Proxy Statement for 2005 Annual Meeting of Stockholders

INFORMATION CONCERNING SOLICITATION OF PROXIES AND VOTING

General

This proxy statement is furnished in connection with the solicitation of proxies by the Board of Directors of the Company (the "Board") for use at the 2005 Annual Meeting of Stockholders of the Company (the "Annual Meeting") to be held on _____, 2005, or at any adjournment or postponement of the Annual Meeting, for the purpose set forth herein and in the foregoing Notice of Annual Meeting of Stockholders. The Annual Meeting will be held at 10:00 a.m. local time at the Embassy Suites Hotel located at 101 McInnis Parkway, San Rafael, California 94903. Copies of this solicitation material and the Company's Annual Report are being mailed to stockholders entitled to vote at the Annual Meeting and furnished to brokerage houses, fiduciaries and custodians to forward to beneficial owners of common stock of the Company held in their names on or about _____, 2005. The Company's Annual Report, which includes its Form 10-K for the year ended December 31, 2004, as filed with the Securities and Exchange Commission, is provided with this proxy statement.

Record Date; Outstanding Securities

The voting securities of the Company entitled to vote at the Annual Meeting consist of only shares of common stock. Only stockholders of record at the close of business on May 20, 2005 are entitled to notice of and to vote at the Annual Meeting. On May 20, 2005, there were _____ shares of BioMarin common stock, par value \$0.001 per share, issued and outstanding and entitled to vote. Each share of common stock is entitled to one vote.

Revocability of Proxies

A stockholder who signs and returns a WHITE Proxy Card will have the power to revoke it at any time before it is voted. A proxy represented by a WHITE Proxy Card may be revoked by (i) delivering to the Company at the Company's mailing address appearing at the top of this page (Attention: G. Eric Davis, Vice President, Corporate Counsel and Assistant Secretary) a written notice of revocation, or (ii) submitting a duly

Edgar Filing: BIOMARIN PHARMACEUTICAL INC - Form PRE 14A

executed proxy card bearing a later date, or (iii) by appearing at the Annual Meeting and voting in person. Attendance at the meeting in and of itself, without voting in person at the meeting, will not cause your previously granted proxy to be revoked. For shares you hold in street name, you may change your vote by submitting new voting instructions to your broker, bank or other nominee or, if you have obtained a legal proxy from your broker, bank or other nominee giving you the right to vote your shares at the annual meeting, by attending the meeting and voting in person.

Voting

Each stockholder is entitled to one vote for each share of common stock held. This includes shares held directly by stockholders of record and shares held through a stock broker, bank or nominee.

Solicitation of Proxies

This solicitation of proxies is made by the Company and all related costs, including expenses in connection with preparing and mailing this proxy statement, will be borne by the Company. In addition, the Company will reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation material to such beneficial owners. Proxies may also be solicited by certain of the Company's directors, officers and regular employees, without additional compensation, in person or by telephone, facsimile or e-mail. Such persons are listed on *Annex A* to this proxy statement.

The Company has retained Morrow & Co. to assist it in the solicitation of proxies. The Company has agreed to pay customary fees to Morrow & Co. for its services in soliciting proxies, which are estimated to be \$150,000, and has agreed to reimburse Morrow & Co. for reasonable out-of-pocket expenses for these services. Morrow & Co. will employ approximately 30 people to solicit proxies from the Company's stockholders.

Because of the possible solicitation of opposition proxies as a result of the matters discussed below under the heading *Possible Dissident Stockholder Solicitation*, the Company's expenses related to its solicitation of proxies from its stockholders will exceed those normally spent for an annual meeting. Such additional costs, excluding the cost of litigation, if any, are expected to aggregate \$ _____, of which approximately \$ _____ has been spent to date.

