NOTICE OF ANNUAL AND SPECIAL MEETING OF SHAREHOLDERS

To Be Held on Thursday, May 15, 2008

NOTICE IS HEREBY GIVEN that the annual and special meeting of shareholders of GSI Group Inc., a New Brunswick corporation, which we refer to in this notice and in the attached management proxy circular as the Company, will be held at 9:00 a.m. (EDT) on Thursday, May 15, 2008 at the principal executive offices of GSI Group Inc., 39 Manning Road, Billerica, MA 01821, for the following purposes:

(a) to elect Directors;

(b) to ratify the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2008;

(c) to ratify, confirm and approve an amendment to Section 15 of the Company's 2006 Equity Incentive Plan to expressly state that the Company is not permitted to re-price outstanding awards except in connection with a corporate transaction involving the Company, or to buy out existing awards at more than the then fair market value as described in the management proxy circular accompanying this notice.

(d) to ratify, confirm and approve an increase of 2,500,000 in the number of common shares for which awards may be granted under the Company's 2006 Equity Incentive Plan, from 6,906,000 to 9,406,000;

(e) to ratify, confirm and approve an amendment to Section 54 of the Company's By-Law Number 1 to allow its listed securities to be eligible to be recorded and maintained on the books of its transfer agent without the issuance of a physical stock certificate required by the NASDAQ rules as described in the management proxy circular accompanying this notice;

(f) to ratify, confirm and approve an amendment to Section 63 of the Company's By-Law Number 1 to permit electronic delivery of the annual report and proxy as permitted by the *Electronic Transactions Act* (New Brunswick), the Securities and Exchange Commission and NASDAQ, as described in the management proxy circular accompanying this notice; and

(g) to ratify, confirm and approve the continuation, amendment and restatement of the Company's Shareholder Rights Plan, as described in the management proxy circular accompanying this notice; and

(h) to transact such further or other business as may properly come before the meeting or any adjournment or postponement thereof.

Only shareholders of record as of the close of business on Wednesday, March 26, 2008 will be entitled to vote at the meeting and at any adjournment or postponement thereof, provided that a subsequent transferee of shares may vote at the meeting if the transferee establishes ownership of the shares and requests not later than ten (10) days before the meeting to be added to the list of shareholders entitled to vote at the meeting.

Shareholders who do not expect to attend the meeting in person are requested to complete, sign, date and return the form of proxy in the enclosed envelope to Computershare Investor Services Inc., the Company's transfer agent, at 100 University Avenue, 9th Floor, Toronto, Ontario, Canada M5J 2Y1, before 9:00 a.m. (EDT) on Tuesday, May 13, 2008, or, in the event that the meeting is adjourned or postponed, prior to 9:00 a.m. (EDT) on the last business day prior to the date fixed for the adjourned or postponed meeting.

A copy of the management proxy circular and a form of proxy accompany this notice. This notice, the management proxy circular, the form of proxy and the Company's annual report will be forwarded on or about Thursday, April 17, 2008 to the holders of the Company's common shares as of the close of business on Wednesday, March 26, 2008.

All monetary amounts listed in the proxy circular are in U.S. dollars, unless otherwise indicated.

MANAGEMENT PROXY CIRCULAR

Solicitation of Proxies

This management proxy circular is furnished in connection with the solicitation of proxies by the management of the Company for use at the annual and special meeting of shareholders to be held at 9:00 a.m. (EDT) on Thursday, May 15, 2008 at the principal executive offices of GSI Group Inc., 39 Manning Road, Billerica, MA 01821. The solicitation will be made by mail, but proxies may also be solicited personally by employees of the Company. The cost of solicitation has been or will be borne by the Company. The Company may also pay brokers or nominees holding common shares of the Company in their names or in the names of their principals for their reasonable expenses in sending solicitation material to their principals.

The notice of the meeting, this management proxy circular, the form of proxy and a copy of the Company's annual report, (if required) will be forwarded on or about Thursday, April 17, 2008 to the Company's shareholders of record as of the close of business on Wednesday, March 26, 2008.

Appointment and Revocation of Proxies

The persons named in the enclosed form of proxy are officers of the Company. **A shareholder may appoint a person to represent him or her at the meeting, other than the persons already named in the attached form of proxy, by inserting the name of such other person in the blank space provided in the form of proxy or by completing another proper form of proxy. Such person need not be a shareholder.** The completed form of proxy must be deposited with the Company at its principal executive offices at 39 Manning Road, Billerica, Massachusetts 01821, or with Computershare Investor Services Inc., 100 University Avenue, 9th Floor, Toronto, Ontario, Canada, M5J 2Y1, in either case no later than 9:00 a.m. (EDT) on Tuesday, May 13, 2008, or, if the meeting is adjourned or postponed, prior to 9:00 a.m. (EDT) on the last business day prior to the date fixed for the adjourned or postponed meeting.

The shareholder executing the form of proxy may revoke it as to any matter on which a vote has not already been cast pursuant to the authority conferred by such proxy: (a) by delivering another properly executed form of proxy bearing a later date and depositing it in the manner described above; (b) by delivering an instrument in writing revoking the proxy, executed by the shareholder or by the shareholder's attorney authorized in writing: (i) at the registered office of the Company, at any time up to and including the last business day preceding the date of the meeting, or at any reconvened meeting following its adjournment or postponement, or (ii) with the chairman of the meeting on the day of the meeting, or at any reconvened meeting following its adjournment or postponement; or (c) in any other manner permitted by law.

Voting of Proxies

The officers named in the form of proxy attached to this management proxy circular will vote or withhold from voting the common shares of the Company in respect of which they are appointed proxy in accordance with the directions of the shareholder appointing them and, if a shareholder specifies a choice with respect to any matter to be acted upon, the shares will be voted accordingly. In the absence of such direction, the shares will be voted:

FOR the election as Directors of the nominees named in this management proxy circular;

FOR the ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2008;

FOR the ratification, confirmation, and approval of the amendment to Section 15 of the Company's 2006 Equity Incentive Plan to expressly state that the Company is not permitted to re-price outstanding awards except in connection with a corporate transaction involving the Company, or to buy out existing awards at more than the then fair market value;

FOR the ratification, confirmation, and approval of an increase of 2,500,000 in the number of common shares for which awards may be granted under the Company's 2006 Equity Incentive Plan, from 6,906,000 to 9,406,000;

FOR the ratification, confirmation, and approval of the amendment to Section 54 of the Company's By-Law Number 1 to allow its listed securities to be eligible to be recorded and maintained on the books of its transfer agent without the issuance of a physical stock certificate required by the NASDAQ rules;

FOR the ratification, confirmation, and approval of an amendment to Section 63 of the Company's By-Law Number 1 to permit electronic delivery of the annual report and proxy as permitted by the *Electronic Transactions Act* (New Brunswick), the Securities and Exchange Commission, and NASDAQ;

FOR the ratification, confirmation, and approval of the continuation, amendment and restatement of the Company's Shareholder Rights Plan.

The Board of Directors of the Company has fixed the close of business on Wednesday, March 26, 2008 as the record date for the determination of shareholders entitled to vote at the meeting. At the close of business on that date there were outstanding and entitled to vote 42,218,425 common shares of the Company. Each share is entitled to one vote:

The vote for the election as Directors of the nominees named in this management proxy circular is cumulative and is described in more detail below;

The vote for the ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2008 requires the approval of a majority of the common shares represented and cast in respect of such matter to be effective.

The vote for ratification, confirmation, and approval of the amendment to Section 15 of the Company's 2006 Equity Incentive Plan to expressly state that the Company is not permitted to re-price outstanding awards except in connection with a corporate transaction involving the Company, or to buy out existing awards at more than the then fair market value as described in the management proxy circular accompanying this notice requires the approval of a majority of the common shares represented and cast in respect of such matter to be effective.

The vote for ratification, confirmation, and approval of an increase of 2,500,000 in the number of common shares for which awards may be granted under the Company's 2006 Equity Incentive Plan, from 6,906,000 to 9,406,000 requires the approval of a majority of the common shares represented and cast in respect of such matter to be effective.

The vote for the ratification, confirmation, and approval of the amendment to Section 54 of the Company's By-Law Number 1 to allow its listed securities to be eligible to be recorded and maintained on the books of its transfer agent without the issuance of a physical stock certificate required by the NASDAQ rules as described in the management proxy circular accompanying this notice requires the approval of a majority of the common shares represented and cast in respect of such matter to be effective.

The vote for the ratification, confirmation, and approval of an amendment to Section 63 of the Company's By-Law Number 1 to permit electronic delivery of the annual report and proxy as permitted by the *Electronic Transactions Act* (New Brunswick), the Securities and Exchange Commission, and NASDAQ as described in the management proxy circular accompanying this notice requires the approval of a majority of the common shares represented and cast in respect of such matter to be effective.

The vote for the ratification, confirmation, and approval of the continuation, amendment and restatement of the Company's Shareholder Rights Plan as described in the management proxy circular accompanying this notice requires the approval of a simple majority of 50% plus one vote of the votes cast by the Independent Shareholders of the common shares represented and cast in respect of such matter to be effective.

No votes may be taken at the meeting, other than a vote to adjourn, unless a quorum has been constituted consisting of the representation of at least thirty-three and one-third percent (33 1/3%) of the outstanding shares as of the record date. Votes will be tabulated by the Company's transfer agent subject to the supervision of persons designated by the Board of Directors of the Company as inspectors of election.

Voting for the Election of Directors. Section 65(1) of the *Business Corporations Act* (New Brunswick) provides for cumulative voting for the election of Directors so that each shareholder entitled to vote at an election of Directors has the right to cast an aggregate number of votes equal to the number of votes attached to the shares held by such shareholder multiplied by the number of Directors to be elected, and may cast all such votes in favor of a single candidate or distribute them among the candidates in any manner the shareholder decides. The statute further provides, in section 65(2), that a separate vote of shareholders shall be taken with respect to each candidate nominated for director unless a resolution of the shareholders is passed unanimously permitting two or more persons to be elected by a single resolution. Where a shareholder has voted for more than one candidate without specifying the distribution of votes among such candidates, the shareholder shall be deemed to have divided the votes equally among the candidates for whom such shareholder voted. If a shareholder desires to distribute votes otherwise than equally among the nominees for whom such shareholder has directed the persons in the enclosed form of proxy to vote, such shareholder must do so personally at the meeting or by another form of proxy. **On any ballot for the election of Directors, the persons named in the proxy will be deemed to have cast their votes equally among all the proposed nominees (the names of the proposed nominees are set forth in the table under Election of Directors below), unless: (a) any nominee is excluded by the shareholder in their proxy; or (b) the shareholder has directed that the shares be withheld from voting for the election of Directors.**

The enclosed form of proxy confers discretionary authority on the person named therein with respect to amendments to or variations of matters identified in the notice of meeting and other matters that may properly come before the meeting. At the date of this management proxy circular, the management of the Company knows of no such amendments, variations or other matters.

Voting and Ownership of Shares

As of the record date the Company had 42,218,425 common shares outstanding. Each shareholder of record, as of the close of business on Wednesday, March 26, 2008, is entitled to one vote for each common share held, except to the extent that such shareholder has transferred the ownership of any shares after such date and the transferee of such shares establishes proper ownership thereof and demands not later than ten (10) days before the meeting to be added to the list of shareholders entitled to vote at the meeting in which case such transferee will be entitled to vote such shares. The failure of any shareholder to receive a notice of meeting of shareholders does not deprive the shareholder of a vote at the meeting.

Broker Non-Votes

A broker non-vote occurs when a broker submits a proxy card with respect to common shares held in a fiduciary capacity (typically referred to as being held in street name), but declines to vote on a particular matter because the broker has not received voting instructions from the beneficial owner. Under the rules that govern brokers who are voting with respect to shares held in street name, brokers have the discretion to vote such shares on routine matters, but not on non-routine matters. Routine matters include the election of Directors and ratification of the independent registered public accounting firm. Non-routine matters include matters such as amendments to or the continuation, amendment and restatement of stock option plans, adoption of shareholder rights plans or amendments to our Articles of Continuance. For purposes of determining the presence or absence of a quorum, votes withheld and abstentions, and broker non-votes will be counted as present. With respect to the approval of any particular proposal, abstentions and broker non-votes will not be counted in determining the number of votes cast.

ELECTION OF DIRECTORS

The Articles of Continuance of the Company provide that its Board of Directors is to be comprised of a minimum of five (5) and a maximum of fifteen (15) Directors, as determined from time to time by resolution of the Board of Directors. The Board of Directors has resolved that the entire Board of Directors will consist of seven (7) Directors. Below are the names of the persons for whom it is intended that votes be cast for their election as Directors pursuant to the proxy that is hereby solicited unless the shareholder directs therein that his, her or its shares be withheld from voting. Each Director will hold office until the next annual meeting, until his/her successor is elected or appointed, or until his/her earlier death, resignation or removal.

