as the Lead Independent Director. As Lead Independent Director, Mr. Compton may schedule and conduct separate meetings of the independent directors and perform other similar duties.

Audit Committee

The Board of Directors has established an audit committee that has responsibility for oversight of our financial, accounting and reporting processes and our compliance with legal and regulatory requirements, the appointment, termination, compensation and oversight of our independent auditors, including conducting a review of their independence, reviewing and approving the planned scope of our annual audit, overseeing the independent auditors' audit work, reviewing and pre-approving any non-audit services that may be performed by the independent auditors, reviewing with management and our independent auditors the adequacy of our internal financial controls, and reviewing our critical accounting policies and the application of accounting principles. Nominating and Corporate Governance Committee

The Board of Directors has established a nominating and corporate governance committee to recruit, evaluate, and nominate candidates for appointment or election to serve as members of the Board of Directors, recommend nominees for committees of the Board of Directors, recommend corporate governance policies and periodically review and assess the adequacy of these policies, and review annually the performance of the Board of Directors. The nominating and corporate governance committee is currently comprised of Messrs. Bidzos and Compton, each of whom is an independent director, under the rules of The Nasdaq Stock Market. The nominating and corporate governance committee's charter is located on our website at www.verisign.com/corporate/investor/corporate_governance.html. The nominating and corporate governance committee met two times during 2003.

In carrying out its function to nominate candidates for election to the Board of Directors, the nominating and corporate governance committee considers the performance and qualifications of each potential nominee or candidate, not only for their individual strengths but also for their contribution to the Board of Directors as a group.

The nominating and corporate governance committee considers candidates for director nominees proposed by directors, the chief executive officer and stockholders. The nominating and corporate governance committee may also from time to time retain one or more third-party search firms to identify suitable candidates. During 2003, we retained a search firm to identify potential director candidates for an additional seat on the Board of Directors.

If you would like the nominating and corporate governance committee to consider a prospective candidate, in accordance with our Bylaws, please submit the candidate's name and qualifications to: Board of Directors, VeriSign, Inc., 487 East Middlefield Road, Mountain View, California 94043, Attention: Corporate Secretary.

The nominating and corporate governance committee will consider all candidates identified through the processes described above, and will evaluate each of them, including incumbents and candidates nominated by stockholders, based on the same criteria.

Communicating with the Board of Directors

Any stockholder who desires to contact the Board of Directors may do so electronically by sending an e-mail to the following address: bod@verisign.com. Alternatively, a stockholder may contact the Board of Directors by writing to: Board of Directors, VeriSign, Inc., 487 East Middlefield Road, Mountain View, California 94043, Attention: Corporate Secretary. Edgar Filing: VERISIGN INC/CA - Form DEF 14A

The nominating and corporate governance committee will consider adopting a formal policy during the upcoming year. Our chairman and chief executive officer, Stratton Sclavos, attended our 2003 Annual Meeting of Stockholders.

Each member of the Board of Directors is eligible to receive stock options under VeriSign's stock option plans. Directors who are not employees of VeriSign (or any parent, subsidiary or affiliate of VeriSign) are eligible to participate in the 1998 Directors Stock Option Plan (the Directors Plan). The option grants under the Directors Plan are automatic and nondiscretionary, and the exercise price of the options is 100% of the fair market value of the common stock on the date of grant. Each new director who is eligible to participate will initially be granted an option to purchase 25,000 shares on the date such director first becomes a member of the Board of Directors. These grants are referred to as Initial Grants. On each anniversary of the Initial Grant (or most recent grant if such director did not receive an Initial Grant), each eligible director will automatically be granted an additional option to purchase 12,500 shares so long as such director has served continuously as a member of the Board of Directors since the date of the Initial Grant (or most recent grant if such director did not receive an Initial Grant). All options granted under the Directors Plan will vest as to 6.25% of the shares each quarter after the date of grant, provided the optionee continues as a director or, if VeriSign so specifies in the grant, as a consultant of VeriSign. In 2003, VeriSign granted under the Directors Plan to each of Messrs. Bidzos, Chenevich, Compton, Kriens, Moore and Reyes options to purchase 12,500 shares of its common stock with a weighted average exercise price of \$10.1913 per share, and to Mr. Roper an option to purchase 25,000 shares of its common stock with an exercise price of \$15.41 per share.

