**PROXY STATEMENT**

**Annual Meeting of Stockholders**

**to be held on May 27, 2011**

**To Stockholders of Silgan Holdings Inc.:**

This Proxy Statement and the accompanying proxy card are furnished in connection with the solicitation of proxies by the Board of Directors of Silgan Holdings Inc., or Silgan Holdings or the Company, for use at our annual meeting of stockholders, or the Meeting, to be held at the Courtyard by Marriott Stamford Downtown, 275 Summer Street, Stamford, Connecticut 06901, on Friday, May 27, 2011, at 9:00 a.m., and at any postponements or adjournments of the Meeting. If you need directions to attend the Meeting and vote in person, you should contact the Company by telephone at (203) 975-7110. This Proxy Statement and the accompanying proxy card will first be mailed to stockholders on or about April 19, 2011.

Only holders of record of our Common Stock as of the close of business on April 11, 2011, the Record Date, will be entitled to notice of and to vote at the Meeting. As of the Record Date, we had 70,085,523 shares of our Common Stock outstanding. Each share of our Common Stock is entitled to one vote. We have no other class of voting securities issued and outstanding. The presence in person or by proxy of the holders of a majority of the outstanding shares of our Common Stock will be necessary to constitute a quorum for the transaction of business at the Meeting.

All shares of our Common Stock represented by properly executed proxies will be voted in accordance with the instructions indicated on such proxies unless such proxies previously have been revoked. If any proxies are signed and returned but do not contain voting instructions, the shares of our Common Stock represented by such proxies will be voted **FOR** the election of the nominees for director listed below to serve until our annual meeting of stockholders in 2014 and until their successors are duly elected and qualified, **FOR** the reapproval of the material terms of the performance goals under the Silgan Holdings Inc. Senior Executive Performance Plan, as amended, **FOR** the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2011, **FOR** the approval of the compensation of the Company's named executive officers and **FOR** a frequency of every three years for future advisory votes on the compensation of the Company's named executive officers. We do not anticipate that any other matters will be brought before the Meeting. If any other matters properly come before the Meeting, the shares of our Common Stock represented by all properly executed proxies will be voted in accordance with the judgment of the persons named on such proxies. Shares of our Common Stock abstaining, and shares of our Common Stock held in street name as to which a broker has not voted on some matters but has voted on other matters, or Broker Shares, will be included in determining whether a quorum exists at the Meeting. The New York Stock Exchange has adopted rules that eliminate broker discretionary voting for the election of directors. These rules apply to us notwithstanding the fact that our Common Stock is traded on the Nasdaq Stock Market. Therefore, your broker is not able to vote on your behalf in any director election without voting instructions from you.

Assuming that a quorum exists at the Meeting, approval of the first three matters specified in the Notice of Meeting requires the affirmative vote of a majority of the votes cast at the Meeting, and approval of the

non-binding resolution with respect to the fourth matter specified in the Notice of Meeting requires the affirmative vote of a majority of the votes cast at the Meeting. With respect to the fifth matter specified in the Notice of Meeting, the Company will consider the alternative (three years, two years or one year), if any, that receives a majority of votes cast at the Meeting as the non-binding alternative selected by stockholders. Stockholders may not cumulate their votes. Abstentions and Broker Shares that have not been voted with respect to a particular proposal will not be counted in determining the total number of votes cast or in determining whether such proposal has received the requisite number of affirmative votes.

You may revoke your proxy at any time before it is exercised at the Meeting by: (1) delivering to the Secretary of the Company a duly executed proxy bearing a later date; (2) filing a written notice of revocation with the Secretary of the Company; or (3) appearing at the Meeting and voting in person.

In addition to solicitations by mail, some of our directors, officers and employees may solicit proxies for the Meeting personally or by telephone without extra remuneration. We will also provide persons, banks, brokerage firms, custodians, nominees, fiduciaries and corporations holding shares in their names or in the names of nominees, which in either case are beneficially owned by others, with proxy materials for transmittal to such beneficial owners and will reimburse such record owners for their expenses in doing so. The Company will bear the costs of soliciting proxies.

**THE COMPANY HEREBY UNDERTAKES TO PROVIDE WITHOUT CHARGE TO EACH PERSON TO WHOM A COPY OF THIS PROXY STATEMENT HAS BEEN DELIVERED, UPON THE WRITTEN REQUEST OF ANY SUCH PERSON, A COPY OF OUR ANNUAL REPORT ON FORM 10-K, INCLUDING THE FINANCIAL STATEMENTS AND THE FINANCIAL STATEMENT SCHEDULES THERETO, THAT HAS BEEN FILED WITH THE SECURITIES AND EXCHANGE COMMISSION PURSUANT TO RULE 13a-1 UNDER THE SECURITIES EXCHANGE ACT OF 1934 FOR THE FISCAL YEAR ENDED DECEMBER 31, 2010. REQUESTS FOR SUCH COPIES SHOULD BE DIRECTED TO SILGAN HOLDINGS INC., 4 LANDMARK SQUARE, STAMFORD, CONNECTICUT 06901 (TELEPHONE NUMBER: (203) 975-7110), ATTENTION: GENERAL COUNSEL.**

## ELECTION OF DIRECTORS

### Nominees

Our Board of Directors is currently composed of seven members, divided into three classes designated as Class I, Class II and Class III. We have two Class I Directors, two Class II Directors and three Class III Directors, with each class of directors serving staggered three-year terms. At each annual meeting of stockholders of the Company, the term of office of one class of directors of the Company expires, and directors nominated to the class of directors whose term is expiring at such annual meeting will be elected for a term of three years and until their successors are duly elected and qualified. Our remaining directors continue in office until their respective terms expire and until their successors are duly elected and qualified. Accordingly, at each annual meeting of stockholders of the Company one class of our directors will be elected, and each of our directors will be required to stand for election once every three years. At the Meeting, the term of office for our Class II Directors expires.

Our Class II Directors currently are Messrs. D. Greg Horrigan and John W. Alden. Pursuant to the Amended and Restated Stockholders Agreement dated as of November 6, 2001, or the Stockholders Agreement, among R. Philip Silver, D. Greg Horrigan and the Company, each of Messrs. Horrigan and Alden was nominated for re-election at the Meeting as Class II Directors of the Company, to serve until our annual meeting of stockholders in 2014 and until his successor has been duly elected and qualified. You should read the section in this Proxy Statement titled "Certain Relationships and Related Transactions" Stockholders Agreement for a description of the material provisions of the Stockholders Agreement.

Each nominee for Class II Director of the Company has consented to be named in this Proxy Statement and to serve on our Board of Directors if elected. If, prior to the Meeting, any nominee should become unavailable to serve on our Board of Directors for any reason, the shares of our Common Stock represented by all properly executed proxies will be voted for such alternate individual as shall be nominated pursuant to the Stockholders Agreement.

We provide below certain information regarding each nominee for Class II Director of the Company and each Director of the Company whose term of office continues after the Meeting, including the individual's age (as of December 31, 2010), principal occupation and business experience during at least the last five years, other directorships currently held or held during the past five years, the year in which such individual was first elected a director of the Company and the experiences, qualifications, attributes or skills that each nominee and Director brings to our Board of Directors. We believe that each nominee and current Director brings a strong and unique background and set of skills to our Board of Directors, giving our Board of Directors as a whole competence and experience in a wide variety of areas, including relevant industry experience, executive management experience, public company board service experience and finance and accounting experience.

Allott, Crowe and Lapekas were elected as Directors of the Company at our annual meeting of stockholders in 2009. Messrs. Each of John W. Alden, Jeffrey C. Crowe, William C. Jennings and Edward A. Lapekas is an independent director, as defined in Rule 5605(a)(2) of the listing standards of the Nasdaq Stock Market. The independent directors held four meetings during 2010 following regularly scheduled quarterly meetings of the Board of Directors, without the presence of management or any inside directors.

Our Board of Directors met seven times and acted by written consent three times during 2010. Each of our Directors attended more than 75 percent of the aggregate of: (1) the total number of meetings of the Board of Directors held in 2010 during which he was a Director and (2) the total number of meetings held in 2010 by all committees of the Board of Directors on which he served during which he was a Director.

The Company does not have a policy with regard to director attendance at annual meetings of stockholders. Two of our directors attended last year's annual meeting of stockholders.

### **Risk Oversight and Board Structure**

Our Board of Directors as a whole is responsible for risk oversight for the Company. Our Board of Directors risk oversight process builds upon management's assessment of the Company's risks and processes for managing and mitigating such risks. At meetings of our Board of Directors, the executive officers of the Company regularly address and discuss with our Board of Directors risks of the Company and the manner in which the Company manages or mitigates its risks. While our Board of Directors has the ultimate responsibility for risk oversight for the Company, our Board of Directors works in conjunction with its committees on certain aspects of its risk oversight responsibilities. In particular, our Audit Committee focuses on financial reporting risks and related controls and procedures. Our Compensation Committee strives to create compensation practices that do not encourage excessive levels of risk taking that would be inconsistent with the Company's strategy and objectives.