Management does not contemplate that any of the nominees named below will be unable to serve as a director, but if that should occur for any reason prior to the meeting, where the proxy is granted to the management nominees, the management nominees reserve the right to vote for other nominees in their discretion unless directed to withhold from voting. The following table states, with respect to each person nominated for election as a director, the name, age, position held with the Company (where applicable), the year first elected or appointed as a director, committee memberships and the person's principal occupation and employment during the past five (5) years.

The Board of Directors recommends a vote **FOR** the election as Directors of the nominees named below.

RATIFICATION OF APPOINTMENT OF

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee, with the Board of Director's ratification and subject to shareholder ratification, has selected and appointed the firm of Ernst & Young LLP of Boston, Massachusetts, independent registered public accountants, to serve as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2008. Ernst & Young LLP of Boston, Massachusetts, independent registered public accountants, served as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2007 and for the fiscal year ending December 31, 2006.

A representative of Ernst & Young LLP will be present at the meeting to answer appropriate questions and will have an opportunity to make a statement if desired. If shareholders do not ratify the appointment of Ernst & Young LLP of Boston, Massachusetts as the Company's independent registered public accounting firm for the current fiscal year ending December 31, 2008, the Audit Committee of the Board of Directors will evaluate what would be in the best interests of the Company and its shareholders, and consider whether to select a new independent registered public accounting firm for the current fiscal year or whether to wait until the completion of the audit for the current fiscal year before changing independent registered public accounting firms.

The Board of Directors recommends a vote **FOR** ratification of this appointment.

Principal Accountant Fees and Services

The following table sets forth the fees for professional audit services rendered by Ernst & Young LLP for the audit of the Company's consolidated annual financial statements for fiscal years 2007 and 2006, and fees for other services rendered by Ernst & Young LLP during those periods.

	2007	2006
Audit Fees (1)	\$ 1,705,000	\$ 1,707,000
Audit Related Fees (2)	\$ 34,000	\$
Tax Fees (3)	\$ 470,000	\$ 569,000
All Other Fees (4)	\$ 1,000	\$ 1,000
Total	\$ 2,210,000	\$ 2,277,000

- (1) Audit Fees consist of fees billed for professional services rendered for the audit of the Company's annual consolidated financial statements and review of the interim consolidated financial statements included in quarterly reports and services that are normally provided by Ernst & Young LLP in connection with statutory and regulatory filing requirements, including the audit of management's assertion as to the effectiveness of internal control over financial reporting required by Section 404 of the Sarbanes-Oxley Act of 2002. Of the total audit fees listed above, \$911,000 and \$715,000 were billed as of December 31, 2007 and 2006, respectively.
- (2) Audit-Related Fees consist of fees billed for due diligence procedures and are not disclosed under Audit Fees above.
- (3) Tax Fees consist of fees billed for professional services rendered for federal, state and international tax compliance.
- (4) All other fees relate to Ernst & Young LLP's online research tool.

All engagements for services by Ernst & Young LLP or other independent accountants are subject to prior approval by the Audit Committee. However, de minimis non-audit services may instead be approved in accordance with applicable SEC rules. The prior approval of the Audit Committee was obtained for all services provided by Ernst & Young LLP in fiscal 2007.

Pre-Approval Policies and Procedures

The Audit Committee has adopted policies and procedures relating to the approval of all audit and non-audit services that are to be performed by the Company's independent registered public accounting firm. This policy generally provides that the Company will not engage its independent registered public accounting firm to render audit or non-audit services unless the Audit Committee specifically approves the service in advance, or the engagement is entered into pursuant to the pre-approval procedure described below.

From time to time, the Audit Committee may pre-approve specified types of services that are expected to be provided to the Company by its independent registered public accounting firm during the next twelve months. An example of pre-approved services would be assistance to the Company in filing foreign statutory accounts or preparing foreign tax returns. Any such pre-approval is detailed as to the particular service or type of services to be provided and is also generally subject to a maximum dollar amount.

APPROVAL OF THE AMENDMENT TO SECTION 15 OF THE COMPANY'S**2006 EQUITY INCENTIVE PLAN**

At the Meeting, the shareholders will be asked to consider, and, if thought fit, to approve, a resolution approving the amendment to Section 15 of the Company's 2006 Equity Incentive Plan (hereinafter "Plan") to expressly state that the Company is not permitted to re-price outstanding awards except in connection with a

corporate transaction involving the Company, or to buy out existing awards at more than the then fair market value, the full text of which resolution is set out at Schedule D of this management proxy circular.

In conjunction with the proposal in this management proxy circular to increase the number of shares available under the Plan, the Board of Directors requested that the Company be advised by Institutional Shareholders Services (ISS). Upon its review, ISS recommended that the Company amend Section 15 of the Plan to expressly state that the Company is not permitted to re-price outstanding awards except in connection with a corporate transaction involving the Company, or to buy out existing awards at more than the then fair market value.

Upon the recommendation of ISS, and consistent with the Company s internal policy, the Company is proposing to amend the Plan as described above and more fully in Schedule D.

The vote for the approval of the amendment to Section 15 of the Company s Plan requires the approval of a majority of the common shares represented and cast in respect of such matter to be effective. The Board of Directors unanimously recommends a vote **FOR** approval of the amendment to Section 15 of the Company s Plan.

APPROVAL OF AN INCREASE IN SHARES TO THE 2006 EQUITY INCENTIVE PLAN

The Board of Directors of the Company has approved and recommends to the shareholders that they approve an increase in the number of shares for which awards may be granted under the 2006 Equity Incentive Plan (hereinafter Plan) by 2,500,000 shares, to 9,406,000 shares.

Although shareholder approval of the increase in shares to the Plan is not required under New Brunswick law, such approval is required: (1) to meet NASDAQ rules; and (2) to allow certain awards granted under the Plan to qualify as incentive stock options and as performance-based compensation under Section 162(m) of the Internal Revenue Code.

The Board of Directors believes that the increase in the number of shares for which awards may be granted under the Plan is necessary and appropriate in order to permit the continued grant of awards to attract and retain talented individuals in accordance with the purpose of the Plan. The Board of Directors has not requested an increase in the number of shares available for awards under the Plan or any prior equity incentive plan since 2004. The following chart details shareholder approvals to the Company s equity plans.

1995 Equity Incentive Plan AGM approval

Initial funding: **2,906,000** shares

Plan funding increase to **4,906,000** shares approved

2004

Plan funding increase to **6,906,000** shares approved

2006 GSI Group Equity Incentive Plan approved

The proposed 2,500,000 share increase in the Plan represents approximately 5.9% of the issued and outstanding common shares as of March 26, 2008. NASDAQ rules require shareholder approval for any material amendment to an equity plan under which stock may be acquired by

Edgar Filing: GSI GROUP INC - Form DEF 14A

officers, directors, employees or consultants. Therefore, the proposed increase in Plan shares will only become effective upon shareholder approval. If the shareholder approval is not received, the number of shares for which awards may be granted under the Plan will

not be increased; however, it is projected that the available equity pool under the 2006 Equity Incentive Plan will not have sufficient shares to fund grants beyond 2009. The Company has announced a \$25 Million increase in its existing \$15 Million stock buyback program. The aggregate \$40 Million buyback program may help to offset dilution associated with any future equity grants.

The proposed 2,500,000 share increase to the Plan will not modify any rights or obligations under the Plan in any other way. No changes to the Plan are proposed or have been made since its approval by the shareholders at the Annual General and Special Meeting on May 15, 2006. Other than an increase to the number of shares, all other terms and conditions of the Plan will remain the same as at the date of shareholder approval. The full text of the Plan is available from the SEC Edgar website, *www.sec.gov*, the SEDAR website maintained by the Canadian securities regulators at *www.sedar.com* or by writing or calling the Secretary, GSI Group Inc., 39 Manning Road, Billerica, Massachusetts 01821, U.S.A., or 1-800-342-3757.

The Board of Directors recommends a vote **FOR** the increase in the number of shares for which awards may be granted under the Plan by 2,500,000, or from 6,906,000 to 9,406,000. In order to be effective, the share increase to the Plan must be approved by a majority of votes cast at the meeting, other than those attached to common shares held by insiders of the Company. As of March 26, 2008 insiders of the company may be deemed to be the beneficial owners of 1,543,829 common shares, representing approximately 3.65% of the outstanding common shares. This number includes 474,429 common shares subject to options and warrants, which may be exercised by the holders, but which are not entitled to vote unless exercised by the holder and converted to common shares.

APPROVAL OF AMENDMENT TO SECTION 54 OF THE COMPANY S BY-LAW NUMBER 1

On October 23, 2007 the Board of Directors adopted a resolution amending Section 54 of the Company s By-Law Number 1 to add the following:

The Corporation may allow its listed securities to be eligible to be recorded and maintained on the books of its transfer agent without the issuance of a physical stock certificate.

At the Meeting, the shareholders will be asked to consider, and, if thought fit, to approve, with or without variation, a resolution approving the amendment to Section 54 of the Company s By-Law Number 1 as set forth above, the full text of which resolution is set out at Schedule A to this management proxy circular.

This amendment has been proposed to comply with NASDAQ requirements. On August 8, 2006, the Securities and Exchange Commission approved amendments to NASDAQ Rule 4350(1), which requires NASDAQ-listed securities to be eligible for a Direct Registration Program operated by a registered clearing agency. A Direct Registration Program permits an investor s ownership to be recorded and maintained on the books of the issuer or the transfer agent without the issuance of a physical stock certificate. The proposed amendment to the Company s By-Law is intended to comply with NASDAQ Rule 4350(1).

The vote for the approval of the amendment to Section 54 of the Company s By-Law Number 1 requires the approval of a majority of the common shares represented and cast in respect of such matter to be effective. The Board of Directors unanimously recommends a vote **FOR** approval of the amendment to Section 54 of the Company s By-Law Number 1.

APPROVAL OF THE AMENDMENT TO SECTION 63 OF THE COMPANY S BY-LAW NUMBER 1

The Company s current requirement for giving any notice, communication or other document to its shareholders, directors, officers or auditor is contained in Section 63 of the Company s By-Law Number 1. As written, Section 63 does not expressly allow for electronic delivery of such materials.

On February 26, 2008 the Board of Directors adopted a resolution amending Section 63 to expressly permit electronic delivery of any notice, communication or other document to its shareholders, directors, officers, or auditor.

At the Meeting, the shareholders will be asked to consider, and, if thought fit, to approve, with or without variation, a resolution approving the amendment to Section 63 of the Company's By-Law Number 1 as set forth above. The full text of the proposed resolution is set out at Schedule B to this management proxy circular.

This amendment to the Company's notice requirement has been made in order to facilitate distribution of the annual report, notice, and management proxy circular to take advantage of technological advancements as permitted by the *Electronic Transactions Act* (New Brunswick), the Securities and Exchange Commission, and NASDAQ. By making this amendment the Company is not required to deliver the annual report, notice, and management proxy circular electronically, but may do so in the future by complying with applicable laws.

The vote for the approval of the amendment to Section 63 of the Company's By-Law Number 1 requires the approval of a majority of the common shares represented and cast in respect of such matter to be effective. The Board of Directors unanimously recommends a vote **FOR** approval of the amendment to Section 63 of the Company's By-Law Number 1.

APPROVAL OF THE COMPANY'S SHAREHOLDER RIGHTS PLAN

At the meeting, the shareholders will be asked to consider and, if deemed advisable, to approve, with or without variation, a resolution (the Rights Plan Resolution) approving the continuation, amendment and restatement of the Company's Shareholders Rights Plan (the Rights Plan). The full text of the Rights Plan Resolution is attached as Schedule C hereto.

Background

The Company and Computershare Trust Company of Canada (the Rights Agent) entered into an agreement dated as of April 22, 2005 (the Rights Plan Agreement) to implement the Rights Plan. The Rights Plan was originally approved by the Company's shareholders on May 26, 2005.

Under the terms of the Rights Plan, its continued existence must be approved and confirmed by the Independent Shareholders (as defined in the Rights Plan) on or before the date of the Company's 2008 annual and special meeting, or the Rights Plan will expire. An Independent Shareholder is generally any shareholder other than an Acquiring Person (as defined in the Rights Plan) and its associates and affiliates. As of the date of this circular, the Company is not aware of any shareholder that would not be considered an Independent Shareholder, and therefore it is anticipated that all shareholders will be eligible to vote their common shares with respect to the Rights Plan Resolution set forth in Schedule C hereto.

The Board of Directors has approved an amended and restated shareholder rights plan to be dated May 15, 2008 (the Amended Rights Plan) if approved at the meeting. The Amended Plan is summarized herein and is substantially similar to the existing Rights Plan, except for the amendments described below.

The Amended Plan continues to create a right (which is only triggered if a person or a control group acquires 20% or more of the Company's issued and outstanding publicly traded common shares) for each shareholder, other than the acquiring person or its associates or affiliates, to acquire additional common shares of the Company at one-half of the then market price at the time of exercise. The net effect of an exercise is to dilute the prospective acquirer's share position, and inhibits a change of control event unless the Amended Plan has been withdrawn or the buyer makes a Permitted Bid (as discussed below).

