IMPORTANT NOTICE REGARDING AVAILABILITY OF PROXY MATERIALS

The Notice and Proxy Statement and Annual Report on Form 10-K are available at www.proxyvote.com.

In accordance with rules promulgated by the Securities and Exchange Commission, we have elected to use the Internet as our primary means of furnishing proxy materials to our stockholders. Therefore, most stockholders will not receive paper copies of our proxy materials. Instead, we will send these stockholders a Notice of Internet Availability of Proxy Materials with instructions for accessing the proxy materials and voting by use of the Internet. The Notice of Internet Availability of Proxy Materials also informs stockholders how to get paper copies of our proxy materials if they wish to do so. We believe this method of proxy distribution will make the proxy distribution process more efficient, less costly, and will contribute to the conservation of natural resources. If you previously elected to receive our proxy materials electronically, these materials will continue to be sent via e-mail unless you change your election.

PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD JUNE 5, 2013

ABOUT THE MEETING

This Proxy Statement is being made available to stockholders beginning April 19, 2013.

Who is entitled to vote at the meeting?

All voting rights are vested in the holders of our common stock. Each share of our common stock is entitled to one vote on all matters to be voted upon at the meeting. Only stockholders of record at the close of business on April 8, 2013, are entitled to notice of and to vote at the meeting or any adjournment thereof. On April 8, 2013, a total of 78,596,929 shares of our common stock were outstanding and eligible to vote. Cumulative voting in the election of directors is not permitted, which means that each stockholder may vote no more than the number of shares he or she owns for a single candidate.

How many shares must be present to establish a quorum?

A majority of the shares eligible to vote represented in person or by proxy shall constitute a quorum at the meeting. Shares represented by a properly signed and returned proxy will be treated as present at the annual meeting for purposes of determining a quorum, without regard to whether the proxy is marked as casting a vote. Likewise, stock represented by broker non-votes will be treated as present for purposes of determining a quorum. Broker non-votes are proxies with respect to shares held in record name by brokers or nominees, as to which instructions have not been received from the beneficial owners or persons entitled to vote and the broker or nominee does not have discretionary voting power under applicable national securities exchange rules or the instrument under which it serves to vote such shares on that matter. Your broker will not have discretion to vote on non-routine matters absent direction from you, including the election of directors and the advisory vote to approve our named executive officer compensation. If you hold your shares through a broker, your broker is permitted to vote your shares on routine matters, which includes the ratification of the Independent Registered Public Accounting Firm, even if the broker does not receive instructions from you.

How do I vote?

Stockholders of Record: Shares Registered in Your Name

As an alternative to voting in person at the annual meeting, stockholders whose shares are registered in their own names may vote without attending the annual meeting by telephone, over the Internet, or by mail as described below:

VOTE BY INTERNET - www.proxyvote.com

Use the Internet to transmit your voting instructions and for electronic delivery of information up until 11:59 p.m. Eastern Time on June 4, 2013. Have your proxy card in hand with the 12 Digit Control Number available when you access the web site and follow the instructions to obtain your records and to create an electronic voting instruction form.

Table of Contents

VOTE BY MAIL

Mark, sign and date your proxy card and return it in the postage-paid envelope we have provided or return it to Vote Processing, c/o Broadridge, 51 Mercedes Way, Edgewood, New York 11717.

VOTE BY TELEPHONE

You can transmit your voting instructions up until 11:59 p.m. Eastern Time on June 4, 2013, by telephone following the instructions on your Proxy Card.

ELECTRONIC DELIVERY OF FUTURE PROXY MATERIALS

If you would like to reduce the costs incurred by our Company in mailing proxy materials, you can consent to receiving all future proxy statements, proxy cards and annual reports electronically via e-mail or the Internet. To sign up for electronic delivery, please follow the instructions above to vote using the Internet and, when prompted, indicate that you agree to receive or access proxy materials electronically in future years.

Beneficial Owners: Shares Held in Street Name

If your shares are registered in the name of a bank or brokerage firm (your record holder), you will receive a notice regarding availability of proxy materials that will tell you how to access our proxy materials and provide voting instructions to your broker over the Internet. It will also tell you how to request a paper or e-mail copy of our proxy materials.

Note to Beneficial Owners: Under applicable laws, a bank, broker or nominee has the discretion to vote on routine matters, which includes the ratification of the appointment of an independent registered public accounting firm. SEC rule changes no longer permit a bank, broker or nominee to vote on behalf of beneficial owners with respect to non-routine matters such as the uncontested elections of directors and the advisory vote to approve our named executive officer compensation. If you hold your shares in street name and do not provide voting instructions to your broker, your shares will not be voted on any proposals on which your broker does not have discretionary authority to vote. If you hold shares through a bank or brokerage firm and wish to be able to vote in person at the annual meeting, you must obtain a *legal proxy* from your brokerage firm, bank or other holder of record and present it to the Inspector of Elections with your ballot. Stockholders who have elected to receive the proxy materials electronically will receive an e-mail on or about April 22, 2013, with information on how to access stockholder information and instructions for voting.

TO REQUEST PAPER COPIES OF PROXY MATERIALS: If you want to receive a paper or e-mail copy of these documents, you must request one. There is no charge to you for requesting or receiving a copy. Please make your request for a copy on or before May 22, 2013, to facilitate timely delivery. Please choose one of the following methods to make your request: (1) BY INTERNET: www.proxyvote.com; (2) BY TELEPHONE: 1-800-579-1639; (3) BY E-MAIL: sendmaterial@proxyvote.com. **NOTE:** Include the 12 Digit Control Number located on the Notice in the subject line of your e-mail.

Can I change my vote after submitting a Proxy?

You may revoke or change a previously delivered proxy at any time before the annual meeting by delivering another proxy with a later date, by voting again via the Internet or by telephone, or by delivering written notice of revocation of your proxy to Odyssey's corporate secretary at our principal executive offices before the beginning of the annual meeting. You may also revoke your proxy by attending the annual meeting and voting in person, although attendance at the annual meeting will not, in and of itself, revoke a valid proxy that was previously delivered. If you hold shares through a bank or brokerage firm, you must contact that bank or brokerage firm to revoke any prior voting instructions. You may also vote in person at the annual meeting if you obtain a *legal proxy* as described above.

Regardless of how your shares are held and whether or not you plan to attend the annual meeting, we encourage you to vote by proxy to ensure that your vote is counted. Please note that you may still attend the annual meeting and vote in person even if you have already voted by proxy.

Table of Contents

Information about attending the Annual Meeting.

If you plan to attend the meeting, please bring the following:

1. Proper identification containing recent photograph such as a driver's license or passport. We may inspect your bags or packages, and we may require you to check them, and, in some cases, we may not permit you to enter the meeting with them. Video and audio recording devices will not be permitted at the Annual Meeting.

2. *Acceptable Proof of Ownership* if your shares are held in *Street Name*.