Our corporate governance documents provide our Board of Directors with flexibility to select the appropriate leadership structure for the Company. In making leadership structure determinations, our Board of Directors considers many factors. At this time, each of the positions of Co-Chairmen of the Board and Chief Executive Officer of the Company are held by different persons. Our Board of Directors has decided at this time to have different persons hold such positions largely due to the availability to the Company of multiple persons with many years of experience in the consumer goods packaging industry and extensive executive management experience with the Company. Our Co-Chairmen of the Board are co-founders of the Company and each has over

thirty years of management experience in the packaging industry. With their experience, our Co-Chairmen of the Board effectively lead our Board of Directors in its fundamental role of overseeing the business and affairs of the Company.

As part of each regularly scheduled quarterly meeting of our Board of Directors, our independent Directors meet without the presence of management or insider directors. These meetings allow our independent Directors to discuss matters involving the Company without the presence of any member of management or any inside director.

#### **Committees of the Board of Directors**

Our Board of Directors has two standing committees. The principal responsibilities of each of the standing committees and the members of such committees are set forth below.

1. *Audit Committee.* The Audit Committee has the responsibility of overseeing the Company's financial reporting process on behalf of our Board of Directors. The functions performed by the Audit Committee are described in the section of this Proxy Statement titled "Report of the Audit Committee." During 2010, the Audit Committee held nine meetings and acted by written consent two times. The Audit Committee consists of Messrs. Jennings, Alden, Crowe and Lapekas, each of whom our Board of Directors has determined is independent as required by the written charter of the Audit Committee, the applicable listing standards of the Nasdaq Stock Market and the applicable rules of the Securities and Exchange Commission, or the SEC. All of our independent directors are members of the Audit Committee. Mr. Jennings is the Chairperson of the Audit Committee. The Board of Directors has determined that Mr. Jennings meets the criteria of an audit committee financial expert under applicable rules of the SEC. Mr. Jennings' extensive background and experience includes leading the risk management and internal control consulting practice of PricewaterhouseCoopers LLP, serving as senior audit partner at Coopers & Lybrand and serving as Chief Financial Officer of Bankers Trust Company.

2. *Compensation Committee.* The Board of Directors of the Company established the Compensation Committee and conferred upon it through resolutions the responsibility of reviewing and approving matters relating to the compensation of all executive officers of the Company. The Compensation Committee does not have a charter. Pursuant to the terms of the Silgan Holdings Inc. 2004 Stock Incentive Plan, as amended, or the 2004 Stock Incentive Plan, the Compensation Committee also is responsible for administering the 2004 Stock Incentive Plan, making awards and grants under the 2004 Stock Incentive Plan to officers and other key employees of the Company and its subsidiaries and setting performance goals and confirming performance levels in respect of performance awards made under the 2004 Stock Incentive Plan. Historically, the Compensation Committee in its discretion has periodically consulted with outside consultants (such as Frederic W. Cook & Co., Inc.) for certain matters regarding director and executive officer compensation, including setting up the 2004 Stock Incentive Plan. The Compensation Committee held four meetings and acted by written consent twice during 2010. The Compensation Committee consists of Messrs. Crowe, Alden, Jennings and Lapekas, each of whom is an independent director under the applicable listing standards of the Nasdaq Stock Market. All of our independent directors are members of the Compensation Committee. Mr. Crowe is the Chairperson of the Compensation Committee.

In November 2001, the Company and Messrs. Silver and Horrigan, our Co-Chairmen of the Board, entered into the Stockholders Agreement. You should read the section in this Proxy Statement titled "Certain Relationships and Related Transactions - Stockholders Agreement" for a description of the material terms of the Stockholders Agreement. Under the Stockholders Agreement, the Group (as defined in the Stockholders Agreement and generally including Messrs. Silver and Horrigan and their affiliates, family members, trusts and estates) has the contractual right to nominate for election all directors of the Company so long as the Group holds an aggregate of at least 14,306,180 shares of our Common Stock (as adjusted for the stock splits effected on September 15, 2005 and May 3, 2010). As of the date of this Proxy Statement, the Group held more than 14,306,180 shares of our Common Stock. In the very unlikely event that either of Messrs. Silver or Horrigan

notifies our Board of Directors that the Group cannot agree on an individual for any nominee for director or if at least 45 days prior to our annual meeting of stockholders the Group fails to nominate for election at such annual meeting the requisite number of individuals to stand for election, then our Board of Directors has the right to nominate for director the number of individuals that the Group could not agree on as nominees or failed to nominate timely.

Accordingly, our Board of Directors does not have a nominating committee because the right to nominate all directors has been contractually granted to the Group, and our Board of Directors deems it very unlikely at this time that they would have to nominate for election any director. As a result, the Company does not have a nominating committee charter, does not have a policy to consider director candidates recommended by stockholders, does not have a policy regarding the composition or diversity of our Board of Directors and does not have a process for identifying or evaluating nominees for director. All nominees for Class II Director of the Company to be elected at the Meeting were nominated by the Group pursuant to the Stockholders Agreement.

#### **Stockholder Communications with the Board of Directors**

The Company's Board of Directors has a formal process for security holders to send communications to it. Security holders may send written communications addressed to the Board of Directors or to any specified Director of the Company by mail to the Company's office in Stamford, Connecticut. If the Company receives at its office in Stamford, Connecticut any such written communications, the Company will forward such written communications directly to all members of the Board of Directors or to such specified Director of the Company, as the case may be.

### COMPENSATION OF DIRECTORS

Each of Messrs. Silver and Horrigan, our non-executive Co-Chairmen of the Board, are paid an annual retainer fee of \$100,000 for their service on our Board of Directors, plus reimbursement for business related travel and other reasonable out-of-pocket expenses. Additionally, the Company maintains an office for each of Messrs. Silver and Horrigan at its offices in Stamford, Connecticut and provides them with access to a shared assistant. Each of Messrs. Alden, Crowe, Jennings and Lapekas, none of whom are officers or employees of the Company or any of its affiliates, are paid an annual retainer fee of \$36,000 for their service on our Board of Directors and a fee of \$2,000 for each meeting of our Board of Directors or committee thereof that they attend, plus reimbursement for business related travel and other reasonable out-of-pocket expenses. Additionally, all Directors (including our Co-Chairmen of the Board) who do not receive compensation as officers or employees of the Company or any of our affiliates receive annual director awards, on the first business day after our annual meeting of stockholders, having an aggregate fair market value of \$50,000 as of the date of grant. These awards are made in the form of restricted shares of our Common Stock or restricted stock units related to shares of our Common Stock, in the discretion of the Board of Directors, under the 2004 Stock Incentive Plan. Members of the Audit Committee of our Board of Directors are also paid an annual retainer fee of \$12,000 for their service on the Audit Committee, and the chairpersons of each of the Audit and Compensation Committees of our Board of Directors are also paid an annual retainer fee of \$10,000 for their service as chairperson of such committee.

Mr. Allott, who is an officer and an employee of the Company, does not receive any annual retainer or meeting fees or any director awards under the 2004 Stock Incentive Plan.

The following table provides information concerning the compensation of Directors of the Company for the fiscal year ended December 31, 2010.

### **CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS**

#### **Stockholders Agreement**

In November 2001, Messrs. Silver and Horrigan and the Company entered into the Stockholders Agreement. The Stockholders Agreement replaced in its entirety a previous stockholders agreement entered into among Messrs. Silver and Horrigan, the Company and the other parties thereto at the time of the initial public offering of shares of Common Stock of the Company on February 14, 1997.

Under the Stockholders Agreement, the Group (as defined in the Stockholders Agreement and generally including Messrs. Silver and Horrigan and their affiliates, family members, trusts and estates) has the right to nominate for election all directors of the Company until the Group holds less than one-half of the number of shares of our Common Stock held by it in the aggregate on February 14, 1997. The Group generally includes Messrs. Silver and Horrigan and their affiliates and related family transferees and estates. At least one of the Group's nominees must be either Mr. Silver or Mr. Horrigan during the three year period covering the staggered terms of our three classes of directors. On February 14, 1997, the Group held 28,612,360 shares of our Common Stock in the aggregate (as adjusted for the stock splits effected on September 15, 2005 and May 3, 2010). Additionally, the Group has the right to nominate for election either Mr. Silver or Mr. Horrigan as a member of our Board of Directors when the Group no longer holds at least one-half of the number of shares of our Common Stock held by it in the aggregate on February 14, 1997 but beneficially owns at least 5% of our Common Stock. The Stockholders Agreement continues until the death or disability of both of Messrs. Silver and Horrigan.

If either Mr. Silver or Mr. Horrigan notifies our Board of Directors that the Group cannot agree on an individual for any of its nominees under the Stockholders Agreement or if at least 45 days prior to our annual meeting of stockholders the Group fails to nominate for election at such annual meeting the requisite number of individuals to stand for election to our Board of Directors at such annual meeting, then our Board of Directors has the right to nominate for election to our Board of Directors the number of individuals that the Group could not agree on as nominees or that the Group failed to nominate timely.

The provisions of the Stockholders Agreement could have the effect of delaying, deferring or preventing a change of control of the Company and preventing our stockholders from receiving a premium for their shares of our Common Stock in any proposed acquisition of the Company.

