PROXY STATEMENT

Annual General Meeting of Shareholders

To Be Held June 24, 2004

PROXY SOLICITATION AND VOTING

General

This Proxy Statement is being furnished in connection with the Board of Director's solicitation of proxies from the shareholders of American Safety Insurance Holdings, Ltd. for use at the Annual General Meeting of Shareholders (the "Annual Meeting").

The Company is a specialty insurance holding company organized under the laws of Bermuda which, through its subsidiaries, develops, underwrites, manages and markets primary casualty insurance and reinsurance programs in the alternative insurance market in all 50 states for environmental remediation, contracting and other specialty risks. The Company is also the owner/developer of Harbour Village Golf & Yacht Club, a residential condominium, marina, par 3 golf course and beach club development in Ponce Inlet, Florida. Unless otherwise indicated by the context, the term "Company" or "American Safety" shall refer to American Safety Insurance Holdings, Ltd. and its subsidiaries.

The enclosed proxy is for use at the Annual Meeting if a shareholder is unable to attend the Annual Meeting in person or wishes to have his shares voted by proxy, even if he attends the Annual Meeting. Any proxy may be revoked by the person giving it at any time before its exercise, by notice to the Secretary of the Company, by submitting a proxy having a later date, or by such person appearing at the Annual Meeting and voting in person. All shares represented by valid proxies received pursuant to this solicitation and not revoked before their exercise, will be voted in the manner specified therein. If a proxy is signed and no specification is made, the shares represented by the proxy will be **voted for** each of the Proposals described in this Proxy Statement and in accordance with the best judgment of the persons exercising the proxy with respect to any other matters presented for action at the Annual Meeting.

This Proxy Statement and the enclosed proxy are being mailed to the Company's shareholders on or about May 24, 2004.

Record Date and Outstanding Shares

The Board of Directors has set May 10, 2004 as the record date for the Annual Meeting. Only shareholders of record at the close of business on the record date will be entitled to notice of and to vote at the Annual Meeting. As of the record date, there were 6,921,935 common shares of the Company issued and outstanding.

Quorum and Voting Rights

A quorum for the transaction of business at the Annual Meeting consists of the holders of at least one-third of the outstanding common shares of the Company entitled to vote at the Annual Meeting present in person or represented by proxy.

Each holder of common shares of the Company is entitled to one vote per share on each matter to come before the Annual Meeting, other than a holder subject to the 9.5% voting limitation as set forth in the Company's Bye-Laws. Each of the Proposals requires the affirmative vote of a majority of the common shares of the Company present in person or represented by proxy at the Annual Meeting. The Company's Bye-Laws do not provide for cumulative voting.

Abstentions and broker non-votes are not counted in determining the number of votes cast in connection with the matters presented for action at the Annual Meeting. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received voting instructions from the beneficial ownership. Under New York Stock Exchange rules, brokers or other nominees who are New York Stock Exchange members are expected to have discretionary voting power for the election of directors (Proposal 1 and Proposal 2) and the ratification of the independent accountants (Proposal 3). Accordingly, abstentions and broker non-votes (if any) with respect to each Proposal will not be counted as votes cast and will have no effect on the result of the vote, although they will count toward the presence of a quorum.

Solicitation of Proxies

In addition to this solicitation by mail, the officers and employees of the Company, without additional compensation, may solicit proxies in favor of the Proposals, if deemed appropriate, by personal contact, letter, telephone or other means of communication. Brokers, nominees and other custodians and fiduciaries will be requested to forward proxy solicitation material to the beneficial owners of the common shares of the Company where appropriate, and the Company will reimburse them for their reasonable expenses incurred in connection with such transmittals. The costs of solicitation of proxies for the Annual Meeting will be borne by the Company.

THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE FOR PROPOSAL 3 TO RATIFY THE REAPPOINTMENT OF KPMG.

CORPORATE GOVERNANCE

Meetings and Committees of the Board of Directors

The Board of Directors of the Company had six meetings and acted by unanimous consent once during 2003. All directors attended at least 75% of all of the meetings of the Board of Directors and the committees thereof on which they served during 2003.

