Capital Securities

We, Deutsche Bank Aktiengesellschaft, may, from time to time, offer subordinated capital securities, which we refer to as **Capital Securities**.

This prospectus describes the general terms of the Capital Securities and the general manner in which the Capital Securities will be offered. The specific terms of any Capital Securities offered will be included in a supplement to this prospectus. The prospectus supplement will also describe the specific manner in which the Capital Securities will be offered. We will not use this prospectus to issue any Capital Securities unless it is attached to a prospectus supplement.

Unless stated otherwise in a prospectus supplement, we will not list the Capital Securities offered hereunder on any securities exchange.

These Capital Securities may be offered directly or to or through underwriters, agents or dealers, including Deutsche Bank Securities Inc. The names of any underwriters, agents or dealers will be included in the applicable prospectus supplement.

Investing in the Capital Securities involves risks. We may include specific risk factors in an applicable prospectus supplement under the heading **Risk Factors**.

Restrictions on marketing and sales to retail investors

The Capital Securities discussed in this prospectus are complex financial instruments and are not a suitable or appropriate investment for all investors. In some jurisdictions, regulatory authorities have adopted or published laws, regulations or guidance with respect to the offer or sale of securities such as the Capital Securities to retail investors.

In particular, in August 2014, the U.K. Financial Conduct Authority (the **FCA**) published the Temporary Marketing Restriction (Contingent Convertible Securities) Instrument 2014 (as amended or replaced from time to time, the **TMR**) which took effect on October 1, 2014. Under the rules set out in the TMR (as amended or replaced from time to time, the **TMR Rules**), certain contingent write-down or convertible securities, such as the Capital Securities, must not be sold to retail clients in the EEA and nothing may be done that would or might result in the buying of such securities or the holding of a beneficial interest in such securities by a retail client in the EEA (in each case within the meaning of the TMR Rules), other than in accordance with the limited exemptions set out in the TMR Rules.

Certain of the underwriters are required to comply with the TMR Rules. In addition, by purchasing, or making or accepting an offer to purchase, any Capital Securities from us and/or the underwriters, you represent, warrant, agree with and undertake to us and each of the underwriters that:

1. you are not a retail client in the EEA (as defined in the TMR Rules);
2. whether or not you are subject to the TMR Rules, you will not sell or offer the Capital Securities to retail clients in the EEA or do anything (including the distribution of this prospectus supplement) that would or might result in the buying of the Capital Securities or the holding of a beneficial interest in the Capital Securities by a retail client in the EEA (in each case within the meaning of the TMR Rules), other than (i) in relation to any sale or offer to sell Notes to a retail client in or resident in the United Kingdom, in circumstances that do not and will not give rise to a contravention of the TMR Rules by any person and/or (ii) in relation to any sale or offer to sell Notes to a retail client in any EEA member state other than the United Kingdom, where (a) you have conducted an assessment and concluded that the relevant retail client understands the risks of an investment in the Notes and is able to bear the potential losses involved in an investment in the Notes and (b) you have at all times acted in relation to such sale or offer in compliance with the Markets in Financial Instruments Directive (2004/39/EC) (**MiFID**) to the extent it applies to you or, to the extent MiFID does not apply to you, in a manner which would be in compliance with MiFID if it were to apply to you; and
3. you will at all times comply with all applicable local laws, regulations and regulatory guidance (whether inside or outside the EEA) relating to the promotion, offering, distribution and/or sale of the Capital Securities, including any such laws, regulations and regulatory guidance relating to determining the appropriateness and/or suitability of an investment in the Capital Securities by investors in any relevant jurisdiction.

Edgar Filing: DEUTSCHE BANK AKTIENGESELLSCHAFT - Form POSASR

Where acting as agent on behalf of a disclosed or undisclosed client when purchasing, or making or accepting an offer to purchase, any Capital Securities from us and/or the underwriters the foregoing representations, warranties, agreements and undertakings will be given by and be binding upon both the agent and its underlying client.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these Capital Securities, or determined if this prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

We may amend, restate or replace the Capital Securities Indenture from time to time. The Capital Securities Indenture that governs our Capital Securities does not limit the amount of additional indebtedness that we or any of our subsidiaries may incur. We have summarized the general features of the Capital Securities Indenture under the heading Description of Capital Securities. We encourage you to read the Capital Securities Indenture, which is an exhibit to our registration statement, and the supplements thereto, which will be included as exhibits to our registration statement.

Ranking; Status

The Capital Securities will constitute our unsecured and subordinated obligations, ranking *pari passu* among themselves. In the event of our dissolution, liquidation, insolvency or composition, or other proceedings for the avoidance of insolvency of, or against, us, the obligations under the Capital Securities will be fully subordinated to the claims of our unsubordinated creditors, the claims under our Tier 2 instruments (within the meaning of the CRR), and the claims specified in Section 39 (1) nos. 1 to 5 of the German Insolvency Statute (*Insolvenzordnung*) so that in any such event no amounts will be payable in respect of the Capital Securities until the claims of such unsubordinated creditors, the claims under such Tier 2 instruments, and the claims specified in Section 39 (1) nos. 1 to 5 of the German Insolvency Statute have been satisfied in full. Subject to this subordination provision, we may satisfy our obligations under the Capital Securities also from our other distributable assets (*freies Vermögen*).

