On April 19, 2013, we began mailing to stockholders of record this proxy statement and proxy card.

INFORMATION CONCERNING SOLICITATION AND VOTING

General

The board of directors of RealPage, Inc., a Delaware corporation (the Company, we or us), has delivered printed versions of proxy materials to you by mail, in connection with the board of directors' solicitation of proxies for use at the Company's 2013 Annual Meeting of Stockholders (the Annual Meeting) to be held on May 31, 2013, at 10:00 a.m. local time or at any adjournments or postponements thereof, for the purposes set forth in this Proxy Statement and in the accompanying Notice of Annual Meeting of Stockholders. Proxy materials are also available to you on the Internet at <http://investor.realpage.com>. The Annual Meeting will be held at our principal executive offices located at 4000 International Parkway, Carrollton, Texas 75007. Our telephone number is (972) 820-3000.

Householding of Annual Meeting Materials

Some brokers and other nominee record holders may be participating in the practice of householding proxy materials, proxy statements and annual reports. This means that only one (1) copy of the proxy materials may have been sent to multiple stockholders in a stockholder's household. We will promptly deliver a separate copy of any of these documents to any stockholder who contacts our investor relations department at 4000 International Parkway, Carrollton, Texas 75007, (972) 820-3773, requesting such copies. If a stockholder is receiving multiple copies of the proxy materials or the printed versions of such other accounts at the stockholder's household and would like to receive a single copy of these documents for a stockholder's household in the future, stockholders should contact their broker, other nominee record holder, or our investor relations department to request mailing of a single copy of any of these documents.

Record Date; Outstanding Shares

Stockholders of record at the close of business on April 1, 2013 (the Record Date) are entitled to receive notice of and vote at the Annual Meeting. On the Record Date, 77,958,440 shares of our common stock, \$0.001 par value, were issued and 76,590,955 were outstanding.

Voting and Solicitation

Every stockholder of record on the Record Date is entitled, for each share held, to one vote on each proposal that comes before the Annual Meeting. In the election of directors, each stockholder will be entitled to vote for two nominees and the two nominees with the greatest number of votes will be elected.

Whether you hold shares directly as the stockholder of record or beneficially in street name, you may vote by completing, signing and mailing the proxy card enclosed herewith in the postage-prepaid envelope provided

Table of Contents

for that purpose. Voting by written proxy will ensure your representation at the Annual Meeting if you do not attend in person. For specific instructions on how to vote your shares, please review the instructions on the proxy card.

The cost of this solicitation will be borne by us. We may reimburse expenses incurred by brokerage firms and other persons representing beneficial owners of shares in forwarding solicitation materials to beneficial owners. Proxies may be solicited by certain of our directors, officers and other employees, without additional compensation, personally, by telephone or by email.

Treatment of Abstentions and Broker Non-Votes

Broker non-votes and abstentions are counted for purposes of determining whether a quorum is present. A non-vote occurs when a nominee holding shares for a beneficial owner votes on one proposal but does not vote on another proposal because, with respect to such other proposal, the nominee does not have discretionary voting power and has not received instructions from the beneficial owner.

If your shares are held by your broker, bank or other agent as your nominee (that is, in street name), your nominee will provide you with appropriate voting materials (such as a voting instruction form). Please follow the instructions included on those materials regarding how to instruct your broker, bank or other agent to vote your shares. If you do not give instructions to your broker, bank or other agent, they can vote your shares with respect to discretionary items but not with respect to non-discretionary items. Discretionary items are proposals that are considered routine under the rules of the New York Stock Exchange and on which your broker, bank or other agent may vote shares held in street name in the absence of your voting instructions. On non-discretionary items for which you do not give instructions to your broker, bank or other agent, the shares will be treated as broker non-votes. At the Annual Meeting, Proposal Two, the ratification of the appointment of our independent registered public accounting firm, will be a discretionary item, and Proposal One, the election of directors, will be a non-discretionary item.

Quorum

A majority of our common stock issued and outstanding and entitled to vote, present in person or represented by proxy, constitutes a quorum for the transaction of business at the Annual Meeting.

Voting Requirements

The vote requirement for each matter is:

Proposal One (Election of Directors) Directors are elected by a plurality of the votes cast. The two nominees who receive the greatest number of votes cast will be elected directors for three-year terms, in each case until their successors are duly elected and qualified. Withheld votes and broker non-votes, if any, will not be counted either for or against the election of a director nominee.

Proposal Two (Ratification of Independent Registered Accounting Firm) The ratification of the appointment of our independent registered accounting firm requires the favorable vote of a majority of our shares of common stock present or represented by proxy at the Annual Meeting and entitled to vote on the proposal. Abstentions from voting will have the same effect as voting against the ratification, and broker non-votes, if any, will be disregarded and have no effect on the outcome of the vote.

Revocability of Proxies

Proxies given pursuant to this solicitation may be revoked at any time before they have been used. You may change or revoke your proxy by delivering a written notice of revocation to the Secretary of the Company or by completing a new proxy card bearing a later date (which automatically revokes the earlier proxy instructions). Attendance at the Annual Meeting will not cause your previously granted proxy to be revoked unless you specifically so request by notifying the inspector of elections of your intention to revoke your proxy and voting in person at the Annual Meeting.