Street Name means your shares are held of record by brokers, banks or other nominees.

Acceptable Proof of Ownership is (a) a letter from your broker stating that you owned Odyssey Marine Exploration, Inc. stock on the record date (April 8, 2013) or (b) an account statement showing that you owned Odyssey Marine Exploration, Inc. stock on the record date.

What is the voting requirement to approve each of the proposals?

Proposal No. 1 (election of directors) is a non-routine matter.

The election of directors requires the affirmative vote of a plurality of the votes cast by shares represented in person or by proxy and entitled to vote for the election of directors. This means that the nominees receiving the most votes from those eligible to vote will be elected. You may vote FOR all of the nominees or your vote may be WITHHELD with respect to one or more of the nominees. Accordingly, votes withheld as to the election of directors will not affect the election of the candidates receiving the plurality of votes.

Proposal No. 2 (non-binding advisory vote to approve named executive officer compensation Say-on-Pay) is a non-routine matter.

The affirmative vote of the holders of a majority of the stockholders' shares present in person or represented by proxy at the meeting and entitled to vote is required. Because your vote is advisory, it will not be binding on the Board or the Company; however, the Board will review the voting results and take them into consideration when making future decisions regarding executive compensation.

Proposal No. 3 (ratification of independent registered public accounting firm) is a routine matter.

The affirmative vote of the holders of a majority of the stockholders' shares present in person or represented by proxy at the meeting and entitled to vote is required. Broker discretionary voting is allowed.

Proposals No. 1 and 2 are non-routine matters, and, absent instructions from you, the bank, broker or other nominee may not vote your shares at all and your shares will be considered broker non-votes, which will have no effect on the outcome of the proposal. Proposal No. 3 is a routine matter, and your bank, broker or other nominee may vote your shares at its discretion.

Other business as may properly come before the meeting or at any adjournment or adjournments thereof.

An affirmative vote of the majority of the shares represented and entitled to vote at the meeting, assuming a quorum is present, is necessary for the approval of other business. For other business as may properly come before the meeting or at any adjournment or adjournments thereof, broker non-votes are not included in the vote totals. If you grant a proxy, the persons named as proxy-holders will have the discretion to vote your shares on any additional business properly presented for a vote at the meeting. We are not aware of any other business to be acted upon at the meeting.

Where can I find the voting results of the Annual Meeting?

Edgar Filing: ODYSSEY MARINE EXPLORATION INC - Form DEF 14A

The preliminary voting results will be announced at the Annual Meeting. The final voting results will be tallied by the Inspector of Elections and will be subsequently published by us by the filing of a Form 8-K with the SEC within four business days of the Annual Meeting.

CORPORATE GOVERNANCE

Board of Directors and Executive Officers

The Board of Directors held nine scheduled meetings and four executive sessions of independent directors during the fiscal year ended December 31, 2012. Each director attended at least 75% of the aggregate number of meetings held by the Board of Directors, its committees and its private sessions during the time each such Director was a member of the Board or of any committee of the Board.

Directors standing for election are expected to attend the Annual Meeting of Stockholders. All of the six directors standing for election at the 2012 Annual Meeting of Stockholders attended the meeting.

Executive officers are chosen by the Board of Directors to hold office until the next annual meeting of stockholders of the Company, which is currently scheduled for June 5, 2013. There are no known arrangements or understandings between any director or executive officer and any other person pursuant to which any of the above-named executive officers or directors was selected as an officer or director of the Company. No event occurred during the past ten years which is material to an evaluation of the ability or integrity of any director or person nominated to be director or executive officer of the Company.

Board Leadership Structure

Chairman/Chief Executive Officer

Our Board does not have a policy regarding whether the roles of Chairman and Chief Executive Officer should be separate because our Board believes it is in the best interests of our Company to retain the flexibility to

Table of Contents

have a separate Chairman and Chief Executive Officer or, if circumstances dictate, to combine the roles of Chairman and Chief Executive Officer.

Our current leadership structure is comprised of an independent director serving as Chairman of the Board (Bradford Baker), a Company employee serving as Chief Executive Officer (Greg Stemm) and strong, active independent directors serving on our Board committees. We believe that this structure is appropriate for the Company because it allows one person, our CEO, to concentrate on the day-to-day operations of the Company and to speak for and lead the Company, while providing for effective oversight by an independent Chairman and Board. The Chairman is responsible for the strategic operations of the Board and sets the agenda for and presides over Board meetings. For a company like Odyssey that is focused worldwide on deep-ocean shipwreck exploration, archaeological recovery operations, as well as subsea mineral exploration, we believe our CEO is in the best position to lead our management team and to respond to the current pressures and needs of a company at the stage of growth and development of Odyssey. Our Chairman, on the other hand, is in the best position to focus the Board's attention on the broader issues of corporate governance. We believe that splitting the roles of Chairman and CEO minimizes any potential conflicts that may result from combining the roles of CEO and Chairman, and maximizes the effectiveness of our management and governance processes to the benefit of our stockholders.

Executive Sessions

Our independent directors on the Board of Directors meet regularly in executive session without employee-directors or other executive officers present. The Chairman of the Board presides at these meetings. In 2012, the independent directors met four times.

Annual Board Self-Assessments

In the best interests of the Company and its stockholders, the Board of Directors performs an annual evaluation. Each Director, the Board function itself, and its committees are reviewed and assessed. The self-evaluation was completed in January 2013. The assessment results were very positive and helpful in evaluating the overall effectiveness of the Board and the role and contribution to the function of the Board by each Director. The assessment indicated the Board and its committees operate with a high level of competence and dedication and there were no performance issues raised with respect to individual directors or committees.

Board Diversity

The Company understands and appreciates that a Board of Directors consisting of individuals with diverse profiles, experiences, skills, and attributes contributes positively to corporate governance and enhancing stockholder value. While the Company has no express diversity policy in the identification of nominees for director, this is implicit in the Charter and Guidelines of the Governance and Nominating Committee.

Service on Other Boards of Directors

Our Board of Directors believes that each director of the Company should be allowed to sit on the board of not more than two, public for-profit companies, without the prior approval of the Board of Directors. It is the position of the Board that approval of a director to sit on more than two boards simultaneously while sitting on Odyssey's Board will be limited to special circumstances, provided that the arrangement will not interfere with the director carrying out the duties to the Board of the Company. None of our Directors currently sit on the board of more than two public companies.

Independence of Board Committee Members

The Company has four directors, Bradford B. Baker, Max H. Cohen, David J. Saul and Jon D. Sawyer, who are independent directors as defined in Section 5605 of the listing standards of the NASDAQ Stock Market. The Board of Directors affirmatively determined on March 6, 2013, that each of the four independent directors continues to meet the standards for independence established by NASDAQ.