Independence

The New York Stock Exchange listing standards require listed companies to have a board of directors with at least a majority of independent directors. The Board has determined that each current director and each nominee for election, with the exception of Messrs. Crim and Treadway (who are currently employed by the Company, or who have been employed by the Company within the last three years), qualifies as an independent director. In determining each director's independence, the Board did consider that Messrs. Brueggen, Mueller and Treadway are officers of American Safety Risk Retention Group, Inc. This entity is consolidated with the Company for accounting purposes and, for purposes of independence analysis, is considered an affiliate of the Company, and thus does not prevent these directors from being considered independent.

Committees of the Board

The Board of Directors has established five standing committees: the audit committee, the compensation committee, the nominating and corporate governance committee, the executive committee and the finance committee.

The audit committee is composed of independent directors and reviews the scope of the Company's audit, recommends to the Board of Directors the engagement of independent accountants, and reviews such accountants' reports. The audit committee operates pursuant to a written charter, a copy of which is attached to this Proxy Statement as Appendix A. The current members of the audit committee are Messrs. Birdwell, Brueggen and Weaver. The Board has determined that Mr. Brueggen is qualified as an audit committee financial expert within the meaning of the Securities and Exchange Commission regulations, and has accounting and related financial management expertise within the meaning of the listing standards of the New York Stock Exchange. The audit committee held six meetings during 2003.

The compensation committee recommends to the Board of Directors matters regarding executive compensation and stock options. The current members of the compensation committee are Messrs. Brueggen, Mueller and Treadway. The compensation committee held two meetings during 2003.

The nominating and corporate governance committee has as its purpose identifying individuals qualified to become members of the Board and to recommend to the Board candidates for election or reelection as directors; monitoring and recommending corporate governance and other Board practices; and overseeing performance reviews of the Board, its committees and the individual members of the Board. The nominating committee operates pursuant to a written charter, a copy of which is attached to this Proxy Statement as Appendix B. The current

members of the nominating and corporate governance committee are Messrs. Birdwell, Brueggen, Geneen and Mueller. The nominating and corporate governance committee was established by the Board in January 2004.

The executive committee exercises the general power and authority of the Board of Directors between meetings of the Board of Directors. The current members of the executive committee are Messrs. Birdwell, Brueggen, Crim and Treadway. The executive committee acted by unanimous written consent three times during 2003.

The finance committee is responsible for recommending portfolio allocations to the Board of Directors, approving the Company's guidelines which provide standards to ensure portfolio liquidity and safety, approving investment managers and custodians for portfolio assets, and considering other matters regarding the financial affairs of the Company. The current members of the finance committee are Messrs. Birdwell, Brueggen and Mauldin. The finance committee held two meetings during 2003.

Executive Sessions

The independent directors meet in executive sessions, at which only independent directors are present, on a regularly scheduled basis after each meeting of the Board of Directors and as needed.

Board Attendance at Annual Meeting

It is the policy of the Company and the Board of Directors that all directors attend the Annual Meeting and be available for questions from shareholders, except in the case of unavoidable conflicts.

Shareholder Communications to the Board

Shareholders and other parties interested in communicating directly with the Company's Board of Directors or any individual may contact them by writing c/o Secretary, 44 Church Street, Hamilton HM HX, Bermuda. The Secretary will receive the correspondence and forward it to the individual director or directors to whom the correspondence is directed or the chairman of the Nominating and Corporate Governance Committee. The Secretary will not forward any correspondence that is unduly hostile, threatening, illegal, not reasonably related to the Company or its business or similarly inappropriate.

Consideration of Director Nominees

The nominating and corporate governance committee has been delegated the task of seeking qualified candidates for directors and evaluating and recommending for subsequent ratification by the Board for nomination candidates for election or reelection as directors. The Board believes that candidates for director should have certain minimum qualifications, including the characteristics described in our nominating and corporate governance committee charter. In searching for potential Board nominees, the nominating and corporate governance committee seeks directors who are able to devote significant time and effort to Board and Board committee responsibilities. The nominating and corporate governance

committee also considers whether a

nominee is independent based on regulations of the Securities and Exchange Commission and the listing standards of the New York Stock Exchange.