Under these rules, the number of shares of common stock deemed outstanding includes shares issuable upon exercise of options held by the respective person or group that may be exercised within 60 days after April 1, 2013. For purposes of calculating each person's or group's percentage ownership, stock options exercisable within 60 days after April 1, 2013 are included for that person or group but not the stock options of any other person or group. Percentage of beneficial ownership is based on the shares of common stock outstanding as of April 1, 2013. Beneficial ownership representing less than 1% is denoted with an asterisk (*).

CORPORATE GOVERNANCE

Board Leadership Structure

Our board of directors believes that our Chief Executive Officer, Stephen T. Winn, is best situated to serve as Chairman because he is the director most familiar with our business and industry, and most capable of effectively identifying strategic priorities and leading the discussion and execution of strategy. Our independent directors have different perspectives and roles in strategic development. Our independent directors bring experience, oversight and expertise from outside the company and industry, while the Chief Executive Officer brings company-specific experience and expertise. Our board of directors believes that the combined role of Chairman and Chief Executive Officer promotes strategy development and execution, and facilitates information flow between management and the board of directors, which are essential to effective governance. Mr. Jason A. Wright serves as our lead independent director. Our lead independent director is responsible for coordinating activities of our other independent directors and performing various other duties as directed by our board of directors.

Table of Contents

The independent directors on our board of directors and board committees generally meet quarterly in executive session. In addition, our audit committee holds an executive session at each of its meetings and our compensation committee holds an executive session at the meeting in which annual compensation is reviewed and determined. On occasion, our independent directors invite our Chief Legal Officer to attend executive sessions in her role as legal counsel, but members of management, including Mr. Winn, are otherwise not present at executive sessions of board and committee meetings.

Risk Oversight

Our board of directors oversees risk management in a number of ways. Our audit committee oversees the management of financial and accounting related risks as an integral part of its duties. Similarly, our compensation committee considers risk management when setting the compensation policies and programs for our executive officers and other employees. Our full board of directors receives reports on various risk related items at each of its regular meetings including risks related to intellectual property, taxes, products and employees. Our board of directors also receives periodic reports on our efforts to manage such risks through safety measures, insurance or self-insurance.

Director Independence

Under the listing requirements of the NASDAQ Stock Market, a majority of our board of directors must be comprised of independent directors. Our board of directors has determined that each of Mr. A. Berkeley, Mr. Gyenes, Mr. Ingraham, Mr. Kane, Mr. Leeds, and Mr. Wright is independent under applicable NASDAQ listing standards and Rule 10A-3 of the Securities Exchange Act of 1934.

Committees of the Board of Directors

Our board of directors has three standing committees: an audit committee, a compensation committee and a nominating and governance committee. Our board of directors has determined that each member of each committee is independent under the applicable requirements of NASDAQ and SEC rules and regulations. Our board of directors has adopted a charter for each committee that is available without charge, upon request in writing to RealPage, Inc., 4000 International Parkway, Carrollton, Texas 75007, Attn: Chief Legal Officer or on the investor relations portion of our website at <http://www.realpage.com>. We believe that the composition, charter and functioning of each of our committees comply with the applicable requirements of NASDAQ and SEC rules and regulations. We intend to comply with future requirements to the extent they become applicable to us.

The table below lists the current membership of each committee and the number of committee meetings held in 2012.

Nominating and Governance Committee

Our nominating and governance committee's responsibilities are specifically set forth in the committee's charter, which can be found at www.realpage.com. Among other things, the nominating and governance committee is responsible for:

assisting our board of directors in identifying prospective director nominees and recommending nominees for each annual meeting of stockholders to the board of directors;

reviewing and monitoring our code of business conduct and ethics and actual and potential conflicts of interest of members of our board of directors and officers; and

reviewing and evaluating, at least annually, its own performance and that of its members, including compliance with the committee charter.

Our nominating and governance committee will consider nominees recommended by stockholders provided such recommendations are made in accordance with procedures described in this Proxy Statement under **Deadline for Receipt of Stockholder Proposals**. When considering a potential director candidate, the nominating and governance committee looks for demonstrated character, judgment, relevant business, functional and industry experience, and a high degree of acumen. The nominating and governance committee also considers issues of diversity, such as education, professional experience and differences in viewpoints and skills. The nominating and governance committee does not have a formal policy with respect to diversity; however, the board of directors and the nominating and governance committee believe that it is important that the members of the board of directors represent diverse viewpoints. The nomination and governance committee's process for identifying and evaluating nominees typically involves a series of internal discussions, review of information concerning candidates and interviews with selected candidates. There are no differences in the manner in which the nomination and governance committee evaluates nominees for director based on whether the nominee is recommended by a stockholder. To date, we have not paid any third party to identify or assist in identifying or evaluating potential nominees.