#### **Stock Purchase Agreement**

On October 7, 2010, the Company announced its intention to purchase up to \$175 million of our Common Stock through a modified Dutch Auction tender offer. Pursuant to the tender offer, which expired on November 8, 2010, we purchased 5,035,971 shares of our Common Stock from our stockholders at a price of \$34.75 per share, for a total purchase price of \$175.0 million. In connection with the tender offer, we also entered into a Stock Purchase Agreement, dated as of October 7, 2010, with Messrs. Silver and Horrigan, or the Stock Purchase Agreement. Pursuant to the Stock Purchase Agreement, each of Messrs. Silver and Horrigan agreed not to participate in the tender offer and instead to sell to us and/or to cause certain entities that hold shares of the Company's Common Stock that were beneficially owned by each of them to sell to us, following the completion of the tender offer and at the same price per share as in the tender offer, such number of shares of our Common Stock as would result in each of Messrs. Silver and Horrigan maintaining substantially the same percentage beneficial ownership in our Common Stock that he had immediately prior to the consummation of the tender offer. Accordingly, on November 23, 2010 we purchased pursuant to the Stock Purchase Agreement at a price of \$34.75 per share (the same price per share as in the tender offer) 1,175,423 shares of our Common Stock that were beneficially owned by Mr. Silver for a total purchase price of approximately \$40.9 million, and 896,086 shares of our Common stock that were beneficially owned by Mr. Horrigan for a total purchase price of approximately \$31.1 million.

#### **Review, Approval or Ratification of Transactions with Related Persons**

Pursuant to its written charter, the Audit Committee of the Board of Directors of the Company is required to approve any related party transactions that are required to be disclosed under applicable securities rules. In evaluating any such proposed reportable transaction, the Audit Committee will consider the specific facts and circumstances of each transaction, which facts and circumstances will include the related person's interest in the transaction, whether the transaction is being negotiated on an arm's length basis, whether the terms of the transaction are fair to the Company and whether the terms of the transaction with the related person are no less favorable to the Company than could be obtained with a non-related third party under similar circumstances.

#### **COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION**

In 2010, the Compensation Committee of our Board of Directors consisted of Messrs. Crowe, Alden, Jennings and Lapekas, none of whom was an officer, former officer or employee of the Company. During 2010, none of our executive officers served as: (i) a member of the compensation committee (or other board committee performing equivalent functions or, in the absence of any such committee, the entire board of directors) of another entity, one of whose executive officers served on the Compensation Committee of our Board of Directors, (ii) a director of another entity, one of whose executive officers served on the Compensation Committee of our Board of Directors, or (iii) a member of the compensation committee (or other board committee performing equivalent functions or, in the absence of any such committee, the entire board of directors) of another entity, one of whose executive officers served on our Board of Directors.

## EXECUTIVE COMPENSATION

### Compensation Discussion and Analysis

#### Compensation Committee

The Board of Directors of the Company has established a Compensation Committee and has empowered the Compensation Committee to review and approve matters relating to the compensation of all executive officers of the Company. The Board of Directors of the Company has also given the Compensation Committee responsibility for administering the 2004 Stock Incentive Plan (as well as the prior equity compensation plans of the Company under which stock options previously granted are still outstanding), making awards and grants under the 2004 Stock Incentive Plan to all officers and other key employees of the Company and its subsidiaries and setting performance goals and confirming performance levels in respect of performance awards made under the 2004 Stock Incentive Plan. The Compensation Committee may not delegate any responsibility or authority conferred upon it by the Board of Directors of the Company.

The Compensation Committee is comprised of four members, Messrs. Jeffrey C. Crowe, John W. Alden, William C. Jennings and Edward A. Lapekas. Mr. Crowe serves as the Chairperson of the Compensation Committee. All members of the Compensation Committee are (i) independent directors as required under the applicable rules of the Nasdaq Stock Market, (ii) outside directors for purposes of Section 162(m) of the Internal Revenue Code of 1986, as amended, or the Code, and (iii) non-employee directors for purposes of Rule 16b-3 of the Exchange Act.

#### Compensation Philosophy

The Compensation Committee strives to establish a compensation program for the executive officers of the Company that meets the following objectives:

1. attracts and retains executive officers and provides fair compensation, taking into account responsibilities and the employment markets in which the Company and its subsidiaries compete;
2. rewards executive officers for achieving the Company's short-term business goals and long-term creation of stockholder value while at the same time not encouraging excessive risk taking; and
3. aligns the interests of the Company's executive officers and stockholders.

The components of the compensation program for all executive officers of the Company are base salary, annual cash incentive bonus and equity-based compensation consisting primarily of restricted stock units and performance awards of restricted stock units. The Compensation Committee believes that such form of equity-based compensation fosters more balanced risk taking because restricted stock units are more closely linked to ownership of stock than other equity-based compensation. By including a combination of cash and at-risk equity compensation, the Compensation Committee believes that the Company's executive compensation program is consistent with its business strategy and does not encourage its executive officers to take excessive risks that might threaten the long-term value of the Company. In addition, all executive officers of the Company other than the Chief Executive Officer, or CEO, Chief Financial Officer, or CFO, and Chief Operating Officer, or COO, receive other benefits typically provided to officers (such as pension, 401(k) and other retirement benefits, medical benefits and life insurance benefits), and certain of these executive officers also receive limited perquisites and other personal benefits.

#### Base Salary

The Compensation Committee endeavors to set base salaries for executive officers that enable the Company to attract and retain such officers and provide fair compensation taking into account relevant employment markets. The base salary for an individual executive officer is targeted such that the total compensation for such person is at a competitive level for individuals with similar responsibilities at manufacturing companies of a similar size, including packaging related companies, and, as relevant, in the applicable geographic area.

Generally, each executive officer's salary is reviewed on an annual basis by the Compensation Committee, and executive officer salaries may be adjusted based on: (i) a general increase associated with inflation in the cost of living; (ii) a change in the individual's responsibilities over the preceding years; and (iii) changes in competitive pay levels. In making such determinations, for the CEO and the CFO, the Compensation Committee has generally reviewed publicly available salary and other compensation information from the following packaging related companies: AEP Industries Inc.; AptarGroup, Inc.; Avery Dennison Corporation; Ball Corporation; Bemis Company Inc.; Crown Holdings, Inc.; Graphic Packaging Holding Company; Owens-Illinois, Inc.; Pactiv Corporation; PolyOne Corporation; Rock-Tenn Company; Sealed Air Corporation; and Sonoco Products Company. Additionally, for the CEO and the CFO, the Compensation Committee has generally considered publicly available salary and other compensation information from the following other manufacturing companies: Acuity Brands, Inc.; Armstrong World Industries, Inc.; Boise Cascade, L.L.C.; Carlisle Corporation; Cytec Industries Inc.; Ferro Corporation; Greif, Inc.; Jarden Corporation; MeadWestvaco Corporation; Olin Corporation; Packaging Corporation of America; Rockwood Holdings, Inc.; RPM International Inc.; Spartech Corporation; Temple-Inland Inc.; The Valspar Corporation; W.R. Grace & Co.; and Weyerhaeuser Company. Although the Compensation Committee does not use benchmarking to determine any element of compensation, the Compensation Committee believes that it is important from time to time to review compensation information from other appropriate companies in order to gain a general understanding of the competitiveness of the Company's compensation program. For all other executive officers of the Company, the Compensation Committee reviews recommendations of the CEO of the Company and other information available to the Compensation Committee. For 2010, the salaries of each of Messrs. Allott, Lewis, Greenlee and Snyder at year end 2009 were increased based on a general increase associated with inflation in the cost of living. Additionally, in August 2009, Mr. Greenlee's salary was increased based on a change in his responsibilities upon his election as Chief Operating Officer of the Company.

#### **Annual Cash Bonuses under Incentive Programs**

All executive officers of the Company are eligible to receive annual cash bonuses, which are provided to enable the Company to attract and retain such officers and provide fair compensation taking into account responsibilities and relevant employment markets. Additionally, the Compensation Committee uses annual cash bonuses for executive officers to reward them for achieving the Company's financial and non-financial goals. Executive officers of the Company are eligible for an annual cash bonus based on a percentage of their annual base salary, and that percentage is determined generally based on the person's responsibilities.

Annual cash bonuses are paid to Mr. Allott under the Company's Senior Executive Performance Plan. Currently, Mr. Allott is the only person that is a participant in the Senior Executive Performance Plan. Pursuant to the Senior Executive Performance Plan, Mr. Allott could be eligible for an annual cash bonus of up to 200% of his annual base salary, with such maximum amount of Mr. Allott's annual cash bonus being set annually by the Compensation Committee. For 2010 and 2011, the Compensation Committee evaluated competitive data and approved a maximum annual cash bonus for Mr. Allott of up to 100% of his annual base salary. In setting the maximum amount of the annual cash bonus for Mr. Allott, the Compensation Committee bases its determination on its objective of retaining Mr. Allott and providing him with fair overall annual cash compensation taking into account his responsibilities and relevant employment markets.