Table of Contents**Risk Oversight**

Risk assessment and oversight is a key function of the Company's Board of Directors. In plenary meetings of the Board, risk assessment and oversight issues are a frequent issue of discussion and action. Because of its significance, the task of risk assessment and oversight is operationally shared by the Audit Committee and Governance and Nominating Committee. Because of the small size of the Company's Board and its current operating practices, there is no separate Board committee for compliance or risk oversight.

In 2012, we continued our risk management efforts to evaluate risk areas in terms of their likelihood of occurrence and the potential impact on the organization. There were no significant changes in our risk assessment for 2012, and we concluded that the Company's incentive compensation plans *are not* structured toward performance activities which would encourage risk-oriented activities by officers and key employees.

Committees of the Board

The standing committees of our Board of Directors are the Audit Committee, Compensation Committee and the Governance and Nominating Committee. The table below provides current membership for each of these committees.

Governance and Nominating Committee

The Company initially established a Governance Committee in May 2004. The *Governance and Nominating Charter and Guidelines* was amended and restated on March 7, 2008, and was further amended by the Board on March 4, 2010, to comply with new requirements mandated by the Securities and Exchange Commission effective as of February 28, 2010. A copy of the *Governance and Nominating Committee Charter and Guidelines* is available on our web site at (<http://odysseymarine.com>).

The Governance and Nominating Committee presently consists of Max H. Cohen, Chairman, Bradford B. Baker, Jon D. Sawyer and David J. Saul. The purpose of the committee is to provide assistance to the Board of Directors in fulfilling its responsibility with respect to oversight of the appropriate and effective governance of the Company including (i) identification and recommendation of qualified candidates for election to its Board of Directors and its committees; (ii) development and recommendation of appropriate corporate governance guidelines for the Company; (iii) recommendation of appropriate policies and procedures to ensure the effective functioning of the Board of Directors; (iv) recommendations regarding the appointment of corporate officers and the adoption of appropriate processes to ensure management succession and development plans for the principal officers of the Company and its key subsidiaries; and (v) recommendations regarding proposals submitted by stockholders of the Company. During the fiscal year ended December 31, 2012, the committee held four meetings.

The nomination process for incumbent members of the Board consists of an annual review by the committee in which the committee reviews each member's (i) ability and willingness to continue service on the Board; (ii) past performance as a member of the Board; and (iii) continued Board eligibility and independence. In the event that a director vacancy arises, the committee shall seek and identify a qualified director nominee to be recommended to the Board for either appointment by the Board to serve the remainder of the term of the director position that is vacant or election at the stockholders' annual meeting. A director nominee shall meet the director qualifications as determined by the Board from time to time, including that the director nominee possesses personal

Table of Contents

and professional integrity, has good business judgment, relevant experience and skills and will be an effective director in conjunction with the full Board in collectively serving the long-term interests of the Company's stockholders. The committee uses a *Director Nomination Form* and *Corporate Director Questionnaire* to assess the background and qualification of prospective candidates.

A candidate may be nominated for appointment or election to the Board by the committee or by a stockholder who has continuously held for at least one year by the date it submits the proposal at least \$2,000 market value or one percent, whichever is less, of the company's shares. Stockholders who wish to recommend persons to the committee for the 2014 Annual Meeting of Stockholders should submit a letter addressed to the Chairman of the Governance and Nominating Committee no later than December 20, 2013, that sets forth the name, age, and address of the person recommended for nomination; the principal occupation or employment of the person recommended for nomination; a statement that the person is willing to be nominated and will serve if elected; and a statement as to why the stockholder believes that the person should be considered for nomination for election to the Board of Directors and how the person meets the criteria to be considered by the committee described above.

In addition to fulfilling its responsibility with respect to oversight of the appropriate and effective governance of the Company, the committee also participated with management in a Risk Assessment project to assess major risk areas of our business, and to formulate response guidelines in the event of a crisis.

Audit Committee

The Audit Committee presently consists of Bradford B. Baker, Chairman, Max H. Cohen, David J. Saul and Jon D. Sawyer, who are independent directors (as defined in Section 5605 of the listing standards of the NASDAQ Stock Market and also meet the independence standards of SEC Rule 10a-3(b)(1)). Mr. Baker serves as the Audit Committee Financial Expert. The Audit Committee assists the Board of Directors in fulfilling its responsibilities to stockholders concerning the Company's financial reporting and internal controls. It also facilitates open communication between the Audit Committee, the Board of Directors, Odyssey's independent registered public accounting firm and management. The Audit Committee is responsible for reviewing the audit process and evaluating and retaining the independent registered public accounting firm. The independent registered public accounting firm meets with the Audit Committee to review and discuss various matters pertaining to the audit, Odyssey's financial statements, the report of the independent registered public accounting firm on the results, scope and terms of their work, and their recommendations concerning the financial practices, controls, procedures and policies employed by Odyssey. The Audit Committee is charged with the treatment of complaints for the confidential, anonymous submission by employees of Odyssey of concerns regarding questionable accounting or auditing matters. The Board of Directors has adopted a written charter for the Audit Committee, a copy of which is available on the Company's web site at (<http://odysseymarine.com>). During the fiscal year ended December 31, 2012, the Audit Committee held four regular meetings and four private sessions with auditors. The report of the Audit Committee is included in this Proxy Statement.

Audit Committee Financial Expert

The Board of Directors has determined that Mr. Baker is an audit committee financial expert as defined in Item 407(d)(5) of Regulation S-K, by virtue of the fact that, among other things, he was past Audit Committee Chair for Dobi Medical International, Inc., past Chief Executive Officer of a public company, authored a general ledger accounting software package, past Secretary of the Resolution Trust Corporation Oversight Board (RTC) and attended numerous audit-related training seminars, and in that capacity has acquired the relevant experience and expertise and has the attributes set forth in the applicable rules in order to constitute him as an audit committee financial expert.

During the fiscal year ended December 31, 2012, this Committee held four meetings. The Compensation Committee's report on 2012 executive compensation is included in this Proxy Statement.

Compensation Committee Interlocks and Insider Participation

There were no interlocks or other relationships among our executive officers and directors that are required to be disclosed under applicable executive compensation disclosure requirements.

Stockholder Communications with the Board of Directors

Stockholders wishing to contact the Board of Directors or specified members or committees of the Board should send correspondence to the Corporate Secretary, Odyssey Marine Exploration, Inc., 5215 West Laurel Street, Tampa, Florida, 33607. All communications so received from stockholders of the Company will be forwarded to the members of the Board of Directors, or to a specific Board member or committee if so designated by the stockholder. A stockholder who wishes to communicate with a specific Board member or committee should send instructions asking that the material be forwarded to the director or to the appropriate committee chairman. All stockholders are also encouraged to communicate directly with both executive officers and directors regarding issues affecting the Company at the Annual Meeting of Stockholders.

Report of the Audit Committee

The Audit Committee consists of the four independent members of the Board of Directors, Messrs. Bradford Baker, David Saul, John Sawyer and Max Cohen. The Audit Committee annually reviews the NASDAQ Rule 5605 listing standards for director independence, Rule 10A-3(b)(1), SEC guidelines, and requirements that apply to directors serving on audit committees, and has determined that each member of the Audit Committee meets the standards for independence. The Audit Committee is required to include at least one financial expert; Mr. Baker has been certified as the Committee's financial expert.