Other Relationships

Christopher Winn, son of Stephen T. Winn, our Chairman, CEO and President, was employed by the Company from October 2006 until August 2012. In August 2012, we engaged Christopher Winn as a consultant on prospective acquisitions. In 2012, Christopher Winn's total compensation was approximately \$657,000, which includes approximately \$78,000 in wages, approximately \$80 for group term life, approximately \$546,000 in proceeds from exercise of stock options and shares acquired through vested restricted stock valued at approximately \$33,000.

Scott S. Ingraham began serving on our board of directors in 2012. Mr. Ingraham is an investor in Zuma Capital Greenville LLC (ZCG), which is a minority member of the parent entity of the entities from which we acquired certain assets relating to the LevelOne business in November 2010. Pursuant to the LevelOne acquisition agreement, we held back a portion of the purchase price for a period of time in order to ensure payment for any claims that arose post-acquisition, which amount, net of claims and adjustments, was paid in May 2012. ZCG's interest in this pay-out, based on its ownership percentage of such parent entity, was approximately \$500,000 and Mr. Ingraham's interest in this pay-out, based on his ownership interest in ZCG, was approximately \$200,000. Mr. Ingraham also serves on the Board of Trust Managers of Camden Property Trust, one of our larger customers.

There are no family relationships among any of our directors or executive officers.

Policies and Procedures for Related Party Transactions

Our audit committee is responsible for reviewing and approving in advance any related party transaction. The audit committee has not adopted specific policies or guidelines relating to the approval of related party transactions. The directors who are members of our audit committee determine whether to approve related party transactions in the exercise of their fiduciary duties as directors and members of the audit committee.

DIRECTOR COMPENSATION

Determining Compensation for Non-Employee Directors in 2012

Our compensation committee reviews and makes recommendations to the board regarding the form and amount of compensation for non-employee directors. Directors who are employees of the Company receive no compensation for service on the board. The Company's director compensation program is designed to enable continued attraction and retention of highly qualified directors by ensuring that director compensation is in line with peer companies competing for director talent, and is designed to address the time, effort, expertise and accountability required of active board membership. Our compensation committee and our board of directors believed that annual compensation for non-employee directors should consist of both a cash component, designed to compensate members for their service on the board and its committees, and an equity component, designed to align the interests of directors and stockholders and, by vesting over time, to create an incentive for continued service on the board.

Discussion of Director Compensation

In 2012, the annual compensation for our non-employee directors was comprised of cash compensation in the form of an annual retainer and meeting and committee fees and equity compensation in the form of stock options and restricted stock awards. Each of these components is described below.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The following discussion and analysis of compensation arrangements of our principal executive officer, principal financial officer and each of the next three most highly compensated executive officers, referred to as our named executive officers, for 2012 should be read together with the compensation tables and related disclosures that follow this discussion.

Compensation Philosophy and Objectives

Our philosophy is to provide compensation to each of our named executive officers that is commensurate with his or her position and experience, provide challenging but reasonably attainable incentives for the named executive officer to meet and exceed short-term and long-term corporate objectives as determined by our board of directors and align the named executive officers' incentives with the long-term interests of our stockholders. Additionally, our executive compensation program is intended to provide significant motivation for each of our named executive officers to remain employed by us unless and until our board of directors finds that retention of the named executive officer is no longer in accord with our corporate objectives. The compensation committee was involved with the risk review of our compensation programs and has concluded that none of the programs incentives for executives or employees encourage actions that would result in a material adverse impact on the Company.

Based on this philosophy, the primary objectives of our board of directors and compensation committee with respect to executive compensation are to:

attract, retain and motivate skilled and knowledgeable executive talent;

ensure that executive compensation is aligned with our corporate strategies and business objectives; and

align the incentives of the named executive officers with the creation of value for stockholders.

To achieve these objectives, our compensation committee periodically evaluates our executive compensation program with the goal of establishing compensation at levels our compensation committee believes to be competitive with those of our competitive peer group companies and other companies in our geographical regions that compete with us for executive talent. Additionally, we design our executive compensation program to tie a portion of each named executive officer's overall cash compensation to key strategic, financial and operational goals set by our board of directors.

Compensation Decision-Making Process

Our compensation committee is responsible for overseeing and approving our executive compensation program. Our compensation committee currently consists of four members. The current members of our compensation committee are Alfred R. Berkeley, III, Peter Gyenes, Charles Kane and Jason A. Wright. Mr. Gyenes has been appointed to serve as the Chairman of our compensation committee. Our board of directors has determined that each member of our compensation committee is independent under the applicable requirements of NASDAQ and SEC rules and regulations, is a non-employee director, as defined by Rule 16b-3 promulgated under the Exchange Act and is an outside director, as defined pursuant to Section 162(m) of the Internal Revenue Code of 1986, as amended. For a discussion of the specific responsibilities of our compensation committee, see Corporate Governance Committees of the Board of Directors.

Our Chief Executive Officer makes base salary, cash bonus and long-term incentive compensation recommendations to the compensation committee for each of our named executive officers based on his or her level of responsibility, performance and contribution to achieving our overall corporate objectives. Our compensation committee considers the Chief Executive Officer's input but retains complete authority to approve all compensation related decisions for our named executive officers. Additionally, our Chief Executive Officer is not permitted to be present during deliberations or voting by the compensation committee regarding his performance goals, performance evaluation or compensation level and abstains from voting in sessions where our board of directors acts on the compensation committee's recommendations regarding his compensation.