At the beginning of each year, the Compensation Committee establishes a performance goal and a performance goal target for the Company for that year pursuant to the Senior Executive Performance Plan. Following such year, the Compensation Committee confirms the extent to which the performance goal target for such year was met. If the performance goal target was met, then the participant under the Senior Executive Performance Plan would receive the maximum amount of his annual bonus for which he was eligible for that year. If the performance goal target was not met, then the participant would receive a pro rata amount of the maximum amount of his annual bonus for which he was eligible for that year. For 2010, the performance goal established by the Compensation Committee under the Senior Executive Performance Plan was the earnings before interest, taxes, depreciation and amortization and rationalization charges and the impact from the

remeasurement of net assets in Venezuela (Adjusted EBITDA) of the Company, and the performance goal target for the maximum amount of the annual bonus was the achievement of the Adjusted EBITDA level of the Company for 2009, with the manner for calculating the amount of Mr. Allott's annual bonus based on the following formula:

X multiplied by the Company's Adjusted EBITDA for 2010; with X being equal to a percentage,

the numerator of which is the maximum amount of Mr. Allott's annual bonus and the

denominator of which is the Company's Adjusted EBITDA for 2009.

The Company's Adjusted EBITDA for 2010 was \$451.7 million, and for 2009 the Company's Adjusted EBITDA was \$445.4 million.

For 2011, the Compensation Committee set the performance goal for Mr. Allott under the Senior Executive Performance Plan as the Adjusted EBITDA of the Company and the performance goal target for the maximum amount of his annual bonus as the achievement of the Adjusted EBITDA level of the Company for 2010, with the manner for calculating the amount of his annual bonus being the same as in 2010. In setting the performance goal under the Senior Executive Performance Plan, the Compensation Committee chose the Adjusted EBITDA of the Company because it believes that it is an important and accepted measure of performance of the Company, and the Compensation Committee decided to exclude the impact from the remeasurement of the Company's net assets in Venezuela from the calculation of Adjusted EBITDA because such impact is a one-time item due to the devaluation of the Venezuelan currency against the U.S. dollar.

For 2010, each of Messrs. Lewis, Greenlee and Hogan was eligible to be paid annual cash bonuses, in an amount up to a maximum of 40% of his annual base salary, under a program, or the Holdings Executive Officer Program, approved by the Compensation Committee pursuant to which their annual cash bonuses were calculated on the same basis that an annual cash bonus was calculated for Mr. Allott under the Senior Executive Performance Plan. For 2011, the Compensation Committee approved an annual cash bonus program for each of Messrs. Lewis, Greenlee and Hogan pursuant to which each of them is eligible to receive an annual cash bonus in an amount up to a maximum of 40% of his annual base salary received in 2011, with the amount of such annual cash bonus being calculated on the same basis that an annual cash bonus is calculated for Mr. Allott for 2011 under the Senior Executive Performance Plan.

The Compensation Committee has established annual bonus programs applicable to Messrs. Allott, Lewis and Greenlee that are different from the annual cash bonus programs applicable to the other executive officers of the Company because Messrs. Allott, Lewis and Greenlee assist the Compensation Committee in establishing the annual cash bonus programs for the other executive officers of the Company, including setting financial and non-financial goals under such programs and determining whether goals were met under such programs. The Compensation Committee believes it is important that it receive an unbiased view from members of top management in establishing such programs, and believes that the best way to accomplish this objective is to not have those assessing such programs participate in them so that these individuals have no conflict of interest. Additionally, the objectives of the annual cash bonus programs for Messrs. Allott, Lewis, Greenlee and Hogan are to retain such individuals and provide them with fair overall annual cash compensation taking into account relevant employment markets, and such programs are not meant primarily as an award for short-term financial performance. The Compensation Committee believes that it is best for the Company that Messrs. Allott, Lewis, Greenlee and Hogan focus more on long-term creation of shareholder value rather than short-term goals. Accordingly, the Compensation Committee establishes a performance goal target with respect to annual bonuses payable to Messrs. Allott, Lewis, Greenlee and Hogan that, although not certain, should be attainable.

Annual cash bonuses are paid to participants in the incentive programs of the Company's business segments based upon the achievement of certain financial goals and certain non-financial goals. Participants in those programs, including those deemed to be executive officers of the Company, are viewed on a team basis for purposes of annual cash bonuses and establishing financial and non-financial goals for each business segment.

The financial goals for each business segment for a given year are established at the beginning of such year by the CEO, CFO and COO, or the Holdings Executives, subject to approval of the Compensation Committee. Budgeted earnings before interest and taxes and rationalization charges (Adjusted EBIT) of each business segment are used as the financial goal for such business segment. Based on the recommendations of the Holdings Executives, the Compensation Committee determines the portion of annual cash bonuses that would be payable to managers of the business segments of the Company based on the financial goal. The Compensation Committee generally believes that at least a majority of the annual cash bonuses payable to managers of the Company's business segments should be based on a financial goal. The table below sets forth the percentages for 2010 and 2011 of the annual cash bonuses for managers of the Company's business segments payable based on such business segments' achievement of their financial goal under their incentive programs:

<b>Business Segment</b>	<b>2010</b>	<b>2011</b>
Metal food container	70%	70%
Closures	80%	80%
Plastic container	75%	75%

Non-financial goals for each business segment for a given year are established at the beginning of the year by the Holdings Executives in conjunction with the managers of such business segment, subject to approval of the Compensation Committee. Such non-financial goals are generally items that both the Holdings Executives and the managers of the particular business segment desire additional attention during the year. Set forth below are the non-financial goals for our metal food container business for both 2010 and 2011:

management development;

market leadership;

operational leadership;

working capital management;

selling, general and administrative cost management; and

financial reporting and controls.

Set forth below are the non-financial goals for our closures business for both 2010 and 2011:

market leadership;

operational leadership;

working capital management;

selling, general and administrative cost management; and

financial reporting and controls.

Edgar Filing: SILGAN HOLDINGS INC - Form DEF 14A

Set forth below are the non-financial goals for our plastic container business for both 2010 and 2011:

management development;

safety;

working capital management;

market leadership;

operational leadership; and

financial reporting and controls.

In determining levels of achievement by each business segment of its non-financial goals, the Compensation Committee relies upon the subjective evaluations of Messrs. Allott, Lewis and Greenlee, as well as their own observations of each business segment obtained from the reports given by the presidents of such business segments at the regular quarterly meetings of the Board of Directors of the Company.

For 2010, managers of the Company's business segments were eligible for an annual target bonus ranging from 20% to 35% of their annual salary if applicable goals were met, with such percentage for any particular person being largely based on such person's responsibilities. The amount of the bonus of each such manager is determined by a formula which calculates such bonus based on the percentage that the actual applicable financial level achieved represents of the applicable financial goal and, when applicable, based on whether non-financial goals were met, and such managers can receive up to two times their target bonus amount if financial and non-financial goals of the applicable business segment are far exceeded. Generally, however, the Compensation Committee is of the view that non-financial goals, by their nature, are extremely hard to attain at a level warranting two times payment of the amount of the target bonus applicable to such non-financial goals, and therefore realistically managers can expect to receive between 50 percent and 150 percent of the amount of their target bonus applicable to such non-financial goals. For 2010, the percentages of the financial goals for our business segments that would have needed to have been achieved for a payment of two times the amount of the target bonus applicable to such financial goals ranged from 106% to 142% of such financial goals.

The officers of Silgan Holdings, all of whom are executive officers of the Company, are also eligible to receive annual cash bonuses pursuant to an incentive program, or the Holdings Bonus Program, in which they participate (other than Messrs. Allott, Lewis, Greenlee and Hogan). Bonuses under such program are calculated on the basis of a weighted average of the levels of bonuses paid under the incentive programs of the Company's business segments, using each business segment's percentage of the overall EBIT of the Company's business segments as the basis for weighting. Bonuses for such officers are thus determined by means of a pure mathematical calculation based on the weighted average of the levels of bonuses paid under the incentive programs of the Company's business segments once the bonus amounts under such incentive programs are determined. The officers participating in the Holdings Bonus Program are eligible for an annual target bonus of 30% of their annual salary, and they can receive up to two times their target bonus amount if the Company's business segments far exceed their applicable financial and non-financial goals. Generally, however, the Compensation Committee is of the view that non-financial goals, by their nature, are extremely hard to attain at a level warranting two times payment of the amount of the target bonus applicable to such non-financial goals, and therefore realistically such officers can expect to receive between 50 percent and 150 percent of the amount of their target bonus applicable to such non-financial goals.

The table below sets forth summary information for 2010 for those individuals who served as Chief Executive Officer or Chief Financial Officer of the Company during 2010 and who were the three most highly compensated executive officers of the Company for 2010 (other than those who served as CEO or CFO during 2010) with regard to the incentive plan or program in which such individual participated, the bonus range, target bonus award and maximum bonus award as a percentage of salary for each such individual, the actual bonus award for each such individual and the actual bonus award as a percentage of salary for each such individual.

**Equity Based Compensation**

The Compensation Committee provides equity-based compensation to executive officers of the Company and its subsidiaries through awards under the 2004 Stock Incentive Plan that meet the Compensation Committee's objectives of attracting and retaining officers and aligning the interests of officers with those of the stockholders of the Company. The purpose of the 2004 Stock Incentive Plan is to promote the long-term success of the Company and the creation of stockholder value by (i) encouraging the attraction and retention of directors and officers and other key employees and (ii) linking directors and officers and other key employees of the Company directly to stockholder interests through stock ownership and appreciation. Although the Company encourages stock ownership by its officers and directors, the Company does not have any requirements or guidelines for stock ownership by its officers and directors.

