1. Matters Related to Summary Information (Notes)

(1) Changes in Accounting Policies and Accounting Estimates / Restatements

(Changes in accounting policies)

Mizuho Financial Group has applied Accounting Standard for Retirement Benefits (ASBJ Statement No. 26, May 17, 2012) (hereinafter, the Accounting Standard) and Guidance on Accounting Standard for Retirement Benefits (ASBJ Statement No. 25, May 17, 2012) (hereinafter, the Guidance), in terms of regulations stipulated in the text of the Accounting Standard, Paragraph 35 and the Guidance, Paragraph 67, beginning with the first quarter of fiscal 2014. We have reviewed the calculation method of retirement benefit obligations and service cost, changed the method of attributing the expected retirement benefits to periods of service from straight-line basis to benefit formula basis, and changed the method of determining the discount rate from the use of the discount rate based on the estimated average period of benefit payment and another period to the use of different discount rates according to each estimated period of benefit payment.

The Accounting Standard and the Guidance have been applied in accordance with the transitional treatment stipulated in the Accounting Standard, Paragraph 37, and the amount of financial impact resulting from the change in the calculation method of retirement benefit obligations and service cost was added to or deducted from retained earnings at the beginning of the first quarter of fiscal 2014.

As a result of this, Net Defined Benefit Asset increased by ¥19,795 million, Net Defined Benefit Liability decreased by ¥2,787 million, Retained Earnings increased by ¥16,107 million and Minority Interests increased by ¥573 million at the beginning of the first quarter of fiscal 2014. Ordinary Profits and Income before Income Taxes and Minority Interests increased by ¥2,054 million, respectively.