For purposes of determining compensation levels for our named executive officers, our compensation committee considers the recommendations of our Chief Executive Officer, our overall achievement of corporate objectives, the level of responsibility, performance and individual contributions of our named executive officers, public company proxy data, survey group market data, each named executive officer's equity ownership and the compensation committee members' own experience in compensation-related matters. The compensation committee also considers the results of the advisory say-on-pay vote. At our 2011 annual stockholders meeting, a substantial majority of shares present at the meeting (97.7%) were voted to approve the executive compensation program described in our 2011 proxy statement. Based on this strong stockholder support, the compensation committee has continued to implement the executive compensation program. For purposes of evaluating compensation levels for 2011, 2012 and 2013, our compensation committee also considered competitive market benchmarking data as described in Executive Compensation Competitive Positioning. Based on these considerations, our compensation committee approved compensation packages for each of our named executive officers in 2012, the components of which are further described in Executive Compensation Compensation Components.

In February 2012, our compensation committee approved 2012 salaries for our named executive officers and our 2012 Management Incentive Plan.

Competitive Positioning

Competitive market data is an important component in determining the amount of each element of compensation for each named executive officer. The compensation committee utilizes Pearl Meyer & Partners (PM&P), an executive compensation consulting firm, to provide advice on the structure of executive compensation as well as competitive data on base salary, total cash compensation and long-term incentives. In addition, the compensation committee reviews the total compensation package for each named executive officer from the perspective of total direct compensation, which includes base salary, annual incentive plan and the value of the long-term incentive grant.

Our compensation committee has the authority to engage outside consultants from time to time, as the committee sees fit, to conduct market reviews of our executive compensation program and philosophy in order to assess the competitiveness of our program. In the fourth quarter of 2012, our compensation committee engaged PM&P to conduct an independent market review of our executive compensation program. To analyze our

Table of Contents

executive compensation program, PM&P used public company proxy data and survey group market data references to compare our total compensation practices for our executives to those in our market:

Select Peer Group. Publicly available data for a competitive peer group of 14 publicly traded companies of similar industry, revenue size and business model, with median revenue and market capitalization size equal to \$325,000,000 and \$1,217,000,000, respectively, and

Survey Group. Published surveys focused in the technology industry. (Radford and the CHiPs Executive Benchmarking Surveys), using similar-sized revenue cuts of data.

The Select Peer Group for 2012 was developed in consultation between our compensation committee, our management team and PM&P and consisted of the following organizations:

Kenexa Corporation	athenahealth, Inc
Ultimate Software Group, Inc.	SuccessFactors, Inc.
Concur Technologies, Inc.	Constant Contact, Inc.
Taleo Corporation	DemandTec, Inc.
RightNow Technologies	Intralinks
NetSuite Inc.	Salesforce.com
Logmein	Vocus

PM&P benchmarked our 2012 executive compensation levels, including base salaries, performance-based cash bonuses and long-term equity incentive awards, to those of other executives in the Select Peer Group. The PM&P report indicated pay levels on average (with variation by executive), target cash compensation (base salary plus target bonus) and target total direct compensation (total cash plus LTI value), is between the 60th and 55th percentiles, respectively.

The Select Peer Group for 2013 was developed in consultation between our compensation committee, our management team and PM&P and consisted of the following organizations:

Advent Software Inc.	DealerTrack Holding Inc.
athenahealth, Inc.	Ebix Inc.
Blackbaud Inc.	Kenexa Corporation
Bottomline Technologies Inc.	NetSuite Inc.
Concur Technologies, Inc.	SS&C Technologies Holding Inc.
Constant Contact, Inc.	Synchronoss Technologies
CoStar Group Inc.	Ultimate Software Group, Inc.

Pursuant to its charter, the compensation committee has the authority to select and retain independent advisors and counsel to assist it with carrying out its duties and responsibilities, and we have provided appropriate funding to the committee to do so. The compensation committee has exercised this authority to engage PM&P as its compensation consultant. PM&P serves as an advisor to the compensation committee on topics primarily related to Board and executive compensation. PM&P reports directly to the compensation committee Chair, takes direction from the compensation committee, and does not provide us with any services other than the services provided at the request of the compensation committee.

The committee regularly reviews the services provided by its outside consultants and believes that PM&P is independent in providing executive compensation consulting services. The committee conducted a specific review of its relationship with PM&P in 2012 and determined that PM&P's work for the committee did not raise any conflicts of interest, consistent with the guidance provided under the Dodd-Frank Wall Street Reform and Consumer Protection Act, or the Dodd-Frank Act, and by the SEC and the NASDAQ. The compensation committee continues to monitor the independence of its compensation consultant on a periodic basis.

