**Item 2.02 Results of Operations and Financial Condition.**

On July 10, 2006, ChoicePoint Inc. (the Company) issued a press release announcing projected operating margins from continuing operations for the second quarter of 2006. The press release is attached hereto as Exhibit 99.1.

**Item 8.01 Other Events.**

On July 10, 2006, the Company announced its intent to divest various businesses, including its direct marketing, forensic DNA and shareholder services businesses, as a result of its Company-wide strategic review. The previously disclosed review process resulted in the Company adopting a new strategic focus on helping customers manage economic or physical risks, as well as the decision to divest businesses that either do not fit within the new strategic direction or are unlikely to gain critical mass in the marketplace under the Company's ownership.

The financial results of these businesses will be classified as discontinued operations in the Company's future financial statements. Because no definitive agreements for the sale of any of these businesses have been entered into with third parties, the Company is unable to estimate when it will complete the sale of these businesses. The Company intends to continue normal operations at the affected businesses until they are sold. Outside advisors have been retained to assist in the sale of the businesses, the proceeds of which are expected to be used to repurchase Company stock and for general corporate purposes.

The Company is in the early stages of the divestiture plans for these businesses and cannot yet determine whether it will or will not incur a material charge in connection with the sale of these businesses. If, subsequent to the date hereof, the Company makes the determination that it will incur a material charge in connection with the sale of these businesses, it will file a Form 8-K to disclose information regarding such charge.