The Compensation Committee is responsible for administering the 2004 Stock Incentive Plan. The Compensation Committee determines recipients of awards under the 2004 Stock Incentive Plan, approves awards, sets the terms and conditions of awards and interprets and prescribes rules for administering the 2004 Stock Incentive Plan. The 2004 Stock Incentive Plan provides for awards of stock options, stock appreciation rights, restricted stock, restricted stock units and performance awards.

Since the adoption of the 2004 Stock Incentive Plan, the Compensation Committee has granted mostly restricted stock units and performance awards for restricted stock units. The Compensation Committee has determined to grant primarily restricted stock units and performance awards for restricted stock units under the 2004 Stock Incentive Plan because it believes that restricted stock units are more closely linked to ownership of stock as compared to stock options and stock appreciation rights, thereby aligning the interests of award recipients more closely with stockholders.

The Compensation Committee's practice of granting restricted stock units and stock options under the 2004 Stock Incentive Plan is generally to make grants to newly hired individuals and to individuals who are promoted

and to grant performance awards annually to current officers and other key employees, all as described below. In addition, the Compensation Committee may make awards under the 2004 Stock Incentive Plan to officers and other key employees of the Company and its subsidiaries at other times and for other purposes, consistent with the terms of the 2004 Stock Incentive Plan.

In order to attract new officers and other key employees, the Compensation Committee will make grants during the course of the year of restricted stock units to such new individuals, which generally will vest ratably over a five year period. In limited cases, the Compensation Committee may grant stock options to such new individuals, which generally will vest ratably over a four year period and have a term of seven years. The number of restricted stock units and stock options that are granted to an individual will be determined by the Compensation Committee generally on the basis of what it believes is necessary to hire such individual, taking into account the salary and bonus offered to such individual and the total nominal value of such restricted stock units and stock options. The Compensation Committee may also make grants of restricted stock units during the course of the year to officers who are promoted, largely on the basis of the nominal value of unvested restricted stock units and stock options of such individuals as compared to a targeted multiple of such individual's new annual base salary. The primary purpose of such equity awards is retention of the individual, and, for the most part, these restricted stock units will vest ratably over a five year period. Typically, the Compensation Committee makes grants to newly hired individuals and persons who are promoted on only one business day during each fiscal quarter following the issuance by the Company of its quarterly earnings release. As a result, the practice of the Compensation Committee generally is to make grants on up to four dates during each year.

Additionally, in order to retain current officers and other key employees, the Compensation Committee annually reviews the nominal value of unvested restricted stock units and stock options of such persons. For each officer and other key employee of the Company, the Compensation Committee targets a multiple of such person's annual base salary as the level of the nominal value of unvested restricted stock units and stock options for each such person. The multiple for each individual is determined on the basis of the individual's anticipated long-term contribution to the Company. Within the first ninety days of each year, the Compensation Committee will fix and establish performance criteria for that year for potential grants of performance awards of restricted stock units in the following year. The minimum level of performance required to be attained for grants to be made in the following year is set by the Compensation Committee at a level that, although not certain, should be attainable because the primary purpose of these grants is retention. For the performance period that was the Company's 2010 fiscal year, the Compensation Committee established the Company's Adjusted EBITDA as the performance criteria and the minimum level of performance by the Company for 2010 for grants to be made in 2011 as 75% of the Company's Adjusted EBITDA level in 2009. At the time the performance criteria is set for a particular year, the Compensation Committee approves a maximum number of restricted stock units that may be granted to each individual in the following year if the minimum level of performance is attained. Then, following the end of a particular year if the minimum level of performance for that year is attained, the Compensation Committee will review the nominal value of the unvested restricted stock units and stock options previously granted to an individual and compare this to the individual's target multiple of salary. For each of Messrs. Allott, Lewis, Greenlee, Snyder and Koblin, the target multiple of salary is three times such person's salary. Generally, the Compensation Committee will then consider performance awards of restricted stock units to individuals whose aggregate unvested restricted stock units and stock options nominal value is less than their target multiple of salary so that the total nominal value of unvested restricted stock units and stock options approximates their target multiple of salary. For the most part, any such restricted stock units so granted will vest ratably over a five year period. In 2010, Messrs. Allott, Lewis, Greenlee, Snyder and Koblin were granted performance awards for 1,000, 20,000, 13,000, 6,800 and 9,600 restricted stock units, respectively, on the basis described in this paragraph.

In addition, the Compensation Committee has granted performance awards for restricted stock units to Messrs. Allott, Lewis, Greenlee and Hogan which vest all at once at least three years from the date of grant. The primary purpose of these grants is to provide additional long-term compensation to such executive officers to keep them at competitive compensation levels and to do so in a manner that further augments the retention of

such executive officers. Such grants have been subject to the attainment of performance criteria as established by the Compensation Committee, and such grants have been forfeitable in the event the Company does not attain such performance criteria. The performance criteria for such grants has been the Adjusted EBITDA of the Company for a particular year following such grant and the minimum level of performance required for such grant has been 75% of the Company's prior year Adjusted EBITDA level. In March 2011, Mr. Allott was granted a performance award for 120,000 restricted stock units which vests all at once three years from the date of grant, on the basis described in this paragraph.

Beginning with grants made on March 1, 2006, restricted stock units granted under the 2004 Stock Incentive Plan carry with them the right to receive dividend equivalents in an amount equal to all cash dividends paid on one share of Common Stock of the Company for each restricted stock unit while such restricted stock unit is outstanding and until such restricted stock unit vests. Such dividend equivalents for a restricted stock unit are accrued as dividends and are paid to the individual upon the vesting of such restricted stock unit. The Compensation Committee added dividend equivalent rights to restricted stock units to further align the interests of officers and other key employees of the Company and its subsidiaries with those of the stockholders of the Company.

#### **Retirement and Other Benefits**

The Company also provides retirement and other benefits to most of its executive officers for purposes of retention. Such benefits include pension, 401(k), supplemental retirement, medical, disability and group life insurance benefits.

The Company does not provide retirement and other benefits to Messrs. Allott, Lewis and Greenlee, although they can make contributions to the 401(k) plan without any matching contributions by the Company and they can participate in the medical benefits provided they pay 100% of their premiums. This approach allows Messrs. Allott, Lewis and Greenlee to assist the Compensation Committee in an unbiased manner in its oversight and review of these benefits.

The other officers of the Company and the officers of Silgan Containers participate in (i) the Silgan Containers Pension Plan for Salaried Employees, or the Silgan Containers Pension Plan (a defined benefit plan intended to be qualified as a pension plan under Section 401(a) of the Code), (ii) the Silgan Containers Retirement Savings Plan, or the Containers Savings Plan (a 401(k) plan which is intended to be qualified under Section 401(a) of the Code, which individuals can elect to participate in and which provides for matching contributions and in the case of certain individuals includes a potential profit sharing contribution), (iii) the Silgan Containers Supplemental Executive Retirement Plan, as amended, or the Containers Supplemental Plan (a non-qualified defined contribution plan that provides for contributions on behalf of participating individuals that are intended to make up for benefits not payable under the pension and 401(k) plans because of limits imposed by the Code), and (iv) medical benefits and group life insurance benefits generally available to all salaried employees on the same basis as they are available to all other salaried employees. Benefits under the Silgan Containers Pension Plan are based on the participant's average rate of base pay (or salary) over the final three years of employment, with increases to a participant's rate of base pay following January 1, 2007 (or the first January 1 the participant earned base pay, if later) capped at 3% per year for purposes of the Silgan Containers Pension Plan. The amount of average base pay taken into account for any year is limited by Section 401(a)(17) of the Code, which imposes a cap of \$245,000 (to be indexed for inflation) on compensation taken into account for 2010. Benefits under the Silgan Containers Pension Plan are not subject to any deduction for social security or other offset amounts. The Silgan Containers Pension Plan was amended in 2006 to provide that salaried employees hired after 2006 are no longer eligible to participate in the Silgan Containers Pension Plan.

Officers of Silgan Plastics participate in (i) the Silgan Plastics Pension Plan for Salaried Employees, or the Silgan Plastics Pension Plan (a defined benefit plan intended to be qualified as a pension plan under Section 401(a) of the Code), (ii) the Silgan Plastics Compensation Investment Plan (a 401(k) plan which is intended to be qualified under Section 401(a) of the Code, which individuals can elect to participate in and which

provides for matching contributions), (iii) the Silgan Plastics Supplemental Savings and Pension Plan, or the Plastics Supplemental Plan (a non-qualified defined contribution plan that provides for contributions on behalf of such individuals that are intended to make up for benefits not payable under the pension and 401(k) plans because of limits imposed by the Code), and (iv) medical benefits and group life insurance benefits generally available to all salaried employees on the same basis as they are available to all other salaried employees. The normal retirement benefit under the Silgan Plastics Pension Plan is generally a percentage of a participant's average compensation times such participant's years of service. For this purpose, average compensation is based on the participant's average total compensation (salary and bonus) over the final 36 months of employment or over the highest three of the final five calendar years of employment, whichever produces the greater average compensation. In computing this average, compensation for any year cannot exceed 125% of base pay. Compensation used in determining benefits is also limited by Section 401(a)(17) of the Code, which imposes the cap indicated above. Benefits under the Silgan Plastics Pension Plan are determined based on two methods. Under the first method, the Silgan Plastics Pension Plan provides for benefits based on a formula which takes into account all eligible pay under the plan. Most of Silgan Plastics' officers are eligible participants under the Silgan Plastics Pension Plan based on this first method. Under the second method, benefits under the Silgan Plastics Pension Plan are based on one of three formulas, one of which is calculated using a smaller percentage of pay up to a maximum dollar threshold subject to social security taxes and a larger percentage of pay for pay in excess of that threshold. The Silgan Plastics Pension Plan was amended in 2006 to provide that salaried employees hired after 2006 are no longer eligible to participate in the Silgan Plastics Pension Plan.