Table of Contents

CRR means Regulation (EU) No 575/2013 of the European Parliament and the Council of 26 June 2013 on prudential requirements for credit institutions and investment firms and amending Regulation (EU) No 648/2012 (including any provisions of regulatory law supplementing this Regulation); to the extent that any provisions of the CRR are amended or replaced, the term CRR as used in the Capital Securities Indenture and the Capital Securities also refer to such amended provisions or successor provisions.

Our payment obligations under the Capital Securities will rank *pari passu* with the claims against us under the support undertakings, subordinated guarantees and issuances listed in the applicable prospectus supplement.

Form We may issue Capital Securities in fully registered form or in bearer form and, in either case, in definitive form or global form.

Terms Specified in Prospectus Supplements When we decide to sell particular Capital Securities, we will provide a prospectus supplement describing the Capital Securities offering and the specific terms of the Capital Securities. You should carefully read this prospectus and the applicable prospectus supplement.

We will offer our Capital Securities to investors on terms determined by market and other conditions. Our Capital Securities may be sold for U.S. dollars or foreign currency. Principal of, and any premium or interest on, Capital Securities may be payable in U.S. dollars or foreign currency, as we specifically designate in the related prospectus supplement.

Any prospectus supplement we provide will include the name of and compensation to each dealer, underwriter or agent, if any, involved in the sale of the Capital Securities being offered and the managing underwriters for any Capital Securities sold to or through underwriters. Any underwriters, including managing underwriters, dealers or agents in the United States may include Deutsche Bank Securities Inc. or other affiliates of ours.

Branches We may act directly through our principal office in Frankfurt or through one of our branch offices, such as our London branch, our New York branch, or such other branch as specified in the applicable prospectus supplement.

Conflicts of Interest To the extent an offering of the Capital Securities will be distributed by Deutsche Bank Securities Inc. or any other U.S. broker-dealer affiliate of the Bank, each such offering of Capital Securities will be conducted in compliance with the requirements of Rule 5121 of the Financial Industry Regulatory Authority, Inc., or **FINRA**, regarding a FINRA member firm's distribution of securities of affiliates. In addition, most of the members of our Management Board (*Vorstand*), our Supervisory Board (*Aufsichtsrat*), our senior management and the experts named herein are residents of Germany and jurisdictions other than the United States. As a result, it may not be possible for you to effect service of process within the United States upon these individuals or upon us or to enforce judgments obtained in U.S. courts based on the civil liability provisions of the U.S. securities laws against us in the United States. Awards of punitive damages in actions brought in the United States or elsewhere are generally not enforceable in Germany. In addition, actions brought in a German court against us or the members of our Management Board, Supervisory Board, our senior management and the experts named herein to enforce liabilities based on U.S. federal securities laws may be subject to certain restrictions; in particular, German courts generally do not award punitive damages. Litigation in Germany is also subject to rules of procedure that differ from the U.S. rules, including with respect to the taking and admissibility of evidence, the conduct of the proceedings and the allocation of costs. Proceedings in Germany would have to be conducted in the German language, and all documents submitted to the court would, in principle, have to be translated into German. For these reasons, it may be difficult for a U.S. investor to bring an original action in a German court predicated upon the civil liability provisions of the U.S. federal securities laws against us, the members of our Management Board, Supervisory Board, our senior management and the experts named in this prospectus. In addition, even if a judgment against our company, the non-U.S. members of our Management Board, Supervisory Board, senior management or the experts named in this prospectus based on the civil liability provisions of the U.S. federal securities laws is obtained, a U.S. investor may not be able to enforce it in U.S. or German courts.

DESCRIPTION OF CAPITAL SECURITIES

This section describes the general terms that will apply to any Capital Securities that may be offered pursuant to this prospectus by Deutsche Bank AG directly or through one of its branches. The specific terms of the offered Capital Securities, and the extent to which the general terms described in this section apply to Capital Securities, will be described in one or more related prospectus supplements at the time of the offer.

General

As used in this prospectus, the term **Capital Securities** means the subordinated capital securities that Deutsche Bank AG issues, directly or through one of its branches, and that the trustee authenticates and delivers under the capital securities indenture.

The Capital Securities (and, in the case of Capital Securities in bearer form, any coupons to these securities) will constitute our unsecured and subordinated obligations, ranking *pari passu* among themselves. In the event of our dissolution, liquidation, insolvency or composition, or other proceedings for the avoidance of insolvency of, or against, us, the obligations under the Capital Securities will be fully subordinated to:

the claims of our unsubordinated creditors,

the claims under our Tier 2 instruments (within the meaning of the CRR), and

the claims specified in Section 39 (1) nos. 1 to 5 of the German Insolvency Statute (*Insolvenzordnung*), so that in any such event no amounts will be payable in respect of the Capital Securities until the claims of such unsubordinated creditors, the claims under such Tier 2 instruments, and the claims specified in Section 39 (1) nos. 1 to 5 of the German Insolvency Statute have been satisfied in full. Subject to this subordination provision, we may satisfy our obligations under the Capital Securities also from our other distributable assets (*freies Vermögen*).

CRR means Regulation (EU) No 575/2013 of the European Parliament and the Council of 26 June 2013 on prudential requirements for credit institutions and investment firms and amending Regulation (EU) No 648/2012 (including any provisions of regulatory law supplementing this Regulation); to the extent that any provisions of the CRR are amended or replaced, the term CRR as used in the capital securities indenture and the Capital Securities also refer to such amended provisions or successor provisions.

