REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Administrative Committee of

the ABIOMED Retirement Savings Plan:

We have audited the accompanying statements of net assets available for benefits of ABIOMED Retirement Savings Plan as of December 31, 2007 and 2006, and the related statement of changes in net assets available for benefits for the years ended December 31, 2007 and 2006. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits as of December 31, 2007 and 2006, and the changes in net assets available for plan benefits for the years ended December 31, 2007 and 2006 in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of Form 5500, Schedule H, Line 4i Schedule of Assets (Held at End of Year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

ABIOMED RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 DESCRIPTION OF PLAN

The following description of the ABIOMED Retirement Savings Plan (401(k) Plan) (the Plan) provides only general information. Participants should refer to the Plan Agreement or the Summary Plan Description for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering all eligible U.S. employees of Abiomed, Inc. (the Company or Plan Administrator) that are age twenty or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration. Abiomed, Inc. is the Plan Administrator and has assigned responsibility for the operation and administration of the Plan to the Corporate Retirement Committee (the Committee) members to which are formally appointed by the Company's Chief Executive Officer. Fidelity Management Trust Company (Fidelity) is the trustee and recordkeeper for the Plan.

Contributions.

Employee: The Plan permits participants to defer annually up to 60% of eligible compensation provided their total annual elective deferral does not exceed the annual limitation (\$15,500 for the 2007 plan year). The Economic Growth and Tax Relief Reconciliation Act of 2001 provides that participants who were projected to be age 50 or older by the end of 2006 and who were making deferral contributions to the plan were also eligible to make an additional catch-up contribution of up to \$5,000. The amount of deferred compensation is treated as a salary reduction and is not subject to income tax until withdrawn from the Plan. Participants may also contribute amounts representing distributions from other qualified retirement plans.

Employer: All employer contributions are subject to certain limitations. To be a qualified participant eligible to receive employer matching or profit sharing contributions for a plan year, an employee must be credited with 501 hours of service in the plan year and be an employee on the last day of the plan year, or retire, die or become disabled during the plan year.

The Company contributes a matching contribution on behalf of an eligible participant for up to 50% of the first \$3,000 of salary contributed by the participant during a plan year. The maximum matching contribution in any plan year is therefore \$1,500.

Additional profit sharing contributions may be made at the discretion of the Company's Board of Directors. Forfeitures of profit sharing contributions by participants who leave employment prior to becoming fully vested are reallocated as additional profit sharing contributions. For the plan years ended December 31, 2007 and December 31, 2006, no additional profit sharing contributions were awarded to participants. At December 31, 2007 and December 31, 2006, the balance of forfeitures not yet allocated to participant accounts totaled \$32,925 and \$70,190, respectively.

Participant Accounts. Each participant's account is credited with the participant's contributions and allocations of: (a) the Company's contributions and, (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are immediately vested in: 1) their contributions, including rollover contributions from another employer's qualified retirement plan, 2) employer matching contributions, and 3) actual earnings from any of these contributions. Vesting in the Company's discretionary profit sharing contribution portion of participant accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after seven years of credited service as shown below.

NOTE 1 DESCRIPTION OF PLAN (continued)

Investment Options. As of December 31, 2007, a number of fund options were available to participants providing a wide choice of investment goals and strategies. Descriptions of these funds are provided below. These descriptions are cursory and plan participants are encouraged to read the more detailed prospectus of any investment option prior to making investment decisions.

Fidelity Advisor Equity Growth Fund. This fund invests primarily in attractively priced stocks of companies that it believes have above-average growth potential.

Fidelity Prime Fund. This fund invests in U.S. dollar-denominated money market securities of domestic and foreign issuers, rated in the highest category by at least two nationally recognized rating services, U.S. government securities, and repurchase agreements. Stability of principal and liquidity are among the primary goals of the fund.

Fidelity Advisor Diversified International Fund. This fund seeks capital growth. The fund primarily invests in common stocks of companies outside the U.S. It invests across countries and regions considering the size of the market in each country and region relative to the size of the international market as a whole.

American Century Equity Growth Investor Fund. This fund seeks capital appreciation. The fund invests at least 80% of the fund's assets in equity securities. The managers select from the 1,500 largest publicly traded companies in the U. S. ranked by them. It means to provide better returns than its benchmark, the S&P 500 index.