Table of Contents***Compensation Components******Base Salaries***

Base salaries are used to recognize the experience, skills, knowledge and responsibilities required of all our named executive officers. Base salaries for our named executive officers have typically been negotiated as a part of the employment agreements with our named executive officers at the outset of employment. However, from time to time, consistent with our executive compensation program objectives, base salaries for our named executive officers, together with other components of compensation, are evaluated for adjustment by our compensation committee based on an assessment of the overall achievement of corporate objectives, each named executive officer's sustained performance and compensation trends in our industry. Each named executive officer's employment agreement requires that his or her base salary be reviewed no less frequently than annually; however, none of our named executive officers has an employment agreement that provides for automatic or scheduled increases in base salary.

In February 2012, our compensation committee conducted a review of our executive compensation program for purposes of evaluating compensation levels for our executives for 2012. Based on the considerations described above in Executive Compensation Compensation Decision-Making Process, our compensation committee approved base salaries to be effective as of March 1, 2012 for each of our named executive officers. The percentage increase for each named executive officer was based on our compensation committee's assessment of the various considerations described above. The table below shows base salaries for our named executive officers for 2011 and 2012.

Named Executive Officer	Current Title	2011 Base Salary ⁽¹⁾	2012 Base Salary ⁽²⁾	% Increase

In February 2013, our compensation committee conducted a review of our executive compensation program for purposes of evaluating compensation levels for our executives for 2013. Based on the considerations described above in Executive Compensation Compensation Decision-Making Process, our compensation committee approved base salaries to be effective as of March 1, 2013 for each of our named executive officers. The percentage increase for each named executive officer was based on our compensation committee's assessment of the various considerations described above. The table below shows base salaries for our named executive officers for 2012 and 2013.

Named Executive Officer	Current Title	2012 Base Salary ⁽¹⁾	2013 Base Salary ⁽²⁾	% Increase
Stephen T. Winn	Chief Executive Officer, Chairman of the Board, President and Director	\$ 475,000	\$ 500,000	5.3%

Performance-Based Cash Bonuses

Our named executive officers participate in our annual non-equity management incentive plan, or management incentive plan, along with our other senior managers. Our annual management incentive plan is intended to provide cash compensation to our named executive officers and senior managers for their contribution to the achievement of our strategic, operational and financial objectives. Our named executive officers earn amounts under our management incentive plan based on our achievement of financial performance objectives, including overall corporate revenue and adjusted EBITDA targets and product family specific revenue and profit targets for those participants of our management incentive plan that have direct responsibility over the operations specific to one of our product families, and an assessment of the named executive officer's individual performance. Our compensation committee approves a management incentive plan each year that outlines overall corporate objectives for the fiscal year in addition to establishing guidelines for calculating management incentive plan bonuses in the event that performance objectives are partially achieved or exceeded.

A portion of our management incentive plan bonuses are typically paid out quarterly based on progression towards the annual achievement of performance objectives. The actual annual cash bonus paid to participants under our management incentive plan with respect to a particular fiscal year is adjusted at year end based on actual achievement of both financial and individual performance objectives.

The Management Incentive Plan for 2012 (2012 MIP) was approved by our compensation committee in February 2012. The 2012 MIP target bonus for Mr. Winn is 100% of Mr. Winn's base salary with a maximum bonus potential of 200% of Mr. Winn's target bonus for achieving financial and individual performance objectives in excess of the targets and a minimum bonus potential of 0% of Mr. Winn's target bonus. The 2012 MIP target bonus for Mr. Barker and Ms. Chaffin Glover is 62.5% of such named executive officer's base salary with a maximum bonus potential of 200% of such named executive officer's target bonus for achieving financial and individual performance objectives in excess of the targets and a minimum bonus potential of 0% of such named executive officer's target bonus. The 2012 MIP target bonus of Ms. Carter and Mr. Chaney is 50% of

Table of Contents

such named executive officer's base salary with a maximum bonus potential of 200% of such named executive officer's target bonus for achieving financial and individual performance objectives in excess of the targets and a minimum bonus potential of 0% of such named executive officer's target bonus. The performance metrics under the 2012 MIP are the same as the performance metrics under our 2011 Management Incentive Plan and include revenue and adjusted EBITDA targets and individual performance ratings. For each of Mr. Winn, Mr. Barker and Ms. Carter, the achievement of 2012 bonus targets for overall corporate revenue, overall corporate adjusted EBITDA and individual performance ratings are weighted 30%, 45% and 25%, respectively. For each of Mr. Chaney and Ms. Chaffin Glover, the achievement of 2012 bonus targets for overall corporate revenue, overall corporate adjusted EBITDA and individual performance ratings are weighted 45%, 30% and 25%, respectively. We weighted the individual 2012 MIP for Mr. Chaney and Ms. Chaffin Glover more heavily toward achieving revenue over adjusted EBITDA because we believe that the positions held by these named executive officers have more direct influence over revenue performance than our other named executive officers. Our compensation committee retains the right to adjust targets and awards under the 2012 MIP based on (i) risk assessment inherent in the target and (ii) circumstances that were not anticipated when the targets were established.

Performance-Based Equity Incentives

Our Compensation Committee views option grants as pay for performance because the options granted only have value if the stock price increases.