The Audit Committee is responsible primarily for assisting the Board in fulfilling its oversight of the quality and integrity of accounting, auditing and reporting. The role of the Audit Committee includes appointing the independent registered public accounting firm, reviewing the services performed by the Company's independent registered public accounting firm, approving and review of fees of the independent registered public accounting firm, evaluating the accounting policies and internal controls, review of Foreign Corrupt Practices Act and UK Bribery Act compliance, review of significant financial transactions, and compliance review with significant applicable legal, ethical and regulatory requirements. Although the full Board of Odyssey has the ultimate authority for effective corporate governance, including the oversight of corporate management, the Audit Committee's role also includes inquiring about significant risks, reviewing risk management, and assessing the steps management has taken to mitigate or control these risks.

Management is considered responsible for the preparation, presentation and integrity of Odyssey's consolidated financial statements, accounting and financial reporting principles, internal controls over financial reporting, and disclosure controls and procedures designed to ensure compliance with accounting standards, applicable laws and regulations. Management is responsible for objectively reviewing and evaluating the adequacy, effectiveness and quality of Odyssey's system of internal controls. The Audit Committee, in fulfilling its oversight responsibilities, reviewed with management and the independent registered public accounting firm the audited financial statements and the footnotes thereto in the Company's quarterly reports on Form 10-Q and the annual

report on Form 10-K for the fiscal year ended December 31, 2012. The Committee discussed with management and the outside auditors, qualitative aspects of financial reporting in the accounting principles, the reasonableness of significant judgments, and the clarity of the disclosures in the financial statements to the stockholders.

The Company's outside independent registered public accounting firm, Ferlita, Walsh, Gonzalez & Rodriguez, P.A., is responsible for performing an independent audit of Odyssey's financial statements in accordance with standards established by the Public Company Accounting Oversight Board (PCAOB) and expressing an opinion on the conformity of the Company's financial statements in accordance with generally accepted accounting principles accepted in the United States (GAAP). The Audit Committee reviewed and discussed with the independent registered public accounting firm their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed by the Audit Committee with the Company's independent registered public accounting firm under Statement on Auditing Standards 61, as amended (AICPA, Professional Standards Vol. 1, AU Section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T. The Company's independent registered public accounting firm has expressed the opinion that the Company's audited financial statements conform, in all material respects, to accounting principles generally accepted in the United States. The independent registered public accounting firm has full and free access to the Audit Committee.

The Audit Committee recognizes the importance of maintaining the independence of Odyssey's independent registered public accounting firm. The Company bans its auditors from performing non-financial consulting services, such as information technology consulting or internal audit services. The Audit Committee Chairman discussed with the Company's independent registered public accounting firm their independence from management and the Company, and received from them the written disclosures and the letter concerning the independent registered public accounting firm's independence required by PCAOB Rule 3526 and the federal securities laws administered by the Securities and Exchange Commission.

During the fiscal year ended December 31, 2012, the Audit Committee fulfilled its duties and responsibilities as outlined in its Charter. The Audit Committee held eight meetings: four private executive meetings with the independent registered public accounting firm without management and four regular Audit Committee meetings in which all aspects of its oversight role were discussed. The Audit Committee discussed with the Company's independent registered public accounting firm the overall scope and plan of the audit. The Audit Committee met with the independent registered public accounting firm to discuss the results of their audit, their evaluations of the Company's internal controls and the overall quality of the Company's financial reporting.

The Committee takes seriously its role as corporate watchdog. The Audit Committee has a formal policy to receive complaints from employees regarding internal controls or financial reporting matters. This Whistleblower process is communicated to both employees and consultants and is monitored by the Audit Committee. The Audit Committee has spent considerable time reviewing and monitoring controls regarding the Foreign Corrupt Practices Act (FCPA) and the UK Bribery Act 2010.

The Audit Committee has a written charter outlining its duties, responsibilities and practices it follows. The charter, which was last amended February 2005, was reviewed in 2011. The review provided several non-material changes to the Audit Committee Checklist as a result of new regulations and risk analysis best practices. A copy of the charter and checklist is available on the Company's web site at (<http://odysseymarine.com>).

The members of our Audit Committee are not professional accountants or auditors, and their functions are not intended to duplicate or to certify the activities of management and the independent registered public accounting firm. The Audit Committee serves a Board-level oversight role in which it provides advice, counsel, and direction to management and to the auditors on the basis of the information it receives, discussions with management and the auditors, and the experience of the Audit Committee's members in business, financial and accounting matters. The Audit Committee has the authority to engage its own outside advisers, including experts in particular areas of accounting or legal counsel, as it determines appropriate, apart from counsel or advisers hired by management in order to assist in its performance and duties.

Based on the review and discussions referred to above, the Audit Committee recommended to the Board and the Board has approved that the audited financial statements be included in the Annual Report on Form 10-K for

the fiscal year ended December 31, 2012, for filing with the Securities and Exchange Commission. The Audit Committee has ultimate authority and responsibility for selecting, compensating, evaluating, and, when appropriate, replacing Odyssey's independent registered public accounting firm. The Audit Committee also selected Ferlita, Walsh, Gonzalez & Rodriguez, P.A., to serve as the Company's independent registered public accounting firm for the year ending December 31, 2013, and is presenting the selection to the stockholders for ratification. The Audit Committee and Board of Directors are recommending that stockholders ratify this selection at the Annual Meeting.

Compensation Discussion and Analysis

2012 Highlights and 2013 Outlook

During 2012 the Odyssey team accomplished a milestone recovery of approximately 48 tons of silver from a depth approaching three miles below the surface. The work included shipwreck recovery operations on the *Gairsoppa* and *Mantola* projects. Over \$41 million of cash proceeds was received from *Gairsoppa* silver sales. We are fortunate to have a world-class team of deep-ocean experts who contribute every day to our mission, and a dedicated onshore team to support operations. We have made plans to return to the *Gairsoppa* and *Mantola* sites during 2013 in addition to other shipwreck projects, and we also look forward to continuing and building new relationships with governments and commercial companies, as well as exploring new opportunities in subsea mineral exploration that will benefit Odyssey and our stockholders.

Executive Summary

The Compensation Committee believes that executive compensation should be linked with the Company's performance and aligned with the interests of the Company's stockholders. In addition, executive compensation is designed to allow the Company to recruit, retain and motivate employees who play a significant role in the organization's current and future success.

One of the Committee's goals is to focus management on the Company's long-term performance. The Committee believes that long-term equity awards are effective tools for aligning management and stockholder interests in order to increase overall stockholder value. In addition, the named executive officers are often asked to implement long-term initiatives for the Company that, by definition, take more than one fiscal year to accomplish. Stability and continuity among the named executive officers aid the Company in its implementation of such long-

Table of Contents

term initiatives. However, a portion of the named executive officers' annual compensation is also linked to the short-term success of the Company in order to motivate executives to achieve Company objectives and to attract and retain talented executives.