American Century Heritage Investor Fund. This fund seeks long-term capital growth. The fund primarily invests in companies with earnings and revenues that are growing at an accelerating pace. It normally invests in companies that are medium-sized or smaller at the time of purchase, although it may purchase companies of any size. The fund typically invests in common stocks, but can purchase other types of securities such as preferred stocks, non-leveraged stock index futures contracts and options, and debt securities.

Alliance Bernstein Growth Advisor Fund. This fund seeks long-term growth of capital. The fund invests primarily in equity securities of high quality companies with favorable earnings outlooks whose long-term growth rates are expected to exceed that of the U.S. economy over time. It selects investments from a universe of more than 500 covered securities. Normally, the fund invests in approximately 45 to 70 companies with an emphasis on large- and mid-capitalization companies.

MainStay Small Cap Fund. This fund seeks total return. The fund normally invests at least 80% of assets in common and preferred combination of income stock of companies. It invests primarily in small capitalization stocks that NYLIM, the fund's manager, determines are value stocks. The fund may lend portfolio securities in an amount up to 20% of the value of the fund's total assets and may invest in common stock, other equity securities and in equity-related securities, and debt securities convertible into common stock.

Fidelity Advisor Equity Income Fund. This fund seeks a yield from dividend and interest income which exceeds the composite dividend yield on securities comprising the S&P 500 index. The fund normally invests at least 80% of assets in equity securities issued by domestic and foreign issuers, which tend to lead to investment in large cap value stocks. It will consider the potential for achieving capital appreciation, consistent with the primary objective of obtaining dividend and interest income. The fund may also invest in lower-quality debt securities.

Fidelity Advisor Leveraged Company Stock Fund. This fund seeks capital appreciation. The fund invests at least 80% of assets in stock issued by both domestic and foreign issuers. It normally invests in common stocks of leveraged companies (companies that issue lower-quality debt and other companies with leveraged capital structures). The fund typically invests in either growth stocks or value stocks or both.

Fidelity Advisor Technology Fund. This fund seeks capital appreciation. The fund normally invests at least 80% of assets in companies that have or will develop products, processes, or services that will provide or benefit from technological advances and improvements. The advisor emphasizes companies in areas such as semiconductors, computer, communications, healthcare, and biotechnology. It is nondiversified.

Fidelity Advisor Small-Cap Fund. This fund seeks long-term growth of capital. The fund normally invests at least 80% of assets in equity securities issued by companies with small market capitalizations. These companies generally have market capitalizations that fall within the

Edgar Filing: ABIOMED INC - Form 11-K

range of the Russell 2000 index or the Standard & Poor's SmallCap 600 index. It may invest in domestic and foreign issuers, as well as growth stocks, value stocks, or both.

Fidelity Advisor Short Fixed-Income Fund. This fund seeks current income, consistent with preservation of capital. The fund normally invests at least 80% of assets in investment-grade securities of all types and repurchase agreements for those securities. It normally maintains a dollar-weighted average maturity of three years or less.

Fidelity Advisor Stable Value Portfolio Fund. This fund seeks to preserve investment capital while earning interest income. The fund invests in investment contracts issued by insurance companies and other financial institutions, and in fixed-income securities which may include U.S. Treasury bonds, corporate bonds, mortgage-backed securities, asset-backed securities, and bond funds.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Participant Loans. Participants may borrow from their fund accounts a maximum principal amount of \$50,000 or 50% of their vested balances, whichever is less. The minimum principal amount of any loan is \$1,000. Loans must be repaid over a period of no more than five years, unless used to acquire a principal residence, in which case the maximum repayment period is ten years. Participants borrowing from their vested account balances are required to sign promissory notes pledging up to half the value of their vested account balances. These notes bear interest at a fixed rate determined by the Plan Administrator based on prevailing interest rates charged by persons in the business of lending money for loans, which would be made under similar circumstances. Principal and interest is paid ratably through monthly payroll deductions. Participant loans are accounted for separately within the participant's account. As of December 31, 2007 and December 31, 2006, the balance in participant loans outstanding was \$255,111 and \$131,346, respectively. These loans are shown as participant notes receivable in the accompanying Statement of Net Assets Available for Benefits.