The term **unsubordinated creditors** means the holders of any indebtedness or other payment obligation of ours that is not expressed to be subordinated by means of contractual agreement or as a matter of law.

Our payment obligations under the Capital Securities will rank *pari passu* with the claims against us under the support undertakings, subordinated guarantees and issuances listed in the applicable prospectus supplement.

Under the relevant resolution laws and regulations as applicable to us from time to time, the Capital Securities may be subject to the powers exercised by our competent resolution authority to:

write down, including write down to zero, the claims for payment of the principal amount, the interest amount or any other amount in respect of the Capital Securities;

convert the Capital Securities into ordinary shares or other instruments qualifying as core equity tier one capital; and/or

Edgar Filing: DEUTSCHE BANK AKTIENGESELLSCHAFT - Form POSASR

apply any other resolution measure, including, but not limited to, (i) any transfer of the Capital Securities to another entity, (ii) the amendment of the terms and conditions of the Capital Securities or (iii) the cancellation of the Capital Securities.

Table of Contents

We refer to each of these measures as a **Resolution Measure**. Resolution Measures include, among others, the measures generally referred to within the meaning of the bail-in tool under the European directive of May 15, 2014 establishing a framework for the recovery and resolution of credit institutions and investment firms. Each holder of the Capital Securities will be bound by any Resolution Measure. No holder of the Capital Securities will have any claim or other right against us arising out of any Resolution Measure. In particular, the imposition of any Resolution Measure will not constitute a default or an event of default under the Capital Securities, the capital securities indenture or the Trust Indenture Act of 1939, as amended, which we refer to as the **Trust Indenture Act**.

We may issue Capital Securities through our head office or through one of our branches. Deutsche Bank AG as a whole is responsible for the obligations of its branches. Where, however, Deutsche Bank AG is delayed in performing or is unable, whether in whole or in part, to perform the obligations of the branch that issued any Capital Securities through such branch due to any law, requirement or any other act of state or of any authority in the jurisdiction of such branch, investors may be unable to seek performance of such obligations through any of Deutsche Bank's other branches or offices (including its head office).

The Indenture

The Capital Securities offered pursuant to this prospectus will be issued, in one or more series under, and will be governed by, the base capital securities indenture among us, as issuer, The Bank of New York Mellon, as trustee, and Deutsche Bank Trust Company Americas, as paying agent, calculation agent, transfer agent and registrar and authenticating agent, and the supplements thereto. The capital securities indenture will be qualified under the Trust Indenture Act.

We refer to the trustee under the capital securities indenture, including any successor trustee, as the **trustee** with respect to that indenture and the Capital Securities issued under it. We refer to the capital securities indenture and the supplements thereto as the **indenture**.

We have summarized below the material provisions of the indenture and the Capital Securities, or indicated which material provisions will be described in the related prospectus supplement. These descriptions are only summaries and are qualified in their entirety by the indenture. The terms of the indenture will include both those stated in the indenture and those made part of the indenture by the Trust Indenture Act. The indenture and the supplements thereto will be included as exhibits to the registration statement of which this prospectus forms a part, and you should read the indenture for provisions that may be important to you.

We May Issue Different Series of Capital Securities

The indenture does not limit the amount of Capital Securities that may be issued. We may issue Capital Securities securities from time to time in one or more distinct series, at a price of 100% of their principal amount or at a premium or a discount. This section summarizes terms of the Capital Securities that apply generally to all series. The provisions of the indenture allow us not only to issue Capital Securities with terms different from those of Capital Securities previously issued under the indenture, but also to reopen a previously issued series of Capital Securities and issue additional Capital Securities of that series. The Capital Securities will not be secured by any property or assets of Deutsche Bank AG. We will describe many of the specific terms of the applicable series in the applicable prospectus supplement.

Qualification as Regulatory Capital

We may issue Capital Securities that have terms that enable them to qualify as our additional tier 1 capital, as defined and provided for in the bank regulatory capital provisions to which we are subject. We will include in prospectus supplements descriptions of the terms of any Capital Securities that we intend to qualify for inclusion in our regulatory capital.

Holders of these types of Capital Securities will receive payments of principal and/or interest (if any) that are determined by reference to the applicable underlying instrument or measurement. Such Capital Securities may provide either for cash settlement or for physical settlement by delivery of the applicable underlying property or other property of the type listed above. Such Capital Securities may also provide that the form of settlement may be determined at our option or at your option.

We may issue Capital Securities that are exchangeable, either mandatorily or at our or the holder's option, into securities of ours or entities that are or are not affiliated with us, a basket or baskets of those securities, other property, or any combination of, or the cash value of, such securities or other property.

Registration and Transfer of Capital Securities

Holders may present Capital Securities for exchange and transfer (except bearer securities) in the manner, at the places and subject to the restrictions stated in the Capital Securities and described in the applicable prospectus supplement. We will provide these services without charge except for any tax or other governmental charge payable in connection with these services and subject to any limitations or requirements provided in the indenture or the supplemental indenture thereto or issuer order under which that series of Capital Securities is issued.

Holders may transfer Capital Securities in bearer form and/or the related coupons, if any, by delivery to the transferee.

If any of the Capital Securities are held in global form, the procedures for transfer of interests in those securities will depend upon the procedures of the depository for those global securities. See Forms of Securities.