Quorum; Abstentions; Broker Non-Votes

The Company's Bylaws provide that a majority of all the shares of the common stock entitled to vote, whether present in person or by proxy, shall constitute a quorum for the transaction of business at the Annual Meeting. Broker non-votes are shares held in street name for which the broker has not received instructions from the beneficial owners or other persons entitled to vote and the broker does not have discretionary voting authority. Abstentions and broker non-votes will be counted as shares present for purposes of determining whether a quorum is present. If a quorum is not present or represented, then either the chairman of the Annual Meeting or the stockholders entitled to vote at the Annual Meeting, present in person or represented by proxy, will have the power to adjourn the Annual Meeting from time to time, without notice other than an announcement at the Annual Meeting, until a quorum is present. At any adjourned Annual Meeting at which a quorum is present, any business may be transacted that might have been transacted at the Annual Meeting as originally notified. If the adjournment is for more than 30 days, or if after that adjournment a new record date is fixed for the adjourned Annual Meeting, a notice of the adjourned Annual Meeting shall be given to each stockholder of record entitled to vote at the adjourned Annual Meeting.

When proxies are properly executed and returned, the shares represented by such proxies will be voted at the Annual Meeting in accordance with the instructions of the stockholder. If no specific instructions are given, the shares represented by an executed WHITE Proxy Card will be voted (i) FOR the election of the 7 nominees for directors set forth herein; and (ii) FOR the ratification of the selection of KPMG LLP as the independent registered public accounting firm for BioMarin for the year ending December 31, 2005. The Board knows of no other business that will be presented at the meeting. If, however, other matters are properly presented, the persons named in the enclosed WHITE Proxy Card will vote the shares represented thereby in accordance with their best judgment pursuant to the discretionary authority granted in the proxy.

Attendance at Meeting

If you plan to attend the Annual Meeting, please note that attendance will be limited to stockholders as of the record date. Admission will be on a first-come, first-served basis. Each stockholder may be asked to present valid picture identification, such as a driver's license or passport.

Edgar Filing: BIOMARIN PHARMACEUTICAL INC - Form PRE 14A

Stockholders holding stock in brokerage accounts or by a bank or other nominee may be required to show a brokerage statement or account statement reflecting stock ownership as of the record date. Cameras, recording devices and other electronic devices will not be permitted at the Annual Meeting.

Election of Directors

Election of the director nominees named in Proposal No. 1 requires the affirmative vote of a plurality of the shares of our common stock present in person or represented by proxy at the Annual Meeting and entitled to vote. The 7 candidates receiving the highest number of affirmative votes of the shares entitled to be voted will be elected directors. Shares represented by executed WHITE Proxy Cards will be voted, if authority to do so is not withheld, FOR the election of the director nominees named in Proposal No. 1. Votes may be cast in favor of or withheld with respect to all of the director nominees, or any of them. Broker non-votes, if any, will not be counted as having been voted and will have no effect on the outcome of the vote on the election of directors. Stockholders may not cumulate votes in the election of directors.

Ratification of Independent Registered Public Accounting Firm

Ratification of the selection of KPMG LLP as the independent registered public accounting firm for the year ending December 31, 2005, as specified in Proposal No. 2, requires the affirmative vote of a majority of the shares of our common stock present or represented by proxy at the annual meeting and entitled to vote. Abstentions will be counted toward the tabulation of votes cast on this proposal and will have the same effect as a vote against this proposal. Broker non-votes, if any, will have no effect on the vote for this proposal.

1998 Director Option Plan

The 1998 Director Option Plan was adopted by the Board in December 1999. It was approved by the Company's stockholders as of January 15, 2000. The 1998 Director Option Plan provides for the grant of nonstatutory stock options to non-employee directors. A total of 900,000 shares

Edgar Filing: BIOMARIN PHARMACEUTICAL INC - Form PRE 14A

of the Company's common stock have been reserved for issuance under the 1998 Director Option Plan. The 1998 Director Option Plan also provides for an annual increase in this number of shares equal to the lesser of: (i) 0.5% of BioMarin's outstanding common stock, (ii) 200,000 shares, or (iii) a lesser amount determined by the Board.

In fiscal year 2004, options to purchase, in the aggregate, 180,000 shares were issued to directors under the 1998 Director Option Plan.

The 1998 Director Option Plan, as amended in 2003 and May 2004, provides that each non-employee director shall automatically be granted an initial option and subsequent annual options to purchase 30,000 shares

of BioMarin common stock on the date that such person first becomes a non-employee director and on each anniversary of the date of the non-employee director's appointment to the Board. These options have a term of 10 years. The shares subject to these options vest quarterly over one year. These options continue to vest only while the director serves. The exercise price per share of each of these options is 100% of the fair market value of a share of BioMarin common stock at the date of the grant of the option.