The most common approaches that a buyer may take to have a rights plan withdrawn are to negotiate with the Board of Directors to have the rights plan waived, or to apply for court-ordered relief. Both of these

approaches are intended to give the Board of Directors more time and control over any sale process and increase the likelihood of maximizing shareholder value. See **Objectives of the Rights Plan** below.

The Amended Rights Plan contains an amendment that is intended to clarify its operation. This amendment is to Section 5.1(h) of the Rights Plan Agreement, which provides that the Rights may be redeemed by the Board of Directors after the Separation Time has occurred if a Take-over Bid that is not a Permitted Bid is withdrawn or terminated, provided that the Rights Plan is deemed to continue to apply as if the Separation Time had not occurred. In order to give effect to the intent of Section 5.1(h) and ensure that the Rights Plan Agreement will continue to apply in such circumstances, Section 5.1(h) has been amended to deem the Company to have issued replacement Rights to all holders of its then outstanding Common Shares upon such redemption.

In addition to the foregoing amendment, the Amended Rights Plan includes consequential changes that are consistent with its continued existence, as amended, as well as updates to the names of the Corporation and Rights Agent (which have changed since the date of the Original Plan) and other minor grammatical and non-substantive clerical amendments.

Apart from the above-mentioned amendment, the Amended Rights Plan is identical to the Rights Plan in all material respects. If the resolution is passed at the meeting, the Company and Rights Agent will execute the Amended and Restated Shareholder Rights Plan Agreement (the Amended Rights Plan Agreement) as of the date the resolution is passed and the Amended Rights Plan will come into effect. If the resolution is not passed, the Amended Rights Plan will become void and of no further force and effect, the Amended Rights Plan Agreement will not be executed, the Amended Rights Plan will not become effective and the Company will no longer have any form of shareholder rights plan.

Features of the Rights Plan; Defined Terms

A summary of the key features of the Amended Rights Plan is included below. All capitalized terms used in this section of this management proxy circular (including the summary of the Amended Rights Plan below) have the meanings set forth in the Amended Rights Plan unless otherwise indicated. The full text of the Rights Plan is available from the SEC Edgar website, www.sec.gov or on the SEDAR Web site maintained by the Canadian securities regulators at www.sedar.com. Alternatively, the complete text of the Rights Plan and Amended Rights Plan are also available to any shareholder on request from the Secretary of the Company. Shareholders wishing to receive a copy of the Rights Plan or Amended Rights Plan should contact the Company by telephone 1-800-342-3757, or write to the Secretary, GSI Group Inc., 39 Manning Road, Billerica, Massachusetts 01821, U.S.A.

Objectives of the Amended Rights Plan

The Amended Rights Plan is not being confirmed or approved in response to or in anticipation of any pending or threatened take-over bid, nor to deter take-over bids generally. As of the date of this Circular, the Board of Directors was not aware of any third party considering or preparing any proposal to acquire control of the Company. The primary objectives of the Amended Rights Plan are to ensure that, in the context of a future bid for control of the Company through an acquisition of common shares, the Board of Directors has sufficient time to explore and develop alternatives for maximizing shareholder value, to provide adequate time for competing bids to emerge, to ensure that shareholders have an equal opportunity to participate in such a bid and to give them adequate time to properly assess the bid and lessen the pressure to tender typically encountered by a security holder of an issuer that is subject to a bid. The Amended Rights Plan in no way prohibits a change of control of the Company in a transaction that the Board of Directors believes is fair and in the best interests of all shareholders of the Company. The rights of shareholders to seek a change in the management of the Company or to influence or promote action of management in a particular manner will not be affected by the Amended Rights Plan. The approval of the Amended Rights Plan does not affect the duty of a director to act honestly and in good faith with a view to the best interests of the Company and its shareholders.

In approving the Amended Rights Plan, the Board of Directors considered the following concerns inherent in the existing legislative framework governing take-over bids in Canada:

(a) *Time.* Current Canadian legislation permits a take-over bid to expire in 35 days. The Board of Directors is of the view that this generally is not sufficient time to seek competing bids, and to permit shareholders to consider a take-over bid and to make a reasoned and considered decision based on all relevant information. The Amended Rights Plan provides a mechanism whereby the minimum expiry period for a Take-over Bid must be 60 days after the date of the bid, and the bid must remain open for a further period of 10 Business Days after the Offeror publicly announces that the common shares deposited or tendered and not withdrawn constitute more than 50% of the common shares outstanding held by Independent Shareholders. The Amended Rights Plan is intended to provide the Independent Shareholders with adequate time to properly evaluate the offer and to provide the Board of Directors with sufficient time to explore and develop alternatives for maximizing shareholder value. Those alternatives could include identifying other potential bidders, conducting an orderly auction or developing a restructuring alternative to enhance shareholder value.

(b) *Pressure to Tender.* A shareholder may feel pressured to tender to a bid that the shareholder considers to be inadequate out of a concern that failing to tender may result in the shareholder being left with illiquid or minority-discounted shares. This is particularly so in the case of a partial bid for less than all securities of a class, where the bidder wishes to obtain a control position but does not wish to acquire all of the common shares. The Amended Rights Plan provides a mechanism in the Permitted Bid provision that is intended to ensure that a shareholder may remove the uncertainty as to whether a majority of shareholders will support a take-over bid from the decision to tender to the take-over bid by requiring that a take-over bid remain open for acceptance for a further 10 Business Days following public announcement that more than 50% of the common shares held by Independent Shareholders have been deposited and not withdrawn as at the initial date of take-up or payment by the buyer. This mechanism is intended to lessen any undue pressure on the Independent Shareholders to prematurely tender their shares.

(c) *Unequal Treatment.* While existing securities legislation has substantially addressed many concerns of unequal treatment, there remains the possibility that control of an issuer may be acquired pursuant to a private agreement in which a small group of security holders dispose of their securities at a premium to market price which premium is not shared with other security holders. In addition, a person may slowly accumulate securities through stock exchange acquisitions that may result, over time, in an acquisition of control without payment of fair value for control or a fair sharing of a control premium among all security holders. The Amended Rights Plan addresses these concerns by applying to all acquisitions of greater than 20% of the common shares, to better ensure that shareholders receive equal treatment.

General Impact of the Amended Rights Plan

It is not the intention of the Board of Directors, in approving the Amended Rights Plan, to secure the perpetuation of existing directors or management, nor to avoid a bid for control of the Company in a transaction that is fair and in the best interests of shareholders. For example, through the Permitted Bid mechanism, described in more detail in the summary provided below, shareholders may tender to a bid that meets the Permitted Bid criteria without triggering the Amended Rights Plan, regardless of the acceptability of the bid to the Board of Directors or management. Furthermore, even in the context of a bid that does not meet the Permitted Bid criteria, the Board of Directors will continue to be bound by their legal duty to consider fully and fairly any bid for the common shares in any exercise of its discretion to waive application of the Amended Rights Plan or redeem the Rights. In all such circumstances, the Board of Directors must act honestly and in good faith with a view to the best interests of the Company and its shareholders. The Amended Rights Plan does not preclude any shareholder from utilizing the proxy mechanism under the *Business Corporations Act* (New Brunswick) and securities laws to promote a change in the management or direction of the Company, and has no effect on the rights of holders of outstanding common shares to requisition a meeting of shareholders in accordance with the provisions of applicable corporate and securities legislation, or to enter into agreements with respect to voting

their common shares. The definitions of *Acquiring Person* and *Beneficial Ownership* have been developed to minimize concerns that the plan may be inadvertently triggered or triggered as a result of an overly-broad aggregating of holdings of institutional shareholders and their clients.

The Amended Rights Plan will not interfere with the day-to-day operations of the Company. The issuance of the Rights does not in any way alter the financial condition of the Company, impede its business plans or alter its financial statements.

In summary, the Board of Directors believes that the dominant effect of the Amended Rights Plan will be to enhance shareholder value, and ensure equal treatment of all shareholders in the context of an acquisition of control.

Summary of Amended Rights Plan

The following is a summary of the features of the Amended Rights Plan. This summary is not intended to limit, modify or amend the Amended Rights Plan, and is qualified in its entirety by the full text of the Amended Rights Plan, a copy of which is available on the SEDAR website maintained by the Canadian securities regulators at www.sedar.com., and which is also available on request from the Secretary of the Company as described above.

(a) Issuance of Rights

One Right was issued by the Company in respect of each Common Share outstanding at the close of business on April 22, 2005, the original date of implementation of the Rights Plan. The Board will also authorize the issue of one Right for each Common Share issued after such date and prior to the earlier of the Separation Time and the Expiration Time. Each Right entitles the record holder thereof to purchase from the Company one Common Share at an exercise price of CDN\$200, subject to adjustment and certain anti-dilution provisions (the *Exercise Price*). The Rights are not exercisable until the Separation Time. If a Flip-in Event occurs, each Right will entitle the registered holder to receive, upon payment of the Exercise Price, that number of common shares having an aggregate market price equal to twice the Exercise Price.

The Company is not required to issue or deliver Rights or securities upon the exercise of Rights outside Canada or the United States where such issuance or delivery would be unlawful without registration of the relevant Persons or securities. If the Amended Rights Plan would require compliance with securities laws or comparable legislation of a jurisdiction outside Canada and the United States, the Board of Directors may establish procedures for the issuance to a Canadian resident Fiduciary of such securities, to hold such Rights or other securities in trust for the Persons beneficially entitled to them, to sell such securities, and to remit the proceeds to such Persons.

(b) Trading of Rights

Until the Separation Time (or the earlier termination or expiration of the Rights), the Rights will be evidenced by the certificates representing the Common shares and will be transferable only together with the associated Common shares. From and after the Separation Time, separate certificates evidencing the Rights (*Rights Certificates*) will be mailed to holders of record of Common shares (other than an *Acquiring Person*) as of the Separation Time. Rights Certificates will also be issued in respect of Common shares issued prior to the Expiration Time, to each holder (other than an *Acquiring Person*) converting, after the Separation Time, securities (*Convertible Securities*) convertible into or exchangeable for Common shares. The Rights will trade separately from the Common shares after the Separation Time.

(c) Separation Time

The Separation Time is the Close of Business on the eighth Business Day after the earliest of: (i) the Stock Acquisition Date, which is generally the first date of public announcement of facts indicating that a Person has become an Acquiring Person; (ii) the date of the commencement of, or first public announcement of the intent of any Person (other than the Company or any Affiliate of the Company) to commence a Take-over Bid (other than a Permitted Bid or a Competing Permitted Bid, and the Amended Rights Plan requires such bid to continue to satisfy the requirements of a Permitted Bid or Competing Permitted Bid); and (iii) the date at which a Permitted Bid ceases to be a Permitted Bid. In either case, the Separation Time can be such later date as may from time to time be determined by the Board of Directors. If a Take-over Bid expires, or is cancelled, terminated or otherwise withdrawn prior to the Separation Time, it shall be deemed never to have been made.

(d) Acquiring Person

In general, an Acquiring Person is a Person who is the Beneficial Owner of 20% or more of the outstanding common shares. Excluded from the definition of Acquiring Person are the Company and its Affiliates, and any Person who becomes the Beneficial Owner of 20% or more of the outstanding common shares as a result of one or more or any combination of a Voting Share Reduction, a Permitted Bid Acquisition, an Exempt Acquisition, a Pro Rata Acquisition and a Convertible Security Acquisition. The definitions of Voting Share Reduction, Permitted Bid Acquisition, Exempt Acquisition, Pro Rata Acquisition and Convertible Security Acquisition are set out in the Amended Rights Plan. However, in general:

(i) a Voting Share Reduction means an acquisition or redemption of common shares by the Company which, by reducing the number of outstanding common shares, increases the percentage of common shares Beneficially Owned by any Person to over 20% of the outstanding common shares;

(ii) a Permitted Bid Acquisition means an acquisition of common shares made pursuant to a Permitted Bid or a Competing Permitted Bid;

(iii) an Exempt Acquisition means an acquisition of common shares in respect of which the Board of Directors has waived the application of the Amended Rights Plan, which was made pursuant to a dividend reinvestment plan of the Company, which was made pursuant to the receipt or exercise of rights issued by the Company to all the holders of common shares (other than holders resident in a jurisdiction where such distribution is restricted or impracticable as a result of applicable law) to subscribe for or purchase common shares or Convertible Securities (provided that such rights are acquired directly from the Company and not from any other Person and provided that the Person does not hereby acquire a greater percentage of common shares or Convertible Securities so offered than the Person's percentage of common shares or Convertible Securities beneficially owned immediately prior to such acquisition), which was made pursuant to a distribution by the Company of common shares or Convertible Securities made pursuant to a prospectus (provided that the Person does not thereby acquire a greater percentage of the common shares or Convertible Securities so offered than the percentage owned immediately prior to such acquisition), which was made pursuant to a distribution by the Company of common shares or Convertible Securities by way of a private placement or a securities exchange Take-over Bid circular or upon the exercise by an individual employee of stock options granted under a stock option plan of the Company or rights to purchase securities granted under a share purchase plan of the Company, or which is made pursuant to an amalgamation, merger or other statutory procedure requiring shareholder approval;

(iv) a Pro Rata Acquisition means an acquisition by a Person as a result of a stock dividend, a stock split or other event pursuant to which such Person receives or acquires common shares or Convertible Securities on the same pro rata basis as all other holders of common shares of the same class; and

(v) a Convertible Security Acquisition means an acquisition of common shares upon the exercise of Convertible Securities received by such Person pursuant to a Permitted Bid Acquisition, Exempt Acquisition or a Pro Rata Acquisition.