Compensation Committee Interlocks and Insider Participation

All members of the compensation committee during 2003 were independent directors, and none of them were employees or former employees of VeriSign. No executive officer of VeriSign has served on the compensation committee of the board of directors of any other entity that has or has had one or more executive officers who served as a member of the Board of Directors or the compensation committee of VeriSign during the 2003 fiscal year. Mr. Slavos, President, Chief Executive Officer and Chairman of the Board of Directors of VeriSign, served on the board of directors of Juniper Networks during the 2003 fiscal year. Severance Arrangement with Vernon L. Irvin

In May 2003, we entered into an agreement with Vernon L. Irvin that provides for payment of six months' base salary in the event he is terminated for reasons other than for cause or resignation.

Acceleration of Option Vesting in the Event of a Change of Control

Options generally vest at the rate of 25% of the shares subject to the option on the first anniversary of the date of the grant and thereafter with respect to 6.25% each quarter. However, upon certain changes in control, the options vesting schedule accelerates as to 50% of any shares that are then unvested for officers at the level of senior vice president and above and as to 100% of any shares that are then unvested for the president and chief executive officer.

Transaction Bonus and Retention Agreement with W.G. Champion Mitchell

In May 2003, we entered into a Transaction Bonus and Retention Agreement with W.G. Champion Mitchell for the purpose of incentivizing him to remain with the company and assist in selling the assets of Network Solutions, Inc.'s domain name registrar business and closing the related transaction. Under the terms of this Agreement, Mr. Mitchell received a cash payment of \$1,179,106.

REPORT OF THE COMPENSATION COMMITTEE

The compensation committee of the Board of Directors administers our executive compensation program. The current members of the compensation committee are D. James Bidzos, Len J. Lauer and Gregory L. Reyes, each of whom is a non-employee director within the meaning of Section 16 of the Securities Exchange Act of 1934, as amended, and an outside director within the meaning of Section 162(m) of the Internal Revenue Code. None of the committee members has any interlocking relationships as defined by the rules promulgated by the SEC.

General Compensation Philosophy

The role of the compensation committee is to set the salaries and other compensation of the executive officers and certain other key employees of VeriSign, and to make grants under, and to administer, the stock option and other employee equity and bonus plans. VeriSign's compensation philosophy for executive officers is to relate compensation to corporate performance and increases in stockholder value, while providing a total compensation package that is competitive and enables VeriSign to attract, motivate, reward and retain key executives and employees. Accordingly, each executive officer's compensation package may, in one or more years, be comprised of the following three elements:

base salary that is designed primarily to be competitive with base salary levels in effect at high technology companies in the Silicon Valley and other locations where we have employees that are of comparable size to VeriSign and with which VeriSign competes for executive personnel;

annual variable performance awards, such as bonuses, payable in cash and tied to the achievement of performance goals, financial or otherwise, established by the compensation committee; and

long-term stock-based incentive awards which strengthen the mutuality of interests between the executive officers and VeriSign's stockholders.

Executive Compensation

Base Salary. Salaries for executive officers for 2003 were generally determined on an individual basis by evaluating each executive's scope of responsibility, performance, prior experience and salary history, as well as the salaries for similar positions at comparable companies. In addition, VeriSign's Human Resources Department provided information to us regarding salary range guidelines for specific positions.

Base salary is adjusted each year to take into account the executive officer's performance and to maintain a competitive salary structure. We conduct reviews of executive compensation practices on an annual basis and may change each executive officer's salary based on the individual's contributions and responsibilities over the prior twelve months and any change in median comparable company pay levels. We believe that, on

Edgar Filing: VERISIGN INC/CA - Form DEF 14A

the basis of our knowledge of executive compensation in the industry, that VeriSign's salary levels for the executive officers are reasonable and necessary given the competition for executive talent in the industry and VeriSign's financial resources.