Oversight of Executive Compensation Plan

The Compensation Committee of our Board of Directors oversees our executive compensation program. This includes compensation paid to our Chief Executive Officer (CEO) and all other officers named in the Summary Compensation Table. Our Compensation Committee is made up of independent, non-management members of our Board of Directors. The Compensation Committee is responsible for reviewing, assessing and initially approving all elements of compensation for our named executive officers. Compensation recommendations from the Compensation Committee are submitted to the full Board of Directors for approval.

Throughout this proxy statement, the individuals who served as the Company's CEO and Chief Financial Officer (CFO) during 2012, as well as the other individuals included in the Summary Compensation Table, are referred to as the named executive officers or NEOs. The Company has not entered into employment agreements with any of the named executive officers.

Role of the Executive Officers in Compensation Decisions

The CEO assesses the performance of the NEOs. He then recommends to the Compensation Committee a base salary, performance-based incentives and long-term equity awards at levels for each NEO that are included in the executive compensation plan, including himself, based upon that assessment. The CFO supports the CEO and the Compensation Committee in providing appropriate analyses, peer group reviews and coordination with any outside consultants which may be retained to review the executive compensation program.

General Executive Compensation Philosophy

We have adopted a compensation program designed to attract, motivate and retain key executive employees, to drive business success and to create long-term stockholder value. We compensate our executive officers with base salary, annual incentive compensation and long-term equity compensation planned to be competitive in the marketplace and to align our executive officers with the financial interest of our stockholders. We have designed our compensation program to balance short-term and long-term financial objectives, to encourage building stockholder value and to reward individual and company performance. We target base salary at levels to attract and retain qualified individuals, to encourage long-term commitments and to discourage turnover of key personnel. Annual incentive compensation is paid to reward executives for Company and personal achievement. The long-term equity component of compensation is designed to encourage our executives to think like stockholders by taking a long-term interest in the financial success of the Company and to encourage retention through vesting provisions of long-term incentives. We also target annual incentive awards and long-term equity awards to be a greater part of the compensation package. Since our Company is still operating at a loss, we take into account our ability to pay as a factor when determining base or incentive compensation that is to be paid in cash. The Compensation Committee considers the use of cash and the current financial conditions of the Company when approving cash-based compensation. In certain cases it may be necessary to pay annual incentive award compensation in equity depending upon the Company's current situation. The 2011 annual incentive awards were paid 50% in cash and 50% in company stock for all officers including NEOs in March 2012. The 2012 annual incentive awards were paid in cash on December 31, 2012.

General Stock Option or Restricted Stock Award Philosophy

Stock options and/or restricted stock are awarded to strengthen the relationship between the long-term value of our stock and potential financial incentives to our executive officers. Stock options only become valuable if the recipient continues to be employed by us and if the value of our common stock rises to a level above the option exercise price established by the Compensation Committee on the grant date of the award. Stock options or restricted stock can vest based on time or time plus performance; however, we do not use stock market related targets in any stated performance criteria. While our Compensation Committee can set option prices as low as the fair market value on the date of grant, we have many times in the past awarded options at a premium over fair

Table of Contents

market value as an incentive to our executive officers to strive for long-term improvement in the financial condition of our Company.

When stock options and/or restricted stock are awarded to officers as part of our long-term incentive compensation plan, the awards are to be granted as close to January 1st of each year as is reasonably practical. The awards are made as early as practical in the year so that the time associated with any performance criteria is maximized. This practice avoids market timing of the grant of options around expected news releases. For 2012, awards were granted on January 3, 2012. For 2013, the awards were granted on January 3, 2013.

Setting Executive Compensation and Market Compensation Assessment

2012 Market Assessment

For benchmarking the 2012 executive compensation program, we used the same peer group of companies that we used for 2011. This peer group included 22 companies originally obtained in 2007 from the Bloomberg database of AMEX and NASDAQ companies with \$125 - \$175 million in market capitalization and under \$10 million in revenue. We have previously evaluated another peer group company group which had market capitalization between \$150 - \$300 million for the biomedical industry and under \$10 million of revenues. We previously decided to maintain consistency and be more conservative by using the original peer group data, even though the results for the alternative peer group had higher annual base compensation. During 2009, we acquired access to the Equilar executive compensation database. Equilar's award-winning product suite is the gold standard for benchmarking and tracking executive compensation, board compensation, equity grants and award policies and compensation practices. Equilar products and custom research services enable us to accurately compare pay packages across our own peer group as well as thousands of public companies using SEC and exclusive survey data. For 2012, we utilized 22 peer group companies which are listed as follows:

- | | |
|------------------------------|--------------------------------|
| Altair Nanotechnologies Inc. | Grubb & Ellis Co. |
| Anadys Pharmaceuticals Inc. | Hemispherx BioPharma Inc. |
| Aastrom Biosciences Inc. | Harbor BioSciences, Inc. |
| Arrowhead Research Corp. | General Moly, Inc. |
| AVI BioPharma Inc. | InSite Vision Inc. |
| Cytori Therapeutics Inc. | Interleukin Genetics Inc. |
| CytRx Corp. | Microvision Inc. |
| Depomed Inc. | Oxigene Inc. |
| Discovery Laboratories Inc. | Repros Therapeutics Inc. |
| Dune Energy Inc. | Telkonet Inc. |
| Emisphere Technologies Inc. | Threshold Pharmaceuticals Inc. |

The characteristics of the above peer group include high market capitalization (peer group average \$118 million), low revenue (peer group average \$38 million) and negative earnings per share. These characteristics are indicative of companies with long-term growth prospects and market value potential. It was our opinion this peer group could continue to be utilized to benchmark executive compensation for Odyssey in 2012. While benchmarking may not always be appropriate as a stand-alone tool for setting compensation due to the aspects of our business and objectives that may be unique to us, we generally believe that gathering this type of information and providing it to the Compensation Committee is an important part of our executive compensation decision-making process. While the peer group companies were utilized to benchmark base salaries, they were not used for other compensation elements such as annual and long-term incentives.

Components and Results of the 2012 Compensation Plan

Base salary

Base salary is intended to provide our executive officers with a level of assured cash compensation that is reasonably competitive in the marketplace. It is based on the individual's qualifications and experience with the Company, past performance taking into account all relevant criteria, value to the Company, the Company's ability to pay and relevant competitive market data. Because of our history of operating losses, we believe base salary cash compensation should be below the midpoint of the range (i.e., 50% salary range penetration) and annual

Table of Contents

performance-based incentives and long-term incentives should be at the higher end of the recommended ranges. The base salary ranges for the CEO and CFO were established based upon the competitive and benchmarking data from the peer group whereby the average peer group base salary is aligned to the midpoint of the executive officer salary range. These NEO positions were the most common throughout our peer group analysis. This does not mean that the NEO's base salary will be in the midpoint range (as the following tables will illustrate), but the peer group analysis is used as a basis for establishing salary ranges or salary bands for each position.