Also excluded from the definition of *Acquiring Person* are underwriters or members of a banking or selling group acting in connection with a distribution of securities by way of prospectus or private placement, a Person in its capacity as an Investment Manager, Trust Corporation, Plan Trustee, Statutory Body, Crown Agent or Manager (provided that such Person is not making or proposing to make a Take-over Bid), and a Person (a *Grandfathered Person*) who is the Beneficial Owner of 20% or more of the outstanding common shares of the Company as at the Record Time, provided, however, that this exception ceases to be applicable to a Grandfathered Person in the event that such Grandfathered Person shall, after the Record Time: (1) cease to own 20% or more of the outstanding common shares or (2) become the Beneficial Owner of additional common shares constituting more than 1% of the number of common shares outstanding as at the Record Time.

(e) *Beneficial Ownership*

General

In general, a Person is deemed to Beneficially Own common shares actually held by others in circumstances where those holdings are or should be grouped together for purposes of the Amended Rights Plan. Included are holdings by the Person's Affiliates (generally, a person that controls, is controlled by, or under common control with another person) and Associates (generally, relatives sharing the same residence). Also included are securities which the Person or any of the Person's Affiliates or Associates has the right to acquire within 60 days (other than (1) customary agreements with and between underwriters and banking group or selling group members with respect to a distribution to the public or pursuant to a private placement of securities; or (2) pursuant to a pledge of securities in the ordinary course of business).

A Person is also deemed to Beneficially Own any securities that are Beneficially Owned (as described above) by any other Person with which the Person is acting jointly or in concert (a *Joint Actor*). A Person is a Joint Actor with any Person who is a party to an agreement, arrangement or understanding with the first Person or an Associate or Affiliate thereof to acquire or offer to acquire common shares.

Institutional Shareholder Exemptions from Beneficial Ownership

The definition of *Beneficial Ownership* contains several exclusions whereby a Person is not considered to Beneficially Own a security. There are exemptions from the deemed *Beneficial Ownership* provisions for institutional shareholders acting in the ordinary course of business. These exemptions apply to: (i) an investment manager (*Investment Manager*) which holds securities in the ordinary course of business in the performance of its duties for the account of any other Person (a *Client*) including, the acquisition or holding of securities for non-discretionary accounts held on behalf of a Client by a broker or dealer registered under applicable securities laws; (ii) a licensed trust corporation (*Trust Corporation*) acting as trustee or administrator or in a similar capacity in relation to the estates of deceased or incompetent persons (each an *Estate Account*) or in relation to other accounts (each an *Other Account*) and which holds such security in the ordinary course of its duties for such accounts; (iii) the administrator or the trustee (a *Plan Trustee*) of one or more pension funds or plans (a *Plan*) registered under applicable law; (iv) a Person who is a Plan or is a Person established by statute (the *Statutory Body*), and its ordinary business or activity includes the management of investment funds for employee benefit plans, pension plans, insurance plans, or various public bodies; (v) a Crown Agent; (iv) a manager or trustee (*Manager*) of a mutual fund (*Mutual Fund*) that is registered or qualified to issue its securities to investors under the securities laws of any province of Canada or the laws of the United States of America or is a Mutual Fund. The foregoing exemptions only apply so long as the Investment Manager, Trust Corporation, Plan Trustee, Plan, Statutory Body, Crown Agent, Manager or Mutual Fund is not then making or has not then announced an intention to make a Take-over Bid, other than an Offer to Acquire common shares or other securities pursuant to a distribution by the Company or by means of ordinary market transactions.

A Person will not be deemed to Beneficially Own a security because: (i) the Person is a Client of the same Investment Manager, an Estate Account or an Other Account of the same Trust Corporation, or Plan with the

same Plan Trustee as another Person or Plan on whose account the Investment Manager, Trust Corporation or Plan Trustee, as the case may be, holds such security or (ii) the Person is a Client of an Investment Manager, Estate Account, Other Account or Plan, and the security is owned at law or in equity by the Investment Manager, Trust Corporation or Plan Trustee, as the case may be.

Exemption for Permitted Lock-up Agreement

Under the Amended Rights Plan, a Person will not be deemed to Beneficially Own any security where the holder of such security has agreed to deposit or tender such security, pursuant to a Permitted Lock-up Agreement or to a Take-over Bid made by such Person or such Person's Affiliates or Associates or a Joint Actor, or such security has been deposited or tendered pursuant to a Take-over Bid made by such Person or such Person's Affiliates, Associates or Joint Actors until the earliest time at which any such tendered security is accepted unconditionally for payment or is taken up or paid for.

A Permitted Lock-up Agreement is essentially an agreement between a Person and one or more holders of common shares (the terms of which are publicly disclosed and available to the public within the time frames set forth in the definition of Permitted Lock-up Agreement) pursuant to which each Locked-up Person agrees to deposit or tender common shares to the Lock-up Bid and which further permits the Locked-up Person to withdraw its common shares in order to deposit or tender the common shares to another Take-over Bid or support another transaction: (i) at a price or value that exceeds the price under the Lock-Up Bid; or (ii) for a number of Common Share at least 7% greater than the number of common shares that the Offeror has offered to purchase under the Lock-up Bid at a price or value per Common Share that is not less than the price or value per Common Share offered under the Lock-up Bid; or (iii) at an offering price that exceeds the offering price in the Lock-up Bid by as much as or more than a Specified Amount and that does not provide for a Specified Amount greater than 7% of the offering price in the Lock-up Bid. The Amended Rights Plan therefore requires that a Person making a Take-Over Bid structure any Lock-up Agreement so as to provide reasonable flexibility to the shareholder in order to avoid being deemed the Beneficial Owner of the common shares subject to the Lock-up Agreement and potentially triggering the provisions of the Amended Rights Plan.

A Permitted Lock-up Agreement may contain a right of first refusal or require a period of delay to give the Person who made the Lock-up Bid an opportunity to match a higher price in another Take-Over Bid or other similar limitation on a Locked-up Person's right to withdraw common shares so long as the limitation does not preclude the exercise by the Locked-up Person of the right to withdraw common shares during the period of the other Take-Over Bid or transaction. Finally, under a Permitted Lock-up Agreement, no break up fees, top up fees, penalties, expenses or other amounts that exceed in aggregate the greater of: (i) 2-1/2% of the price or value of the consideration payable under the Lock-up Bid; and (ii) 50% of the amount by which the price or value of the consideration received by a Locked-up Person under another Take-Over Bid or transaction exceeds what such Locked-up Person would have received under the Lock-up Bid; can be payable by such Locked-up Person if the Locked-up Person fails to deposit or tender common shares to the Lock-up Bid or withdraws common shares previously tendered thereto in order to deposit such common shares to another Take-Over Bid or support another transaction.

(f) Flip-in Event

A Flip-in Event occurs when any Person becomes an Acquiring Person. In the event that, prior to the Expiration Time, a Flip-in Event which has not been waived by the Board of Directors occurs (see Redemption, Waiver and Termination), each Right (except for Rights Beneficially Owned or which may thereafter be Beneficially Owned by an Acquiring Person, an Affiliate or Associate of an Acquiring Person or a Joint Actor (or a transferee of any such Person), which Rights will become null and void) shall constitute the right to purchase from the Company, upon exercise thereof in accordance with the terms of the Amended Rights Plan, that number of common shares having an aggregate Market Price on the date of the Flip-in Event equal to twice the Exercise Price, for the Exercise Price (such Right being subject to anti-dilution adjustments). For example, if at the time of the Flip-in Event the Exercise Price is CDN\$200 and the Market Price of the common shares is CDN\$20, the

holder of each Right would be entitled to purchase common shares having an aggregate Market Price of CDN\$400 (that is, twenty (20) common shares) for CDN\$200 (that is, a 50% discount from the Market Price).

(g) Permitted Bid and Competing Permitted Bid

A Permitted Bid is a Take-over Bid made by way of a Take-over Bid circular and which complies with the following additional provisions:

(i) the Take-over Bid is made to all holders of record of common shares, other than the Offeror;

(ii) the Take-over Bid contains irrevocable and unqualified conditions that:

A. no common shares shall be taken up or paid for pursuant to the Take-over Bid prior to the Close of Business on a date which is not less than 60 days following the date of the Take-over Bid and the provisions for the take-up and payment for common shares tendered or deposited thereunder shall be subject to such irrevocable and unqualified condition;

B. unless the Take-over Bid is withdrawn, common shares may be deposited pursuant to the Take-over Bid at any time prior to the Close of Business on the date of first take-up or payment for common shares and all common shares deposited pursuant to the Take-over Bid may be withdrawn at any time prior to the Close of Business on such date;

C. more than 50% of the outstanding common shares held by Independent Shareholders must be deposited to the Take-over Bid and not withdrawn at the Close of Business on the date of first take-up or payment for common shares; and

D. in the event that more than 50% of the then outstanding common shares held by Independent Shareholders have been deposited to the Take-over Bid and not withdrawn as at the date of first take-up or payment for common shares under the Take-over Bid, the Offeror will make a public announcement of that fact and the Take-over Bid will remain open for deposits and tenders of common shares for not less than 10 Business Days from the date of such public announcement.

A Competing Permitted Bid is a Take-over Bid that is made after a Permitted Bid has been made but prior to its expiry and that satisfies all the requirements of a Permitted Bid as described above, except that a Competing Permitted Bid is not required to remain open for 60 days so long as it is open until the later of: (i) the earliest date on which common shares may be taken-up or paid for under any earlier Permitted Bid or Competing Permitted Bid that is in existence; and (ii) 35 days (or such other minimum period of days as may be prescribed by applicable law in Ontario) after the date of the Take-over Bid constituting the Competing Permitted Bid.

(h) Redemption, Waiver and Termination

(i) *Redemption of Rights on Approval of Holders of Common Shares and Rights.* The Board of Directors acting in good faith may, after having obtained the prior approval of the holders of common shares or Rights, at any time prior to the occurrence of a Flip-in Event, elect to redeem all but not less than all of the then outstanding Rights at a redemption price of \$0.00001 per Right, appropriately adjusted for anti-dilution as provided in the Rights Agreement (the Redemption Price).

(ii) *Discretionary Waiver respecting Acquisition not by Take-over Bid Circular.* The Board of Directors acting in good faith may, with the prior consent of the holders of common shares, determine, at any time prior to the occurrence of a Flip-in Event as to which the application of the Amended Rights Plan has not been waived, if such Flip-in Event would occur by reason of an acquisition of common shares otherwise than pursuant to a Take-over Bid made by means of a Take-over Bid circular to holders of common shares and otherwise than by inadvertence

when such inadvertent Acquiring Person has then reduced its holdings to below 20%, to waive the application of the Amended Rights Plan to such Flip-in Event. However, if the Board of Directors waives the application of the Amended Rights Plan, the Board of Directors shall extend the Separation Time to a date subsequent to and not more than 10 Business Days following the meeting of shareholders called to approve such a waiver.

(iii) *Discretionary Waiver with Mandatory Waiver of Concurrent Bids.* The Board of Directors acting in good faith may, prior to the occurrence of a Flip-in Event as to which the Amended Rights Plan has not been waived under this clause, upon prior written notice to the Rights Agent, waive the application of the Amended Rights Plan to a Flip-in Event that may occur by reason of a Take-over Bid made by means of a Take-over Bid circular to all holders of record of common shares. However, if the Board of Directors waives the application of the Amended Rights Plan, the Board of Directors shall be deemed to have waived the application of the Amended Rights Plan in respect of any other Flip-in Event occurring by reason of such a Takeover Bid made prior to the expiry of a bid for which a waiver is, or is deemed to have been, granted.

(iv) *Waiver of Inadvertent Acquisition.* The Board of Directors acting in good faith may waive the application of the Amended Rights Plan in respect of the occurrence of any Flip-in Event if: (i) the Board of Directors has determined that a Person became an Acquiring Person under the Amended Rights Plan by inadvertence and without any intent or knowledge that it would become an Acquiring Person; and (ii) the Acquiring Person has reduced its Beneficial Ownership of common shares such that at the time of waiver the Person is no longer an Acquiring Person.