### **Perquisites and Other Personal Benefits**

Generally, the Company does not provide its executive officers with any perquisites or other personal benefits. For 2010, each of Messrs. Snyder and Koblin was reimbursed for country club dues at one country club so that he had an appropriate entertainment forum for customers. Each of them was also reimbursed country club fees to the extent incurred in connection with business related matters. After 2010, Messrs. Snyder and Koblin will no longer be provided such benefits.

### **Employment Agreements**

Mr. Allott, President and Chief Executive Officer of the Company, entered into an employment agreement with the Company in April 2004. Mr. Allott's employment agreement provides for, among other things, a severance benefit if Mr. Allott is terminated by the Company without cause in an amount equal to the sum of (i) his then current annual salary plus (ii) his annual bonus, calculated at the then current maximum amount payable pursuant to the Senior Executive Performance Plan as previously approved by the Compensation Committee (for 2011, 100% of his then current annual salary).

Mr. Lewis, Executive Vice President and Chief Financial Officer of the Company, is entitled to a severance benefit, as provided in an employment letter from the Company dated June 30, 2004, if Mr. Lewis is terminated by the Company without cause in an amount equal to the sum of (i) his then current annual salary plus (ii) his annual bonus, calculated at the then current maximum bonus amount payable to him as previously approved by the Compensation Committee (for 2011, 40% of his then current annual salary).

Mr. Greenlee, Executive Vice President and Chief Operating Officer of the Company, is entitled to a severance benefit, as provided in an employment letter from the Company dated October 1, 2007, if he is terminated without cause in an amount equal to the sum of (i) his then current annual salary plus (ii) his annual bonus, calculated at the then current maximum bonus amount payable to him as previously approved by the Compensation Committee (for 2011, 40% of his then current annual salary).

Mr. Koblin, President of Silgan Plastics, is entitled to a severance benefit, as provided in an agreement with Silgan Plastics dated January 5, 2007, if he is terminated without cause in an amount equal to the sum of (i) his then current annual salary plus (ii) his annual bonus that he would have received for the year during which his

employment was terminated had his employment not been terminated, but pro rated based on the number of days he was employed by Silgan Plastics during such year.

#### **Tax Deductibility**

Section 162(m) of the Code disallows a federal income tax deduction to any publicly held corporation for compensation paid in excess of \$1 million in any taxable year to an individual who, on the last day of the taxable year, was (i) the chief executive officer or (ii) among the three other most highly compensated executive officers (other than the chief executive officer or chief financial officer) employed by such corporation (or a member of its affiliated group), but does allow a deduction for performance-based compensation in excess of \$1 million the material terms of which are disclosed to and approved by stockholders. The Company's intention is to maximize the tax deductibility of its compensation programs. However, because the Company believes that the use of prudent judgment in determining compensation levels is in the best interests of the Company and its stockholders, under some circumstances it may determine to pay amounts of compensation that may not be fully deductible. The Company reserves the right to use prudent judgment in establishing compensation policies to attract and retain qualified executives to manage the Company and to reward such executives for outstanding performance, while taking into consideration the financial impact of such actions on the Company.

#### **Compensation Committee Report**

The Compensation Committee has reviewed and discussed the section of this Proxy Statement titled Compensation Discussion and Analysis with management of the Company. Based on such review and discussion, the Compensation Committee recommended to the Board of Directors of the Company that the Compensation Discussion and Analysis be included in the Proxy Statement of the Company for its 2011 annual meeting of stockholders.

#### Potential Payments Upon Termination or Change of Control

##### Potential Payments Upon Termination

In the event that a Named Executive Officer's employment is terminated for any reason, such person is entitled to receive amounts earned through the date of termination, including salary, amounts contributed under the applicable 401(k) plan (including, to the extent applicable, contributions made by the Company or a subsidiary of the Company that are vested), unused vacation pay, and, in the case of Messrs. Snyder and Koblin,

accrued and vested benefits under and pursuant to the applicable pension plan and supplemental executive retirement plan.

If termination of a Named Executive Officer's employment is not voluntary, such person may exercise any stock options granted to him under the 1989 Plan or the 2004 Stock Incentive Plan (but only if such involuntary termination was without cause) that had become exercisable as of the date of termination for a period up to 90 days after the date of termination, or in the event of death or disability, for a period of up to one year after the date of termination. Upon termination of employment for any reason, all stock options and restricted stock units of a Named Executive Officer that are unvested are forfeited except as described in the section below titled "Potential Payments Upon Change of Control". In addition, if such termination is not voluntary, such person is entitled to receive a pro rata amount of his bonus for the year in which such person is terminated.

In addition to the foregoing, each of the Named Executive Officers is entitled to the following:

In the event that his employment is terminated without cause, Mr. Allott is entitled to a lump sum severance benefit equal to his then current annual salary plus his annual bonus (calculated at then current maximum amount payable as previously approved by the Compensation Committee).

In the event that his employment is terminated without cause, Mr. Lewis is entitled to a lump sum severance benefit equal to his then current annual salary plus his annual bonus (calculated at then current maximum amount payable as previously approved by the Compensation Committee).

In the event that his employment is terminated without cause, Mr. Greenlee is entitled to a lump sum severance benefit equal to his then current annual salary plus his annual bonus (calculated at then current maximum amount payable as previously approved by the Compensation Committee).

In the event that his employment is terminated without cause, Mr. Snyder is entitled to a lump sum severance benefit equal to his then current annual salary.

In the event that his employment is terminated without cause, Mr. Koblin is entitled to a severance benefit equal to his then current annual salary payable over one year plus an amount equal to the bonus he would have received for the year during which his employment terminated had his employment not so terminated, but pro rated based on the number of days he was employed by Silgan Plastics during such year.

The following table sets forth the potential payments to each Named Executive Officer if such officer had been terminated without cause on December 31, 2010.

(a) Name	(b) Severance Payment\$(1)
Anthony J. Allott	\$1,719,736
Robert B. Lewis	\$ 735,420
Adam J. Greenlee	\$ 714,000
Thomas J. Snyder	\$ 382,500
Alan H. Koblin	\$ 375,000

(1) The amounts in column (b) consist of salary at each person's annual salary rate at the end of 2010 plus in the case of each of Messrs. Allott, Lewis and Greenlee a bonus for 2010 at the maximum amount payable to him as described above. The amount in column (b) for Mr. Koblin excludes any amount that would have been payable to him with respect to the bonus he would have received for 2010.

### Potential Payments Upon Change of Control

The Company does not have any agreement or other arrangement with any of the Named Executive Officers in the event of a change of control involving the Company, other than in respect of outstanding stock options and restricted stock units granted under the 1989 Plan and the 2004 Stock Incentive Plan. For stock options granted under the 1989 Plan, upon a change of control involving the Company, the Compensation Committee, at its discretion, may declare all outstanding stock options vested on or prior to the date of such change of control, in which case all holders thereof would be entitled to exercise such stock options prior to or at the time of such change of control. For stock options and restricted stock units granted under the 2004 Stock Incentive Plan, upon a change of control all such stock options shall become exercisable and all such restricted stock units shall become vested unless the acquiring or surviving corporation assumes such stock options and/or restricted stock units. In such case, if the employment of a holder of any such assumed stock option or restricted stock unit, including a named executive officer, is terminated without cause within 24 months of such change of control, then all such assumed stock options of such holder shall become immediately exercisable and all such assumed restricted stock units of such holders shall become immediately vested. Notwithstanding the foregoing, the Second Amendment to the 2004 Stock Incentive Plan provides that the applicable award agreement shall govern the treatment of an award upon a change in control, which may differ from the foregoing, and any such provision for a change in control shall be in a manner consistent with the provisions of Section 409A of the Code.

