PART I FINANCIAL INFORMATION

This Quarterly Report includes forward-looking statements within the meaning of the Securities Exchange Act of 1934 (the Exchange Act). These statements are based on management s beliefs and assumptions, and on information currently available to management. Forward-looking statements include the information concerning possible or assumed future results of operations of the Company set forth under the heading Management s Discussion and Analysis of Financial Condition or Plan of Operation. Forward-looking statements also include statements in which words such as expect, anticipate, intend, plan, believe, estimate, consider or similar expressions are used.

Forward-looking statements are not guarantees of future performance. They involve risks, uncertainties and assumptions. The Company s future results and shareholder values may differ materially from those expressed in these forward-looking statements. Readers are cautioned not to put undue reliance on any forward-looking statements, which speak only as of the date on which such statements are made. We undertake no obligation to release publicly any revisions to these forward-looking statements to reflect events or circumstances after the date on which such statements were made or to reflect the occurrence of unanticipated events.

Speedemissions, Inc.

Notes to Consolidated Financial Statements

March 31, 2009

(Unaudited)

Note 1: Basis of Presentation

Speedemissions, Inc. (the Company), a Florida corporation, operates vehicle emissions testing and safety inspection centers in four separate markets, greater Atlanta, Georgia; Houston, Texas; St. Louis, Missouri and Salt Lake City, Utah. The Company manages its operations based on these four regions and has one reportable segment. Throughout this report, the terms we, us, our, Speedemissions, and Company refer to Speedemissions, Inc., including its wholly-owned subsidiaries. As of May 4, 2009, we operated 39 vehicle emissions testing and safety inspection centers in these regions and four mobile units in the Atlanta, Georgia area.

The accompanying unaudited consolidated financial statements of the Company have been prepared in accordance with U.S. generally accepted accounting principles for interim financial statements and pursuant to the rules and regulations of the Securities and Exchange Commission. In the opinion of management, the accompanying unaudited consolidated financial statements reflect all adjustments consisting of normal recurring adjustments necessary for a fair presentation of its financial position and results of operations. Interim results of operations are not necessarily indicative of the results that may be achieved for the full year. The financial statements and related notes do not include all information and footnotes required by U.S. generally accepted accounting principles for annual reports. This quarterly report should be read in conjunction with the consolidated financial statements included in the Company s annual report on Form 10-K for the year ended December 31, 2008.

Note 2: Summary of Significant Accounting Policies

Nature of Operations

Speedemissions performs vehicle emissions testing and safety inspections in certain cities in which vehicle emissions testing is mandated by the Environmental Protection Agency (EPA). We use computerized emissions testing and safety inspections equipment that test vehicles for compliance with vehicle emissions and safety standards. Our revenues are generated from the test or inspection fee charged to the registered owner of the vehicle. We do not provide automotive repair services.

The Company s 39 emissions testing and safety inspection stations operate under the trade names *Speedemissions* (Georgia and Missouri), *Mr. Sticker* (Texas) and *Just Inc.* (Utah). At its emissions testing and safety inspection stations, the Company uses computerized emissions testing equipment and safety inspection equipment that test vehicles for compliance with emissions and safety standards. In the emissions testing and safety inspection industry, such stations are known as decentralized facilities. The Company utilizes basic testing systems that test a motor vehicle s emissions while in neutral and enhanced testing systems that test a vehicle s emissions under simulated driving conditions.

Revenue Recognition

Revenue is recognized as the testing services are performed. The cost of emission certificates is shown separately in the accompanying consolidated statements of income.

Under current Georgia, Missouri, Texas, and Utah laws, if a vehicle fails an emissions test or safety inspection, it may be retested at no additional charge during a specified period after the initial test, as long as the subsequent test is performed at the same facility. The costs of such retests and the number of retests are not material. Accordingly, no allowance for retest is recorded by the Company.

Recent Accounting Pronouncements

In December 2007, the Financial Accounting Standards Board (FASB) issued SFAS 141R, *Business Combinations* (SFAS 141R), which changes the way we account for business acquisitions. SFAS 141R requires the acquiring entity in a business combination to recognize all (and only) the assets acquired and liabilities assumed in the transaction and establishes the acquisition-date fair value as the measurement objective for all assets acquired and liabilities assumed in a

7

business combination. Certain provisions of SFAS 141R will, among other things, impact the determination of acquisition-date fair value of consideration paid in a business combination (including contingent consideration); exclude transaction costs from acquisition accounting; and change accounting practices for acquired contingencies, acquisition-related restructuring costs, in-process research and development, indemnification assets, and tax benefits. SFAS 141R became effective for us on January 1, 2009 and the adoption did not have an impact on our financial statements.

In March 2008, FASB issued SFAS No. 161 Disclosures about Derivative Instruments and Hedging Activities-an amendment of FASB statement No. 133 (SFAS 161). SFAS 161 requires enhanced disclosures about an entity s derivative and hedging activities and thereby improves the transparency of financial reporting. SFAS 161 became effective for us on January 1, 2009 and the adoption did not have an impact on our financial statements.

In June 2008, FASB issued FSP Emerging Issues Task Force (EITF) Issue No. 03-6-1, *Determining Whether Instruments Granted in Share-Based Payment Transactions Are Participating Securities* (FSP EITF 03-6-1). This FSP addresses whether instruments granted in share-based payment transactions are participating securities prior to vesting and, therefore, need to be included in the earnings allocation in computing earnings per share under the two-class method. This FSP affects entities that accrue dividends on share-based payment awards during the awards—service period when the dividends do not need to be returned if the employees forfeit the award. FSP EITF 03-6-1 became effective for us on January 1, 2009 and the adoption did not have an impact on our financial statements.

In April 2009, the FASB issued FASB Staff Position No. 107-1 (FSP FAS 107-1) and APB 28-1 (APB 28-1), which amends FASB Statement No. 107, *Disclosures about Fair Value of Financial Instruments* and APB Opinion No. 28, *Interim Financial Reporting*, to require disclosures about the fair value of financial instruments for interim reporting periods. FSP FAS 107-1 and APB 28-1 will be effective for interim reporting periods ending after June 15, 2009. We are currently evaluating the future impacts and disclosures of this staff position.

Note 3: Discontinued Operations

Discontinued operations include results attributable to 12 emissions testing and safety inspection centers that were located within Sears Auto Centers in the Dallas, Texas area. Eight of these stores were closed in July 2008 and the remaining four were closed on January 5, 2009. Loss from discontinued operations includes the historical loss from these operations.

Loss from discontinued operations:

		Three Months Ended March 31,			
	2009	2008			
Revenues	\$	\$ 53,665			
Loss from discontinued operations	\$	\$ (99,413)			

Note 4: Property and Equipment