Bonus Plan. VeriSign has established a bonus plan that rewards employees who are identified as key contributors to the success of the company. Target bonuses are established based on a percentage of base salary

Table of Contents

and become payable upon the achievement of specified total company financial goals and personal and team objectives. We administer this plan with regard to the chief executive officer and the other executive officers of VeriSign. The executive management team administers the plan for all other employees.

VeriSign's total compensation philosophy is based on the concept that variable pay is earned through effective performance and contribution to the success of the company. Bonus payments are based on actual performance in achieving corporate, business unit (or divisional) and individual targets. Each year, the executive management team establishes the corporate financial goals for bonus measurement purposes and determines weightings for each element. The executive management team is responsible for ensuring that actual results are confirmed before they are applied against the bonus plan for payment purposes. The corporate target is based on VeriSign's earnings per share, total consolidated revenue, and operating income. Each business unit or divisional executive vice president is responsible for developing the targets and objectives for their division. All targets and objectives are aligned with the business plan for the fiscal year and monitored by VeriSign's corporate finance department. Individual performance is measured relative to the individual's personal contribution to the success of the organization. This element is objective and tied to individual documented objectives for the bonus year. All targets and related objectives are defined and measured on an annual basis.

Long-Term Incentive Awards. We believe that equity-based compensation in the form of stock options and restricted stock awards links the interests of executive officers with the long-term interests of VeriSign's stockholders and encourages executive officers to remain in VeriSign's employ. Stock options and restricted stock awards generally have value for executive officers only if the officer remains in VeriSign's employ for the period required for the shares to vest, and, in the case of stock options, only if the price of VeriSign's stock increases above the fair market value on the grant date.

VeriSign grants stock options and restricted stock awards in accordance with the 1998 Equity Incentive Plan and 2001 Stock Incentive Plan. In 2003, stock options and restricted stock awards were granted to executive officers to aid in the retention of executive officers and to align their interests with those of the stockholders. Stock options typically have been granted to executive officers when the executive first joins VeriSign; in connection with a significant change in responsibilities; annually as part of the VeriSign Key Contributor Stock Option Program; and, occasionally, to achieve equity within a peer group. We may, however, grant additional stock options and restricted stock awards to executive officers for other reasons. The number of shares subject to each stock option granted and restricted stock award is within our discretion and is based on anticipated future contribution and ability to impact VeriSign's results, past performance or consistency within the executive officer's peer group. In 2003, we considered these factors, as well as the number of unvested option shares held by the executive officer as of the date of grant. We may also grant stock options and restricted stock awards to executive officers to provide greater incentives to continue their employment with VeriSign and to strive to increase the value of VeriSign's common stock. The stock options generally become exercisable over a four-year period and are granted at a price that is equal to the fair market value of VeriSign's common stock on the date of grant. Shares granted under restricted stock awards generally vest over a two year period, although one-third of the shares may not be disposed of until after three years.

Chief Executive Officer Compensation

Mr. Sclavos' base salary, target bonus, bonus paid and long-term incentive awards for 2003 were determined by us in a manner consistent with the factors described above for all executive officers. Mr. Sclavos' base salary for 2003 was set at the annual rate of \$650,000; he was eligible for a target bonus of \$650,000, up to a maximum of \$1,300,000. Mr. Sclavos was paid a bonus in 2003 in accordance with VeriSign's regular bonus plan based on VeriSign's actual performance in fiscal year 2002 in achieving corporate financial and other targets described above as compared to planned results for these criteria. We also considered Mr. Sclavos' achievement of his individual objectives. An important aspect of VeriSign's continued success was, and will continue to be, Mr. Sclavos' leadership in developing and articulating the long-term strategic direction of VeriSign, as well as his continued attention to the development of the appropriate senior management team to

Table of Contents

support and execute that strategy. Finally, in considering competitive compensation practices with respect to Mr. Slavos' total compensation, we paid particular attention to the compensation practices of competitor companies and sought to assure that Mr. Slavos' total compensation was appropriate relative to the total compensation paid to the chief executive officers at similarly situated companies.