Table of Contents

The charts below set forth our 2012 Management Incentive Plan's overall corporate internal revenue and adjusted EBITDA performance targets, the revenue and percentage of target revenue actually achieved and the adjusted EBITDA and percentage of target adjusted EBITDA actually achieved.

The following table summarizes the actual bonuses paid to our named executive officers pursuant to the 2012 Management Incentive Plan based on achievement of 2012 performance objectives as compared to each named executive officer's target bonuses:

Equity Incentive Awards

Our equity award program is the primary vehicle for offering long-term incentives to our named executive officers. Historically, our equity awards to our named executive officers have been in the form of stock options. Beginning in November 2010, our compensation committee began granting equity awards consisting of a combination of stock options and restricted stock awards. We believe that equity-based compensation provides our named executive officers with a direct interest in our long-term performance, creates an ownership culture and aligns the interests of our named executive officers and our stockholders.

Grants of stock option awards and awards of restricted stock, including those to our named executive officers, are all approved by our compensation committee and stock option awards are granted at an exercise price at or above the fair market value of our common stock on the date of grant. Consistent with the terms of our options granted to our other employees, options granted to our named executive officers typically vest over a four-year period in accordance with one of the following vesting schedules, subject to continued service through each applicable vesting date:

The stock option vests in equal quarterly installments over 16 consecutive quarters commencing on the first day of the calendar quarter immediately following the grant date; or

The stock option vests with respect to 5% of the shares subject to the stock option each quarter commencing on the first day of the calendar quarter immediately following the grant date for 15 consecutive quarters and, with respect to the remaining 25% of the shares subject to the stock option, on the first day of the next following calendar quarter, subject to continued service through each applicable date. We anticipate using this vesting schedule as our standard vesting schedule for future option grants subject to the discretion of our compensation committee.

Consistent with the terms of our restricted stock awards granted to our other employees, restricted stock awards granted to our named executive officers have provided for vesting in equal quarterly installments over 16 consecutive quarters commencing on the first day of the calendar quarter immediately following the grant date, subject to continued service through each applicable date. This vesting schedule was slightly modified by the compensation committee as described below.

We believe that the four-year vesting period of our stock option grants and restricted stock awards furthers our objective of executive retention as it provides an incentive to our executives to remain in our employ during the vesting period.

We typically make an initial stock option grant to new executives in connection with the commencement of his or her employment. Additionally, at the discretion of our board of directors and consistent with our executive compensation program objectives, our compensation committee typically evaluates and approves equity awards for our new employees quarterly and equity awards for our existing employees, including our named executive officers, annually, to re-establish or bolster incentives to retain our employees. The stock options we granted to our named executive officers in 2012 are set forth under *Executive Compensation* *Grants of Plan-Based Awards*.

On February 22, 2012, we granted awards of restricted stock of 50,000, 35,000, 25,000 and 25,000 shares to Mr. Winn, Mr. Barker, Ms. Carter and Ms. Chaffin Glover, respectively. The restricted stock awards vest in equal quarterly installments over 16 consecutive quarters commencing on the first day of the calendar quarter immediately following the grant date, subject to continued service through each applicable date. We also approved options to purchase 100,000, 70,000, 50,000 and 50,000 shares of our common stock to Mr. Winn, Mr. Barker, Ms. Carter and Ms. Chaffin Glover, respectively, that were granted on February 22, 2012 at an exercise price per share of \$20.01. These stock options vest with respect to 5% of the shares subject to the stock option each quarter commencing on the first day of the calendar quarter immediately following the grant date for 15 consecutive quarters and, with respect to the remaining 25% of the shares subject to the stock option, on the first day of the next following calendar quarter, subject to continued service through each applicable date. In

determining the size of stock option grants to our named executive officers in 2011 and 2012, our compensation committee considered comparative equity ownership of executives employed by companies in our Select Peer Group, our overall achievement of corporate objectives, the applicable named executive officer's achievement of individual performance objectives, the achievement of certain strategic initiatives, the amount of equity previously awarded to the named executive officer, the vesting of previous awards and the recommendations of our Chief Executive Officer.

On February 25, 2013, we granted awards of restricted stock of 63,637, 40,750, 30,000, 29,300 and 10,306 shares to Mr. Winn, Mr. Barker, Ms. Carter, Ms. Chaffin Glover and Mr. Chaney, respectively. Of the total shares granted, a subtotal of 13,637, 5,750, 5,000, 4,300 and 2,950 shares of restricted stock granted to Mr. Winn, Mr. Barker, Ms. Carter, Ms. Chaffin Glover and Mr. Chaney, respectively, vests as to 25% of such subtotal on the first day of each calendar quarter, beginning on the first day of the calendar quarter following the date of grant, for 4 consecutive quarters. The remaining balance of the total shares granted vests as to 6.25% of such remaining balance on the first day of each calendar quarter, beginning on the first day of the calendar quarter following the date of grant, for 16 consecutive calendar quarters. We also approved options to purchase 100,000, 70,000, 50,000, 50,000 and 14,712 shares of our common stock to Mr. Winn, Mr. Barker, Ms. Carter, Ms. Chaffin Glover and Mr. Chaney, respectively, that were granted on February 25, 2013 at an exercise price per share of \$21.60. These stock options vest with respect to 5% of the shares subject to the stock option each quarter commencing on the first day of the calendar quarter immediately following the grant date for 15 consecutive quarters and, with respect to the remaining 25% of the shares subject to the stock option, on the first day of the next following calendar quarter, subject to continued service through each applicable date. In determining the size of stock option grants to our named executive officers in 2012 and 2013, our compensation committee considered comparative equity ownership of executives employed by companies in our Select Peer Group, our overall achievement of corporate objectives, the applicable named executive officer's achievement of individual performance objectives, the achievement of certain strategic initiatives, the amount of equity previously awarded to the named executive officer, the vesting of previous awards and the recommendations of our Chief Executive Officer.

