Item 9.01 Financial Statements and Exhibits

(b) Pro Forma Financial Information

The Company hereby files the following unaudited pro forma consolidated balance sheet of Hudson as of December 31, 2014 and the unaudited pro forma consolidated statements of operations of Hudson for the year ended December 31, 2014.

UNAUDITED PRO FORMA CONSOLIDATED FINANCIAL STATEMENTS OF HUDSON

During December 2014, January 2015 and April 2015, Hudson entered into the following transactions, which have been included in the accompanying unaudited pro forma consolidated financial statements as discussed more fully below.

First Financial Disposition

On December 29, 2014, the Operating Partnership and a wholly owned subsidiary of the Operating Partnership entered into a purchase and sale agreement with Douglas Emmett Management, LLC, pursuant to which Hudson agreed to sell its First Financial office property (*First Financial*) located in Encino, California for a purchase price of \$89.0 million (before certain credits, proration and closing costs). The sale closed on March 6, 2015. Hudson used the proceeds from the sale in a like-kind exchange pursuant to Section 1031 of the Internal Revenue Code of 1986 (*Section 1031 Exchange*) to defer some or all of the taxable gains on the transaction for federal and state income tax purposes, including by applying the proceeds to Hudson's purchase of the Target Properties (as defined and described below).

1455 Market Street Joint Venture

On January 7, 2015, the Operating Partnership transferred a 45% interest in Hudson 1455 Market, L.P., a wholly owned subsidiary and the sole common member of Hudson 1455 Market Street LLC, the owner of the 1455 Market Street office property located in San Francisco, California (the *1455 Market Street Joint Venture*), to CPP Investment Board Real Estate Holdings Inc., a wholly owned subsidiary of the Canada Pension Plan Investment Board, for a purchase price of \$219.2 million (before certain credits, proration and closing costs). Hudson used the proceeds from entering into the 1455 Market Street Joint Venture pursuant to a Section 1031 Exchange to defer some or all of the taxable gains resulting from the creation of the 1455 Market Street Joint Venture for federal and state income tax purposes, including by applying the proceeds to Hudson's purchase of the Target Properties.

Common Stock Offering

On January 20, 2015, Hudson completed an underwritten public offering (the Offering) of 12,650,000 shares of its common stock (including 1,650,000 shares of its common stock issued and sold pursuant to the exercise of the underwriters option to purchase additional shares in full) at a public offering price of \$31.75 per share, resulting in net proceeds of approximately \$385.2 million, after deducting the underwriting discount and estimated expenses payable by Hudson. Hudson used a portion of the net proceeds from the Offering to repay the outstanding balance on its unsecured revolving credit facility and applied the remainder of the net proceeds to the purchase of the Target Properties.

Target Properties Acquisition and Related Financing

On April 1, 2015, Hudson acquired a portfolio of office assets totaling approximately 8.2 million square feet and two development parcels in the San Francisco Peninsula and Silicon Valley (the Target Properties), from certain affiliates of The Blackstone Group L.P. (the Seller Parties). In consideration for the purchase and sale of the Target Properties, Hudson and the Operating Partnership delivered to the Seller Parties an aggregate cash payment of \$1.75 billion (before various credits) and equity consideration consisting of an aggregate of 8,626,311 shares of Hudson s common stock, par value \$0.01 per share and 54,848,480 common units of limited partnership interest in the Operating Partnership.