In the event of a merger or the sale of substantially all of the assets of BioMarin, each option issued under the 1998 Director Option Plan may be assumed or substituted by the successor corporation. If an option is assumed or substituted, it shall continue to vest as provided in the 1998 Director Option Plan. However, if a non-employee director's status as a director of BioMarin or the successor corporation, as applicable, is terminated, other than upon a voluntary resignation by the non-employee director, the option immediately becomes fully vested and exercisable. If the successor corporation does not agree to assume or substitute options, each option becomes fully vested and exercisable for a period of 30 days from the date the Board notifies the optionee of the option's full exercisability, after which period the option terminates.

Options granted under the 1998 Director Option Plan are required to be exercised within three months of the end of the optionee's tenure as a director, or within 12 months after termination by death or disability, or within the original option expiration if the director retires from the Board after having served 4.5 years, but in no event later than the expiration of the option's ten-year term. No option granted under the 1998 Director Option Plan is transferable by the optionee other than by will or the laws of descent or distribution. Each option is exercisable, during the lifetime of the optionee, only by the optionee. Unless sooner terminated by the Board, the 1998 Director Option Plan will terminate automatically 10 years from the effective date of the 1998 Director Option Plan.

Possible Dissident Shareholder Solicitation

On April 18, 2005, the Caduceus Group, the beneficial owners of an aggregate of 2,110,000 shares (3.2%) of the Company's Common Stock, notified the Company of their intention to nominate 3 persons for election as directors of the Company through their advisors, OrbiMed Advisors LLC and OrbiMed Capital LLC (together, OrbiMed). OrbiMed also advised the Company that it would support the nominations through a number of entities through which it controls an additional 3,196,300 shares (5.0%), of the Company's Common Stock. The currently-proposed Caduceus Group nominees are: Richard Brewer, Joseph Klein III and Alan J. Lewis.

The following discussion summarizes the interactions between the Company, OrbiMed and the proposed Caduceus Group nominees.

In late 2004 the Committee contacted Richard B. Brewer about the possibility of serving as the Company's Chief Executive Officer. Mr. Brewer indicated then that he was unwilling to serve as the Chief Executive Officer, but that he was interested in serving as Chairman of the Board of Directors and had ideas regarding potential candidates for the position of Chief Executive Officer. Accordingly, members of the Committee met with Mr. Brewer personally, and the Committee held a number of formal and informal meetings during which Mr. Brewer's candidacy as a director as well as his proposals for the Company were discussed.

As a result of these meetings, the Committee determined that one of Mr. Brewer's primary proposals was based on a fundamental misunderstanding on his part of the composition and manufacture of Aldurazyme. In this regard, the Committee believed that Mr. Brewer failed to understand key differences between Aldurazyme and a simpler commercial product for which he had a broader understanding based on his past experience. Furthermore, the Committee believed that following their discussions, Mr. Brewer may have contacted OrbiMed, which in turn contacted one of the Company's corporate partners, without authorization, to pursue one of Mr. Brewer's proposals for the Company. Management, as well as members of the Board of Directors, believed that this unauthorized contact needlessly harmed the Company's relationship with that corporate partner.

The Committee recognized that Mr. Brewer's opinions with respect to this and other strategic issues were necessarily based in part on limited information available to him as an outsider. But as discussions ensued, the Committee determined that Mr. Brewer in fact was unwilling to alter his opinions through further discussion and learning about the Company and its products. For these and other reasons, the Committee believed that Mr. Brewer's approach could make it considerably more difficult, among other things, to hire a qualified Chief Executive Officer—an objective that remained of primary importance for the Company. Accordingly, the Committee concluded that Mr. Brewer's nomination was not in the best interests of the Company and advised him of its determination in January 2005.