Payment of Benefits. On termination of service due to retirement, disability or death, a participant (or designated beneficiary) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or a series of cash payments in substantially equal installments over a period of time as provided in the Plan Agreement. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

A hardship withdrawal from a participant's account may be permitted while a participant is still actively employed if the participant has a financial hardship for which funds are not reasonably available from other resources of the participant. For purposes of the Plan, financial hardship may include uninsured medical expenses, the purchase of a primary residence, and payment of the next 12 months of post-secondary education or to prevent the loss of a participant's primary residence. All hardship withdrawal requests are subject to approval of the Plan Administrator.

A withdrawal of all or a portion of any rollover contributions in the Plan, along with any pre-tax earnings on those contributions, is allowed for any reason upon request while the participant is still actively employed.

Transfers Between Funds. A participant may elect to transfer all or a portion of his or her account balance to one or more of the active funds described above on a daily basis.

Rollover Contributions. The Plan is set up to accept rollover contributions from other qualified pension, profit sharing or 401(k) plans in which the participants have participated. Rollover contributions shall be credited to the participants' accounts and may be invested in any manner authorized under the provisions of the Plan.

Basis of Accounting. The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition. The Plan's investments are stated at fair value, which is based on net asset value of shares at the end of the year for mutual funds. Shares of Abiomed, Inc. common stock held by the ABIOMED Common Stock Fund are stated at their fair market price as reported by the Nasdaq National Market as of the close of the plan year. The participant notes receivable are valued at their outstanding balances, which approximates fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits. Benefits are recorded when paid.

Total	\$ 17,590,771

Fidelity maintains contributions in pooled separate accounts. The accounts are credited with the actual earnings on the underlying investments and charged for Plan withdrawals. With the exception of administrative fees charged by Fidelity for new participant loans, the Company absorbs all Plan expenses.

NOTE 4 INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

	2007	2006
Investments, at fair value:		
Money Market & Cash Funds	\$ 1,704,315	\$ 1,345,137

Stock Funds	1,231,696	1,022,939
Investment income	1,478,698	1,647,499

NOTE 5 RISKS AND UNCERTAINTIES

The Plan provides for investment options in various mutual funds plus an option to invest in a fund whose predominant investment is shares of Abiomed, Inc. common stock. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risks associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

NOTE 6 PARTIES-IN-INTEREST

Fidelity Management & Research Company manages a number of mutual funds available to plan participants subsequent to the Plan conversion. Fidelity Management Trust Company is the Trustee as defined by the Plan and, therefore, transactions with any of the Fidelity Advisor mutual funds also qualify as party-in-interest transactions. The ABIOMED Common Stock Fund primarily invests in the common stock of Abiomed, Inc. as described in Note 1. Abiomed, Inc. is the Administrator of the Plan and pays all of the Plan's fees. Fees paid for trustee and administrative services amounted to \$41,891 and \$21,722 for the years ended December 31, 2007 and 2006, respectively.

NOTE 7 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 8 TAX STATUS

The Plan Administrator adopted and amended a Fidelity prototype plan and has received an opinion letter from the Internal Revenue Service that indicates that the prototype plan is qualified under Code Section 401 of the Internal Revenue Code.

NOTE 10 SUBSEQUENT EVENTS

In June 2008, the Plan Administrator allocated the December 31, 2007 forfeiture balance of \$32,925 in accordance with the provisions of the Plan.

The following funds were added to the Plan and made available to participants during 2008. The descriptions for these funds are cursory and plan participants are encouraged to read the more detailed prospectus of any investment option prior to making investment decisions.

Edgar Filing: ABIOMED INC - Form 11-K

Fidelity Advisor Large Cap Fund Class I. The investment seeks long-term growth of capital. The fund normally invests at least 80% of assets in securities of companies with large market capitalizations similar to companies in Russell 1000 index or Standard & Poor's 500 index. It invests in securities of both domestic and foreign issuers.

Alliance Bernstein International Value Advisor Class. The fund will invest primarily in a diversified portfolio of equity securities of established companies selected from more than 40 industries and from more than 40 developed and emerging-market countries. The fund invests in companies that are determined by Bernstein to be undervalued, using a fundamental value approach. In selecting securities for the Fund's portfolio, Bernstein uses its fundamental and quantitative research to identify companies whose long-term earnings power is not reflected in the current price of their securities.

Black Rock Small Cap Growth R. The investment seeks long-term capital growth. The fund normally invests at least 80% of assets in equity securities of small cap companies and invests at least 80% of assets in securities or instruments of issuers located in the U.S. It emphasizes those securities that the management believes have above average prospects for earnings growth. The fund also may invest in securities that the management believes are undervalued.