The nominating and corporate governance committee has not to date considered nominees recommended by shareholders but expects to reassess this process in the future. However, shareholders may nominate persons to serve as directors at the Annual Meeting.

Director Compensation

Pursuant to the Company's 1998 Directors Stock Award Plan, as amended, all directors (who are not full-time employees) have been awarded an annual retainer award in the form of common shares of the Company having a fair market value of \$15,000. The retainer award shares are granted to the directors who are serving as directors immediately after each Annual General Meeting and the fair market value of the common shares is determined as of that date. The retainer award shares vest as of the day immediately preceding the next Annual Meeting following the date of grant.

During 2003, directors were also paid \$500 per day for attendance at each meeting of the Board of Directors or each meeting of a committee of the Board of Directors on which they serve. Directors also are reimbursed for their reasonable travel expenses in connection with their Board service.

Code of Business Conduct and Ethics

The Board of Directors has approved a Code of Business Conduct and Ethics in accordance with rules of the Securities Exchange Commission and the New York Stock Exchange listing standards applicable to all directors, officers and employees, including the principal executive officers, principal financial officers, principal and senior accounting officers or controller, or person performing similar functions. The Code of Business Conduct and Ethics is intended to provide guidance to directors and management to assure compliance with law and promote ethical behavior. The Company's Code of Business Conduct and Ethics is attached to this Proxy Statement as Appendix C.

The Company maintains the 1998 Incentive Stock Option Plan, as amended (the Incentive Plan), which is intended to further the interests of the Company and its shareholders by attracting, retaining and motivating officers, employees, consultants and advisors to participate in the long-term development of the Company through ownership of common shares. The Incentive Plan provides for the grant of stock options, which may be either non-qualified stock options or incentive stock options for tax purposes.

The Incentive Plan is administered by the compensation committee of the Company's Board of Directors. The compensation committee is authorized to determine the terms and conditions of all option grants, subject to the limitations set forth in the Incentive Plan. In accordance with the terms of the Incentive Plan, the option price per share shall not be less than the fair market value of the common shares on the date of grant and the term of any options granted may be no longer than ten years, and there may or may not be a vesting period before any recipient may exercise any such options. Compensation Committee Interlocks and Insider Participation

Since January 2001, Frederick C. Treadway, a director of the Company and a member of the Board's compensation committee, has served as president of the Company's subsidiary, Rivermar Contracting Company, in connection with the construction of Harbour Village Golf & Yacht Club in Ponce Inlet, Florida. Mr. Treadway's employment agreement has a term of five years and provides for an annual salary of \$100,000, a grant of non-incentive stock options which are immediately exercisable, and other customary executive benefits.

COMPENSATION COMMITTEE REPORT

The compensation committee of the Company's Board of Directors is composed of three directors and recommends to the Board of Directors matters regarding executive compensation. The compensation for each of the Company's executive officers consists of a base salary, an annual discretionary bonus, stock options, health insurance and other benefits. The compensation committee generally reviews salary recommendations with the Company's Chief Executive Officer with regard to other executive officers and employees. The compensation committee reviews salary recommendations based upon an evaluation of the individual's performance of the position held, the Company's operating results, and the individual's contribution to the Company's operating results. The base salary is intended to be competitive with base salaries paid by other insurance companies to executives with similar qualifications, experience and responsibilities. In addition to the base salary, each executive is eligible for an annual discretionary bonus based on the Company's performance and an award of stock options. The intended purpose of granting stock options to the Company's executives is to align the interests of each executive with the interests of the Company's shareholders. Stock options are granted under the Company's Incentive Plan at the prevailing market price on the date of grant and would only have value if the Company's stock price increases. Grants of stock options generally are based on the position held by the executive and the evaluation of the executive's past and expected future contributions to the Company's operating results.

Stephen R. Crim, then Executive Vice President of the Company and President of the Company's United States insurance and Bermuda reinsurance operations, entered into a three year employment agreement with the Company in January 2002, which provided for an annual base salary of \$275,000 in 2002, \$300,000 in 2003 and \$325,000 in 2004, annual discretionary bonus, and other customary executive benefits including stock options and health insurance. Mr. Crim became Chief Executive Officer and President of the Company effective January 1, 2003. Mr. Crim's compensation is determined pursuant to the principles noted above, and specific consideration is given to Mr. Crim's responsibilities and his contribution to the Company's operating results.