Results for 2012. Compensation ranges were established to coincide with the results of the peer group review compensation analysis for the CEO and CFO. Average base salary for the peer group companies was utilized in establishing the midpoint of the executive officer salary range. The executive compensation program for 2012 utilized a similar process as in prior years to determine target ranges for executive compensation. The analysis resulted in an increase to the midpoint of the salary range of 9% for the CEO and a 2% increase in the midpoint for the CFO.

The following identifies the 2012 and 2011 50th percentile (midpoint) of the salary range for each NEO as of March 2012:

Name	Position	Base Salary	
		50th Percentile 2012	Base Salary 50th Percentile 2011
Gregory P. Stemm	Chief Executive Officer	\$ 463,000	\$ 425,000

Annual Incentive Compensation and Targets

Annual incentive compensation is intended to provide a component of total cash compensation that represents an award for meeting corporate key objectives and achievement of individual strategic objectives. Annual incentive compensation is expressed as target amounts that can be earned as a percentage of base salary. The amount of these targets is based on the individual's qualifications and experience with the Company, past performance of duties, value to the Company, and the Company's ability to pay. For NEOs the annual incentive targets are weighted 75% toward the ability to meet key performance indicators of the Company and 25% toward attainment of individual strategic objectives. An executive's individual strategic objectives are defined based upon the contribution such executive's role and expertise can bring on achieving the Company's overall strategic objectives. The individual strategic objectives are reviewed by the Compensation Committee.

Attainment of Company key performance indicators, which comprise 75% of the annual incentive awards for all NEOs are based upon three separate categories which include revenue, earnings per share and overall cash

Table of Contents

flow. Within each category several performance threshold targets were established whereby ranges of target incentives could be achieved as noted below. Target incentives for revenue ranged from 0% to 60%, while target incentives for earnings per share (EPS) and cash flow ranged from 0% to 40%. In order to achieve the upper range percentages of target incentives, significant stretch performance levels would need to be achieved. For example in 2012, to achieve 60% of target incentive, revenue would need to be greater than \$30 million; to achieve 40% of target incentive, earnings per share would need to be positive or cash flow from operations only would need to be greater than budget from operations only. While the sum of the various key performance indicator categories could reach 140%, the intent was that NEOs could achieve at or near target incentives by achieving stretch performance levels in only several categories or above average levels for all three categories.

The following table illustrates the key performance indicators for 2012:

Revenue (up to 60%)		Cash Flow (CF) (up to 40%)	
1) less than \$10 million	0%	1) worse than -\$6.3 million net positive CF	0%
2) \$10 - \$20 million	1% - 10%	2) better than -\$6.3 million net positive CF	1% - 20%
3) \$20 - \$25 million	11% - 25%	3) better than -\$26.7 million (operations only)	21% - 40%
4) \$25 - \$30 million	26% - 40%		
5) greater than \$30 million	41% - 60%		
EPS (up to 40%)			
1) between -\$0.28 EPS and -\$0.41 EPS			1% - 10%
2) better than -\$0.28 EPS (prorate between breakeven and -\$0.41EPS)			11% - 25%
3) positive EPS			25% - 40%

The value of recovered cargo was eliminated from the 2012 executive compensation plan. Any bonus for recovered cargo will be completely discretionary and determined by the Compensation Committee in addition to any amounts which may be calculated within the executive compensation plan.

While it is intended that the Compensation Committee will follow the incentive award guidelines, the Committee has the discretion to increase or decrease the amounts based upon extenuating or unforeseen circumstances, or to deny annual incentive awards whether or not performance targets are achieved, as it deems appropriate. The attainment of individual strategic objectives is evaluated by the Compensation Committee. The overall annual incentive award is determined following a review of the performance of each NEO relative to the individual strategic objectives and the attainment of the Company's key performance indicators. There is no maximum amount established and the incentive awards are at the discretion of the Compensation Committee. However, the Compensation Committee has consistently followed the annual incentive compensation results that are based upon the actual key performance indicators which are part of the executive compensation plan.

The Compensation Committee evaluates the Company's performance with the assistance of the CFO and evaluates the individual performance for all officers based upon input provided by the NEOs and the CEO. Based upon review of these factors, the Compensation Committee is provided with recommendations and determines the annual incentive amounts.

Annual Incentive Awards for 2012. The Board of Directors, as recommended by the Compensation Committee, decided officers would receive annual incentive compensation for 2012. For 2012, all NEOs qualified for 60% of the target award, which was comprised of 35% for achieving company key performance indicators and 25% for individual strategic objectives. The key performance criteria achieved in 2012 was overall revenue which was allotted a 2% performance weight because actual revenue was within the range of \$10 - \$20 million per category 2 under revenue performance indicators (\$13.2 million). Also, earnings per share (EPS) was allocated a 17% performance weight because actual EPS was within category 2 under EPS performance factors (\$.25 per share loss). Cash Flow was allotted a 27% performance weight having scored within category 3 of the Cash Flow performance factors (-\$6.7 million from operations only). The total of the performance factor weighting was 46%, but since it represented only 75% for the NEOs, the overall target annual incentive percentage earned for Company performance criteria was 35%.

The following table identifies the target award as a percentage of base salary for each NEO in accordance with the executive compensation plan, the weighting between Company and individual performance, and the actual incentive awarded based upon the recommendation of the Compensation Committee.

The annual incentive awards were paid in cash on December 31, 2012.

Long Term Incentive Targets and Awards

Long-Term Incentive Awards for 2012. Long-term incentive targets are intended to provide an equity component of total compensation in the form of stock options or restricted stock that vest based on time, performance or both. The value of these targets is set by the Compensation Committee based on the individual's qualifications and experience with the Company, past performance of duties and value to the Company. The Board of Directors, as recommended by the Compensation Committee on January 3, 2012, approved grants of stock options with five-year term and three-year service vesting, with an exercise price of \$2.73 per share, and restricted stock awards with two-year service vesting, to the following NEOs:

Name	Position	2012 Long Term Incentive Awards	
		Stock Options	Restricted Stock
Gregory P. Stemm	Chief Executive Officer	228,543	105,931
Mark D. Gordon	President and Chief Operating Officer	98,425	45,620

David A. Morris	Assistant Secretary	68,898	31,934
Melinda J. MacConnel	EVP General Counsel & Secretary	41,634	19,297
Laura L. Barton	EVP Communications	41,634	19,297

The long-term incentive stock option awards are valued based upon the Black-Scholes valuation model on the date of grant. The restricted stock awards are valued based upon the stock price on the date of grant.

The following table includes the target and actual long-term incentive award expressed as a percentage range of base salary that was awarded on January 3, 2012.