Impact of Significant Corporate Actions and Other Developments

Under German law, a surviving corporation in a merger or consolidation generally assumes the obligations of its predecessors. There are, however, no covenants in the indenture or other provisions designed to protect holders of the Capital Securities against a reduction in the creditworthiness of Deutsche Bank AG that would afford holders of Capital Securities additional protection in the event of a recapitalization transaction, a change of control of us, a merger or consolidation, a sale, lease or conveyance of all or substantially all of our assets or a highly leveraged transaction or any other transaction that might adversely affect holders of the Capital Securities.

It may be that Deutsche Bank AG will depend increasingly upon the earnings and cash flow of its subsidiaries to meet its obligations under the Capital Securities. Since the creditors of any of its subsidiaries would generally have a right to receive payment that is superior to Deutsche Bank AG's right to receive payment from the assets of that subsidiary, holders of Capital Securities will be effectively subordinated to creditors of Deutsche Bank AG's subsidiaries. In addition, there are various regulatory requirements applicable to some of Deutsche Bank AG's subsidiaries that limit their ability to pay dividends and make loans and advances to Deutsche Bank AG.

Table of Contents

Subordination of Capital Securities

The discussion of subordination in this section applies to each of our Capital Securities, directly or through one of its branches, issued under the indenture.

The Capital Securities will constitute our unsecured and subordinated obligations, ranking *pari passu* among themselves. Our payment obligations under the Capital Securities will rank *pari passu* with the claims against us under the support undertakings, subordinated guarantees and issuances listed in the applicable prospectus supplement.

The indenture provides that:

in the event of our dissolution, liquidation, insolvency, composition or other proceedings for the avoidance of insolvency of, or against, us, the obligations under the Capital Securities will be fully subordinated to (i) the claims of our unsubordinated creditors, (ii) the claims under our tier 2 instruments (within the meaning of the CRR), and (iii) the claims specified in Section 39 (1) nos. 1 to 5 of the German Insolvency Statute (*Insolvenzordnung*), so that in any such event no amounts will be payable in respect of the Capital Securities until (i) the claims of such of our unsubordinated creditors, (ii) the claims of under such tier 2 instruments and (iii) such claims specified in Section 39 (1) nos. 1 to 5 of the German Insolvency Statute have been satisfied in full;

the claims of a holder of Capital Securities may not be set off against any of our claims;

no security or guarantee of whatever kind is, or will at any time be, provided by us or any other person securing the rights of holders of Capital Securities under any series of the Capital Securities;

no subsequent agreement may limit the subordination provisions applicable to any series of Capital Securities or shorten the term of any series of Capital Securities other than pursuant to the terms thereof or any applicable notice period; and

any redemption of Capital Securities of any series (other than at their final maturity, if any Capital Security by its terms provides for a final maturity) shall be subject to receipt by the Bank of prior written approval of the German Federal Financial Supervisory Authority (*Bundesanstalt für Finanzdienstleistungsaufsicht*) or any other competent authority assuming the relevant supervisory functions performed by the German Federal Financial Supervisory Authority as of the date of the base capital securities indenture (together, the **Relevant Regulator**), if then required under applicable law, the regulations, requirements, guidelines and policies relating to capital adequacy adopted by bodies of the European Union or the Federal Republic of Germany or any other competent authority then in effect in the Federal Republic of Germany and applicable to us, other regulations or policies of the Relevant Regulator.

If we fail to make payment of principal of, interest on, or other amounts owing under any series of Capital Securities at such time as such payment is requested to be made pursuant to the terms of such series of Capital Securities, which we refer to as a **Non-Payment Event**, and such Non-Payment Event is continuing, the trustee and the holders of Capital Securities could take action against us, but they may not accelerate the maturity of the Capital Securities and would not receive any money until the claims of the senior indebtedness have been fully satisfied. Furthermore, if we become subject to German insolvency proceedings, the trustee and the holders of our Capital Securities will have no right to file a claim against us unless the competent insolvency court allows the filing of subordinated claims.

Table of Contents

No Defaults or Events of Default

There are no defaults or events of default under the indenture with respect to any series of the Capital Securities.

No Acceleration of Capital Securities.

The indenture provides that there is no right of acceleration in the case of any non-payment of principal of, interest on or other amounts owing under any series of Capital Securities or a failure by the Issuer to perform any other covenant under the Capital Securities or under the indenture. Under no circumstances may the holders or the trustee declare the principal amount of any series of the Capital Securities and interest accrued thereon to be due and payable.

No Negative Pledge. The indenture contains no restrictions preventing us from incurring additional debt.

Indemnification of Trustee for Actions Taken on Your Behalf. The indenture provides that the trustee shall not be liable with respect to any action taken or omitted to be taken by it in good faith in accordance with the direction of the holders of Capital Securities issued under the indenture relating to the time, method and place of conducting any proceeding for any remedy available to the trustee, or exercising any trust or power conferred upon the trustee. In addition, the indenture contains a provision entitling the trustee, subject to the duty of the trustee to act with the required standard of care during a Non-Payment Event, to be indemnified by the holders of Capital Securities issued under the indenture before proceeding to exercise any right or power at the request of holders. Subject to these provisions and some other limitations, the holders of a majority in aggregate principal amount of each affected series of outstanding Capital Securities, voting as one class, may direct the time, method and place of conducting any proceeding for any remedy available to the trustee, or exercising any trust or power conferred on the trustee.