Subsequently, in January, 2005, Samuel D. Isaly of OrbiMed contacted the Company to request that three potential candidates, including Mr. Brewer, Joseph Klein, III, and a third individual, be considered for nomination by the Board for election at the Company's upcoming annual meeting. In light of this request and to assist the Committee in its evaluation process, the Committee referred Mr. Klein and the third individual to Spencer Stuart, an executive search firm retained by the Company, to perform reference checks. In February, 2005, Committee members Pierre Lapalme and Gwynn R. Williams met with Mr. Isaly to discuss his request and the reasons for these specific candidates. As the Committee had already duly considered Mr. Brewer as a candidate for the Board, it decided not to pursue his nomination further and the Committee advised Mr. Isaly accordingly. Mr. Isaly then indicated that OrbiMed was agreeable to pursuing the other two candidates nominations and abandoning Mr. Brewer's nomination.

Upon receipt of reference information on the remaining proposed candidates, the Committee met by telephone on March 21, 2005, and decided to schedule interviews with Mr. Klein and the other candidate. Ultimately, the Committee was unable to interview the other candidate, after attempting unsuccessfully several times to schedule a mutually convenient meeting time. Messrs. Lapalme and Williams were able to interview Mr. Klein, although Mr. Williams was only able to do so by traveling at considerable inconvenience to Park City, Utah, where Mr. Klein then was vacationing.

Following the meeting with Mr. Klein, on April 1, 2005 the Board met to further consider the two remaining proposed candidates' qualifications in light of the Company's needs and objectives. With respect to the third proposed candidate, the Board determined to defer any decision and instead to continue reviewing his candidacy along with other candidates proposed by Spencer Stuart, in part as a result of the Committee's inability to meet in person with the third proposed candidate. Based on the Committee's recommendation, the Board determined that this third proposed candidate's qualifications appeared to be inferior to those of the other candidates then available for consideration. Finally, the Committee and the Board were influenced by the seeming lack of personal interest in the Company by the third proposed candidate. On April 5, 2005, the third proposed candidate formally withdrew his candidacy and was not among the candidates subsequently proposed by the Caduceus Group on April 15, 2005.

By contrast, the Board decided to move forward with Mr. Klein's nomination. On April 8, 2005, Mr. Lapalme informed Mr. Isaly of the Committee's decision to move forward with Mr. Klein's nomination and to retain for future consideration the third proposed candidate. Mr. Isaly expressed his pleasure at the potential nomination of Mr. Klein and regret at the Board's decision on the other proposed candidates.

On April 9, 2005, Mr. Klein accepted his proposed nomination by the Committee. However, he elected not to review and comment on the relevant portions of the Company's proxy statement then provided to him. Neither Mr. Klein nor Mr. Isaly thereafter made any further attempt to communicate with the Company until April 15, 2005.

On April 15, 2005, the Caduceus Group served the Company with notice of its intention to propose a slate of three candidates for nomination in opposition to the Company's nominees. The notice named Messrs. Brewer, Klein and Alan J. Lewis, a new candidate previously unknown to the Company, as the proposed Caduceus Group nominees. Concurrent with the notice, OrbiMed also filed a Schedule 13D with the SEC referencing the same candidates. On April 18, 2005, each of the Committee and the Board convened to discuss the Caduceus Group notice. Thereafter, the Committee directed Messrs. Lapalme and Cristiani to contact Mr. Isaly to determine what the Committee might do to better satisfy his expectations as a stockholder. When contacted, Mr. Isaly advised the Committee that he desired that all three of the Caduceus Group candidates be nominated for election to the Board, including Mr. Brewer.

On April 19, 2005, each of the Committee and the Board again convened to consider the Caduceus Group notice and the OrbiMed Schedule 13D. At this meeting, the Committee revisited its prior extensive discussions regarding possible director candidates. It noted that Mr. Brewer's candidacy had been previously discussed at length and accordingly reaffirmed its prior decision to decline his nomination. It then discussed the qualifications of the new proposed director, Mr. Lewis, in light of the Company's needs and determined that at that time, another nominee then being evaluated appeared to be better qualified. In doing so, the Committee noted that there was not enough time prior to the proposed filing date of the Company's proxy statement to complete the requisite due diligence necessary to include Mr. Lewis on the Company's slate of nominees. Accordingly, the Committee was unable to recommend his nomination to the Board at that time.