The Role of the Stockholder Advisory Vote

At our annual meeting in 2011, our stockholders cast an advisory vote of 98% in favor of the compensation of our named executive officers and 90% in favor of the company holding an annual advisory vote on our executive officer compensation. In 2012, our stockholders cast an advisory vote of 97.2% in support of the compensation of our NEOs set forth in the CD&A, the summary compensation table and related compensation tables and narratives in last year's proxy statement. Our Compensation Committee took the results of the 2012 favorable advisory vote of our stockholders into account as a factor in maintaining the current structure of our executive compensation program.

At our annual meeting in 2013, our stockholders will again be provided the opportunity to cast an advisory vote to approve the compensation of our named executive officers. This vote is set forth in Proposal 2 in this proxy statement. Although this Say-on-Pay stockholder vote is non-binding, the Compensation Committee, as it did last year, will consider the outcome of the vote when making future compensation decisions regarding our named executive officers.

Summary of 2013 Executive Compensation Program

Because our 2011 executive compensation plan received widespread support from our stockholders at our annual meeting in 2012, we did not make any material changes to the plan. The executive compensation program for 2013 utilizes a similar process and peer group as in 2012 (less two companies) to determine target ranges for executive compensation. The analysis resulted in minor changes to the 2013 compensation salary ranges. The Compensation Committee approved the following base salary increases, effective March 1, 2013, for each NEO:

Name	Position	Base Salary (effective 3-1-13)		
		2013	% Change from 2012	2013 Range Penetration
Gregory P. Stemm	Chief Executive Officer	\$ 425,000	4.4%	37%
Mark D. Gordon	President and Chief Operating Officer	\$ 295,000	7.3%	32%
Michael J. Holmes	Chief Financial Officer	\$ 260,000	4.0%	30%
Melinda J. MacConnel	EVP General Counsel & Secretary	\$ 165,000	6.5%	25%
Laura L. Barton	EVP Communications	\$ 157,000	4.7%	27%

Base salary increases were slightly higher for the President and COO due to his exceptional performance and additional responsibilities regarding Odyssey's investor relations and strategic planning. The EVP General Counsel & Secretary base salary was higher based upon her additional responsibility as Secretary. All NEOs were very effective in achieving their individual strategic objectives during 2012.

The Board of Directors, as recommended by the Compensation Committee on January 3, 2013, approved grants of stock options with five-year term and three-year service vesting, and an exercise price of \$2.73 per share, and restricted stock awards with two-year service vesting, to the following NEOs:

Name	Position	2013 Long Term Incentive Awards	
		Stock Options	Restricted Stock
Gregory P. Stemm	Chief Executive Officer	223,850	113,056
Mark D. Gordon	President and Chief Operating Officer	123,750	63,657
Michael J. Holmes	Chief Financial Officer	112,500	57,870
Melinda J. MacConnel	EVP General Counsel & Secretary	54,250	28,704
Laura L. Barton	EVP Communications	52,500	27,778

The long-term incentive stock option awards are valued based upon the Black-Scholes valuation model on the date of grant. The restricted stock awards are valued based upon the stock price on the date of grant. Company key performance criteria did not change in substance for 2013; however, criteria quantitative ranges were adjusted based upon the 2012 actual results and the 2013 budget.

Retirement Plans and All Other Compensation

We do not have any deferred compensation or retirement plan at this time. During 2012, we did not pay perquisites exceeding \$10,000 in the aggregate to our Chief Executive Officer or other NEOs. Our officers participated in non-discriminatory life and health insurance plans as did all other employees.

(1) The offices held by each named executive officer are as of December 31, 2012.

(2) The amounts reported reflect the fair value of restricted stock awards, in accordance with Accounting Standards Codification topic 718 - Stock Compensation (ASC 718), awarded under the 2005 Stock Incentive Plan. For each restricted stock award, fair value is calculated using the closing price of the common stock on the date of grant. These amounts reflect the accounting expense for these awards and do not necessarily correspond to the actual value that will be recognized by the NEOs, which may be higher or lower based on a number of factors including stock price fluctuations and applicable vesting.

(3) The amounts reported are the fair value of option awards as determined using a Black-Scholes valuation model in accordance with ASC 718, disregarding any estimates of forfeitures related to service-based vesting conditions. The assumptions used to calculate the value of option awards are detailed in Note R under the caption "Stock-Based Compensation" to the Company's Consolidated Financial Statements set forth in the Company's Annual Report on Form 10-K for fiscal year ended December 31, 2012. These amounts reflect the accounting expense for these awards and do not necessarily correspond to the actual value that will be recognized by the NEOs, which may be higher or lower based on a number of factors including stock price fluctuations and applicable vesting.

(4) The amounts shown reflect amounts for life insurance premiums paid by the Company on behalf of each NEO for the fiscal years 2010, 2011 and 2012.

(5) Mr. Morris was no longer an executive officer as of June 18, 2012.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE-IN-CONTROL

None of our named executive officers has an employment contract or agreement, whether written or unwritten, that provides for payments at, following, or in connection with a change-in-control of the Company or termination of employment. Under our Amended and Restated 2005 Stock Incentive Plan, the Compensation Committee has the discretion, but not the obligation, to accelerate the vesting or to compensate holders of otherwise unvested stock incentives in the event of a change-in-control. Only options or restricted stock awards granted during 2006 and later are subject to potential acceleration of vesting under a change-in-control and only if these incentives are not assumed by the entity taking control.

At December 31, 2012, our closing stock price was \$2.97 per share. There were 1,035,288 in-the-money stock options which would have had a potential value of \$243,845 that could have become immediately exercisable due to a change-in-control if the Compensation Committee acted to accelerate the vesting on the unvested options. At December 31, 2012, there were 132,753 unvested restricted stock awards having a value of \$394,276 that could have been purchased by the Company in cash or in stock in the event of a change-in-control at the discretion of the Compensation Committee. The number and value of such options and restricted stock awards is shown in the table below. The amounts shown are the cost that would have been recognized by the Company in the event of a change-in-control on December 31, 2012, if the Compensation Committee approved compensating each officer for the value of the options and restricted stock awards shown.

Table of Contents**DIRECTOR COMPENSATION**

The following table sets forth certain information regarding the compensation paid to directors for 2012. The Compensation Committee used the same peer group as was used for executive officers to benchmark total compensation for directors.

2012 DIRECTOR COMPENSATION

Name	Fees Earned or Paid in Cash (\$)(1)	Stock Awards (\$)(2)	Option Awards (\$)(3)	All Other Compensation (\$)	Total (\$)
Bradford B. Baker	84,500	37,194	15,000	-	136,694
Max H. Cohen	79,000	25,689	15,000	-	119,689
Dr. David J. Saul	56,000	21,675	15,000	-	92,675
Jon D. Sawyer	69,500	25,689	15,000	-	110,189

(1) Mr. Baker elected to receive restricted stock in lieu of cash for one quarter's retainer in the amount of 4,167 shares of common stock or \$15,500, and Dr. Saul elected to receive 12,738 shares of common stock in lieu of cash for the full amount of his annual retainer for 2012 or \$40,000.