AUDIT COMMITTEE REPORT

The audit committee of the Company's Board of Directors is composed of independent directors and operates under a written charter adopted by the Board of Directors. Each member of the audit committee is independent and the committee complies with other New York Stock Exchange requirements. The primary function of the audit committee is to assist the Board of Directors in fulfilling its oversight responsibilities by reviewing: (i) the financial reports and other financial information provided by the Company to any governmental body or the public; (ii) the Company's systems of internal controls regarding finance, accounting, legal compliance and ethics that management and the Board of Directors have established; and (iii) the Company's auditing, accounting and financial reporting processes generally.

The audit committee also recommends to the Board of Directors the appointment of the Company's independent accountants. Management of the Company is responsible for the internal controls and the financial reporting process. The independent accountants are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and to issue a report thereon. The audit committee's responsibility is to monitor and oversee these processes.

In the performance of its oversight function, the audit committee has performed the duties required by its charter, including meetings and discussions with management and the independent accountants, and has reviewed and discussed the consolidated financial statements with management and the independent accountants. The audit committee has also discussed with the independent accountants the matters required to be discussed by the Statement on Auditing Standards Number 61, *Communication with Audit Committees*, which include, among other items, matters related to the conduct of the audit of the Company's consolidated financial statements. The audit committee has also received written disclosures and the letter from the independent accountants required by Independence Standards Board Standard Number 1, *Independent Discussions with Audit Committees*, and has discussed with the independent accountants such firm's independence with respect to the Company.

Based on the reports by, and discussions with, management and the independent accountants, the audit committee recommended to the Board of Directors that the Company's audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for year ended December 31, 2003.

AUDIT COMMITTEE CHARTER

January 2004

Purposes

The primary purposes of the Audit Committee are to assist the Board in its oversight of (1) the integrity of the Company's financial statements, (2) the Company's compliance with legal and regulatory requirements, (3) the independent auditor's qualifications and independence and (4) the performance of the Company's internal audit function and independent auditors. Its responsibilities in that regard include:

Reviewing the financial reports and other financial information provided by the Company to any governmental or other regulatory body and monitoring any public distribution or other uses thereof;

Reviewing the annual independent audit of the Company's financial statements;

Reviewing the Company's systems of internal accounting and financial controls; and

Reviewing and monitoring the internal audit process and internal audit results.

In discharging its duties, the Committee is empowered to investigate any matter brought to its attention with full access to all Company books, records, facilities, personnel, legal counsel and independent auditors, along with the sole power to retain and terminate outside counsel, auditors or other experts for this purpose and to approve their fees and other retention terms. Any independent auditor retained by the Company shall report directly to the Committee and is ultimately accountable to the Committee. The Committee shall be entitled to incur at the Company's expense such other ordinary expenses that are necessary or appropriate in carrying out its duties.

The Committee shall review the adequacy of this Charter on an annual basis and recommend any appropriate changes to the Board for consideration.

Membership

Appointment and Removal. The Committee shall be appointed by the Board and shall serve at the pleasure of the Board for such term as the Board may decide or, with respect to an individual Committee member, until such Committee member is no longer a Board member. The Board shall designate the Chairman of the Committee.

Number and Meetings. The Committee shall be comprised of not less than three members of the Board. The Committee shall meet as often as necessary to fulfill its responsibilities.

Independence. The Committee members will each qualify as (1) an independent director under the rules of the New York Stock Exchange and (2) independent as defined by the rules and regulations of the Securities Exchange Act of 1934. These requirements as currently in effect are summarized in Annex A hereto. Accordingly, the members of the Committee will be directors who the Board affirmatively concludes have no material relationship to the Company, as determined by the Board, either directly or as a partner, shareholder or officer of any organization that has a relationship with the Company.

The failure of the Committee to satisfy the independence requirements set forth above or the financial literacy requirements set forth below shall not invalidate any actions taken by the Committee.