On March 31, 2015, the Operating Partnership entered into a Second Amended and Restated Credit Agreement, which amended and restated its existing \$300 million senior unsecured revolving credit facility (the Revolving Credit Facility), and \$150 million senior unsecured 5-year term loan facility (the 5-Year Term Loan Facility), to, among other things, extend the term of the revolving credit facility, increase the Revolving Credit Facility to \$400 million, increase the 5-Year Term Loan Facility to \$550 million, and add a \$350 million unsecured seven-year term loan facility (the 7-Year Term Loan Facility). For borrowings under the Revolving Credit Facility, the Operating Partnership may elect to pay interest at a rate equal to either LIBOR plus 115 basis points to 185 basis points per annum or a specified base rate plus 15 basis points to 85 basis points per annum, depending on the Operating Partnership's leverage ratio. For borrowings under the 5-Year Term Loan Facility, the Operating Partnership may elect to pay interest at a rate equal to either LIBOR plus 130 basis points to 220 basis points per annum or a specified base rate plus 30 basis points to 120 basis points per annum, depending on the Operating Partnership's leverage ratio. For borrowings under the 7-Year Term Loan Facility, the Operating Partnership may elect to pay interest at a rate equal to either LIBOR plus 160 basis points to 255 basis points per annum or a specified base rate plus 60 basis points to 155 basis points per annum, depending on the Operating Partnership's leverage ratio. On April 1, 2015, Hudson entered into interest rate contracts with respect to \$300 million of the 5-Year Term Loan Facility which, effective as of May 1, 2015, swaps one-month LIBOR to a fixed rate of 1.36% through the loan's maturity on April 1, 2020. Based on Hudson's current leverage ratio and the rate under these swaps, \$300 million of the 5-Year Term Loan Facility bears interest at a rate of 2.66% per annum commencing May 1, 2015. On April 1, 2015, Hudson also entered into interest rate contracts with respect to the 7-Year Term Loan Facility, which, effective as of May 1, 2015, swapped one-month LIBOR to a fixed rate of 1.61% through the loan's maturity on April 1, 2022. Based on Hudson's current leverage ratio and the rate under these swaps, this facility bears interest at a rate of 3.21% per annum, commencing May 1, 2015.

On March 31, 2015, the Operating Partnership also entered into a separate Term Loan Credit Agreement providing for a two-year \$550 million unsecured term loan credit facility (the 2-Year Term Loan Facility). For borrowings under the 2-Year Term Loan Facility, the Operating Partnership may elect to pay interest at a rate equal to either LIBOR plus 130 basis points to 220 basis points per annum or a specified base rate plus 30 basis points to 120 basis points per annum, depending on the Operating Partnership's leverage ratio.

Upon the closing of the acquisition of the Target Properties on April 1, 2015, the 5-Year Term Loan Facility, the 7-Year Term Loan Facility and the 2-Year Term Loan Facility were fully drawn. The \$350 million of borrowings under the 7-Year Term Loan Facility, \$400 million of incremental borrowings under the 5-Year Term Loan Facility and \$550 million of borrowings under the 2-Year Term Loan Facility were used to fund a portion of the acquisition of the Target Properties.

The unaudited consolidated pro forma financial statements have been adjusted to give effect to the disposition of First Financial, the formation of the 1455 Market Street Joint Venture, the Offering and the acquisition of the Target Properties and related financing and have been developed from and should be read in conjunction with the following:

the accompanying notes;

the historical audited combined statements of revenues and certain expenses and related notes of the Target Properties for the year ended December 31, 2014, included in the Current Report on Form 8-K of Hudson and the Operating Partnership filed on March 16, 2015; and

the historical audited consolidated financial statements and related notes of Hudson included in its Annual Report on Form 10-K for the year ended December 31, 2014.

Edgar Filing: Hudson Pacific Properties, Inc. - Form 8-K/A

The unaudited pro forma consolidated balance sheet of Hudson as of December 31, 2014 and unaudited pro forma consolidated statements of operations of Hudson for the year ended December 31, 2014 have been prepared as if the disposition of First Financial, the 1455 Market Street Joint Venture, the Offering and the acquisition of the Target Properties and related financing had occurred on December 31, 2014 for the pro forma consolidated balance sheet and as if the disposition of First Financial, the 1455 Market Street Joint Venture, the Offering and the acquisition of the Target Properties and related financing had occurred on January 1, 2014 for the pro forma consolidated statements of operations for the year ended December 31, 2014.

The preliminary purchase price allocation and related pro forma adjustments with respect to the acquisition of the Target Properties reflected in the unaudited pro forma consolidated financial statements are based on preliminary estimates and information that is currently available and are subject to change. The final purchase price allocation may be materially different than the preliminary purchase price allocation reflected in these unaudited pro forma consolidated financial statements.