(v) *Deemed Redemption.* In the event that a Person who has made a Permitted Bid or a Takeover Bid in respect of which the Board of Directors has waived or has deemed to have waived the application of the Amended Rights Plan consummates the acquisition of the common shares, the Board of Directors shall be deemed to have elected to redeem the Rights for the Redemption Price without any further formality.

(vi) *Redemption of Rights on Withdrawal or Termination of Bid.* Where a Take-over Bid that is not a Permitted Bid is withdrawn or otherwise terminated after the Separation Time and prior to the occurrence of a Flip-in Event, the Board of Directors may elect to redeem all the outstanding Rights at the Redemption Price.

If the Board of Directors is deemed to have elected or elects to redeem the Rights as described above, the right to exercise the Rights will thereupon, without further action and without notice, terminate and the only right thereafter of the holders of Rights is to receive the Redemption Price. Within 10 Business Days of any such election or deemed election to redeem the Rights, the Company will notify the holders of the common shares or, after the Separation Time, the holders of the Rights.

(i) Anti-Dilution Adjustments

The Exercise Price of a Right, the number and kind of securities subject to purchase upon exercise of a Right, and the number of Rights outstanding, will be adjusted in certain events, including:

(i) if there is a dividend payable in common shares or Convertible Securities (other than pursuant to any optional stock dividend program, divided reinvestment plan or a dividend payable in common shares in lieu of a regular periodic cash dividend) on the common shares; or

(ii) a subdivision or consolidation of the common shares; or

(iii) an issuance of common shares or Convertible Securities in respect of, in lieu of or in exchange for common shares; or

(iv) if the Company fixes a record date for the distribution to all holders of common shares of certain rights or warrants to acquire common shares or Convertible Securities, or for the making of a distribution to all holders

of common shares of evidences of indebtedness or assets (other than regular periodic cash dividend or a dividend payable in common shares) or rights or warrants.

(j) *Supplements and Amendments*

The Company may make amendments to correct any clerical or typographical error or which are necessary to maintain the validity of the Rights Agreement as a result of any change in any applicable legislation, rules or regulation. Any changes made to maintain the validity of the Amended Rights Plan shall be subject to subsequent confirmation by the holders of the common shares or, after the Separation Time, the holders of the Rights.

Subject to the above exceptions, after the meeting, any amendment, variation or deletion of or from the Rights Agreement and the Rights is subject to the prior approval of the holders of common shares, or, after the Separation Time, the holders of the Rights.

The Board of Directors reserves the right to alter any terms of or not proceed with the Amended Rights Plan at any time prior to the meeting if the Board of Directors determines that it would be in the best interests of the Company and its shareholders to do so, in light of subsequent developments.

(k) *Expiration*

If the Amended Rights Plan is ratified, confirmed and approved at the meeting, it will become effective immediately following such approval and remain in force until the earlier of the Termination Time (the time at which the right to exercise Rights shall terminate pursuant to the Amended Rights Plan) and the termination of the annual meeting of the Shareholders in the year 2011 unless at or prior to such meeting the Company's shareholders ratify the continued existence of the Amended Rights Plan, in which case the Amended Rights Plan would expire at the earlier of the Termination Time and the termination of the 2014 annual meeting of the Company's shareholders.

Canadian Federal Income Tax Consequences

The Company considers that the Rights, when issued, will have negligible monetary value and therefore shareholders resident or deemed to be resident in Canada will not be required to include any amount in income under the *Income Tax Act* (Canada) (the Tax Act) as a result of the issuance of the Rights. The Rights will be considered to have been acquired at no cost. Such holders may be required to include an amount in income or realize a capital gain in the event that the Rights are exercised or otherwise disposed of.

On the basis that the Rights, when issued, will have negligible monetary value, the issuance of Rights to a shareholder that is neither resident nor deemed to be resident in Canada for purposes of the Tax Act, should not be subject to non-resident withholding tax under the Tax Act. The exercise or disposition of such Rights by such holders may have income or withholding tax consequences under the Tax Act.

This statement is of a general nature only and is not intended to constitute nor should it be construed to constitute legal or tax advice to any particular shareholder. Shareholders are advised to consult their own tax advisors regarding the consequences of acquiring, holding, exercising or otherwise disposing of their Rights, taking into account their own particular circumstances and any applicable tax laws.

United States Federal Income Tax Consequences

As the possibility of the rights becoming exercisable is both remote and speculative, the adoption of the Amended Rights Plan will not constitute a distribution of stock or property by the Company to its shareholders, an exchange of property or stock, or any other event giving rise to the realization of gross income by any shareholder. The holder of Rights may have taxable income if the Rights become exercisable or are exercised or sold. In the event the Rights should become exercisable, shareholders should consult their own tax advisor concerning the consequences of acquiring, holding, exercising or disposing of their Rights. This statement is of a general nature only and is not intended to constitute nor should it be construed to constitute legal or tax advice to

any particular shareholder. Shareholders are advised to consult their own tax advisors regarding the consequences of acquiring, holding, exercising or otherwise disposing of their Rights, taking into account their own particular circumstances and any applicable tax laws.

Eligibility for Investment in Canada

The Rights are qualified investments under the Tax Act for registered retirement savings plans, registered retirement income funds, deferred profit savings plans (collectively, Registered Plans) and registered education savings plans, and will not constitute foreign property for a Registered Plan or any other taxpayer subject to Part XI of the Tax Act, provided that the common shares are at all relevant times for purposes of the Tax Act qualified investments that are not foreign property for such plans. The issuance of the Rights will not affect the eligibility of the common shares as investments for investors governed by certain Canadian federal and provincial legislation governing insurance companies, trust companies, loan companies and pension plans.

Vote Required

The Amended Rights Plan Resolution must be approved by a simple majority of 50% plus one vote of the votes cast by the Independent Shareholders at the meeting. If the Amended Rights Plan Resolution is passed at the meeting, then the Amended Rights Plan will become effective as of the date the Amended Rights Plan Resolution is passed. If the Amended Rights Plan Resolution is not passed at the meeting, the Amended Rights Plan will not become effective.

Recommendation of the Board of Directors

The Board of Directors has reviewed the Amended Rights Plan for conformity with current practices of Canadian issuers with respect to shareholder rights plan design. Based on its review, the Board of Directors has determined that it is advisable and in the best interests of the Company and its shareholders that the Company has in place a shareholder rights plan in the form of the Amended Rights Plan. Accordingly, the Board of Directors unanimously recommends a vote **FOR** the adoption of the Amended Rights Plan. The Board of Directors has resolved to adopt the Amended Rights Plan, subject to approval by the Independent Shareholders at the meeting. The Company has been advised that the directors and senior officers of the Company intend to vote all common shares held by them in favor of the approval of the Amended Rights Plan.

The Board of Directors reserves the right to alter any terms of or not proceed with the Amended Rights Plan at any time prior to the meeting if the Board of Directors determines that it would be in the best interests of the Company and its shareholders to do so, in light of subsequent developments.

BOARD OF DIRECTORS AND COMMITTEE MEETINGS

During fiscal 2007, the Board of Directors of the Company held eleven meetings, including seven meetings by telephone. Each incumbent director attended 100% of the regularly scheduled Board meetings, at least 90% of the telephonic Board meetings and 100% of the Committee meetings on which that Director served. In aggregate, all directors attended 97% of all Board meetings and Committee meetings. It is the practice of the non-employee Directors to periodically meet in executive session, and it is the practice of the Audit Committee to meet in executive session with the Company's internal audit manager, external auditors, chief financial officer and chief legal officer after every committee meeting. Company policies do not require members of the Board of Directors to attend the Company's annual meetings of shareholders, although all directors are invited to attend. At the Company's 2007 annual meeting of shareholders, Dr. Sergio Edelman, a current member of the Board of Directors, was in attendance.

The Board of Directors has an Audit Committee; Compensation Committee; Nominating and Corporate Governance Committee and Technology Committee. Each Committee has a written charter, copies of which are posted on the Company's website at <http://www.gsig.com/investors/>.

Audit Committee. The Audit Committee oversees the financial reporting process and the internal controls of the Company, reviews the financial statements of the Company and oversees the appointment and activities of the Company's registered independent public accounting firm. The Audit Committee is currently composed of three members, each of whom is independent as defined in National Instrument 52-110 Audit Committees of the Canadian Securities Regulators and by NASDAQ. The Directors currently serving on the Audit Committee are Messrs. Black, Garrettson and Virgilio, with Mr. Black serving as Chairman. The Audit Committee, with the Board of Directors' ratification, has selected and appointed Ernst & Young LLP to serve as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2008. The Board of Directors has determined that Mr. Black, the current Audit Committee chairman, is an audit committee financial expert, as that term is defined in Item 407(d)(5) of Regulation S-K of the United States Securities Act of 1933, as amended. The Audit Committee operates under a written charter that is reviewed and updated at least annually by the Audit Committee and approved by the full Board of Directors. The Audit Committee held five (5) meetings (including one meeting by telephone) during fiscal 2007.

Compensation Committee. The Compensation Committee reviews and recommends to the Board of Directors the compensation and benefits of all executive officers of the Company and reviews general policy relating to compensation and benefits of employees of the Company. The Compensation Committee also approves all stock option, restricted stock and other equity awards. The Directors currently serving on the Compensation Committee are Messrs. Pond and Griffiths, and Ms. Hatsopoulos. Ms. Hatsopoulos chairs the Committee. All of the above-named Directors serving on the Compensation Committee are independent as defined by NASDAQ rules. The Compensation Committee operates under a written charter that is reviewed and updated at least annually by the Compensation Committee and approved by the full Board of Directors. The Compensation Committee held seven (7) meetings (including three (3) meetings by telephone) during fiscal 2007.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee (the NCG Committee) is responsible for the following: (a) identifying individuals qualified to become board members and recommending such individuals to the Board as director nominees; (b) developing and recommending to the Board a set of corporate governance principles applicable to the Company; and (c) reviewing the qualifications of Directors eligible to become members of the different committees of the board, and recommending to the Board director nominees for each committee. The Directors currently serving on the NCG Committee are Messrs. Pond and Virgilio and Ms. Hatsopoulos, with Mr. Pond serving as Chairman. The NCG Committee operates under a written charter that is reviewed and updated at least annually by the NCG Committee and approved by the full Board of Directors. The NCG held four meetings during fiscal 2007. The Board of Directors has determined that the members of the NCG Committee are independent as defined by NASDAQ rules.

The NCG Committee and the Board of Directors have not established a formal policy with regard to the consideration of director candidates recommended by shareholders. This is due to the following factors: (i) limited number of such recommendations, (ii) the need to evaluate such recommendations on a case-by-case basis, and (iii) the expectation that recommendations from shareholders would be considered in the same manner as recommendations by a director or an officer of the Company. Under the Company's By-Law Number 1, a shareholder may recommend a director nominee if the recommendation is signed by one or more holders of shares representing in the aggregate not less than 5% of the common shares of the Company entitled to vote at the shareholder's meeting to which the nomination is to be presented. Any shareholder, as described in the preceding sentence, wishing to recommend candidates for consideration by the NCG Committee and the full Board of Directors may do so by writing to the Secretary of the Company and providing the candidate's name, biographical data and qualifications.

The criteria that the NCG Committee has established regarding the minimum qualifications for nominees are available on the Company's Web site at <http://www.gsig.com/investors/>, under the title of Director Selection and Board Composition. The criteria center on finding candidates who have the highest level of integrity, are financially literate, have motivation and sufficient time to devote themselves to Company matters and who have skills that complement the skills and knowledge of the current Directors. The nominees named in this management proxy circular are all incumbent Directors, and have been selected and recommended by the current Board of Directors.

The Board is committed to a policy of equal opportunity in who it recommends to shareholders as potential director candidates.

Currently, six of the seven Directors are independent, including the Chairman, Mr. Black.

Annually, the NCG Committee leads a Board peer and self-evaluation exercise. Directors are asked to individually rate themselves and each other board member on a number of specified criteria. Assessments are tabulated and distributed to the entire Board, where they are discussed in a group session. In addition, the NCG Committee evaluates its own performance and discusses those results with the full Board as well.

Technology Committee. The Technology Committee reviews, evaluates and makes recommendations to the Board regarding the Company's major technology initiatives, including its research and development activities. The Committee also evaluates technical and market risks associated with new product development programs, and assesses both existing and new potential technology markets. The Committee currently consists of Phillip Griffiths, Garrett Garrettson, and Sergio Edelstein, with Mr. Griffiths serving as the Chairman. The Technology Committee operates under a written charter that is reviewed and updated at least annually by the Technology Committee and approved by the full Board of Directors. The Technology Committee held eight (8) meetings (including four (4) meetings by telephone) during fiscal 2007.

