**Item 2.01. Completion of Acquisition or Disposition of Assets.**

On March 29, 2013, OM Group, Inc. completed its previously announced divestiture of the cobalt-based business of its Advanced Materials segment pursuant to the Asset and Stock Purchase Agreement among OM Group and certain of its affiliates with Freeport-McMoRan Corporation and Koblitti Chemical Holdings Limited.

OM Group received cash consideration of \$325 million, plus approximately \$30 million for cash on hand, upon the closing of the transaction. OM Group will use these proceeds to repay a substantial portion of its debt. The sale agreements also provide for potential future cash consideration of up to an additional \$110 million based on the business achieving certain revenue targets over a period of three years. The purchase price is subject to adjustment based on a post-closing analysis of the closing date balance sheet.

In connection with the sale, OM Group also transferred its equity interests in its DRC-based joint venture known as GTL to its joint venture partners, subject to a security interest in favor of OM Group with respect to the joint venture's performance of certain supply arrangements.

Attached hereto as Exhibit 99.1 is OM Group's press release issued March 29, 2013 announcing the completion of this divestiture.