For a description of these payments and other benefits, see *Executive Compensation – Potential Payments on Termination or Change in Control*.

Our 1998 Stock Incentive Plan provides that stock options granted to a participant under our 1998 Stock Incentive Plan will become 100% vested on the participant's death or disability (as defined in Section 22(e)(3) of the Internal Revenue Code) unless the stock option agreement provides otherwise. Each of the outstanding stock options granted to our named executive officers under our 1998 Stock Incentive Plan would be subject to this acceleration benefit in the event of the named executive officer's death or disability. Our stock option and restricted stock award agreements with our named executive officers also provide for accelerated vesting in connection with the participant's death or disability and our stock option and restricted stock award agreements with Mr. Winn, Mr. Barker and Ms. Carter provide for accelerated vesting in connection with certain change in control transactions as further described under *Executive Compensation – Potential Payments on Termination or Change in Control*. Our compensation committee determined that it was appropriate to provide for payments and accelerated vesting for Mr. Winn, Mr. Barker and Ms. Carter, but not our other named executive officers, in connection with certain change in control transactions because the positions of Chief Executive Officer, Chief Financial Officer and Chief Legal Officer are more likely to be affected by such a transaction than the positions held by our other named executive officers.

We believe that these severance arrangements help us to attract and retain key management talent in an industry where there is significant competition for management talent. We believe that entering into these agreements helps the named executive officers maintain continued focus and dedication to their assigned duties and maximizes stockholder value. The terms of these agreements were determined after review by our compensation committee of our retention goals for each named executive officer, as well as analysis of market data, similar agreements established by our Select Peer Group and applicable law.

Benefits and Other Compensation

We maintain broad-based employee benefit plans, which are provided to all eligible U.S.-based employees. These plans include a group medical program, a group dental program, life insurance, disability insurance, flexible spending accounts and a 401(k) savings plan. Other benefit programs offered to all full-time U.S.-based employees include programs for job-related educational assistance, an employee referral program, group term life insurance equivalent to 1.5 times an employee's annual base salary up to a \$600,000 maximum and an employee assistance program. All U.S.-based executives are eligible to participate in our employee benefit plans on the same basis as our other full-time employees, with the exception of the employee referral program, in which our named executive officers are ineligible to participate.

We believe these benefits are consistent with the benefits offered by companies with which we compete for employees and are necessary to attract and retain qualified employees.

Perquisites

We believe that cash and equity compensation are the two key components in attracting and retaining management talent and therefore do not generally provide any substantial perquisites to our named executive officers.

Commencing in June 2010, Mr. Winn also receives a limited number of additional benefits and perquisites to be used for tax, estate and financial planning assistance. The total pre-tax protected benefit for this purpose is limited to no more than \$150,000 for 2010 through 2012. This benefit was terminated as of March 1, 2013.

Tax and Accounting Considerations

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction for certain compensation in excess of \$1.0 million per year paid by a publicly held company to its chief executive officer or any of its three other most highly paid executive officers (other than the company's chief executive officer and chief financial officer). Qualifying performance-based compensation is not subject to the deduction limitation if specified requirements are met. In addition, grandfather provisions may apply to certain compensation arrangements that were entered into by a company before it was publicly held. We generally intend to structure the performance-based portion of our executive compensation, when feasible, to comply with exemptions in Section 162(m) so that the compensation remains tax deductible to us. However, to remain competitive with other employers, our compensation committee may, in its judgment, authorize compensation payments that do not comply with the exemptions in Section 162(m) when it believes that such payments are appropriate to attract and retain executive talent.

Limitations on Liability and Indemnification Matters

Our amended and restated certificate of incorporation contains provisions that limit the liability of our directors for monetary damages to the fullest extent permitted by Delaware law. Consequently, our directors will not be personally liable to us or our stockholders for monetary damages for any breach of fiduciary duties as directors, except liability for:

any breach of the director's duty of loyalty to us or our stockholders;

any act or omission not in good faith or that involves intentional misconduct or a knowing violation of law;

unlawful payments of dividends or unlawful stock repurchases or redemptions as provided in Section 174 of the Delaware General Corporation Law; or

any transaction from which the director derived an improper personal benefit.