COMMUNICATIONS WITH DIRECTORS

The Board of Directors has not established a formal process for shareholders to send communications to the Board of Directors and/or individual Directors due to the limited number of such communications historically. However, the names of all Directors are available to shareholders in this management proxy circular and on the Company website. If the Company receives any shareholder communication intended for the full Board of Directors or any individual Director, the Company will forward all such communications to the full Board of Directors or such individual Director, unless the communication is clearly of a marketing nature or is unduly hostile, threatening, illegal, or similarly inappropriate, in which case the Company has the authority to discard the communication or take appropriate legal action regarding the communication. The Company has also established a worldwide confidential hotline for communication between Company employees and members of the Audit Committee. The confidential hotline is administered by an independent third party that reports any hotline communications to both the Audit Committee Chairman and the Chief Legal Officer of the Company.

COMMITTEE REPORTS

Report of the Audit Committee

The Audit Committee assists the Board of Directors by monitoring the accounting, financial reporting, data processing, regulatory and internal control environments and overseeing the appointment and activities of the Company's registered independent public accounting firm, including the audit of the Company's financial statements and its financial control systems. Management has the primary responsibility for the financial

statements and the reporting process, including the systems of internal controls. The primary duties and responsibilities of the Audit Committee are to:

Serve as an independent and objective party to monitor the Company's financial reporting process and internal control systems on behalf of the Board of Directors and to report the results of the Audit Committee's activities to the Board of Directors;

Appoint, evaluate and retain the Company's registered independent public accounting firm each fiscal year;

Maintain direct responsibility for the compensation, termination and oversight of the registered independent public accounting firm's performance and evaluate the registered independent public accounting firm's qualifications, performance, and compensation;

Evaluate the Company's quarterly financial performance, reporting and compliance with applicable laws and regulations;

Oversee management's establishment and enforcement of financial policies; and

Provide an open avenue of communication among the registered independent public accounting firm, financial and senior management, and the Board of Directors.

The Audit Committee has:

Reviewed and discussed the audited financial statements of the Company for the fiscal year ended December 31, 2007 with management and Ernst & Young LLP, the Company's independent registered public accounting firm, including a discussion of the quality and effect of the Company's accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements;

Discussed the matters required by Statement on Auditing Standards No. 61 (Communication with Audit Committees), as currently in effect and as amended by SAS No. 89 (Audit Adjustments) and SAS No. 90 (Audit Committee Communications), with Ernst & Young LLP, including the process used by management in formulating certain accounting estimates and the basis for the conclusions of Ernst & Young LLP regarding the reasonableness of those estimates;

Reviewed and discussed the results of the findings of Ernst & Young LLP relating to the Company's internal control system, as mandated by the Sarbanes-Oxley Act of 2002; and

Met with the independent registered public accounting firm, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls and the overall quality of the Company's financial reporting.

Met separately in executive session at least quarterly with the Company's Chief Financial Officer, Chief Legal Officer and Director of Internal Audit.

The Audit Committee has also received the written disclosures and the letter from Ernst & Young LLP required by Independence Standards Board Standard No. 1 (Independence Discussion with Audit Committees), has discussed the independence of Ernst & Young LLP and considered whether the provision of non-audit services by Ernst & Young LLP is compatible with maintaining auditor independence, and has satisfied itself as to the independence of Ernst & Young LLP.

Edgar Filing: GSI GROUP INC - Form DEF 14A

Based on the review and discussions noted above, the Audit Committee has recommended to the Board of Directors that the Company's audited financial statements be included in its annual report on Form 10-K for the fiscal year ended December 31, 2007 for filing with the United States Securities and Exchange Commission.

The Audit Committee, with the ratification of the full Board of Directors, has also appointed and selected Ernst & Young LLP of Boston, Massachusetts as the Company's registered independent public accounting firm for the fiscal year ending December 31, 2008.

Report submitted by: Richard B. Black (Chair), Garrett A. Garrettson, and Benjamin J. Virgilio

Report of the Compensation Committee

The current members of the Compensation Committee are Messrs., Pond and Griffiths and Ms. Hatsopoulos.

The Compensation Committee of the Company has reviewed and discussed the Compensation Discussion and Analysis with management, and based on such review and discussions, the Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the management proxy circular for the fiscal year ending December 31, 2007.

Report submitted by: Marina Hatsopoulos (Chair), Phillip Griffiths, and Byron Pond

Report of the Nominating and Corporate Governance Committee

Statement of Corporate Governance Practices for NI 58-101 Purposes

The Board of Directors and senior management of the Company consider good corporate governance to be central to the effective operation of the Company. As part of the Company's commitment to effective corporate governance, the Board of Directors, with the assistance of the NCG Committee, monitors changes in legal requirements and best practices. Effective June 30, 2005, the Canadian Securities Administrators introduced in final form National Instrument 58-101 Disclosure of Corporate Governance Practices (the National Instrument) and National Policy 58-201 Corporate Governance Guidelines (the National Policy). The Board of Directors and the Company have devoted significant attention and resources to ensuring that the Company's system of corporate governance meets or exceeds applicable legal and stock exchange requirements. Set out below is a description of certain corporate governance practices of the Company, as required by the National Instrument.

Board of Directors

The National Policy recommends that boards of directors of reporting issuers be composed of a majority of independent directors. With six of seven Directors considered independent, the Board of Directors is composed of a majority of independent Directors. The six independent Directors are: Messrs. Black, Pond, Griffiths, Virgilio and Garrettson and Ms. Hatsopoulos. Dr. Edelstein, the Company's President and Chief Executive Officer, has a material relationship with the Company by virtue of his corporate offices, and is therefore not independent. The Company has taken steps to ensure that adequate structures and processes are in place to permit the Board of Directors to function independently of management. The non-employee Directors hold periodic executive sessions without management. In addition, and to ensure independence from management, Dr. Edelstein is requested to withdraw, where appropriate, from meetings of the Board of Directors and similarly from any meetings of Committees to which he may be invited when circumstances so dictate.

The Company and the Board of Directors recognize the significant commitment involved in being a member of the Board of Directors. Accordingly, Directors notify the Chairman of the Board of a change in status including if they have begun serving on another corporate board of directors or with any governmental advisory or charitable organization. The Nominating and Corporate Governance Committee is responsible for evaluating whether continued membership on the Board of Directors is appropriate. Currently, Messrs. Black, Garrettson, Griffiths, Pond, Virgilio, and Ms Hatsopoulos are Directors who serve on the boards of other companies as described in their biographies in the section of this management information circular titled, Election of Directors.

With respect to the attendance of Directors at Board of Directors and committee meetings, please refer to the section of this management information circular titled Board of Directors and Committee Meetings.

Board Mandate

The Board of Directors is responsible for the overall stewardship of the Company. The Board of Directors discharges this responsibility directly and through delegation of specific responsibilities to committees of the Board of Directors, the Chairman of the Board and officers of the Company. The Board of Directors has established four committees to assist with its responsibilities: the Audit Committee; the Compensation Committee; the Nominating and Corporate Governance Committee; and the Technology Committee. Each of the Audit Committee, Compensation Committee, Nominating and Corporate Governance Committee and Technology Committee has a charter defining its responsibilities. The Board of Directors does not have an executive committee. Please see additional disclosure relating to each of the Committees of the Board of Directors under the section of this management information circular titled, Board of Directors and Committee Meetings above.

Position Descriptions

The Board of Directors has developed position descriptions for the Chair of each committee of the Board of Directors. The Board of Directors has also developed a position description for the Chief Executive Officer of the Company.

Orientation and Continuing Education

Responsibility for orientation programs for new directors is assigned to the NCG Committee. In this regard, the NCG Committee's duties include ensuring the adequacy of the orientation and education program for all directors in order to ensure that directors maintain the skill and knowledge necessary to meet their obligations. Directors receive subscriptions to industry periodicals, attend Board-sponsored seminars and presentations, and meet in different Company locations in an effort to familiarize themselves with all of the Company's various product lines and technologies.

Ethical Business Conduct

The Company published a written Code of Ethics that applies to all directors, officers, and employees. The Code of Ethics sets out the core values and the principles by which the Company is governed and addresses topics including, inter alia, honest and ethical business conduct, conflicts of interest; compliance with applicable laws, Company policies and procedures; insider trading; use of corporate assets and opportunities; confidentiality of corporate information; reporting responsibilities and procedures; and non-retaliation.

The Audit Committee and the Board is responsible for periodically reviewing the Code of Ethics. The Company's Human Resources Department is responsible for communicating the Code of Ethics to all directors, officers and employees. The Audit Committee monitors overall compliance with the Code of Ethics for the directors, officers, and employees of the Company. All issues and concerns specifically related to accounting, internal financial controls and/or auditing will be reviewed and forwarded to the Audit Committee. A copy of the Code of Ethics is available on the Company's Web site at <http://www.gsig.com>.

The Board of Directors and the Audit Committee have established a hotline to encourage employees, officers and Directors to raise concerns regarding matters covered by the Code of Ethics (including accounting, internal controls or auditing matters) on a confidential basis free from discrimination, retaliation or harassment.

In addition, in order to ensure independent judgment in considering transactions/agreements in which a director/officer has a material interest, related party transactions are reviewed by the NCG Committee annually as more fully described in the *Interests of Insiders in Material Transactions* section of this management proxy circular.

Assessments

The NCG Committee is responsible for assessing the effectiveness of the Board of Directors as a whole and the committees of the Board of Directors. Each Director is required to complete, on an annual basis, a written self and peer evaluation. The Nominating and Corporate Governance Committee reviews the evaluations and results are summarized and presented to the full Board of Directors each year.

Report submitted by: Byron O. Pond (Chair), Benjamin J. Virgilio, and Marina Hatsopoulos

Report of the Technology Committee

The Board of Directors of the Company recognizes the central role of technology in enabling the Company to achieve its long-term strategic objectives. Accordingly, the Board of Directors has established the Technology Committee to review the Company's technology development, and to advise the Board on strategic opportunities in the context of the Company's strategic planning in both new and existing business and markets.

In carrying out the purpose set forth above, the Technology Committee:

- (a) Reviews, evaluates and makes recommendations to the Board regarding the Company's major technology plans and strategies, including its research and development activities, and evaluates technical and market risks associated with product development and investment.
- (b) Assesses existing and potential new technology markets and makes recommendations to the Board with respect to the innovation and technology acquisition process to assure ongoing business growth.
- (c) Advises on the development of measurement and tracking systems important to successful innovation.
- (d) Monitors and evaluates future trends in technology that may affect the Company's strategic plans, including monitoring of industry trends.

Report submitted by: Phillip Griffiths (Chair), Garrett Garrettson, and Sergio Edelstein

COMPENSATION DISCUSSION & ANALYSIS

The following discussion and analysis contains statements regarding future individual and company performance targets and goals. These targets and goals are disclosed in the limited context of Company's compensation programs and should not be understood to be statements of management's expectations or estimates of results or other guidance. The Company specifically cautions investors not to apply these statements to other contexts.

The following details the Company's philosophy and policies regarding executive compensation, the process that is used to set executive compensation within the Company, the elements of the executive compensation program, and the role of the Compensation Committee of the Board of Directors of GSI Group Inc. (the Committee) and the executive staff in setting executive compensation. In this section, the use of the terms, we, our, us and the Committee refers to the Compensation Committee unless otherwise specified.

The Compensation Committee

The Compensation Committee is responsible for setting, implementing and monitoring the Company's executive compensation policy, subject to the ultimate authority of the Board of Directors. The Committee works with the CEO and, where appropriate, outside consultants and internal Legal and HR representatives on compensation issues. The Company's compensation policy seeks to build long-term shareholder value by targeting compensation to important strategic Company goals, and by incentivizing and retaining a highly qualified executive team.

Committee Members and Independence

The current members of the Committee are Marina Hatsopoulos (Chair), Byron O. Pond and Phillip Griffiths. Between January July 2006, the members of the Committee were Benjamin Virgilio (Chair), Marina Hatsopoulos and Byron Pond. Committee assignments changed as of the July 2007 Board of Directors meeting pursuant to the annual recommendations of the Nominating and Governance Committee; however, there was no change in the Compensation Committee. Mr. Pond is also the Chair of the Nominating and Governance Committee. Mr. Griffiths is also the Chair of the Technology Committee. Each member of the Compensation Committee from January 2007 through the present has been qualified as independent under NASDAQ listing standards and following an annual independence review performed by the Nominating and Governance Committee.

Role of the Committee

The Committee operates pursuant to a written Charter. The Charter sets forth the Committee's purpose, authority and responsibilities, and procedures. The Charter is reviewed and approved by the Board of Directors, and is available at the Investor Relations page of the Company's website (<http://www.gsig.com/investors/>).

In summary, the Committee's responsibilities include:

To review and approve the compensation and benefits policies of the Company generally;

To annually review and evaluate the performance of the CEO and his evaluation of the Company's senior executives;

To annually review and recommend to the Board of Directors the compensation for the Company's senior managers, including the CEO;

To annually review and approve the annual and long-term compensation-based performance objectives for the Company's senior managers, including the CEO;

To annually review and make recommendations to the Board of Directors with respect to grants under the Company's incentive compensation and equity-based compensation plans.