Financial Literacy. The Committee members will meet the experience requirements of the New York Stock Exchange and the Securities Exchange Act of 1934. Each Committee member will be financially literate or will become financially literate within a reasonable period of time after his or her appointment to the Committee. In addition, at least one member of the Committee will have accounting or related financial management expertise and that member or another member of the Committee must be an audit committee financial expert (as such term is defined by the rules and regulations of the Securities Exchange Act of 1934). The designation or identification of a person as an audit committee financial expert shall not (a) impose on such person any duties, obligations or liability greater than the duties, obligations and liability imposed on such person as a member of the Committee and the Board in the absence of such designation or identification or (b) affect the duties, obligations or liability of any other member of the Committee or the Board.

Responsibilities

The Company's management is responsible for preparing the Company's financial statements, and the independent auditors are responsible for auditing those financial statements. Additionally, the Board recognizes that the Company's financial management, as well as the independent auditors, have more time, knowledge and detailed information regarding the Company than do Committee members. As a result, in carrying out its oversight responsibilities, the Committee's role is not to provide expert or special assurance as to the Company's financial statements or any professional certification as to the independent auditors' work. As used in this Charter, the term independent auditor means any independent auditor, including one constituting a registered public accounting firm (as defined in Section 2(a)(12) of the Sarbanes-Oxley Act of 2002), engaged for the purpose of preparing or issuing an audit report or performing other audit review or attest services for the Company.

The following functions shall be the common, recurring activities of the Committee in carrying out its duties.

1. **Retention of Independent Auditors.** The Committee shall be directly responsible for the appointment, compensation, retention, oversight and termination of the independent auditors. The Committee shall have the ultimate authority and responsibility to select the independent auditor (including approval of all engagement fees and terms and resolution of disagreements between management and the independent auditors), evaluate the independent

auditors (including its qualifications, performance and independence) and, where appropriate, replace the independent auditors.

2. Independence of Auditors. In connection with the retention of the Company's independent auditors, the Committee shall, at least annually, review and discuss the information provided by management and the auditors relating to the independence of the audit firm, including, among other things, information related to the non-audit services provided and expected to be provided by the auditors and the other relationships between the Company and the auditors. The Committee shall be responsible for (a) ensuring that the independent auditors submit at least annually to the Committee a formal written statement delineating all relationships between the auditors and the Company consistent with applicable independence standards, (b) actively engaging in a dialogue with the auditors with respect to any disclosed relationship or service that may impact the objectivity and independence of the auditors and (c) taking appropriate action in response to the auditors' report to satisfy itself of the auditors' independence.

3. Pre-Approval of Audit and Non-Audit Services. The Committee shall pre-approve all audit, review or attest services and all permissible non-audit services. The Committee may delegate to one or more of its members the authority to pre-approve audit services and non-audit services pursuant to any pre-approval policies and procedures established by the Committee and satisfying the requirements set forth in the Securities Exchange Act of 1934; provided, however, that all pre-approved services must be disclosed by such delegate to the full Committee at each of its scheduled meetings.

4. Independent Auditors' Quality Control. The Committee shall obtain and review a report from the independent auditors, at least annually, which describes (a) the audit firm's internal quality-control procedures and (b) any material issues raised by the most recent internal quality-control review, or peer review, of the audit firm, or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, respecting one or more independent audits carried out by the audit firm, and any steps taken to deal with any such issues.

5. External Audit Plans. The Committee shall review and discuss with the independent auditors the plans for, and the scope of, the annual audit and other examinations, including the adequacy of staffing and compensation.

6. Conduct of the Audit. The Committee shall review with the independent auditors any audit problems or difficulties and management's response, including any restrictions on the scope of the independent auditors' activities or on access to requested information, and any significant disagreements with management. The Committee, consistent with Section 303 of the Sarbanes-Oxley Act of 2002 and Regulation 13B-2 promulgated thereunder, shall not influence the conduct of the audit in any improper manner.