Limitation on Actions by You as an Individual Holder. The indenture provides that no individual holder of Capital Securities may institute any action against us under the indenture, except (to the extent required by the Trust Indenture Act and subject to the subordination and other provisions of any Capital Securities) actions to receive payment of the principal of and interest on Capital Securities on or after the respective due dates expressly provided for pursuant to the terms of such Capital Securities, unless the following actions have occurred:

the holder must have previously given written notice to the trustee of the continuing Non-Payment Event;

the holders of not less than a majority in aggregate principal amount of the outstanding Capital Securities of each affected series, treated as one class, must have (1) requested the trustee to institute that action and (2) offered the trustee reasonable indemnity;

the trustee must have failed to institute that action within 60 days after receipt of the request referred to above; and

the holders of a majority in aggregate principal amount of the outstanding Capital Securities of each affected series, treated as one class, must not have given directions to the trustee inconsistent with those of the holders referred to above.

Distributions on Capital Securities may be paid only out of certain distributable items, and we may retain full discretion at all times to cancel distributions on Capital Securities qualifying as additional tier 1 capital for an unlimited period and on a non-cumulative basis, in particular if ordered by the competent authority to not make any such distributions. In addition, depending on the terms of the Capital Security, the principal of a Capital Security may be written down automatically or, by order of a competent authority, the Capital Securities may be converted, if a minimum regulatory capital threshold is triggered. In such cases, a holder of the Capital Securities would not be able to bring an action. Additionally, the provisions governing the Capital Securities will not give the holder the right to accelerate future scheduled payments of interest or principal.

Table of Contents

The indenture contains a covenant that we will file annually with the trustee a certificate of no non-compliance in the performance of any covenants or conditions contained in the indenture, or a certificate specifying any non-compliance that exists.

Discharge

We may discharge all of our obligations under the indenture, other than as to transfers and exchanges, after we have:

paid or caused to be paid the principal of and any interest or premium, if any, on all of the outstanding Capital Securities issued thereunder in accordance with their terms; or

delivered to the trustee for cancellation all of the outstanding Capital Securities issued thereunder.

Modification of the Indenture

Modification without Consent of Holders. We and the trustee may enter into supplemental indentures without the consent of the holders of Capital Securities issued under the indentures to:

evidence the assumption by a successor corporation of our obligations;

add covenants for the protection of the holders of Capital Securities;

cure any ambiguity or correct any inconsistency or manifest error;

to give effect to any variation to the terms of the Capital Securities as a result of any exercise of any Resolution Measure;

establish the forms or terms of Capital Securities of any series; or

evidence the acceptance of appointment by a successor trustee.

Modification Requiring Consent of Each Holder. We and the trustee may not make any of the following changes to any outstanding Capital Security without the consent of each holder that would be affected by such change:

if any Capital Security by its terms provides for a final maturity, change the final maturity thereof;

reduce the principal amount of such Capital Security in any manner not permitted pursuant to the terms of such Capital Security;

reduce the rate or change the time of payment of interest of such Capital Security in any manner not permitted pursuant to the terms of such Capital Security;

Edgar Filing: DEUTSCHE BANK AKTIENGESELLSCHAFT - Form POSASR

reduce any amount payable on redemption;

change the currency in which the principal, premium, or interest thereon is payable;

modify or amend the provisions for conversion of any currency into another currency;

alter the terms on which holders of the Capital Securities may convert or exchange Capital Securities for other securities of the Bank or of other entities or for other property or the cash value of thereof, other than in accordance with the antidilution provisions or other similar adjustment provisions included in the terms of the Capital Securities;

alter certain provisions of the indenture relating to Capital Securities not denominated in U.S. dollars;

modify the provisions of the indenture with respect to the subordination of the Capital Securities in a manner adverse to the holders;

reduce the percentage of Capital Securities the consent of whose holders is required for modification of the indenture; or

to the extent required by the Trust Indenture Act and subject to the subordination and other provisions of any Capital Securities, impair the right of any holder to institute actions to receive payment of the principal of and interest on Capital Securities on or after the respective due dates expressly provided for pursuant to the terms of such Capital Securities.

Modification with Consent of Holders of a Majority. We and the trustee may make any other change to the indenture and to the rights of the holders of the Capital Securities issued thereunder, if we obtain the consent of the holders of not less than a majority in aggregate principal amount of all affected series of outstanding Capital Securities issued thereunder, voting as one class.

Concerning Our Relationship with the Trustee

We and our subsidiaries maintain ordinary banking relationships and custodial facilities with the trustee and affiliates of the trustee.

Governing Law

The Capital Securities and the indenture will be governed by and construed in accordance with the laws of the State of New York, except for the subordination provisions thereof, which will be governed by German law.

Table of Contents

FORMS OF SECURITIES

Each security will be represented either by:

one or more global securities representing the entire issuance of securities, or

a certificate issued in definitive form to a particular investor.

Certificated securities in definitive form and global securities both may be issued either (1) in registered form, where our obligation runs to the holder of the security named on the face of the security or (2) in bearer form, where our obligation runs to the bearer of the security, subject to limitations to be described in the prospectus supplement relating to such security.

Legal Ownership

Global Securities. Global securities will name a depository or its nominee as the owner of the securities represented by these global securities (other than global bearer securities, which name the bearer as owner). Investors in global securities can own only beneficial interests in such securities. The depository maintains a computerized system that will reflect each investor's beneficial ownership of the securities through an account maintained by the investor with its broker/dealer, bank, trust company or other representative, as we explain more fully below under Global Securities.