To annually review the Compensation Discussion and Analysis section of the Company's annual proxy statement.

The Committee meets as often as the Chair deems appropriate and not less than four times per year. In 2007, the Committee met seven times, including three telephonic meetings. The Committee reports its actions and recommendations to the full Board of Directors at each quarterly Board meeting. The Committee meets in executive session, and where appropriate, with members of management, including the CEO, outside consultants, HR representatives and the General Counsel. The Committee delegates the authority to evaluate senior executive performance against annual goals to the CEO, who then reports his findings to the Committee, together with his recommendations for senior executive compensation for the coming year. The Committee then meets with the CEO to discuss his evaluations and recommendations. The Committee typically receives study materials in advance of each meeting. Depending on the agenda, these materials can include:

Financial reports

Individual performance reports

Edgar Filing: GSI GROUP INC - Form DEF 14A

Stock ownership and option holding reports

Peer group compensation data

Individual compensation tally sheets

External Peer and Survey Data

The Committee is authorized to retain such outside consultants and advisors as it deems appropriate in its sole discretion. During 2007, the Committee retained Pearl Meyer and Associates as an outside compensation consultant to advise it in connection with developing a compensation package for Sergio Edelstein, and to provide survey data in connection with annual executive compensation reviews. In addition, at the Committee's request, the Company engaged Pearl Meyer in regard to developing stock ownership guidelines. In addition, the Company subscribes to the Radford Compensation Survey and makes that data available to the Committee as well. For compensation purposes, Pearl Meyer has identified the following 14 peer group companies:

Axsys Technologies	Coherent
CyberOptics	Cymer
Electro Scientific Industries	FEI Company
II-VI Incorporated	Keithley Instruments
MRV Communication	Newport Corporation
Rofin-Sinar Technologies	Veeco Instruments
Zygo Corporation	Excel Technologies

(Collectively, the Peer Group). The Peer Group is compared to GSI in the following table:

Company	Revenue (\$M)	Market Cap (\$M)
GSI Group Inc.	\$ 317.8	\$ 356.7*
Peer Group 25 th Percentile	\$ 139.8	\$ 182.6
Peer Group 50 th Percentile	\$ 366.5	\$ 446.9
Peer Group 75 th Percentile	\$ 553.7	\$ 1,091.3

* Market cap as of NASDAQ market close on December 31, 2007

The Peer Group is subject to change from year to year based on changes in relative size, capitalization and other factors.

The Committee looks at multiple compensation data sets because the Company operates under a hybrid business model that includes both systems businesses (semiconductor wafer processing, circuit trimming, and paste inspection) and component technology businesses (galvanometers, encoders, high speed spindles, and lasers). Because the Company competes against systems manufacturers, laser manufacturers, and component manufacturers in differing markets with differing market dynamics, it is difficult to capture a single peer group that faithfully tracks against the Company.

Peer Group compensation data from Pearl looked first to proxy disclosures by Peer Group members by title or functional position. If a functionally equivalent position was disclosed, the Committee used the compensation data in its survey. If there was no functionally equivalent position disclosed, or where there was insufficient match data, Pearl ranked salaries and then applied the rankings against internal GSI executive positions on a best fit basis. Where possible, data was normalized to reflect unique grant situations (e.g., new hires, bi-annual grants, etc.).

The Committee does not believe it is appropriate to set executive compensation levels based exclusively on compensation surveys and benchmarking. Rather, the Committee and the CEO use these surveys and benchmarking as tools for internally confirming that the Company's executive compensation program is, in the aggregate, reasonable in scope, market-competitive, and consistent from year to year. Other important factors that drive compensation decisions include individual qualifications and expertise, responsibility, annual individual performance, particular industry and market conditions within a business set, and executive performance as a group against both annual and long-term goals. Finally, the Committee measures performance against the executive team's success in building shareholder value.

Executive Compensation Philosophy

The executive compensation program is intended to align the interests of management and the shareholders by rewarding performance against strategic objectives that will help to build long-term shareholder value. The following principles guide the company's executive compensation program.

1. Executives who perform should expect to receive a fair salary that is commensurate with market conditions. Historically, the Company has looked to establish salary structures around the mean of the Company's peers.
2. Bonuses and equity grants are intended to reflect a pay for performance culture.
3. Performance should be measured against a mix of absolute measures (e.g., profitability goals) and relative measures (e.g., market share, performance relative to peers, etc.), as well as individual performance against MBOs (as defined below).
4. Equity grant metrics should not be revised after the grant date.
5. Equity grant metrics should fairly account for the effects of non-recurring events such as individual acquisitions and reorganizations.
6. Total compensation is a function of individual responsibility within the Company, and the ability to contribute meaningfully to the Company's strategic growth.
7. Total compensation should allow the Company to attract the best possible candidates and to motivate them to meet or exceed performance metrics that will build long-term shareholder value.
8. Equity-based performance metrics should not target short-term goals or short-term financial enhancements unless those goals are also congruent with building long-term shareholder value.

In applying the above principles, the Committee seeks to maintain the highest quality management team possible, and to build management's long term commitment to the Company through a compensation program that provides appropriate short and long term incentives built around concrete, objective business and financial goals.

Use of Tally Sheets

The Committee is provided with individual executive compensation summary reports on an annual basis. These reports, sometimes referred to as tally sheets, show the total dollar value of an executive's annual compensation by year and by category of compensation, including salary, annual cash incentive compensation, long-term equity incentive grants and perquisites. Tally sheets also set forth relevant compensation plan terms, individual performance goals and stock vesting terms. Finally, tally sheets include annual Radford executive compensation survey data, as well as the executive's then current stock ownership position in the Company. The Committee uses tally sheets to provide a concise summary of compensation terms, and to provide a historical record and year-over-year comparison of an executive's compensation.

Management by Objective

Executive cash incentive programs are generally weighted 70% based on Company or operating unit financial performance and 30% on individual goals. These individual goals are called Management by Objective, hereinafter referred to as MBO and/or MBOs. MBOs are set at the beginning of each year, and are reviewed and approved by the Committee. The CEO is responsible for setting MBOs and then assessing individual performance at year end and reporting the results to the Committee. MBOs assist the Company and the Committee in establishing a link between individual performance and compensation, and to differentiate between executives.

Executive Compensation Program Elements

Executive compensation at the Company included base salary, annual incentive compensation, equity-based compensation and, depending on the individual, perquisites and severance benefits. Compensation benefits vary between executives based on the Committee's determination as to what is appropriate under the policies set forth above. Each element is discussed below:

Base Salary: Base salary is compensation for services rendered in the job that the executive was hired to perform. In setting base salary, the Company considers qualifications and experience, prior employment (including historical compensation), industry knowledge, scope of responsibilities (including potential growth in responsibilities), individual performance, quality of leadership, internal pay equity, survey data, and tax deductibility. No specific weighting is applied to the factors. Salaries are set once per year as part of the compensation review process. Merit increases to salaries are based on individual performance, peer group data and cost of living adjustments.

Annual Cash Bonus Incentive: Annual incentive cash compensation is an opportunity to earn additional cash compensation based on individual and executive group performance. The CEO is primarily responsible for setting executive incentive compensation for subordinate officers, and the Committee is primarily responsible for setting the CEO's incentive compensation. Compensation is earned based on meeting individual performance goals tailored to the executive's role in the Company. Cash bonuses are intended to be earned based on performance against goals which enhance shareholder value, and are difficult to achieve, but are fair. Goals are primarily weighted to company-wide financial performance, and to a lesser extent against personal performance goals. In 2007, 70% of the cash bonus opportunity was measured against company-wide operating profit, and 30% was measured against MBOs and personal performance. Individual performance against goals is determined annually by the CEO and then reviewed by the Compensation Committee. The Compensation Committee determines CEO performance against goals.

Equity-Based Compensation: The Company uses equity-based compensation to align executive compensation with long-term goals that enhance shareholder value. Equity grants are also intended to incentivize an executive to remain with the Company by extending vesting periods over several years. Since 2006, the Company has not granted any stock options, opting instead to issue time and performance-based restricted stock grants. Time-based restricted stock grants are intended to permit an executive to build equity in the Company in exchange for continuous service during the vesting period. Performance-based restricted stock grants are intended to reward the executive team as a whole for accomplishing financial goals that enhance shareholder value.

Perquisites and Retirement Benefits: Executives receive perquisites including, in various cases, a car allowance, tax preparation fee reimbursement, disability insurance, and other benefits, all of which are detailed in Summary Compensation Table below.

Management Retention Agreements: In June 2006, the Company entered into retention agreements with all of its senior executives. Under these agreements, executives who remained with the Company for the 12 months ending June 2007 were eligible for a one-time bonus of \$100,000. The Committee deemed the Agreements in the best interest of the Company because Charles Winston, the long-time CEO, was retiring. The Committee believed that retaining the existing management through the CEO transition period was critical for the successful transition to a new CEO. The program succeeded in retaining all but one senior executive during the transition period, and all remaining executives received payouts under their Agreements in June 2007. The Committee has no plan to offer any additional retention agreements going forward.

Deferred Compensation Plans: Prior to 2006, the Company offered a deferred compensation plan to selected individuals at the Company. As of December 2006, the Plan was terminated. No Named Executive Officers (hereinafter NEO and/or NEOs) have ever had deferred compensation plans or accounts with the Company.

2007 Executive Compensation:

The amounts and detail paid to NEOs under 2007 executive compensation plans are detailed in the compensation tables that follow this section. This section should be read in conjunction with the Executive Compensation Program Elements section above.

2007 NEO salaries were set based on performance, scope of responsibility and experience, tenure and peer pay data. Base salaries generally fell around the mean paid by peers in comparable positions based on the Radford executive compensation survey data, where that data was available for the position in question. Base salary is not contingent upon overall Company-wide financial performance, although projected financial performance can affect the timing or amount of any subsequent salary increases.

2007 NEO cash incentive plan bonuses were paid based on the achievement of financial and individual performance against MBOs. 2007 bonus plans were heavily weighted towards financial performance, accounting for 70% of the bonus opportunity. The 2007 cash incentive bonus financial goal was \$30 Million of operating income. Operating income was defined as income before interest income/(expense), other income/(expense) and foreign currency gains and losses. The Committee also excluded restructuring charges associated with a move of manufacturing assets and personnel from the Company's UK facilities to its China facilities. No points were awarded for operating income under \$27 Million. Points were awarded on a linear interpolation scale between \$27 Million and \$30 Million, and the ability to earn points above \$30 Million was uncapped. The Company's 2007 audited financial statements reported just under \$29.3 Million in adjusted operating income, resulting in a weighted score of 54% for financial goals. The remaining 30% of the available cash incentive bonus opportunity was based on individual MBOs, with the Committee retaining the discretion to increase MBO bonuses for exceptional individual performance. Executives that had principal responsibility for a product group were given MBOs that were heavily skewed towards product group financial and market share performance. Executives without direct product line responsibility were given non-financial MBOs that advanced their particular areas of responsibility. The Committee exercised its bonus award discretion for one NEO in 2007 based on operating unit financial performance. All NEOs also earned a one-time \$100,000 retention bonus for remaining with the company through the CEO transition (see Management Retention Agreements above).

The Company's 2007 long term incentive plan (LTIP) granted restricted stock to NEOs per Committee approval. The 2007 grants were 50% time-based and 50% performance-based restricted stock grants. The time-based grants vest equally over three years, beginning with the first anniversary of the grant, which is consistent with the Committee's belief that time-based grants are intended to incentivize participants for continuing service to the Company, and to insure that individuals develop an ownership interest in the Company. The 2007 performance-based share grants were dependent on meeting an operating profit goal based on the 2007 audited results. Earned awards vest one-third annually over three years, beginning with the year in which the award is earned. Operating profit was calculated exclusive of amortization charges associated with acquisitions, acquired in-process R&D and non-recurring restructuring charges. The Committee retained discretion to adjust operating profit targets in the event of a business disposition, but did not invoke its discretion during 2007. The Plan provided for full vesting at 9.3% operating profit, no vesting at or under 8.5%, and an earn-out cap of 10.5% (or 88% of total base share grant). In 2007, the Company reported an operating profit of 9.2% based on audited results and therefore NEOs earned 88% of their performance-based grant, and vested the first one-third of their awards on March 26, 2008. NEOs also vested the second tranche of their 2006 LTIP awards.

2007 Executive Compensation Studies:

In addition to its other compensation work in 2007, Pearl Meyer & Associates provided the Committee with peer data on selected compensation topics, including executive stock ownership and disposition guidelines, non-qualified deferred compensation practices, equity vesting practices, and executive severance practices. This work was done as part of the Committee's general practice of reviewing compensation trends on a periodic basis. The Committee's findings with respect to each of the above are as follows:

Executive Stock Ownership and Disposition Guidelines:

Pearl Meyer provided the Committee with peer data and an overview of industry practices in January 2007 and November 2007, including CHIIPS Professional & Managerial Total Compensation Survey data. The Committee also reviewed ownership and disposition data for Company executives. Based on the data presented, the Committee has concluded that stock ownership and disposition guidelines remain a minority practice among its peers, and that the current equity ownership by Company executives is such that no action is required at this time. The Committee has reserved the right to revisit this issue in the future if peer practice or ownership trends materially change.