Our amended and restated certificate of incorporation and amended and restated bylaws provide that we are required to indemnify our directors and officers, in each case to the fullest extent permitted by Delaware law. Our amended and restated bylaws also provide that we are obligated to advance expenses incurred by a director or officer in advance of the final disposition of any action or proceeding, and permit us to secure insurance on behalf of any officer, director, employee or other agent for any liability arising out of his or her actions in that capacity regardless of whether we would otherwise be permitted to indemnify him or her under the provisions of Delaware law. We have entered into agreements to indemnify our directors, executive officers and other employees as determined by our board of directors. With specified exceptions, these agreements provide for indemnification for related expenses including, among other things, attorneys' fees, judgments, fines and settlement amounts incurred by any of these individuals in any action or proceeding. We believe that these bylaw provisions and indemnification agreements are necessary to attract and retain qualified persons as directors and officers. We also maintain directors' and officers' liability insurance.

The limitation of liability and indemnification provisions of our amended and restated certificate of incorporation and amended and restated bylaws may discourage stockholders from bringing a lawsuit against our directors and officers for breach of their fiduciary duty. They may also reduce the likelihood of derivative litigation against our directors and officers, even though an action, if successful, might benefit us and other stockholders. Further, a stockholder's investment may be adversely affected to the extent that we pay the costs of settlement and damage awards against directors and officers as required by these indemnification provisions. At present, there is no pending litigation or proceeding involving any of our directors, officers or employees for which indemnification is sought, and we are not aware of any threatened litigation that may result in claims for indemnification.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our officers and directors, and persons who own more than 10% of a registered class of our equity securities, to file reports of ownership on Form 3 and changes in ownership on Form 4 or Form 5 with the SEC. Such officers, directors and 10% stockholders are also required by SEC rules to furnish us with copies of all Section 16(a) forms they file. Based solely on our review of the copies of such forms received by us, we believe that, during the fiscal year ended December 31, 2012, all Section 16(a) filing requirements applicable to our officers, directors and 10% stockholders were satisfied except that Alex Chang filed a Form 4 pertaining to his November 13, 2012 stock awards after the filing deadline applicable to such transactions.

The affirmative vote of a majority of the shares represented and voting at the Annual Meeting is required to ratify the selection of E&Y, which has served as our independent registered public accounting firm since December 2004.

In the event the stockholders fail to ratify the appointment, our audit committee will reconsider its selection. Even if the selection is ratified, our audit committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if the audit committee believes that such a change would be in the best interests of the Company and our stockholders.

Required Vote and Recommendation of the Board of Directors for Proposal Two

The ratification of the appointment of our independent registered accounting firm requires the favorable vote of a majority of our shares of common stock present or represented by proxy at the Annual Meeting and entitled to vote on the proposal. Abstentions from voting will have the same effect as voting against the ratification, and broker non-votes, if any, will be disregarded and have no effect on the outcome of the vote.

REPORT OF THE AUDIT COMMITTEE*

The Audit Committee is composed of three independent directors and operates under a written charter adopted by the Board of Directors. The members of the Audit Committee are Charles Kane, Chairman, Peter Gyenes, Scott S. Ingraham and Jason A. Wright. All members of the Audit Committee meet the independence standards of Rule 5605(a)(2) of the NASDAQ listing standards.

Management is responsible for the Company's internal controls and the financial reporting process. The Company's independent registered public accounting firm is responsible for performing an independent audit of the Company's consolidated financial statements in accordance with standards of the Public Company Accounting Oversight Board (United States) and for issuing opinions on the conformity of those audited financial statements with U.S. generally accepted accounting principles, the effectiveness of the Company's internal control over financial reporting and management's assessment of internal control over financial reporting. The Audit Committee's responsibility is to monitor and oversee these processes.

The Audit Committee schedules its meetings and conference calls with a view to ensuring it devotes appropriate attention to all of its tasks. The Audit Committee met six times during fiscal 2012 to carry out its responsibilities. The Audit Committee regularly meets privately with the Company's independent registered public accounting firm, internal audit personnel, and management, each of whom has unrestricted access to the Audit Committee. The Audit Committee evaluated the performance of the items enumerated in the Audit Committee Charter.

As part of its oversight of the Company's financial statements, the Audit Committee reviewed and discussed with both management and the independent registered public accounting firm the Company's quarterly and audited fiscal year financial statements, including a review of the Company's Annual Report on Form 10-K. The Audit Committee also reviewed and approved the independent registered public accounting firm's work plan, audit fees, and all non-audit services performed by the independent registered public accounting firm. The Audit Committee also discussed with the independent registered public accounting firm any matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees, as amended.

The Audit Committee has also received the written disclosures from Ernst & Young LLP required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Audit Committee has discussed the independence of Ernst & Young LLP with that firm. The Audit Committee has implemented a procedure to monitor the independence of the Company's independent registered public accounting firm.

Based upon the Audit Committee's discussion with management and Ernst & Young LLP and the report of Ernst & Young LLP to the Audit Committee, the Audit Committee recommended that the Board of Directors include the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2012, which was filed with the SEC.