In addition, certain of the Target Properties may be reassessed for property tax purposes after the consummation of the acquisition. Therefore, the amount of property taxes Hudson pays in the future may change from what the Seller Parties have paid in the past. Given the uncertainty of the amounts involved, any property tax changes have not been reflected in the unaudited pro forma consolidated financial statements.

Assumptions and estimates underlying the adjustments to the unaudited pro forma consolidated financial statements are described in the accompanying notes. These adjustments are based on available information and assumptions that Hudson's management considers reasonable. The pro forma consolidated financial statements do not purport to (1) represent Hudson's financial position that would have actually occurred had the disposition of First Financial, the formation of the 1455 Market Street Joint Venture, the Offering and the acquisition of the Target Properties and related financing occurred on December 31, 2014, (2) represent the results of Hudson's operations that would have actually occurred had the disposition of First Financial, the formation of the 1455 Market Street Joint Venture, the Offering and the acquisition of the Target Properties and related financing occurred on January 1, 2014 or (3) project Hudson's financial position or results of operations as of any future date or for any future period, as applicable.

The pro forma loss per share assumes the additional common stock issued in connection with the Offering (see Note D) had been outstanding for the entire year ended December 31, 2014.

(EE) Reflects the acquisition of the Target Properties for year ended December 31, 2014 as if the Target Properties were acquired on January 1, 2014. 	Year Ended December 31, 2014	Adjustments	Total

- (2) Reflects the amortization of the net amount of above- and below-market lease intangibles based on the preliminary purchase price allocation described in Note E.
- (3) Reflects the amortization of the net amount of above- and below-market ground lease intangibles based on the preliminary purchase price allocation described in Note E.

The pro forma adjustments further reflect the depreciation and amortization of the Target Properties investment in real estate, net and deferred leasing costs and lease intangibles, net of \$176,091 million for the year ended December 31, 2014 based on the purchase price allocation described in Note E.

- (FF) Reflects the impact on interest expense for the year ended December 31, 2014, assuming \$350 million of borrowings under the 7-Year Term Loan Facility, \$400 million of incremental borrowings under the 5-Year Term Loan Facility and \$550 million of borrowings under the 2-Year Term Loan Facility have been drawn for

the entire year. On April 1, 2015, Hudson entered into interest rate contracts with respect to \$300 million of the 5-Year Term Loan Facility which, effective as of May 1, 2015, swaps one-month LIBOR to a fixed rate of 1.36% through the loan's maturity on April 1, 2020. On April 1, 2015, Hudson also entered into interest rate contracts with respect to the 7-Year Term Loan Facility, which, effective as of May 1, 2015, swapped one-month LIBOR to a fixed rate of 1.61% through the loan's maturity on April 1, 2022. A 12.5 basis points, or 1/8th of 1.0%, increase (decrease) in the one-month LIBOR would increase (decrease) interest expense for the year by approximately \$1.0 million.

(GG) Hudson expects to incur additional general and administrative costs as a result of acquiring the Target Properties that will include, but are not limited to, incremental salaries and benefits, audit, tax and legal fees and other administrative costs. Hudson estimates that these costs will result in additional general and administrative expenses of approximately \$10 million per year. As Hudson has not yet entered into contracts with third-parties to provide the services included within this estimate, these expenses do not appear in the accompanying pro forma consolidated statements of operations.

(HH) Reflects the incremental impact on the pro forma consolidated results of operations for the year ended December 31, 2014 to allocate (income) loss to unitholders in the Operating Partnership as a result of the pro forma adjustments described in Notes BB, CC, EE and FF above. The allocation of income also assumes the additional common units issued in connection with the acquisition of the Target Properties (see Note E) had been outstanding for the entire period presented.

(II) Pro forma loss per share from continuing operations attributable to common stockholders' basic and diluted is calculated by dividing pro forma consolidated net loss allocable to common stockholders by the number of weighted average shares of common stock outstanding for the year ended December 31, 2014. The pro forma loss per share assumes the additional common stock issued in connection with the Offering (see Note D) and the acquisition of the Target Properties (see Note E) had been outstanding for the entire year ended December 31, 2014.