Nonqualified Deferred Compensation Programs:

Pearl Meyer provided the Committee with peer data and an overview of industry practices in non-qualified deferred compensation and supplemental executive retirement programs. Of the 13 identified peers, seven have elective deferral programs and one offers a restoration SERP (supplemental executive retirement plan). Company executives were polled as to their interest in such a program. Based on the poll and the relative burdens associated with administering a deferred compensation program, the Committee elected not to pursue the matter further at this time.

Equity Plan Vesting:

The Company's 2006 Equity Incentive Plan (the Plan) specifies vesting rights in the event of a change-in-control (CiC) event. The Committee asked Pearl Meyer to review the Plan to determine whether the Plan vesting provisions are consistent with peer group practice and accepted corporate governance standards. The Plan provides for vesting after a CiC as follows:

- a.) Time-based restricted stock grants:
 - a. Continued vesting after the CiC per original vesting schedule; and
 - b. Full vesting if terminated without cause during first 12 months following the CiC.
- b.) Performance-based restricted stock grants:
 - a. CiC during year in which performance is measured triggers immediate pro rata vesting; and
 - b. CiC in one of the vesting years following the performance year:
 - i. Continued vesting per original schedule, and
 - ii. Full vest if terminated without cause during first 12 months.

Based on the data presented by Pearl Meyer, the Committee believes that the Company's CiC stock vesting provisions are within the norm for peers, and would not be deemed a Poor Pay Practice by Institutional Shareholder Services because all vesting provisions are contained within a

shareholder-approved equity plan.

Executive Severance Practice:

The Committee has reviewed the Company's outstanding executive severance agreements, and peer severance agreement data provided by Pearl Meyer. Based on peer survey data, eleven of fourteen peers have severance arrangements with their CEOs and/or NEOs in the event of a termination without cause and absent a CiC. For CEOs, the severance payment multiples generally range from 1x-2x base salary and bonus at plan. For NEOs, the multiples generally range from 0.5x-1x base salary. Seven of eleven peer companies provide benefits continuation to the CEO for at least the length of the severance period. Five of eleven companies provide benefits continuation to NEOs for the length of the severance period. With respect to equity, three companies provide CEOs with full vesting, one company provides its CEO with additional vesting, and one firm provides additional vesting for an NEO.

Several GSI NEOs have severance agreements with the Company. Other GSI NEOs do not. Existing NEO severance agreements are detailed in the Compensation Tables following this section. No Company severance agreement contains "gross up" clauses or other tax payments to the executive. Based on peer group data, the Committee has determined that its severance practices are within peer norms.

2007 CEO Compensation

The Committee approved a 2007 compensation package for Dr. Sergio Edelstein on March 26, 2007. The package included the following components:

Base Salary: \$500,000

Annual incentive cash bonus opportunity: 85% of base

2007 LTIP opportunity: 150,000 restricted stock shares

Dr. Edelstein's LTIP grant includes a 75,000 time-based restricted stock grant that vests in three annual parts, beginning on March 26, 2008. The remaining 75,000 performance-based restricted stock grant vests based on the Company meeting operating profit targets in 2007. Any payment will then be made in three equal annual installments, beginning on March 26, 2008. The Committee reviewed Dr. Edelstein's performance against his 2007 individual MBOs and the Company 2007 financial performance, and awarded Dr. Edelstein 77% of his corporate financial performance opportunity and 83% of his individual MBO opportunity based on his success in restructuring internal Company operations and his continuing work on exploring new business opportunities for the Company. Dr. Edelstein remains eligible to earn up to 150,000 restricted stock shares based on the Company's compound revenue and operating income growth from 2007 through 2009. Dr. Edelstein received the award as a sign on grant in June 2006. For purposes of the award, operating income is defined as operating profit as reported in the Company's 10-K filings, excluding: 1) acquisition-related charges, including amortization of intangibles; 2) restructuring charges; 3) charges related to new financial accounting pronouncements; and 4) any additional charges that the Committee in its discretion deem properly excludable under the circumstances. The Committee has reviewed Dr. Edelstein's level of compensation compared to the compensation of other chief executive officers using industry recognized market surveys and determined that it is reasonable.

The Compensation Calendar

The standard compensation cycle calls for the CEO to present a draft strategic plan presentation to the Committee at the October Committee meeting. The presentation includes a draft three-year strategic plan and long-term incentive plan (LTIP). Based on Committee feedback, a final strategic plan and LTIP proposal is submitted for approval at the December Board of Directors meeting. Starting in January, the Compensation Committee solicits private CEO performance feedback from each member of the executive staff. The CEO submits a self evaluation which is circulated and discussed by the Committee members. At the February Committee meeting, the CEO provides the Committee with a detailed executive team compensation proposal, including performance reviews for the prior year, proposed bonus payouts based on performance, new objectives for the coming year and proposed LTIP grants. In advance of the meeting, the Committee is provided with

individual compensation tally sheets, individual performance reviews, and annual compensation survey data. Based on Committee approval and recommendation, individual compensation packages for the coming year are then approved and presented at the February Board of Directors meeting. As part of this process, management completes individual performance reviews in January, which are used to calculate bonus and incentive compensation payments. Those recommendations are presented to the Committee in February for approval. In the event that payments are contingent upon meeting a financial goal, payments are made only after the audited year-end financial results are released in March.

Tax and Accounting Implications

The Committee reviews and considers the deductibility of executive compensation under Section 162(m) of the Internal Revenue Code. Section 162(m) provides that a company may not deduct compensation in excess of \$1 million per annum that is paid to a defined group of executives. The Company has determined that compensation paid under executive compensation plans during fiscal year 2007 will be deductible for federal income tax purposes, with the exception of \$372,342 of Dr. Edelstein's 2007 compensation. Recently, the Internal Revenue Service published Revenue Ruling 2008-13 which reverses a position taken by the Service in prior rulings and holds that an incentive plan is not deemed qualified performance-based compensation if it allows payments to be made, regardless of whether performance goals are met, upon termination without cause by the employer or voluntary termination by the employee with good reason. The ruling will not apply if the performance period begins on or before January 1, 2009 or if the compensation is paid under an employment contract in effect on February 21, 2008. Since the Company does not currently have any executive employment related agreements dated after February 21, 2008, the new ruling will not have an immediate effect; however, it may affect Company severance practices going forward.

Since 2006, the Company has accounted for stock-based payments in accordance with FASB Statement 123(R). In December 2005, the Board of Directors voted to accelerate all outstanding executive and non-executive options. Executives and directors who received the benefit of the acceleration additionally entered into agreements restricting their ability to sell option shares. The Board took the above steps to avoid the accounting impact of FASB123(R). Since December 2005, all equity grants have been made in the form of restricted stock grants.

COMPENSATION TABLES

The following table sets forth information with respect to the compensation earned during the fiscal year ended December 31, 2007 by the Company's Chief Executive Officer and the Company's Chief Financial Officer and the three other most highly compensated executive officers of the Company who received annual compensation in excess of \$100,000 (collectively, with the Chief Executive Officer, the Named Executive Officers).

Summary Compensation Table

This table summarizes the total compensation paid to or earned by each of the Named Executive Officers (NEOs) listed below for the fiscal year ending December 31, 2007. The NEOs include the CEO, the CFO, and the three other highest paid executive officers who served during 2007. Compensation reported in this table includes all cash, equity and perquisites paid out to each of the NEOs in 2007.

- ⁸ Includes the amount expensed in 2007 for Stock Awards made in both 2006 and 2007.
- ⁹ Represents a one time discretionary bonus for outstanding performance by the business unit that Mr. Federico manages.

All Stock Awards made in 2007 were made pursuant to the Company's 2006 Equity Incentive Plan. All the Stock Awards made in 2007 were restricted stock granted at the closing price of the Company's stock on NASDAQ on the date of the grant. The amount indicated in the Stock Awards column is the proportionate amount of the restricted stock grants made in both 2007 and 2006, subject to time vesting and/or the meeting of performance criteria calculated in accordance with SFAS 123R and excludes estimated forfeitures in the year of grant. These amounts reflect the Company's accounting expense for these grants, and do not correspond with the value that will be recognized by the NEOs. The increase in this column over last year reflects the accounting expense not only for the restricted stock grant made in 2007, but also includes the accounting expense for earned but unvested restricted stock from all the grants made in 2006. The Company only granted stock options prior to 2006 and all of the outstanding stock options were accelerated as of December 31, 2005. In 2006, the Company started granting restricted shares instead of stock options. In 2006, therefore, the only expense taken was for restricted shares granted in one year (2006). In 2007, the expense reflects two years of restricted stock program expense. The assumptions used to value the Stock Awards are set forth in the footnotes to the Company's annual report. Details of the restricted stock granted to each officer in 2007 are contained in the narrative to the Grants of Plan-Based Award Table below.

All amounts contained in the Non-Equity Incentive Plan Compensation column, except for \$100,000 for each of Messrs. Bowen, Federico, Lyne, and Stukalin, represent annual cash awards paid on the basis of the attainment of performance targets set in the first quarter of 2007 for completion by the end of fiscal year 2007. The targets are a combination of operating metrics and specific individual goals as described in the Compensation Discussion and Analysis section of this proxy management circular. The increase in the Non-Equity Incentive Plan compensation column over last year reflects an amount of \$100,000 for each of Messrs. Bowen, Federico, Lyne, and Stukalin which represents the payment of the one-time retention bonus offered to executives in connection with the 2006 CEO transition. The Retention Agreement provided for the payment of \$100,000 if the executive remained in their position through July 10, 2007, or twelve months following the commencement of Mr. Edelstein's employment on July 10, 2006.

In July, 2006, Dr. Edelstein accepted the position of President and CEO of the Company and moved from California to the Boston area. The relocation expenses paid by the Company in 2007 reflect the last of the expenses associated with his relocation.

Grants of Plan-Based Awards

This table reports on all plan-based grants to NEOs during 2007. The footnotes to the Table provide the detail for each grant.

² Annual Cash Award as reported in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table.

³ Comprised of a grant on 3/26/07 of 75,000 restricted shares which vest in equal amounts over a three year period on 3/26/08, 3/26/09, and 3/26/10; and 132,000 shares which are subject to vesting upon the achievement of pre-determined performance targets as detailed in the narrative accompanying this table. This is referred to in the narrative as the 3/26/07 Grant . According to the narrative, the pre-determined performance target was not met and resulted in the forfeiture of 66,000 performance-based restricted shares on February 15, 2008. The remaining 66,000 performance based shares will vest in equal amounts over a three year period on 3/26/08, 3/26/09, and 3/26/10.

⁴ Annual Cash Award as reported in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table. This amount includes the \$100,000 Retention Bonus as described in the narrative to the Summary Compensation Table.

⁵ Comprised of a grant on 3/26/07 of 17,500 restricted shares which vest in equal amounts over a three year period on 3/26/08, 3/26/09, and 3/26/10; and 30,800 shares which are subject to vesting upon the achievement of pre-determined performance targets as detailed in the narrative accompanying this table. This is referred to in the narrative as the 3/26/07 Grant . According to the narrative, the pre-determined performance target was not met and resulted in the forfeiture of 15,400 performance-based restricted shares on February 15, 2008. The remaining 15,400 performance based shares will vest in equal amounts over a three year period on 3/26/08, 3/26/09, and 3/26/10.

⁶ Annual Cash Award as reported in the Non-Equity Incentive Plan Compensation column and the Bonus column of the Summary Compensation Table. This amount includes the \$100,000 Retention Bonus as described in the narrative to the Summary Compensation Table.

- ¹² All amounts in this column refer to either the Annual Cash Award or the Retention Bonus where indicated. Neither have a threshold or maximum amount or equivalent.

The Annual Cash Award consists of \$100,000 Retention Bonus for Messrs Bowen, Federico, Lyne, and Stukalin as described in the narrative to the Summary Compensation Table. The remainder of the Annual Cash Award for Messrs Bowen, Federico, Lyne, and Stukalin, and the entire Annual Cash Award for Dr. Edelstein consist of a target that is a combination of operating metrics and specific individual goals as described in the Compensation Discussion and Analysis section of this management proxy circular.

The 3/26/07 Grant consists of a grant of restricted shares that are 50% time based and 50% performance based. The time based shares vest in three equal annual installments on March 26, 2008, March 26, 2009, and March 26, 2010. The performance based shares are tied to Operating Profit targets for 2007. Any amount of performance based shares awarded will vest in three equal annual installments on March 26, 2008, March 26, 2009, and March 26, 2010. Based on audited financials for the year ended December 31, 2007, 44% of the performance based shares were earned, not the full 50%, as the Operating Profit target was not achieved.