While the Committee initially supported the nomination of Mr. Klein to fill the current vacancy on the Board, the Committee withdrew its support when Mr. Klein announced his intention to participate with other Caduceus Group candidates that the Company had previously deferred or rejected. In doing so, the Committee believed, among other things, that so significant and fundamental a change to the Board of Directors could significantly disrupt or delay the CEO search, which urgently needed to be completed, as well as corporate

partnering and financing opportunities. The Committee was also influenced in part by the apparent lack of candor of Mr. Klein, as suggested by his decision not to advise the Committee of his joint objectives with the other Caduceus Group nominees, his apparent interest in serving only on a conditional basis with Mr. Brewer and his decision to run with the Caduceus Group candidates in opposition to the candidates approved by the Committee, without regard for the systems and procedures implemented by the Committee on behalf of the Company's stockholders. Accordingly, the Committee recommended that none of the Caduceus Group candidates be nominated by the Board for election at the Annual Meeting.

Stockholders should further be advised that the indenture governing the Company's 3.5% convertible subordinated notes provides that each holder of the notes may require the Company to repurchase all or part of its notes upon a change of control. A change of control will occur if at any time at least a majority of the Company's directors are not members of the existing Board or nominated by a majority of the existing Board. Accordingly, a change of control requiring the repurchase of the notes will occur if all of the Caduceus Group nominees are elected and one or more of the other Board members resigns or dies, unless prior to his or her resignation or death, a new director is elected by both a majority of the Board, including the Caduceus Group nominees, and a majority of the directors comprised of or nominated by the existing Board, excluding the Caduceus Group nominees. As of March 31, there was \$125 million in aggregate principal amount of the notes outstanding.

THE BOARD WILL OPPOSE THE CADUCEUS GROUP CANDIDATES AND UNANIMOUSLY RECOMMENDS A VOTE AGAINST THE CADUCEUS GROUP CANDIDATES. YOU MAY RECEIVE A PROXY CARD SOLICITING YOUR VOTE FOR THE CADUCEUS GROUP CANDIDATES. WE URGE YOU TO DISREGARD ANY SUCH PROXY SOLICITATION AND TO SIGN AND DATE THE ENCLOSED WHITE PROXY CARD AND RETURN IT TODAY IN THE ENCLOSED PRE-ADDRESSED POSTAGE-PAID ENVELOPE.

PROCEDURES OF THE CORPORATE GOVERNANCE AND NOMINATING COMMITTEE

The Corporate Governance and Nominating Committee of the Board of Directors (the Committee) is responsible for overseeing the selection of qualified candidates to serve as members of the Board of Directors and guiding the corporate governance philosophy and practices of the Company. The Committee is composed of three directors each of whom is independent under the listing qualifications of the Nasdaq National Market. The Committee operates according to a charter that complies with the guidelines established by Nasdaq.

The Committee has not adopted formal procedures in selecting individuals to serve as members of the Board of Directors. Instead, it utilizes general guidelines that allow it to adjust the process to best satisfy the objectives it is attempting to accomplish in any director search. The first step in the general process is to identify the type of candidate the Committee may desire for a particular opening. This may involve locating candidates with specific backgrounds, skill sets or experiences. Once identified, the Committee looks to the best method of finding a candidate who satisfies the specified criteria. The Committee may consider candidates recommended by management, by other members of the Committee or the Board of Directors, by stockholders or it may engage a third party to conduct a search for possible candidates. In considering candidates submitted by stockholders, the Committee will take into consideration the needs of the Board and the qualifications of the candidate. To have a candidate considered by the Committee, a stockholder should submit a written recommendation that includes (i) the name of the stockholder and evidence of the stockholder's ownership of Company stock, including the number of shares owned and the length of time of ownership, and (ii) the name of the candidate, the candidate's resume or a listing of his or her qualifications to be a director of the Company and the person's consent to be named as a director if selected by the Committee and nominated by the Board. Stockholder recommendations should be addressed to the Corporate Governance and Nominating Committee in care of the Secretary of the Company at the address set forth under the heading *Stockholder Communications with the Board of Directors*.

