**Item 1.01 Entry into a Material Definitive Agreement**

**Settlement Agreement**

On July 11, 2005, WellPoint, Inc. (the Company) entered into a settlement agreement (the Agreement) with representatives of more than 700,000 physicians nationwide, with respect to the action brought by Charles B. Shane, M.D. and others, which has been designated as the lead case in the various class-action lawsuits brought against the Company and its subsidiaries on behalf of health care providers pending in the U.S. District Court for the Southern District of Florida.

Under the Agreement, the Company has agreed to make cash payments totaling \$198 million, of which \$135 million will be paid to physicians and \$5 million will be contributed to a not-for-profit foundation whose mission is to promote higher quality health care and to enhance the delivery of care to the disadvantaged members of the public. In addition, up to \$58 million will be paid in legal fees to be determined by the court. The Company also has agreed to implement and maintain a number of operational changes such as standardizing the definition of medical necessity in physician contracts, creating a formalized Physician Advisory Committee and modifying some of the Company's claims payment and physician contracting provisions. The Agreement is subject to, and conditioned upon, review and approval by the U.S. District Court for the Southern District of Florida.

The litigation to which the Agreement relates includes two national lawsuits against both pre-merger companies, WellPoint Health Networks Inc. (WellPoint Health) and Anthem, Inc. (the name of which was changed to WellPoint, Inc. as a result of the merger). As previously reported in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2004, in May 2000, a case titled *California Medical Association vs. Blue Cross of California, et al.*, was filed in U.S. District Court in San Francisco against Blue Cross of California (BCC), one of WellPoint Health's subsidiaries. The lawsuit alleged that BCC violated the Racketeer Influenced and Corrupt Organizations Act (RICO). In August 2000, WellPoint Health was added as a party to *Shane v. Humana, et al.*, a class-action lawsuit brought in the U.S. District Court for the Southern District of Florida on behalf of health care providers nationwide alleging RICO violations and, on September 26, 2002, Anthem, Inc. was added as a defendant to this lawsuit. These lawsuits and various other pending managed care class-action lawsuits were consolidated in October 2000 into the current pending action in the U.S. District Court for the Southern District of Florida. A second national lawsuit to which the Agreement relates, *Thomas v. Blue Cross and Blue Shield Association, et al.*, was filed in the United States District Court for the Southern District of Florida in May 2003 by a proposed class of physicians against the Blue Cross and Blue Shield Association and various Blue Cross and Blue Shield licensee companies across the country, including WellPoint Health, Anthem, Inc. and a number of their direct and indirect subsidiaries.