Based upon a price per share of \$35.81 (the closing sales price of a share of our Common Stock on December 31, 2010, the last business day of 2010 as quoted by the Nasdaq Global Select Market System) and the number of stock options and restricted stock units held by the Named Executive Officers that were unvested as of December 31, 2010 (information concerning such unvested stock options and restricted stock units is provided in the Outstanding Equity Awards at Fiscal Year-End Table), we estimate the value related to the immediate vesting of these unvested stock options and restricted stock units held by each of the Named Executive Officers upon a change of control involving the Company (assuming the Compensation Committee declared all outstanding stock options under the 1989 Plan vested and the acquiring or surviving corporation did not assume the outstanding stock options and restricted stock units under the 2004 Stock Incentive Plan) to be as follows:

(a)	(b)
<u>Name</u>	<b>Value Related to Immediate Vesting of Unvested Stock Options and Restricted Stock Units (\$)</b>
Anthony J. Allott	\$9,342,113
Robert B. Lewis	\$5,116,533

**REAPPROVAL OF THE MATERIAL TERMS OF THE PERFORMANCE**

**GOALS UNDER THE SILGAN HOLDINGS INC.**

**SENIOR EXECUTIVE PERFORMANCE PLAN, AS AMENDED**

You are being asked to consider and reapprove the material terms of the performance goals under the Silgan Holdings Inc. Senior Executive Performance Plan, as amended. This plan was adopted by the Board of Directors and the Compensation Committee of the Board of Directors on February 27, 2003, and adopted by our stockholders at our annual meeting of stockholders on June 5, 2003. On March 1, 2006 our Compensation Committee approved an amendment to the Senior Executive Performance Plan. Such amendment was approved and the material terms of the performance goals under the plan were reapproved at our annual meeting of stockholders on June 7, 2006.

The purpose of the plan is to attract and retain certain senior executives and motivate these senior executives to promote the profitability and growth of the Company, as well as to maximize the deductibility for tax purposes of compensation payable to these senior executives. Currently, Mr. Allott is the only participant in the plan. The Senior Executive Performance Plan, as amended, provides for payments of annual cash bonuses to Mr. Allott based on the attainment of pre-established performance goals for each fiscal year.

**Voting Required**

Stockholder reapproval of the material terms of the performance goals under the Senior Executive Performance Plan, as amended, is required under Internal Revenue Service regulations in order to preserve the Company's federal income tax deduction of payments made under the plan to Mr. Allott. Stockholder reapproval of the material terms of the performance goals under the plan requires the favorable vote of a majority of shares of our Common Stock present in person or by proxy at the Meeting.

**Purpose of the Proposal**

Section 162(m) of the Code sets limits on the Company's federal income tax deduction for compensation paid in a taxable year to an individual who, on the last day of the taxable year, was (i) the Chief Executive Officer of the Company or (ii) one of the three other most highly compensated executive officers of the Company other than the chief executive officer or chief financial officer, and whose compensation for the taxable year is in excess of \$1 million. Qualified performance-based compensation, which can include cash bonuses payable upon attainment of pre-established performance goals, is not subject to this tax deduction limit if certain conditions are met. One of the conditions is stockholder approval of the material terms of the performance goals under which the compensation will be paid. If stockholders reapprove the material terms of the performance goals under the plan, the material terms of the performance goals used for determining awards to Mr. Allott under the Senior Executive Performance Plan, as amended, will meet the stockholder approval requirements of Section 162(m) of the Code until fiscal year 2016, unless the material terms of the performance goals are subsequently changed. If stockholders do not reapprove the material terms of the performance goals used for determining awards to Mr. Allott under the Senior Executive Performance Plan, as amended, the Company will not be able to deduct the amount of certain awards that may be made in the future under the plan.

**Material Terms of the Performance Goals under the Plan**

The material terms of the performance goals used to determine compensation payable under the plan include (i) the class of employees eligible to receive these cash bonuses; (ii) the business criteria on which the payments of cash bonuses are based; and (iii) the maximum amount of cash bonuses that can be paid during a specified period to any senior executive under the plan. The Senior Executive Performance Plan is included as Exhibit B to the Company's Definitive Proxy Statement on Schedule 14A, filed with the SEC on April 25, 2003, and the amendment to the plan is included as Exhibit B to the Company's Definitive Proxy Statement on Schedule 14A, filed with the SEC on April 28, 2006.

*Eligible Class:* The plan provides that cash bonuses under the plan may only be paid to Anthony J. Allott, our Chief Executive Officer.

*Business Criteria:* To determine whether cash bonuses will be paid under the plan and the amount of such cash bonuses, the Compensation Committee sets performance goals for each fiscal year of the Company. The performance goals will be based on the attainment by the Company of specified levels of various measures, which shall include one or more of the following: (i) net income; (ii) earnings per share; (iii) income from operations; (iv) earnings before interest expense and provision for income taxes (EBIT); (v) earnings before interest expense, provision for income taxes, depreciation and amortization expenses (EBITDA); (vi) economic value added; (vii) return on net assets; (viii) return on total assets; (ix) free cash flow from operations; (x) return on invested capital; (xi) return on stockholders' equity; (xii) expense reduction; (xiii) working capital; (xiv) total shareholder return; and (xv) stock price performance of the Company's Common Stock.

The Compensation Committee may elect to exclude in measuring performance under any of these business criteria (i) unusual gains and unusual losses; (ii) the amount of all charges and expenses incurred or income earned in connection with any refinancing, restructuring, rationalization, recapitalization or reorganization involving the Company and its subsidiaries; (iii) the cumulative effects of accounting changes; (iv) discontinued operations; and (v) businesses, units, divisions, subsidiaries or other entities sold or acquired.

On February 16, 2011, the Compensation Committee set a performance goal under the plan for the performance period of fiscal year 2011. The performance goal is the Company's earnings before interest, taxes, depreciation and amortization and rationalization charges and the impact from the remeasurement of net assets in Venezuela, or Adjusted EBITDA, and the performance goal target for 2011 is the achievement of the Adjusted EBITDA level of the Company from 2010.

*Maximum Amount:* The minimum cash bonus payable to Mr. Allott under the plan is 100% of his annual salary, and the maximum cash bonus payable to Mr. Allott under the plan is 200% of his annual salary. For 2011, the Compensation Committee has established the maximum amount of the cash bonus that Mr. Allott may receive under the plan as \$881,365, or 100% of his annual base salary for 2011.

#### **Other Features of the Senior Executive Performance Plan**

The plan is administered by the Compensation Committee, which is comprised solely of outside directors meeting the requirements of the regulations under Code Section 162(m). Not later than 90 days after the beginning of each fiscal year, the Compensation Committee will establish in writing the business criteria that will be used to measure performance for such fiscal year, the specific target levels of performance required to achieve payment of cash bonuses, the method by which achievement of those targets will be measured and the maximum award for Mr. Allott for such fiscal year. Following the end of each fiscal year, the Compensation Committee will certify in writing the extent to which those targets have been attained, and, if the targets have been attained, cash bonuses will be paid as soon as practicable after the Compensation Committee makes its written certification.

The Compensation Committee has full authority to interpret the plan, establish rules and regulations relating to the operation of the plan, determine the amount of any cash bonuses under the plan, and make all determinations and take all other actions necessary or appropriate for the proper administration of the plan.

The plan may be terminated, amended or modified at any time by the unanimous vote of the members of the Compensation Committee. No amendment requiring stockholder approval under Code Section 162(m) or the Securities Exchange Act of 1934, as amended, will be implemented without such approval, and no amendment adversely affecting a person's rights to cash bonuses previously granted under the plan can be implemented without the agreement of such person.

**THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE REAPPROVAL OF THE MATERIAL TERMS OF THE PERFORMANCE GOALS UNDER THE SILGAN HOLDINGS INC. SENIOR EXECUTIVE PERFORMANCE PLAN, AS AMENDED.**

### REPORT OF THE AUDIT COMMITTEE

The Audit Committee is governed by a written charter approved by the Company's Board of Directors. A copy of the written charter of the Audit Committee was filed as Appendix C to the Company's Proxy Statement on Schedule 14A filed with the SEC on April 29, 2010. In accordance with the written charter of the Audit Committee, the applicable listing standards of the Nasdaq Stock Market and the applicable rules of the SEC, all members of the Audit Committee are independent. The Audit Committee held nine meetings during 2010.

The Audit Committee provides assistance to the Board of Directors of the Company in fulfilling its oversight responsibility relating to the Company's consolidated financial statements and financial reporting process, systems of internal accounting and financial controls, internal audit activities and compliance with legal and regulatory requirements relating to accounting and financial reporting matters and the annual independent audits of the Company's consolidated financial statements and the effectiveness of the Company's internal control over financial reporting. Management of the Company is responsible for the consolidated financial statements and reporting process of the Company, including maintaining effective internal control over financial reporting and assessing the effectiveness of the Company's internal control over financial reporting. Ernst & Young LLP, the independent registered public accounting firm of the Company, is responsible for performing an independent audit of the Company's consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States) and for issuing a report thereon. The independent registered public accounting firm is also responsible for auditing the effectiveness of the Company's internal control over financial reporting. The Audit Committee's responsibility is to oversee these audits and the financial reporting process of the Company.

In fulfilling its oversight responsibilities, the Audit Committee discussed with management, the Company's internal auditors and the Company's independent registered public accounting firm the overall scope and plans for the Company's audits. The Audit Committee met with the Company's internal auditors and independent registered public accounting firm, with and without management present, to discuss the Company's audits, the Company's consolidated financial statements and the effectiveness of the Company's internal control over financial reporting. The Audit Committee also reviewed and discussed with management and the Company's independent registered public accounting firm the audited consolidated financial statements of the Company included in the Company's Annual Report on Form 10-K for the year ended December 31, 2010. Additionally, the Audit Committee reviewed with management its report on its assessment of the effectiveness of the Company's internal control over financial reporting and the independent registered public accounting firm's report on the effectiveness of the Company's internal control over financial reporting.