(2) A discretionary equity compensation payment was awarded to each independent director for 2012 in the form of a stock award on January 3, 2013, under the Company's Amended and Restated 2005 Stock Incentive Plan.

(3) 10,000 stock options valued at \$1.50 per share were granted to each director on January 3, 2013, as an additional equity component of 2012 director compensation. Each stock option has an exercise price of \$2.89 per share and a term of five years. The amounts reported are the fair value of option awards as determined using a Black-Scholes valuation model in accordance with ASC 718. These amounts reflect the accounting expense for these awards and do not necessarily correspond to the actual value that will be recognized by the directors, which may be higher or lower based on a number of factors including stock price fluctuations and applicable vesting.

At December 31, 2012, the directors had the following stock options outstanding:

Non-Employee Director	Options	Exercise Price	Termination Date
Mr. Baker	16,000	\$3.51	12/31/2013
Dr. Saul	13,500	\$3.51	12/31/2013

Compensation of Directors

For the year ended December 31, 2012, our outside directors were compensated according to the following structure:

Each outside director received \$40,000 annually as a retainer. Additional annual retainers were paid as follows for chairmanship duties:

Board Chairman	\$ 12,000
Audit Committee Chairman	\$ 10,000
Compensation Committee Chairman	\$ 5,000
Governance and Nominating Committee Chairman	\$ 5,000

Edgar Filing: ODYSSEY MARINE EXPLORATION INC - Form DEF 14A

Each director has the option to receive cash or common stock for the amount of retainers. Retainers are paid quarterly in advance unless stock is awarded. When stock is awarded, the number of shares is calculated by dividing the dollar amount otherwise due in cash by the fair market value of the stock on the first day of each quarter when cash payments are due. The stock is restricted until the service period ends.

Table of Contents

In addition, outside directors received \$1,000 per meeting attended on behalf of the Board of Directors including full board meetings, and audit committee, governance committee and compensation committee meetings.

Meetings attended telephonically earned compensation of \$500 for attendance.

A discretionary equity compensation payment was awarded to each independent director for 2012 in the form of stock awards and options.

We do not pay amounts that would be classified as perquisites or other compensation to our directors, and there are no existing or potential change-of-control, retirement or legacy obligations.

Directors were reimbursed for out-of-pocket expenses in connection with attending meetings of the Board of Directors or committees.

Directors will be compensated for 2013 under a similar plan as for 2012. The following table provides an estimate of director compensation for 2013.

Based solely on a review of Forms 3 and 4 and amendments thereto furnished to the Company during the fiscal year ended December 31, 2012, and Form 5 and amendments thereto furnished to the Company with respect to the fiscal year ended December 31, 2012, and certain written representations, no persons who were either a director, executive officer or beneficial owner of more than 10% of the Company's Common Stock, failed to file on a timely basis reports required by Section 16(a) of the Exchange Act during the fiscal year ended December 31, 2012.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Policy on Review, Approval or Ratification of Transactions with Related Parties

On March 6, 2007, our Board of Directors adopted the following policy governing transactions with related parties.

Transactions involving related parties present a risk to us of being improperly valued or of exposing us to conflicts of interest. To reduce the potential for these risks, the Board has adopted this policy which must be followed in connection with all related party transactions involving us or our subsidiaries when the dollar amount of the transaction or a series of similar related transactions exceeds or is expected to exceed \$120,000 during a fiscal year. All completed or proposed related party transactions are to be reported to the Company's Disclosure Committee no later than the end of the current quarter and the Committee will present the transactions or proposed transactions to the Board of Directors for review, ratification or approval.

Related party transactions may be entered into or continued only if approved as follows:

If the related party transaction is in the normal course of our business and is (a) entered into on terms no less favorable to us than those generally being provided to or available for unrelated third parties, or (b) is fair to us in taking into account the totality of the relationships between the parties involved including other transactions that may be particularly favorable or advantageous to us, then the CEO or CFO may approve the transaction, provided the approving individual is not a party to the transaction. Such transactions will then be presented to the disinterested members of the Board of Directors for ratification.

Any other related party transaction may only be approved by a majority of the disinterested Board of Directors.

Prior to this, related party transactions were reviewed by the Board of Directors as these transactions were contemplated or occurred.

Proposal 2 - ADVISORY VOTE ON EXECUTIVE COMPENSATION

Background

Section 951 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (the Dodd-Frank Act) requires the Company to seek a non-binding advisory vote from its stockholders to approve the compensation of its named executive officers (Say-on-Pay vote) as disclosed in the Compensation Discussion & Analysis (CD&A) and accompanying compensation tables and the related narrative disclosure in this Proxy Statement. Because the required vote is advisory, the result of the vote is not binding upon the Board of Directors.

We believe that executive compensation should be linked with the Company s performance and aligned with the interests of the Company s stockholders. In addition, executive compensation is designed to allow the Company to recruit, retain and motivate employees who play a significant role in the organization s current and future success.

As a focus on the Company s long-term performance, we believe that long-term equity awards are effective tools for aligning management and stockholder interests in order to increase overall stockholder value. In addition, the executive officers are often asked to implement long-term initiatives for the Company that, by definition, takes more than one fiscal year to accomplish. Stability and continuity among the executive officers aids the Company in its implementation of such long-term initiatives. However, a portion of the executive officers annual compensation is also linked to the short-term success of the Company in order to motivate and reward executives to achieve Company objectives and to attract and retain talented executives.

Proposal

At the 2011 annual meeting, the Board of Directors recommended stockholders approve holding a Say-on-Pay vote every year. Our stockholders supported that recommendation. Accordingly, we will hold a Say-on-Pay vote annually until the 2017 annual meeting when stockholders will be asked to vote again on how frequently we should hold the Say-on-Pay Vote.

The Company is presenting this proposal, which gives you as a stockholder the opportunity to express your view on our executive compensation by voting for or against the following resolution:

RESOLVED, that the compensation paid to the Company s named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the compensation tables and other narrative executive compensation disclosures contained in the Company s 2012 Proxy Statement, is hereby **APPROVED**.

Position of Board of Directors

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS
APPROVE THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS
BY VOTING **FOR** THE ABOVE PROPOSAL.

As discussed in the Compensation Discussion and Analysis contained in this Proxy Statement, the Compensation Committee of the Board of Directors believes that the executive compensation for the year ended December 31, 2012, is reasonable and appropriate, is justified by the performance of the Company and is the result of a carefully considered approach.

Effect of Vote

Because your vote is advisory, it will not be binding upon the Company, the Compensation Committee or the Board of Directors; however, we value stockholders opinions, and we will consider the outcome of the Say-on-Pay vote when determining future executive compensation arrangements.