Once candidates are identified, the Committee conducts an evaluation of the candidate. The evaluation generally includes interviews and background and reference checks. There is no difference in the evaluation process of a candidate recommended by a stockholder as compared to the evaluation process of a candidate identified by any of the other means described above. While the Committee has not established minimum criteria for a candidate, it has established important factors to consider in evaluating a candidate. These factors include: strength of character, mature judgment, business experience, availability and level of interest, attendance, career specialization, relevant technical skills, diversity and the extent to which the candidate would fill a present need on the Board of Directors.

If the Committee determines that a candidate should be nominated as a candidate for election to the Board, the candidate's nomination is then recommended to the Board of Directors, and the directors may in turn conduct their own review to the extent it deems appropriate. When the Board of Directors has agreed upon a candidate, such candidate is recommended to the stockholders for election at an Annual Meeting of stockholders.

All of the current directors, as well as Mr. Drapeau, have been recommended by the Committee to the Board of directors for election as directors of the Company at the Annual Meeting, and the Board has approved such recommendations. John Urquhart and Gwynn Williams, current directors and nominees for the Board at the Annual Meeting, have separately indicated that in accordance with the corporate governance principles adopted by the Company, upon reaching age 72, they intend to submit their resignation for consideration by the Committee. The Committee expects to recommend that the Board decline such resignations and that Messrs. Urquhart and Williams continue to serve on the Board through the end of their terms.

As described above, the Committee received three proposed nominations from the Caduceus Group. While the Committee initially supported the nomination of one such candidate, Mr. Klein, the Committee withdrew its support when Mr. Klein announced his intention to participate with a Caduceus Group nominee which the Committee previously deferred or rejected in opposition to the Committee's approved nominees.

In light of the determination not to nominate Mr. Klein to fill the current vacancy of the Board of Directors and the desire to fill that vacancy and have the CEO also serve as a director, the Committee recommended that Mr. Drapeau, acting CEO, be submitted to the stockholders for consideration as a nominee for election at the Annual Meeting.

In 2003, the independent Board members appointed Franz Cristiani as its Lead Director. The Lead Director was responsible for:

approving Board meeting schedules and meeting agendas;

approving Board meeting materials;

serving as the liaison between the then executive-Chairman and the independent Board members;

leading executive sessions of the independent Board members;

setting meetings of independent Board members; and

being available for consultation with major stockholders.

Upon the resignation of Fredric D. Price as Chief Executive Officer and Chairman of the Board on August 12, 2004, the Lead Director position was eliminated and Mr. Lapalme was appointed Chairman of the Board. The responsibilities of the Lead Director were assumed by the Chairman of the Board.

STOCKHOLDER COMMUNICATIONS WITH THE BOARD OF DIRECTORS

The Board has adopted a process for stockholders and others to send communications to the Board or any director. All such communications should be sent by mail to 105 Digital Drive, Novato, CA 94949, c/o G. Eric Davis, the Company's Assistant Secretary and Vice President, Corporate Counsel. Stockholders who wish to contact Audit Committee members directly to report complaints or concerns about accounting, internal controls or auditing matters, may do so anonymously by directing their correspondence to Franz Cristiani, Audit Committee Chairman, PO Box 130A, San Carlos, CA 94070.

It is the Company's policy to request that all Board members attend the Annual Meeting of Stockholders. However, the Company also recognizes that personal attendance by all directors is not always possible. All of the directors serving at the time of the 2004 Annual Meeting of Stockholders attended such meeting.

STANDARDS OF BUSINESS CONDUCT AND ETHICS

Edgar Filing: BIOMARIN PHARMACEUTICAL INC - Form PRE 14A

The Board has adopted Standards of Business Conduct and Ethics which are applicable to all employees and directors, including the Company's Chief Executive Officer, Chief Financial Officer, other executive officers and senior financial personnel. A copy of the Company's Standards of Business Conduct and Ethics is available on the Company's website at www.bmrn.com. PROPOSAL TWO: RATIFICATION OF THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR BIOMARIN

The Audit Committee of the Board has selected KPMG LLP, an independent registered public accounting firm, to audit the financial statements of the Company for the year ending December 31, 2005, and recommends that stockholders vote for ratification of such appointment. Although stockholder ratification is not required by the Company's Bylaws or otherwise, the Board has determined that it is desirable to request approval of this selection by the stockholders as a matter of good corporate practice. Notwithstanding this selection, the Audit Committee, in its discretion, may direct the appointment of a new independent registered public accounting firm at any time during the year if the Audit Committee feels that such a change would be in the best interests of the Company and its stockholders. In the event of a negative vote on ratification, the Audit Committee may reconsider its selection.