Definitive Securities. Definitive securities will name you or your nominee as the owner of the security (other than definitive bearer securities, which will specify the bearer as owner). In order to transfer or exchange these securities or to receive payments other than interest or other interim payments, you or your nominee must physically deliver the securities to the trustee, registrar, paying agent or other agent, as applicable.

Our Obligations Are to Legal Owners Only. Our obligations, as well as the obligations of the trustee under the indenture, and the obligations, if any, of any other agents of ours or any agents of the trustee, run only to the persons or entities named as holders of the securities in the relevant security register, in the case of registered securities, or the persons or entities that are the bearers of those securities, in the case of bearer securities.

Neither we nor the trustee, any other agent of ours or agent of the trustee have obligations to investors who hold beneficial interests in global securities, in street name or by any other indirect means.

Upon making a payment or giving a notice to the holder or bearer as required by the terms of that security, we will have no further responsibility for that payment or notice even if that holder or bearer is required, under agreements with depository participants or customers or by law, to pass it along to the indirect owners of beneficial interests in that security but does not do so. Similarly, if we want to obtain the approval or consent of the holders or bearers of any securities for any purpose, we would seek the approval only from the holders or bearers, and not the indirect owners, of the relevant securities. Whether and how the holders or bearers contact the indirect owners would be governed by the agreements between such holders and bearers and the indirect owners.

Global Securities

Registered Global Securities. We may issue securities in the form of one or more fully registered global securities that will be deposited with a depository or its nominee identified in the applicable prospectus supplement and registered in the name of that depository or its nominee. In those cases, one or more registered global securities will be issued in a denomination or aggregate denominations equal to the portion of the aggregate principal, face amount or liquidation preference amount of the

Table of Contents

securities to be represented by registered global securities. Unless and until it is exchanged in whole for securities in definitive registered form, a registered global security may not be transferred except as a whole by and among the depository for the registered global security, the nominees of the depository or any successors of the depository or those nominees.

If not described below, any specific terms of the depository arrangement with respect to any securities to be represented by a registered global security will be described in the prospectus supplement relating to those securities. We anticipate that the following provisions will apply to all depository arrangements.

Ownership of beneficial interests in a registered global security will be limited to persons, called **participants**, who have accounts with the depository or persons who may hold interests through participants. Upon the issuance of a registered global security, the depository will credit, on its book-entry registration and transfer system, the participants' accounts with the respective principal or face amounts of the securities beneficially owned by the participants. Any dealers, underwriters or selling agents participating in the distribution of the securities will designate the accounts to be credited. Ownership of beneficial interests in a registered global security will be shown on, and the transfer of ownership interests will be effected only through, records maintained by the depository, with respect to interests of participants, and on the records of participants, with respect to interests of persons holding through participants. The laws of some states may require that some purchasers of securities take physical delivery of these securities in definitive form. These laws may impair your ability to own, transfer or pledge beneficial interests in registered global securities.

So long as the depository, or its nominee, is the registered owner of a registered global security, that depository or its nominee, as the case may be, will be considered the sole owner or holder of the securities represented by the registered global security for all purposes under the Articles of Association or indenture. Except as described below, owners of beneficial interests in a registered global security will not be entitled to have the securities represented by the registered global security registered in their names, will not receive or be entitled to receive physical delivery of the securities in definitive form and will not be considered the owners or holders of the securities under the Articles of Association or indenture. Accordingly, each person owning a beneficial interest in a registered global security must rely on the procedures of the depository for that registered global security and, if that person is not a participant, on the procedures of the participant through which the person owns its interest, to exercise any rights of a holder under the Articles of Association or indenture. We understand that under existing industry practices, if we request any action of holders or if an owner of a beneficial interest in a registered global security desires to give or take any action that a holder is entitled to give or take under the Articles of Association or indenture, the depository for the registered global security would authorize the participants holding the relevant beneficial interests to give or take that action, and the participants would authorize beneficial owners owning through them to give or take that action or would otherwise act upon the instructions of beneficial owners holding through them.

Payments of principal of, and premium (if any) and interest (if any) on, securities represented by a registered global security registered in the name of a depository or its nominee, will be made to the depository or its nominee, as the case may be, as the registered owner of the registered global security. None of the Bank, the trustee or any other agent of the Bank or agent of the trustee will have any responsibility or liability for any aspect of the records relating to payments made on account of beneficial ownership interests in the registered global security or for maintaining, supervising or reviewing any records relating to those beneficial ownership interests.

We expect that the depository for any of the securities represented by a registered global security, upon receipt of any payment of principal, premium, interest or other distribution to holders on that registered global security, will immediately credit participants' accounts in amounts proportionate to their respective beneficial interests in that registered global security as shown on the records of the

Table of Contents

depository. We also expect that payments by participants to owners of beneficial interests in a registered global security held through participants will be governed by standing customer instructions and customary practices, as is now the case with the securities held for the accounts of customers in bearer form or registered in street name, and will be the responsibility of those participants, not us.