7. Review of Audit Results. The Committee shall review and discuss with the independent auditors the report of their annual audit, or proposed report of their annual audit, and (a) major issues regarding accounting principles and financial statement presentations, including any significant changes in the Company's selection or application of accounting principles, and major issues as to the adequacy of the Company's internal controls and any special audit steps adopted in light of material control deficiencies, (b) analyses prepared by management or the independent auditors setting forth significant financial reporting issues and judgments made in connection with the preparation of the financial statements, including

analyses of the effects of alternative GAAP methods on the financial statements, (c) the effect of regulatory and accounting initiatives, as well as off-balance sheet structures, on the financial statements of the Company and (d) any audit problems or difficulties encountered in the audit work and management's response.

8. Assurances Under Section 10A of the Exchange Act. The Committee shall obtain from the independent auditors assurance that Section 10A of the Securities Exchange Act of 1934 (generally relating to the auditors' identification of illegal acts and related party transactions) has not been implicated.

9. Financial Statements and Disclosures. The Committee shall review with management and the independent auditors the annual and quarterly financial statements to be included in the Company's periodic reports, including disclosures in the Management's Discussion and Analysis section contained therein. This review will occur prior to filing of the annual or quarterly report, as applicable, and the Committee shall recommend to the Board whether the audited annual financial statements should be included in the Company's Form 10-K. The Committee shall review and consider with the independent auditors the matters required to be discussed by the Statement of Auditing Standards (SAS) No. 61.

10. Financial Press Releases. The Committee shall review and discuss the Company's earnings press releases (including any use of pro forma, or adjusted non-GAAP, information) and the financial information and earnings guidance provided to analysts and rating agencies. This review may occur before or after issuance and may be done generally (i.e., review of the types of information to be disclosed and the types of presentation to be made).

11. Internal Audit Plans. The Committee shall review and discuss with the partner of the audit firm performing the internal audit function and appropriate members of his or her staff, and the in-house personnel performing any internal audit functions, the plans for and the scope of their ongoing audit activities, including adequacy of staffing and compensation.

12. Internal Audit Results. The Committee shall review and discuss with the partner of the audit firm performing the internal audit function, management, the independent auditors and the appropriate staff members of each, the results of any internal audits.

13. Internal Accounting Controls. The Committee shall review and discuss with the partner of the audit firm performing the internal audit function, management, the independent auditors and the appropriate staff members of each, the quality and adequacy of the Company's internal accounting controls, the Company's financial, auditing and accounting organizations and personnel, and the Company's policies and compliance procedures with respect to business practices which shall include the disclosures regarding internal controls and matters required to be reported to the Committee by Section 302 of the Sarbanes-Oxley Act of 2002 and Rules 13a-14 and 15d-14 of the Securities Exchange Act of 1934.

14. Separate Meetings. The Committee shall meet separately and periodically with management, with internal auditors (or other personnel responsible for the internal audit function) and with independent auditors.

15. Risk Management Policies. The Committee shall discuss policies with respect to risk assessment and risk management in order to govern the processes by which management assesses and manages the Company's exposure to risk.

16. Hiring of Employees of Independent Auditors. The Committee shall set clear hiring policies for employees or former employees of the independent auditors, and in the absence of an applicable policy no such individual shall be hired.

17. Complaints Regarding Financial Statements or Accounting Policies. The Committee shall establish procedures for the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters and for the confidential, anonymous submission by employees of concerns regarding questionable accounting or auditing matters.

18. Proxy Statement Report. The Committee shall prepare the report required by the rules of the Securities and Exchange Commission to be included in the Company's annual proxy statement.

19. Review of Other Matters. The Committee shall review and discuss such other matters that relate to the accounting, auditing and financial reporting practices and procedures of the Company as the Committee may, in its own discretion, deem desirable in connection with the review functions described above.

20. Other Duties. The Committee shall perform any other duties or responsibilities delegated to the Committee by the Board from time to time.

21. Reports to the Board. The Committee shall report regularly to the Board, which report may include issues that arise with respect to (a) the quality of integrity of the Company's financial statements, (b) the Company's compliance with legal or regulatory requirements, (c) the performance and independence of the Company's independent auditors or (d) the performance of the internal audit function.

22. Annual Evaluation. The Committee shall conduct and review with the Board annually an evaluation of the Committee's performance.