Independent Registered Public Accounting Firm

Since June 11, 2002, KPMG LLP served as the Company's independent registered public accounting firm.

Representatives of KPMG LLP plan to attend the Annual Meeting and will be available to answer appropriate questions from stockholders and, although they do not expect to do so, they will have the opportunity to make a statement if they so desire.

<u>Description of Services Provided by KPMG LLP</u>	<i>Year Ended</i>	<i>Year Ended</i>

As provided in the Audit Committee charter, the Audit Committee pre-approves all services provided by its independent registered public accounting firm. All of the above services and estimates of the expected fees were reviewed and approved by the Audit Committee before the respective services were rendered.

The Audit Committee has considered the nature and amount of the fees billed by KPMG LLP and believes that the provision of the services for activities unrelated to the audit is compatible with maintaining KPMG LLP's independence.

THE BOARD UNANIMOUSLY RECOMMENDS VOTING FOR THE RATIFICATION OF KPMG LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.

Option Grants in Last Fiscal Year

Name	Individual Grants				Potential Realizable Value at Assumed Annual Rates of Stock Price Appreciation for Option Term\$(3)		First Exercisable
	Number of Securities Underlying Options Granted(#)	Percent of Total Options Granted to Employees in Fiscal Year(1)	Exercise or Base Price (\$/Share)(2)	Expiration Date	5%	10%	
Louis Drapeau(4)	25,000	1%	5.15	8/19/14	80,970	205,194	2/19/05

- (1) Based on an aggregate of 1,795,800 shares subject to options granted during fiscal year 2004 to employees.
- (2) Options were granted at an exercise price equal to the closing price of the common stock on Nasdaq on the date of the grant.
- (3) The 5% and 10% assumed annual rates of compounded stock price appreciation are mandated by rules of the Securities and Exchange Commission. The actual stock price over the option term could be substantially more or less than the assumed 5% and 10% levels included in the table. Unless the market price of the Company's common stock appreciates over the option term, no value will be realized from the option grants made to the Named Executive Officers. The potential realizable value is calculated by assuming that the closing price per share on the date of grant appreciates at the indicated rate for the entire term of the option and that the option is exercised at the exercise price and sold on the last day of its term at the appreciated price. The potential realizable value computation is net of the applicable exercise price, but does not take into account applicable federal or state income tax consequences and other expenses of option exercises. The values shown do not consider non-transferability or termination of the options upon termination of such employee's employment.
- (4) Options were granted to Mr. Drapeau on August 19, 2004 upon his appointment as Acting Chief Executive Officer.

Employment Agreements

The Company is party to employment agreements with the Named Executive Officers, other than Mr. Price and Mr. Landau, on the terms set forth in the chart below. Each of these employment agreements is terminable without cause by the Company upon six months' prior written notice to the officer, or by the officer upon three months' prior written notice to the Company. The Company is obligated to pay the officer's salary and benefits until termination. In addition, with respect to Messrs. Baffi, Kakkis, Starr and Swiedler, if any of them is involuntarily terminated within one year of a change of control, he is entitled to receive from the Company a severance payment equal to six months of his then-current annual salary and fifty percent of the annual bonus that he would otherwise be entitled to receive for the calendar year in which he was involuntarily terminated, and fifty percent of the then-unvested portion of all of his options in the Company shall immediately vest. The Company is a party to a Severance Agreement with Mr. Price as described below.

In January 2004, the Company instituted a Severance Plan and Summary Plan Description that is applicable to each of the officers listed in the table below. This policy was amended and restated in March 2005. Under the plan, on a change of control, vesting of all employee options under the 1997 Option Plan is accelerated in full, which is unchanged from the plan adopted in January 2004. Further, upon an involuntary termination on or within one year of a change of control, employees are entitled to receive certain specified benefits consisting of cash severance and a continuation of employee benefits. Under the plan, the Named Executive Officers are entitled to receive one year of benefit continuation and a severance payment equal to one year of base salary and the greater of the actual bonus paid for the prior year or the target bonus payable for the current year. Benefits payable under this policy may be reduced for employees who are entitled to severance benefits under separate arrangements with the Company to avoid the payment of duplicate benefits.