The Audit Committee has received the written disclosures and the letter from the Company's independent registered public accounting firm required by the applicable requirements of the Public Company Accounting Oversight Board regarding such firm's communications with the Audit Committee concerning independence, and has discussed with the Company's independent registered public accounting firm such firm's independence. The Audit Committee has also considered the compatibility of nonaudit services with such firm's independence. Additionally, in assessing such firm's independence, the Audit Committee reviewed the amount of fees paid to the Company's independent registered public accounting firm for audit and nonaudit services.

The Audit Committee has also discussed with the Company's independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61, as amended, as adopted by the Public Company Accounting Oversight Board in Rule 3200T.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors of the Company that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2010 for filing with the SEC.

The Audit Committee is also directly responsible for the appointment, compensation, retention and oversight of the work of the independent registered public accounting firm of the Company. Accordingly, the Audit Committee has approved, subject to stockholder ratification, the selection of Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2011.

The Audit Committee has adopted a formal policy, consistent with its written charter, that requires its approval in advance for any audit, audit-related, tax and other services to be performed by the Company's independent registered public accounting firm. Pursuant to its formal policy, the Audit Committee approved in advance all audit, audit-related, tax and other services performed by the Company's independent registered public accounting firm in 2010. This policy provides that the Audit Committee may delegate to any of its members the authority to approve in advance any audit and nonaudit services to be performed by the Company's independent registered public accounting firm, and, in such case, requires such member to report any decisions to the Audit Committee at its next scheduled meeting.

It should be noted however that, even if this appointment is ratified by the stockholders of the Company, the Audit Committee in its discretion may replace the Company's independent registered public accounting firm and appoint a new independent registered public accounting firm for the Company at any time during the year if it determines that such a change would be in the best interests of the Company.

**ADVISORY VOTE ON COMPENSATION OF  
NAMED EXECUTIVE OFFICERS**

We are required pursuant to Section 14A of the Securities Exchange Act of 1934, as amended, to include in this Proxy Statement a non-binding advisory vote on the compensation of our Named Executive Officers as described in this Proxy Statement (commonly referred to as a Say-on-Pay ) and a non-binding advisory vote on the frequency of the Say-on-Pay vote of every one, two or three years.

You should read the section of this Proxy Statement entitled Executive Compensation for a description of the compensation provided to our Named Executive Officers. The Company's executive compensation program provides base salaries and annual cash incentive bonuses that enable the Company to attract and retain such executives and provide fair compensation to them taking into account responsibilities and relevant employment markets. The Company's executive compensation program also provides equity-based compensation consisting primarily of performance awards of restricted stock units, which the Company believes fosters more balanced risk taking because restricted stock units are more closely linked to ownership of stock than other equity-based compensation. In addition, the Company provides modest retirement and other benefits primarily for purposes of retention to its executives other than Messrs. Allott, Lewis and Greenlee. Messrs. Allott, Lewis and Greenlee generally are not provided with any retirement or other benefits, thereby allowing them to assist the Compensation Committee in an unbiased manner in its oversight and review of such benefits.

Overall, the Board of Directors believes the compensation program for our Named Executive Officers attracts and retains them by providing fair compensation, rewards them for achieving short-term business goals and long-term creation of stockholder value while at the same time not encouraging excessive risk taking, and aligns their interests with the interests of our stockholders. The Board of Directors believes the compensation program for our Named Executive Officers strikes the appropriate balance between utilizing responsible, measured compensation practices and effectively incentivizing our executives to focus on long-term value creation for stockholders. Accordingly, the Board of Directors strongly endorses the Company's compensation for our Named Executive Officers and recommends that the stockholders of the Company vote in favor of the following resolution:

RESOLVED, that the compensation provided to the Company's Named Executive Officers, as described in this Proxy Statement in the section entitled Executive Compensation , including the Compensation Discussion and Analysis, compensation tables and the accompanying narrative disclosures, is hereby approved.

Because this vote is advisory, it will not be binding upon the Company, and neither the Board of Directors nor the Compensation Committee will be required to take any action as a result of this vote. The Compensation Committee will consider the outcome of this vote when reviewing compensation matters in the future.

**THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE APPROVAL OF THE COMPENSATION OF THE NAMED EXECUTIVE OFFICERS OF THE COMPANY.**

**ADVISORY VOTE ON THE FREQUENCY OF THE  
ADVISORY VOTE ON COMPENSATION  
OF NAMED EXECUTIVE OFFICERS**

We are also required pursuant to Section 14A of the Securities Exchange Act of 1934, as amended, to include in this Proxy Statement a separate non-binding advisory vote on the frequency of the Say-on-Pay vote of every one, two or three years.

The Board of Directors has determined that an advisory vote every three years on the compensation of our Named Executive Officers is best suited for the Company based on a number of considerations, including the following:

A triennial advisory vote allows stockholders to better evaluate the compensation of our Named Executive Officers in relation to the Company's long-term performance, while still allowing stockholders regular input. This benefits our institutional and other stockholders who have historically held our stock over a long-term.

Our executive compensation program is designed to support long-term creation of stockholder value, and a triennial advisory vote would be consistent with this design.

The strategy and core components of our executive compensation program have been essentially unchanged for many years, as the Board of Directors and Compensation Committee believe that the Company has a long history of fair and reasonable compensation and of aligning the interests of the executives of the Company with those of our stockholders. The Board of Directors and Compensation Committee have no plans to make any significant changes to the Company's executive compensation program, and therefore do not believe it to be necessary to hold an advisory vote on the Company's executive compensation program more frequently than every three years.

A triennial advisory vote allows the Board of Directors and the Compensation Committee sufficient time to consider the results of such advisory vote.

You are being asked to vote, on an advisory basis, on the frequency of the Say-on-Pay advisory vote of every three years, every two years or every year. You may also abstain from voting on this matter. Because this vote is advisory, it will not be binding upon the Company, and neither the Board of Directors nor the Compensation Committee will be required to take any action as a result of this vote. The Board of Directors will consider the result of this vote when determining the frequency of future Say-on-Pay advisory votes. Stockholders are not being asked to approve or disapprove the decision of the Board of Directors to hold the advisory vote on the frequency of the Say-on-Pay advisory vote every three years.

**THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE FOR EVERY THREE YEARS AS THE FREQUENCY FOR AN ADVISORY VOTE ON THE COMPENSATION OF NAMED EXECUTIVES OFFICERS OF THE COMPANY.**

**SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE**

Section 16(a) of the Exchange Act requires our directors and officers and persons holding more than ten percent of a registered class of our equity securities to file with the SEC initial reports of ownership, reports of changes in ownership and annual reports of ownership of Common Stock and other equity securities of the Company. These directors, officers and ten percent stockholders are also required to furnish us with copies of all such filed reports.

Based solely upon a review of the copies of reports furnished to us and/or representations that no reports were required, other than as set forth below we believe that all of our directors, officers and ten percent stockholders complied with all filing requirements under Section 16(a) of the Exchange Act in 2010.

On January 22, 2010, April 21, 2010 and May 27, 2010, Mr. Malcolm E. Miller, Vice President and Treasurer of the Company, purchased 168 shares of our Common Stock, 74 shares of our Common Stock and 166 shares of our Common Stock, respectively, in open market transactions. Mr. Miller reported those transactions on a Form 5 filed with the SEC on February 14, 2011. Each such transaction should have been reported on a Form 4 filed within two business days after the date of such transaction. On August 19, 2010, Mr. B. Frederik Prinzen, Vice President, Corporate Development of the Company, sold 1,300 shares of our Common Stock in an open market transaction. Mr. Prinzen reported this sale in a Form 4 filed with the SEC on August 24, 2010, however such transaction should have been reported on a Form 4 filed no later than August 23, 2010 (two business days after the date of the transaction).

**STOCKHOLDER PROPOSALS FOR 2012 ANNUAL MEETING**

Stockholders may submit proposals on matters appropriate for stockholder action at our annual meetings consistent with the rules and regulations adopted by the SEC. Proposals to be considered for inclusion in the Proxy Statement and the form of proxy for our annual meeting of stockholders in 2012 must be received by us at our principal executive offices not later than December 21, 2011. In accordance with the Exchange Act and the rules and regulations promulgated under the Exchange Act, proxies solicited by our Board of Directors will confer discretionary voting authority with respect to any proposal raised at our annual meeting of stockholders in 2012 as to which the proponent has not notified us by March 5, 2012. Proposals should be directed to the attention of the General Counsel, Silgan Holdings Inc., 4 Landmark Square, Stamford, Connecticut 06901.

**OTHER MATTERS**

As of the date of this Proxy Statement, our Board of Directors and management have no knowledge of any other business matters that will be presented for consideration at the Meeting other than those referred to in this Proxy Statement. However, persons named in the accompanying proxy card shall have authority to vote such proxy as to any other matters that properly come before the Meeting and as to matters incidental to the conduct of the Meeting in accordance with their discretion.