Discontinuance of Any Depository. If the depository for any of these securities represented by a registered global security is at any time unwilling or unable to continue as depository or ceases to be a clearing agency registered under the Exchange Act, and a successor depository registered as a clearing agency under the Exchange Act is not appointed by us within 90 days, we will issue securities in definitive form in exchange for the registered global security that had been held by the depository. In addition, we may at any time request the withdrawal from the depository of any of the securities represented by one or more registered global securities. Upon receipt of such request, the depository will issue a notice to its participants of our request, and will process any withdrawal requests submitted by those participants in accordance with its procedures. If participants request withdrawal following our request, we will issue securities in definitive form in exchange for that portion of the registered global security or securities representing the securities held by participants requesting such withdrawal. Any securities issued in definitive form in exchange for a registered global security will be registered in the name or names that the depository gives to the trustee or other relevant agent of ours or the trustee. It is expected that the depository's instructions will be based upon directions received by the depository from participants with respect to ownership of beneficial interests in the registered global security that had been held by the depository.

Bearer Global Securities. The securities may also be issued in the form of one or more bearer global securities that will be deposited with a common depository for Euroclear Bank SA/NV, as operator of the Euroclear System, and Clearstream Banking, *société anonyme*, or with a nominee for the depository identified in the prospectus supplement relating to those securities. The specific terms and procedures, including the specific terms of the depository arrangement, with respect to any securities to be represented by a bearer global security will be described in the prospectus supplement relating to those securities.

PLAN OF DISTRIBUTION (CONFLICTS OF INTEREST)

We may sell the securities being offered by this prospectus in four ways: (1) directly, including through one or more of our branches, (2) through selling agents, (3) through underwriters and/or (4) through dealers. Any of these selling agents, underwriters or dealers in the United States or outside the United States may include affiliates of the Bank.

In some cases, we or dealers acting for us or on our behalf may also repurchase securities and reoffer them to the public by one or more of the methods described above.

In addition, we may issue the securities as a dividend or distribution or in a subscription rights offering to our existing security holders.

We may designate selling agents from time to time to solicit offers to purchase these securities. We will name any such agent, who may be deemed to be an underwriter as that term is defined in the Securities Act, and state any commissions or the possible range of commissions we are to pay to that agent in the applicable prospectus supplement. That agent will be acting on a reasonable efforts basis for the period of its appointment or, if indicated in the applicable prospectus supplement, on a firm commitment basis.

If we use any underwriters to offer and sell these securities, we will enter into an underwriting agreement with those underwriters when we and they determine the offering price of the securities, and we will include the names of the underwriters and the terms of the transaction in the applicable prospectus supplement.

If we use a dealer to offer and sell these securities, we will sell the securities to the dealer, who will purchase the securities as principal, and we will name the dealer in the applicable prospectus supplement. The dealer may then resell the securities to the public at varying prices to be determined by that dealer at the time of resale.

Our net proceeds will be the purchase price in the case of sales to a dealer, the public offering price less discount in the case of sales to an underwriter or the purchase price less commission in the case of sales through a selling agent in each case, less other expenses attributable to issuance and distribution.

In order to facilitate the offering of these securities, the underwriters may engage in transactions that stabilize, maintain or otherwise affect the price of these securities or any other securities the prices of which may be used to determine payments on these securities. Specifically, the underwriters may sell more securities than they are obligated to purchase in connection with the offering, creating a short position for their own accounts. A short sale is covered if the short position is no greater than the number or amount of securities available for purchase by the underwriters under any over-allotment option. The underwriters can close out a covered short sale by exercising the over-allotment option or purchasing these securities in the open market. In determining the source of securities to close out a covered short sale, the underwriters will consider, among other things, the open market price of these securities compared to the price available under the over-allotment option. The underwriters may also sell these securities or any other securities in excess of the over-allotment option, creating a naked short position. The underwriters must close out any naked short position by purchasing securities in the open market. A naked short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of these securities in the open market after pricing that could adversely affect investors who purchase in the offering. As an additional means of facilitating the offering, the underwriters may bid for, and purchase, these securities or any other securities in the open market to stabilize the price of these securities or of any other securities. Finally, in any offering of the securities through a syndicate of underwriters, the underwriting syndicate may also reclaim selling concessions allowed to an underwriter or a dealer for distributing these securities in the offering, if the syndicate repurchases previously distributed securities to cover syndicate short positions or to stabilize the price of these securities. Any of these activities may raise or maintain the

Table of Contents

market price of these securities above independent market levels or prevent or retard a decline in the market price of these securities. The underwriters are not required to engage in these activities, and may end any of these activities at any time.

Selling agents, underwriters and dealers may be entitled under agreements with us to indemnification by us against some civil liabilities, including liabilities under the Securities Act, and may be customers of, engage in transactions with or perform services for the Bank in the ordinary course of business.

If so indicated in the prospectus supplement, we will authorize selling agents, underwriters or dealers to solicit offers by some purchasers to purchase securities from us at the public offering price stated in the prospectus supplement under delayed delivery contracts providing for payment and delivery on a specified date in the future. These contracts will be subject only to those conditions described in the prospectus supplement, and the prospectus supplement will state the commission payable for solicitation of these offers.

Conflicts of Interest. To the extent an offering of the securities will be distributed by Deutsche Bank Securities Inc. or any other U.S. broker-dealer affiliate of the Bank, each such offering of securities will be conducted in compliance with the requirements of Rule 5121 of the Financial Industry Regulatory Authority, Inc., or **FINRA**, regarding a FINRA member firm's distribution of securities of affiliates and related conflicts of interest. No underwriter, selling agent or dealer utilized in the offering of securities that is an affiliate of the Bank will confirm sales to accounts over which it exercises discretionary authority without the prior specific written approval of its customer.