Internal Revenue Code Section 162(m) Limitation

Section 162(m) of the Internal Revenue Code limits the tax deduction to \$1.0 million for compensation paid to certain executives of public companies, unless compensation is commission- or performance-based. Having considered the requirements of Section 162(m), we believe that grants made pursuant to the 1998 Equity Incentive Plan and the 2001 Stock Incentive Plan meet the requirements that such grants be performance based and are, therefore, exempt from the limitations on deductibility. However, options granted under the 2001 Stock Incentive Plan may not be deductible depending on the time that such options are exercised. Historically, the combined salary and bonus of each executive officer has been below the \$1.0 million limit. Our present intention is to qualify to the maximum extent possible our executives' compensation for deductibility under applicable tax laws unless we feel that doing so would not be in the best interest of VeriSign and its stockholders.

This report is submitted by the Compensation Committee.

The audit committee operates under a written charter adopted by the Board of Directors. The members of the audit committee are Messrs. Roper (Chairman), Chenevich and Kriens.

Management is responsible for the preparation, presentation and integrity of VeriSign's financial statements, accounting and financial reporting principles and internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. The independent auditors, KPMG LLP, are responsible for performing an independent audit of VeriSign's consolidated financial statements in accordance with auditing standards generally accepted in the United States of America and for issuing a report thereon. The audit committee is responsible for oversight of our financial, accounting and reporting processes and our compliance with legal and regulatory requirements. The audit committee is also responsible for the appointment, termination, compensation and oversight of our independent auditors, which includes reviewing the independent auditors' independence, reviewing and approving the planned scope of the annual audit, overseeing the independent auditors' audit work, reviewing and pre-approving any non-audit services that may be performed by the independent auditors, reviewing with management and the independent auditors the adequacy of our internal financial controls, and reviewing our critical accounting policies and the application of accounting principles.

We have adopted a policy regarding rotation of the audit partners responsible for the audit of VeriSign's financial statements. No audit partner (as defined under SEC rules) of the public accounting firm providing audit services to VeriSign shall have served as the lead or coordinating audit partner (having primary responsibility for the audit) or as the audit partner responsible for reviewing the audit for more than five consecutive fiscal years.

During 2003, at each of our meetings, we met with the senior members of VeriSign's financial management team and our independent auditors. We recommended to the Board of Directors that KPMG LLP be engaged as VeriSign's independent auditors and we reviewed with KPMG LLP the overall audit scope and plans. We met privately with KPMG LLP to discuss the results of the audit, evaluations by the auditors of VeriSign's accounting and internal controls and quality of VeriSign's financial reporting. The audit committee met nine times during 2003.

Our review of the audited financial statements contained in VeriSign's Annual Report on Form 10-K for the year ended December 31, 2003 included a discussion of the accounting principles, reasonableness of significant judgments, and clarity of disclosures in the financial statements. Management represented to us that VeriSign's consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America and we have reviewed and discussed the consolidated financial statements with management and KPMG LLP.

We discussed with KPMG LLP matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees. We also discussed with KPMG LLP their annual written disclosures and letter on their independence from VeriSign and its management, as required by Independent Standards Board Standard No. 1, Independence Discussions with Audit Committees. The audit committee has also considered whether the non-audit services provided by KPMG LLP to VeriSign during 2003 are compatible with maintaining the auditors' independence.

Based upon our discussions with management and KPMG LLP and our review of the representations of management, and the report of KPMG LLP to the audit committee, we recommended to the Board of Directors that the audited consolidated financial statements be included in VeriSign's Annual Report on Form 10-K for the year ended December 31, 2003, for filing with the SEC.

This report is submitted by the Audit Committee.

The audit committee pre-approves all audit and permissible non-audit services provided by the independent auditors. These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally provided for up to one year, and any pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget.