(2) Options in this table were granted on commencement of employment for each individual.

Effective August 12, 2004, Mr. Price terminated his employment with the Company. Mr. Price was paid a severance package that included: a cash payment of approximately \$2.9 million, acceleration of the full unvested portion of his 39,285 share restricted stock grant (and a registration right with respect to such shares) and the extension of the exercise period for all his vested stock options to one year following termination. The cash payment was netted against the amount of principal and interest due under the Company's loan to Mr. Price.

The Company has adopted a form of indemnification agreement to be entered into between BioMarin and each of its executive officers and directors. This indemnification agreement requires the Company, among other things, to indemnify executive officers and directors against liabilities that may arise by reason of their status or performance of their duties as executive officers or directors and to advance their expenses incurred as a result of any proceeding against them as to which they could be indemnified. For a description of other transactions between BioMarin and its affiliates, see *Certain Relationships and Related Transactions*.

Section 162(m)

The Company has considered the potential future effects of Section 162(m) of the Internal Revenue Code on the compensation paid to its executive officers. Section 162(m) disallows a tax deduction for any publicly held corporation for individual compensation exceeding \$1.0 million in any taxable year for any of the Named Executive Officers, unless compensation is performance-based. The Company has adopted a policy that, where reasonably practicable, it will seek to qualify the variable compensation paid to its executive officers for an exemption from the deductibility limitations of Section 162(m).

The note was to mature on October 31, 2006 and bore interest at the Federal mid-term rate. Pursuant to Mr. Price's severance package and based on the terms of his employment agreement with the Company, the note plus accrued interest totaling \$982,927 was repaid in August 2004 out of the amounts due to Mr. Price under his severance package.

In March 2002, the Company entered into an employment agreement with Mr. Landau that entitled him to loans from the Company of up to \$100,000 to be applied to the purchase of a home or up to \$36,000 annually if a purchase of a home was not completed. REPORT OF COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

The Compensation Committee is responsible for setting general compensation goals and operational guidelines for BioMarin personnel, for setting all elements of the compensation of the executive officers of BioMarin, and for approving grants of stock options for officers of BioMarin. During 2004, the Compensation Committee was composed of three members of the Board.

Compensation Goals and Policies

The goal of BioMarin's compensation policies is to provide compensation sufficient to attract, motivate and retain executives and staff of outstanding ability and potential. Compensation policies are intended to establish an appropriate relationship between executive compensation and the creation of stockholder value as measured by the equity markets. BioMarin uses the following principles to help achieve that goal:

- (1) BioMarin provides competitive compensation packages incorporating all compensation elements for executives and staff based upon BioMarin's internal policies and compensation packages at similarly situated pharmaceutical and biotechnology companies in the San Francisco Bay Area.
- (2) BioMarin rewards executives and senior staff for outstanding performance by the individual and by BioMarin.
- (3) BioMarin seeks to align the long-term interests of the stockholder and the executives and the senior staff through the use of employee stock options and other stock priced related compensation, such as its Employee Stock Purchase Program.

2004 Compensation

In 2004, the Compensation Committee hired an independent consultant to provide expertise in various matters that came before the Committee, including the review and analysis of executive compensation at BioMarin based upon the San Francisco Bay Area employment market and on milestone achievements at the Company. The levels of compensation at competitor companies, based upon compensation surveys, were used for comparison in establishing the Company's executive compensation and cash and long-term equity compensation bonus plans. The primary comparator companies consisted of small biotechnology companies in the San Francisco Bay Area.

Increases in base salary for 2004 were made effective January 1, 2004, primarily based on the progress and achievements of BioMarin during 2003 and competitive conditions in the job marketplace for biotechnology expertise in the San Francisco Bay Area marketplace.

The Compensation Committee took particular note of 2003 achievements, including the marketing approval and commercial launch