Following the initial distribution of any of these securities, affiliates of the Bank may offer and sell these securities in the course of their businesses. Such affiliates may act as principals or agents in these transactions and may make any sales at varying prices related to prevailing market prices at the time of sale or otherwise. Such affiliates may also use this prospectus in connection with these transactions. None of our affiliates is obligated to make a market in any of these securities and may discontinue any market-making activities at any time without notice.

BENEFIT PLAN INVESTOR CONSIDERATIONS

The Bank and some of our affiliates may each be considered a party in interest within the meaning of ERISA, or a disqualified person within the meaning of the Internal Revenue Code with respect to many employee benefit plans and perhaps certain other types of arrangements, such as individual retirement accounts. Prohibited transactions within the meaning of ERISA or the Internal Revenue Code may arise, for example, if the securities are acquired by or with the assets of a pension or other plan with respect to which the Bank or any of its affiliates is a service provider, unless those securities are acquired pursuant to an exemption from the applicable prohibited transaction rules. The assets of a pension or other plan may include assets held in certain investment funds or in the general account of an insurance company that are deemed to be plan assets under ERISA and the Internal Revenue Code. In addition, other employee benefit plans and accounts (such as governmental plans or non-U.S. plans) not subject to ERISA or the Internal Revenue Code may nonetheless be subject to similar rules under other applicable laws or documents. **Any pension or other plan, or any person investing the assets of a pension or other plan, proposing to invest in the securities should read the Benefit Plan Investor Considerations set forth in the relevant prospectus or pricing supplement(s) applicable to the securities being purchased and should consult with legal counsel prior to investing in the securities.**

PART II

INFORMATION NOT REQUIRED IN PROSPECTUS

Indemnification of Directors and Officers

Deutsche Bank Aktiengesellschaft

Under German law, a corporation may indemnify its officers, and, under certain circumstances, German labor law requires a stock corporation to do so. However, a corporation may not, as a general matter, indemnify members of the Management Board or the Supervisory Board. A German stock corporation may, however, purchase directors' and officers' liability insurance. The insurance may be subject to any mandatory restrictions imposed by German law, including a deductible. In addition, German law permits a corporation to indemnify a member of the Management Board or the Supervisory Board for attorneys' fees incurred if such member is the successful party in a suit in a country, like the United States, where winning parties are required to bear their own costs, if German law would have required the losing party to pay the member's attorneys' fees had the suit been brought in Germany and for attorneys' fees incurred in connection with other proceedings.

Members of the Registrant's Supervisory Board and Management Board and officers of the Registrant are covered by customary liability insurance, including insurance against liabilities under the Securities Act.

Exhibits

Reference is made to the Exhibit Index included herewith which is incorporated herein by reference.

Undertakings

The undersigned Registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) to include any prospectus required by Section 10(a)(3) of the Securities Act;

(ii) to reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

(iii) to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that (i), (ii) and (iii) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the SEC by the Registrant pursuant to Section 13 or Section 15(d) of the Exchange Act that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each post-effective amendment shall be deemed to be a new registration statement relating to the securities offered in the post-effective amendment, and the offering of those securities at that time shall be deemed to be the initial bona fide offering thereof.

Table of Contents

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) To file a post-effective amendment to the registration statement to include any financial statements required by Item 8.A of Form 20-F at the start of any delayed offering or throughout a continuous offering. Financial statements and information otherwise required by Section 10(a)(3) of the Securities Act need not be furnished, provided that the Registrant includes in the prospectus, by means of a post-effective amendment, financial statements required pursuant to this paragraph and other information necessary to ensure that all other information in the prospectus is at least as current as the date of those financial statements. Notwithstanding the foregoing, a post-effective amendment need not be filed to include financial statements and information required by Section 10(a)(3) of the Securities Act or Item 8.A of Form 20-F if such financial statements and information are contained in periodic reports filed with or furnished to the Commission by the Registrant pursuant to Section 13 or Section 15(d) of the Exchange Act that are incorporated by reference in this registration statement.

(5) That, for the purpose of determining liability under the Securities Act to any purchaser:

(i) Each prospectus filed by the Registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5) or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii) or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof; provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(6) That, for the purpose of determining liability of the Registrant under the Securities Act to any purchaser in the initial distribution of the securities: The undersigned Registrant undertakes that in a primary offering of securities of the undersigned Registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned Registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned Registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned Registrant or used or referred to by the undersigned Registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned Registrant or its securities provided by or on behalf of the undersigned Registrant; and

Table of Contents

(iv) Any other communication that is an offer in the offering made by the undersigned Registrant to the purchaser.

(7) That, for purposes of determining any liability under the Securities Act, each filing of the Registrant's annual report pursuant to Section 13(a) or 15(d) of the Exchange Act (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Exchange Act) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(8) To file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of Section 310 of the Trust Indenture Act in accordance with the rules and regulations prescribed by the Commission under Section 305(b)(2) of the Trust Indenture Act.

(9) In the event that tradable subscription rights to subscribe for ordinary shares are offered to existing shareholders and any rights not taken by shareholders are reoffered to the public, to supplement the prospectus, after the expiration of the subscription period, to set forth the results of the subscription offer, the transactions by the underwriters during the subscription period, the amount of unsubscribed subscription rights to be purchased by the underwriters, and the terms of any subsequent reoffering thereof. If any public offering by the underwriters is to be made on terms differing from those set forth on the cover page of the prospectus, a post-effective amendment will be filed to set forth the terms of such offering.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions or otherwise, the Registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of their counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by them is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
